If all the requested information is not available, I will accept whatever information requested that is available. As you know, FOIA requires agencies to release information unless it is specifically exempt from disclosure, and also requires agencies to release all reasonably segregable nonexempt portions of documents, i.e., to redact exempt portions of documents and release the rest. See 5 U.S.C. § 552(a)(8). In order to help to determine my status for the purposes of determining the applicability of any fees, you should know that I am affiliated with the University of Rochester, and this request is made for a scholarly purpose and not for a commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. Specifically, the requested data will be used in a research paper on the United States Federal bureaucracy. The paper aims to expand researchers' and the public's understanding of the politics affecting rulemaking. The paper will be available to the public after being published or be made available for free if I cannot find a proper peer reviewed journal that will publish the paper. I also include a telephone number at which I can be contacted during the hours of 9am - 10pm. Call 716-536-9767, if necessary, to discuss any aspect of my request. I can also be reached by email at tmolino2@ur.rochester.edu. Thank you for your prompt consideration of this request. 	Sedaghat, Jon	1/27/2023	Hi, I am hoping you can help me collect some information regarding the section 8 voucher based program in the County of Los Angeles. I would like to see a breakdown of the different zip codes in the County of Los Angeles with how many section 8 voucher households are in each zip code. If the information is possible to further breakdown with the exact addresses of the buildings the section 8 vouchers are located that would be great. For instance: (b)(6) 5 Section 8 voucher holder households. If you need further clarification on my request, please feel free to email me at (b)(6) or call my cell at (b)(6). Again, I am only inquiring on section 8 voucher holders. Not those residing in a project based section 8 building. Sedaghat, Jon	1/27/2023	<p>Hello, I made a similar request yesterday. However, this request is going to be for the City of Los Angeles (HACLA) section 8 vouchers and I am requesting a little more detailed information. I will pay whatever fee there is to get the info. If for some reason you cant give me all the information I am requesting, please give me whatever you can. For the City of Los Angeles - HACLA - Section 8 voucher based program. I would like to see a list of all the properties that these voucher holders are located. Ideally the information would include the property address, the number of section 8 bedroom vouchers that are housed in that property, along with the Owners Name and mailing address. I understand this is a huge amount of data, and this would involve a great amount of work. I am willing to pay whatever the cost: <u>may be</u>. If you have any questions or need further clarification on my request you can call me at (b)(6) or email me at (b)(6). Let me clarify a little bit more. I dont need any personal information on the section 8 voucher holders like their name or unit numbers. I simply need to know the property addresses in which they are located and how many voucher households or units with section 8 voucher based program are located in each property. For instance: (b)(6) Los Angeles, CA 90012 / 5 households with section 8 vouchers / property owner name: John Doe / Property owner mailing address: (b)(6) Los Angeles, CA 90046. I believe this request falls under the freedom of information act, and I would kindly request you send me these records. Thank you very much in advance. I called in to the FHA resource center on 2/3/23 reference number (b)(6). I want a transcript of this call with voice recording. The agents at FHA are claiming a fraudulent last name (h)(a) as given as my identification surname. At NO time was any last names other than Esquebel given. If the agent(s) manager at the reference center for FHA named Laura on 2/6/23 approx 6pm CST reference number (h)(a) or other employees tampered with the phone recording transposing my voice or someone impersonating me claiming I called in giving a different name other than my own. I want documentation or proof. The agent I spoke to on 2/3/23 asked me my name and had me spell my out my last name multiple times at NO time was any different Surnames given. FHA staff member Laura made me disclose the fraudulent name (b)(6) verbally before she would release what other names were being fraudulently listed on my account with FHA which was recorded on 2/6/23 by Laura at approximately before 6:00pm CST. That's the only time I EVER verbalized that last name (b)(6) (upon request) was to file a complaint about fraudulent misuse of my identity by FHA staff. Russell, James	2/9/2023	<p>I live in an HUD-approved 55-plus community. Concerns of its residents include (1) watching ambulances go in and out of the community; (2) going to medical appointments every 10 minutes; (3) worrying about not getting calls from grandchildren; (4) and fretting about all the government paperwork required of old people. That includes paperwork related to the HOPA housing exemption for 55-plus communities. I have read the requirements for the exemption, but I am wondering further what the legal picture is regarding this law. In other words, under Freedom of Information, if nothing else, can you summarize how many 55-plus communities are annually in violation of HOPA for not having the required 80% of age-confirming verification affidavits turned in, and how many communities annually have problems complying with the law requiring 80% of residents to be 55 or older? Finally, how many 55-plus communities are prosecuted for exemption violations? In other words, how big a problem are compliance issues for registered 55-plus communities? This may be stated in your statistics, but a narrative explanation would also help me understand the subject. I actually see no problem in our older community with regard to any violations, since most folks appear to be 75-plus, but getting an education regarding the HOPA issue, any problems, and related government enforcement responses, are important to know.</p>	23-FI-HQ-00673	3/17/2023	Other Reasons - No Records

Rosser, Dwayne	2/10/2023	We are trying to get a loan for our house that we have been living in for 9 years, but we are being told that we can not get a loan for the house if we cannot find the HUD PLATE. The siding that is on the house now is not the siding that was on the house when it was put here, so the people that had the house before we started to rent to own the house took the original siding and the HUD PLATE off and threw it away. Clinton, Richard	2/27/2023	We are requesting a funding proposal of the Section 202 program for the elderly, submitted by nonprofit Knoxville Leadership Foundation, who was the recipient of the grant, and Knoxville's Community Development Corporation (KCDC) and were awarded \$7.5 million grant for the redevelopment of the Austin Homes site that will include 50 units of supportive housing for seniors. We believe the city of Austin was also in on this project, since the Tennessee Housing Development Agency has awarded a \$900,000 grant to help build 153 housing units. We are requesting all narratives and application for this award submitted by them in FY2020. I apologize since I don't know all the exact details of this application or the award. Evans, Nancy	3/2/2023	<p>Per your request, I will outline below the documents I am looking for. First, I will explain my research began with a Public Document Request to the city of Bandon. Unfortunately, the city no longer has the documents in their Archives. History. After the Bandon community completed the Master Plan for Historic Bandon in September 1982, the city manager at that time [REDACTED] applied for a HUD grant and the Master Plan for Historic Bandon was the centerpiece for his application. It was intended the city of Bandon would use HUD funding and Urban Renewal Funding for the reconstruction of an area inside the city limits which had been destroyed by a tragic fire in 1936. This area had once been the center of all commerce in the city before the fire. It was thought the area was of historic significance and with the assistance of the Bandon Historical Society (working hand in hand with the city manager on both the Master Plan and the application to HUD) the application was made and approved by HUD. I have a copy of the Master Plan. I will forward a copy to you for reference only. You will see the great attention to every detail of this 100+ page plan. I can assure you with the support of HUD and the new resource of the Urban Renewal District, approved by HUD, the project was about 95% completed. Only a proposed large parking lot property was not purchased by the city, per the Master Plan. The 'revolving fund' used by private property owners is still in theory available to be used today. As far as I know, the city never officially included the project as the Urban Renewal District, which includes the city ability to tax the community, remains active. I believe the city of Bandon as recently as last year utilized the UR District property tax mechanism to fund a parking lot with EV chargers. As seen in meeting minutes of the Bandon City Council. As you have read in the email I have sent you earlier this morning from the National Archives it is likely most, if not all, the files may have been transferred to other locations for archiving. The local HUD office in Oregon should be aware where the files have been sent to. But they may have retained a basic file on site because the city of Bandon is still using the UR District associated with the original HUD grant. In order to complete my research, I am requesting copies of the following please: A copy of the original HUD grant application made by the city of Bandon A copy of the HUD approval of the application addressed to Ben McClain city manager All "Progress Reports" required by HUD...prepared by the city of Bandon A notice from HUD to the city of Bandon regarding the city winning an award from HUD for the successful completion of the first phase of the project for Historic Old Town Bandon In addition and possibly the most important documents that I need to find will be the Contracts, including any attachments, of the legal documents signed by both governmental entities (between HUD and the city of Bandon). In this contract will be the prescribed directions the city will have agreed to regarding the allowed uses for all grants and loans plus the method required for the city to use to officially end the use of the UR District property tax mechanism...if/when the city decided locally to alter in any way the HUD Approved Plan. It's possible but not likely the city of Bandon has notified the HUD regulators the city has altered the Approved Plan (which it has done in 2021). If the search does find these important documents I would also like a copy of</p>	3/27/2023	23-FI-ROX-00776	Denied in Full

Recuperero, James	3/14/2023	In March 2021 my wife and I expressed an interest in renting an apartment in a building that was in the process of being built at 525 Olive Street, San Diego, California. When we first inquired we asked about Affordable Housing, because we are semi-retired. We were told that Greystone would take care of making sure we were on the list for Affordable Housing. Months and months went by and we didn't hear anything. We kept in touch with them and every time we would inquire we would be told that the Affordable Housing was being managed by an outside agency and that as soon as they heard something we would be notified. We were never notified. Finally in August of 2022 we inquired again and apparently at that point, some one from Greystone got us on the list. We were notified that we were 86th on the list for 18 openings. We should have been first on the list because we thought that they had put us on the list back in early 2021. Regardless, apparently we have now moved up to 40th on the list, at least that is what it is showing. I am interested in seeing the documents from URBAN FUTURES BOND ADMINISTRATION, INC. to see what exactly happened that put us so far down on the list. Is there any way that documents from URBAN FUTURES can be made available to us that would show us the list, when people were put on the list, why we were not on the list and where we currently stand on the list? Attached is a copy of all of our correspondence with Greystone and Urban Futures. I also called Urban Futures once to inquire as to why we were so far down on the list and they could not provide me with ant information.	23-FI-RO9-00855	4/4/2023	Other Reasons - No Records

<p>Cole, Nancy</p>	<p>3/14/2023</p>	<p>I am requesting an opportunity to obtain copies of all correspondence, mail, email and text, between yourself, other HUD employees, ED NIHA Kolisha Kodron, and Chair, NIHA, Candace Devedittis pursuant to my inquiry regarding a lack of adherence to policy and protocol in NIHA's check signing activities. I also request, for a second time, the minutes and any related paperwork that documents the virtual conference held via Teams on 10Feb2023 to discuss my serious concerns about the practices used by the NIHA to sign checks. I am in possession of some of these documents but before proceeding further I want to be sure I have all of the pertinent information. The Connecticut Freedom of Information Act requires a response within four business days. If you are unable to comply with my request within that timeframe, please provide a date when I might expect copies of the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.</p>	<p>23-FI-R01-00860</p>	<p>3/27/2023</p>	<p>Granted in Full</p>

Tabb, Michael	3/16/2023	Hello, I am working on project that provides a wide range of service offered by each city, and of course HUD has quite a few. I am specifically for the database behind the search page at: <a href="https://www.hud.gov/findshelter">https://www.hud.gov/findshelter</a> I looked, but did not find it anywhere. If it is online to download please just point me there. However, if it is not I'd appreciate a copy of the database. This includes the information for the shelter section, food pantries, and clothing section. If possible, I'd prefer any returned files or links in .csv or .sql, but any format works. I appreciate you taking the time to look into this for me. If there is anything else I can provide please let me know, thanks -Michael Tabb (Date Range for Record Search: From 02/01/2023 To 03/09/2023)	23-FI-HQ-00882	-	-

(b)(6)	Parker, Melloney	3/27/2023	<p>(b)(6) submitted a current lease that I didn't sign. And I made CLHTF aware of this and sent documented proof that I haven't signed a lease because (b)(6) is not presented me with a lease. Clhtf rule is to not correspond with the tenant unless through a 3rd party. I can see on line the Clhtf website that (b)(6) is receiving quarterly subsidy without my current check stubs or me signing anything. Due to this program doing no correspondence with the tenant is allowing this landlord (b)(6) to commit this fraud. Can You Please Have Chicago low income housing trust send me a copy of the lease that (b)(6) submitted to Clhtf.
