

HUD Handbook 4000.1

FHA Single Family Housing Policy Handbook

FOR REFERENCE USE ONLY

This version of HUD Handbook 4000.1, FHA Single Family Housing Policy Handbook (Handbook 4000.1), shows Tracked Changes to text since the last publication, to show **all** changes including deleted text. The links in this version are not active. The page numbers from the transmittal letter from the official version on HUDCLIPS are approximate for this Tracked Changes version.

USER QUICK GUIDE

Below are some helpful tips for using HUD Handbook 4000.1, *FHA Single Family Housing Policy Handbook* (Handbook 4000.1):

1. Handbook 4000.1 is organized in the sequence of a life cycle of a mortgage.
2. Effective dates are shown at the end of heading titles, at the 4th level (e.g., I.A.1.a) in parentheses.
3. Yellow highlighted text indicates the most recent updates to Handbook 4000.1.
4. Capitalization of words in Handbook 4000.1 generally denotes terms that are defined in the Glossary.
5. Hyperlinks are included in Handbook 4000.1 for easy navigation to a referenced section. Hyperlinks are indicated by blue, underlined text. Users can jump to the hyperlinked reference by clicking on the text. To navigate back to the hyperlink last used, click ALT+←.
6. Use Ctrl+F to search on words or phrases.

FHA Single Family Housing Policy Handbook TABLE OF CONTENTS

I. DOING BUSINESS WITH FHA	1
A. FHA LENDERS AND MORTGAGEES (09/20/2021).....	1
1. Types of Program Approvals	1
a. Title I (05/09/2022)	1

APPENDIX 8.0 – FHA DEFECT TAXONOMY (01/15/2025).....	1884
APPENDIX 9.0 – ASSUMED LOAN PERIODS FOR COMPUTATIONS OF TOTAL ANNUAL LOAN COST RATES (04/29/2024)	1927

I. DOING BUSINESS WITH FHA

A. FHA LENDERS AND MORTGAGEES (09/20/2021)

The Doing Business with FHA section in this *FHA Single Family Housing Policy Handbook* (Handbook 4000.1) covers Federal Housing Administration (FHA) approval and eligibility requirements for both Title I Lenders and Title II Mortgagees, as well as other FHA program participants. The term “Mortgagee” is used throughout for all types of FHA approval (both Title II Mortgagees and Title I Lenders) and the term “Mortgage” is used for all products (both Title II Mortgages and Title I Loans), unless otherwise specified.

A Mortgagee must fully comply with all of the following approval and eligibility requirements in order to be approved by FHA to participate in the origination, underwriting, closing, endorsement, servicing, purchasing, holding, or selling of FHA-insured Title I Loans or Title II Mortgages at the time of approval and at all times after approval.

The requirements outlined below in subsections 1 through 9 apply to both Single Family (one- to four-units) and Multifamily Mortgagees. If there are any exceptions or program-specific requirements that differ from those set forth below, the exceptions or alternative program requirements are explicitly stated or hyperlinked to the appropriate guidance. Terms and acronyms used in this Handbook 4000.1 have their meanings defined in the [Glossary and Acronyms](#) and in the specific section of Handbook 4000.1 in which the definitions are located.

1. Types of Program Approvals

FHA approves Mortgagees separately for participation in the Title I and Title II programs. FHA approval is conveyed to a specific legal entity and cannot be shared with or extended to other entities, such as a parent or subsidiary, or any Affiliates of the Mortgagee.

a. Title I (05/09/2022)

i. Definition

A Title I Lender is a Lender that (a) holds a valid Title I Contract of Insurance and is approved by FHA to participate in the Title I program under the National Housing Act (12 U.S.C. § 1703 et seq.), or (b) is under suspension or holds a Title I Contract of Insurance that has been terminated or suspended but remains responsible for servicing or selling the Title I Loans that it holds and is authorized to file insurance claims on such Title I Loans.

Title I Contract of Insurance is the term applied to a Title I Lender’s authority to originate, underwrite, and insure Title I Loans. FHA’s approval as a Title I Lender constitutes the Title I Contract of Insurance between the Title I Lender and HUD.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
2. Types of Approved Mortgagees

ii. Standard

A Title I Lender may be approved to originate, underwrite, close, endorse, service, purchase, hold, or sell Loans under the Property Improvement program and/or the Manufactured Housing program. Unless otherwise specified, Title I Lenders must meet the same approval requirements and follow the same procedures as Title II Mortgagees.

The FHA Lender ID assigned to the Title I Lender by HUD at approval is used to identify the Title I Contract of Insurance in all insurance transactions. The Title I Lender's responsibility under the Title I Contract of Insurance will remain in force for all Title I Loans originated under the Title I Contract of Insurance for the entire term of the Title I Loans.

A lender whose Contract is terminated may continue to be approved as a Title I Lender, and it continues to be insured with respect to the Title I Loans it holds at the time of termination, but it cannot otherwise exercise the rights of an approved lender. The Title I Lender may no longer originate new Title I Loans but will remain responsible to perform all duties for Title I Loans held in accordance with the Title I Lender's Contract of Insurance with HUD. This includes servicing and paying premium charges when due. Claims may be filed for Title I Loans that were insured under the Contract of Insurance.

b. Title II (09/14/2015)

i. Definition

A Title II Mortgagee is a Mortgagee that has been approved to participate in Title II and/or Title XI programs under the National Housing Act (12 U.S.C. § 1707 et seq. and 12 U.S.C. § 1749aaa et seq.).

ii. Standard

A Title II Mortgagee may be approved to originate, underwrite, close, endorse, service, purchase, hold, or sell FHA Single Family insured Mortgages or multifamily Mortgages.

2. Types of Approved Mortgagees

FHA approves Mortgagees as one of the following four types: Supervised, Nonsupervised, Government, or Investing.

a. Supervised Mortgagee (03/14/2016)

i. Definitions

(A) Supervised Mortgagee

A Supervised Mortgagee is a financial institution that is a member of the Federal Reserve System or whose accounts are insured by the Federal Deposit Insurance

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
2. Types of Approved Mortgagees

Corporation (FDIC) or the National Credit Union Administration (NCUA) (collectively, “Federal Banking Agencies”).

(B) Large Supervised Mortgagee

A Large Supervised Mortgagee is a Supervised Mortgagee that has consolidated assets greater than or equal to the threshold for audited financial reporting established by the Federal Banking Agency with oversight of the Mortgagee. Thresholds are codified at [12 CFR §§ 363.1\(a\), 562.4\(b\)\(2\), and 715.4\(c\)](#), and are subject to change.

(C) Small Supervised Mortgagee

A Small Supervised Mortgagee is a Supervised Mortgagee that has consolidated assets below the threshold for audited financial reporting established by the Federal Banking Agency with oversight of the Mortgagee. Thresholds are codified at [12 CFR §§ 363.1\(a\), 562.4\(b\)\(2\), and 715.4\(c\)](#), and are subject to change.

ii. Standard

A Supervised Mortgagee must meet the general approval requirements set forth below.

iii. Activities Authorized

A Supervised Mortgagee may originate, underwrite, close, endorse, service, purchase, hold, or sell FHA-insured Mortgages.

b. Nonsupervised Mortgagee (03/14/2016)

i. Definition

A Nonsupervised Mortgagee is a lending institution that has as its principal activity the lending or investing of funds in real estate Mortgages, consumer installment notes or similar advances of credit, the purchase of consumer installment contracts, or from a directly related field. A directly related field is something directly related to the lending or investing of funds in real estate Mortgages, not simply actions relating to real estate in general.

ii. Standard

A Nonsupervised Mortgagee must meet the general approval requirements set forth below and:

- meet FHA’s [principal activity requirement](#) by deriving at least 50 percent of its gross revenue from:
 - its activities in lending or investing of funds in real estate Mortgages;
 - consumer installment notes or similar advances of credit;
 - the purchase of consumer installment contracts; or
 - a directly related field;

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

2. Types of Approved Mortgagees

- have an acceptable [Business Form](#);
- demonstrate [Creditworthiness](#); and
- have an acceptable [Funding Program](#).

iii. Activities Authorized

A Nonsupervised Mortgagee may originate, underwrite, close, endorse, service, purchase, hold, or sell FHA-insured Mortgages.

c. Government Mortgagee (06/20/2024)

i. Definitions

(A) Governmental Institutions

Governmental Institutions refer to federal, state, and municipal governmental agencies and Federal Reserve Banks.

(B) Government-Sponsored Enterprises

Government-Sponsored Enterprises (GSE) refer to Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation (FHLMC, or Freddie Mac), and the Federal National Mortgage Association (FNMA, or Fannie Mae).

ii. Standard

A Government Mortgagee must meet the general approval requirements set forth below.

iii. Activities Authorized

Governmental Institutions may originate, underwrite, close, endorse, service, purchase, hold, or sell FHA-insured Mortgages.

GSEs may purchase, service, hold, or sell FHA-insured Mortgages.

d. Investing Mortgagee (06/20/2024)

i. Definition

An Investing Mortgagee is an organization that invests funds under its own control and is not approved as a Supervised Mortgagee, a Nonsupervised Mortgagee, or a Government Mortgagee.

ii. Standard

An Investing Mortgagee must meet the general approval requirements set forth below and:

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

3. Application and Eligibility Requirements for Approval

- have staff capable of managing the Mortgagee's activities relating to its FHA-insured Mortgages;
- have an acceptable [Business Form](#);
- demonstrate [Creditworthiness](#); and
- have an acceptable [Funding Program](#).

iii. Activities Authorized

An Investing Mortgagee may purchase, hold, or sell FHA-insured Mortgages. An Investing Mortgagee may only [service](#) FHA-insured Mortgages if it receives prior approval.

iv. Activities Not Authorized

An Investing Mortgagee may not originate, underwrite, or close FHA-insured Mortgages in its own name or submit applications for FHA mortgage insurance.

3. Application and Eligibility Requirements for Approval

a. Title I and Title II Program Applications (09/14/2015)

An applicant for FHA approval may apply for Title I and Title II approval separately or in the same application.

b. Online Application (04/18/2023)

An applicant seeking FHA approval must submit an [online application](#) containing all information and documentation required to demonstrate eligibility for approval as provided in this section. Applicants must ensure that all information contained in and documentation submitted with the application is true, complete, and up to date as of the date of submission of the application.

i. Application Information

(A) Standard

The applicant must provide the following information as part of a completed application for FHA approval:

- general information (such as the [applicant name](#), date the applicant was established, Taxpayer Identification Number (TIN), Nationwide Mortgage Licensing System and Registry Unique Identifier (NMLS ID), etc.);
- contact information (the primary contact information for all inquiries related to the application);
- addresses (the geographic and mailing addresses for the applicant's home office);
- [Mortgage type](#) (the type of FHA Mortgagee approval being sought: Supervised, Nonsupervised, Government, or Investing);

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

3. Application and Eligibility Requirements for Approval

- Mortgagee function (the functions being sought: originate/underwrite, service, and/or hold);
- FHA program participation (the FHA program participation being sought: Title I, Title II Single Family, and/or Title II Multifamily);
- [Corporate Officers](#) (the names, titles, and Social Security Numbers (SSN) for all Corporate Officers who will be directly involved in managing, overseeing, or conducting FHA business and the designated [Officer in Charge](#)); and
- [Principal Owners](#) (the names, SSN or TIN, and percent ownership).

(B) Required Documentation

The applicant must submit all of the application information in the [online application](#).

ii. Application Documentation

(A) Standard

The applicant must provide supporting documentation to demonstrate that it is eligible for FHA approval.

(B) Required Documentation

The applicant must submit all eligibility documentation listed in the table below that is required for the type of approval being sought. This documentation must be submitted in the [online application](#).

Documents Required for Application	Supervised Mortgagee	Nonsupervised Mortgagee	Government Mortgagee	Investing Mortgagee	
				<i>Federally Regulated¹</i>	<i>Not Federally Regulated</i>
Business Formation Documents		✓			✓
Commercial Credit Report of Mortgagee		✓			✓
Credit Reports of Principal Owners and Corporate Officers		✓			✓

¹Federally regulated refers to an entity that is a member of the Federal Reserve System or whose accounts are insured by the FDIC or the NCUA.

²Only applicable to Investing Mortgagees applying for Servicing Authority.

iii. Certification of Compliance

(A) Standard

As part of its application, the applicant, through a Corporate Officer, must complete a series of [certification statements](#) that address the applicant's compliance with FHA requirements.

(B) Required Documentation

The certification statements must be completed in the [online application](#) by a Corporate Officer of the applicant who has been included in the list of Corporate Officers in the online application.

(C) Unable to Certify

If an applicant is unable to certify to any of the certification statements, the applicant must submit a detailed explanation in the [online application](#) for each certification that it is unable to complete. The document must:

- explain in detail the reason(s) why the applicant is unable to certify;
- be on the applicant's letterhead;
- be dated;
- be signed by the Corporate Officer who signs the application; and
- contain language certifying that, if approved, the applicant will comply with all FHA requirements.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
3. Application and Eligibility Requirements for Approval

(D) FHA Review

FHA will review the applicant's explanation for being unable to certify and communicate to the applicant any additional information or documentation needed to render a final decision regarding the applicant's ability to complete the application process.

iv. Application Fee

(A) Standard

The applicant must pay a non-refundable [application fee](#) when submitting an application for approval. Applicants applying for both Title I and Title II approval, whether simultaneously or separately, will only be assessed a single application fee.

(B) Exception

Applicants applying for approval as Government Mortgagees or applicants organized as nonprofits are not required to pay an application fee.

(C) Required Documentation

The application fee must be submitted as part of the [online application](#).

c. Eligibility Requirements (05/16/2024)

i. Business Form

(A) Standard

A Nonsupervised or Investing Mortgagee must be organized in one of the following acceptable business forms. A sole proprietorship is not an acceptable business form.

(1) Corporation

(a) Definition

A Corporation is an entity chartered in the United States or its territories.

(b) Standard

The corporation must be organized in accordance with federal and state laws regarding corporations and must provide for permanent succession.

(c) Required Documentation

The corporation must submit copies of its articles of incorporation and bylaws with its application.

(2) Limited Liability Company

(a) Definition

A Limited Liability Company (LLC) is organized under applicable state law which creates a legal entity with a combination of the legal and tax attributes of corporations and partnerships.

(b) Standard

The LLC must:

- consist of two or more members, unless its single member is a corporation or LLC consisting of two or more persons or members;
- ensure each natural person is of legal age as recognized by the state of incorporation at the time such natural person becomes a member;
- have a minimum term of existence of 10 years from the date of application; and
- provide for succession and continuance in the event of the withdrawal or death of a member.

(c) Required Documentation

The LLC must submit its Articles of Organization and operating agreement with its application. The Articles of Organization and operating agreement must contain language addressing the requirements listed in the FHA [LLC Standard](#) section above.

The application must include the names and TINs of all members.

(3) Series Limited Liability Company

(a) Definition

A Series LLC is a specific type of LLC that is composed of separate membership interests, which are divided into individual series.

(b) Standard

The Series LLC must comply with all requirements for approval of an LLC. The Series LLC must be organized in accordance with state law that does not conflict with FHA requirements.

The Series LLC's operating agreement must stipulate that:

- no series may participate in FHA programs unless the approved Mortgagee owns 100 percent of the membership interests in that series; and

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

3. Application and Eligibility Requirements for Approval

- the approved Mortgagee remains fully liable for the debts, liabilities, obligations and expenses of any and all series that participate in FHA programs.

(c) Required Documentation

The Series LLC must submit its Articles of Organization and operating agreement with its application.

The application must include the names and TINs of all series participating in FHA programs and of all members in the series participating in FHA programs.

(4) Partnership

(a) Definition

A Partnership is a for-profit business operation between two or more entities that share ownership and management responsibilities.

(b) Standard

The partnership must:

- be organized in accordance with relevant state law;
- have a term of existence that continues for a minimum term of 10 years from the date of application; and
- be structured to continue to exist even if a partner withdraws.

Each general partner must be a corporation or other chartered institution consisting of two or more individuals.

The partnership must designate a managing general partner, who:

- has as its principal activity the management of one or more partnerships, all of which are Mortgagees, lenders, or property improvement or Manufactured Housing loan lenders; and
- has exclusive authority to deal directly with the Secretary or its designee on behalf of each partnership.

(c) Required Documentation

The partnership must submit its partnership agreement. The partnership agreement must contain language addressing the requirements listed in the FHA [Partnership Standard](#) section above.

The partnership must submit the names and TINs of all general partners as well as the names and SSNs of all officers and directors of the managing general partner.

(5) Nonprofit

(a) Definition

A nonprofit is a charitable organization or corporation, civic league, social welfare organization, or local employee association organized for purposes other than profit.

(b) Standard

The nonprofit must be recognized as exempt from taxation by the Internal Revenue Service (IRS) under Internal Revenue Code (IRC) Section 501(a) as an entity described in Sections 501(c)(3) and (4).

A nonprofit organized as a [Corporation](#), [LLC](#), or [Partnership](#) must also comply with all requirements for the applicable business form.

(c) Required Documentation

The nonprofit must provide a copy of its IRS exemption letter. The nonprofit must submit all Business Formation Documents required of its business form.

(B) Required Documentation

The Mortgagee must submit its Business Formation Documents in the [online application](#).

ii. Mortgagee Name

(A) Definitions

(1) Institution Name

The Mortgagee's Institution Name is the legally registered corporate name associated with the Mortgagee's home office.

(2) "Doing Business As" Name

The "Doing Business As" (DBA) name is any registered name or alias that the Mortgagee has a legal right to use.

(B) Standard

The Mortgagee must use as its institution or DBA name the name shown on its Business Formation Documents or for which it has received approval from its state of formation. The Mortgagee is prohibited from using any restricted word in, or as part of, its institution or DBA name in a manner that would violate the Helping Families Save Their Homes Act of 2009 (Pub.L. 111–22) or 18 U.S.C. § 709, which places

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
3. Application and Eligibility Requirements for Approval

restrictions on “federal,” “government,” or “national” and related words, unless the Mortgagee is exempt from these statutory prohibitions.

The Mortgagee’s institution name and all DBA names used by a Mortgagee for conducting FHA business must be registered with FHA. The Mortgagee must use only those names that are registered with FHA in [Advertising](#) and promotional materials related to FHA programs.

(C) Required Documentation

A Nonsupervised or Investing Mortgagee must submit its Business Formation Documents. A Supervised Mortgagee must submit a copy of the state license or registration for its home office as verification of its institution name.

The Mortgagee must submit documentation from the state showing it is legally approved to use its institution name or DBA name, if the name differs from that shown on its Business Formation Documents.

iii. Office Facilities

(A) Definitions

(1) Home Office

The Mortgagee’s Home Office is the main office from which it manages its FHA business.

(2) Branch Offices

Branch Offices are all other offices from which a Mortgagee will conduct its FHA business.

(B) Standard

(1) Home Office

A Mortgagee must designate a headquarters or “home office” for its FHA business. A Mortgagee’s home office does not have to be its corporate office.

The Mortgagee’s home office must have a staff of at least two full-time employees. The Mortgagee may not rely on a shared receptionist to satisfy this full-time employee requirement.

A Mortgagee’s home office facility must:

- be located in a commercial space that is separate from any other entity (except for reception-type entrances or lobbies);

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

3. Application and Eligibility Requirements for Approval

- be clearly identified, including having a permanently affixed business sign and other means of identification commonly used by businesses, so that the general public and other businesses will know, at all times, exactly which entity is being represented and is conducting business; and
- display a [fair housing poster](#) if the Mortgagee deals with Borrowers and the general public.

Exception for Investing Mortgagee without Servicing Authority

In lieu of the staffing and facilities requirements, an Investing Mortgagee shall have officers or employees who are capable of managing its activities in purchasing, holding, and selling Title I Loans or Title II Mortgages.

(2) Branch Offices

Mortgagees may register any branch offices that will conduct FHA business in accordance with the requirements set forth in the [branch office](#) requirements. This includes any branches that will originate, underwrite, and/or service FHA-insured Mortgages.

The Mortgagee must ensure each registered branch office has at least one full-time employee. The Mortgagee may not rely on a shared receptionist or contractors to satisfy this full-time employee requirement.

The Mortgagee must display a [fair housing poster](#) in branch offices that deal with Borrowers and the general public.

(C) Required Documentation

FHA will verify compliance with the office facilities requirements through any onsite visits. The Mortgagee must maintain an up-to-date list of all offices meeting the standard.

iv. Ownership and Personnel

The Mortgagee must comply with the following requirements for its ownership and personnel.

(A) Principal Owners

(1) Definition

A Principal Owner is any individual or entity meeting the following thresholds or roles for the applicable business form:

Business Form	Principal Owners
Publicly Traded Corporation	10% or more ownership

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
3. Application and Eligibility Requirements for Approval

Business Form	Principal Owners
Private or Close Corporation	25% or more ownership
Limited Liability Company	All Members
Partnerships	All Partners

(2) Standard

The Mortgagee must ensure that none of its Principal Owners are suspended, debarred, or otherwise excluded from participation in FHA programs. See [Restricted Participation](#).

(3) Required Documentation

A Supervised, Nonsupervised, or Investing Mortgagee must identify all Principal Owners. The Mortgagee must submit this [information](#) in the online application.

(B) Personnel Requirements

(1) Corporate Officers

(a) Definitions

(i) Corporate Officers of Nonsupervised and Investing Mortgagees

A Corporate Officer is a natural person who serves as one of the following positions for a Nonsupervised or Investing Mortgagee:

- owner;
- President;
- Vice President in charge of managing or overseeing any aspect of the Mortgagee's FHA business;
- Chief Operating Officer (COO);
- Chief Financial Officer (CFO);
- Director;
- Corporate Secretary;
- Chief Executive Officer (CEO);
- General Counsel;
- Chairman of the Board;
- General Partner; or
- member or manager of an LLC.

(ii) Corporate Officers of Supervised and Government Mortgagees

A Corporate Officer is a natural person who serves as one of the following positions for a Supervised or Government Mortgagee:

- President;

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

3. Application and Eligibility Requirements for Approval

- Vice President in charge of managing or overseeing any aspect of the Mortgagee's FHA business;
- Chief Operating Officer (COO);
- Chief Financial Officer (CFO);
- Director;
- Corporate Secretary;
- Chief Executive Officer (CEO);
- General Counsel;
- Chairman of the Board;
- General Partner; or
- specifically designated staff member(s) of a Government Mortgagee.

(b) Standard

The Mortgagee must ensure that no Corporate Officers are suspended, debarred or otherwise excluded from participation in FHA programs. See [Restricted Participation](#).

The Mortgagee must ensure its Corporate Officers only represent a single Mortgagee, unless the following criteria are met:

- the entities represented have some or all of the same Corporate Officers or Principal Owners; and
- there is a clear and effective separation of the entities, and Borrowers know at all times exactly which entity is being represented and with whom they are conducting business.

(c) Required Documentation

The Mortgagee must identify all Corporate Officers listed above who will be directly involved in managing, overseeing, or conducting FHA business. The Mortgagee must submit all of this [information](#) in the online application.

A Nonsupervised, Government, or Investing Mortgagee must submit a current resume covering the most recent seven-year period for each of these Corporate Officers.

(2) Officer in Charge

(a) Definition

The Officer in Charge is the [Corporate Officer](#) designated to manage and direct the Mortgagee's FHA operations.

(b) Standard

The Mortgagee must designate as the Officer in Charge a full-time Corporate Officer who is exclusively employed by the Mortgagee and has at least three years of experience in the specific Mortgagee functions or activities that the Mortgagee is approved to perform, including:

- originating or servicing Single Family or multifamily Mortgages;
- investing funds in real estate Mortgages; or
- managing other individuals performing these services.

A Corporate Officer's experience in real estate sales or brokerage does not qualify.

(i) Exception for Officer in Charge of an Investing Mortgagee without Servicing Authority

An Officer in Charge of an Investing Mortgagee without servicing authority is not required to be exclusively employed by the Mortgagee.

(c) Required Documentation

The Mortgagee must designate the Officer in Charge and submit a current resume covering the most recent seven-year period detailing the individual's relevant experience in the online application.

(3) Employees

(a) Definition

Employees are individuals under the direct supervision and control of the Mortgagee.

(b) Standard

(i) Eligibility of Employees

The Mortgagee must not employ any individual who will participate in FHA transactions if the individual is suspended, debarred, under a Limited Denial of Participation (LDP), or otherwise excluded from participation in FHA programs. See [Restricted Participation](#).

(ii) Compensation

The Mortgagee must not compensate employees who perform underwriting or Quality Control (QC) activities on a commission basis.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
3. Application and Eligibility Requirements for Approval

The Mortgagee must report all employee compensation in accordance with IRS requirements.

(iii) Secure and Fair Enforcement for Mortgage Licensing Act of 2008 Compliance

The Mortgagee must ensure that it and its employees comply with the requirements of the Secure and Fair Enforcement for Mortgage Licensing Act of 2008 (SAFE Act) (12 U.S.C. § 1501 et seq.), including the licensing and registration of its employees in the [NMLS](#).

(iv) Conflicts of Interest

The Mortgagee's employees will be subject to FHA's [Conflicts of Interest](#) policy.

(v) Underwriters

The Mortgagee must ensure that its underwriters are not managed by and do not report to any individual who performs mortgage origination activities.

The Mortgagee must ensure that its underwriters:

- meet basic [eligibility requirements](#); and
- perform the underwriting function in a manner consistent with FHA guidelines.

(vi) HECM Originators

The Mortgagee and any other party that participates in the origination of a HECM transaction must not participate in, be associated with, or employ any party that participates in or is associated with any other financial or insurance activity, unless the Mortgagee demonstrates that it or any other party maintains firewalls and other safeguards designed to ensure that:

- individuals participating in the origination of the HECM must have no involvement with, or incentive to provide the Borrower with, any other financial or insurance product; and
- the Borrower must not be required, directly or indirectly, as a condition of obtaining a HECM, to purchase any other financial or insurance product.

(c) Required Documentation

The Mortgagee must certify that it meets these requirements in the online application.

v. Creditworthiness

(A) Definitions

(1) Institutional Creditworthiness

A Creditworthy Institution is a Mortgagee with a credit background for the seven-year period preceding the FHA Mortgagee approval application or the lifespan of the institution if less than seven years that:

- reflects no delinquent accounts or collections and no legal actions; or
- reflects legal actions that have been adequately resolved, and/or delinquent accounts or collections that have been adequately resolved or that have an acceptable explanation.

(2) Individual Creditworthiness

A Creditworthy Individual is a person whose credit background for the seven-year period preceding the FHA Mortgagee approval application or for the length of the individual's credit history if less than seven years:

- reflects no delinquent accounts or collections, and reflects no legal actions that would impair the individual's credit, such as a foreclosure action, judgment, lien, or bankruptcy; or
- reflects legal actions that have been adequately resolved, and/or delinquent accounts or collections that have been adequately resolved or that have an acceptable explanation.

(B) Standard

A Nonsupervised or Investing Mortgagee must demonstrate that it is a creditworthy institution, and that its Principal Owners and Corporate Officers are creditworthy individuals.

(C) Required Documentation

A Nonsupervised or Investing Mortgagee must submit the following credit reports.

(1) Report on Mortgagee

A Nonsupervised or Investing Mortgagee must submit a commercial credit report not more than 90 Days old with its application. The Mortgagee must provide written explanations for all negative items disclosed on the credit report.

(2) Reports on Principal Owners and Corporate Officers

A Nonsupervised or Investing Mortgagee must submit a personal credit report for each of its Principal Owners and Corporate Officers with its application. The

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
3. Application and Eligibility Requirements for Approval

personal credit report must be a Residential Mortgage Credit Report (RMCR) or a Tri-Merged Credit Report (TRMCR) not more than 90 Days old.

The Mortgagee must submit a written explanation from the relevant Principal Owner or Corporate Officer for any negative item disclosed on the credit report.

vi. State License or Registration

Supervised, Nonsupervised, and Investing Mortgagees must meet the following licensing requirements.

(A) Business License or Registration

(1) Standard

The Mortgagee must ensure that its home office and each branch office have all licenses, registrations, or approvals required for the types of Mortgagee functions or activities performed by such office for the jurisdiction in which that office is located.

A Mortgagee that has been refused a state license or been Sanctioned by any state in which it will originate FHA Mortgages must disclose the circumstances of the refusal or Sanction and the resolution to FHA.

(2) Required Documentation

The Mortgagee must submit a copy of its state license, registration or equivalent approval for the state in which the home office is located. The Mortgagee, through a Corporate Officer, must certify at application that it has not been refused a license or been sanctioned by any state in which it will originate FHA Mortgages.

If the Mortgagee has been subject to an action against its license, it is [Unable to Certify](#). It must follow the unable to certify procedures and must submit documentation concerning the action that shows the nature of the action and evidence of an acceptable resolution (such as reinstatement or subsequent approval of a license, payment of Sanctions or fines, or similar documentation).

(3) Exception for Mortgagees Exempt from State Licensing Requirements

If the Mortgagee is exempt from state licensing requirements, the Mortgagee must submit documentation of the applicable exemption.

(B) Personnel Licenses

(1) Standard

The Mortgagee must ensure that its Corporate Officers, employees, and [Affiliates](#) conducting FHA business for or on behalf of the Mortgagee have all state and federal licenses and registrations required for the Mortgagee functions or activities that such individuals or Affiliates will perform.

(2) Required Documentation

The Mortgagee must certify that it meets this requirement as part of the [online application](#).

vii. Financial Requirements

(A) Standard

Supervised, Nonsupervised, and Investing Mortgagees must meet the following adjusted net worth and liquidity requirements at all times.

(1) Adjusted Net Worth

The Mortgagee must compute its adjusted net worth in accordance with the [HUD OIG Handbook 2000.04, Consolidated Audit Guide for Audits of HUD Programs](#).

(a) Single Family Programs

The Mortgagee must have a minimum adjusted net worth of \$1,000,000 plus 1 percent of the total volume in excess of \$25,000,000 of FHA Single Family Mortgages originated, underwritten, serviced, and/or purchased during the prior fiscal year, up to a maximum required adjusted net worth of \$2,500,000 at all times.

(b) Multifamily Programs

(i) With Servicing

The Mortgagee must have a minimum adjusted net worth of \$1,000,000 plus an additional net worth of 1 percent of the total volume in excess of \$25,000,000 of FHA multifamily Mortgages originated, purchased, and/or serviced during the prior fiscal year, up to a maximum required net worth of \$2,500,000.

(ii) Without Servicing

The Mortgagee must have a minimum adjusted net worth of \$1,000,000 plus an additional net worth of one-half of 1 percent of the total volume in

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
3. Application and Eligibility Requirements for Approval

excess of \$25,000,000 of FHA multifamily Mortgages originated during the prior fiscal year, up to a maximum required net worth of \$2,500,000.

(c) Dual Participation

A Mortgagee approved to participate in both Single Family and multifamily programs must have a minimum adjusted net worth of \$1,000,000 plus an additional net worth of 1 percent of the total volume in excess of \$25,000,000 of the aggregate of FHA Single Family and multifamily Mortgages originated, underwritten, purchased, and/or serviced during the prior fiscal year, up to a maximum required net worth of \$2,500,000.

(2) Liquidity

Liquid assets must be computed in accordance with the [HUD OIG Handbook 2000.04, Consolidated Audit Guide for Audits of HUD Programs](#).

The Mortgagee must hold no less than 20 percent of its required adjusted net worth in liquid assets.

(B) Exception for Government Mortgagees

The adjusted net worth and liquidity requirements do not apply to Government Mortgagees. Government Mortgagees are not required to submit financial information to FHA.

(C) Required Documentation

Supervised, Nonsupervised, and Investing Mortgagees must submit the computation of adjusted net worth, along with the documentation described below.

(1) Small Supervised Mortgagees

A Small Supervised Mortgagee must submit a copy of its Unaudited Regulatory Report (i.e., report of condition and income, also known as the “call report,” which is submitted on the Federal Financial Institutions Examination Council Forms 031, *Consolidated Reports of Condition and Income for a Bank with Domestic and Foreign Offices*, and 041, *Consolidated Reports of Condition and Income for a Bank with Domestic Offices Only*; or a consolidated or fourth quarter NCUA call report, submitted on NCUA Form 5300 or 5310) signed by a Corporate Officer that aligns with its fiscal year end.

(2) Large Supervised, Nonsupervised, and Investing Mortgagees

(a) Audit of Financial Statements

The Mortgagee must submit financial statements reported in accordance with the [HUD OIG Handbook 2000.04, Consolidated Audit Guide for Audits of HUD Programs](#).

(b) Accounting and Auditing Standards

The Mortgagee must have prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) and had its audit performed in accordance with Generally Accepted Auditing Standards (GAAS).

(c) Audit Period Covered

A Mortgagee's audited financial statements must cover the most recent fiscal year. For companies operating for fewer than 12 months, the audited financial statements must cover all months of operation.

The end date of the audited financial statements must align with the applicant's fiscal year end period at the time of application. If the end date for the audited financial reports is more than six months old, the Mortgagee must also submit unaudited financial statements, signed by a Corporate Officer, for the most recent interim accounting period ending less than three months prior to submission of the application.

viii. Principal Activity of Nonsupervised Mortgagees

(A) Standard

A Nonsupervised Mortgagee must derive at least 50 percent of its gross revenue from its activities in lending or investing of funds in real estate Mortgages, consumer installment notes or similar advances of credit, the purchase of consumer installment contracts, or from a directly related field. A directly related field is something directly related to the lending or investing of funds in real estate Mortgages, not simply actions relating to real estate in general.

(B) Required Documentation

The Nonsupervised Mortgagee must submit [audited financial statements](#) that reflect the sources of its revenue.

ix. Funding Program

(A) Nonsupervised Mortgagees

(1) Standard

A Nonsupervised Mortgagee that originates FHA Mortgages must maintain a warehouse line of credit or other mortgage-funding program acceptable to FHA.

Title I Mortgagees must have a minimum \$500,000 warehouse line of credit or funding program.

Except for multifamily Mortgagees, Title II Mortgagees must have a minimum \$1,000,000 warehouse line of credit or funding program, and must ensure the funding program or warehouse line of credit is sufficient to fund the Mortgagee's average 60-Day origination operations. The Mortgagee's average 60-Day origination operations refer to loans closed and funded, and/or purchased by the Mortgagee during the Mortgagee's highest 60-Day period by mortgage amount over the past 12 months.

(2) Required Documentation

The Mortgagee must submit documentation that it either 1) has a line of credit issued directly to the Mortgagee; or 2) has an agreement with a financial institution. The documentation must ensure the funding program or warehouse line of credit is sufficient to fund the Mortgagee's average 60-Day origination operations.

(B) Investing Mortgagees

(1) Standard

An Investing Mortgagee must have available, or have arranged for, funds or a line of credit sufficient to support a projected investment of at least \$1,000,000 in property improvement, Manufactured Housing or real estate loans or Mortgages.

(2) Required Documentation

The Mortgagee must submit documentation that it either 1) has a line of credit issued directly to the Mortgagee; or 2) has an agreement to support the projected investment.

x. Fidelity Bond

(A) Standard

A Mortgagee must have fidelity bond coverage that meets the [minimum coverage amount](#) set by FHA. The Mortgagee must ensure that its fidelity bond coverage is in a

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
3. Application and Eligibility Requirements for Approval

form generally acceptable to one of the secondary mortgage market agencies, such as Freddie Mac, Fannie Mae, or the Government National Mortgage Association (GNMA, or Ginnie Mae).

A Government Mortgagee will meet this requirement if it maintains alternative insurance coverage that is approved by FHA and that ensures the faithful performance of the Mortgagee's responsibilities.

(B) Required Documentation

The Mortgagee must submit documentation evidencing that it has acceptable fidelity bond coverage.

xi. Errors and Omissions Insurance

(A) Standard

A Mortgagee must have errors and omissions insurance that meets the [minimum coverage amount](#) set by FHA. The Mortgagee must have errors and omissions insurance that is generally acceptable to one of the secondary market agencies, such as Freddie Mac, Fannie Mae, or Ginnie Mae.

A Government Mortgagee will meet this requirement if it maintains alternative insurance coverage that is approved by FHA and that ensures the faithful performance of the Mortgagee's responsibilities.

(B) Required Documentation

The Mortgagee must submit documentation evidencing that it has acceptable errors and omissions insurance.

xii. Quality Control Plan

(A) Standard

A Title II Mortgagee and Title I Lender that originates, underwrites, closes, endorses, or services FHA-insured Title II Mortgages or Title I Loans must have a QC Plan that meets FHA's requirements, as described in [Quality Control, Oversight, and Compliance](#). The Title II Mortgagee and Title I Lender must maintain and update its QC Plan as needed to ensure it is fully compliant with all applicable FHA requirements at all times.

(B) Required Documentation

The Mortgagee must submit a copy of its QC Plan.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
3. Application and Eligibility Requirements for Approval

The Title II Mortgagee and Title I Lender must maintain and update its QC Plan as needed to ensure it is fully compliant with all applicable FHA requirements at all times.

xiii. Unique Entity Identifier

All FHA-approved Mortgagees must register for, obtain, and maintain a Unique Entity Identifier (UEI) number at www.SAM.gov and the registration must result in a status of “Active Registration.”

To maintain an “Active Registration” in the SAM.gov database after the initial registration, the applicant is required to review and update its information in the SAM.gov database every 365 days to ensure it is current, accurate, and complete.

The UEI must be entered in the Lender Electronic Assessment Portal (LEAP) Institution Profile to demonstrate compliance. The “Core Data” in www.SAM.gov must match the TIN and institution name in the LEAP Institution Profile for the approved Mortgagee.

d. Processing of Applications (09/14/2015)

FHA will review all completed applications for approval to determine if the applicant complies with all eligibility requirements. If FHA requires additional documentation or clarifying information, FHA may request such additional information and provide the applicant with a deadline for response. If the applicant does not submit a completed application or provide the additional information requested by the specified deadline, FHA may deny approval on this basis.

e. Application Approval (09/14/2015)

If FHA approves the application, FHA will provide notice via email and U.S. mail. This notice will include the Mortgagee’s assigned FHA Lender Identification Number (FHA Lender ID), which must be used by the Mortgagee in all FHA computer systems and official correspondence with FHA.

f. Application Denial (03/14/2016)

If FHA denies the application, FHA will provide written notice to the applicant that includes an explanation of the reasons for the denial.

i. Appeal of Denial

The applicant may submit an appeal of the denial decision through the [online application](#) within 30 Days of the date of the denial.

If the denial is sustained, the applicant may submit a second appeal through the online application within 30 Days of the date the denial is sustained. If the denial of approval is

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
4. Branch Offices

sustained a second time, the applicant will be ineligible to apply for FHA approval for a period of 12 months.

ii. Reapplication

An applicant whose approval was denied may re-apply after a period of 12 months. The applicant will be required to pay an application fee at the time it submits its subsequent application for approval.

4. Branch Offices

a. Registration (03/19/2024)

The Mortgagee may register all [Branch Offices](#) in which it conducts FHA business, including originating, underwriting, and/or servicing FHA-insured Mortgages. The Mortgagee can register each branch office and pay [branch office registration fees](#) through [LEAP](#). A 10-digit FHA Lender ID will be assigned to each registered branch office.

The Mortgagee cannot register a new branch office within a HUD Field Office jurisdiction in which it has withdrawn a branch office in the last six months. The Mortgagee must instead make a request through [LEAP](#) to reassign the former office's 10-digit FHA Lender ID to the new branch and must pay the branch office registration fee.

b. Single Family Lending Area (03/19/2024)

i. Definition

An "Area Approved for Business" (AAFB) is the geographic area in which a Mortgagee's home or branch office is permitted to originate or underwrite FHA Mortgages. The AAFB is subdivided into HUD Field Office jurisdictions.

HUD Field Office jurisdictions can be verified on www.hud.gov/lenders under the Mortgage Origination tab.

ii. Standard

A Mortgagee's home office and all its registered branch offices will initially be granted a nationwide AAFB. The home office and each branch office may only exercise its authority to originate or underwrite FHA Mortgages in those states where the Mortgagee fully complies with state origination and/or underwriting licensing and approval requirements. A Mortgagee may conduct FHA business from branch offices that are not registered with HUD that fully comply with state origination and/or underwriting licensing and approval requirements.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
5. Supplemental Mortgagee Authorities

c. Managers (03/19/2024)

i. Definitions

(A) Branch Manager

A Branch Manager is an onsite manager for a registered branch office who manages one registered branch office.

(B) Regional Manager

A Regional Manager is a manager who oversees the operation of multiple registered branch offices.

ii. Standard

The Mortgagee must have a branch and/or regional manager to oversee each of its registered branch offices.

iii. Required Documentation

The Mortgagee must provide the full names and titles of its branch and regional managers, along with their contact information, for its registered branch offices in [LEAP](#).

d. Net Branching Prohibition (09/14/2015)

i. Standard

The Mortgagee must not engage an existing, legally separate mortgage company or broker to function as the Mortgagee's branch office or DBA name or to conduct FHA activities using the Mortgagee's FHA approval.

ii. Exception for Existing Leases

In cases where a Mortgagee acquires an existing office with the intent of operating it as a branch office, and the lease of the acquired office is not transferable to the Mortgagee, FHA will allow the Mortgagee to operate the acquired office as a branch office until the lease expires upon its own terms, so long as the Mortgagee can demonstrate that it has assumed financial liability for the payment of the lease. In such cases, the Mortgagee must document and maintain evidence that it has assumed financial liability for the payment of the lease and produce this documentation to FHA upon request.

5. Supplemental Mortgagee Authorities

After a Mortgagee is approved, the Mortgagee can apply for additional supplemental Mortgagee authorities in accordance with the following requirements.

a. Title II Direct Endorsement Authority (04/10/2025)

i. Scope of Authority

Approval to participate in FHA's Direct Endorsement Program permits a Mortgagee to underwrite Title II Single Family Mortgages without FHA's prior review and submit them directly for FHA insurance endorsement.

The Mortgagee must obtain separate Direct Endorsement approval for forward mortgage and Home Equity Conversion Mortgage (HECM) programs.

(A) Definitions

(1) Conditional Authority

Conditional Authority is the authority of a Mortgagee that has applied for and received basic FHA Mortgagee approval as a Supervised, Nonsupervised, or Government Mortgagee, and has not entered or completed the Test Case Phase.

(2) Test Case and Test Case Phase

Test Case refers to a Mortgage submitted to HUD by a Mortgagee during the Test Case Phase for Unconditional Direct Endorsement approval. These Mortgages must be processed per the Direct Endorsement eligibility requirements and reviewed by HUD for endorsement approval.

The Test Case Phase is when a Mortgagee with conditional authority is approved by an FHA Homeownership Center (HOC) to submit one or more Test Cases for FHA underwriting review.

(3) Unconditional Direct Endorsement Authority

Unconditional Direct Endorsement Authority permits a Mortgagee to underwrite and close Title II Single Family Mortgages prior to submitting them to FHA for FHA insurance endorsement.

(B) Standard

To obtain Unconditional Direct Endorsement authority, the Mortgagee must successfully complete the Test Case Phase, which permits FHA to evaluate the Mortgagee's qualifications, experience, and expertise to underwrite Mortgages that satisfy FHA requirements.

(C) Exception

Unconditional Direct Endorsement authority may be granted, without the need for the Test Case Phase, to the following categories of Mortgagees created by merger, acquisition, or reorganization:

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
5. Supplemental Mortgagee Authorities

- surviving FHA-approved Mortgagees; or
- new Mortgagees resulting in new FHA Lender IDs.

ii. Eligibility Requirements

A Mortgagee must meet the following requirements in order to apply for and participate in FHA's Direct Endorsement Program.

(A) Standard

(1) FHA Mortgagee Approval

A Mortgagee must have [FHA approval](#) as a Title II Supervised, Nonsupervised, or Government Mortgagee to be eligible to participate in the Direct Endorsement Program.

Mortgagees approved as Investing Mortgagees are not eligible to participate in the Direct Endorsement Program.

(2) Origination Experience

The Mortgagee must have:

- at least five years of experience in the origination of Single Family Mortgages; or
- a Principal Officer with at least five years of managerial experience in the origination of Single Family Mortgages. For the purposes of this Handbook 4000.1 a Principal Officer is the same as a Corporate Officer.

(3) Personnel Requirements

The Mortgagee must have a [Direct Endorsement \(DE\) underwriter](#) on its permanent staff.

(B) Exception for Certain Mortgagees Created by Merger, Acquisition, or Reorganization

Unconditional Direct Endorsement authority may be granted without the need for the Test Case Phase following a merger, acquisition, or reorganization, so long as the following criteria are met:

- Either or both institutions, of the surviving FHA-Approved Mortgagee or the FHA-Approved Mortgagee resulting in a new FHA Lender ID, were unconditionally Direct Endorsement-approved prior to the merger, acquisition, or reorganization.
- If both institutions are unconditionally Direct Endorsement-approved, then the management and staff of at least one of the Mortgagees involved with the Mortgagee's Unconditional Direct Endorsement authority prior to the merger, acquisition, or reorganization must continue to exercise those responsibilities

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
5. Supplemental Mortgage Authorities

for the new Mortgagee. If only one institution is unconditionally Direct Endorsement-approved, then the management and staff involved with that Mortgagee's Unconditional Direct Endorsement authority prior to the merger, acquisition, or reorganization must continue to exercise those responsibilities for the new Mortgagee.

- Both Mortgagees have claim and default rates at or below the 150 percent national compare ratio. If only one institution is unconditionally Direct Endorsement-approved, then only that Mortgagee's claim and default rate is to be considered.

iii. Application and Approval

(A) First-Time Applicants

(1) Application

(a) Request to Enter into the Test Case Phase

The Mortgagee must submit a written application for Unconditional Direct Endorsement authority to **FHA** ~~the Jurisdictional HOC for the state where the Mortgagee's home office is located~~ by emailing the required documentation to the FHA Resource Center at answers@hud.gov.

(b) Required Documentation

The Mortgagee's Direct Endorsement application must contain a letter signed by a Corporate Officer requesting entry into the Test Case Phase that contains the Mortgagee's home office 10-digit FHA Lender ID and all underwriters' names and the four-character FHA-assigned identification numbers issued to these underwriters.

(2) Notification and Entrance Conference

If the Mortgagee meets the requirements for conditional authority and submits the required documentation, the Mortgagee will receive a Test Case Phase approval letter from the HOC. The HOC will also provide reference materials and a list of the specific requirements that must be met for the Mortgagee to obtain Unconditional Direct Endorsement authority.

The Mortgagee must participate in an in-person or telephone entrance conference with the HOC before it will be eligible to submit Test Cases.

(3) Test Case Phase

The Mortgagee must submit Test Cases to FHA for review during the Test Case Phase. FHA will review these cases for compliance with FHA's origination, underwriting, and closing requirements.

(a) Case Binder Submission

Mortgagees who receive a Direct Endorsement Program Test Case approval letter from **FHA** HUD's HOC must submit all Test Case binders for review post-closing. The Mortgagee must submit all Test Case files ~~to the Jurisdictional HOC associated with the Mortgagee's home office~~ using the [FHA Catalyst: Case Binder Module](#). The Mortgagee must ensure that:

- all required certifications are executed; and
- a complete case file post-closing is submitted that includes all required origination, underwriting, and closing documents as specified in the [uniform case binder stacking order](#).

The HOC will perform a review for compliance with FHA underwriting and closing guidelines. Review results will be documented in accordance with the Title II Loan Reviews [Findings](#), and Mortgagees must respond to requests using the functions provided in the [Loan Review System \(LRS\)](#).

The HOC will issue either a *Firm Commitment* (approval) or Firm Reject (denial) via a Notice of Return (NOR). Once a *Firm Commitment* is issued, the HOC will process the case for endorsement. If a NOR is issued, the Mortgagee must make all necessary corrections and provide all required documentation to the HOC using the [LRS](#) before the Mortgage can be endorsed.

(b) Test Case Underwriting Report

Mortgagees who receive a Direct Endorsement Program Test Case approval letter from ~~HUD's HOC~~ **FHA** must review all Test Case results in the [LRS](#).

(c) Test Case Closing Documents

The Mortgagee must ensure that all required certifications are executed and included with each complete case binder that is submitted to the HOC for endorsement processing.

(4) Approval Decision

(a) Approval of Unconditional Direct Endorsement Authority

After the Mortgagee successfully completes the required Test Cases, FHA will grant the Mortgagee approval for Unconditional Direct Endorsement authority. The Mortgagee must receive a minimum of 15 *Firm Commitments* for forward mortgage authority or five *Firm Commitments* for HECM mortgage authority within a period of 12 consecutive months following the date of the Direct Endorsement Program Test Case approval letter in order to be granted Unconditional Direct Endorsement authority.

The Mortgagee will receive an approval letter and may then begin submitting Mortgages to FHA for endorsement without prior review by FHA.

(b) Denial of Unconditional Direct Endorsement Authority

The Mortgagee will be denied approval for Unconditional Direct Endorsement authority if, at any time during the Test Case Phase, FHA determines that the Mortgagee's submissions demonstrate a lack of knowledge of FHA requirements, or if FHA identifies unacceptable practices.

(i) Denial Decision

FHA will provide the Mortgagee with written notice of a denial of Unconditional Direct Endorsement authority that specifies the reason for the denial.

(ii) Denial Appeal

The Mortgagee may appeal this denial by requesting an informal conference. The Mortgagee must submit its appeal in writing to the HOC that processed the Test Cases. The HOC must receive the appeal within 30 Days of the date of the notice of denial.

(iii) Informal Conference

FHA will conduct an informal conference with the Mortgagee and its counsel, if any, no later than 60 Days from the date of the denial.

(iv) Determination

FHA will issue a determination in writing following the informal conference stating whether Unconditional Direct Endorsement authority is approved or denied.

(v) Appeal Following Informal Conference

The Mortgagee may appeal a denial following the informal conference by submitting a written request to the Deputy Assistant Secretary (DAS) for Single Family Housing, or their designee, within 30 Days of the date of the denial determination.

The Mortgagee is not entitled to any meeting or informal conference with the DAS or the designee. The Mortgagee will be notified in writing of the decision of the DAS or the designee. The decision of the DAS or the designee constitutes final agency action.

(c) Reapplication Following Denial

Any Mortgagee who is denied Unconditional Direct Endorsement authority will not be permitted to re-apply until it has:

- demonstrated appropriate remedial education or action;
- supplied evidence to support such action; and
- waited a minimum of 180 Days from the date of final agency action.

(B) Applications from Mortgagees Created by Merger, Acquisition, or Reorganization

(1) Standard

The Mortgagee must submit a written application for Unconditional Direct Endorsement authority to the [FHA Resource Center at answers@hud.gov](mailto:answers@hud.gov)
~~Jurisdictional HOC for the state where the Mortgagee's home office is located.~~

(2) Required Documentation

The Mortgagee's Direct Endorsement application must contain the following:

- a letter signed by a Corporate Officer requesting Unconditional Direct Endorsement authority that specifies:
 - the FHA-approved and non-approved entities involved in the merger, acquisition, or reorganization;
 - which entity is the surviving entity; and
 - the effective date of the merger, acquisition, or reorganization; and
- supporting documentation evidencing that the Mortgagee meets the exception criteria detailed above.

iv. Principal/Authorized Agent Relationship

(A) Definition

A Principal/Authorized Agent Relationship is one in which a Title II Mortgagee with Unconditional Direct Endorsement authority permits another Unconditional Direct Endorsement-approved Title II Mortgagee to underwrite Mortgages on its behalf.

(B) Standard

A Title II Mortgagee with Unconditional Direct Endorsement authority (acting as the "principal") can designate another Unconditional Direct Endorsement-approved Title II Mortgagee to act as its "authorized agent" for the purpose of underwriting Mortgages.

(1) Required Authorities

The authorized agent must have Unconditional Direct Endorsement authority to underwrite the type of Mortgage that is being underwritten. The Title II Mortgagees must be approved as follows.

For a forward Mortgage:

- the principal may have Unconditional Direct Endorsement authority for either forward Mortgages or HECM; and
- the authorized agent *must* have Unconditional Direct Endorsement authority for forward Mortgages.

For a HECM:

- the principal may have Unconditional Direct Endorsement authority for either forward Mortgages or HECM; and
- the authorized agent *must* have Unconditional Direct Endorsement authority for HECM.

(2) Process

The principal must originate the Mortgage and the authorized agent must underwrite the Mortgage. The Mortgage may close in either Title II Mortgagee's name, and either may submit the Mortgage for endorsement.

(C) Required Documentation

The relationship must be documented in [LEAP](#) by the authorized agent, and the principal's FHA Lender ID must be entered in the "Originator" field on the FHA case file and in [FHAC](#).

v. Sponsor/Sponsored Third-Party Originator Relationship

(A) Definition

A Sponsor/Sponsored Third-Party Originator (TPO) Relationship is one in which a Mortgagee (acting as the "sponsor") permits another entity to act as an originator and originate Mortgages on behalf of the Mortgagee.

(B) Standard

Only a Mortgagee with Direct Endorsement authority may use sponsored TPOs.

A Mortgagee must ensure its sponsored TPO meets all state license, registration, or equivalent approval requirements.

A Mortgagee is responsible for the actions of its sponsored TPOs under [24 CFR § 202.8\(a\)\(3\)](#).

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
5. Supplemental Mortgagee Authorities

A Mortgagee must ensure its sponsored TPO and the TPO's officers, partners, directors, principals, managers, supervisors, loan processors, and loan originators are not ineligible under [24 CFR § 202.5\(j\)](#).

A sponsored TPO is authorized to originate Mortgages for sale or transfer to a Mortgagee with Direct Endorsement authority. A Mortgagee must ensure its sponsored TPO does not close Mortgages in their own name.

(1) Exception for Mortgagees Acting as a Sponsored Third-Party Originator

A Mortgagee may permit its sponsored TPO to close Mortgages in their own name if the TPO is also a Mortgagee.

(C) Required Documentation

A Mortgagee with Unconditional Direct Endorsement authority must confirm registration of its sponsored TPO on the Sponsored Originator Maintenance screen in [FHAC](#). A Mortgagee must register its sponsored TPO on the Sponsored Originator Maintenance screen in [FHAC](#) if the sponsored TPO is not on the registry. The sponsored TPO's legal name and Employer Identification Number (EIN) must be included.

b. Title II Single Family Lender Insurance Authority (01/24/2022)

i. Scope of Authority

Approval to participate in FHA's Title II Single Family Lender Insurance Program permits a Mortgagee to endorse Mortgages for insurance with no prior review by FHA.

(A) Definitions

(1) Lender Insurance Authority

Lender Insurance (LI) Authority permits a Mortgagee with Title II Unconditional Direct Endorsement authority to endorse Single Family Mortgages for insurance without prior review by FHA.

(2) Lender Insurance Compare Ratio

The Lender Insurance (LI) Compare Ratio is the percentage of Mortgages underwritten by the Mortgagee that are in claim or default status compared with the percentage of Mortgages in claim or default status for all Mortgagees operating in the same state(s) over the preceding two-year period.

(B) Standard

To obtain Title II Single Family LI Authority, the Mortgagee must meet the eligibility requirements as stated below and successfully complete the application and approval processes.

ii. Eligibility Requirements

(A) Standard

To obtain LI approval, the Mortgagee must:

- be an FHA-approved Mortgagee with Unconditional Direct Endorsement authority; and
- have an LI Compare Ratio that is at or below 150 percent.

(1) Exception for New Mortgagees Created by Merger, Acquisition, or Reorganization Resulting in New FHA Lender Identification Number

If the Mortgagee lacks an LI Compare Ratio because it was recently created by a merger, acquisition, or reorganization that resulted in the issuance of a new FHA Lender ID, it must:

- have Unconditional Direct Endorsement authority;
- have had one or more Mortgagees with LI Authority at the time of the merger, acquisition, or reorganization, participate in the merger, acquisition, or reorganization;
- have had an acceptable LI Compare Ratio for all Mortgagees with LI Authority participating in the merger, acquisition, or reorganization, at the time of the merger, acquisition, or reorganization;
- have an LI Compare Ratio that is derived from aggregating the claims and defaults of all formerly FHA-approved Mortgagees participating in the merger, acquisition, or reorganization that is not more than 150 percent; and
- ensure that the management and staff who were involved with LI processing for the FHA-approved Mortgagee prior to the merger, acquisition, or reorganization will continue to exercise those responsibilities for the new Mortgagee.

iii. Application and Approval

(A) First-Time Applicants

(1) Standard

The Mortgagee must apply for LI Authority through [FHAC](#).

(2) Required Documentation

Before applying, the Mortgagee must make a written determination that it will participate in the LI Program. The Mortgagee's written determination to participate in the LI Program must be signed by a Principal Owner or Corporate Officer. The Mortgagee must retain a copy of such written determination and make it available to HUD upon request.

(3) Approval

[FHAC](#) will automatically approve or deny the Mortgagee's LI Authority based on the Mortgagee's Direct Endorsement approval status and LI Compare Ratio.

(B) Application from Mortgagee Created by Merger, Acquisition, or Reorganization Resulting in New FHA Lender Identification Number

(1) Standard

Mortgagees created through mergers, acquisitions, or reorganizations that are issued a new FHA Lender ID must apply for LI Authority through [LEAP](#).

(2) Required Documentation

The Mortgagee's application must contain the following:

- a copy of the Acknowledgment of Terms and Conditions for LI screen in [FHAC](#), printed and signed by a Corporate Officer;
- the name and contact information of the LI contact person and, at the discretion of the Mortgagee, the name and contact information for the back-up LI contact person;
- the name and FHA Lender ID of the new Mortgagee;
- the names and FHA Lender IDs of the Mortgagees participating in the merger, acquisition, or reorganization; and
- information identifying the management and staff experienced with LI processing employed by the new Mortgagee or transferring from a Mortgagee that previously held LI approval, and describing how the management and staff will continue to exercise LI responsibilities for the new Mortgagee.

(C) Reinstatement

A Mortgagee that voluntarily withdrew its LI Authority may apply for reinstatement.

(1) Standard

The Mortgagee must meet the LI [Eligibility Requirements](#).

(2) Required Documentation

The Mortgagee must apply for reinstatement of LI Authority by submitting a [Change Request](#) for Add Insurance Authority in [LEAP](#) and include the following:

- a copy of the *Acknowledgment of Terms and Conditions for LI* page from [FHAC](#), signed by a Corporate Officer;
- detailed description of the reason(s) the LI Authority was previously withdrawn;
- description of the corrective action taken, if necessary; and
- the name and contact information of the LI contact person and, at the discretion of the Mortgagee, the name and contact information for the back-up LI contact person.

iv. Post-approval Requirement

(A) Lender Insurance Contact Information

A Mortgagee approved for LI Authority must maintain the Mortgagee's LI contact information in the Lender Insurance Contact function in [FHAC](#).

c. Title I Programs (11/07/2023)

i. Title I Insurance Authority

(A) Sponsor/Sponsored Third-Party Originator Relationship

(1) Definition

A Sponsor/Sponsored Third-Party Originator (TPO) Relationship is one in which a Title I Lender (acting as the "sponsor") permits another entity to act as an originator and originate Title I-insured Direct Loans on behalf of the Lender.

(2) Standard

A Title I Lender may sponsor a TPO only in connection with the [Direct Loan](#) process.

The TPO may not be a [Title I Manufactured Home Dealer](#) or [Title I Property Improvement Dealer](#), who are subject to requirements for supervision and monitoring.

A Title I Lender must ensure its sponsored TPO meets all state license, registration, or equivalent approval requirements.

A Title I Lender must ensure its sponsored TPO and the TPO's officers, partners, directors, principals, managers, supervisors, loan processors, and loan originators are not ineligible under [24 CFR § 202.5\(j\)](#).

A sponsored TPO is authorized to originate Loans for sale or transfer to a Title I approved Lender. A Title I approved Lender must ensure its sponsored TPO does not close Loans in their own name.

Exception for Title I Lenders Acting as a Sponsored Third-Party Originator

A Title I Lender may permit its sponsored TPO to close Loans in their own name if the TPO is also a Title I Lender.

(3) Required Documentation

The Title I Lender reporting the Loan for insurance in FHAC must document the following information in the case binder:

- Employer Identification Number (EIN)
- Name of Sponsored TPO
- Loan Officer Name
- FHA Lender ID Number for TPO if also FHA Approved

(B) Direct Endorsement Authority for Property Improvement Loan

FHA's Direct Endorsement delegated authority does not apply to the Title I Property Improvement Loan program.

Lenders originate Property Improvement Loans, and underwrite, close and disburse before reporting the Loan for Title I case number assignment and insurance. HUD does not require the Lender to submit loan documents to HUD prior to or at the time of reporting the Loan. Lenders submit loan documents only for claim filing or any Post-Endorsement Technical Review (PETR).

(1) FHA Lender Approval

A Lender must have [FHA approval](#) as a Title I Supervised, Nonsupervised, or Government Lender to be eligible to participate in the Title I program.

(2) Underwriter Qualifications

(a) Standard

The underwriter must be a full-time employee of the Lender.

The underwriter must be a reliable and responsible professional who is skilled in loan evaluation and is able to demonstrate knowledge and experience regarding principles of retail installment sales and loan underwriting.

(b) Required Documentation

The Lender is not required to register the underwriter for Title I Property Improvement Loans.

(C) Direct Endorsement Authority for Manufactured Home Loan

(1) Scope of Authority

Approval to participate in FHA's Direct Endorsement Program permits a Lender to underwrite Title I Single Family Loans without FHA's prior review and submit them directly for FHA insurance endorsement.

(a) Definitions

(i) Conditional Direct Endorsement Authority

Conditional Direct Endorsement Authority is the authority of a Lender that has applied for and received basic FHA Lender approval as a Supervised, Nonsupervised, or Government Lender, and has not entered or completed the Test Case Phase.

(ii) Test Case Phase

The Test Case Phase is when a Lender must submit each case binder to HUD for a pre-closing review. If the Loan passes the review, HUD will issue permission to close the Loan. Once HUD determines that the Lender has sufficient competence, HUD will grant the Lender permission to close Loans without a pre-closing review. However, a minimum of 10 Loans must go through the pre-closing review process before HUD will waive the pre-closing review process.

(iii) Unconditional Direct Endorsement Authority

Unconditional Direct Endorsement Authority permits a Lender to underwrite and close Title I Loans prior to submitting them to FHA for FHA insurance endorsement.

(b) Standard

To obtain Unconditional Direct Endorsement authority, the Lender must successfully complete the Test Case Phase, which permits FHA to evaluate the Lender's qualifications, experience, and expertise to underwrite Loans that satisfy FHA requirements.

(2) FHA Lender Approval

A Lender must have [FHA approval](#) as a Title I Supervised, Nonsupervised, or Government Lender to be eligible to participate in the DE Program.

Lenders approved as [investing Lenders](#) are not eligible to participate in the DE Program.

(3) Underwriter Qualifications

(a) Standard

The underwriter must be a full-time employee of the Lender.

The underwriter must be a reliable and responsible professional who is skilled in loan evaluation and is able to demonstrate knowledge and experience regarding principles of retail installment sales and loan underwriting.

(b) Required Documentation

The Lender must register each underwriter in FHA Connection (FHAC). By registering the underwriter in FHAC, the Lender certifies that the underwriter meets the necessary qualifications to underwrite Title I Manufactured Home Loans.

(4) Exception for Certain Lenders Created by Merger, Acquisition, or Reorganization

Unconditional Direct Endorsement authority may be granted without the need for the Test Case Phase to surviving FHA-approved Lenders or to new Lenders resulting in new FHA Lender IDs, so long as the following criteria are met:

- either or both institutions were unconditionally Direct Endorsement-approved prior to the merger, acquisition, or reorganization; and
- if both institutions are unconditionally Direct Endorsement-approved, then the management and staff of at least one of the Lenders involved with the Lender's Unconditional Direct Endorsement authority prior to the merger, acquisition, or reorganization must continue to exercise those responsibilities for the new Lender. If only one institution is unconditionally Direct Endorsement-approved, then the management and staff involved with that Lender's Unconditional Direct Endorsement authority prior to the merger, acquisition, or reorganization must continue to exercise those responsibilities for the new Lender.

**(D) Application and Approval for Direct Endorsement Authority for
Manufactured Home Loans**

(1) First-Time Applicants

(a) Application

(i) Request to Enter into the Test Case Phase

The Lender must submit a written application for Unconditional Direct Endorsement authority to the Financial Operations Center ([FOC](#)), Attention: Premiums (Title I Insurance Processing) Branch. To be approved to participate in FHA's Title I Direct Endorsement Program, each Lender must satisfactorily underwrite sufficient pre-closing Test Cases, as prescribed by HUD.

(ii) Required Documentation

To apply for Direct Endorsement Title I authority, the Lender must submit a letter to the FOC requesting entry into the Test Case Phase. The letter must contain the Lender's home office address and 10-digit Lender ID and be signed by a Corporate Officer.

(b) Test Case Phase

The Lender must submit at least 10 Title I Test Cases to the FOC for review and final approval [before closing](#) and disbursing loan funds.

The Lender must submit loan documentation to the attention of MH Pre-Closing Review at the [FOC](#).

(c) Approval Decision

(i) Approval of Unconditional Direct Endorsement Authority

The FOC will review these cases for compliance with [origination and underwriting requirements](#) and issue a written approval or denial to the Lender.

The Lender may only close and submit for insurance endorsement any Loan that receives written approval.

HUD will approve the Lender for Unconditional Direct Endorsement when HUD determines that the Lender is consistently submitting Loans that satisfactorily meet Title I program requirements.

HUD will advise the Lender in writing when Unconditional Direct Endorsement approval is granted.

Direct Endorsement Processing

An Unconditional Direct Endorsement-approved Lender must continue to report each Loan to HUD by obtaining a Title I case number through FHAC. The Lender must also comply with HUD's post-closing requirements, including completing the insurance application and submitting the case binder for pre-endorsement review.

Approval Limitations

HUD may revoke a Lender's Unconditional Direct Endorsement approval, or limit the approval to certain types of Loans. (HUD may extend or revoke DE approval in whole or in part at any time.)

(ii) Denial of Unconditional Direct Endorsement Authority

The Lender will be denied approval for Unconditional Direct Endorsement authority if, at any time during the Test Case Phase, FHA determines that the Lender's submissions demonstrate a lack of knowledge of FHA requirements, or if FHA identifies unacceptable practices.

Denial Decision

FHA will provide the Lender with written notice of a denial of Unconditional Direct Endorsement authority that specifies the reason for the denial.

Denial Appeal

The Lender may appeal this denial by requesting an informal conference. The Lender must submit its appeal in writing to the FOC. The FOC must receive the appeal within 30 Days of the date of the notice of denial.

Informal Conference

FHA will conduct an informal conference with the Lender and its counsel, if any, no later than 60 Days from the date of the denial.

Determination

FHA will issue a determination in writing following the informal conference stating whether Unconditional Direct Endorsement authority is approved or denied. The decision after the conference constitutes final agency action.

(iii) Reapplication following Denial

Any Lender who is denied Unconditional Direct Endorsement authority will not be permitted to re-apply until it has:

- demonstrated appropriate remedial education or action;
- supplied evidence to support such action; and
- waited a minimum of 180 Days from the date of final agency action.

(2) Applications from Lenders Created by Merger, Acquisition, or Reorganization

(a) Standard

The Lender must submit a written application for Unconditional Direct Endorsement authority to the FOC.

(b) Required Documentation

The Lender's Direct Endorsement application must contain the following:

- a letter signed by a Corporate Officer requesting Unconditional Direct Endorsement authority that specifies:
 - the FHA-approved and non-approved entities involved in the merger, acquisition, or reorganization;
 - which entity is the surviving entity; and
 - the effective date of the merger, acquisition, or reorganization; and
- supporting documentation evidencing that the Lender meets the exception criteria detailed above.

d. Title II Multifamily Accelerated Processing Authority (04/18/2023)

Title II Multifamily Accelerated Processing (MAP) authority permits Mortgagees to underwrite and close multifamily Mortgages for FHA insurance with FHA's review prior to closing. The Office of Multifamily Housing grants this authority. Details on this authority are in the [Multifamily Accelerated Processing \(MAP\) Guide 4430.G](#), which is available in HUD's Client Information and Policy System ([HUDCLIPS](#)).

e. Title II Direct Endorsement Lender Condominium Project Review and Approval Process Authority (10/15/2019)

i. Scope of Authority

Approval to participate in the Direct Endorsement Lender Review and Approval Process (DELRAP) permits a Mortgagee to review and approve Condominium Projects and submit the Condominium Project for listing on FHA's Approved Condominium Project list.

(A) Definitions

(1) Conditional DELRAP Authority

Conditional DELRAP Authority refers to the authority of a Mortgagee that has provided notice to FHA of its intent to participate in DELRAP and requires the Mortgagee to submit all Condominium Project Approvals to FHA for review.

(2) DELRAP Test Case Phase

The DELRAP Test Case Phase refers to the time period in which a Mortgagee with Conditional DELRAP Authority is required to submit Condominium Project Approvals to FHA for review.

(3) Unconditional DELRAP Authority

Unconditional DELRAP Authority refers to the authority of a Mortgagee to approve Condominium Projects in accordance with HUD requirements and submit the Condominium Projects for listing on FHA's Approved Condominium Project list without any prior Condominium Project review by FHA.

(B) Standard

To obtain Unconditional DELRAP Authority, the Mortgagee must successfully complete the DELRAP Test Case Phase, which permits FHA to evaluate the Mortgagee's qualifications, experience, and expertise to review and approve Condominium Projects.

ii. Eligibility Requirements

(A) Standard

The Mortgagee must meet the following requirements to apply for and participate in FHA's DELRAP.

(1) FHA Title II Direct Endorsement Approval

A Mortgagee must have FHA approval as a Title II Unconditional Direct Endorsement Mortgagee.

(2) Mortgagee Experience

The Mortgagee must have originated not less than 10 FHA Mortgages in Condominium Projects approved by the Commissioner.

(3) Personnel Requirements

The Mortgagee must have at least one staff member with a minimum of one year of experience underwriting Mortgages on Condominium Units and/or reviewing Condominium Projects for FHA approval and must ensure that staff members participating in the approval of Condominium Projects either:

- meet the experience requirement; or
- are supervised by staff that meet the one-year experience requirement.

(4) Quality Control Plan

The Mortgagee must have a QC Plan that includes specific provisions related to DELRAP.

(B) Exception for Certain Mortgagees Created by Merger, Acquisition, or Reorganization

Unconditional DELRAP Authority may be granted without the need for the DELRAP Test Case Phase following a merger, acquisition, or reorganization, provided that the following criteria are met:

- The surviving FHA-approved Mortgagee or the FHA-approved Mortgagee resulting in a new FHA Lender ID was granted Unconditional DELRAP Authority prior to the merger, acquisition, or reorganization.
- If both institutions have Unconditional DELRAP Authority, then the management and staff of at least one of the Mortgagees involved with the Mortgagee's Unconditional DELRAP Authority prior to the merger, acquisition, or reorganization must continue to exercise those responsibilities for the new Mortgagee.
- If only one institution has Unconditional DELRAP Authority, then the management and staff involved with that Mortgagee's Unconditional DELRAP Authority prior to the merger, acquisition, or reorganization must continue to exercise those responsibilities for the new Mortgagee.

iii. Application and Approval

(A) First-Time Applicants

(1) Application

(a) Request to Enter DELRAP Test Case Phase

The Mortgagee must apply for Unconditional DELRAP Authority ~~to the Jurisdictional Homeownership Center (HOC) for the state where the Mortgagee's home office is located~~ by submitting a request to the FHA Resource Center at answers@hud.gov.

(b) Required Documentation

The Mortgagee must submit a letter signed by a Corporate Officer requesting entry into the DELRAP Test Case Phase that:

- specifies the Mortgagee's home office 10-digit FHA Lender ID; and
- certifies that the staff has met the [Eligibility Requirements](#) prior to Conditional or Unconditional DELRAP Authority being granted.

(2) Notification

If the Mortgagee meets the requirements for DELRAP authority and submits the required documentation, FHA will advise the Mortgagee in writing that they may proceed with submitting Condominium Project Test Cases for review.

(3) Test Case Process

Mortgagees with Conditional DELRAP Authority must review the Condominium Project in accordance with the [Condominium Project Approval](#) requirements to determine if the Condominium Project meets FHA approval requirements.

(4) Test Case Submission Requirements

The Mortgagee must submit all Test Cases to the ~~Jurisdictional HOC~~ [FHA Resource Center at answers@hud.gov](#). FHA will review these Test Cases for compliance with FHA's Condominium Project Approval requirements.

(5) Approval Decision

(a) Approval of Unconditional DELRAP Authority

The Mortgagee must satisfactorily complete a minimum of five DELRAP reviews with no more than one review being rated unacceptable. ~~The Jurisdictional HOC~~ [FHA](#) may require less than five DELRAP reviews and will consider previous experience. The Condominium Project Test Cases must be submitted within a period of 12 consecutive months following the date of application, or such other extended time as determined by ~~the HOC~~ [FHA](#), in order to be granted Unconditional DELRAP Authority. After the Mortgagee successfully completes the required Condominium Project Test Cases, the Mortgagee will be notified that they have been granted Unconditional DELRAP Authority.

(b) Denial of Unconditional DELRAP Authority

The Mortgagee will be denied approval for Unconditional DELRAP Authority if, at any time during the DELRAP Test Case Phase, FHA determines that the Mortgagee's submissions demonstrate a lack of knowledge of FHA requirements, or FHA identifies unacceptable practices.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
5. Supplemental Mortgage Authorities

(i) Denial Decision

FHA will provide the Mortgagee with notice of a denial of Unconditional DELRAP Authority that specifies the reason for the denial.

(ii) Denial Appeal

The applicant may submit an appeal of the denial decision to the ~~Jurisdictional HOC~~ **FHA Resource Center at answers@hud.gov with the following subject line: DELRAP Denial Appeal** within 30 Days of the date of the denial.

(iii) Informal Conference

If the denial is sustained, the applicant may submit a second appeal to the Office of Single Family Program Development **through the FHA Resource Center at answers@hud.gov**. The Director or designee will conduct an informal conference with the Mortgagee and its counsel, if any, no later than 60 Days from the date of ~~the HOC appeal denial~~ **FHA's initial denial of the appeal**.

(iv) Determination

FHA will issue a determination following the informal conference stating whether Unconditional DELRAP Authority is approved or denied.

(v) Reapplication following Denial

If Unconditional DELRAP Authority is denied, the applicant is ineligible to apply for DELRAP Authority for a period of 12 months after the date of the original denial decision or the date of the informal conference sustaining the denial decision.

(B) Applications from Mortgagees Created by Merger, Acquisition, or Reorganization

(1) Standard

The Mortgagee must apply for Unconditional DELRAP Authority ~~to the Jurisdictional HOC for the state where the Mortgagee's home office is located by~~ **submitting a request to the FHA Resource Center at answers@hud.gov**.

(2) Required Documentation

The Mortgagee must submit a letter signed by a Corporate Officer requesting Unconditional DELRAP Authority that specifies:

- the FHA-approved and non-approved entities involved in the merger, acquisition, or reorganization;
- which entity is the surviving entity;
- the effective date of the merger, acquisition, or reorganization; and
- supporting documentation evidencing that the Mortgagee meets the exception criteria.

(C) Post-approval Requirement

(1) FHA Connection Authorization

A Mortgagee approved for Conditional DELRAP Authority or Unconditional DELRAP Authority must register and maintain all Mortgagee employees designated to review/approve Condominium Projects in the Condominium Reviewer Registry function in [FHAC](#).

6. Post-approval Operations

a. Operating Requirements and Restrictions (09/14/2015)

A Mortgagee must comply with the following operating requirements and restrictions for its FHA business operations in addition to continuing to operate in full compliance with the eligibility requirements outlined in this Handbook 4000.1.

b. Providing Information to FHA (05/09/2022)

Once approved, a Mortgagee must provide the following information to FHA using [LEAP](#). The Mortgagee has an obligation to keep the information up to date.

i. Addresses for Correspondence

The Mortgagee must provide the following office addresses:

- Mailing - address of home office
- Geographic - street address(es) where its home and branch offices are physically located
- Administrative - street address to which HUD administrative notices from the HOC Quality Assurance and Processing and Underwriting Divisions, Office of Lender Activities and Program Compliance, Mortgagee Review Board (MRB), Office of General Counsel (OGC), and Office of Inspector General (OIG) are sent, including requests and/or demands for indemnification
- Premium - address to which FHA insurance premium correspondence is sent
- Payee - address to which FHA claim correspondence is sent

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

6. Post-approval Operations

- Servicing - street address of the main servicing office
- [Computerized Homes Underwriting Management System \(CHUMS\)](#) - address to which FHA originating, underwriting, endorsing, and closing correspondence is sent
- Endorsement - address to which all FHA mortgage endorsement correspondence is sent, including the Mortgage Insurance Certificate (MIC)

ii. Point of Contact

The Mortgagee must provide a primary administrative contact and an associated email address. The administrative contact is the point of contact associated with the Mortgagee's administrative address and is the primary contact for all interaction between the Mortgagee and FHA. All HUD administrative notices from the HOC Quality Assurance and Processing and Underwriting Divisions, Office of Lender Activities and Program Compliance, MRB, OGC, and OIG will be sent to the administrative contact, including requests and/or demands for indemnification.

Point of contact information is optional for all other addresses listed above.

iii. All Other Contact and Identification Information

The Mortgagee must provide all other required contact and identification information requested in [LEAP](#), including phone, fax, email, and NMLS ID.

iv. Branch Office Information

For each registered branch office, the Mortgagee must provide the branch's address, phone number, email address, DBA name, and branch and regional managers.

v. Title II Mortgagee Principal/Authorized Agent Relationships

The Title II Mortgagee must identify its [principal/authorized agent relationships](#) in [LEAP](#).

vi. Sponsor/Sponsored Third-Party Originator Relationships

The Mortgagee must identify its sponsored TPOs on the Sponsored Originator Maintenance screen in [FHAC](#) if the sponsored TPO is not on the registry. The sponsored TPO's legal name and EIN must be included.

vii. Cash Flow and Electronic Funds Transfer Accounts

The Mortgagee must use the Cash Flow Account Setup function in [LEAP](#) to provide its bank account information for the following payment types:

- Title I, Single Family Upfront Premiums
- Title I, Single Family (Periodic) Annual Premiums
- Title II, Single Family Upfront Premiums

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
6. Post-approval Operations

- Title II, Single Family (Periodic) Monthly Premiums
- Title II, Single Family Claim Remittance Amounts

The Mortgagee must use the Electronic Funds Transfer (EFT) Account Setup function in LEAP to provide its bank account information for FHA Insurance benefits payments.

viii. Title II Mortgage Loan Review System Authorizations

The Title II Mortgagee must grant the Loan Review System (LRS) authorizations in [FHAC](#) to staff it deems qualified to perform the relevant function(s).

The Title II Mortgagee must grant the LRS Indemnification authorization to individuals authorized by the Title II Mortgagee to sign indemnification agreements.

c. Compliance with Law (09/14/2015)

The Mortgagee must ensure that its operations are compliant with all applicable federal, state, and local laws.

d. Servicing of FHA-Insured Title II Mortgages and Title I Loans (05/09/2022)

i. Title II Mortgages

The servicing of FHA-insured Title II Mortgages must be performed by an FHA-approved Mortgagee with [Title II program approval](#) and approval to service Title II Mortgages. FHA-approved Mortgagees that use a subservicer to service FHA-insured Title II Mortgages must ensure the subservicer is also approved by FHA to service FHA-insured Title II Mortgages. The servicing Title II Mortgagee is responsible for the actions of its subservicers.

ii. Title I Loans Held by Supervised, Nonsupervised, and Government Title I Lenders

An Agent is not required to be approved as a Title I Lender to service Title I Loans that are held by the Supervised, Nonsupervised, or Government Title I Lender. The Title I Lender holding the Title I Loans is responsible for ensuring the Loans are serviced by the agent in accordance with HUD/FHA requirements.

iii. Title I Loans Held by Title I Investing Lenders

A Title I Investing Lender may not directly service Title I Loans it holds except with the prior approval of the Department. All Title I Loans held by a Title I Investing Lender without servicing authority must be serviced or subserviced by a Title I Lender with a Title I Contract of Insurance and approval to service Title I Loans.

e. Employee Compensation (03/14/2016)

The Mortgagee must ensure its employees are compensated in accordance with the requirements for FHA approval.

f. Conflicts of Interest (12/15/2022)

This policy applies to all FHA-insured transactions unless otherwise specified in program requirements.

Participants that have a direct impact on the mortgage approval decision are prohibited from having multiple roles or sources of compensation, either directly or indirectly, from a single FHA-insured transaction. These participants are:

- underwriters
- Appraisers
- inspectors
- engineers

Indirect compensation includes any compensation resulting from the same FHA-insured transaction, other than for services performed in a direct role. Examples include, but are not limited to:

- compensation resulting from an ownership interest in any other business that is a party to the same FHA-insured transaction; or
- compensation earned by a spouse, domestic partner, or other Family Member that has a direct role in the same FHA-insured transaction.

The Mortgagee must ensure that participants with a direct impact on the mortgage approval decision do not have multiple roles or sources of compensation from the same FHA-insured transaction.

Participants that do not have a direct impact on the mortgage approval decision may have multiple roles and/or sources of compensation for services actually performed and permitted by HUD, provided that the FHA-insured transaction complies with all applicable federal, state, and local laws, rules, and requirements.

g. Payment of Operating Expenses (03/14/2016)

i. Definition

Operating Expenses are the costs associated with equipment, furniture, office rent, overhead, and employee compensation.

ii. Standard

The Mortgagee must pay all of its own operating expenses, including the expenses of its home office and any branch offices where it conducts FHA business.

The Mortgagee must maintain all accounts for operating expenses in its name.

h. Prohibited Payments (09/14/2015)

The Mortgagee, or any of the Mortgagee's employees, must not pay or receive, or permit any other party involved in an FHA-insured mortgage transaction to pay or receive, any fee, kickback, compensation or thing of value to any person or entity in connection with an FHA-insured mortgage transaction, except for services actually performed and permitted by HUD. The Mortgagee must not pay a referral fee to any person or entity. The Mortgagee is not permitted to:

- advance funds to a real estate agent, real estate broker, mortgage broker, or packager as an advance of anticipated commissions on sales to be financed with an FHA-insured Mortgage to be provided by the Mortgagee;
- make low interest or no interest Mortgages to a real estate broker, real estate agent, mortgage broker, packager, builder or any other party from whom the Mortgagee accepts proposals involving FHA-insured Mortgages; or
- pay a gratuity or make a Gift valued above items that are customarily distributed in the normal course of advertising, public relations, or as a general promotion device, to any person or entity involved in the Mortgagee's FHA-insured mortgage transactions.

i. Staffing (09/14/2015)

The Mortgagee must employ sufficient, experienced staff or engage, as permitted, the contract support necessary to carry out the Mortgagee's FHA business.

The Mortgagee is responsible for the actions of its staff that participate in FHA transactions. The Mortgagee must ensure that its Corporate Officers exercise control over the management and supervision of such staff, which must include regular and ongoing reviews of staff performance and of the work performed.

The Mortgagee is responsible for ensuring compliance with the licensing and registration requirements applicable to individual loan originators under the SAFE Act.

j. Use of Contractors (09/26/2022)

i. Permissible Use

The Mortgagee may use contract support for administrative, human resources, and clerical functions that include:

- clerical assistance;
- mortgage processing (typing of mortgage documents, mailing and collecting verification forms, ordering credit reports, and/or preparing for endorsement and shipping Mortgages to the Purchasing Mortgagee);
- ministerial tasks in mortgage servicing (processing of a foreclosure action, preservation and protection, and/or tax services);
- legal functions;

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

6. Post-approval Operations

- Third Party Verification;
- [Quality Control](#); and
- human resources services (payroll processing, payment of employment taxes and the provision of employee benefits) provided by a professional employer organization or a similar entity.

A Supervised, Nonsupervised, or Government Title I Lender may use an agent to service Title I Loans for which it is the holder.

Third Party Verification (TPV) refers to a process through which a Mortgagee may use a third party vendor to independently verify information in a loan application or otherwise required for loan approval. TPV can be used to verify employment, income, assets, credit, and occupancy.

ii. Impermissible Use

The Mortgagee may not contract with any entity or person that is suspended, debarred, under a Limited Denial of Participation (LDP), or who is otherwise excluded from participation in FHA transactions.

A Mortgagee must not contract out management or underwriting functions.

iii. Standard

The Mortgagee must ensure that the contracting out of certain functions does not and will not materially affect underwriting or servicing decisions or otherwise increase financial risk to FHA.

The Mortgagee remains responsible for the quality of its FHA-insured Mortgages and must ensure that its contractors fully comply with all applicable laws and FHA requirements.

The Mortgagee may own or have an ownership interest in a separate business entity that offers such contract services.

Employees covered by a contract for human resources services described above must remain under the direct supervision and control of the Mortgagee. FHA considers the Mortgagee, the employer with respect to all activities related to FHA business, and the Mortgagee retains full responsibility and legal liability for the actions of employees covered by a contract for human resources services with regard to all HUD regulations and requirements.

iv. Required Documentation

The Mortgagee and its contractor must have a valid contractual agreement in place that specifies the roles and responsibilities of each party.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
6. Post-approval Operations

k. Affiliates (09/14/2015)

i. Definition

Affiliates are contractors, agents, vendors, subservicers, and sponsored TPOs who participate in FHA programs on behalf of an FHA-approved Mortgagee.

ii. Standard

The Mortgagee must ensure that its Affiliates are eligible and properly trained to participate in FHA programs.

The Mortgagee must ensure that each Affiliate of the Mortgagee adheres to FHA requirements when performing activities related to that Mortgagee's FHA business.

l. Branch Office Requirements (09/14/2015)

All branch offices must meet FHA's [Staffing](#), [Office Facilities](#), and [operating requirements](#), and all applicable [licensing requirements](#).

m. Fair Housing Notice (09/14/2015)

The Mortgagee must prominently display a [fair housing poster](#) at each office that participates in activities related to Residential Real Estate-Related Transactions so as to be readily apparent to all persons seeking residential real estate or brokerage services. The Mortgagee must prominently display the [Equal Housing Opportunity logo](#) on documents, including both hard copy and electronic documents, distributed by the Mortgagee to the public.

n. Advertising (09/14/2015)

i. Definitions

(A) Advertising

Advertising is any communication made to an outside entity or individual that describes or calls attention to a Mortgagee's FHA products or services.

(B) Advertising Device

An Advertising Device is a channel or instrument used to solicit, promote, or advertise FHA products or programs. Advertising Devices are present in the entire range of electronic and print media utilized by Mortgagees, including, but not limited to, websites, website addresses, business names, aliases, DBA names, domain names, email addresses, direct mail advertisements, solicitations, promotional materials, and correspondence.

ii. Standard

(A) Advertising

A Mortgagee is solely responsible for the content of its advertising. This includes advertising abuses by employees of the approved Mortgagee, and any violations committed by employees of [Affiliates](#) or companies that advertise or generate FHA mortgage leads or other FHA business on behalf of the Mortgagee. The Mortgagee must ensure that all of its advertising communications and Advertising Devices, and the communications and Advertising Devices of its Affiliates, comply with all applicable state licensing and regulatory requirements.

(B) Advertising Device

A Mortgagee must not create the false impression that any of its Advertising Devices are official government forms, notices, or documents or that otherwise convey the false impression that an Advertising Device is authored, approved, or endorsed by HUD or FHA.

The Advertising Device must be written, formatted, and structured in a manner that clearly identifies the Mortgagee as the sole author and originator of the Advertising Device. The Advertising Device must reflect the Mortgagee's name, location, and appropriate contact information.

(1) HUD and FHA Names and Acronyms

The use of the words "federal," "government," "national," "U.S. Department of Housing and Urban Development," "Federal Housing Administration," and/or the letters "HUD" or "FHA," either alone or with other words or letters, by an FHA-approved Mortgagee, non-approved Mortgagee, or sponsored TPO in a manner that falsely represents that the Mortgagee's business services or products originate from HUD, FHA, the government of the United States, or any federal, state or local government agency is strictly prohibited.

(2) HUD and FHA Logos and Seals

Other than permissible use of the official FHA-Approved Lending Institution logo and the Equal Housing Opportunity logo, a Mortgagee must not use FHA or HUD logos or seals, any other official seal or logo of the U.S. Department of Housing and Urban Development, or any other insignia that imitates an official federal seal. No person, party, company, or firm, including FHA-approved Mortgagees, may use these logos or seals on any Advertising Device.

(a) FHA-Approved Lending Institution Logo User Restrictions

Only an FHA-approved Mortgagee may display the official FHA-Approved Lending Institution logo on an Advertising Device for the purpose of

illustrating to the public the fact that the Mortgagee originates FHA-insured mortgage products.

The Mortgagee must not permit its sponsored TPOs to use the official FHA-Approved Lending Institution logo on any Advertising Device; unless the sponsored TPO is also an FHA-approved Mortgagee.

(b) FHA-Approved Lending Institution Logo Content Restrictions

The FHA-Approved Lending Institution logo must be displayed in a discreet manner. The Advertising Device, when taken as a whole, must emphasize the institution or DBA name of the Mortgagee, and not the federal government.

When using the FHA-Approved Lending Institution logo on an Advertising Device, the Mortgagee must include a conspicuous disclaimer that clearly informs the public that the Mortgagee displaying the Advertising Device is not acting on behalf of or at the direction of HUD, FHA, or the federal government. The disclaimer must be prominently displayed in a location proximate to where the FHA-Approved Lending Institution logo is displayed on each Advertising Device.

The Mortgagee may not alter or modify the FHA-Approved Lending Institution logo in any way.

(3) Advertising Devices of Sponsored Third-Party Originators

Advertising Devices used by sponsored TPOs must reflect the sponsored TPO's name, location, and appropriate contact information.

Sponsored TPOs are prohibited from engaging in any activity or authoring or distributing any Advertising Device that falsely advertises, represents, or otherwise conveys the impression that the sponsored TPO's business operations, products, or services either originate from or are expressly endorsed by HUD, FHA, the government of the United States, or any federal, state or local government agency.

iii. Required Documentation

The Mortgagee must retain copies of any Advertising Device it produces that is related to FHA programs for a period of two years from the date that the Advertising Device is circulated or used for advertisement, educational, or promotional purposes. Copies of Advertising Devices related to FHA programs may be kept in either electronic or print format and are to be provided to HUD upon request.

7. Post-approval Changes

The Mortgagee has an ongoing requirement to notify FHA of any changes to the information outlined in its application for FHA approval or that affect the Mortgagee's compliance with any of FHA's eligibility requirements.

a. Requirements for All Post-approval Changes (09/14/2015)

i. Types of Notification

(A) Information Update

An Information Update is any change to a Mortgagee's basic institution or branch information in the FHA systems that can be directly managed by the Mortgagee.

(B) Notice of Material Event

A Notice of Material Event is the method of submitting a required notice to FHA of a change to the information provided by the Mortgagee at application as evidence of approval eligibility, or a change that affects the Mortgagee's standing as an FHA-approved Mortgagee.

(C) Change Request

A Change Request is the method of submitting information and/or business changes to FHA that requires FHA review and approval before acceptance. Any update or change that cannot be made by the Mortgagee directly is submitted as a Change Request.

ii. Standard

The Mortgagee must submit all Information Updates, Notices of Material Event, and Change Requests to FHA using [LEAP](#). All Information Updates, Notices of Material Event, and Change Requests must be submitted within 10 business days of the change, unless otherwise specified below.

Any change not specifically described in this Handbook 4000.1 that affects a Mortgagee's approval status or conduct of business with HUD must be reported to FHA with a detailed explanation and supporting documentation.

iii. Required Documentation

The Mortgagee must:

- include a cover letter signed by a Corporate Officer summarizing the business change(s); and
- submit any required documents as specified in [Application and Eligibility Requirements for Approval](#) or as described in the [LEAP User Manual](#).

b. Information Updates (01/29/2020)

The Mortgagee must submit Information Updates, as applicable, for the following information:

- addresses for correspondence;
- point of contact;
- all other contact and identification information;
- branch office information;
- principal/authorized agent relationships;
- cash flow accounts; and
- electronic funds transfer accounts.

c. Change in Corporate Officer (04/18/2023)

The Mortgagee must submit a Change Request to FHA when updating Corporate Officer information, including the following:

- a letter, signed by a Corporate Officer, that informs FHA of the change;
- a resume of the new Corporate Officer covering the last seven years; and
- a TRMCR (not applicable for supervised FHA-approved entities).

d. Change in Partnership or Principal Owners (09/14/2015)

The Mortgagee must submit a Notice of Material Event to FHA if it experiences a change in [Partnership](#) or [Principal Owners](#). This includes the addition or removal of partners or Principal Owners.

e. “Doing Business As” Names (09/14/2015)

The Mortgagee must submit Information Updates, as applicable, for all DBA names or aliases that the Mortgagee has a legal right to use. If the Mortgagee has six or more DBA names, the Mortgagee must submit a Change Request through [LEAP](#) to add additional names.

f. Relocation to a Different State (03/19/2024)

i. Home Office

If the Mortgagee is changing the geographic address of its home office to a different state, the Mortgagee must submit a Change Request to FHA through [LEAP](#).

ii. Branch Office

If the Mortgagee is changing the geographic address of a registered branch office to a different state, the Mortgagee must terminate the branch FHA Lender ID for the original office and [register](#) the new location as a new branch office.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
7. Post-approval Changes

Approved Mortgages that were approved before the branch office termination became effective may be endorsed. Cases at earlier stages of processing cannot be submitted for insurance by the terminated branch. However, the cases may be transferred for completion of processing and underwriting to another branch office or Mortgagee authorized to underwrite FHA-insured Mortgages in that area.

g. Liquid Assets or Net Worth Deficiency (09/14/2015)

If at any time a Mortgagee's adjusted net worth or liquidity falls below the required minimum, the Mortgagee must submit a Notice of Material Event to FHA within 30 business days of the deficiency. The Mortgagee must submit a Corrective Action Plan that outlines the steps taken to mitigate the deficiency and includes relevant information, such as contributions and efforts made to obtain additional capital.

h. Operating Loss (09/20/2021)

A Notice of Material Event must be submitted to FHA within 30 business days of the end of each fiscal quarter in which a Mortgagee experiences an operating loss of 20 percent or greater of its net worth.

Following the initial notification, the Mortgagee must submit [financial statements](#) every quarter until it shows an operating profit for two consecutive quarters, or until it submits its financial reports as part of its recertification, whichever period is longer.

i. Fidelity Bond (09/14/2015)

The Mortgagee must submit a Notice of Material Event to FHA of any significant change(s) to its fidelity bond coverage. If a Mortgagee loses its fidelity bond coverage it must obtain a new policy within 30 Days.

j. Errors and Omissions Insurance (09/14/2015)

The Mortgagee must submit a Notice of Material Event to FHA of any significant change(s) to its errors and omissions insurance. If a Mortgagee loses its errors and omissions insurance it must obtain a new policy within 30 Days.

k. Principal Activity Change of Nonsupervised Mortgagee (09/14/2015)

If a Nonsupervised Mortgagee's activities change such that it no longer meets the principal activity requirement, the Mortgagee must submit a Notice of Material Event to FHA and submit a Corrective Action Plan detailing the steps it will take to meet the principal activity requirement to maintain its eligibility.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
7. Post-approval Changes

l. Servicing (09/20/2021)

In order for a Mortgagee to service FHA-insured Mortgages after it has received FHA Mortgagee approval, a Mortgagee must submit a Change Request to FHA. With its Change Request, the Mortgagee must:

- designate an [Officer in Charge](#) who meets the experience requirements for the Mortgagee's servicing function;
- provide a [resume](#) for the Officer in Charge;
- provide a [credit report](#) for the Officer in Charge; and
- provide an updated [QC Plan](#).

FHA evaluates these requests on a case-by-case basis and reserves the right to request additional documents necessary to determine the Mortgagee's servicing capabilities.

m. Fiscal Year End Date (09/14/2015)

The Mortgagee must submit a Change Request to FHA in order to change its fiscal year end date.

Before approving the change, FHA may require the Mortgagee to submit interim financial reports to ensure the Mortgagee's next annual renewal financial reports cover no more than 18 months. Change Requests must be submitted at least 90 Days before the end of the Mortgagee's current fiscal year, as reported to FHA.

n. Supervision Change (09/14/2015)

If there is a change to a Supervised Mortgagee's supervising or regulatory agency, the Mortgagee must submit a Notice of Material Event to FHA and provide documentation of the change and the effective date.

o. Business Form (09/14/2015)

The Mortgagee must submit a Notice of Material Event to FHA if it reincorporates; changes its charter; changes the state where it is incorporated, organized or chartered; or completes any other equivalent business change.

i. Change Resulting in New Federal Taxpayer Identification Number

If a Mortgagee receives a different federal Taxpayer Identification Number (TIN) as a result of a business change, the Mortgagee must submit a new [application](#) for FHA Mortgagee approval.

FHA will issue a new FHA Lender ID to the Mortgagee upon approval. When the new FHA Lender ID is issued, the old FHA Lender ID will remain active for approximately 45 Days to allow for completion of processing of Mortgages in process under that identification number.

ii. Change Not Resulting in New Federal Taxpayer Identification Number

If the Mortgagee does not receive a new federal TIN as a result of a business change, then the Mortgagee must submit the following documents to FHA:

- a Notice of Material Event in the form of a letter signed by a Corporate Officer containing the following provisions:
 - providing a complete description of the business change;
 - confirming that there has been no change in the federal TIN or depositor insurance (in the case of a Supervised Mortgagee);
 - stipulating that the institution will continue to comply with all FHA approval and eligibility requirements; and
 - stipulating that the newly chartered entity will continue to be responsible for the assets and liabilities of the former entity, including any problems found subsequently by HUD in the origination or servicing of any Mortgages originated or serviced by the entity prior to the business change; and
- a copy of the Business Formation Documents.

p. Bankruptcy (09/14/2015)

i. Business

A Mortgagee that files a Chapter 7 bankruptcy petition must submit a Notice of Material Event to FHA.

A Mortgagee that files a bankruptcy petition under any other chapter of the United States Bankruptcy Code must submit a Notice of Material Event to FHA and submit with its notice, and quarterly thereafter, an internally prepared balance sheet and a statement of adjusted net worth for as long as the bankruptcy petition is active.

The Mortgagee must submit a Notice of Material Event to FHA of each change of status in the bankruptcy. FHA reserves the right to require the Mortgagee to submit additional information upon request in order to determine if the Mortgagee is eligible to maintain its FHA approval.

ii. Personal

The Mortgagee must submit a Notice of Material Event to FHA if any Corporate Officer or Principal Owner commences voluntary or involuntary bankruptcy. A current credit report for that Corporate Officer or Principal Owner must be submitted with the Notice of Material Event. FHA must be notified of each change of status in the bankruptcy proceedings.

q. Lending License(s) (09/14/2015)

The Mortgagee must submit a Notice of Material Event to FHA of any changes to its license(s). In the event of a lending license surrender or revocation, the Mortgagee must notify FHA which license(s) has been surrendered and provide an explanation of each action.

r. Mergers, Acquisitions, and Reorganizations (04/10/2025)

i. Merger or Consolidation

FHA's treatment of an FHA-approved Mortgagee for approval purposes following a merger will depend on the prior approval status of the surviving entity.

(A) Duties of a Non-surviving FHA-Approved Mortgagee

(1) Standard

A non-surviving FHA-approved Mortgagee that holds a portfolio of FHA-insured Mortgages must transfer those Mortgages to a Mortgagee approved by FHA to service FHA Mortgages.

If a surviving FHA-approved Mortgagee acquires all of the non-surviving FHA-approved Mortgagee's outstanding FHA Mortgages, all of these Mortgages will be transferred in FHA systems to the surviving entity when the merger is processed.

A non-surviving Mortgagee remains responsible for the payment of insurance premiums and compliance with all other obligations associated with the FHA Mortgages until the Mortgages are transferred and the mortgage record changes are reported accurately to HUD through [FHAC](#), Electronic Data Interchange (EDI), or Business to Government (B2G).

Once the non-surviving Mortgagee ceases to exist or its approval is terminated, whichever comes first, the non-surviving Mortgagee must not:

- accept any new applications for FHA Mortgages;
- hold FHA Mortgages;
- service FHA Mortgages; or
- submit claims to HUD.

(B) Duties of a Surviving Entity

(1) FHA-Approved Mortgagee That Survives a Merger with a Non-approved Entity

(a) Standard

An FHA-approved Mortgagee that is the surviving entity in a merger with a non-approved entity must notify FHA of the merger.

The surviving FHA-approved Mortgagee ~~must~~ **may** [register](#) each of the non-surviving entity's branch offices that will remain open under the auspices of the surviving Mortgagee and pay the [branch office registration fee\(s\)](#) **for the branch office(s) it chooses to register**.

(b) Required Documentation

An FHA-approved Mortgagee that is the surviving entity in a merger with a non-approved entity must submit a Change Request to FHA containing the following:

- a letter, signed by a Corporate Officer, that informs FHA of the merger. The letter must include information that:
 - provides the FHA Lender IDs for the surviving FHA-approved Mortgagee involved in the merger; and
 - provides the date the merger occurred or will occur;
- a copy of the legal document evidencing the merger;
- if a Supervised Mortgagee, a copy of the letter from the Federal Banking Agency that approved the merger; and
- if applicable, a letter describing how the non-servicing Mortgagee will dispose of the FHA-insured Mortgages that it held or serviced that have not been acquired by a surviving FHA-approved Mortgagee.

(2) Two or More FHA-Approved Mortgagees Merge

(a) Standard

An FHA-approved Mortgagee that is the surviving entity in a merger with another FHA-approved Mortgagee must notify FHA of the merger.

The surviving Mortgagee ~~must~~ **may** [register](#) each of the non-surviving Mortgagee's branch offices that will remain open under the auspices of the surviving Mortgagee and pay the [branch office registration fee\(s\)](#) **for the branch office(s) it chooses to register**.

(b) Required Documentation

An FHA-approved Mortgagee that is the surviving entity in a merger with another FHA-approved Mortgagee must submit a Change Request to FHA containing the following:

- a letter, signed by a Corporate Officer, describing the merger;
- a copy of the legal document evidencing the merger; and
- if a Supervised Mortgagee, a copy of the letter from the Federal Banking Agency or other supervisory authority that approved the merger.

(3) Non-approved Entity That Survives a Merger with an FHA-Approved Mortgagee

(a) Standard

A non-approved surviving entity must become an FHA-approved Mortgagee in order to originate, underwrite, close, endorse, service, purchase, hold, or sell FHA-insured Mortgages, or to submit claims on Mortgages to FHA, including those previously held by the non-surviving Mortgagee.

Immediately after becoming approved, the Mortgagee ~~must~~ **may** [register](#) each of the non-surviving entity's branch offices that will remain open under the auspices of the surviving Mortgagee and pay the [branch office registration fee\(s\) for the branch office\(s\) it chooses to register](#).

When new FHA Lender IDs for these branch offices are issued, the surviving Mortgagee must cease originating cases under the non-surviving Mortgagee's old FHA Lender ID numbers.

(b) Required Documentation

A non-approved surviving entity must submit an [online application](#) for FHA approval containing all [information and documentation](#) required to demonstrate eligibility for approval. The entity must also submit with its application a letter signed by a Corporate Officer that describes the merger, and, if applicable, the surviving entity's intentions regarding the non-surviving Mortgagee's outstanding portfolio of FHA Mortgages and indemnifications.

ii. Sale, Acquisition, or Disassociation

FHA's treatment of a sale, acquisition, or disassociation of an FHA-approved Mortgagee depends on whether the FHA-approved Mortgagee dissolves, continues as a subsidiary or corporate affiliation of the acquiring entity, or becomes an independent entity.

(A) An FHA-Approved Mortgagee Is Acquired by Another Entity

(1) Dissolution of Acquired FHA-Approved Mortgagee

(a) Duties of Acquired FHA-Approved Mortgagee

(i) Standard

If an FHA-approved Mortgagee being acquired will be dissolved into another entity, it must [voluntarily withdraw](#) its FHA approval. The acquired Mortgagee must transfer any FHA-insured Mortgages in its portfolio to a Mortgagee approved to service FHA-insured Mortgages.

I. DOING BUSINESS WITH FHA
A. FHA Lenders and Mortgagees (09/20/2021)
7. Post-approval Changes

The dissolving Mortgagee must continue to pay insurance premiums due and meet all other obligations associated with its FHA Mortgages until the Mortgages are transferred and the mortgage record changes are reported accurately to HUD in [FHAC](#), EDI, or B2G.

(ii) Required Documentation

The FHA-approved Mortgagee being acquired must submit a Change Request to FHA in the form of a letter, signed by a Corporate Officer, that informs FHA of the details regarding the acquisition and requests the [withdrawal](#) of its FHA approval.

The Mortgagee must submit a copy of the articles of dissolution, a letter describing the acquisition, and, if applicable, how it will or has disposed of FHA Mortgages that it held or serviced.

(b) Duties of Acquiring Entity

(i) Standard

If a non-approved entity is acquiring and dissolving an FHA-approved Mortgagee, the non-approved entity must become an FHA-approved Mortgagee to originate, underwrite, close, endorse, service, purchase, hold, or sell FHA-insured Mortgages, or to submit claims on FHA Mortgages, including those previously held by the dissolved Mortgagee.

Immediately after becoming approved, the Mortgagee ~~must~~ [may register](#) each of the dissolved Mortgagee's branch offices that will remain open under the auspices of the acquiring entity [and must pay the branch office registration fee\(s\) for the branch office\(s\) it chooses to register.](#)

(ii) Required Documentation

An FHA-approved Mortgagee that acquires and dissolves another FHA-approved Mortgagee is required to submit a Change Request to FHA through [LEAP](#).

A non-approved entity must submit an [online application](#) for FHA approval containing all [information and documentation](#) required to demonstrate eligibility for approval. The entity must also submit with its application a letter signed by a Corporate Officer that describes the acquisition, and, if applicable, the acquiring entity's intentions regarding the dissolved Mortgagee's outstanding portfolio of FHA Mortgages.

(2) Continuation as Subsidiary or Corporate Affiliation

(a) Acquisition by an FHA-Approved Mortgagee

(i) Standard

If the FHA-approved Mortgagee being acquired will continue to operate as a subsidiary or corporate affiliation of the acquiring FHA-approved Mortgagee, the acquired Mortgagee may continue to operate under its existing FHA Lender ID as a separately approved Mortgagee.

(ii) Required Documentation

Acquired FHA-Approved Mortgagee - The acquired Mortgagee must submit a Change Request to FHA in the form of a letter, signed by a Corporate Officer, informing FHA that it has been acquired and will continue to operate as a subsidiary or corporate affiliation of the acquiring FHA-approved Mortgagee.

Acquiring FHA-Approved Mortgagee - The acquiring FHA-approved Mortgagee must submit a Change Request to FHA in the form of a letter, signed by a Corporate Officer, that:

- describes the transaction;
- lists the names of all parties;
- lists the FHA Lender IDs of all parties;
- states the date of the acquisition; and
- stipulates that the acquired Mortgagee will continue as a subsidiary or corporate affiliation of the acquiring FHA-approved Mortgagee.

(b) Acquisition by a Non-approved Entity

(i) Standard

If the acquired FHA-approved Mortgagee will continue to operate as a subsidiary or corporate affiliation of the acquiring entity, it may continue to operate as an FHA-approved Mortgagee under its own name, whether or not the acquiring entity becomes FHA-approved.

(ii) Required Documentation

The Mortgagee must submit a Change Request to FHA in the form of a letter, signed by a Corporate Officer, describing the acquisition and its future operating status.

(B) An FHA-Approved Mortgagee Acquires a Non-approved Entity

(1) Standard

If an FHA-approved Mortgagee acquires a non-approved entity the Mortgagee must notify FHA of the acquisition.

If an FHA-approved Mortgagee acquires a non-approved entity and the acquired entity will operate with a separate EIN as a subsidiary or corporate affiliation of the Mortgagee, the non-approved entity must apply for separate approval in order to originate, underwrite, close, endorse, service, purchase, hold, or sell FHA-insured Mortgages.

(2) Required Documentation

If an FHA-approved Mortgagee acquires a non-approved entity the Mortgagee is required to submit a Change Request to FHA in the form of a letter, signed by a Corporate Officer, describing the acquisition.

If an FHA-approved Mortgagee acquires a non-approved entity and the acquired entity intends to originate, underwrite, close, endorse, service, purchase, hold, or sell FHA-insured Mortgages operating with a separate EIN as a subsidiary or corporate affiliation of the Mortgagee, the non-approved entity must submit an [online application](#) for FHA approval containing all [information and documentation](#) required to demonstrate eligibility for approval. The entity must also submit with its application a letter signed by a Corporate Officer that describes the acquisition.

(C) An FHA-Approved Mortgagee Becomes Independent

(1) Standard

When an FHA-approved Mortgagee that has been a subsidiary or part of a larger entity becomes independent, the Mortgagee must notify FHA of the disassociation.

If the disassociation results in changes to the Mortgagee's [Corporate Officers](#) or [Principal Owners](#), the Mortgagee must submit the proper notifications to FHA as described in this Handbook 4000.1.

(2) Required Documentation

When an FHA-approved Mortgagee that has been a subsidiary or part of a larger entity becomes independent, the Mortgagee must submit a Change Request to FHA in the form of a letter, signed by a Corporate Officer, describing the details of the disassociation.

s. Conservatorship, Receivership, or Transfer of Control (09/14/2015)

The Mortgagee must submit a Change Request to FHA if it goes into conservatorship, receivership, or is subject to a transfer of control to a federal or state supervisory agency.

The Mortgagee must submit a Change Request to FHA of a change of status in any of these situations and FHA reserves the right to require the Mortgagee to submit additional information in order to determine if the Mortgagee is eligible to maintain its FHA Mortgagee approval.

t. Business Name Change (04/18/2023)

The Mortgagee must submit a Change Request to FHA if the Mortgagee changes its legal name and there is no change to the TIN. The Change Request must include the following:

- a letter, signed by a Corporate Officer, describing the change;
- an amendment to its articles of incorporation or Articles of Organization;
- evidence that the change has been approved by the state in which the lender's home office is located; and
- evidence that the change has been processed in NMLS.

u. Unresolved Findings or Sanctions (08/19/2024)

i. Definitions

An Unresolved Finding is a material, adverse written finding, to include fair lending violations of the Fair Housing Act or Equal Credit Opportunity Act, contained in a lawsuit or report produced in connection with an investigation, audit, or review conducted by HUD, another federal, state, or local governmental agency, or by any other regulatory or oversight entity with jurisdiction over the Mortgagee or its officers, partners, directors, principals, managers, supervisors, loan processors, loan underwriters, or loan originators, that has not yet been resolved through final agency or judicial action.

A Sanction is any penalty, punitive, or restrictive measure taken either for a failure to comply with or an alleged failure to comply with a court order, federal, state, or local government law, rule, or regulation.

ii. Standard

A Mortgagee must submit a Notice of Material Event to FHA and provide relevant documentation if it or any officer, partner, director, principal, manager, supervisor, loan processor, loan underwriter, or loan originator employed or retained by the Mortgagee is subject to any Unresolved Findings or Sanctions.

A Mortgagee must submit a Notice of Material Event to FHA of a change of status in any Unresolved Finding or Sanction previously reported.

v. Program Approvals (09/20/2021)

The Mortgagee must submit a Change Request to FHA in order to add Title I or Title II [program approval](#) to its existing FHA program approval. The Change Request must include an updated QC Plan.

8. Annual Recertification

a. General Requirements (03/14/2016)

i. Standard

(A) Recertification Process

To retain its FHA approval, a Mortgagee must, unless otherwise noted, complete FHA's recertification process on an annual basis.

(B) Filing Deadline

Each Mortgagee must submit its recertification package within 90 Days after the Mortgagee's fiscal year end.

ii. Required Documentation

The Mortgagee must submit its annual recertification package through [LEAP](#). The Mortgagee must submit the following to recertify its FHA approval:

- online certification
- recertification fee
- financial data

A Mortgagee that does not wish to retain its FHA approval must submit a [Change Request](#) for [voluntary withdrawal](#) of FHA approval.

iii. Exception for Recently Approved Mortgagees

(A) Standard

The Mortgagee is not required to submit audited financial statements or pay the recertification fee if the initial approval date of the Mortgagee is less than six months prior to the end of its fiscal year and the audited financial statements submitted for approval are for the period ending not more than six months prior to the end of its fiscal year.

However, the audited financial statements for the next recertification reporting period must cover the period from the date after the ending date of its audited financial statements submitted for approval to the end of its current fiscal year. The period covered by the renewal audit cannot exceed 18 months.

(B) Required Documentation

At the close of the first, full fiscal year following receipt of FHA approval, the Mortgagee must submit audited financial statements covering the period from the ending date of the financial statements used to obtain initial approval, and ending at the close of the Mortgagee's most recent fiscal year. Mortgagees may not submit financial statements that cover a period of more than 18 months.

b. Online Certification (09/14/2015)

i. Standard

The Mortgagee, through a Corporate Officer, must complete a series of annual [certification statements](#) that address the Mortgagee's compliance with FHA requirements over the Certification Period. The Certification Period is the one-year period beginning on the first day of the Mortgagee's prior fiscal year and ending on the last calendar day thereof.

ii. Required Documentation

The certification must be completed through [LEAP](#) by a Corporate Officer of the Mortgagee who has been granted the Certifying Official authorization in [FHAC](#).

iii. Unable to Certify

(A) Standard

If a Mortgagee is unable to truthfully certify to one or more of the statements set forth in the online certification, the Mortgagee must not make the particular certification.

(B) Required Documentation

The Mortgagee must submit an explanation for each certification that it is unable to complete. The Mortgagee may submit supporting documentation with its explanation.

If additional information is required as a result of the Mortgagee's explanation, FHA will advise what additional information or documentation is required and provide a due date for the submission of the requested information or documentation.

(C) FHA Review

FHA will review the Mortgagee's explanation and request any additional information or documentation needed to render a final decision regarding the Mortgagee's ability to complete the annual recertification process.

iv. Repercussion of False Certification

If a Mortgagee submits a false certification to FHA, the Mortgagee and its certifying Corporate Officer may be referred for criminal, civil, or administrative actions, as appropriate.

c. Annual Recertification Fee (03/27/2019)

i. Standard

The Mortgagee must pay an [annual recertification fee](#) after its online certification has been submitted and accepted. All fee payments must be made electronically. This recertification fee is non-refundable and will not be pro-rated.

ii. Calculation of Fee Amount

The Mortgagee will be assessed a fee for the Mortgagee's home office and for each branch office registered with FHA. Fees are calculated based on the Mortgagee's [program approval\(s\)](#), Mortgagee type, and the number of FHA-approved branch offices as of the last business day of the Mortgagee's Certification Period.

A Mortgagee that is terminating a branch office must do so on or before the last business day of the Certification Period in order to avoid paying the recertification fee for that branch office for the next Certification Period. Mortgagees attempting to terminate a branch office after the last day of their Certification Period will not be permitted to do so until the [annual recertification fees](#) have been paid in full.

iii. Exception for Government Mortgagees

Government Mortgagees are not required to pay a recertification fee.

d. Financial Data Submission (03/14/2016)

Supervised, Nonsupervised, and Investing Mortgagees must submit the financial data described below.

i. Small Supervised Mortgagees

A Small Supervised Mortgagee must submit a copy of its Unaudited Regulatory Report, signed by a Corporate Officer, that aligns with its fiscal year end.

ii. Large Supervised, Nonsupervised, and Investing Mortgagees

(A) Audit of Financial Statements

The Mortgagee must comply with the appropriate financial reporting procedures and requirements set forth in the [HUD OIG Handbook 2000.04, Consolidated Audit Guide for Audits of HUD Programs](#).

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

9. Voluntary Withdrawal of FHA Mortgagee Approval (03/27/2019)

(B) Accounting and Auditing Standards

The Mortgagee must have prepared its financial statements in accordance with GAAP and had its audit performed in accordance with the most currently effective Government Accountability Office Generally Accepted Government Auditing Standards (GAGAS), also referred to as the “Yellow Book,” and GAAS.

(C) Audit Related Questions

The Mortgagee must submit answers to FHA’s Audit Related Questions. FHA’s Audit Related Questions address information about the Mortgagee’s financial data, the type of audit completed, and any Findings reported.

(D) Independent Public Accountant Attestation

The Mortgagee must submit its recertification package to an Independent Public Accountant (IPA) for review. The IPA must review the Mortgagee’s financial data and Audit Related Questions, and complete the Agreed Upon Procedures. The Agreed Upon Procedures address compliance with required audit procedures.

iii. Exception for Government Mortgagees

Government Mortgagees are not required to submit financial information.

e. Rejection of a Mortgagee’s Recertification Package (09/14/2015)

FHA may reject a Mortgagee’s recertification package due to noncompliance. When this occurs, the Mortgagee must resubmit its financial data, and if applicable, the answers to FHA’s Audit Related Questions along with an updated IPA attestation. All documents needed to cure deficiencies in the Mortgagee’s recertification package must be submitted through [LEAP](#).

f. Recertification Extension Requests (03/27/2019)

The Mortgagee may request an extension of its recertification package due date only as the result of a natural or catastrophic event resulting in a disruption of employee or mortgagee business operations. Extension requests must be submitted through [LEAP](#) prior to the Mortgagee’s recertification package due date.

g. Failure to Recertify (09/14/2015)

A Mortgagee may be referred to the MRB for failing to timely and satisfactorily complete the annual recertification process.

9. Voluntary Withdrawal of FHA Mortgagee Approval (03/27/2019)

A Mortgagee that does not wish to retain its FHA approval must submit a [Change Request](#) for voluntary withdrawal of FHA approval.

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

10. Voluntary Withdrawal of Title I Lender Contract of Insurance

a. Standard (09/14/2015)

The Mortgagee must satisfy all outstanding payable indemnification debts and Mortgage Insurance Premiums (MIP) and transfer the servicing and ownership of any FHA-insured Mortgages in its portfolio to an FHA-approved Mortgagee prior to its request being approved, and the Mortgagee will remain obligated on any outstanding indemnification agreements.

FHA will not honor a Mortgagee's request to withdraw while there is a pending administrative action or MRB action, or while the Mortgagee has unpaid indemnification claims or unsatisfied settlement agreement obligations owed to HUD.

b. Required Documentation (09/14/2015)

The Mortgagee must submit a [Change Request](#) for voluntary withdrawal in the form of a letter, signed by a Corporate Officer, and submitted through [LEAP](#). If applicable, the request must be submitted within 10 business days of the change in the Mortgagee's eligibility status.

c. Reapplication (09/14/2015)

A Mortgagee whose approval is voluntarily withdrawn may re-apply for FHA approval any time after its withdrawal.

10. Voluntary Withdrawal of Title I Lender Contract of Insurance

A Title I Lender that does not wish to retain its Title I [Contract of Insurance](#) must submit a Change Request for voluntary withdrawal of its Title I Contract of Insurance.

a. Standard (05/09/2022)

The Title I Lender remains responsible for servicing or selling the Title I Loans that it holds and is authorized to file insurance claims on these Loans, but it cannot otherwise exercise the rights of an FHA-approved Title I Lender.

A Title I Lender cannot obtain insurance coverage for new Title I Loans originated under the terminated Title I Contract of Insurance as of the effective date of termination.

The Title I Lender is not relieved of the liability to pay future insurance premiums or other obligations owed to HUD.

The insurance reserve on Title I Loans previously accepted for insurance is not adversely affected except for Title I Loans involving fraud or misrepresentation.

Insurance Reserves earned by the Title I Lender as of the date of termination, under the terminated Title I Contract of Insurance, remain to its credit unless exhausted by filing of claims.

I. DOING BUSINESS WITH FHA

A. FHA Lenders and Mortgagees (09/20/2021)

10. Voluntary Withdrawal of Title I Lender Contract of Insurance

b. Required Documentation (05/09/2022)

The Title I Lender must submit a Change Request for voluntary withdrawal in the form of a letter, signed by a Corporate Officer, and submitted through [LEAP](#). If applicable, the request must be submitted within 10 business days of the change in the Title I Lender's status.

c. Reapplication (05/09/2022)

A Title I Lender whose Title I Contract of Insurance is voluntarily withdrawn may re-apply for a new Title I Contract of Insurance any time after its withdrawal.

B. OTHER PARTICIPANTS

1. FHA Appraiser Roster

a. Definition (09/14/2015)

Appraiser refers to an FHA Roster Appraiser who observes, analyzes, and reports the physical and economic characteristics of a Property and provides an opinion of value to FHA. An Appraiser's observation is limited to readily observable conditions and is not as comprehensive an inspection as one performed by a licensed home inspector.

b. Standard (09/14/2015)

FHA requires Mortgagees to select qualified, competent, and knowledgeable Appraisers.

FHA maintains a list of qualified Appraisers on the [FHA Appraiser Roster](#). Only an Appraiser on the FHA Appraiser Roster and the Appraisal Subcommittee's (ASC) [National Registry](#) may be selected by the Mortgagee to conduct an appraisal for FHA-insured financing.

c. Application and Approval Process (09/14/2015)

i. Eligibility Requirements

(A) General Requirements

For placement on the [FHA Appraiser Roster](#), the appraiser must:

- be a state-certified residential or state-certified general appraiser with credentials based on the minimum licensing/certification criteria issued by the Appraiser Qualifications Board (AQB) of the Appraisal Foundation;
- not be suspended, debarred, or otherwise excluded; and
- not be listed on HUD's [Limited Denial of Participation \(LDP\) List](#), HUD's [Credit Alert Verification Reporting System \(CAIVRS\)](#), or subject to any current loss of standing or suspension as a certified appraiser in any state.

(B) Competency Requirement

The Appraiser must be knowledgeable of the [Uniform Standards of Professional Appraisal Practice \(USPAP\)](#) and FHA appraisal requirements. The Appraiser must meet the competency requirements defined in USPAP prior to accepting an assignment. The Appraiser must be knowledgeable in the market where the assignment is located.

(C) Licensing Requirement

The Appraiser must be a state-certified residential or state-certified general Appraiser. The Appraiser must maintain and be able to prove certification in all states in which the Appraiser performs appraisals.

ii. Submitting the Application and Required Documentation

The appraiser must submit applications electronically through [FHA Connection \(FHAC\)](#) and follow the [FHA Appraiser Roster Application Instructions](#).

(A) Form HUD-92563-A, *Application for Roster Personnel Designation*

The appraiser must complete form HUD-92563-A, *Application for Roster Personnel Designation*, in FHAC. The appraiser must sign this form, scan it, and save it in a PDF format for delivery to FHA.

The appraiser must certify that the appraiser has “read and fully understands and will comply with *FHA Single Family Housing Policy Handbook* (Handbook 4000.1), and *FHA Single Family Housing Appraisal Report and Data Delivery Guide*.”

(B) State Certification

The appraiser must provide a PDF image of their current state-issued certification for each state in which the appraiser is certified.

(C) Pending or Settled Actions

The applicant must disclose all lawsuits, administrative complaints, Findings, or reports produced in connection with an investigation, audit, or review conducted by HUD, another federal, state, or local governmental agency, or by any other regulatory or oversight entity with jurisdiction over the appraiser, its officers, partners, directors, principals, managers, supervisors, and other agents, that are currently pending or were resolved within two years of the application, including any violations of the Fair Housing Act.

iii. Processing of Application

FHA will review all completed applications for approval to determine if the appraiser complies with all eligibility requirements. If FHA requires additional documentation or clarifying information, FHA may request such additional information and provide the appraiser with a deadline for response. If the appraiser does not submit a completed application or provide the additional information requested by the specified deadline, FHA may deny approval on this basis.

I. DOING BUSINESS WITH FHA
B. Other Participants
1. FHA Appraiser Roster

iv. Application Approval

If FHA approves the appraiser's application, the Appraiser's name will appear on the FHA Appraiser Roster.

v. Application Denial

Applicants deemed ineligible for placement on the [FHA Appraiser Roster](#) will be notified electronically and provided with the reason(s) for denial.

d. Renewal (09/14/2015)

The Appraiser should renew expiring licenses at least 45 Days prior to expiration in order for state records to process the renewal to the ASC National Registry. FHA Appraiser Roster records are based on National Registry records. Failure of the Appraiser to renew in a timely manner may result in removal from the [FHA Appraiser Roster](#).

e. Post-approval Requirements (04/10/2025)

When completing any FHA assignment, the Appraiser must have a valid appraisal credential and be in good standing on the FHA Appraiser Roster for the state in which the Property is located. The Appraiser must maintain their personal and business information updated in FHAC, fully conform with [Eligibility Requirements](#), and comply with the following requirements and restrictions.

i. Compliance with Law ~~{Text was deleted in this section.}~~

The Appraiser's performance must comply with all applicable federal, state, and local laws. The Appraiser must adhere to all state and local laws relating to appraisal, licensing, and certification requirements.

ii. Appraiser Competency Requirement

The Appraiser assigned to provide the appraisal must be able to complete an assignment for the property type, assignment type, and geographic location of the subject Property.

The Appraiser must comply with USPAP, including the Competency Rule, when conducting appraisals of Properties intended as security for FHA-insured financing.

iii. Communications with Appraisers

An FHA Roster Appraiser must avoid conflicts of interest and the appearance of conflicts of interest. To avoid conflicts of interest and/or the appearance of conflicts of interest, the Appraiser must not be unduly influenced by:

- a member of a Mortgagee's loan production staff or any other person who is compensated based upon the successful completion of a loan; or

I. DOING BUSINESS WITH FHA

B. Other Participants

1. FHA Appraiser Roster

- anyone who reports ultimately to any officer of the Mortgagee not independent of the loan production staff and process.

The Appraiser is bound by the confidentiality provisions of USPAP and may not discuss the value or conclusions of the appraisal with anyone other than the Direct Endorsement (DE) underwriter or FHA staff or their representatives. The Appraiser may discuss components of the appraisal that influence its quality and value with the DE underwriter who has responsibility for underwriting the case.

The Appraiser may interact with real estate agents and others, during the normal course of business, to provide property access, information and other market data.

iv. Appraisal Fees

The Appraiser and the Mortgagee or Mortgagee-designated third party will negotiate the appraisal fees and due date. FHA does not establish appraisal fees or due dates.

v. Obligation to Report to FHA

(A) Professional Appraisal Organizations

The Appraiser may be a member or hold designations in professional appraisal organizations. If the Appraiser is a member, candidate or associate of an appraisal organization, the Appraiser must report, by calling 1-800-CALLFHA (1-800-225-5342) or sending an email to answers@hud.gov, any adjudicated actions resulting in a disciplinary action, or the suspension of the Appraiser, to FHA within 14 Days of such action. On disposition or adjudication of the action, the Appraiser must provide FHA with documentation and official Findings.

FHA may consider sanctions, including removal of an Appraiser found guilty of professional misconduct as adjudicated by a professional appraisal organization.

(B) Safeguards for Appraiser Independence

The Appraiser must report attempts to influence independence to answers@hud.gov or by calling 1-800-CALLFHA (1-800-225-5342). In addition, the appraiser must report the attempts to HUD OIG Hotline (1-800-347-3735). Mortgagees, Appraisal Management Companies (AMC) and third parties are prohibited from influencing the independence of the Appraiser and the valuation process. Prohibited acts and attempts to influence the results of an appraisal include the following:

- withholding or threatening to withhold timely payment or partial payment for an appraisal report;
- withholding or threatening to withhold future business from an Appraiser, or demoting, terminating or threatening to demote or terminate an Appraiser;
- making expressed or implied promises of future business, promotions or increased compensation for an Appraiser;

I. DOING BUSINESS WITH FHA

B. Other Participants

1. FHA Appraiser Roster

- conditioning the ordering of an appraisal report or the payment of an appraisal fee, salary, or bonus on the opinion, conclusion or valuation to be reached, or on a preliminary value estimate requested from an Appraiser;
- requesting that an Appraiser provide an estimated, predetermined or desired valuation in an appraisal report prior to the completion of the appraisal report, or requesting that an Appraiser provide estimated values or comparable sales at any time prior to the Appraiser's completion of an appraisal report;
- providing the Appraiser with an anticipated, estimated, encouraged or desired value for a subject Property, or a proposed or target amount to be loaned to the Borrower, except for a copy of the sales contract for purchase and any addendum, which must be provided;
- providing the Appraiser, appraisal company, AMC or any entity or person related to the Appraiser, with stock or other financial or nonfinancial benefits;
- allowing the removal of an Appraiser from a list of qualified Appraisers or the addition of an Appraiser to an exclusionary list of qualified appraisers, used by any entity, without prompt written notice to the Appraiser that includes written evidence of the Appraiser's illegal conduct, violation of USPAP or state licensing standards, improper or unprofessional behavior or other substantive reason for removal;
- ordering, obtaining, using, or paying for a second or subsequent appraisal or Automated Valuation Model (AVM) in connection with a mortgage financing transaction, unless:
 - there is a reasonable basis to believe that the initial appraisal was flawed or tainted and such appraisal is clearly and appropriately noted in the loan file; or
 - such appraisal or AVM was completed pursuant to a written, preestablished bona fide pre- or post-funding appraisal review, quality control process or underwriting guidelines and the Mortgagee adheres to a policy of selecting the most reliable appraisal, rather than the appraisal that states the highest value; and
- any other act or practice that impairs or attempts to impair an Appraiser's independence, objectivity, impartiality or violates law or regulation, including, the Truth in Lending Act (TILA), Regulation Z and USPAP.

(C) Roster Appraiser Administrative Responsibilities

The FHA Roster Appraiser has the administrative responsibility to keep their personal and business information up to date via FHA Connection (FHAC). The FHA Roster Appraiser's contact information must include their mailing address, phone number, and email address. The FHA Roster Appraiser's credentials must be current before completing an appraisal for FHA.

2. 203(k) Consultants

a. Definition (11/07/2023)

203(k) Consultant refers to a person approved and active in the FHA 203(k) Consultant Roster, who, when engaged by a Mortgagee, conducts a personal on-site inspection of the Property to conduct Consultant functions in the 203(k) program.

b. 203(k) Consultant Roster (11/07/2023)

The Standard [203\(k\) Rehabilitation Mortgage](#) program requires the use of an FHA-approved [203\(k\) Consultant](#). FHA maintains a list of qualified Consultants on the [FHA 203\(k\) Consultant Roster](#). Only a Consultant in active status on the Roster may be selected by the Mortgagee to conduct Consultant functions in the 203(k) program.

c. Application and Approval Process (04/10/2025)

i. Eligibility Requirements

(A) Standard

To become an approved 203(k) Consultant, the prospective Consultant must be able to perform all duties outlined in [203\(k\) Consultant Requirements](#) and fully understand the requirements of the 203(k) Rehabilitation Mortgage Insurance Program. The prospective Consultant must meet the qualifications for one or more of the following:

- be a state-licensed architect;
- be a state-licensed engineer;
- have at least three years of experience as a remodeling contractor or general contractor; or
- have at least three years of experience as a home inspector.

The prospective Consultant must not be listed on:

- the General Services Administration's (GSA) [System for Award Management \(SAM\)](#);
- HUD's [Limited Denial of Participation \(LDP\) List](#); or
- HUD's [Credit Alert Verification Reporting System \(CAIVRS\)](#).

(B) Required Documentation

(1) Narrative Description

The prospective Consultant must submit a narrative demonstrating that they fully understand the requirements of HUD's 203(k) Rehabilitation Mortgage Insurance Program, and describing their ability to:

- conduct Feasibility Studies;
- review or prepare architectural exhibits;
- prepare a [Work Write-Up and Cost Estimate](#);

I. DOING BUSINESS WITH FHA

B. Other Participants

2. 203(k) Consultants

- complete [draw request inspections](#); and
- prepare [Change Order requests](#).

(2) Location and Eligibility

The prospective Consultant must indicate the states in which they will be doing business and provide Consultant Eligibility Requirement documentation for each state. If the prospective Consultant will be doing business in more than one state, the Consultant must identify the state in which the Consultant will perform the majority of their business.

(3) State Licenses

(a) State-Licensed Architect

The prospective Consultant must submit proof of current license.

(b) State-Licensed Engineer

The prospective Consultant must submit proof of current license.

(c) Home Inspector

The prospective Consultant must submit:

- proof of current license if the applicant is located in a state, county, or other local jurisdiction that requires the licensing of home inspectors to perform the duties of a 203(k) Consultant; or
- if a current license is not required, a narrative description of their experience.

For the purposes of this requirement, FHA considers “located” to mean “doing business,” and “license” to mean “license, certificate, registration, or approval.”

(d) Remodeling or General Contractor

The prospective Consultant must submit:

- proof of current license if the applicant is located in a state, county, or other local jurisdiction that requires the licensing of contractors; or
- if a current license is not required, a narrative description of their experience.

For the purposes of this requirement, FHA considers “located” to mean “doing business,” and “license” to mean “license, certificate, registration, or approval.”

(4) Certification for Placement and Retention on the 203(k) Consultant Roster

Consultants and prospective Consultants must submit a [203\(k\) Consultant Roster Certification](#) on their letterhead.

ii. Submitting the Application

The application documents must be submitted as email attachments to the FHA Resource Center at answers@hud.gov.

Applications must include in the subject line: 203(k) Consultant Application Documents.

iii. Incomplete Application

An applicant who submits an incomplete application package will receive notification indicating the information required to cure the deficiency. This notification letter will give the applicant 15 Days from the date on the letter to correct any deficiencies. If the applicant does not satisfy the outstanding requirement in its entirety and within the prescribed deadline, the approval will be denied and the applicant must wait an additional 90 Days before re-applying.

iv. Application Approval

FHA will inform the applicant if they are approved for placement on the [FHA 203\(k\) Consultant Roster](#). The approval will be valid for a two-year period from the date of initial approval. When the Consultant is placed on the Roster, they will be given a recertification due date.

Inclusion of a Consultant on the Roster means only that the Consultant has met the qualifications. It does not create or imply a warranty or endorsement by FHA of the Consultant, nor does it represent a warranty of any work performed by the Consultant.

Consultant Identification Number

Each prospective Consultant who is approved will be provided a Consultant Identification (ID) number and will be informed of their [recertification](#) due date. The Consultant ID number is required prior to doing any Consultant work associated with any 203(k) Mortgage and must be included on all documents that require the Consultant's signature.

v. Application Denial

Applicants deemed ineligible for placement on the FHA [203\(k\) Consultant Roster](#) will be informed they are not approved for placement on the Roster and the reason the applicant has not met the qualifications. To request placement on the Roster, the applicant must submit a new application after resolving any issues.

I. DOING BUSINESS WITH FHA
B. Other Participants
3. Direct Endorsement Underwriters

vi. Biennial Recertification

To retain placement on the FHA [203\(k\) Consultant Roster](#), the Consultant must recertify every two years. The FHA 203(k) Consultant candidate will receive email notification of an approved application with the recertification due date, which is two years from the application approval date. When the FHA 203(k) Consultant successfully completes recertification, they will receive a similar email notification with the next recertification due date. The FHA 203(k) Consultant can view the recertification due date on the 203(k) Consultants List page.

The Consultant is required to recertify that they are still in compliance with all laws, regulations, licensing, certification, registration, or other approval requirements that govern their ability to perform as a 203(k) Consultant in the states where they do business.

Consultants must submit the required updated certification and attachments by email to the FHA Resource Center at answers@hud.gov. The subject line must read: 203(k) Consultant Recertification.

203(k) Consultants who fail to meet the recertification requirements will be removed from the FHA 203(k) Consultant Roster. To request reinstatement on the Roster, the Consultant must submit a new [application](#) after resolving the issue.

3. Direct Endorsement Underwriters

a. Program Overview (03/14/2016)

The Direct Endorsement (DE) underwriter serves as the Mortgagee's subject matter expert for underwriting and must ensure compliance with all underwriting requirements in [Origination through Post-closing/Endorsement](#) for all manually underwritten Title II Forward Mortgages. Underwriting responsibilities include, but are not limited to, the following:

- calculation of maximum mortgage amounts;
- underwriting the Property; and
- underwriting of the Borrower.

The DE underwriter must also ensure compliance with all requirements for Underwriting the Property for all Title II Forward Mortgages underwritten using the Technology Open To Approved Lenders (TOTAL) Mortgage Scorecard.

The DE underwriter also serves as the Mortgagee's subject matter expert on the financial assessment requirements in [Origination through Post-closing/Endorsement for all Home Equity Conversion Mortgages \(HECM\)](#). Financial assessment requirements include, but are not limited to, the following:

- underwriting of the Property;
- analysis of the Borrower's credit history;
- analysis of the Borrower's property charge payment history;

I. DOING BUSINESS WITH FHA
B. Other Participants
3. Direct Endorsement Underwriters

- calculation of residual income; and
- determination of the need for and the amount of a Life Expectancy (LE) Set-Aside.

b. Direct Endorsement Underwriter Eligibility (06/27/2025)

i. Eligibility Requirements ~~Text was deleted in this section.~~

The DE underwriter must meet the following requirements:

- have either a minimum of:
 - three years experience reviewing credit applications and one- to four-unit property appraisals, within the past five years; or
 - two years experience reviewing credit applications and one- to four-unit property appraisals, within the past three years, combined with an additional three years of such experience within the past ten years; and
- be an employee of a single Mortgagee; and
- be authorized to bind the Mortgagee in matters involving origination of mortgages.

ii. Ineligible Participants

The DE underwriter **must not** be:

- listed on the General Services Administration's (GSA) [System for Award Management \(SAM\)](#) or currently subject to a suspension, debarment, Limited Denial of Participation (LDP), or other restriction imposed under Part 24 of Title 24 of the Code of Federal Regulations, Part 180 of Title 2 of the Code of Federal Regulations as implemented by Part 2424 of Title 2, or any successor regulations to such parts, or under similar provisions of any other federal or state agency;
- under indictment for, or have been convicted of, an offense that reflects adversely upon the underwriter's integrity, competence or fitness to meet the responsibilities of a DE underwriter;
- subject to any Unresolved Findings made specifically against the underwriter as the result of any HUD or other governmental investigation or audit;
- engaged in business practices that do not conform to generally accepted practices of prudent underwriters or that demonstrate irresponsibility;
- convicted of, or have pled guilty or *nolo contendere* to, a felony related to participation in the real estate or mortgage industry:
 - during the seven-year period preceding the date of registration in FHA Connection (FHAC); or
 - at any time preceding the date of registration in FHAC, if such felony involved an act of fraud, dishonesty, or a breach of trust, or money laundering;or
- in violation of provisions of the Secure and Fair Enforcement for Mortgage Licensing Act of 2008 (SAFE Act) (12 U.S.C. § 5101 et seq.) or its equivalent under state law, including all Nationwide Mortgage Licensing System and Registry (NMLS) requirements.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

Additionally, the DE underwriter must not have [Conflicts of Interest](#).

c. Mortgagee's Approval Process (03/14/2016)

The Mortgagee must register each of its underwriters in [FHAC](#). By registering an underwriter in [FHAC](#), the Mortgagee certifies that they meet the necessary qualifications described above.

d. Post-approval Requirements (03/14/2016)

The Mortgagee must complete a series of annual certification statements that include the Mortgagee's review of underwriter compliance with eligibility requirements.

4. Nonprofits and Governmental Entities

a. Program Overview (01/24/2022)

FHA requires all nonprofits to obtain approval and be placed on the HUD [Nonprofit Roster](#) to participate in FHA's Single Family nonprofit programs.

Nonprofits participating in one of FHA's nonprofit programs must serve Low- to Moderate-Income individuals or families. Low- to Moderate-Income individuals or families refer to individuals or families whose household income does not exceed 115 percent of the median income for the area when adjusted for family size. ~~The Jurisdictional Homeownership Center (HOC)~~ [FHA](#) may approve a higher percentage of up to 140 percent. [A request must be submitted to the FHA Resource Center at answers@hud.gov.](#)

i. Types of Single Family Nonprofit Programs

(A) HUD Homes

(1) Discounted Purchase

Governmental Entities and HUD-approved Nonprofits are permitted to purchase homes from HUD at a discount.

(2) Exclusive Listing Period

Governmental Entities and HUD-approved Nonprofits are permitted to purchase Properties, without a discount, during the exclusive listing period for owner occupant purchasers.

(B) FHA Mortgagor

Governmental Entities and HUD-approved Nonprofits are eligible for certain FHA-insured programs under the same provisions as owner occupants.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

HUD-approved Nonprofits are still required to obtain credit qualification from a Mortgagee for each Mortgage originated, and each Mortgage must be underwritten in accordance with [Underwriting Nonprofit Borrowers \(Manual\)](#).

(C) Secondary Financing

Governmental Entities and HUD-approved Nonprofits may provide secondary financing assistance to homebuyers utilizing FHA insurance on a first Mortgage when that assistance is secured with a second Mortgage or lien.

Additional information on [Secondary Financing](#) can be found in the [Origination through Post-closing/Endorsement](#) section.

ii. Entities Requiring Approval to Participate in FHA Nonprofit Programs

(A) Nonprofits with 501(c)(3) Tax-Exempt Status

A nonprofit organization must have 501(c)(3) Internal Revenue Service (IRS) tax-exempt status.

When a nonprofit closes secondary financing in its own name, that nonprofit is required to be both FHA approved and placed on the HUD [Nonprofit Roster](#) even if the secondary financing will be held by the Governmental Entity.

(B) Nonprofit Instrumentalities of Government

(1) Definitions

A Nonprofit Instrumentality of Government (NPIOG) refers to a 501(c)(3) organization that was established by a governmental body or with governmental approval or under special law to serve a particular public purpose or designated as an instrumentality by law (statute or court opinion). FHA requires the unit of government that established the nonprofit to exercise Organizational Control, Operational Control, or Financial Control of the nonprofit in its entirety or, at minimum, the specific homebuyer assistance program that is using FHA's credit enhancement.

Organizational Control refers to the majority of the governing board and/or Principal Officers that are named or approved by governmental body/officials.

Operational Control refers to the requirement that the government body approves all major decisions and/or expenditures.

Financial Control refers to the requirement that the government body provides funds through direct appropriations, grants, or Loans, with related controls applicable to all activities of the entity.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

HUD-approved NPIOGs will be included on FHA's Nonprofit Organization Roster.

(2) Permitted Level of Secondary Financing Assistance

FHA may approve an NPIOG to provide secondary financing for as much as 100 percent of the Borrower's Minimum Required Investment (MRI). If approved, FHA will issue the NPIOG an approval letter, and this approval will be reflected on the FHA Nonprofit Organization Roster and in FHAC. Interested parties should check the Roster to ensure the approval status of an NPIOG.

(C) Section 115 Entities with 501(c)(3) Status

Section 115 entities with 501(c)(3) status must meet the eligibility and application requirements for the HUD Homes and FHA Mortgagor programs.

iii. Entities Not Requiring FHA Approval to Participate in FHA Nonprofit Programs

FHA approval and placement on the HUD Nonprofit Roster are not required for federal, state, or local government agencies or their instrumentalities, provided those entities are not organized as 501(c)(3) nonprofits.

(A) Governmental Entities and their Instrumentalities of Government

Governmental Entity refers to any federal, state, or local government agency or instrumentality. To be considered an Instrumentality of Government, the entity must be established by a governmental body or with governmental approval or under special law to serve a particular public purpose or designated by law (statute or court opinion). HUD deems Section 115 entities, as identified in Section 115 of the Internal Revenue Code, to be Instrumentalities of Government for the purpose of providing secondary financing.

FHA does not maintain a list of Governmental Entity program participants.

(B) Nonprofits with a Documented Agreement to Support Secondary Financing

When a Governmental Entity uses a nonprofit to assist in the operation of the Governmental Entity's secondary financing assistance programs, FHA approval and placement on the HUD Nonprofit Roster are not required so long as there is a documented agreement indicating (1) the functions performed include the Governmental Entity's secondary financing program and (2) the secondary financing legal documents (e.g., Note and deed of trust) name the Governmental Entity as the Mortgagee.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

Governmental Entities that have nonprofits close the secondary financing in the name of the nonprofit must verify that the nonprofit is both FHA approved and on the HUD [Nonprofit Roster](#).

Refer to [Prohibited Sources of Minimum Cash Investment Under the National Housing Act - Interpretive Rule](#) for additional guidance and clarification on the provision of downpayment assistance through secondary financing.

(C) Section 115 Entities

Section 115 entities, as identified in Section 115 of the Internal Revenue Code, do not require approval to participate in FHA's Nonprofit Secondary Financing program. Section 115 entities are not required to have voluntary board members. FHA considers entities that have both 501(c)(3) and Section 115 status to be Instrumentalities of Government for purposes of secondary financing only.

iv. Ineligible Participants

The nonprofit or any officer, partner, director, principal or employee must not be:

- suspended, debarred, excluded from participation in FHA programs as listed in a [Limited Denial of Participation \(LDP\)](#), [System for Award Management \(SAM\)](#) Excluded Parties List, or [Credit Alert Verification Reporting System \(CAIVRS\)](#), or otherwise excluded by similar procedures of any other federal or state agency;
- indicted for, or convicted of, an offense which reflects upon the responsibility, integrity, or ability of the nonprofit to participate in FHA activities;
- subject to Unresolved Findings as a result of HUD or other governmental investigation, audit, or review; or
- engaged in business practices that do not conform to generally accepted practices of prudent nonprofits or that demonstrate irresponsibility.

These requirements apply at the time that the nonprofit applies for approval and at all times while it is a HUD-approved Nonprofit.

b. Application and Approval Process **(07/14/2025)**~~(04/18/2023)~~

i. Initial Contact

Prospective applicants must submit an email to [the FHA Resource Center at answers@HUD.gov](#) identifying the nonprofit program(s) that the applicant would like to participate in. Prospective applicants must also identify the state where the program activities will take place.

ii. Submitting the Preliminary Information

The prospective applicant must submit the following information via email to the point of contact:

- the nonprofit's legal name and physical address of the main office;

I. DOING BUSINESS WITH FHA

B. Other Participants

4. Nonprofits and Governmental Entities

- the name, phone number, and email address of the Executive Director;
- the name, title, phone number, and email address for all staff members requesting system access for application and reporting;
- the effective date of the nonprofit's 501(c)(3) tax-exempt status as reflected in the IRS Letter of Determination;
- the nonprofit's federal Employer Identification Number (EIN);
- the [FHA nonprofit program\(s\)](#) for which the nonprofit is seeking approval;
- indication of whether or not the nonprofit is an Instrumentality of Government; and
- confirmation that the nonprofit has two years of [relevant housing experience](#) within the last five years.

iii. Eligibility Requirements

A Complete Nonprofit Application refers to an application that satisfies all [General Application Requirements](#) and all [program-specific application requirements](#) for the programs in which the nonprofit seeks approval.

In those instances when a nonprofit is applying to more than one program and the program-specific application requirements request duplicate information, the nonprofit is only required to submit this information once.

A Complete Nonprofit Application must be submitted and approved in order for a nonprofit to participate in any one of FHA's nonprofit programs.

(A) General Application Requirements

Nonprofit applicants must satisfy all of FHA's general application requirements whether they are applying to one or all of FHA's nonprofit programs.

All certifications within the application must include the following language:

WARNING: HUD will prosecute false claims and statements. Conviction may result in criminal and/or civil penalties. (18 U.S.C. 1001, 1010, 1012; 31 U.S.C. 3729, 3802).

(1) IRS Tax-Exempt Status

(a) Standard

The nonprofit must have an effective date of exemption, as indicated by the IRS Letter of Determination, of at least two years prior to the FHA nonprofit application date.

(b) Required Documentation

(i) IRS Letter of Determination

The nonprofit must submit the IRS Letter of Determination verifying approval under Section 501(c)(3) as exempt from taxation under Section 501(a) of the Internal Revenue Code (IRC) of 1986, as amended.

(ii) Employer Identification Number

The nonprofit must provide its EIN and any subsidiary organization's EIN. Nonprofits may not assume the name and EIN of another dormant or defunct nonprofit.

(iii) Certification

The nonprofit must submit a document signed by an authorized representative of the nonprofit certifying the following:

- the nonprofit's approval for tax exemption has not been modified or revoked by the IRS;
- the program activities for which the nonprofit seeks FHA approval to participate in are consistent with the activities and purposes for which the IRS granted tax-exempt status; and
- the nonprofit has notified the IRS of any substantial and material changes in its character, purpose, or methods of operation.

(2) Board of Directors and Employees

(a) Standard

Voting members of the nonprofit's Board of Directors must serve in a voluntary capacity and cannot receive compensation for any service they provide in implementing the nonprofit's Affordable Housing Program (AHP) for which they are seeking HUD approval. Directors may receive reimbursement for expenses.

The nonprofit must operate in a manner so that no part of its net earnings is passed on to any individual board member, corporation, or other entity affiliated with a board member. Board members cannot be employees of the nonprofit.

The occupational activities and obligations of board members cannot conflict with the work of the nonprofit.

It is a conflict of interest for a nonprofit to employ staff who also work for and receive financial benefits from an entity that is providing the nonprofit with services.

(b) Required Documentation

(i) Voluntary Board Certification

The nonprofit must submit a certification signed by an authorized representative of the nonprofit agency confirming that the Board of Directors serves in a voluntary capacity.

(ii) Board of Directors Information

FHA requires information on the job responsibilities of all board members to ensure that their occupational activities and obligations do not conflict with the work of the nonprofit and for compliance with [Ineligible Participants](#) requirements.

The nonprofit must provide the following information for each board member:

- name, board position, [length of board term including expiration](#), and [whether](#) if member is permitted to vote;
- ~~length of board term including expiration;~~
- Social Security Numbers (SSN) for all voting board members; and
- ~~a description of outside employment that includes company name, title and nature of business~~ [name of current employer, job title, nature of business, and job responsibilities](#).

[The FHA Nonprofit Leadership Worksheet may be used, but is not required to be used, to comply with this section.](#)

(3) Principal Management ~~and Staff Members~~

[\(a\) Definition](#)

[Principal Management and Staff Members refer to those who direct the activities of the organization and are responsible for organizational finances. This includes, but is not limited to, Executive Director/President or Vice President, Project/Program Director, or similar position.](#)

~~(a)~~[\(b\)](#) Standard

(i) Conflict of Interest

Nonprofits must ensure that no conflicts of interest exist between their Boards of Directors, principal ~~staff~~[management](#), or any other entities that may participate in operating their AHP.

It is a conflict of interest for a nonprofit to employ staff who also work for and receive financial benefits from an entity that is providing the nonprofit

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

with services related to the nonprofit's Affordable Housing Program (AHP).

(ii) Staff Experience

Principal ~~staff and program managers~~ **management** must have experience in developing and administering housing programs. Hiring of experienced staff does not relieve the nonprofit agency of the [Relevant Experience](#) requirements.

~~(b)(c)~~ Required Documentation

Nonprofits must provide the following information for principal management to ensure that no conflict-of-interest relationships exist, as well as no sanctions, foreclosures, inappropriate transfers of Real Property, or Business Relationships. FHA will also review the information collected for compliance with the Ineligible Participants requirements and to ensure that principal management have the requisite experience.

For each principal management member, the nonprofit must provide:

- name and SSN;**
- job title within the nonprofit, job responsibilities within the nonprofit, and length of time in position; and**
- relevant former employers, address of former employer, related job responsibilities, and years in position.**

The FHA Nonprofit Leadership Worksheet may be used, but is not required to be used, to comply with this section.

~~The nonprofit must provide current resumes and SSNs for principal management (Executive Director/President or Vice President, Project/Program Director, or similar position) and principal staff members.~~

~~The SSNs will be used only to assure HUD that no conflict of interest relationship exists; the board and staff have no outstanding unpaid government Loans, sanctions, foreclosures, inappropriate transfers of Real Property, or Business Relationships; and for compliance with [Ineligible Participant](#) requirements.~~

(4) Relevant Experience

(a) Definitions

Relevant Experience for HUD Homes refers to the acquisition, rehabilitation, and resale **or new construction** of five Single Family Properties.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

Relevant Experience for FHA Mortgagor Programs refers to the housing development or property management of Single Family Properties.

Relevant Experience for Secondary Financing refers to the ~~acquisition, rehabilitation, and resale of five Single Family Properties or secondary financing experience~~ experience of operating a mortgage lending program or a Secondary Financing program as evidenced by five transactions.

(b) Standard

The nonprofit must have a minimum of two ~~consecutive~~ years of relevant experience within the last five years.

The hiring of experienced staff does not relieve the nonprofit agency of the relevant experience requirements.

Exception

A nonprofit that does not meet this experience requirement may be able to obtain limited approval if it has at least one year of relevant experience as defined above and one year of other related housing experience. The nonprofit's "other related housing experience" must demonstrate that the organization has the financial and administrative capacity to finance, purchase, rehabilitate, or resell homes, or provide downpayment assistance to serve Low- to Moderate-Income individuals or families.

(c) Required Documentation

After the preliminary information has been accepted and the nonprofit is granted permission to complete the application, the nonprofit must submit a brief narrative describing its relevant housing experience. In addition, the nonprofit must provide:

- for the FHA Mortgagor and HUD Homes programs, details of past transactions including property address, acquisition date, loan amount, rehabilitation, date sold, and any delinquency. Transactions must span the period of relevant experience; or
- for the FHA Secondary Financing program, a list of past first lien mortgage loans and/or secondary financing loans including loan amounts, transaction dates, and addresses of the properties financed. Transactions must span the period of relevant experience.

~~The nonprofit must submit documentation to evidence Relevant Experience and other related housing experience, if applicable.~~

(5) Delegation of Signature Authority

Required Documentation

The nonprofit must provide organizational resolutions delegating signature authority to sign loan applications and/or sales contracts on behalf of the organization. These resolutions must be signed and dated by the appropriate persons under applicable state law, the Articles of Organization, and other governing documents.

(6) Articles of Organization and Bylaws

(a) Standard

The nonprofit's mission statement, purpose, or goals stated in the nonprofit's Articles of Organization and bylaws must be consistent with those submitted in the application.

(b) Required Documentation

***(i)* Conformed Copy**

The nonprofit must submit a Conformed Copy of its Articles of Organization, and bylaws if applicable. These documents must be signed and dated by the appropriate persons under applicable state law.

A Conformed Copy is a copy that agrees with the original and all amendments to it.

***(ii)* Written Declaration**

A Conformed Copy of the Articles of Organization and bylaws must be accompanied by a written declaration signed by an authorized representative of the organization certifying the copy is a complete and accurate copy of the document.

As an alternative to the foregoing declaration, an organization may submit a Conformed Copy of its Articles of Organization approved and dated by the appropriate state authority.

(7) Quality Control Plan

(a) Standard

The nonprofit must have a Quality Control (QC) Plan that explains the organization's internal and external audit and monitoring procedures.

(b) Required Documentation

The nonprofit must provide a copy of the QC Plan that, at a minimum, includes the following elements:

- their system for maintaining records of QC Findings and actions;
- the process by which periodic reports that identify deficiencies are provided to senior management;
- the process by which prompt corrective measures are taken and documented by senior management, including time frames and any training provided when deficiencies are identified; and
- procedures to report any violation of law or regulation, any known false statement, fraud or program abuse to HUD, the HUD Office of Inspector General (OIG) and the appropriate federal, state or local law enforcement agency.

Although not required, nonprofit agencies are encouraged to include the following elements in their QC Plan:

- an impartial third-party entity to conduct QC reviews on the nonprofit agencies' activities;
- procedures for expanding the scope of the QC review when fraud or patterns of deficiency may exist;
- procedures to identify revisions in FHA guidelines and inform staff of those revisions; and
- procedures to hold nonprofit staff accountable for performance failures or errors.

(8) Administrative Capacity

(a) Standard

The nonprofit must demonstrate the capability to develop and carry out its homeownership program, **as described in the nonprofit's AHPP**, in a reasonable time frame and a successful manner.

Based on the level of administrative capacity, FHA may limit the number of Properties purchased at a discount and Mortgages insured by FHA.

(b) Required Documentation

The nonprofit must provide a narrative describing its past experience, if any, in acquisition, rehabilitation, property sales, **downpayment assistance, Single Family mortgage lending, housing** counseling, and administration of a homeownership program or other AHPs.

(9) Financial Capacity

(a) Standard

The nonprofit must have the financial capacity to operate its homeownership program. FHA will assess the nonprofit's financial stability in terms of cash balances, assets and liabilities, annual expenses, and cash flow from operations.

Based on an analysis of submissions, FHA may limit the number of Properties a nonprofit may purchase at a discount and purchase with FHA-insured financing.

(b) Required Documentation

Documentation requirements differ based on the amount of a nonprofit's expended federal award, as defined by the [Office of Management and Budget](#).

(i) Expended Federal Awards of ~~\$1,000,000~~ \$750,000 or More

The nonprofit must submit the ~~three~~ **two** most recent year-end audited financial statements, profit and loss statements, and balance sheets. The audited financial statements must be provided by the applicant's Independent Public Accountant (IPA) certifying that the nonprofit:

- maintains internal controls over federal awards;
- complies with applicable laws, regulations, and contract or grant provisions; and
- prepares appropriate financial statements.

The nonprofit must also submit the most recent quarterly financial statements along with certification from a Certified Public Accountant (CPA) or other financial professional attesting that the information accurately represents the financial condition of the nonprofit agency.

(ii) Expended Federal Awards Less than ~~\$1,000,000~~ \$750,000

Nonprofits must submit two years of audited or unaudited financial statements, prepared in accordance with Generally Accepted Accounting Principles (GAAP) and reporting practices, and must include:

- an auditor's review report, if available;
- a treasurer's report; and
- any supplemental schedules.

The nonprofit must also submit the most recent quarterly financial statements along with certification from a CPA or other financial professional attesting that the information accurately represents the financial condition of the nonprofit agency.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

The nonprofit must document and provide proof of the current source of operating funds and the long-term stability of these funding sources, which may include funding from governments, private entities, foundations, or other organizations.

There must not be any identity of interest between the capital provider and a nonprofit's Board of Directors or principal management.

(10) Other Business Partners

(a) Standard

A nonprofit agency must demonstrate that it maintains control over its homeownership program and cannot rely upon a business partner(s) to operate the program for which it seeks FHA approval.

(b) Required Documentation

The nonprofit must identify other business partners, such as real estate agents, Mortgagees, rehabilitation contractors and consultants providing administrative, financial, and management services. The nonprofit must identify the company by name and list staff with whom the nonprofit will work.

The nonprofit must explain the nature and cost of the services and how the nonprofit exercises control over its business partners.

(11) Consultant Services

(a) Standard

The nonprofit's operations must be independent of the influence, control, or direction of the consultant or any other outside party, particularly those seeking to derive profit or gain from a proposed project (including landowners, real estate brokers, bankers, contractors, builders, or consultants). Consultant services must be provided on an arm's length basis.

Consultant services – administrative, management, financial, or otherwise – provided under an independent contractor relationship (as opposed to an employer-employee relationship) must not constitute more than half of the nonprofit's activities throughout the duration of the approval period. This measurement will be calculated by evaluating the ratio of nonprofit staff to contracted or consultant staff; the ratio of hours devoted to the implementation of the AHP by nonprofit staff versus contracted or consultant staff; and the funds devoted to paying nonprofit staff compared to those paying contracted or consultant staff. The nonprofit must have the in-house resources and

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

capacity to operate its own programs, and contract for services only on a temporary and supplementary basis.

(b) Required Documentation

The nonprofit must explain the nature and cost of its consultant services and how the nonprofit exercises control over consultants; describe the work that will be performed by consultants for each program; and provide the percentage of work performed by consultants for each program.

The nonprofit must provide a disclosure and supporting documentation related to any agreements with other parties that may derive financial gain through the homeownership program. The disclosure must identify the name of the business entity, the individuals from the company who will be working with the nonprofit, the terms of the relationship, and how the party will be compensated.

(12) Acting on Own Behalf Certification

The nonprofit must provide a certification signed by an authorized representative of the organization stating the following:

I certify that (Name of Nonprofit agency) is acting on its own behalf and is not under the influence, control, or direction of any party seeking to derive a profit or a gain from the proposed project, such as, but not limited to, a landowner, real estate broker, banker, contractor, builder, lender, or consultant.

WARNING: HUD will prosecute false claims and statements. Conviction may result in criminal and/or civil penalties. (18 U.S.C. 1001, 1010, 1012; 31 U.S.C. 3729, 3802).

The certification must include the date, and the authorized representative's printed name, signature, and title.

(13) FHA Approval Letter

If previously approved by FHA to participate in FHA's nonprofit programs, the nonprofit must submit a copy of its most recent approval letter.

(14) Adequate Facilities

(a) Standard

~~The nonprofit's activities must be limited to the geographic area specified in the agency's HUD-approved AHPP.~~

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

Nonprofits are required to have an adequate main office space,~~equipment, and clerical assistance, so that employees may perform their duties in a responsible manner in a designated physical location where the nonprofit manages its operations, meets with clients, distributes information, and renders services to the public.~~

The nonprofit must not share its office space, general reception area, entrance, or lobby with any entity with whom the nonprofit has a conflict of interest.

The office space must be clearly defined for the public and include a permanent and prominently displayed sign.

~~A nonprofit's main office must be its designated facility to which FHA directs all communications about the management affairs of the nonprofit and from which the public obtains information about the activities of the nonprofit.~~

~~The nonprofit's facilities must not be located within a space that is used by another entity with which the nonprofit has a conflict of interest. A nonprofit may share general reception type entrances or lobbies with another business entity or nonprofit. The facilities must be clearly defined to the public so that visitors will know, at all times, exactly with which entity they are doing business. This includes a sign and other common means of identification used by nonprofits and business entities.~~

(b) Required Documentation

The nonprofit must submit the contact information and physical address of the agency's main office and submit proof of the physical location. HUD may request additional information, like floor plans, photographs, or billing statements that include the physical address, to confirm the validity of the office space and that it meets requirements.

- ~~• The nonprofit must also submit interior and exterior photographs of its office facilities and a copy of the floor plan identifying the nonprofit's work space.~~

(15) Lending Partner(s) Information

(a) Standard

A nonprofit must ensure that no conflicts of interest exist. Employees of the Lender cannot receive personal or financial benefit because of the Business Relationship with the nonprofit.

(b) Required Documentation

The nonprofit must provide the name, address, and contact of any lending institution, bank, or private party that has provided financing to the nonprofit.

(16) Affordable Housing Program Plan

(a) Definition

An Affordable Housing Program Plan (AHPP) refers to an approved plan that is a narrative describing a nonprofit's plans to implement the Single Family nonprofit program(s) for which it is approved. The AHPP addresses how the nonprofit intends to provide affordable homeownership opportunities for Low- to Moderate-Income buyers by financing, purchasing, rehabilitating, and/or reselling homes to eligible buyers.

(b) Standard

The nonprofit must submit the AHPP as part of its application for approval. The nonprofit must address the general AHPP requirements and any program-specific AHPP requirements for each program for which it seeks approval. The nonprofit must submit a copy of the AHPP as part of their application to FHA. The nonprofit must adhere to the AHPP during the entire approval period.

After approval, if the nonprofit seeks to expand the geographic area where it conducts its program or expand or modify its AHPP, the nonprofit must update the AHPP to include the new geographic area and submit an updated AHPP to the FHA Resource Center at answers@hud.gov with "Revised AHPP" in the subject line for approval.

(c) AHPP Requirements

The AHPP must address all general AHPP requirements and any program-specific AHPP requirements for each program for which the nonprofit seeks approval.

The general AHPP must:

- explain how the nonprofit intends to operationalize the program(s) for which it seeks approval;
- describe the geographic area and provide the city, county, state, and zip codes where the nonprofit plans to administer its program(s). The program(s) must be operated within the geographic area specified by the AHPP. The AHPP must describe the nonprofit's ability to execute its program throughout the geographic area in which it plans to operate;

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

- provide an overview of the target population or community needs and challenges of the geographic area in which the nonprofit plans to operate, including the homeownership needs of the community, and describe the demographics of the community, including racial composition, income, and household size;
- address how Low- to Moderate-Income individuals and families will benefit from participation in the program and how the nonprofit will locate the Low- to Moderate-Income individuals and families to participate;
- explain how the nonprofit will transition Low- to Moderate-Income individuals and families into homeownership;
- describe the type of homeownership counseling the nonprofit will provide to prospective homebuyers, if any; and
- describe how the nonprofit will serve non-English speaking populations and clients with disabilities.

(i) Program-Specific AHPP Requirements for HUD Homes and FHA Mortgagor

If the nonprofit is applying for approval for HUD Homes or the FHA Mortgagor program, the nonprofit must also provide in its AHPP:

- a general timeline or workflow for purchasing, rehabilitating, and selling properties the nonprofit intends to purchase;
- the number of properties the nonprofit expects to purchase under the program; and
- a copy of the lease purchase agreement, if applicable, and a description of the program, including how the nonprofit will transition renters to homeowners, how rent will be collected and applied, and if repair reserves will be used to minimize repair costs after purchase.

(ii) Program-Specific AHPP Requirements for Secondary Financing

If the nonprofit is applying for approval for the Secondary Financing program, the nonprofit must also provide in its AHPP:

- a program overview with a description of the Secondary Financing program, including eligibility requirements, restrictions on transferability and owner occupancy, and equity sharing, if applicable;
- a characterization of all fees and amounts charged to the Borrower and whether they will be part of the secondary lien;
- the number of secondary financing loans the nonprofit agency expects to provide per year;
- a description of how the nonprofit will maintain control and oversight of the servicing of the nonprofit's loans; and

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

- a description of how the agency will ensure the amount of assistance provided to homebuyers will conform with FHA underwriting guidelines.

(iii) Board Resolution

The nonprofit must submit a copy of a board resolution that adopts the completed AHPP, including the general AHPP requirements and any program-specific AHPP requirements. This resolution must be signed and dated by the appropriate persons under applicable state law and as identified in the Articles of Organization or other governing documents.

(d) Required Documentation

The nonprofit must submit a copy of the AHPP.

For secondary financing, nonprofits must submit a copy of the agreement between the nonprofit and the servicing entity if the nonprofit plans to use another entity to service the subordinate lien.

The nonprofit must submit a copy of the board resolution that adopts the AHPP.

(16)(17) Application Certification

The nonprofit must submit a document signed by an authorized representative of the organization certifying to FHA that the information submitted in response to the application package is accurate.

The nonprofit must include the following certification with the submission of a Complete Nonprofit Application:

I/We, the undersigned, certify under penalty of perjury that the information provided above is true and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §§ 3729, 3802).

The certification must include the date, and the authorized representative's printed name, signature, and title.

(B) Program-Specific Eligibility Requirements

All [General Application Requirements](#) apply to participation in any of the three nonprofit programs. Refer to the programs below for additional program-specific requirements.

(1) HUD Homes **[Text was deleted in this section.]**

~~(a) Name and Address Identification~~

~~(i) Standard~~

~~In order to bid on Real Estate Owned (REO) Properties, a nonprofit must obtain a Name and Address Identification (NAID), after it receives an approval letter from HUD to participate in the HUD Homes Program. To obtain an NAID, a nonprofit must submit the required documentation through the online NAID application portal at the HUD Home Store.~~

~~(ii) Required Documentation~~

~~The nonprofit must submit the IRS Letter of Determination/Ruling, HUD Nonprofit Approval Letter, IRS Form W-9, Request for Taxpayer Identification Number and Certification, and Single Family Acquired Asset Management System (SAMS) form SAMS-1111, Payee Name and Address.~~

~~(b)~~**(a) Restrictions on Sale or Lease of Properties**

FHA strictly prohibits the sale or lease of Properties acquired through the HUD Homes program to any of the nonprofit's officers, directors, elected or appointed officials, employees, or business associates, either during their tenure or for one year thereafter, or to any individual who is related by blood, marriage, or law to any of the above.

~~(c) Affordable Housing Program Plan~~

~~(i) Definition~~

~~An Affordable Housing Program Plan (AHPP), also known as the Affordable Housing Program Narrative, is referred to as an AHPP for purposes of this Handbook 4000.1.~~

~~AHPP refers to a program plan, as described in a written proposal submitted to FHA, operated by a nonprofit in specific geographic areas in which the nonprofit provides affordable homeownership opportunities for Low to Moderate Income buyers by purchasing, rehabilitating, and reselling HUD Homes to these buyers. The program can include other homeownership activities, such as counseling.~~

~~(ii) Standard~~

~~A nonprofit must adhere to its AHPP during its entire approval period. Any activity undertaken by a nonprofit that requires the use of their FHA nonprofit approval must be in accordance with the approved AHPP.~~

~~Unlike the application for approval, a separate AHPP must be submitted to every Jurisdictional HOC for the geographic areas in which the nonprofit agency wishes to do business.~~

~~If, at some point in the future, a nonprofit wants to engage in activities outside the scope of its approved AHPP, it must submit a revised AHPP to the Jurisdictional HOC(s) for approval prior to implementation.~~

(b) Conflicts of Interest

No person who is an employee, officer, or elected or appointed official of the nonprofit agency, or who is in a position to participate in a decision making process pursuant to the AHPP or gain inside information with regard to the lease or purchase of the Property pursuant to the AHPP may obtain a personal or financial interest or benefit from the purchase of the Property, or have an interest in any contract, subcontract, or agreement with respect thereto, or the proceeds thereunder, either for themselves, or for those with whom they have family or business ties, during their tenure or for one year thereafter.

~~(iii) Required Documentation~~

~~Copy of the AHPP~~

~~The nonprofit must submit a copy of the AHPP for each local area in which the nonprofit agency intends to be active. If the nonprofit wants to expand its approval area, the Jurisdictional HOC may require additional information.~~

~~The AHPP must address the following:~~

- ~~• the areas, including state, city, county, and zip code, in which the nonprofit plans to administer the program(s). The AHPP must demonstrate the ability of the nonprofit to perform throughout the geographic area presented. The program(s) must be operated within the geographic area specified by the AHPP;~~
- ~~• how Low to Moderate Income persons will benefit from participation in the program;~~
- ~~• how the nonprofit will transition families and individuals into homeownership;~~
- ~~• how the nonprofit's savings will be passed along to program recipients;~~

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

- ~~how the nonprofit will locate the Low- to Moderate-Income persons who will participate;~~
- ~~the type of homeownership counseling the nonprofit will provide to prospective homebuyers, if any. Provide a brief description of the administration of this counseling program;~~
- ~~provide a list of all Properties the nonprofit currently owns and has owned within the last three years, all Properties the nonprofit has rehabilitated (include approximate cost of rehabilitation), and all Properties that the nonprofit manages. Indicate which Properties were financed directly or indirectly with FHA funds. Provide the date purchased and the purchase price, the date on which rehabilitation was completed, the date the Property(ies) sold and its resale price. Include demographic information on Low- to Moderate-Income purchasers;~~
- ~~the estimated developer fees as a dollar amount or percentage of the selling price for future transactions;~~
- ~~the anticipated number and location of units the nonprofit expects to purchase;~~
- ~~a timeline for purchasing, rehabilitating, and selling (or placing in operation) Properties the nonprofit intends to purchase from HUD. Provide the number of Days for each phase of the development (actual dates are not necessary); and~~
- ~~if the nonprofit agency intends to provide a lease-purchase program, the information relative to the manner in which rent is collected and applied, and whether repair reserves will be utilized to minimize repair costs after purchase.~~

~~Copy of the Board Resolution~~

~~The nonprofit must submit a copy of a board resolution that adopts the complete AHPP. This resolution must be signed and dated by the appropriate persons under applicable state law and as identified in the Articles of Organization and other governing documents.~~

(2) FHA Mortgagor **[Text was deleted in this section.]**

(a) Restrictions on Sale or Lease of Properties

FHA strictly prohibits the sale or lease of Properties acquired by the nonprofit with FHA-insured financing to any of the nonprofit's officers, directors, elected or appointed officials, employees, or business associates, either during their tenure or for one year thereafter, or to any individual who is related by blood, marriage, or law to any of the above.

~~(b) Affordable Housing Program Plan~~

~~(i) Definition~~

~~An Affordable Housing Program Plan (AHPP), also known as the Affordable Housing Program Narrative, is referred to as an AHPP for purposes of this Handbook 4000.1.~~

~~AHPP refers to a program plan, as described in a written proposal submitted to FHA, operated by a nonprofit in specific geographic areas in which the nonprofit provides affordable homeownership opportunities for Low to Moderate Income buyers by purchasing, rehabilitating, and reselling HUD Homes to these buyers. The program can include other homeownership activities, such as counseling.~~

~~(ii) Standard~~

~~A nonprofit must adhere to its AHPP. Any activity undertaken by a nonprofit that requires the use of their FHA nonprofit approval must be in accordance with the approved AHPP.~~

~~If a nonprofit wants to engage in activities outside the scope of their AHPP, it must submit for approval a revised AHPP to the Jurisdictional HOC(s).~~

~~If, at some point in the future, a nonprofit wants to engage in activities outside the scope of its approved AHPP, it must submit a revised AHPP to the Jurisdictional HOC(s) for approval prior to implementation.~~

(b) Conflicts of Interest

No person who is an employee, officer, or elected or appointed official of the nonprofit agency or who is in a position to participate in a decision making process pursuant to the AHPP or gain inside information with regard to the lease or purchase of the Property pursuant to the AHPP may obtain a personal or financial interest or benefit from the purchase of the Property, or have an interest in any contract, subcontract, or agreement with respect thereto, or the proceeds thereunder, either for themselves, or for those with whom they have family or business ties, during their tenure or for one year thereafter.

~~(iii) Required Documentation~~

~~Copy of the AHPP~~

~~The nonprofit must submit a copy of the AHPP for each local area in which the nonprofit agency intends to be active. If the nonprofit wants to expand its approval area, the Jurisdictional HOC may require additional information.~~

The AHPP must address the following:

- the areas, including state, city, county, and zip code, in which the nonprofit plans to administer the program(s). The AHPP must demonstrate the ability of the nonprofit to perform throughout the geographic area presented. The program(s) must be operated within the geographic area specified by the AHPP;
- how Low to Moderate Income persons will benefit from participation in the program;
- how the nonprofit will transition families and individuals into homeownership;
- how the nonprofit's savings will be passed along to program recipients;
- how the nonprofit will locate the Low to Moderate Income persons who will participate;
- the type of homeownership counseling the nonprofit will provide to prospective homebuyers, if any. Provide a brief description of the administration of this counseling program;
- provide a list of all Properties the nonprofit currently owns and has owned within the last three years, all Properties the nonprofit has rehabilitated (include approximate cost of rehabilitation), and all Properties that the nonprofit manages. Indicate which Properties were financed directly or indirectly with FHA funds. Obtain the date purchased and the purchase price, the date on which rehabilitation was completed, the date the Property(ies) sold and its resale price. Include demographic information on Borrowers;
- the estimated developer fees or percentage of selling price for future transactions;
- the anticipated number and location of units the nonprofit expects to purchase;
- a timeline for purchasing, rehabilitating, and selling (or placing in operation) Properties the nonprofit intends to purchase from FHA. Provide the number of Days for each phase of the development (actual dates are not necessary); and
- if the nonprofit agency intends to provide a lease-purchase program, the information relative to the manner in which rent is collected and applied, and whether repair reserves will be utilized to minimize repair costs after purchase.

Copy of the Board Resolution

The nonprofit must submit a copy of a board resolution that adopts the complete AHPP. This resolution must be signed and dated by the appropriate persons under applicable state law and as identified in the Articles of Organization and other governing documents.

~~(c) Past Mortgage Performance~~

~~The nonprofit must submit evidence of any past or current mortgage performance. If applicable, the nonprofit must include performance of FHA-insured Mortgages, including addresses and FHA case numbers; certification of completion for each 203(k) Property, including date sold, and sales price; and the full name and telephone number of the Borrower.~~

(3) Secondary Financing **[Text was deleted in this section.]**

~~(a) Affordable Housing Program Plan~~

~~(i) Definition~~

~~An Affordable Housing Program Plan (AHPP), also known as the Affordable Housing Program Narrative, is referred to as an AHPP for purposes of this Handbook 4000.1.~~

~~AHPP refers to a program plan, as described in a written proposal submitted to FHA, operated by a nonprofit in specific geographic areas in which the nonprofit provides affordable homeownership opportunities for Low to Moderate Income buyers by purchasing, rehabilitating, and reselling HUD Homes to these buyers. The program can include other homeownership activities, such as counseling.~~

~~(ii) Standard~~

~~A nonprofit must adhere to its AHPP. Any activity undertaken by a nonprofit that requires the use of their FHA nonprofit approval must be in accordance with the approved AHPP.~~

~~Unlike the application for approval, a separate AHPP must be submitted to every Jurisdictional HOC for the geographic areas in which the nonprofit agency wishes to do business.~~

~~If, at some point in the future, a nonprofit wants to engage in activities outside the scope of its approved AHPP, it must submit a revised AHPP to the Jurisdictional HOC(s) for approval prior to implementation.~~

~~(iii) Required Documentation~~

~~Copy of the AHPP~~

~~The nonprofit must submit a copy of the AHPP that meets the requirements above. If the nonprofit wants to expand its approval area, the Jurisdictional HOC may require additional information.~~

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

The AHPP must address the following:

- the areas, including state, city, county, and zip code, in which the nonprofit plans to administer the program(s). The AHPP must demonstrate the ability of the nonprofit to perform throughout the geographic area presented. The program(s) must be operated within the geographic area specified by the AHPP;
- the source of current operating funds, and the long-term stability of these funding sources (include funding commitments from other organizations, if applicable). Provide documentation of the source(s) of funds for the secondary Loans to be provided;
- how Low to Moderate Income persons will benefit from participation in the program;
- how the nonprofit will locate the Low to Moderate Income persons who will participate;
- the type of homeownership counseling the nonprofit will provide to prospective homebuyers, if any. Provide a brief description of the administration of this counseling program;
- all fees and amounts charged to the Borrower, and whether they will be part of the secondary lien;
- the number of secondary financing Loans your nonprofit agency expects to provide per year;
- how the nonprofit will maintain control and oversight of the servicing of the nonprofit's Loans. If the nonprofit plans to use another entity to service the subordinate lien, submit a copy of the agreement between the nonprofit and the servicing entity;
- provide a description of the secondary financing program including eligibility requirements, restrictions on transferability and owner occupancy, and equity sharing if these features apply; and
- how the agency will ensure that the amount of assistance to be provided to homebuyers will conform with the restrictions in the approval letter, if applicable, and FHA underwriting guidelines.

Copy of the Board Resolution

The nonprofit must submit a copy of a board resolution that adopts the complete AHPP. This resolution must be signed and dated by the appropriate persons under applicable state law and as identified in the Articles of Organization and other governing documents.

(b) Restrictions on Conveyance

(e)(a) Standard

Restrictions on conveyance must comply with the requirements in [24 CFR § 203.41](#), including that they must automatically terminate if title to the

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

mortgaged Property is transferred by foreclosure or Deed-In-Lieu (DIL) of Foreclosure, or if the Mortgage is assigned to the Secretary.

(d)(b) Required Documentation

The nonprofit must submit copies of the legal instruments, such as the Mortgage and Note used by, or proposed to be used by, the nonprofit agency when providing secondary financing. Legal instruments with restrictions on conveyance must comply with the requirements in [24 CFR § 203.41](#).

iv. Submitting the Application

The nonprofit applicant must submit applications electronically through the [HUD Nonprofit Data Management System \(NPDMS\)](#). NPDMS is an automated web-based system designed to allow for the electronic submission of application, recertification, and reporting documentation. NPDMS collects, stores, and provides web-based access to participant applications and property activity data.

After [Submitting the Preliminary Information](#) and receiving confirmation of eligibility, the applicant will be provided with login instructions to access NPDMS. FHA will not accept paper applications.

The nonprofit must submit a completed application within 30 Days of receiving access to NPDMS. The application date refers to the date that the application package is electronically submitted through NPDMS.

v. Processing of the Application

FHA will review all completed applications for approval to determine whether the nonprofit complies with all eligibility requirements.

If FHA requires additional documentation or clarifying information, **FHA** **will** may request such additional information and provide the nonprofit with a deadline for response. If the nonprofit does not provide the additional information requested by any specified deadline, FHA may deny approval on this basis.

vi. Incomplete Application

Nonprofit agencies that submit an incomplete application package will receive a letter indicating the information required to cure the deficiency. This letter will give nonprofit agencies 15 Days from the date on the letter to correct any deficiencies. If the new nonprofit applicant does not satisfy the outstanding requirement in its entirety and within the prescribed deadlines, the approval will be denied and the nonprofit must wait an additional 90 Days before re-applying.

vii. Application Approval

Nonprofit agencies that are approved for participation will be issued an approval letter from ~~the Jurisdictional HOC~~ **FHA** describing which activities the nonprofit is approved for and any limitations associated with that approval. ~~An approval is valid for a two-year period.~~

~~An approval granted by one HOC will be recognized and accepted by all other HOCs, with the exception of the AHPP. A nonprofit agency's AHPP must be separately approved by every Jurisdictional HOC for the geographic areas in which the nonprofit agency seeks to do business.~~

viii. Application Rejection

A nonprofit's application may be rejected due to deficiencies or for failure to submit a program that complies with applicable regulations and requirements of this Handbook 4000.1. Nonprofit agencies that are not approved for participation will be issued a rejection letter from ~~the Jurisdictional HOC~~ **FHA** describing the reasons for the application rejection.

The nonprofit must wait 90 Days to submit a new application.

ix. Recertification

(A) Standard

(1) Recertification Process

To retain FHA approval, nonprofits must complete FHA's recertification process prior to their two-year approval expiration. Recertification of nonprofit agencies is not automatic. **Recertification requires that a nonprofit meet the Complete Nonprofit Application requirements and provide a program activity update.**

~~Nonprofit agencies must demonstrate that they have created affordable housing opportunities in a fiscally responsible way. Nonprofit agencies must demonstrate that they met the following standards, if applicable, during the approval period:~~

- ~~• ability to meet HUD's and the nonprofit agency's goals to expand affordable housing opportunities for Low-to-Moderate-Income individuals;~~
- ~~• acceptable Default and foreclosure rate(s) on FHA-insured Properties;~~
- ~~• ability to complete rehabilitation within approved time frames as identified in the AHPP;~~
- ~~• minimal change in staff and the nonprofit agency's experience;~~
- ~~• adherence to HUD resale requirements; and~~
- ~~• maintenance of an acceptable accounting system to report on property-specific costs related to purchase, rehabilitation, rental, and resale.~~

(a) Complete Nonprofit Application Requirements

Recertification requires the nonprofit to certify it continues to meet the Complete Nonprofit Application requirements, except for the Relevant Experience requirement.

The nonprofit must identify the requirements of the Complete Nonprofit Application that have not changed. For any Complete Nonprofit Application requirements that have changed during the approval period, including but not limited to the Board of Directors, principal management, consultant services, adequate facilities, or lending partners, the nonprofit must identify those requirements, describe what has changed, and upload the updated information or documentation into the Nonprofit Data Management System (NPDMS).

The nonprofit must provide updated Financial Capacity documentation at recertification.

(b) Program Activity

The nonprofit must provide information about the nonprofit's activity in the nonprofit programs for which it was approved, during the approval period. Nonprofits must demonstrate that they have created affordable housing opportunities. Nonprofits must demonstrate that they met the following standards, if applicable, during the approval period:

- ability to meet the goal of expanding affordable housing opportunities for Low- to Moderate-Income individuals and families;
- compliance with the program requirements for each program the nonprofit is approved to participate in; and
- adherence to the AHPP for the programs in which the nonprofit participates.

The nonprofit must submit information about its program activity, for each program it participates in, during the approval period. The nonprofit must provide the specific program activity information as set forth below:

Program Activity	Required Information
HUD Homes	• Property address • FHA case number (on acquisition) • Date of acquisition • Loan type • Purchase price • Mortgage amount • Name of Mortgagee • Discount amount • Net Development Costs (NDC)

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

	• Sold to Low- to Moderate-Income individual or family (yes or no) • Resale price • Resale date
<u>FHA Mortgagor</u>	• Case number • Mortgage amount • Settlement date • Loan type • If 203(k), date of rehabilitation completion • Name of Mortgagee • Is the loan part of a lease purchase program (yes or no) - o If so, have renters become homeowners under the terms of the agreement (yes or no) • Sales price if property resold • Sale to a Low- to Moderate-Income individual or family (yes or no) • Was the loan assumed (yes or no) • Delinquency date • Foreclosure date
<u>Secondary Financing</u>	• Property address • First lien mortgage amount • Second lien mortgage amount • Date of origination • Name of Mortgagee • Forgivable (yes or no) • Delinquency date • Foreclosure date

(c) Recertification Certification

The nonprofit must include the following certification with the submission of the recertification package:

I/We, the undersigned, certify under penalty of perjury that the information provided above is true and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §§ 3729, 3802).

The certification must include the date, and the authorized representative's printed name, signature, and title.

(2) Filing Deadline

The required documentation must be submitted to the **Jurisdictional HOCFHA Resource Center** at answers@hud.gov at least 90 Days prior to the end of the approval period. **The HOCFHA** must be notified of any changes that impact the recertification application after it has been submitted.

(B) Required Documentation

The recertification process requires a nonprofit to identify requirements of the Complete Nonprofit Application that have not changed. For any Complete Nonprofit Application requirements that have changed during the approval period, the nonprofit must identify those requirements, describe what has changed, and upload the updated information or documentation into the Nonprofit Data Management System (NPDMS).

To assist in identifying requirements that have not changed, as well as those that have, nonprofits may use, but are not required to use, the FHA Nonprofit Recertification Checklist.

Nonprofits must submit program activity data in NPDMS. Nonprofits may use, but are not required to use, the FHA Nonprofit Activity Workbook.

The recertification process is similar to that of the initial application process. Nonprofits must submit the following recertification documents through the **NPDMS**:

- a **Complete Nonprofit Application**; and
- a detailed description of the FHA program activities for which the nonprofit was approved during the approval period. Nonprofits must provide the following information where applicable:
 - property address;
 - FHA case number (on acquisition);
 - FHA case number (on resale, if applicable);
 - date of acquisition;
 - indication of whether the nonprofit utilized a 203(b) or 203(k) Mortgage for acquisition;
 - Net Development Costs (NDC);
 - mortgage amounts;
 - name of the first Mortgagee;
 - name of any additional Mortgagees (if applicable);
 - name of the ultimate Borrower;
 - household size and income;

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

- ~~○ discount amount;~~
- ~~○ resale price and date;~~
- ~~○ date of delinquency; and~~
- ~~○ date of Default.~~

~~Additional Required Documentation for FHA Mortgagor~~

~~The nonprofit must also submit evidence of any past or current mortgage performance. If applicable, the nonprofit must include performance of FHA-insured Mortgages, including addresses and FHA case numbers; certification of completion for each 203(k) Property, including date sold, and sales price; and the full name and telephone number of Borrower.~~

(C) Incomplete Recertification Application

Nonprofit agencies that submit incomplete recertification applications will receive a letter indicating the information required to cure the deficiency. This letter will give nonprofit agencies 15 Days from the date on the letter to correct any deficiencies. If the nonprofit applicant does not satisfy the outstanding requirement in its entirety and within the prescribed deadlines, the approval for recertification will be denied.

If the nonprofit does not submit an acceptable recertification application before the expiration of the two-year approval period, the nonprofit will be removed from the HUD Nonprofit Roster.

(D) Failure to Recertify

Failure to recertify will result in the nonprofit's removal from the program and the HUD Nonprofit Roster.

The nonprofit must comply with all program requirements for any program activity that was not finalized at the time of removal.

(E) Recertification Application Approval

Nonprofit agencies that are recertified for participation will be issued an approval letter from ~~the Jurisdictional HOC~~ **FHA** describing which activities the nonprofit is approved for and any limitations associated with that approval. An approval is valid for a two-year period.

~~An approval granted by one HOC will be recognized and accepted by all other HOCs, with the exception of the AHPP. A nonprofit agency's AHPP must be separately approved by every Jurisdictional HOC for the geographic areas in which the nonprofit agency seeks to do business.~~

(F) Recertification Application Rejection

A nonprofit's recertification application may be rejected due to deficiencies or for failure to submit a program that complies with applicable regulations and requirements of this Handbook 4000.1.

Nonprofit agencies that are not approved for recertification will be issued a rejection letter from ~~the Jurisdictional HOC~~ **FHA** describing the reasons for the rejection of the recertification application and will be removed from the HUD Nonprofit Roster.

c. Post-approval Requirements **(07/14/2025)**~~(09/20/2021)~~

Governmental Entities and HUD-approved Nonprofits must comply with the following requirements and restrictions for its FHA business operations in addition to continuing to operate in full compliance with the eligibility requirements outlined in this Handbook 4000.1.

i. Consultant Services

Consultant Services provided under an independent contractor relationship (as opposed to an employer-employee relationship) must not constitute more than half of the nonprofit's activities in the operation of its FHA-approved programs. This measurement will be calculated by evaluating the ratio of nonprofit staff to contracted or consultant staff; the ratio of hours devoted to the implementation of the AHP by nonprofit staff versus contracted or consultant staff; and the funds devoted to paying nonprofit staff compared to those paying contracted or consultant staff. The nonprofit must have the in-house resources and capacity to run its own programs, and contract for services on a temporary and supplementary basis.

Therefore, to ensure that the consultant services are provided on an arm's length basis, the nonprofit must disclose any written and/or side agreements with parties that may derive financial gain through the homeownership program. Disclosure must identify the name of the business entity, and the individuals from the company who will be working with the nonprofit, the terms of the relationship and how the party will be compensated. Failure to adequately disclose may result in a conflict-of-interest determination.

The nonprofit must contact ~~the Program Support Division (PSD)~~ **FHA** immediately ~~at the Jurisdictional HOC~~ if more than half of the nonprofit's activities are provided by consultants under an independent contractor relationship at any time during the approval period.

ii. Limitation on the Number of 203(k) FHA-Insured Mortgages

A nonprofit is prohibited from further borrowing under its FHA Mortgage approval if the nonprofit has 10 or more incomplete 203(k) developments at any given time.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

Exceptional Performance Waiver

Nonprofit agencies with an exceptional performance record of successfully completing 203(k) developments (defined as those agencies that have successfully completed 20 or more 203(k) developments) may apply to ~~the HOC~~**FHA** for a waiver of the limitation on 203(k) Mortgages. This waiver request must contain a narrative describing the nonprofit agency's homeownership or long-term rental program; current audited financial statements with an unqualified opinion from a CPA for the prior three years; a listing of all Properties currently owned by the nonprofit agency (both conventional and government financed); a record of performance on **all** 203(k) Mortgages (current as well as previous Loans); as well as the evidence to support the sale or rental of these Properties. Nonprofit agencies that are approved for this waiver, for financing for more than 10 203(k) Mortgages at one time, will have it stated in their approval letter from ~~the HOC~~**FHA**.

iii. HUD Homes – Name and Address Identification

(A) Standard

In order to bid on Real Estate Owned (REO) Properties, a nonprofit must obtain a Name and Address Identification (NAID), after it receives an approval letter from HUD to participate in the HUD Homes Program. To obtain an NAID, a nonprofit must submit the required documentation through the online NAID application portal at the HUD Home Store.

(B) Required Documentation

The nonprofit must submit the IRS Letter of Determination/Ruling **and** HUD Nonprofit Approval Letter.

iii.iv. HUD Homes – Individual Property Files

(A) Definition

Individual Property Files refer to files that Governmental Entities and HUD-approved Nonprofits participating in the HUD Homes program must maintain for each Property purchased, sold, or leased when a discount of 10 percent or greater is obtained at the time of purchase.

(B) Standard

Governmental Entities and HUD-approved Nonprofits must submit the Individual Property Files to FHA through the NPDMS no later than 60 Days after the resale of a Property to a subsequent homebuyer. Governmental Entities and HUD-approved Nonprofits must ~~send an email to the appropriate point of contact within the PSD, in the Jurisdictional HOC~~**contact the FHA Resource Center at answers@hud.gov**, notifying them when an Individual Property File is ready for review. Individual

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

Property Files are ready for review once all data has been entered and supporting documentation has been uploaded.

The Individual Property File must be maintained for a minimum of three years after the Property is sold by the nonprofit.

(C) Required Documentation

The Individual Property File must include all supporting documentation for NDCs.

The supporting documentation includes the following:

- copies of the fully executed Closing Disclosures or similar legal documents for the nonprofit's purchase from HUD and from the nonprofit's resale of the Property to the new purchaser;
- a copy of a signed Land Use Restriction Addendum (LURA);
- income verification for the purchaser who bought from the nonprofit. This may be in the form of pay stubs; Verification of Employment (VOE); the most recent IRS Form W-2, *Wage and Tax Statement*; or Tax Returns. Nonprofits must also provide a certification that the resale purchaser's income was at or below 115 percent of HUD's determination of median income for their area when adjusted for family size;
- appraisal reports if the Property was purchased as a 203(k) or financed with 203(b) or other FHA insurance funds;
- rehabilitation documents must include:
 - Work Write-Up/contractor estimate of repair costs
 - change orders
 - inspection of repairs by nonprofit
 - invoices from contractors
 - copies of payments to contractors
- additional rehabilitation documents for 203(k) must include:
 - draw requests
 - Lien Waivers
 - Final Release Notice
- if the Property is leased under an approved lease/purchase program:
 - copies of executed lease
 - income verification
 - evidence of proactive work of nonprofit to move tenants into homeownership
 - appraisal or document from independent third party to determine fair market rent
 - list of other program costs, including developer's fees

Accounting records must be maintained in a property-specific format so that cost calculations can be made for all expenses related to each specific Property.

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

In addition, Governmental Entities and HUD-approved Nonprofits must submit a list of all business partners participating in the acquisition, rehabilitation and resale of the Property. The list must include the name of the company, the name of the principals, the name and title of all staff with whom the nonprofit is working, a description of the services provided by the company, and an accounting of the costs and fees associated with those services. This information must be reported for all real estate agents, Lenders, and contractors involved in the acquisition, rehabilitation and sale of the HUD Homes Property.

(D) HUD Homes – Net Development Costs

The NDCs are composed of the allowable property Acquisition Costs plus allowable rehabilitation, holding, and selling costs which Governmental Entities and HUD-approved Nonprofits incur when purchasing HUD Homes at discounted prices, redeveloping the Properties for resale, and selling those Properties. The NDC calculation applies to all HUD Homes sold to nonprofit organizations and Governmental Entities at a 10 percent or greater discount regardless of the source of the financing (FHA, conventional Mortgage, or cash), except for discounted REO homes purchased through the Dollar Home Sales to Local Governments, Asset Control Areas (ACA), and Good Neighbor Next Door (GNND) programs.

The purpose of these discounts and the limits on development costs is to make housing affordable to Low- to Moderate-Income families. HUD limits the costs that are eligible to be included in the NDC calculation and prohibits the nonprofit organization or Governmental Entity from reselling the repaired or improved Properties at prices in excess of 110 percent of the NDC calculation. If the nonprofit organization's or Governmental Entity's resale price of the HUD Home exceeds 110 percent of the NDC, or if non-allowable items that are included in the NDC result in an excessive sales price, the HUD-approved Nonprofit or Governmental Entity must use the excess profit to pay down the existing Mortgage associated with that particular resale.

(1) Costs Allowed in Calculating the Net Development Costs

Only the costs specifically included in the following list, within the prescribed limitations and/or conditions, may be included in calculating the NDCs:

- the discounted purchase price paid to HUD;
- upon the purchase of the Property from HUD, prepaid items and financing and closing costs actually incurred, which must be reasonable and customary for the area in which the Property is located;
- for the time period the nonprofit organization or Governmental Entity holds title, the following costs, limited to amounts that are reasonable and customary for the area in which the Property is located, may be included:
 - fees paid to an approved 203(k) Consultant for Work Write-Ups, Cost Estimates, and inspections only;

I. DOING BUSINESS WITH FHA

B. Other Participants

4. Nonprofits and Governmental Entities

- property management, but only if related to periodic inspection and/or minor maintenance of the Property;
- architectural fees, but only if the services are provided by a licensed architectural firm or individual architect;
- rehabilitation costs, which are the total verifiable contractor and vendor expenditures incurred in the actual reconstruction, repair, restoration, and physical improvement of the Property. Rehabilitation costs are limited to the actual price paid to the contractor for completing each repair or improvement, and may also include expenditures for mechanical systems inspections, sewer and well inspections, repair inspections, foundation certifications for Manufactured Housing obtained from a licensed engineer, and roof inspections from a licensed contractor. HUD may require canceled checks and corresponding receipts as proof of rehabilitation costs. When calculating the NDC, Governmental Entities or HUD-approved Nonprofits using grant funds for the rehabilitation of HUD Homes acquired at a discount, cannot include the cost of the rehabilitation that is paid for by those grant funds;
- cost of public and municipal services and utilities and real property taxes for the subject premises, except for delinquent interest or penalty charges incurred as a result of failure of program participant to pay these expenses in a timely manner;
- cost of termite inspection and extermination services;
- Homeowners' Association (HOA) or Condominium Fees;
- permits and other fees paid to units of state and local governments that are required by rule, law, regulation, or other legally binding mandate that must be paid before initiating or completing the rehabilitation or property improvement;
- survey costs;
- hazard and liability insurance premiums; and
- interest portion of Mortgage Payments limited to a maximum of ~~six~~ 18 months' interest payments, less any and all rents received. If the Property is resold in less than 18 months/180 Days, the interest payment credit must be pro-rated on the basis of the actual payments made – rent received and interest paid would be allowable costs but not the principal; and
- upon the resale of the Property to a new purchaser, only the following seller closing costs that are actually incurred, limited to amounts that are reasonable and customary for the area in which the Property is located, may be included:
 - ½ of closing agent fee (seller's portion);
 - electronic wiring fees;
 - courier and mailing fees (seller's documents only);
 - title insurance premium (owner's policy only);
 - state, county, or city tax stamps, if local law requires the seller to pay these costs;

I. DOING BUSINESS WITH FHA
B. Other Participants
4. Nonprofits and Governmental Entities

- homeowners warranty premium;
- environmental hazard certification;
- document preparation fee (seller's documents only);
- recording (deed only) and reconveyance fees;
- sales commissions for real estate broker/agent services; and
- condominium transfer fee.

(2) Costs Not Allowed in Calculating the Net Development Costs

Costs not listed in [Costs Allowed in Calculating the Net Development Costs](#) are ineligible and cannot be included in the NDC calculation. Ineligible costs include:

- general administration cost of the nonprofit organization's or Governmental Entity's AHPP and homeownership programs, including overhead and staffing costs;
- housing developer fees and/or real estate consultant fees;
- sales bonuses and sales incentives (other than sales commissions) for selling or listing real estate brokers/agents;
- Gifts to the Low- to Moderate-Income purchaser for downpayment, financing or closing costs, prepaid items, and any other purchaser-related expenses associated with their purchase of the Property;
- development, maintenance, and management costs related to other Properties in the nonprofit organization's or Governmental Entity's inventory;
- delinquent property tax or utility penalties and interest; and
- Mortgage Payment late fees, prepayment penalties, payoff quote fees, and fax charges; and
- ~~any development costs that are paid from local, state, or federal grant funds that would otherwise be allowable in the NDC calculation.~~

(E) HUD Homes – Land Use Restriction Addendum

(1) Definition

The [Land Use Restriction Addendum \(LURA\)](#) is a legally binding contractual agreement between HUD and the Governmental Entities or nonprofits imposing restrictions on the resale of a HUD Home that the nonprofit organization or Governmental Entity purchased at a discount of 10 percent or greater.

(2) Standard

Governmental Entities and HUD-approved Nonprofits participating in the HUD Homes program must execute the [LURA](#) as part of the FHA sales contract for any Property purchased at a 10 percent or greater discount. The LURA terminates five years from the date of execution.

I. DOING BUSINESS WITH FHA

B. Other Participants

5. Real Estate Brokers

The LURA requires the purchaser to expand affordable housing opportunities by complying with the following requirements:

- The purchaser must complete needed repairs to bring the Property into compliance with local housing code followed by resale, lease, or lease purchase only to a person who intends to occupy the Property as their Principal Residence and whose income is at or below 115 percent of the median income in the area, when adjusted for family size, or state, Governmental Entity, tribe, or agency thereof.
- If sold, the purchaser must resell the Property for an amount not in excess of 110 percent of the NDCs. The NDCs are the total HUD-allowable costs to purchase, rehabilitate, and resell the Property.
- The Property may not be occupied by or resold to any of the purchaser's officers, directors, elected or appointed officials, employees, or business associates, either during their tenure or for one year thereafter, or to any individual who is related by blood, marriage, or law to any of the above.
- There may be no conflict of interest with individuals or firms that may provide acquisition or rehabilitation funding; management, sales or rehabilitation services; or other services associated with the Property.

The Governmental Entity or HUD-approved Nonprofit must provide periodic reports, in the format and frequency specified in the [HUD Homes – Individual Property Files](#) section.

Exception

Discounted homes purchased through the Dollar Homes Sales to Local Governments, GNND and ACA programs are not subject to the LURA restrictions.

5. Real Estate Brokers

a. Definitions (09/30/2016)

A HUD-Registered Real Estate Broker is a real estate listing or selling broker approved by HUD to list or sell HUD Real Estate Owned (REO) Properties.

A Listing Broker is a HUD-Registered Real Estate Broker who lists HUD-owned Properties for sale.

A Selling Broker is a HUD-Registered Real Estate Broker who submits bids on behalf of prospective buyers.

b. Requirements (09/30/2016)

i. Program Overview

HUD must approve any real estate broker wishing to list Properties or represent buyers in sales transactions of [HUD REO Properties](#).

ii. Use of Name and Address Identification

Each real estate broker wishing to list Properties or represent buyers in sales transactions of [HUD REO Properties](#) must have an active Name and Address Identification (NAID) issued by HUD; all agents conducting business in that real estate broker's office may use that broker's active NAID. For brokerages with several offices, each with a different real estate broker, each office may apply for a separate NAID.

c. Application and Registration Process (09/09/2019)

i. Real Estate Broker's Application

Real estate brokers must submit the following to the ~~Jurisdictional Homeownership Center (HOC)~~ [FHA Resource Center at answers@hud.gov](#) for the area in which the broker's office is located:

- form [SAMS-1111](#), *Payee Name and Address*;
- form [SAMS-1111-A](#), *Real Estate Broker Certification*;
- IRS Letter 147C or other official Internal Revenue Service (IRS) document reflecting their business name and Employer Identification Number (EIN) or, if operating under a Social Security Number (SSN), a copy of their Social Security card;
- a copy of their active real estate broker's license with an expiration date;
- a copy of their current driver's license with an expiration date; and
- a recent utility bill or bank statement that lists the address and company or broker name shown on form SAMS-1111.

ii. HUD Registration

HUD will issue an NAID to HUD-Registered Real Estate Brokers via [HUD Home Store](#).

d. Annual Recertification (09/30/2016)

HUD-Registered Real Estate Brokers must be recertified by HUD each year. NAID certifications for brokers are valid for only one year from the date they are issued. HUD-Registered Real Estate Brokers must submit the completed form SAMS-1111 and supporting documentation to the ~~Jurisdictional HOC for the area in which the broker's office is located~~ [FHA Resource Center at answers@hud.gov](#).

Failure to timely submit annual recertification may result in deactivation of the NAID by HUD in accordance with [24 CFR § 291.100\(i\)](#).

6. Closing Agents

a. Requirements (09/30/2016)

Closing Agents must meet all of the following requirements in order to conduct a closing on a sales transaction of a [HUD REO Property](#).

i. Licensure or Ability to Do Business in State where Property is Located

The Closing Agent must be an attorney, title company, or escrow company that meets all state and local requirements for eligibility to conduct closings as follows:

- An attorney or law firm may act as Closing Agent if they are duly licensed to practice law in the state where the Property is located and state law allows an attorney to facilitate closings.
- A title company may act as Closing Agent if they are duly licensed to do business in the state where the Property is located and are regulated by the state insurance commission, or similar regulatory agency recognized by the state.
- An escrow company may act as Closing Agent if they are duly licensed to do business in the state where the Property is located and meet all state legal and regulatory requirements as a recognized and registered escrow company.

ii. Errors and Omissions Insurance

The Closing Agent is covered by errors and omissions insurance of at least \$1,000,000.

iii. Debarment or Suspension

A Closing Agent must not, and cannot, participate in any aspect of the closing or title clearance process if they are currently debarred, suspended, or otherwise excluded from participating in HUD's programs.

b. Application and Approval Process (09/30/2016)

i. Title Identification Number

(A) Definition

A Title Identification (ID) Number is a number identifying a Closing Agent registered to perform closings on HUD REO sales transactions.

(B) Standard

The Closing Agent must complete a one-time registration to receive a HUD-issued Title ID Number. The Closing Agent must provide to the [Asset Manager \(AM\)](#):

- a copy of the Closing Agent's state license; and
- a Closing Protection Letter (CPL) evidencing errors and omissions insurance coverage.

I. DOING BUSINESS WITH FHA
B. Other Participants
7. Title I Property Improvement Dealers (05/09/2022)

HUD will review the Closing Agent's documentation and, if HUD approves, will issue a Title ID Number. The AM will notify the Closing Agent of the issuance of the Title ID Number.

ii. P260 Access

Once the Closing Agent has received a HUD-issued Title ID Number, the Closing Agent must contact the AM to request access to [P260](#).

7. Title I Property Improvement Dealers (05/09/2022)

A Dealer, for the purposes of a Title I Property Improvement Loan, refers to a seller, contractor, or supplier of goods or services. If the Dealer assisted the Borrower in preparing the credit application or assisted the Borrower in obtaining the Loan from the Lender, the Lender must comply with the requirements in [Direct and Dealer Loan Process for Property Improvement Loan Program](#).

To facilitate the financing of property improvements, the Dealer may enter into a Business Relationship with an FHA Title I approved Lender that will provide financing to the Borrower.

8. Title I Manufactured Home Dealers (05/09/2022)

A Dealer, in the case of Manufactured Home Loans, is a person or business that is engaged in the business of manufactured home retail sales. Dealers of manufactured home sales have a financial interest (either direct or indirect) in the transaction.

If a Dealer assisted the Borrower in preparing the credit application or assisted the Borrower in obtaining the Loan from the Lender, the Lender must comply with the requirements in [Direct and Dealer Loan Process for Manufactured Home Loan Program](#).

9. Title I Chattel Appraisers

a. Definitions (05/09/2022)

Chattel Appraiser refers to an appraiser who observes, analyzes, and reports the physical and economic characteristics of Chattel and provides an opinion of value to FHA.

Chattel refers to tangible, movable Personal Property that is not Real Property.

b. Standard (05/09/2022)

To be eligible to appraise Chattel, the Chattel Appraiser must be:

- certified as a Manufactured Housing Valuation (MHV) appraiser. MHV appraisers are trained and [certified](#) in accordance with [NADAguides](#) guidelines to use the National Appraisal System (NAS); or
- certified as a real estate Appraiser who is listed as active on the [FHA Appraiser Roster](#), and certifies on each appraisal that the Appraiser has experience and

I. DOING BUSINESS WITH FHA
B. Other Participants
9. Title I Chattel Appraisers

competence in appraising Manufactured Homes where ownership interest is Chattel (or Personal Property).

In addition, the Chattel Appraiser must not be:

- suspended, debarred, or otherwise excluded; and
- listed on HUD's [Limited Denial of Participation \(LDP\) List](#), HUD's [Credit Alert Verification Reporting System \(CAIVRS\)](#), or subject to any current loss of standing or suspension as a certified Appraiser in any state. A state refers to any state of the United States, Puerto Rico, the District of Columbia, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, or the United States Virgin Islands.

i. Competency Requirement

The Chattel Appraiser must be knowledgeable of the [Uniform Standards of Professional Appraisal Practice \(USPAP\)](#) and FHA appraisal requirements. The Chattel Appraiser must meet the competency requirements defined in USPAP prior to accepting an assignment. The Chattel Appraiser must be knowledgeable in the market where the assignment is located.

ii. Licensing Requirement

For appraisals of Manufactured Homes under chattel ownership, if the appraiser is not a certified real estate appraiser listed as active on the FHA Appraiser Roster as above, then the appraiser must provide proof of certification as an MHV appraiser.

iii. Compliance to Uniform Standards of Professional Appraisal Practice

All Chattel Appraisers must comply with [USPAP](#), including the Competency Rule, when conducting appraisals of Properties classified as Personal Property or Real Property.

All appraisers providing services involving Manufactured Homes where the property interest is Chattel (or Personal Property) will follow USPAP Standards 7 and 8 when developing and reporting the results of the appraisal.

iv. Pending or Settled Actions

Prior to accepting an assignment from a Lender, the Chattel Appraiser must disclose all lawsuits, administrative complaints, Findings, or reports produced in connection with an investigation, audit, or review conducted by HUD, another federal, state, or local governmental agency, or by any other regulatory or oversight entity with jurisdiction over the Chattel Appraiser, its officers, partners, directors, principals, managers, supervisors, and other agents, that are currently pending or were resolved within two years of the application, including any violations of the Fair Housing Act, 42 U.S.C. §§ 3601–3619.

c. Post-appraisal Requirements (05/09/2022)

The Appraiser must comply with the following requirements and restrictions for its FHA business operations in addition to continuing to operate in full compliance with the eligibility requirements outlined in this Handbook 4000.1.

i. Compliance with Law

The Appraiser's performance must comply with all applicable federal, state, and local laws, including the Fair Housing Act and other federal, state, or local antidiscrimination laws.

ii. Appraiser Competency Requirement

The Chattel Appraiser assigned to provide the appraisal must be able to complete an assignment for the property type, assignment type, and geographic location of the subject Property.

The Chattel Appraiser must comply with USPAP, including the Competency Rule, when conducting appraisals of Properties intended as security for FHA-insured financing.

iii. Communications with Appraisers

A Chattel Appraiser must avoid conflicts of interest and the appearance of conflicts of interest. To avoid conflicts of interest and the appearance of conflicts of interest, the Chattel Appraiser must not have substantive communications relating to or having an impact on valuation, including ordering or managing an appraisal assignment with any member of a Lender's loan production staff, any person who is compensated on a commission based on the successful completion of a Loan, or any person who reports to any officer of the Lender who is associated with the loan production staff and process.

The Chattel Appraiser is bound by the confidentiality provisions of USPAP and, other than the exceptions to the confidentiality provisions listed in USPAP, may not discuss the value or conclusions of the appraisal with anyone other than the Title I underwriter or FHA staff or their representatives. The Chattel Appraiser may discuss components of the appraisal that influence its quality and value with the Title I underwriter who has responsibility for underwriting the case.

The Chattel Appraiser may interact with real estate agents and others during the normal course of business to provide property access, information, and other market data.

iv. Appraisal Fees

The Chattel Appraiser and the Lender or Lender-designated third party will negotiate the appraisal fees and due date. FHA does not establish appraisal fees or due dates.

v. Obligation to Report

(A) Professional Appraisal Organizations

The Chattel Appraiser may be a member or hold designations in professional appraisal organizations. If the Chattel Appraiser is a member, candidate, or associate of an appraisal organization, the Chattel Appraiser must report to the Lender any adjudicated actions resulting in a disciplinary action, or the suspension of the Chattel Appraiser within 14 Days of such action. The Chattel Appraiser must also disclose this information on each appraisal report submitted for FHA chattel loans for the entire period in which the disciplinary action is in place.

(B) Safeguards for Appraiser Independence

The Chattel Appraiser must report attempts to influence independence to answers@hud.gov or by calling 1-800-CALLFHA (1-800-225-5342). In addition, the Chattel Appraiser must report the attempts to HUD's Office of Inspector General (OIG). All referrals to the OIG should be made to the OIG Hotline's call center at 1-800-347-3735 or via the OIG Hotline's website at www.hudoig.gov/hotline. Lenders, Appraisal Management Companies (AMC), and third parties are prohibited from influencing the independence of the Chattel Appraiser and the valuation process. Prohibited acts and attempts to influence the results of an appraisal include the following:

- withholding or threatening to withhold timely payment or partial payment for an appraisal report;
- withholding or threatening to withhold future business from a Chattel Appraiser, or demoting, terminating, or threatening to demote or terminate a Chattel Appraiser;
- making expressed or implied promises of future business, promotions, or increased compensation for a Chattel Appraiser;
- conditioning the ordering of an appraisal report or the payment of an appraisal fee, salary, or bonus on the opinion, conclusion, or valuation to be reached, or on a preliminary value estimate requested from a Chattel Appraiser;
- requesting that a Chattel Appraiser provide an estimated, predetermined, or desired valuation in an appraisal report prior to the completion of the appraisal report, or requesting that a Chattel Appraiser provide estimated values or comparable sales at any time prior to the Chattel Appraiser's completion of an appraisal report;
- providing the Chattel Appraiser with an anticipated, estimated, encouraged, or desired value for a subject Property, or a proposed or target amount to be loaned to the Borrower, except for a copy of the sales contract for purchase and any addendum, which must be provided;
- providing the Chattel Appraiser, appraisal company, AMC, or any entity or person related to the Chattel Appraiser, with stock or other financial or nonfinancial benefits;

I. DOING BUSINESS WITH FHA

B. Other Participants

9. Title I Chattel Appraisers

- allowing the removal of a Chattel Appraiser from a list of qualified Chattel Appraisers or the addition of a Chattel Appraiser to an exclusionary list of qualified Chattel Appraisers, used by any entity, without prompt written notice to the Chattel Appraiser that includes written evidence of the Chattel Appraiser's illegal conduct, violation of USPAP or state licensing standards, improper or unprofessional behavior, or other substantive reason for removal;
- ordering, obtaining, using, or paying for a second or subsequent appraisal or Automated Valuation Model (AVM) in connection with a mortgage financing transaction, unless:
 - there is a reasonable basis to believe that the initial appraisal was flawed or tainted, and such appraisal is clearly and appropriately noted in the case binder; or
 - such appraisal or AVM was completed pursuant to a written, pre-established bona fide pre- or post-funding appraisal review, quality control process, or underwriting guidelines, and the Lender adheres to a policy of selecting the most reliable appraisal, rather than the appraisal that states the highest value; and
- any other act or practice that impairs or attempts to impair an Appraiser's independence, objectivity, or impartiality or violates law or regulation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. TITLE II INSURED HOUSING PROGRAMS FORWARD MORTGAGES

The Title II Insured Housing Programs Forward Mortgages, Origination through Post-closing/Endorsement section in this *FHA Single Family Housing Policy Handbook* (Handbook 4000.1) provides the origination, underwriting, closing, post-closing, and endorsement standards and procedures applicable to all Single Family (one- to four-units) Mortgages insured under Title II of the National Housing Act, except for Home Equity Conversion Mortgages (HECM). The Mortgagee must fully comply with all of the following standards and procedures in originating, underwriting, and closing for obtaining Federal Housing Administration (FHA) mortgage insurance on a Mortgage. If there are any exceptions or program-specific standards or procedures that differ from those set forth below, the exceptions or alternative [program or product](#) specific standards and procedures are explicitly stated. Terms and acronyms used in this Handbook 4000.1 have their meanings defined in the [Glossary and Acronyms](#) and in the specific section of Handbook 4000.1 in which the definitions are located.

1. Origination/Processing

a. Applications and Disclosures (06/27/2025) ~~Text was deleted in this section.~~

The Mortgagee must obtain a completed [Fannie Mae Form 1003/Freddie Mac Form 65](#), *Uniform Residential Loan Application (URLA)*, from the Borrower and provide all required federal and state disclosures in order to begin the origination process. The Mortgagee is responsible for using the most recent version of all forms as of the date of completion of the form.

i. Contents of the Mortgage Application Package

The Mortgagee must maintain all information and documentation that is relevant to its approval decision in the mortgage file. All information and documentation that is required in this Handbook 4000.1, and any incidental information or documentation related to those requirements, is relevant to the Mortgagee's approval decision.

If after obtaining all documentation required below, the Mortgagee has reason to believe it needs additional support of the approval decision, the Mortgagee must obtain additional explanation and documentation, consistent with information in the mortgage file, to clarify or supplement the information and documentation submitted by the Borrower.

(A) General Requirements

(1) Maximum Age of Mortgage Documents

(a) General Document Age

Documents used in the origination and underwriting of a Mortgage may not be more than 120 Days old at the Disbursement Date, except for appraisals,

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

which are subject to separate validity period requirements. Documents whose validity for underwriting purposes is not affected by the passage of time, such as divorce decrees or Tax Returns, may be more than 120 Days old at the Disbursement Date.

For purposes of counting Days for periods provided in this Handbook 4000.1, Day one is the Day after the effective or issue date of the document, whichever is later.

(b) Appraisal Validity

(i) Initial Appraisal Validity

The initial appraisal validity period is 180 Days from the effective date of the appraisal report. See [Ordering Appraisals](#).

(ii) Appraisal Update

Where the initial appraisal report will be more than 180 Days at Disbursement Date, an appraisal update may be performed to extend the appraisal validity period. See [Ordering an Update to an Appraisal](#). Where the initial appraisal is updated, the updated appraisal is valid for one year after the effective date of the initial appraisal report that is being updated.

(2) Handling of Documents

Mortgagees must not accept or use documents relating to the employment, income, assets, or credit of Borrowers that have been handled by or transmitted from or through unknown parties or Interested Parties. Mortgagees may not accept or use any Third Party Verifications (TPV) that have been handled by or transmitted from or through unknown parties, Interested Parties, or the Borrower.

Exception for Mortgagees and TPOs

The Mortgagee and TPO are permitted to handle documents relating to the employment, income, assets, credit, or occupancy of Borrowers.

(a) Information Sent to the Mortgagee Electronically

The Mortgagee must authenticate all documents received electronically by examining the source identifiers (e.g., the fax banner header or the sender's email address) or contacting the source of the document by telephone to verify the document's validity. The Mortgagee must document the name and telephone number of the individual with whom the Mortgagee verified the validity of the document.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(b) Information Obtained via Internet

The Mortgagee must authenticate documents obtained from an internet website and examine portions of printouts downloaded from the internet.

Documentation obtained through the internet must contain the same information as would be found in an original hard copy of the document.

(c) Confidentiality Policy for Credit Information

Mortgagees must not divulge sources of credit information, except as required by a contract or by law. All personnel with access to credit information must ensure that the use and disclosure of information from a credit report complies with:

- the Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the Fair Credit Reporting Act (FCRA), 15 U.S.C. §§ 1681a–1681x;
- the Right to Privacy Act, 5 U.S.C. § 552a;
- the Right to Financial Privacy Act, 12 U.S.C. §§ 3401–3423; and
- the Equal Credit Opportunity Act (ECOA), 15 U.S.C. §§ 1691a–1691f.

(3) Signature Requirements for All Application Forms

All Borrowers must sign and date the initial and final *URLA*. All Borrowers must sign and date page two of the initial form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, and sign and date the complete final form HUD-92900-A. The application may not be signed by any party who will not be on the Note.

- For Borrowers that are entities, the signatory must be a representative who is duly authorized to bind the entity.
- A Power of Attorney (POA) may not be used unless the Mortgagee verifies and documents that all of the following requirements have been satisfied:
 - For military personnel, a POA may only be used:
 - when the service member is on overseas duty or on an unaccompanied tour;
 - when the Mortgagee is unable to obtain the absent Borrower's signature on the application by mail or via fax; and
 - where the attorney-in-fact has specific authority to encumber the Property and to obligate the Borrower. Acceptable evidence includes a durable POA specifically designed to survive incapacity and avoid the need for court proceedings.
 - For incapacitated Borrowers, a POA may only be used where:
 - a Borrower is incapacitated and unable to sign the mortgage application;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

- the incapacitated individual will occupy the Property to be insured, or the Property is being underwritten as an eligible Investment Property; and
- the attorney-in-fact has specific authority to encumber the Property and to obligate the Borrower. Acceptable evidence includes a durable POA specifically designed to survive incapacity and avoid the need for court proceedings.

For guidance on use of POA on closing documents refer to [Use of Power of Attorney at Closing](#).

Prohibition on Documents Signed in Blank

Mortgagees are not permitted to have Borrowers sign documents in blank, incomplete documents, or blank sheets of paper.

(4) Policy on Use of Electronic Signatures

(a) Definition

An Electronic Signature refers to any electronic sound, symbol, or process attached to or logically associated with a contract or record and executed or adopted by a person with the intent to sign the contract or record. FHA does not accept an electronic signature that is solely voice or audio. Digital signatures are a subset of electronic signatures.

(b) Use of Electronic Signatures

An electronic signature conducted in accordance with the Electronic Signature Performance Standards (Performance Standards) is accepted on FHA documents requiring signatures to be included in the case binder for mortgage insurance, unless otherwise prohibited by law.

Electronic signatures meeting the Performance Standards are treated as equivalent to handwritten signatures.

(c) Electronic Signature Performance Standards

The Performance Standards are the set of guidelines that govern FHA acceptance of an electronic signature. The use of electronic signatures is voluntary. However, Mortgagees choosing to use electronic signatures must fully comply with the Performance Standards.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(i) The Electronic Signatures in Global and National Commerce Act Compliance and Technology

A Mortgagee's electronic signature technology must comply with all requirements of the Electronic Signatures in Global and National Commerce Act (ESIGN Act), including those relating to disclosures, consent, signature, presentation, delivery, and retention, and with any state law applicable to the transaction.

(ii) Third Party Documents

Third Party Documents are those documents that are originated and signed outside of the control of the Mortgagee, such as the sales contract. FHA will accept electronic signatures on Third Party Documents included in the case binder for mortgage insurance endorsement in accordance with the ESIGN Act and the Uniform Electronic Transactions Act (UETA). An indication of the electronic signature and date should be clearly visible when viewed electronically and in a paper copy of the electronically signed document.

(iii) Authorized Documents

Authorized Documents refer to the documents on which FHA accepts electronic signatures provided that the Mortgagee complies with the Performance Standards.

- **Mortgage Insurance Endorsement Documents:** Electronic signatures will be accepted on all documents requiring signatures included in the case binder for mortgage insurance except the Note. FHA will accept electronic signatures on the Note for forward Mortgages only. FHA will not accept electronic signatures on HECM Notes.
- **Servicing and Loss Mitigation Documentation:** Electronic signatures will be accepted on any documents associated with servicing or loss mitigation services for FHA-insured Mortgages.
- **FHA Insurance Claim Documentation:** Electronic signatures will be accepted on any documents associated with the filing of a claim for FHA insurance benefits, including form [HUD-27011](#), *Single Family Application for Insurance Benefits*.
- **HUD Real Estate Owned (REO) Documents:** Electronic signatures will be accepted on the HUD REO Sales Contract and related addenda.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

***(iv)* Associating an Electronic Signature with the Authorized Document**

The Mortgagee must ensure that the process for electronically signing authorized documents provide for the document to be presented to the signatory before an electronic signature is obtained. The Mortgagee must ensure that the electronic signature is attached to, or logically associated with, the document that has been electronically signed.

***(v)* Intent to Sign**

The Mortgagee must be able to prove that the signer certified that the document is true, accurate, and correct at the time signed. Electronic signatures are only valid under the ESIGN Act if they are “executed or adopted by a person with the intent to sign the record.” Establishing intent includes:

- identifying the purpose for the Borrower signing the electronic record;
- being reasonably certain that the Borrower knows which electronic record is being signed; and
- providing notice to the Borrower that their electronic signature is about to be applied to, or associated with, the electronic record.

Intent to use an electronic signature may be established by, but is not limited to:

- an online dialog box or alert advising the Borrower that continuing the process will result in an electronic signature;
- an online dialog box or alert indicating that an electronic signature has just been created and giving the Borrower an opportunity to confirm or cancel the signature; or
- a click-through agreement advising the Borrower that continuing the process will result in an electronic signature.

***(vi)* Single Use of Signature**

Mortgagees must require a separate action by the signer, evidencing intent to sign, in each location where a signature or initials are to be applied.

This provision does not apply to documents signed by Mortgagee employees or Mortgagee contractors provided the Mortgagee obtains the consent of the individual for the use of their electronic signature. The Mortgagee must document the employee’s or contractor’s consent.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(vii) Authentication

Definition

Authentication refers to the process used to confirm a signer's identity as a party in a transaction.

Standard for Authentication

Before a Mortgagee submits the case for endorsement, the Mortgagee must confirm the identity of the signer by authenticating data provided by the signer with information maintained by an independent source.

Independent sources include, but are not limited to:

- national commercial credit bureaus;
- commercially available data sources or services;
- state motor vehicle agencies; or
- government databases.

The Mortgagee must verify a signer's name and date of birth, and either their Social Security Number (SSN) or driver's license number.

(viii) Attribution

Definition

Attribution is the process of associating the identity of a signer with their signature.

Standard for Attribution

The Mortgagee must maintain evidence sufficient to establish that the electronic signature may be attributed to the individual purported to have signed.

The Mortgagee must use one of the following methods, or combinations of methods, to establish attribution:

- selection by or assignment to the individual of a Personal Identification Number (PIN), password, or other shared secret, that the individual uses as part of the signature process;
- delivery of a credential to the individual by a trusted third party, used either to sign electronically or to prevent undetected alteration after the electronic signature using another method;
- knowledge base authentication using "out of band/wallet" information;
- measurement of some unique biometric attribute of the individual and creation of a computer file that represents the measurement,

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

together with procedures to protect against disclosure of the associated computer file to unauthorized parties; or

- public key cryptography.

(ix) Credential Loss Management

Mortgagees must have a system in place to ensure the security of all issued credentials. One or a combination of the following loss management controls is acceptable:

- maintaining the uniqueness of each combined identification code and password, such that no two individuals have the same combination of identification code and password;
- ensuring that identification code and password issuances are periodically checked, recalled, or revised;
- following loss management procedures to electronically deauthorize lost, stolen, missing, or otherwise compromised identification code or password information, and to issue temporary or permanent replacements using suitable, rigorous controls;
- using transaction safeguards to prevent unauthorized use of passwords or identification codes; or
- detecting and reporting any attempts at unauthorized use of the password or identification code to the system security unit.

(d) Required Documentation and Integrity of Records

Mortgagees must ensure that they employ industry-standard encryption to protect the signer's signature and the integrity of the documents to which it is affixed. Mortgagees must ensure that their systems will detect and record any tampering with the electronically signed documents. FHA will not accept documents that show evidence of tampering.

If changes to the document are made, the electronic process must be designed to provide an "audit trail" showing all alterations, the date and time they were made, and identify who made them.

The Mortgagee's system must be designed so that the signed document is designated as the Authoritative Copy. The Authoritative Copy of an electronically signed document refers to the electronic record that is designated by the Mortgagee or holder as the controlling reference copy.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(B) Mortgage Application and Initial Supporting Documentation

(1) *URLA and HUD Addendum to Uniform Residential Loan Application*

Unless otherwise noted, *URLA* and *HUD Addendum to Uniform Residential Loan Application* (form HUD-92900-A) refer to both initial and final applications.

The Mortgagee must obtain the Borrower's initial complete, signed *URLA* ([Fannie Mae Form 1003](#)/[Freddie Mac Form 65](#)) and page two of form [HUD-92900-A](#) before underwriting the mortgage application.

The Mortgagee must also include the debt of a non-borrowing spouse on the *URLA* if the Borrower resides in a community property state, or the Property being insured is located in a community property state, and non-borrowing spouse obligations are not excluded by state law. The loan originator identified on the *URLA* must be the actual licensed loan originator regardless of whether the loan originator is employed by a sponsored Third-Party Originator (TPO) or the Mortgagee. The *URLA* must contain the loan originator's name, Nationwide Mortgage Licensing System and Registry (NMLS) identification number, telephone number, and signature.

(2) Mortgage Application Name Requirements

(a) Standard

All mortgage applications must be executed in the legal names of all parties.

All mortgage applications must be executed in the name of one or more individuals.

Mortgage applications from a corporation, partnership, sole proprietorship, or trust must be in the name of the entity and also be in the name of one or more individuals.

Exception

Mortgage applications for Governmental Entities and HUD-approved Nonprofits that provide assistance to low- or moderate-income families may be solely in the corporation's name.

(b) Required Documentation

The Mortgagee must include a statement that it has verified the Borrower's identity using valid government-issued photo identification prior to endorsement of the Mortgage or the Mortgagee may choose to include a copy of such photo identification as documentation.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

For nonprofit Borrowers, the Mortgagee must obtain a copy of the FHA approval letter from the nonprofit. The Mortgagee must also verify that the nonprofit is eligible to be a Borrower as indicated on the U.S. Department of Housing and Urban Development (HUD) [Nonprofit Roster](#).

(C) Borrower Authorization for Verification Information

(1) Borrower's Authorization

(a) Standard

The Mortgagee must obtain the Borrower's authorization to verify the information needed to process the mortgage application. The Mortgagee must obtain a non-borrowing spouse's consent and authorization where necessary to verify specific information required to process the mortgage application, including the non-borrowing spouse's consent for the Mortgagee to verify their SSN with the Social Security Administration (SSA).

(b) Required Documentation

For each individual or entity, Borrower authorization may be accomplished through a blanket authorization form.

(2) Form HUD-92900-A, Part II - Borrower Consent for Social Security Administration to Verify Social Security Number

The Mortgagee must obtain the Borrower's signature on Part II of form [HUD-92900-A](#) to verify the Borrower's SSN with the SSA.

(3) Tax Verification Form or Equivalent

The Mortgagee must obtain the Borrower's signature on the appropriate Internal Revenue Service (IRS) form to obtain Tax Returns directly from the IRS for all credit-qualifying Mortgages at the time the final *URLA* is executed.

(D) Borrower's Authorization for Use of Information Protected under the Privacy Act

(1) Standard

The Mortgagee must obtain the Borrower's consent for use of the Borrower's information for any purpose relating to the origination, servicing, loss mitigation, and disposition of the Mortgage or Property securing the Mortgage, and relating to any insurance claim and ultimate resolution of such claims by the Mortgagee and FHA.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(2) Required Documentation

The Mortgagee must obtain a signed statement from the Borrower that clearly expresses the Borrower's consent for the use of the Borrower's information as required above.

(E) Sales Contract and Supporting Documentation

(1) Sales Contract

(a) Standard

The Mortgagee must not originate an insured Mortgage for the purchase of a Property if any provision of the sales contract violates FHA requirements.

The Mortgagee must ensure that (1) all purchasers listed on the sales contract are Borrowers, and (2) only Borrowers sign the sales contract.

An addendum or modification may be used to remove or correct any provisions of the sales contract that do not conform to these requirements.

The Family Member of a purchaser, who is not a borrower, may be listed on the sales contract without modification or removal.

Family Member is defined as follows, regardless of sex or legal marital status:

- child, parent, or grandparent;
 - a child is defined as a son, stepson, daughter, or stepdaughter;
 - a parent or grandparent includes a stepparent/grandparent or foster parent/grandparent;
- spouse or domestic partner;
- legally adopted son or daughter, including a child who is placed with the Borrower by an authorized agency for legal adoption;
- foster child;
- brother, stepbrother;
- sister, stepsister;
- uncle, aunt; or
- son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law of the Borrower.

(i) Amendatory Clause

If the Borrower does not receive form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, before signing the sales contract, the sales contract must be amended before closing to include an amendatory clause that contains the following language:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

“It is expressly agreed that notwithstanding any other provisions of this contract, the purchaser shall not be obligated to complete the purchase of the property described herein or to incur any penalty by forfeiture of earnest money deposits or otherwise, unless the purchaser has been given, in accordance with HUD/FHA or VA requirements, a written statement by the Federal Housing Commissioner, Department of Veterans Affairs, or a Direct Endorsement lender setting forth the appraised value of the property of not less than \$ _____.*. The purchaser shall have the privilege and option of proceeding with consummation of the contract without regard to the amount of the appraised valuation. The appraised valuation is arrived at to determine the maximum mortgage the Department of Housing and Urban Development will insure. HUD does not warrant the value or condition of the property. The purchaser should satisfy himself/herself that the price and condition of the property are acceptable.”

* Mortgagees must ensure the actual dollar amount of the sales price stated in the contract has been inserted in the amendatory clause. Increases to the sale price require a revised amendatory clause.

An amendatory clause is not required in connection with:

- HUD REO sales;
- FHA’s 203(k) mortgage program;
- sales in which the seller is:
 - Fannie Mae;
 - Freddie Mac;
 - U.S. Department of Veterans Affairs (VA);
 - United States Department of Agriculture (USDA) Rural Housing Services;
 - other federal, state, and local government agencies;
 - a Mortgagee disposing of REO assets; or
 - a seller at a foreclosure sale; or
- sales in which the Borrower will not be an owner-occupant (for example, sales to nonprofit agencies).

(ii) Real Estate Certification

The Borrower, seller, and the real estate agent or broker involved in the sales transaction must certify, to the best of their knowledge and belief, that (1) the terms and conditions of the sales contract are true and (2) any other agreement entered into by any parties in connection with the real estate transaction is part of, or attached to, the sales agreement.

A separate certification is not needed if the sales contract contains a statement that (1) there are no other agreements between parties and the terms constitute the entire agreement between the parties, and (2) all

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

parties are signatories to the sales contract submitted at the time of underwriting.

(iii) Property Assessed Clean Energy

Where the subject Property is encumbered with a Property Assessed Clean Energy (PACE) obligation, the sales contract must include a clause specifying that the PACE obligation will be satisfied by the seller at, or prior to, closing.

(b) Required Documentation

The Mortgagee must obtain all signed copies of sales contract(s), including a complete copy of the final sales contract with any modifications or revisions agreed upon by Borrower and seller.

(2) Statement of Appraised Value

The Borrower must receive a copy of form [HUD-92800.5B](#).

A statement of appraised value is not required in connection with:

- HUD REO sales;
- FHA's 203(k) mortgage program;
- sales in which the seller is:
 - Fannie Mae;
 - Freddie Mac;
 - the VA;
 - USDA Rural Housing Services;
 - other federal, state, and local government agencies;
 - a Mortgagee disposing of REO assets; or
 - a seller at a foreclosure sale; or
- sales in which the Borrower will not be an owner-occupant (for example, sales to nonprofit agencies).

ii. Disclosures and Legal Compliance

(A) HUD Required Disclosures

The Mortgagee must provide or ensure the Borrower is provided with any disclosure required by FHA, including the following disclosures.

(1) Informed Consumer Choice Disclosure

The Mortgagee must provide the Borrower with an Informed Consumer Choice Disclosure in accordance with the requirements of [24 CFR § 203.10](#) if the Borrower may qualify for similar non FHA-insured mortgage products offered by the Mortgagee.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(2) Form HUD-92900-B, *Important Notice to Homebuyers*

The Mortgagee must provide the Borrower with a copy of form [HUD-92900-B, *Important Notice to Homebuyers*](#), signed by the Borrower and provide the Borrower with a copy to keep for the Borrower's records when the Borrower applies for the Mortgage. The Mortgagee must retain the original form HUD-92900-B signed by the Borrower.

(3) Lead-Based Paint

If the Property was built before 1978, the seller must disclose any information known about lead-based paint and lead-based paint hazards before selling the house, in accordance with the [HUD-EPA Lead Disclosure Rule \(24 CFR 35, subpart A\)](#), and the identical [40 CFR 745, subpart F](#)). For such Properties, the Mortgagee must ensure that:

- the Borrower has been provided the EPA-approved information pamphlet on identifying and controlling lead-based paint hazards ("[Protect Your Family from Lead in Your Home](#)");
- the Borrower was given a 10-Day period before becoming obligated to purchase the home to conduct a lead-based paint inspection or risk assessment to determine the presence of lead-based paint or lead-based paint hazards, or waived the opportunity;
- the sales contract contains an attachment in the language of the contract (e.g., English, Spanish), signed and dated by both the seller and purchaser:
 - containing a lead warning statement as set forth in 24 CFR § 35.92(a)(1);
 - providing the seller's disclosure of the presence of any known lead-based paint and/or lead-based paint hazards in the target housing being sold, or indication of no knowledge of such presence;
 - listing any records or reports available to the seller pertaining to lead-based paint and/or lead-based paint hazards in property housing being sold, or indication by the seller that no such records or reports exist; and
 - affirming that the Borrower received the pamphlet, disclosure, and records or reports, above; and
- when any agent is involved in the transaction on behalf of the seller, the sales contract includes a statement that the agent has informed the seller of the seller's Lead Disclosure Rule obligations, the agent is aware of their duty to ensure compliance with the requirements of the Rule, and the agent has signed and dated the contract.

(4) Form HUD-92564-CN, *For Your Protection: Get a Home Inspection*

Mortgagees are required to provide form [HUD-92564-CN, *For Your Protection: Get a Home Inspection*](#), to prospective homebuyers at first contact, be it for pre-qualification, pre-approval, or initial application.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(B) Compliance with All Applicable Laws, Rules, and Requirements

The Mortgagee is required to comply with all federal, state, and local laws, rules, and requirements applicable to the mortgage transaction, including all applicable disclosure requirements and the requirements of the Consumer Financial Protection Bureau (CFPB), including those related to:

- Truth in Lending Act (TILA); and
- Real Estate Settlement Procedures Act (RESPA).

(C) Nondiscrimination Policy

The Mortgagee must fully comply with all applicable provisions of:

- the Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the FCRA, 15 U.S.C. §§ 1681a–1681x; and
- the ECOA, 15 U.S.C. §§ 1691a–1691f.

The Mortgagee must make all determinations with respect to the adequacy of the Borrower's income in a uniform manner without regard to race, color, religion, sex, age, national origin, familial status, disability, marital status, receipt of public assistance, location of the Property, or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act.

iii. Application Document Processing

(A) Mortgagee Responsibilities

The Mortgagee must order the FHA case number and perform any associated tasks in [FHA Connection \(FHAC\)](#). For a Single-Unit Approval, the Mortgagee must follow the [Single-Unit Approval case number assignment process](#). The Mortgagee may use nonemployees in connection with its origination of FHA-insured Mortgages only as described below. The Mortgagee ultimately remains responsible for the quality of the Mortgage and for strict compliance with all applicable FHA requirements, regardless of the Mortgagee's relationship to the person or entity performing any particular service or task.

(1) Sponsored Third-Party Originator

The Mortgagee is responsible for dictating the specific application and processing tasks to be performed by the sponsored TPO. Only HUD-approved Mortgagees acting in the capacity of a sponsored TPO may have direct access to [FHAC](#).

(2) Housing Counseling Services

Mortgagees must ensure that Borrowers receive all required counseling, and that all counseling is provided by HUD-approved housing counseling agencies.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(3) Other Contract Service Providers

The Mortgagee may utilize Eligible Contractors to perform the following administrative and clerical functions: typing of mortgage documents, mailing out and collecting verification forms, ordering credit reports, and/or preparing for endorsement and shipping Mortgages to investors.

(4) Excluded Parties

The Mortgagee may not contract with entities or persons that are suspended, debarred, or otherwise excluded from participation in HUD programs, or under a [Limited Denial of Participation \(LDP\)](#) that excludes their participation in FHA programs. The Mortgagee must ensure that no sponsored TPO or contractor engages such an entity or person to perform any function relating to the origination of an FHA-insured Mortgage. The Mortgagee must check the [System for Award Management \(SAM\)](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

(B) Initial Document Processing

The Mortgagee begins processing the Mortgage by obtaining an initial *URLA* ([Fannie Mae Form 1003/Freddie Mac Form 65](#)) and Part V of form [HUD-92900-A](#).

(1) Ordering Case Numbers

The Mortgagee must use [FHAC](#) to order FHA case numbers. A case number can be obtained only when the Mortgagee has an active mortgage application for the subject Borrower and Property.

In order to obtain a case number, the Mortgagee must:

- provide the subject Borrower's name, SSN, and date of birth;
- provide the property address; and
- certify that the Mortgagee has an active mortgage application for the subject Borrower and Property.

The Mortgagee is not required to input appraiser information at the time the case number is ordered.

(a) Automated Data Processing Codes

FHA Automated Data Processing (ADP) Codes are derived from the section of the National Housing Act under which the Mortgage is to be insured. The Mortgagee must select the correct ADP code for each Mortgage in [FHAC](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(b) Case Numbers on Sponsored Originations

The Mortgagee will not be able to order case numbers for sponsored originations unless their sponsored TPO has been registered in [FHAC](#).

(2) Holds Tracking

If FHAC detects that a case number currently exists for the Property, a case number will not be assigned. The Mortgagee will receive notification that the case number assignment has been placed in Holds Tracking. The Mortgagee must review the Holds Tracking screen in FHAC to determine the necessary actions to obtain a case number.

(3) Canceling and Reinstating Case Numbers

(a) Canceling a Case Number

The Mortgagee may request cancellation of a case number by submitting a request to FHAC.

(b) Automatic Case Number Cancellations

Case numbers without an appraisal logged into FHAC are automatically canceled after six months if one of the following actions is not performed as a last action:

- *Firm Commitment* issued by FHA;
- insurance application received and subsequent updates; or
- Notices of Return (NOR) or resubmissions.

Cases with an appraisal logged are not subject to automatic cancellation for one year from the appraisal effective date.

Updates to the Borrower's name or property address, an appraisal update, or a transmission of the Upfront Mortgage Insurance Premium (UFMIP) do not constitute Last Action Taken.

(c) Reinstatement of Case Numbers

The Mortgagee may request reinstatement of canceled case numbers by submitting a request to FHAC.

Case numbers that were automatically canceled will be reinstated only if the Mortgagee provides evidence that the subject Mortgage closed prior to cancellation of the case number, such as a Closing Disclosure or similar legal document.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(4) Transferring Case Numbers

(a) Requirements for the Transferring Mortgagee

The original Mortgagee must assign the case number to the new Mortgagee using the Case Transfer function in [FHAC](#) immediately upon the Borrower's request.

The original Mortgagee may provide processing documents but is not required to do so.

The original Mortgagee may not charge the Borrower for the transfer of any documents, but the original Mortgagee may negotiate a fee with the new Mortgagee for providing the processing documents. The original Mortgagee is never entitled to a fee for the transfer of processing documents for a Streamline Refinance.

(b) Case Number Transfer Involving a Sponsored Third-Party Originator

Where a case number is transferred to a new approved Mortgagee or sponsored TPO, the original Mortgagee, its authorized agent, or sponsored TPO that is also an FHA-approved Mortgagee must complete the appropriate sections in [FHAC](#) as described in the [FHAC Guide – Case Processing Support Functions](#).

(5) Ordering Title Commitments

The Mortgagee must order a title commitment to ensure the Property will be properly titled and the Mortgage secured in accordance with FHA requirements.

(6) Ordering Appraisals

The Mortgagee must order a new appraisal for each case number assignment and may not reuse an appraisal that was performed under another active or endorsed case number, even if the prior appraisal is not yet more than 180 Days old.

(a) Appraisal Integrity

The Mortgagee is responsible for identifying any problems or potential problems with the integrity, accuracy and thoroughness of an appraisal submitted to FHA for mortgage insurance purposes.

Appraisers must comply with the [Uniform Standards of Professional Appraisal Practice \(USPAP\)](#), including the Competency Rule, when conducting appraisals of Properties intended as security for FHA-insured financing. In appraising any Property for the purpose of obtaining FHA

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

mortgage insurance, the Appraiser must certify that they are capable of performing the appraisal because they have the necessary qualifications and access to all necessary data.

The Mortgagee must ensure that FHA is listed on the appraisal report as an intended user of the appraisal.

(b) Selection of a Qualified Appraiser

The Mortgagee must order an appraisal from an Appraiser who is listed on the [FHA Appraiser Roster](#) and is qualified and knowledgeable in the specific market area in which the Property is located. The Mortgagee must evaluate the Appraiser's education, training and actual field experience to determine whether the Appraiser has sufficient qualifications to perform the appraisal before assignment.

The Mortgagee may not discriminate on the basis of race, color, religion, sex, age, national origin, familial status, disability, or marital status in the selection of an Appraiser.

(c) Use of Appraisal Management Company or Third-Party Contractors

The Mortgagee may engage an Appraisal Management Company (AMC) to perform services related to the obtaining of an appraisal. The Mortgagee remains responsible for the acts of its AMC or third-party contractors.

The Mortgagee may not pay the AMC and other third-party contractors fees in excess of what is customary and reasonable for such services in the market area where the Property being appraised is located. Any management fees must be for actual services related to the ordering process, or review of appraisal for FHA financing.

(d) Appraiser Independence

The Mortgagee must ensure it does not compromise the Appraiser's independence.

The Mortgagee, or any third party specifically authorized by the Mortgagee, is responsible for selecting, retaining, and providing for payment of all compensation to the Appraiser. The Mortgagee or authorized third party may not allow the Appraiser to be selected, retained, managed, or compensated by a mortgage broker or any member of a Mortgagee's or authorized third party's staff who is compensated on a commission basis tied to the successful completion of a Mortgage, or who is not independent of the Mortgagee's mortgage production staff or processes or the authorized third party's staff or processes.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

The Mortgagee must ensure that it does not:

- compensate the Appraiser at a rate that is not commensurate in the market area of the Property being appraised with the assignment type, complexity and scope of work required for the appraisal services performed;
- withhold or threaten to withhold timely payment or partial payment for an appraisal report;
- prohibit the Appraiser from recording the fee paid for the performance of the appraisal in the appraisal report;
- condition the ordering of an appraisal report or the payment of an appraisal fee, salary, or bonus on the opinion, conclusion or valuation to be reached, or on a preliminary value estimate requested from an Appraiser;
- provide to the Appraiser, appraisal company, AMC or any entity or person related to the Appraiser, appraisal company or AMC, stock or other financial or nonfinancial benefits;
- order, obtain, use, or pay for a second or subsequent appraisal or Automated Valuation Model (AVM) in connection with a Mortgage financing transaction unless:
 - there is a reasonable basis to believe that the initial appraisal was flawed or tainted and such belief is clearly and appropriately noted in the mortgage file; or
 - such appraisal or AVM was completed pursuant to written, preestablished bona fide pre- or post-Disbursement appraisal review or quality control process or underwriting guidelines and the Mortgagee adheres to a policy of selecting the most reliable appraisal, rather than the appraisal that states the highest value;
- withhold or threaten to withhold future business from an Appraiser, or demote or terminate or threaten to demote or terminate an Appraiser in order to influence an Appraiser to arrive at a predetermined or desired value;
- make expressed or implied promises of future business, promotions, or increased compensation for an Appraiser in order to influence an Appraiser to arrive at a predetermined or desired value;
- allow the removal of an Appraiser from a list of qualified Appraisers or the addition of an Appraiser to an exclusionary list of qualified Appraisers, used by any entity, without prompt written notice to such Appraiser. The notice must include written evidence of the Appraiser's illegal conduct, violation of [USPAP](#) or state licensing standards, improper or unprofessional behavior, or other substantive reason for removal;
- request that an Appraiser provide an estimated, predetermined, or desired valuation in an appraisal report prior to the completion of the appraisal report, or request that an Appraiser provide estimated values

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

or comparable sales at any time prior to the Appraiser's completion of an appraisal report;

- provide to the Appraiser an anticipated, estimated, encouraged, or desired value for a subject Property or a proposed, or target amount to be loaned to the Borrower, except that a copy of the sales contract for purchase and any addendum must be provided; or
- perform any other act or practice that impairs or attempts to impair an Appraiser's independence, objectivity, or impartiality, or that violates any applicable law, regulation, or requirement.

(e) Additional Requirements When Ordering an Appraisal

The Mortgagee must provide to the selected Appraiser the FHA case number and a complete copy of the subject sales contract including all addenda, land lease, surveys and other legal documents contained in the mortgage file necessary to analyze the Property.

The Mortgagee must disclose all known information regarding any environmental hazard that is in or on the subject Property, or in the vicinity of the Property, whether obtained from the Borrower, the real estate broker, or any other party to the transaction.

Where the Mortgagee determines that the Property is subject to a PACE obligation, it must notify the Appraiser that the PACE obligation will be paid off as a condition of loan approval.

(7) Appraisal Effective Date

(a) Standard

The effective date of the appraisal cannot be before the FHA case number assignment date unless the Mortgagee certifies, via the certification field in the Appraisal Logging Screen in [FHAC](#), that the appraisal was ordered for conventional financing, or other government-guaranteed loan purposes and was performed by an FHA Roster Appraiser, or the previous FHA case number was canceled.

The Mortgagee must ensure that the appraisal was performed in accordance with FHA appraisal reporting instructions as detailed in this Handbook 4000.1 and the [Appraisal Report and Data Delivery Guide](#). The intended use of the appraisal must indicate that it is solely to assist FHA in assessing the risk of the Property securing the FHA-insured Mortgage. Additionally, FHA and the Mortgagee must be indicated as the intended users of the appraisal report.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(b) Required Documentation

The Mortgagee must retain documentation in the case binder substantiating conversion of the Mortgage to FHA.

(8) Transferring Existing Appraisals

In cases where a Borrower has switched Mortgagees, the first Mortgagee must, at the Borrower's request, transfer the appraisal to the second Mortgagee within five business days. The Appraiser is not required to provide the appraisal to the new Mortgagee. The client name on the appraisal does not need to reflect the new Mortgagee. If the original Mortgagee has not been reimbursed for the cost of the appraisal, the Mortgagee is not required to transfer the appraisal until it is reimbursed.

The second Mortgagee may not request the Appraiser to readdress the appraisal. If the second Mortgagee finds deficiencies in the appraisal, the Mortgagee must order a new appraisal.

Where a Mortgagee uses an existing appraisal for a different Borrower, the Mortgagee must enter the new Borrower's information in [FHAC](#) prior to being scored by the TOTAL scorecard. The Mortgagee must collect an appraisal fee from the new Borrower and refund the fee to the original Borrower.

If a [Case Transfer](#) is involved, the new Mortgagee must enter the Borrower's information in [FHAC](#). The new Mortgagee must collect an appraisal fee from the Borrower, and send the fee to the original Mortgagee, who, in turn, must refund the fee to the original Borrower.

(9) Ordering Second Appraisal

The Mortgagee is prohibited from ordering an additional appraisal to achieve an increase in value for the Property and/or the elimination or reduction of deficiencies and/or repairs required.

The Mortgagee may order a second appraisal for Mortgages that are in accordance with requirements on [Property Flipping](#).

(a) Second Appraisal by Original Mortgagee

A second appraisal may only be ordered if the Direct Endorsement (DE) underwriter (underwriter) determines the first appraisal is materially deficient and the Appraiser is unable or uncooperative in resolving the deficiency. The Mortgagee must fully document the deficiency and status of the appraisal in the mortgage file. The Mortgagee must pay for the second appraisal.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

Material deficiencies on appraisals are those deficiencies that have a direct impact on value and marketability. Material deficiencies include, but are not limited to:

- failure to report readily observable defects that impact the health and safety of the occupants and/or structural soundness of the house;
- reliance upon outdated or dissimilar comparable sales when more recent and/or comparable sales were available as of the effective date of the appraisal; and
- fraudulent statements or conclusions when the Appraiser had reason to know or should have known that such statements or conclusions compromise the integrity, accuracy, and/or thoroughness of the appraisal submitted to the client.

(b) Second Appraisal by Second Mortgagee

A second appraisal may only be ordered by the second Mortgagee under the following limited circumstances:

- the first appraisal contains material deficiencies as determined by the underwriter for the second Mortgagee;
- the Appraiser performing the first appraisal is prohibited from performing appraisals for the second Mortgagee; or
- the first Mortgagee fails to provide a copy of the appraisal to the second Mortgagee in a timely manner, and the failure would cause a delay in closing and harm to the Borrower, including loss of interest rate lock, violation of sales contract deadline, occurrence of foreclosure proceedings and imposition of late fees.

(c) Use of Second Appraisal

For the first two cases outlined above, the Mortgagee must rely only on the second appraisal and ensure that copies of both appraisals are retained in the case binder. For the third case above, the first appraisal must be added to the case binder if it is received.

(d) Required Documentation

The Mortgagee must document why a second appraisal was ordered and retain the explanation and all appraisal reports in the case binder.

(10) Ordering an Update to an Appraisal

The Mortgagee may only order an update if (1) it is a Mortgagee listed as an intended user of the original appraisal or (2) it has received permission from the original client and the Appraiser. The Appraiser incorporates the original appraisal report being updated by attachment rather than by reference per Advisory Opinion 3 of [USPAP](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

The Mortgagee may use an appraisal update only if:

- it is performed by an FHA Appraiser who is currently in good standing on the FHA Appraiser Roster;
 - if a substitute Appraiser is used due to the lack of the original Appraiser availability, the substitute Appraiser must state they concur with the analysis and conclusions in the original appraisal report, and the Mortgagee must document in the case binder why the original Appraiser was not used;
- the Property has not declined in value;
- the building improvements that contribute value to the Property can be observed from the street or a public way;
- the Property meets Minimum Property Requirements (MPR) and Minimum Property Standards (MPS) based on the original appraisal conditions;
- the appraisal update was performed by the Appraiser within one year from the effective date of the initial appraisal being updated; and
- the appraisal update is performed before the Disbursement Date.

(11) Appraisal Delivery – Electronic Appraisal Delivery (03/14/2022)

(a) Definition

The Electronic Appraisal Delivery (EAD) is a web-based platform where Mortgagees or their designated technology service providers electronically deliver FHA Single Family appraisal reports prior to endorsement.

(b) Standard

Mortgagees or their designated technology service providers must deliver appraisals through FHA's EAD portal.

(c) Required Documentation

Appraisals submitted through FHA's EAD portal are the appraisals required for endorsement.

b. General Mortgage Insurance Eligibility (06/27/2025)

i. Mortgage Purpose

FHA offers various mortgage insurance programs which insure approved Mortgagees against losses on Mortgages. FHA-insured Mortgages may be used to purchase housing, improve housing, or refinance existing Mortgages.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(A) Purchase/Construction to Permanent

The Borrower may finance the purchase of an existing one- to four-unit residence, and may also finance construction of a one- to four-unit residence through a [Construction to Permanent \(CP\)](#) Mortgage.

Properties to be acquired through an unrecorded land contract must be treated as a purchase.

(B) Rehabilitation

(1) 203(k) Standard and Limited Rehabilitation Mortgages

The [Section 203\(k\) Rehabilitation Mortgage Insurance Program](#) is used to:

- rehabilitate an existing one- to four-unit Structure, which will be used primarily for residential purposes;
- rehabilitate such a Structure and refinance the outstanding indebtedness on the Structure and the Real Property on which the Structure is located; or
- purchase and rehabilitate the Structure and purchase the Real Property on which the Structure is located.

(2) 203(h) and 203(k) for Disaster Victims

The [Section 203\(h\) Mortgage Insurance for Disaster Victims](#) program allows FHA to insure Mortgages made by qualified Mortgagees to victims of a Presidentially-Declared Major Disaster Area (PDMDA) who have lost their housing, or whose housing was damaged and are in the process of rebuilding or buying another house.

(C) Refinance

A refinance transaction is used to pay off the existing debt or to withdraw equity from the Property with the proceeds of a new Mortgage for a Borrower with legal title to the subject Property.

Types of Refinances

FHA insures several different types of [refinance transactions](#):

1. Cash-out refinances are designed to pull equity out of the Property.
2. No cash-out refinances of FHA-insured and non FHA-insured Mortgages are designed to pay existing liens. These include: Rate and Term refinance, Simple Refinance, and Streamline Refinance.
3. Refinances for rehabilitation or repair (Section 203(k)).

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

ii. Borrower Eligibility

(A) General Borrower Eligibility Requirements

In order to obtain FHA-insured financing, all Borrowers must meet the eligibility criteria in this section.

A party who has a financial interest in the mortgage transaction, such as the seller, builder or real estate agent, may not be a co-Borrower or a Co-signer. Exceptions may be granted when the party with the financial interest is a Family Member.

(1) Social Security Number

(a) Standard

Each Borrower must provide evidence of their valid SSN to the Mortgagee.

Exception

Individuals employed by the World Bank, a foreign embassy or equivalent employer identified by HUD, state and local government agencies, Instrumentalities of Government, and HUD-approved Nonprofit organizations are not required to provide an SSN.

(b) Required Documentation

The Mortgagee must:

- validate and document an SSN for each Borrower, co-Borrower, or Co-signer on the Mortgage by:
 - entering the Borrower's name, date of birth, and SSN in the Borrower/address validation screen through [FHAC](#); and
 - examining the Borrower's original pay stubs; IRS Form W-2s, *Wage and Tax Statement*; valid Tax Returns obtained directly from the IRS; or other document relied upon to underwrite the Mortgage; and
- resolve any inconsistencies or multiple SSNs for individual Borrowers that are revealed during Mortgage processing and underwriting using a service provider to verify the SSN with the SSA.

(2) Borrower Age Limits

The Borrower must be old enough to enter into a mortgage Note that can be legally enforced in the state, or other jurisdiction, where the Property is located. There is no maximum age limit for a Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(3) Borrower Minimum Decision Credit Score

(a) Definition

The Minimum Decision Credit Score (MDCS) refers to the credit score reported on the Borrower's credit report when all reported scores are the same. Where three scores are reported, the median score is the MDCS. Where two differing scores are reported, the MDCS is the lowest score. Where only one score is reported, that score is the MDCS.

An MDCS is determined for each Borrower. Where the Mortgage involves multiple Borrowers, the Mortgagee must determine the MDCS for each Borrower, and then select the lowest MDCS for all Borrowers.

Where the Mortgage involves multiple Borrowers and one or more of the Borrowers do not have a credit score (non-traditional or insufficient credit), the Mortgagee must select the lowest MDCS of the Borrower(s) with credit score(s).

(b) Eligibility Standard

The Borrower is not eligible for FHA-insured financing if the MDCS is less than 500.

(4) Borrower and Co-Borrower Ownership and Obligation Requirements

To be eligible, all occupying and non-occupying Borrowers and co-Borrowers must take title to the Property in their own name or a [living trust](#) at settlement, be obligated on the Note or credit instrument, and sign all security instruments.

In community property states, the Borrower's spouse is not required to be a Borrower or a Co-signer. However, the Mortgage must be executed by all parties necessary to make the lien valid and enforceable under state law.

(5) Co-signer Requirements

Co-signers are liable for the debt and therefore, must sign the Note. Co-signers do not hold an ownership interest in the subject Property and therefore, do not sign the security instrument.

(6) Principal Residence in the United States

Non-occupying co-Borrowers or Co-signers must either be United States (U.S.) citizens or have a Principal Residence in the U.S.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(7) Military Personnel Eligibility

(a) Standard

Borrowers who are military personnel, who cannot physically reside in a Property because they are on Active Duty, are still considered owner occupants and are eligible for maximum financing if a Family Member of the Borrower will occupy the subject Property as their Principal Residence, or the Borrower intends to occupy the subject Property upon discharge from military service.

(b) Required Documentation

The Mortgagee must obtain a copy of the Borrower's military orders evidencing the Borrower's Active Duty status and that the duty station is more than 100 miles from the subject Property.

The Mortgagee must obtain the Borrower's intent to occupy the subject Property upon discharge from military service, if a Family Member will not occupy the subject Property as their Principal Residence.

(8) Citizenship and Immigration Status

U.S. citizenship is not required for Mortgage eligibility.

(9) Residency Requirements

The Mortgagee must determine the residency status of the Borrower based on information provided on the mortgage application and other applicable documentation. A Social Security card is not sufficient to prove immigration or work status. The following categories of individuals are eligible for FHA-insured financing in accordance with the requirements set forth below:

(a) Permanent Residents

(i) Standard

A Borrower with lawful permanent resident status may be eligible for FHA-insured financing provided the Borrower satisfies the same requirements, terms, and conditions as those for U.S. citizens.

(ii) Required Documentation

The mortgage file must include evidence of lawful permanent residence and indicate that the Borrower is a lawful permanent resident on the *URLA*.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

The U.S. Citizenship and Immigration Services (USCIS) within the Department of Homeland Security provides evidence of lawful permanent resident status.

(b) Citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau

(i) Standard

A Borrower with citizenship in the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau may be eligible for FHA-insured financing provided the Borrower satisfies the same requirements, terms, and conditions as those for U.S. citizens.

(ii) Required Documentation

For Borrowers who are citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau, the mortgage file must include evidence of such citizenship.

(10) Borrower Ineligibility Due to Delinquent Federal Non-Tax Debt

(a) Standard

Mortgagees are prohibited from processing an application for an FHA-insured Mortgage for Borrowers with delinquent federal non-tax debt, including deficiency Judgments and other debt associated with past FHA-insured Mortgages. Mortgagees are required to determine whether the Borrowers have delinquent federal non-tax debt. Mortgagees may obtain information on delinquent Federal Debts from public records, credit reports or equivalent, and must check all Borrowers against the [Credit Alert Verification Reporting System \(CAIVRS\)](#).

(b) Verification

If a delinquent Federal Debt is reflected in a public record, credit report or equivalent, or CAIVRS or an Equivalent System, the Mortgagee must verify the validity and delinquency status of the debt by contacting the creditor agency to whom the debt is owed. If the debt was identified through CAIVRS, the Mortgagee must contact the creditor agency using the contact phone number and debt reference number reflected in the Borrower's CAIVRS report.

If the creditor agency confirms that the debt is valid and in delinquent status as defined by the [Debt Collection Improvement Act](#), then the Borrower is ineligible for an FHA-insured Mortgage until the Borrower resolves the debt with the creditor agency.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

The Mortgagee may not deny a Mortgage solely on the basis of CAIVRS information that has not been verified by the Mortgagee. If resolved either by determining that the information in CAIVRS is no longer valid or by resolving the delinquent status as stated above, the Mortgagee may continue to process the mortgage application.

(c) Resolution

In order for a Borrower with verified delinquent Federal Debt to become eligible, the Borrower must resolve their federal non-tax debt in accordance with the [Debt Collection Improvement Act](#).

The creditor agency that is owed the debt can verify that the debt has been resolved in accordance with the Debt Collection Improvement Act.

(d) Required Documentation

The Mortgagee must include documentation from the creditor agency to support the verification and resolution of the debt. For debt reported through CAIVRS, the Mortgagee may obtain evidence of resolution by obtaining a clear CAIVRS report.

(11) Eligibility Period for Borrowers Delinquent on FHA-Insured Mortgages

If a Borrower is currently delinquent on an FHA-insured Mortgage, they are ineligible for a new FHA-insured Mortgage unless the delinquency is resolved.

(12) Delinquent Federal Tax Debt

(a) Standard

Borrowers with delinquent Federal Tax Debt are ineligible.

Tax liens may remain unpaid if the Borrower has entered into a valid repayment agreement with the federal agency owed to make regular payments on the debt and the Borrower has made timely payments for at least three months of scheduled payments. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Mortgagee must include the payment amount in the agreement in the calculation of the Borrower's Debt-to-Income (DTI) ratio.

(b) Verification

Mortgagees must check public records and credit information to verify that the Borrower is not presently delinquent on any Federal Debt and does not

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

have a tax lien placed against their Property for a debt owed to the federal government.

(c) Required Documentation

The Mortgagee must include documentation from the IRS evidencing the repayment agreement and verification of payments made, if applicable.

(13) Valid First Liens

The Mortgagee must ensure that the mortgaged Property will be free and clear of all liens, except the insured Mortgage and any secondary liens permitted by FHA regulations at [24 CFR §§ 203.32 and 203.41](#).

(a) Consent of Non-borrowing Spouses

If necessary to perfect a valid first lien under state law, the Mortgagee must require a non-borrowing spouse to execute either the security instrument or documentation indicating that they are relinquishing all rights to the Property.

(b) Tax Liens

Tax liens may remain unpaid if the Borrower has entered into a valid repayment agreement with the lien holder to make regular payments on the debt and the Borrower has made timely payments for at least three months of scheduled payments. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments. Except for federal tax liens, the lien holder must subordinate the tax lien to the FHA-insured Mortgage.

(14) Additional Eligibility Requirements for Nonprofit Organizations and State and Local Government Agencies

(a) Eligibility Criteria for a Mortgage for Nonprofit Organizations

(i) Standard

HUD-approved Nonprofit organizations may be eligible for FHA-insured Mortgages.

HUD-approved Nonprofit organizations are eligible for the same percentage of financing that is available to an owner-occupant on their Principal Residence.

HUD-approved Nonprofit organizations may only obtain FHA-insured fixed rate Mortgages.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(ii) Required Documentation

A HUD-approved Nonprofit must be listed on the [HUD Nonprofit Roster](#) and intend to sell or lease the Property to Low- to Moderate-Income families.

(b) Eligibility Criteria for a Mortgage for State and Local Government Agencies

(i) Standard

State and local government agencies and instrumentalities of government may obtain FHA-insured financing provided:

- the agency has the legal authority to become the Borrower;
- the particular state or local government is not in bankruptcy; and
- there is no legal prohibition on obtaining a deficiency Judgment based solely on its status as a state and local government.

State and local government agencies are eligible for the same percentage of financing that is available to an owner-occupant on their Principal Residence. State and local government agencies are not eligible for cash-out refinances.

State and local government agencies may only obtain FHA-insured fixed rate Mortgages.

(ii) Required Documentation

The Mortgagee must obtain an opinion from counsel verifying the legal status requirements of the agency.

State and local government agencies are not required to be listed on the HUD-approved Nonprofit roster.

(15) Eligibility Requirements for Living Trusts

(a) Property Held in Living Trusts

The Mortgagee may originate a Mortgage for a living trust for a Property held by the living trust, provided the beneficiary of the living trust is a Co-signer and will occupy the Property as their Principal Residence, and the trust provides reasonable means to assure that the Mortgagee will be notified of any changes to the trust, including transfer of beneficial interest and any changes in occupancy status of the Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(b) Living Trusts and Security Instruments

(i) Standard

The name of the living trust must appear on the security instrument, such as the Mortgage, deed of trust, or security deed.

The name of the individual Borrower must appear on the security instrument when required to create a valid lien under state law. The names of the owner-occupant and other Borrowers, if any, must also appear on the Note with the trust.

The name of the individual Borrower is not required to appear on the property deed or title.

(ii) Required Documentation

The Mortgagee must obtain a copy of the trust documentation.

(B) Excluded Parties

The Mortgagee must establish that no participants are Excluded Parties and document the determination on form [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*.

(1) Borrower

(a) Standard

A Borrower is not eligible to participate in FHA-insured mortgage transactions if they are suspended, debarred, or otherwise excluded from participating in HUD programs.

(b) Required Documentation

The Mortgagee must check the HUD [LDP List](#) to confirm the Borrower's eligibility to participate in an FHA-insured mortgage transaction.

The Mortgagee must check [SAM](#) and follow appropriate procedures defined by that system to confirm eligibility for participation.

The Mortgagee must check the "Yes" box on form [HUD-92900-LT](#) if the Borrower appears on either the LDP or SAM list.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(2) Other Parties to the Transaction

(a) Standard

A Mortgage is not eligible for FHA insurance if anyone participating in the mortgage transaction is listed on HUD's LDP List or in SAM as being excluded from participation in HUD transactions. This may include but is not limited to:

- seller (except where selling the Principal Residence)
- listing and selling real estate agent
- loan originator
- loan processor
- underwriter
- Appraiser
- 203(k) Consultant
- Closing Agent
- title company

(b) Required Documentation

The Mortgagee must check the HUD [LDP List](#) and [SAM](#) and follow appropriate procedures defined by that system to confirm eligibility for all participants involved in the transaction.

iii. Occupancy Types

(A) Principal Residence

(1) Definition

A Principal Residence refers to a dwelling where the Borrower maintains or will maintain their permanent place of abode, and which the Borrower typically occupies or will occupy for the majority of the calendar year. A person may have only one Principal Residence at any one time.

(2) Standard

(a) FHA Requirement for Owner Occupancy

At least one Borrower must occupy the Property within 60 Days of signing the security instrument and intend to continue occupancy for at least one year.

[203\(k\) Rehabilitation products](#) may have different requirements for the length of time to occupy the Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(b) FHA-Insured Mortgages on Principal Residences

FHA will not insure more than one Property as a Principal Residence for any Borrower, except as noted below. FHA will not insure a Mortgage if it is determined that the transaction was designed to use FHA mortgage insurance as a vehicle for obtaining Investment Properties, even if the Property to be insured will be the only one owned using FHA mortgage insurance.

Properties previously acquired as Investment Properties are not subject to these restrictions.

(c) Exceptions to the FHA Policy Limiting the Number of Mortgages per Borrower

The table below describes the only circumstances in which a Borrower with an existing FHA-insured Mortgage for a Principal Residence may obtain an additional FHA-insured Mortgage on a new Principal Residence.

Policy Exceptions	Eligibility Requirements
Relocation	A Borrower may be eligible to obtain another FHA-insured Mortgage without being required to sell an existing Property covered by an FHA-insured Mortgage if the Borrower is: • relocating or has relocated for an employment-related reason; and • establishing or has established a new Principal Residence in an area more than 100 miles from the Borrower's current Principal Residence. If the Borrower moves back to the original area, the Borrower is not required to live in the original house and may obtain a new FHA-insured Mortgage on a new Principal Residence, provided the relocation meets the two requirements above.
Increase in family size	A Borrower may be eligible for another house with an FHA-insured Mortgage if the Borrower provides satisfactory evidence that: • the Borrower has had an increase in legal dependents and the Property now fails to meet family needs; and • the Loan-to-Value (LTV) ratio on the current Principal Residence is equal to or less than 75% or is paid down to that amount, based on the outstanding Mortgage balance and a current residential appraisal.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

Policy Exceptions	Eligibility Requirements
Vacating a jointly-owned Property	A Borrower may be eligible for another FHA-insured Mortgage if the Borrower is vacating (with no intent to return) the Principal Residence which will remain occupied by an existing co-Borrower.
Non-occupying co-Borrower	A non-occupying co-Borrower on an existing FHA-insured Mortgage may qualify for another FHA-insured Mortgage on a new Property to be their own Principal Residence. A Borrower with an existing FHA-insured Mortgage on their own Principal Residence may qualify as a non-occupying co-Borrower on other FHA-insured Mortgages.

(3) Required Documentation

The Borrower must indicate on the *URLA* ([Fannie Mae Form 1003/Freddie Mac Form 65](#)) that the Property will be the Borrower's Principal Residence and certify to that fact on form [HUD-92900-A](#).

(B) Secondary Residence

(1) Definition

Secondary Residence refers to a dwelling that a Borrower occupies in addition to their Principal Residence, but less than a majority of the calendar year. A Secondary Residence does not include a Vacation Home.

(2) Standard

Secondary Residences are only permitted with written approval from ~~the~~ **Jurisdictional HOC** **FHA** after a determination that:

- the Borrower has no other Secondary Residence;
- the Secondary Residence will not be a Vacation Home or be otherwise used primarily for recreational purposes;
- the commuting distance to the Borrower's workplace creates an undue hardship on the Borrower and there is no affordable rental housing meeting the Borrower's needs within 100 miles of the Borrower's workplace; and
- the maximum mortgage amount is 85 percent of the lesser of the appraised value or sales price.

(3) Required Documentation

The Mortgagee must demonstrate the lack of affordable rental housing, and include:

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

- a satisfactory explanation of the need for a Secondary Residence and the lack of available rental housing; and
- written evidence from local real estate professionals who verify a lack of acceptable housing in the area.

(C) Investment Property

(1) Definition

An Investment Property refers to a Property that is not occupied by the Borrower as a Principal or Secondary Residence.

(2) Standard

Investment Properties are not eligible for FHA insurance.

Exception

Investment Properties are eligible if the borrower is a HUD-approved [nonprofit Borrower](#), or a state and local government agency, or an Instrumentality of Government.

Investment Properties are eligible for insurance under the [HUD Real Estate Owned Purchasing](#) product, except under the [203\(k\) program](#).

iv. Property Eligibility and Acceptability Criteria

(A) General Property Eligibility

The Property must be located within the U.S., Puerto Rico, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or American Samoa.

(1) Special Flood Hazard Areas

The Mortgagee must determine if a Property is located in a Special Flood Hazard Area (SFHA) as designated by the Federal Emergency Management Agency (FEMA). The Mortgagee must obtain flood zone determination services, independent of any assessment made by the Appraiser, to cover the Life of the Loan Flood Certification.

A Property is not eligible for FHA insurance if:

- a residential building and related improvements to the Property are located within any SFHA Zone beginning with the letter A, an SFHA, or any Zone beginning with the letter V, a Coastal High Hazard Area, and insurance under the National Flood Insurance Program (NFIP) is not available in the community; or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

- the improvements are, or are proposed to be, located within the Coastal Barrier Resources System (CBRS).

To be eligible for FHA insurance, a Property located in an SFHA must be in a community that participates in the NFIP and has NFIP available, regardless of whether the Borrower obtains NFIP coverage.

(a) Flood Insurance

(i) Definitions

Flood Insurance refers to insurance provided by an NFIP or a Private Flood Insurance (PFI) policy that covers physical damage by floods.

An NFIP policy refers to insurance managed by the Federal Emergency Management Agency (FEMA) that covers physical damage by floods.

A PFI policy refers to insurance provided by a private insurance carrier that covers physical damage by floods.

(ii) Standard

Eligible Properties

If any portion of the dwelling and related Structures or equipment essential to the Property Value is located in an SFHA and NFIP insurance is available in that community, the Mortgagee must ensure the Borrower obtains and maintains Flood Insurance.

Required Flood Insurance Coverage

For Properties located within an SFHA, Flood Insurance must be maintained for the life of the Mortgage in an amount at least equal to the lowest of the following:

- 100 percent replacement cost of the insurable value of the improvements, which consists of the development or project cost less estimated land cost;
- the maximum amount of NFIP insurance available with respect to the particular type of Property; or
- the outstanding principal balance of the Mortgage.

Requirements for PFI

If the Borrower purchases a PFI policy in lieu of an NFIP policy, the Mortgagee must ensure the PFI policy meets the following requirements:

- is issued by an insurance company that is licensed, admitted, or otherwise approved to engage in the business of insurance in the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

state or jurisdiction in which the Property to be insured is located, by the insurance regulator of the state or jurisdiction; or, in the case of a policy of difference in conditions, multiple peril, all risk, or other blanket coverage insuring nonresidential commercial property, is recognized, or not disapproved, as a surplus lines insurer by the insurance regulator of the state or jurisdiction where the Property to be insured is located;

- provides Flood Insurance coverage that is at least as broad as the coverage provided under a standard Flood Insurance policy under the NFIP for the particular type of Property, including when considering exclusions and conditions offered by the insurer;
- includes deductibles that are no higher than the specified maximum, and includes similar nonapplicability provisions, as under a standard Flood Insurance policy under the NFIP;
- includes a requirement for the insurer to provide written notice 45 Days before cancellation or nonrenewal of Flood Insurance coverage to the Borrower and the Mortgagee. In cases where the Mortgagee has assigned the loan to HUD, the insurer must provide notice to HUD and, where applicable, to the Borrower;
- includes information about the availability of Flood Insurance coverage under the NFIP;
- includes a mortgage interest clause similar to the clause contained in a standard Flood Insurance policy under the NFIP;
- includes a provision requiring the Borrower to file suit no later than one year after the date of a written denial for all or part of a claim under the policy; and
- contains cancellation provisions that are as restrictive as the provisions contained in a standard Flood Insurance policy under the NFIP.

(iii) Private Flood Insurance Policy Compliance Aid

Definition

The Private Flood Insurance (PFI) Policy Compliance Aid is the statement: “This policy meets the definition of private flood insurance contained in 24 CFR 203.16a(e) for FHA-insured mortgages.”

Standard

The PFI Policy Compliance Aid may be made by the insurance provider, attesting that a PFI policy meets the [requirements of Flood Insurance](#). The Mortgagee may rely on the PFI Policy Compliance Aid to determine whether a PFI policy meets the Flood Insurance requirements. In the absence of the PFI Policy Compliance Aid within the policy, a Mortgagee may review the policy to determine if it meets FHA requirements or rely

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

on the insurance agent or carrier to separately provide the PFI Policy Compliance Aid language.

(iv) Required Documentation

For Properties located within an SFHA, the Mortgagee must include in the case binder:

- a Life of Loan Flood Certification for all Properties;
- if applicable, include a:
 - FEMA Letter of Map Amendment (LOMA);
 - FEMA Letter of Map Revision (LOMR); or
 - FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)); and
- a copy of the certificate of Flood Insurance or complete copy of the Flood Insurance policy, if required.

(v) Required Reporting

The Mortgage must report the required Flood Insurance information in the insurance application screen in FHAC.

(b) Eligibility for New Construction in SFHAs

If any portion of the dwelling and related Structures or equipment essential to the Property Value is located in an SFHA, the Property is not eligible for FHA mortgage insurance, unless the Mortgagee:

- obtains a FEMA-issued final LOMA or LOMR that removes the Property from the SFHA; or
- obtains a FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)). The Elevation Certificate must document that the lowest floor of the residential building, including the basement, and all related Structures or equipment essential to the Property Value are built above the 100-year flood elevation in compliance with the NFIP criteria; and
- ensures the Borrower obtains Flood Insurance.

(c) Eligibility for Existing Construction in SFHAs

When any portion of the residential improvements is determined to be located within an SFHA, Flood Insurance must be obtained.

(d) Eligibility for Condominiums in SFHAs

The Mortgagee must ensure the Condominium Association obtains Flood Insurance on buildings located within the SFHA. The [Flood Insurance coverage](#) must protect the interest of the Borrowers who hold title to an individual unit, as well as the common areas of the Condominium Project.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(e) Eligibility for Manufactured Housing in SFHAs

The finished grade level beneath the Manufactured Home must be at or above the 100-year return frequency flood elevation. If any portion of the dwelling and related Structures or equipment essential to the Property Value for both new and existing Manufactured Homes is located in an SFHA, the Property is not eligible for FHA mortgage insurance, unless the Mortgagee:

- obtains a FEMA-issued LOMA or LOMR that removes the Property from the SFHA; or
- obtains a FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)) showing that the finished grade beneath the Manufactured Home is at or above the 100-year return frequency flood elevation; and
- ensures the Borrower obtains Flood Insurance.

(f) Restrictions on Property Locations within Coastal Barrier Resources System

In accordance with the [Coastal Barrier Resources Act](#), a Property is not eligible for FHA mortgage insurance if the improvements are or are proposed to be located within the [Coastal Barrier Resources System](#).

(2) Seller Must Be Owner of Record

(a) Standard

To be eligible for a mortgage insured by FHA, a Property must be purchased from the owner of record. The transaction may not involve any sale or assignment of the sales contract.

(b) Required Documentation

The Mortgagee must obtain documentation verifying that the seller is the owner of record.

Such documentation may include, but is not limited to:

- a property sales history report;
- a copy of the recorded deed from the seller; or
- other documentation, such as a copy of a property tax bill, title commitment, or binder, demonstrating the seller's ownership of the Property and the date it was acquired.

This requirement applies to all FHA purchase money Mortgages, regardless of the time between resales.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(3) Restrictions on Property Flipping

Property Flipping is indicative of a practice whereby recently acquired Property is resold for a considerable profit with an artificially inflated value.

(a) Definition

Property Flipping refers to the purchase and subsequent resale of a Property in a short period of time.

(b) Standard

(i) Time Restriction on Transfers of Title

The eligibility of a Property for a Mortgage insured by FHA is determined by the time that has elapsed between the date the seller has acquired title to the Property and the resale date.

The Seller's Date of Acquisition refers to the date the seller acquired legal ownership of that Property. The Resale Date refers to the date all parties have executed the sales contract that will result in the FHA-insured Mortgage for the resale of the Property.

(ii) Restriction on Resales Occurring 90 Days or Fewer after Acquisition

A Property that is being resold 90 Days or fewer following the seller's date of acquisition is not eligible for an FHA-insured Mortgage.

(iii) Resales Occurring between 91 Days and 180 Days after Acquisition

A Mortgagee must obtain a second appraisal by another Appraiser if:

- the resale date of a Property is between 91 and 180 Days following the acquisition of the Property by the seller; and
- the resale price is 100 percent or more over the price paid by the seller to acquire the Property.

If the second appraisal supports a value of the Property that is more than 5 percent lower than the value of the first appraisal, the lower value must be used as the Property Value in determining the Adjusted Value.

The cost of the second appraisal may not be charged to the Borrower.

(iv) Exceptions to Time Restrictions on Resale

Exceptions to time restrictions on resale are:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

- Properties acquired by an employer or relocation agency in connection with the relocation of an employee;
- resales by HUD under its REO program;
- sales by other U.S. government agencies of Single Family Properties pursuant to programs operated by these agencies;
- sales of Properties by nonprofits approved to purchase HUD-owned Single Family Properties at a discount with resale restrictions;
- sales of Properties that are acquired by the seller by inheritance;
- sales of Properties by state and federally-chartered financial institutions and Government-Sponsored Enterprises (GSE);
- sales of Properties by local and state government agencies; and
- sales of Properties within PDMDAs, only upon issuance of a notice of an exception from HUD.

The restrictions listed above and those in [24 CFR § 203.37a](#) do not apply to a builder selling a newly built house or building a house for a Borrower planning to use FHA-insured financing.

(c) Required Documentation

The Mortgagee must obtain a 12 month chain of title documenting compliance with time restrictions on resales.

(4) Restriction on Investment Properties for Hotel and Transient Use

(a) Standard

The Mortgagee must obtain the Borrower's agreement that Investment Properties using FHA-insured financing will not be used for hotel or transient purposes, or otherwise rented for periods of less than 30 Days.

(b) Required Documentation

The Mortgagee must obtain a completed form [HUD-92561](#), *Borrower's Contract with Respect to Hotel and Transient Use of Property*, for each Mortgage secured by:

- a one-unit Single Family dwelling with an Accessory Dwelling Unit (ADU);
- a two- to four-unit dwelling; or
- a Single Family dwelling that is one of a group of five or more dwellings owned by the Borrower within a two block radius.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(5) Mixed Use of Property

Mixed Use refers to a Property suitable for a combination of uses including any of the following: commercial, residential, retail, office, or parking space. Mixed Use one- to four-unit Single Family Properties are eligible for FHA insurance, provided:

- a minimum of 51 percent of the entire building square footage is for residential use; and
- the commercial use will not affect the health and safety of the occupants of the residential Property.

(6) Property Assessed Clean Energy

Property Assessed Clean Energy (PACE) refers to an alternative means of financing energy and other PACE-allowed improvements for residential properties using financing provided by private enterprises in conjunction with state and local governments. Generally, the repayment of the PACE obligation is collected in the same manner as a special assessment tax; it is collected by the local government rather than paid directly by the Borrower to the party providing the PACE financing.

Generally, the PACE obligation is also secured in the same manner as a special assessment tax against the Property. In the event of a sale, including a foreclosure sale, of the Property with outstanding PACE financing, the obligation will continue with the Property causing the new homeowner to be responsible for the payments on the outstanding PACE amount. In cases of foreclosure, priority collection of delinquent payments for the PACE assessment may be waived or relinquished.

Properties which will remain encumbered with a PACE obligation are not eligible for FHA mortgage insurance.

(7) Dwelling Unit Limitation

(a) Standard

If the Mortgage will be secured by an Investment Property, including Mortgages for Governmental Entities or nonprofit Borrowers, the Borrower may not have a financial interest, regardless of the ownership or financing type, in more than seven Dwelling Units within a two block radius. In determining the number of Dwelling Units owned by the Borrower, the Mortgagee must count each Dwelling Unit in a two-, three-, and four-family Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(b) Required Documentation

If the Borrower owns six or more units within a two block radius, a map must be provided disclosing the locations of the units as evidence of compliance with FHA's seven unit limitation.

(B) Property Types

FHA's programs differ from one another primarily in terms of what types of Properties and financing are eligible. Except as otherwise stated in this Handbook 4000.1, FHA's Single Family programs are limited to one- to four-family Properties that are owner-occupied Principal Residences. FHA insures Mortgages on Real Property secured by:

- detached or semi-detached dwellings
- Manufactured Housing
- townhouses or row houses
- individual units within FHA-Approved Condominium Projects

FHA will not insure Single Family Mortgages secured by:

- commercial enterprises
- boarding houses
- hotels, motels and condotels
- tourist houses
- private clubs
- bed and breakfast establishments
- other transient housing
- Vacation Homes
- fraternity and sorority houses

(1) One-Unit

A one-unit Property is a Single Family residential Property with a single Dwelling Unit, or with a single Dwelling Unit and a single ADU.

(2) Two-Unit

(a) Definition

A two-unit Property is a Single Family residential Property with two individual Dwelling Units.

(b) Standard

The Mortgagee must obtain a completed form [HUD-92561](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(3) Three- to Four-Unit

(a) Definition

A three- to four-unit Property is either:

- a Single Family residential Property with three or four individual Dwelling Units; or
- a Single Family residential Property with two individual Dwelling Units and one ADU or three individual Dwelling Units and one ADU.

(b) Standard

The Mortgagee must obtain a completed form [HUD-92561](#).

(c) Self-Sufficiency Rental Income Eligibility

(i) Definition

Net Self-Sufficiency Rental Income refers to the Rental Income produced by the subject Property over and above the [Principal, Interest, Taxes, and Insurance \(PITI\)](#).

(ii) Standard

The PITI divided by the monthly Net Self-Sufficiency Rental Income may not exceed 100 percent for three- to four-unit Properties.

(iii) Calculation

Net Self-Sufficiency Rental Income is calculated by using the Appraiser's estimate of fair market rent from all units, including the unit the Borrower chooses for occupancy, and subtracting the greater of the Appraiser's estimate for vacancies and maintenance, or 25 percent of the fair market rent.

(4) Accessory Dwelling Unit

(a) Definition

An Accessory Dwelling Unit (ADU) refers to a single habitable living unit with means of separate ingress and egress that meets the [Minimum Requirements for Living Unit](#). An ADU is a private space that is subordinate in size and can be added to, created within, or detached from a primary one-unit Single Family dwelling, which together constitute a single interest in real estate.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(b) Standard

A Single Family residential one-unit Property with a single ADU remains a one-unit Property. For any Single Family residential Property with two or more units, a separate additional Dwelling Unit must be considered as an additional unit.

(5) Condominium Unit

(a) Definitions

Condominium Unit (Unit) refers to real estate consisting of a one-family Dwelling Unit in a Condominium Project.

A Condominium Project refers to a project in which one-family Dwelling Units are attached, semi-detached, detached, or Manufactured Home units, and in which owners hold an undivided interest in Common Elements.

(b) Standard

A [Condominium Unit](#) must be either located within an FHA-approved Condominium Project, meet FHA's definition of a Site Condominium, or have completed the FHA Single-Unit Approval process before a Mortgage can be insured.

(6) Site Condominiums

(a) Definition

A Site Condominium refers to:

- a Condominium Project that consists entirely of Single Family detached dwellings that have no shared garages, or any other attached buildings; or
- a Condominium Project that:
 - consists of Single Family detached or horizontally attached (townhouse-style) dwellings where the Unit consists of the dwelling and land;
 - does not contain any Manufactured Housing Units; and
 - is encumbered by a declaration of condominium covenants or a condominium form of ownership.

Manufactured Housing condominium units may not be processed as Site Condominiums.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(b) Standard

The Unit owner must be responsible for all required insurance and maintenance costs associated with the Unit dwelling, excluding landscaping, of the Site Condominium.

Site Condominiums do not require Condominium Project Approval or Single-Unit Approval.

(7) Manufactured Housing

(a) Definition

Manufactured Housing is a Structure that is transportable in one or more sections. It may be part of a [Condominium Project](#), provided the project meets applicable FHA requirements.

(b) Standard

To be eligible for FHA mortgage insurance as a Single Family Title II Mortgage, all Manufactured Housing must:

- be designed as a one-family dwelling;
- have a floor area of not less than 400 square feet;
- have the HUD Certification Label affixed or have obtained a [letter of label verification](#) issued on behalf of HUD, evidencing the house was constructed on or after June 15, 1976, in compliance with the [Federal Manufactured Home Construction and Safety Standards](#);
- be classified as real estate (but need not be treated as real estate for purposes of state taxation);
- be built and remain on a permanent chassis;
- be designed to be used as a dwelling with a permanent foundation built in accordance with the [Permanent Foundations Guide for Manufactured Housing \(PFGMH\)](#); and
- have been directly transported from the manufacturer or the dealership to the site.

(c) Required Documentation

(i) HUD Certification Label

If the appraisal indicates the HUD Certification Label is missing from the Manufactured Housing unit, the Mortgagee must obtain label verification from the [Institute for Building Technology and Safety \(IBTS\)](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

(ii) PFGMH Certification

The Mortgagee must obtain a certification by an engineer or architect, who is licensed/registered in the state where the Manufactured Home is located, attesting to compliance with the PFGMH.

The Mortgagee may obtain a copy of the foundation certification from a previous FHA-insured Mortgage, showing that the foundation met the guidelines published in the PFGMH that were in effect at the time of certification, provided there are no alterations and/or observable damage to the foundation since the original certification.

If the Appraiser notes additions or alterations to the Manufactured Housing unit, the Mortgagee must ensure the addition was addressed in the foundation certification.

If the additions or alterations were not addressed in the foundation certification, the Mortgagee must obtain:

- an inspection by the state administrative agency that inspects Manufactured Housing for compliance; or
- certification of the structural integrity from a licensed structural engineer if the state does not employ inspectors.

(C) Property Valuation

The Mortgagee is responsible for obtaining an appraisal to verify the value of the Property and the Property's compliance with HUD's [Minimum Property Standards \(MPS\)](#).

(1) Integrity of Valuation Process: Communications with Mortgagees

The Mortgagee must ensure the integrity of the valuation process by ensuring the valuation process is free from conflicts of interest and the appearance of conflicts of interest.

(a) Standard

The Mortgagee must prevent its staff, or any person who is compensated on a commission basis upon the successful completion of a Mortgage, or who reports, ultimately, to any officer of the Mortgagee not independent of the mortgage production staff and process, from having substantive communications with an Appraiser relating to or having an impact on valuation, including ordering or managing an appraisal assignment. Normal communications necessary to processing of a case is permissible, but cannot attempt to influence the Appraiser.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

The underwriter who has responsibility for the quality of the appraisal report is allowed to request clarifications and discuss with the Appraiser components of the appraisal that influence its quality.

(b) Exception for Smaller Mortgagees

When absolute lines of independence cannot be achieved because of the Mortgagee's small size and limited staff, the Mortgagee must clearly demonstrate that it has prudent safeguards to isolate its collateral evaluation process from influence or interference from its mortgage production process.

(2) Communications with Third Parties

The underwriter may request a clarification or reconsideration of value from the Appraiser, following the requirements in [Reconsideration of Value](#). The Mortgagee may not discuss the contents of an appraisal with anyone other than the Borrower.

(3) Verifying HUD's Minimum Property Standards/Minimum Property Requirements

As the on-site representative for the Mortgagee, the Appraiser provides preliminary verification that a Property meets the Property Acceptability Criteria, which include HUD's MPR or MPS.

When examination of a Property reveals noncompliance with the Property Acceptability Criteria, the Appraiser must note all repairs necessary to make the Property comply with HUD's Property Acceptability Criteria, together with the estimated cost to cure.

v. Legal Restrictions on Conveyance (Free Assumability)

The Mortgagee must determine that any legal restrictions on conveyance conform with the requirements in [24 CFR § 203.41](#).

In accordance with 24 CFR § 203.41 (d)(1)(ii), FHA considers a reasonable share of appreciation to be at least 50 percent. HUD does not object to affordable housing programs whereby the homeowner's share of appreciation is on a sliding scale beginning at zero, provided that within two years the homeowner would be permitted to retain 50 percent of the appreciation. If the program sets a maximum sales price restriction, the Borrower must be permitted to retain 100 percent of the appreciation.

A Property that contains leased equipment, or operates with a leased energy system or Power Purchase Agreement (PPA), may be eligible for FHA-insured financing but only when such agreements are free of restrictions that prevent the Borrower from freely transferring the Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

1. Origination/Processing

Such agreements are acceptable, provided they do not cause a conveyance (ownership transfer) of the insured Property by the Borrower to:

- be void, or voidable by a third party;
- be the basis of contractual liability of the Borrower (including rights of first refusal, preemptive rights or options related to a Borrower's efforts to convey);
- terminate or be subject to termination all or part of the interest held by the Borrower;
- be subject to the consent of a third party;
- be subject to limits on the amount of sales proceeds a Borrower can retain (e.g., due to a lien, "due on sale" clause, etc.);
- be grounds for accelerating the insured Mortgage; or
- be grounds for increasing the interest rate of the insured Mortgage.

Any restrictions resulting from provisions of the lease or PPA do not conflict with FHA regulations unless they include provisions encumbering the Real Property or restricting the transfer of the Real Property.

Legal restrictions on conveyance of Real Property (i.e., the house) that could require the consent of a third party (e.g., energy provider, system owner, etc.), include but are not limited to, credit approval of a new purchaser before the seller can convey the Real Property, unless such provisions may be terminated at the option of, and with no cost to, the owner.

If an agreement for an energy system lease or PPA could cause restriction upon transfer of the house, the Property is subject to impermissible legal restrictions and is generally ineligible for FHA insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

2. Allowable Mortgage Parameters

2. Allowable Mortgage Parameters

This section provides the basic underwriting standards for Single Family (one- to four-units) Mortgages insured under the National Housing Act. When underwriting a Mortgage, the Mortgagee must determine the Borrower's creditworthiness, capacity to repay, and available capital to support the Mortgage. The Mortgagee must also examine the Property to ensure it provides sufficient collateral for the Mortgage.

For each Mortgage the Federal Housing Administration (FHA) insures, the Mortgagee must fully comply with the following underwriting procedures.

a. Maximum Mortgage Amounts (01/01/2025)

A Mortgage that is to be insured by FHA cannot exceed the [Nationwide Mortgage Limits](#).

Under most programs, the maximum Mortgage is the lesser of the [Nationwide Mortgage Limit](#) for the area, or a percentage of the Adjusted Value.

For purchase transactions, the Adjusted Value is the lesser of:

- purchase price less any inducements to purchase; or
- the Property Value.

For refinance transactions:

- For Properties acquired by the Borrower within 12 months of the case number assignment date, the Adjusted Value is the lesser of:
 - the Borrower's purchase price, plus any documented improvements made subsequent to the purchase; or
 - the Property Value.
- Properties acquired by the Borrower within 12 months of case number assignment by inheritance, through a Gift from a Family Member, or through a non-monetary transaction may utilize the calculation of Adjusted Value for Properties purchased 12 months or greater.
- For Properties acquired by the Borrower greater than or equal to 12 months prior to the case number assignment date, the Adjusted Value is the Property Value.

i. National Housing Act's Statutory Limits

The National Housing Act establishes the maximum Mortgage limits and the mortgage amounts for all FHA mortgage insurance programs.

ii. Nationwide Mortgage Limits [Effective for case numbers assigned on or after January 1, 2025]

Mortgage limits are calculated based on the median house prices in accordance with the statute. FHA's Single Family mortgage limits are set by Metropolitan Statistical Area (MSA) and county and will be published periodically. FHA's Single Family mortgage

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

2. Allowable Mortgage Parameters

limits are available by [MSA and county](#), or by [downloading a complete listing](#). FHA publishes updated limits effective for each calendar year.

These limits will be set at or between the low-cost area and high-cost area limits based on the median house prices for the area.

(A) Requests for Local Increases

Any requests to change Mortgage Loan limits determined by HUD must be received by FHA at the email address no later than 30 Days from the publication of the limits each year. Any changes in area Mortgage Loan limits as a result of valid appeals will be retroactively in effect for case numbers assigned on or after January 1 of each year.

Each request to change Mortgage Loan limits must contain sufficient housing sales price data, listing one-family Properties sold in an area within the 12-month look-back period, November through October of the previous year. Requests should differentiate between Single Family residential Properties, and condominiums or cooperative housing units. Ideally, the data provided should also distinguish between distressed and non-distressed sales. Requests for a change will only be considered for counties for which HUD does not already have home sales transaction data for the calculation of Mortgage limits.

All requests to change Mortgage Loan Limits must be submitted to FHA's Resource Center via email at answers@hud.gov.

All requests must include in the subject line: Mortgage Loan Limit Requests.

(B) Low-Cost Area

The FHA national low-cost area mortgage limits, which are set at 65 percent of the national conforming limit of \$806,500 for a one-unit Property, are, by property unit number, as follows:

- One-unit: \$524,225
- Two-unit: \$671,200
- Three-unit: \$811,275
- Four-unit: \$1,008,300

(C) High-Cost Area

The FHA national high-cost area mortgage limits, which are set at 150 percent of the national conforming limit of \$806,500 for a one-unit Property, are, by property unit number, as follows:

- One-unit: \$1,209,750
- Two-unit: \$1,548,975
- Three-unit: \$1,872,225
- Four-unit: \$2,326,875

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

2. Allowable Mortgage Parameters

(D) Special Exceptions for Alaska, Hawaii, Guam, and the Virgin Islands

Mortgage limits for the special exception areas of Alaska (AK), Hawaii (HI), Guam (GU), and the Virgin Islands (VI) are adjusted by FHA to account for higher costs of construction. These four special exception areas have a higher ceiling as follows:

- One-unit: \$1,814,625
- Two-unit: \$2,323,450
- Three-unit: \$2,808,325
- Four-unit: \$3,490,300

iii. Financing of Upfront Mortgage Insurance Premium

Unless otherwise stated in this section (Origination through Post-closing/Endorsement), restrictions to mortgage amounts and LTVs are based upon the amount prior to the financing of the Upfront Mortgage Insurance Premium (UFMIP) (Base Loan Amount). The total mortgage amount may be increased by the financed UFMIP amount.

iv. Calculating Maximum Mortgage Amounts on Purchases

The maximum mortgage amount that FHA will insure on a specific purchase is calculated by multiplying the appropriate LTV percentage by the Adjusted Value.

In order for FHA to insure this maximum mortgage amount, the Borrower must make a Minimum Required Investment (MRI) of at least 3.5 percent of the Adjusted Value.

v. Additions to the Mortgage Amount for Repair and Improvement

(A) Appraiser Required Repairs

A Mortgagee may add repair costs to the sales price before calculating the mortgage amount if:

- the repairs are required by the Appraiser to meet HUD's MPR;
- the repairs are paid for by the Borrower; and
- the sales contract or addendum identifies the Borrower as the party responsible for payment and completion of the repairs.

The maximum amount of repair costs that may be added to the sales price is the lesser of:

- the amount by which the value of the Property exceeds the sales price;
- the Appraiser's estimate of repairs; or
- the amount of the contractor's bid.

(B) Energy-Related Weatherization Repairs and Improvements

A Mortgagee may add energy-related weatherization costs, to be paid for by the Borrower, in accordance with [Weatherization](#) policies.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

2. Allowable Mortgage Parameters

(C) Solar Energy Systems

A Mortgagee may add the cost of a solar energy system (including active and passive solar- and wind-driven systems) to the Mortgage in accordance with [Solar and Wind Technologies](#) policies.

When adding the cost of a solar energy system to the mortgage amount, the maximum insurable mortgage limit may be exceeded by up to 20 percent.

b. Loan-to-Value Limits (02/16/2021)

The maximum LTV ratios vary depending upon the type of Borrower, type of transaction (purchase or refinance), program type, and stage of construction.

The Mortgagee must apply the lowest applicable LTV percentage as determined under the requirements in this section.

i. Loan-to-Value Limitations Based on Borrower's Credit Score (Applies to All Transactions)

The Mortgagee must review the credit report to determine the Borrower's Minimum Decision Credit Score (MDCS), except for Mortgages to be insured under [Section 247](#), [Section 248](#), [Streamline Refinances](#), and [Assumptions](#).

The MDCS will be used to determine the maximum insured financing available to a Borrower with traditional credit.

The table below describes the relationship between the Borrower's MDCS and the LTV ratio for which they are eligible. Borrowers with non-traditional or insufficient credit histories are eligible for maximum financing but must be underwritten using the procedures in [Manual Underwriting of the Borrower](#).

If the Borrower's Minimum Decision Credit Score is...	Then the Borrower is...
at or above 580	eligible for maximum financing.
between 500 and 579	limited to a maximum LTV of 90%.

ii. Purchase

For purchase transactions, the maximum LTV is 96.5 percent of the Adjusted Value.

For special programs and products including refinances, the maximum LTV is determined in accordance with requirements listed in the [Programs and Products](#) section.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

2. Allowable Mortgage Parameters

(A) LTV Limitations Based on Identities of Interest

(1) Definitions

An Identity-of-Interest Transaction is a sale between parties with an existing Business Relationship or between Family Members.

Business Relationship refers to an association between individuals or companies entered into for commercial purposes.

(2) Maximum LTV for Identity-of-Interest and Tenant/Landlord Transactions

The maximum LTV percentage for Identity-of-Interest transactions on Principal Residences is restricted to 85 percent.

The maximum LTV percentage for a transaction where a tenant-landlord relationship exists at the time of contract execution is restricted to 85 percent.

(3) Exceptions to the Maximum LTV

The 85 percent maximum LTV restriction does not apply for Identity-of-Interest transactions under the following circumstances.

(a) Family Member Transactions

The 85 percent LTV restriction may be exceeded if a Borrower purchases as their Principal Residence:

- the Principal Residence of another Family Member; or
- a Property owned by another Family Member in which the Borrower has been a tenant for at least six months immediately predating the sales contract. A lease or other written evidence to verify tenancy and occupancy is required.

(b) Builder's Employee Purchase

The 85 percent LTV restriction may be exceeded if an employee of a builder, who is not a Family Member, purchases one of the builder's new houses or models as a Principal Residence.

(c) Corporate Transfer

The 85 percent LTV restriction may be exceeded if a corporation transfers an employee to another location, purchases the employee's house, and sells the house to another employee.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

2. Allowable Mortgage Parameters

(d) Tenant Purchase

The 85 percent LTV restriction may be exceeded if the current tenant purchases the Property where the tenant has rented the Property for at least six months immediately predating the sales contract.

A lease or other written evidence to verify tenancy and occupancy is required.

(B) LTV Limitations Based on Non-Occupying Borrower Status

(1) Definition

A Non-Occupying Borrower Transaction refers to a transaction involving two or more Borrowers in which one or more of the Borrower(s) will not occupy the Property as their Principal Residence.

(2) Maximum LTV for Non-Occupying Borrower Transaction

For Non-Occupying Borrower Transactions, the maximum LTV is 75 percent. The LTV can be increased to a maximum of 96.5 percent if the Borrowers are Family Members, provided the transaction does not involve:

- a Family Member selling to a Family Member who will be a non-occupying co-Borrower; or
- a transaction on a two- to four-unit Property.

iii. Refinance

For refinance transactions, the maximum LTV is determined in accordance with [refinance](#) program-specific requirements.

iv. New Construction

For New Construction transactions, the maximum LTV is determined in accordance with [New Construction](#) program-specific requirements.

c. Required Investment (09/14/2015)

i. Total Required Investment

Total Required Investment refers to the amount the Borrower must contribute to the transaction including the Borrower's downpayment and the Borrower-paid transaction costs. The Total Required Investment includes the Minimum Required Investment (MRI).

ii. Minimum Required Investment

Minimum Required Investment (MRI) refers to the Borrower's contribution in cash or its equivalent required by Section 203(b)(9) of the National Housing Act, which represents at least 3.5 percent of the Adjusted Value of the Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

2. Allowable Mortgage Parameters

d. Maximum Mortgage Term (09/14/2015)

The maximum mortgage term may not exceed 30 years from the date that amortization begins. FHA does not require that mortgage terms be in five year multiples.

e. Mortgage Insurance Premiums (09/14/2015)

FHA collects a one-time Upfront Mortgage Insurance Premium (UFMIP) and an annual insurance premium, also referred to as the periodic or monthly MIP, which is collected in monthly installments.

i. Upfront Mortgage Insurance Premium

(A) Upfront Mortgage Insurance Premium Amount

Most FHA mortgage insurance programs require the payment of UFMIP, which may be financed into the Mortgage. The UFMIP is not considered when calculating the area-based [Nationwide Mortgage Limits](#) and LTV limits.

The UFMIP charged for all amortization terms is 175 Basis Points (bps), unless otherwise stated in the applicable [Programs and Products](#) or in the [MIP chart](#).

The UFMIP must be entirely financed into the Mortgage or paid entirely in cash. Any UFMIP amounts paid in cash are added to the total cash settlement requirements. However, if the UFMIP is financed into the Mortgage, the entire amount is to be financed except for any amount less than \$1.00.

The mortgage amount must be rounded down to the nearest whole dollar amount, regardless of whether the UFMIP is financed or paid in cash.

(B) Refund and Credit of Upfront Mortgage Insurance Premium

The UFMIP is not refundable, except in connection with the refinancing to a new FHA-insured Mortgage. See the [Refinances](#) Section.

ii. Annual (or Periodic) Mortgage Insurance Premium

The periodic MIP is an annual MIP that is payable monthly. The amount of the annual MIP is based on the LTV ratio, Base Loan Amount and the term of the Mortgage.

Calculation of the MIP

The MIP rate and duration of the MIP assessment period vary by mortgage term, Base Loan Amount, and LTV ratio for the Mortgage, as shown in the [MIP chart](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

3. Underwriting the Property

The Mortgagee must underwrite the completed appraisal report to determine if the Property provides sufficient collateral for the FHA-insured Mortgage. The appraisal and Property must comply with the requirements in [Appraiser and Property Requirements for Title II Forward and Reverse Mortgages](#). The appraisal must be reported in accordance with [Acceptable Reporting Forms and Protocols](#).

a. Property Acceptability Criteria (06/27/2025)

The Mortgagee must evaluate the appraisal and any supporting documentation to determine if the Property complies with HUD's Property Acceptability Criteria. Existing and New Construction Properties must comply with [Application of Minimum Property Requirements and Minimum Property Standards by Construction Status](#).

i. Defective Conditions

The Mortgagee must evaluate the appraisal in accordance with the requirements for [Defective Conditions](#). When defective conditions exist and correction is not feasible, the Mortgagee must reject the Property. The Mortgagee may only approve a Property after the Mortgagee confirms that all defects reported by the Appraiser have been corrected.

ii. Minimum Property Requirements and Minimum Property Standards

As the on-site representative for the Mortgagee, the Appraiser provides preliminary verification that a Property meets the Property Acceptability Criteria, which includes HUD's [Minimum Property Requirements \(MPR\) and Minimum Property Standards \(MPS\)](#).

Minimum Property Requirements refer to general requirements that all homes insured by FHA be safe, sound, and secure.

Minimum Property Standards refer to regulatory requirements relating to the safety, soundness, and security of [New Construction](#).

When the Appraiser's observation of a Property reveals noncompliance with the Property Acceptability Criteria, the Appraiser must note all repairs necessary to make the Property comply with HUD's Property Acceptability Criteria, together with the estimated cost to cure. If the Appraiser cannot determine that a Property meets HUD's MPR or MPS, the Mortgagee may obtain an inspection from a qualified entity to make the determination. Mortgagees must use professional judgment in determining when inspections are necessary to determine that a property meets MPR or MPS. Mortgagees must also use professional judgment in determining when a Property condition poses a threat to the health and safety of the occupant and/or jeopardizes the soundness and structural integrity of the Property, such that additional inspections and/or repairs are necessary.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

The Mortgagee must confirm that the Property complies with the following eligibility criteria. If the Mortgage is to be insured under the 203(k) program, the Mortgagee must confirm that the Property will comply with the following eligibility criteria upon completion of repairs and improvements.

(A) Encroachment

The Mortgagee must ensure the subject's dwelling, garage, or other improvements do not encroach onto an adjacent Property, right-of-way, utility Easement, or building restriction line. The Mortgagee must also ensure a neighboring dwelling, garage, or other improvements do not encroach onto the subject Property. Encroachment by the subject or adjacent Property fences is acceptable provided such Encroachment does not affect the marketability of the subject Property.

(B) Overhead Electric Power

The Mortgagee must confirm that any Overhead Electric Power Transmission Lines do not pass directly over any dwelling, Structure or related property improvement, including pools. The power line must be relocated for a Property to be eligible for FHA-insured financing.

The residential service drop line may not pass directly over any pool, spa or water feature.

If the dwelling or related property improvements are located within the Easement area, the Mortgagee must obtain a certification from the appropriate utility company or local regulatory agency stating that the relationship between the improvements and Local Distribution Lines conforms to local standards and is safe.

(C) Access to Property

The Mortgagee must confirm that the Property is provided with a safe pedestrian access and Adequate Vehicular Access from a public or private street. Streets must either be dedicated to public use and maintenance, or retained as private streets protected by permanent recorded Easements.

Private streets, including shared driveways, must be protected by permanent recorded Easements, ownership interest, or be owned and maintained by an HOA. Private streets and shared driveways do not require a joint maintenance agreement.

(D) Onsite Hazards and Nuisances

The Mortgagee must require corrective work to mitigate potential adverse effects from any onsite hazards or nuisances reported by the Appraiser.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

(E) Abandoned Gas and Oil Well

If the Property contains any abandoned gas or oil wells, the Mortgagee must obtain a letter from the local jurisdiction or appropriate state agency stating that the subject well was permanently abandoned in a safe manner.

If the Property contains any abandoned petroleum product wells, the Mortgagee must ensure that a qualified petroleum engineer has inspected the Property and assessed the risk, and that the appropriate state authorities have concurred on clearance recommendations.

(F) Minimum Requirements for Living Unit

The Mortgagee must confirm that each living unit contains:

- a continuing and sufficient supply of safe and potable water under adequate pressure and of appropriate quality for all household uses;
- sanitary facilities and a safe method of sewage disposal. Every living unit must have at least one bathroom, which must include, at a minimum, a water closet, lavatory, and a bathtub or shower;
- space adequate for healthful and comfortable living conditions;
- heating adequate for healthful and comfortable living conditions;
- domestic hot water;
- electricity adequate for lighting and for mechanical equipment used in the living unit; and
- kitchen facilities adequate for the preparation and cooking of food. Every living unit must have at least one area with kitchen facilities, which must include, at a minimum, a sink with potable running water and a stove utility hookup.

The Mortgagee must ensure that [Appliances](#) that are to remain and that contribute to the market value opinion are operational.

FHA does not have a minimum size requirement for one- to four-family dwellings and Condominium Units. For Manufactured Housing requirements, see the [Manufactured Housing](#) section.

(G) Swimming Pools

The Mortgagee must confirm that any swimming pools comply with all local ordinances.

(H) Structural Conditions

The Mortgagee must confirm that the Structure of the Property will be serviceable for the life of the Mortgage.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

The Mortgagee must confirm that all foundations will be serviceable for the life of the Mortgage and adequate to withstand all normal loads imposed.

(I) Environmental

The Mortgagee must confirm that the Property is free of all known environmental and safety hazards and adverse conditions that may affect the health and safety of the occupants, the Property's ability to serve as collateral, and the structural soundness of the improvements.

(J) Lead-Based Paint

The Mortgagee must confirm that the Property is free of lead paint hazards.

(K) Methamphetamine Contamination

If the Mortgagee or the Appraiser identifies a Property as contaminated by the presence of methamphetamine (meth), either by its manufacture or by consumption, the Property is ineligible due to this environmental hazard until the Property is certified safe for habitation.

(L) Repair Requirements

The Mortgagee must determine which repairs must be made for a Property to be eligible for FHA-insured financing.

(M) Utility Services

If utilities are not located on Easements that have been permanently dedicated to the local government or appropriate public utility body, the Mortgagee must confirm that this information is recorded on the deed record.

(N) Water Supply Systems

(1) Public Water Supply System

The Mortgagee must confirm that a connection is made to a public or Community Water System whenever feasible and available at a reasonable cost. If connection costs to the public or community system are not reasonable, the existing onsite systems are acceptable, provided they are functioning properly and meet the requirements of the local health department.

When a public water supply system is present, the water quality is considered to be safe and potable and to meet the requirements of the health authority with jurisdiction unless:

- the Appraiser indicates deficiencies with the water or notifies the Mortgagee that the water is unsafe; or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

- the health authority with jurisdiction issues a public notice indicating that the water is unsafe.

(2) Individual Water Supply Systems (Wells)

When an Individual Water Supply System is present, the Mortgagee must ensure that the water quality meets the requirements of the health authority with jurisdiction.

If there are no local (or state) water quality standards, then water quality must meet the standards set by the EPA, as presented in the National Primary Drinking Water regulations in [40 CFR §§ 141–142](#).

If the subject Property has a water source that includes a mechanical chlorinator or is served by springs, lakes, rivers, sand-point wells, or artesian wells, the Property is not eligible for FHA mortgage insurance.

(a) Requirements for Well Water Testing

A well water test is required for, but not limited to, Properties:

- that are newly constructed;
- where an Appraiser has reported deficiencies with a well or the well water;
- where water is reported to be unsafe or known to be unsafe; or
- located in close proximity to dumps, landfills, industrial sites, farms (pesticides) or other sites that could contain hazardous wastes.

All testing must be performed by a disinterested third party. This includes the collection and transport of the water sample collected at the water supply source. The sample must be collected and tested by the local health authority, a commercial testing laboratory, a licensed sanitary engineer, or other party that is acceptable to the local health authority. At no time will the Borrower/owner or other Interested Party collect and/or transport the sample.

Requirements for the location of wells for FHA-insured Properties are located in [24 CFR § 200.926d\(f\)\(3\)](#).

The following tables provide the minimum distance required between wells and sources of pollution for Existing Construction:

Individual Water Supply System for Minimum Property Requirements for Existing Construction*	
1	Property line/10 feet
2	Septic tank/50 feet
3	Drain field/100 feet
4	Septic tank drain field reduced to 75 feet if allowed by local authority

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

Individual Water Supply System for Minimum Property Requirements for Existing Construction*	
5	If the subject Property line is adjacent to residential Property then local well distance requirements prevail. If the subject Property is adjacent to nonresidential Property or roadway, there needs to be a separation distance of at least 10 feet from the property line.
* distance requirements of local authority prevail if greater than stated above	

The following provides the minimum requirements for water wells:

Water Wells Minimum Property Standards for New Construction 24 CFR § 200.926d(f)(1)	
1	Lead-free piping
2	If no local chemical and bacteriological water standards, state standards apply
3	Connection of public water whenever feasible
4	Wells must deliver a continuous water flow of five gallons per minute over at least a four-hour period

Water Wells Minimum Property Requirements for Existing Construction	
1	Existing wells must deliver a continuous water flow at a minimum of three gallons per minute
2	No exposure to environmental contamination
3	Continuing supply of safe and potable water
4	Domestic hot water
5	Water quality must meet requirements of local jurisdiction or the EPA if no local standard

(b) Required Documentation

The Mortgagee must obtain a valid water test from the local health authority or a lab qualified to conduct water testing in the jurisdictional state or local authority. When a well test is required, the report may not be more than 180 Days old from the Disbursement Date.

(3) Shared Wells

The Mortgagee must confirm that a Shared Well:

- serves Properties that cannot feasibly be connected to an acceptable public or Community Water supply System;
- is capable of providing a continuous supply of water to involved Dwelling Units so that each Existing Construction Property simultaneously will be assured of at least three gallons per minute (five gallons per minute for

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

Proposed Construction) over a continuous four-hour period. (The well itself may have a lesser yield if pressurized storage is provided in an amount that will make 720 gallons of water available to each connected existing dwelling during a continuous four-hour period or 1,200 gallons of water available to each proposed dwelling during a continuous four-hour period. The shared well system yield must be demonstrated by a certified pumping test or other means acceptable to all agreeing parties.);

- provides safe and potable water. An inspection is required under the same circumstances as an individual well. This may be evidenced by a letter from the health authority having jurisdiction or, in the absence of local health department standards, by a certified water quality analysis demonstrating that the well water complies with the EPA's National Interim Primary Drinking Water Regulations;
- has a valve on each dwelling service line as it leaves the well so that water may be shut off to each served dwelling without interrupting service to the other Properties; and
- serves no more than four living units or Properties.

(a) Requirements for Well Water Testing

A well water test is required for, but not limited to, Properties:

- that are newly constructed;
- where an Appraiser has reported deficiencies with a well or the well water;
- where water is reported to be unsafe or known to be unsafe; or
- located in close proximity to dumps, landfills, industrial sites, farms (pesticides) or other sites that could contain hazardous wastes.

All testing must be performed by a disinterested third party. This includes the collection and transport of the water sample collected at the water supply source. The sample must be collected and tested by the local health authority, a commercial testing laboratory, a licensed sanitary engineer, or other party that is acceptable to the local health authority. At no time will the Borrower/owner or other Interested Party collect and/or transport the sample.

For both New and Existing Construction, the Mortgagee must ensure that the shared well agreement complies with the guidance provided in the following table.

Item	Provisions that must be reflected in any acceptable shared well agreement include the following:
1	Require that the agreement is binding upon signatory parties and their successors in title, recorded in local deed records when executed and recorded, and reflects joiner by any Mortgagee holding a Mortgage on any Property connected to the Shared Well.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

Item	Provisions that must be reflected in any acceptable shared well agreement include the following:
2	Permit well water sampling and testing by the local authority at the request of any party at any time.
3	Require that corrective measures be implemented if testing reveals a significant water quality deficiency, but only with the consent of a majority of all parties.
4	Ensure continuity of water service to “supplied” parties if the “supplying” party has no further need for the shared well system. (“Supplied” parties normally should assume all costs for their continuing water supply.)
5	Prohibit well water usage by any party for other than bona fide domestic purposes.
6	Prohibit connection of any additional living unit to the shared well system without: • the consent of all parties; • the appropriate amendment of the agreement; and • compliance with item 3.
7	Prohibit any party from locating or relocating any element of an individual sewage disposal system within 75 feet (100 feet for Proposed Construction) of the Shared Well.
8	Establish Easements for all elements of the system, ensuring access and necessary working space for system operation, maintenance, improvement, inspection and testing.
9	Specify that no party may install landscaping or improvements that will impair use of the Easements.
10	Specify that any removal and replacement of preexisting site improvements, necessary for system operation, maintenance, replacement, improvement, inspection or testing, will be at the cost of their owner, except for costs to remove and replace common boundary fencing or walls, which must be shared equally between or among parties.
11	Establish the right of any party to act to correct an emergency in the absence of the other parties onsite. An emergency must be defined as failure of any shared portion of the system to deliver water upon demand.
12	Permit an agreement amendment to ensure equitable readjustment of shared costs when there may be significant changes in well pump energy rates or the occupancy or use of an involved Property.
13	Require the consent of a majority of all parties upon cost sharing, except in emergencies, before actions are taken for system maintenance, replacement or improvement.
14	Require that any necessary replacement or improvement of a system element(s) will at least restore original system performance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

Item	Provisions that must be reflected in any acceptable shared well agreement include the following:
15	Specify required cost sharing for: • the energy supply for the well pump; • system maintenance, including repairs, testing, inspection and disinfection; • system component replacement due to wear, obsolescence, incrustation or corrosion; and • system improvement to increase the service life of a material or component to restore well yield or to provide necessary system protection.
16	Specify that no party is responsible for unilaterally incurred shared well debts of another party, except for correction of emergency situations. Emergency correction costs must be equally shared.
17	Require that each party be responsible for: • prompt repair of any detected leak in this water service line or plumbing system; • repair costs to correct system damage caused by a resident or guest at their Property; and • necessary repair or replacement of the service line connecting the system to the dwelling.
18	Require equal sharing of repair costs for system damage caused by persons other than a resident or guest at a Property sharing the well.
19	Ensure equal sharing of costs for abandoning all or part of the shared system so that contamination of ground water or other hazards will be avoided.
20	Ensure prompt collection from all parties and prompt payment of system operation, maintenance, replacement or improvement costs.
21	Specify that the recorded agreement may not be amended during the term of a federally-insured or -guaranteed Mortgage on any Property served, except as provided in items 5 and 11 above.
22	Provide for binding arbitration of any dispute or impasse between parties with regard to the system or terms of agreement. Binding arbitration must be through the American Arbitration Association or a similar body and may be initiated at any time by any party to the agreement. Parties to the agreement must equally share arbitration costs.

(b) Required Documentation

The Mortgagee must obtain a valid water test from the local health authority or a lab qualified to conduct water testing in the jurisdictional state or local authority. When a well test is required, the report may not be more than 180 Days old from the Disbursement Date.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

(O) Individual Residential Water Purification Systems

(1) Definition

An Individual Residential Water Purification System refers to equipment, either point-of-entry or point-of-use, installed on Properties that otherwise do not have access to a continuous supply of safe and potable water.

(2) Standard

If a Property does not have access to a continuous supply of safe and potable water without the use of a water purification system, the Mortgagee must ensure that the Property has an individual residential water purification system as well as a service contract for the ongoing maintenance of the system, a plan approved by the local or state health authority, and an escrow account.

(a) Approved Equipment for Individual Residential Water Purification Systems

Water purification equipment must be approved by a nationally recognized testing laboratory acceptable to the local or state health authority. The Mortgagee must obtain a certification from a local or state health authority which certifies that:

- A point-of-entry or point-of-use water purification system is on the Property. If the system employs point-of use equipment, the purification system must be employed on each water supply source (faucet) serving the Property. Where point-of-entry systems are used, separate water supply systems carrying untreated water for flushing toilets may be constructed.
- The system is sufficient to ensure an uninterrupted supply of safe and potable water adequate to meet household needs.
- The water supply, when treated by the equipment, meets the requirements of the local or state health authority, and has been determined to meet local or state quality standards for drinking water. If neither state nor local standards are applicable, then quality must be determined in accordance with standards set by the Environmental Protection Agency (EPA) pursuant to the Safe Drinking Water Act in [40 CFR Parts 141–142](#).
- A plan exists that provides for the monitoring, servicing, maintenance, and replacement of the water equipment, and the plan meets the service contract requirements.

(b) Borrower Notice of Water Purification System

The Mortgagee must provide written notification to the Borrower that the Property has a hazardous water supply that requires treatment in order to

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

remain safe and acceptable for human consumption. The notification to the Borrower must identify specific contaminants in the water supply serving the Property, and the related health hazard arising from the presence of those contaminants.

The Mortgagee must ensure that the Borrower has received a written estimate of the maintenance and replacement costs of the equipment necessary to ensure continuous safe drinking water.

(c) Service Contract for Individual Residential Water Purification Systems

Before mortgage closing, the Mortgagee must ensure that the Borrower has entered into a service contract with an organization or individual specifically approved by the local or state health authority to carry out the provisions of the required plan for the servicing, maintenance, repair, and replacement of the water purification equipment.

(d) Approved Plan for Individual Residential Water Purification Systems

An approved plan is a contract entered into by the Borrower and Mortgagee and approved by the local or state health authority, and that sets out conditions as described below that must be met by the parties as a condition to insurance of the Mortgage by HUD.

The plan must set forth the respective responsibilities to be assumed by the Borrower and the Mortgagee, as well as the other entities who will implement the plan, such as the health authority and the service contractor. In particular:

- The plan must set out the responsibilities of the health authority for monitoring and enforcing the performance of the service contractor, including any successor contractor that the health authority may later have occasion to name. By its approval of the plan, the health authority documents its acceptance of these responsibilities, and the plan should so indicate.
- The plan must provide for the monitoring of the operation of the water purification equipment, as well as for servicing (including disinfecting) and repairing and replacing the system as frequently as necessary, taking into consideration the system's design, anticipated use, and the type and level of contaminants present. Installation, servicing, repair, and replacement of the water purification system must be performed by an individual or organization approved for this purpose by the local or state health authority and identified in the plan. The plan must refer to specific terms and conditions of the required service contract.
- Under the plan, responsibility for monitoring the performance of the service contractor and for ensuring that the water purification system is

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

properly serviced, repaired, and replaced rests with the local or state health authority that approved the plan. The plan must confer on the health authority all powers necessary to effect compliance by the service contractor. The health authority's powers must include the authority to notify the Borrower of any noncompliance by the service contractor. The plan must provide that upon any notification of noncompliance received from the health authority, the Borrower may discharge the service contractor for cause and appoint a successor organization or individual as service contractor.

- The Mortgagee must ensure that any plan developed in accordance with this section must provide that an analysis of the water supply must be obtained from the local or state health authority no less frequently than annually, but more frequently if determined at any time to be necessary by the health authority or by the service contractor.

The plan must provide that if the dwelling served by the water purification system is refinanced, or is sold or otherwise transferred with a HUD-insured Mortgage, the plan will:

- continue in full force and effect;
- impose an obligation on the Borrower to notify any subsequent purchaser or transferee of the necessity for the water purification system and for its proper maintenance, and of the obligation to make escrow payments; and
- require the Borrower to furnish the purchaser with a copy of the plan before any sales contract is signed.

(e) Escrow for Maintenance and Replacement of Individual Residential Water Purification Systems

The Mortgagee must establish and maintain an escrow account to ensure proper servicing, maintenance, repair, and replacement of the water purification equipment. To the extent permitted under RESPA, the amount to be collected and escrowed by the Mortgagee must be based upon information provided by the manufacturer for the maintenance and replacement of the water purification equipment and for other charges anticipated by the service contractor. The initial monthly escrow amount must be stated in the plan. Disbursements from the account will be limited to costs associated with the normal servicing, maintenance, repair, or replacement of the water purification equipment. Disbursements may only be made to the service contractor or its successor, to equipment suppliers, to the local or state health authority for the performance of testing or other required services, or to another entity approved by the health authority. The Mortgagee must maintain the escrow account as long as water purification remains necessary and the Mortgage is insured by HUD.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

The Mortgagee must provide the Borrower with the [Water Purification Equipment Rider](#) for signature.

(3) Required Documentation

(a) Borrower Notice of Water Purification System

A copy of the notification statement (including cost estimates), dated before the date of the sales contract and signed by the prospective Borrower to acknowledge its receipt, must accompany the submission for insurance endorsement. If a sales contract is signed in advance of the disclosure required by this paragraph, an addendum must be executed after the information is provided to the prospective Borrower and after they have acknowledged receipt of the disclosure.

(b) Borrower's Certification of Water Purification System

At the time the application is signed, the Borrower must sign a [certification](#) acknowledging that the Property has a water purification system that must be maintained.

(c) Approved Plan for Individual Residential Water Purification Systems

The Mortgagee must ensure a copy of the approved plan is provided to HUD.

(d) Service Contract for Individual Residential Water Purification Systems

The Mortgagee must ensure a copy of the service contract signed by the Borrower is provided to HUD.

(e) Water Purification Equipment Rider for Individual Residential Water Purification Systems

The Mortgagee must ensure a copy of the Water Purification Equipment Rider is provided to HUD.

(P) Sewage System

The Mortgagee must confirm that a connection is made to a public or community sewage disposal system whenever feasible and available at a reasonable cost. If connection costs to the public or community system are not reasonable, the existing Onsite Sewage Disposal Systems are acceptable provided they are functioning properly and meet the requirements of the local health department.

When the Onsite Sewage Disposal System is not sufficient and an off-site system is available, the Mortgagee must confirm connection to an off-site sewage system.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

When the Onsite Sewage Disposal System is not sufficient and an off-site system is not available, the Mortgagee must reject the Property unless the Onsite Sewage Disposal System is repaired or replaced and complies with local health department standards.

(Q) Termites

For existing Properties, the Mortgagee must confirm that the Property is free of wood destroying insects and organisms. If the appraisal is made subject to inspection by a qualified pest control specialist, the Mortgagee must obtain such inspection and evidence of any required treatment to confirm the Property is free of wood destroying insects and organisms.

Soil poisoning is an unacceptable method for treating termites unless the Mortgagee obtains satisfactory assurance that the treatment will not endanger the quality of the water supply.

(R) Special Airport Hazards

If a Property is Existing Construction and is located within Runway Clear Zones (also known as Runway Protection Zones) at civil airports or within Clear Zones at military airfields, the Mortgagee must obtain a Borrower's acknowledgment of the hazard.

If a New Construction Property is located within Runway Clear Zones (also known as Runway Protection Zones) at civil airports or within Clear Zones at military airfields, the Mortgagee must reject the Property for insurance.

Properties located in Accident Potential Zone 1 (APZ 1) at military airfields may be eligible for FHA mortgage insurance provided that the Mortgagee determines that the Property complies with Department of Defense guidelines.

iii. Minimum Required Repairs

When the appraisal report or inspection from a qualified entity indicates that repairs are required to make the Property meet HUD's MPR or MPS, the Mortgagee must comply with [Repair Requirements](#).

If repairs for Existing Construction cannot be completed prior to closing, the Mortgagee may establish an escrow account in accordance with [Repair Completion Escrow Requirements](#).

iv. Leased Equipment

The Mortgagee must ensure that the Property Value does not include the value of any equipment, including an energy system, that is not fully owned by the Borrower. The Mortgagee must review the terms of the lease on any equipment to ensure they do not contain any [Legal Restrictions on Conveyance \(Free Assumability\)](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

v. Quality of Appraisal

The Mortgagee must evaluate the appraisal and ensure it complies with the requirements in [Valuation and Reporting Protocols](#), and any additional appraisal requirements that are specific to the subject Property.

vi. Appraisal Review ~~{Text was deleted in this section.}~~

The Mortgagee must review the appraisal and ensure that it is complete, accurate, and provides a credible analysis of the marketability and value of the Property.

vii. Chain of Title

The Mortgagee must review the appraisal to determine if the subject Property was sold within 12 months prior to the case number assignment date. If the subject Property was sold within the previous 12 months the Mortgagee must review evidence of prior ownership and determine if there are any undisclosed Identity-of-Interest transactions, and for compliance with [Restrictions on Property Flipping](#).

viii. Opinion of Market Value

The Mortgagee must ensure the Market Value of the Property is sufficient to adequately secure the FHA-insured Mortgage.

ix. Reconsideration of Value

The underwriter may request a reconsideration of value when the Appraiser did not consider information that was relevant on the effective date of the appraisal. The underwriter must provide the Appraiser with all relevant data that is necessary for a reconsideration of value.

The Appraiser may charge an additional fee if the relevant data was not available on the effective date of the appraisal. If the unavailability of data is not the fault of the Borrower, the Borrower must not be held responsible for the additional costs. The effective date of the appraisal is the date the Appraiser inspected the Property.

b. Required Documentation for Underwriting the Property (08/19/2024)

If additional inspections, repairs or certifications are noted by the appraisal or are required to demonstrate compliance with Property Acceptability Criteria, the Mortgagee must obtain evidence of completion of such inspections, repairs or certifications.

If the Appraiser is being utilized to provide evidence of completion of repair(s) or condition(s) noted in the original appraisal report, [Fannie Mae Form 1004D/Freddie Mac Form 442](#), *Appraisal Update and/or Completion Report*, Certification of Completion must be used.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

3. Underwriting the Property

c. Form HUD-92800.5B, *Conditional Commitment Direct Endorsement Statement of Appraised Value* (09/14/2015)

Form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, provides the terms upon which the commitment/direct endorsement statement of appraised value is made and the specific conditions that must be met before HUD can endorse a *Firm Commitment* for mortgage insurance. The underwriter must complete form HUD-92800.5B as directed in the form instructions.

Where a [Statement of Appraised Value](#) is required, the Mortgagee must provide the Borrower with a copy of the completed form HUD-92800.5B.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

a. Underwriting with an Automated Underwriting System (11/07/2023)

FHA's Technology Open To Approved Lenders (TOTAL) Mortgage Scorecard is not an Automated Underwriting System (AUS) but a scorecard that must interface through a system-to-system connection with an AUS.

Each AUS using TOTAL Mortgage Scorecard provides a Feedback Certificate/Finding Report, which documents results of the credit risk evaluation, and identifies the credit report utilized for the scoring event. The Feedback Certificate/Finding Report upon which the Mortgagee makes its underwriting decision prior to endorsement must be included in the case binder.

i. Use of TOTAL Mortgage Scorecard

All transactions must be scored through TOTAL Mortgage Scorecard, except Streamline Refinance transactions, assumptions, Mortgages made to nonprofit/Governmental Entity Borrowers, and Mortgages made to Borrowers who do not have Social Security Numbers (SSN), but who are otherwise eligible under the [Social Security Number](#) requirements.

If the Mortgage involves a HUD employee, the Mortgagee must score the transaction through TOTAL. If the file receives an Accept, the Mortgagee must underwrite the transaction in accordance with the guidance in this Underwriting the Borrower Using the TOTAL Mortgage Scorecard section. The Mortgagee must submit the underwritten mortgage application to ~~the Processing and Underwriting Division Director at the Jurisdictional HOC~~ **FHA** for [final underwriting approval](#).

Mortgagees using TOTAL remain solely responsible for prudent underwriting practices and the [Final Underwriting Decision](#).

ii. Requirements for the Submission of Data through TOTAL Mortgage Scorecard

The Mortgagee must submit data to TOTAL Mortgage Scorecard through an approved [AUS vendor](#) in a data format acceptable to the AUS vendor, to meet the requirements described in the [TOTAL Mortgage Scorecard Developer's Guide](#).

iii. Function of TOTAL Mortgage Scorecard

TOTAL Mortgage Scorecard evaluates the overall credit risk posed by the Borrower, based on a number of credit variables, when combined with the functionalities of an AUS.

The Mortgagee may not accept or deny an FHA-insured Mortgage based solely on a risk assessment generated by TOTAL Mortgage Scorecard.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

The Mortgagee must ensure full compliance with all FHA eligibility requirements, and all requirements of this section. The Mortgagee must verify the information used to score the Mortgage through TOTAL but does not need to analyze the credit history, unless otherwise stated in this section, if an Accept or Approve recommendation is received.

The underwriter must still underwrite all appraisals according to standard FHA requirements.

The underwriter must fully underwrite those applications where TOTAL issues a Refer.

(A) Automated Underwriting System Data Entry Requirements

(1) Mortgagees

The Mortgagee must verify the integrity of all data elements entered into the AUS to ensure the outcome of the Mortgage credit risk evaluation is valid including:

- Borrower's Credit Report
- Borrower's Liabilities/Debt
- Borrower's Effective Income
- Borrower's Assets/Reserves
- Adjusted Value
- Borrower's total Mortgage Payment including Principal, Interest, Taxes, and Insurance (PITI)

The Borrower's total Mortgage Payment includes:

- Principal and Interest (P&I);
- real estate taxes;
- Hazard Insurance;
- Flood Insurance as applicable;
- Mortgage Insurance Premium;
- HOA or condominium association fees or expenses;
- Ground Rent;
- special assessments;
- payments for any acceptable secondary financing; and
- any other escrow payments.

(a) Section 8 Housing Choice Voucher

The Mortgagee may deduct the amount of the Section 8 Housing Choice Voucher if it is paid directly to the Servicer.

(b) Abated Real Estate Taxes

Where real estate taxes are abated, Mortgagees may use the abated amount provided that (1) the Mortgagee can document the abated amount with the taxing authority and (2) the abatement will remain in place for at least the first

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

three years of the Mortgage.

(c) Temporary Interest Rate Buydowns

The Mortgagee must use the Note rate when calculating principal and interest for Mortgages that involve a temporary interest rate buydown.

(2) Sponsored Third-Party Originators

The Mortgagee may permit a sponsored TPO to enter data into the AUS. Both the Mortgagee and its sponsored TPO must ensure and verify all data entered into the AUS. The Mortgagee remains ultimately responsible for ensuring the data entered into the AUS is correct.

The Mortgagee must ensure the Employer Identification Number (EIN) of its sponsored TPO is entered into the AUS. If the Mortgagee is using an AUS that is unable to transmit the sponsored TPO EIN, the Mortgagee must enter “6999609996” in the Lender ID field.

(B) New Versions of TOTAL Mortgage Scorecard

From time to time, FHA will release new versions of TOTAL Mortgage Scorecard. FHA will announce the date that the new version will be available. All Mortgages being scored for the first time will be scored using the new version. For Mortgages with a case number, the Mortgages will be scored using the version that was effective when the case number was assigned. Existing Mortgages scored without a case number will be scored according to the version number tag that is provided in the TOTAL file by the AUS provider (if none, then the current version will be used). All Mortgages without a case number will be scored using the new version 90 Days after the new version is implemented.

iv. Feedback Certificates: Risk Classification and Related Responsibilities (TOTAL)

If the Feedback Certificate/Finding Report shows an Accept or Approve, it will be referred to as Accept.

(A) Accept/Eligible

If the Feedback Certificate/Finding Report shows an Accept/Eligible recommendation, the Mortgage may be eligible for FHA’s insurance endorsement provided the Mortgagee verified that data entered into the AUS is accurate and complete and that the entire mortgage application complies with all FHA requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

The Mortgagee must verify that all supporting documentation and information entered into TOTAL Mortgage Scorecard is consistent with the final underwriting decision if the Mortgage receives an Accept/Eligible.

(B) Accept/Ineligible

If the Feedback Certification/Finding Report shows an Accept/Ineligible recommendation, the Borrower's credit and capacity would meet the threshold for approval, but the Mortgage does not fully comply with FHA's eligibility requirements. The Feedback Certificate will identify the specific eligibility requirement that the Mortgage does not meet.

The Mortgagee must analyze the Feedback Certificate and determine if the reason for the ineligibility is one that can be resolved in a manner that complies with FHA underwriting requirements. If the Mortgagee can correct the reason for ineligibility, the Mortgagee may rescore the Mortgage in the AUS.

When the reason for ineligibility cannot be corrected in the AUS, the Mortgagee may underwrite the Mortgage using the following requirements for an Accept Mortgage, but must resolve the reason for ineligibility in accordance with FHA requirements and must provide an explanation of the resolution in the remarks section of form [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*.

(C) Refer

The underwriter must manually underwrite any mortgage application for which the Feedback Certificate shows a Refer recommendation or any result other than those described above.

v. Accept Risk Classifications Requiring a Downgrade to Manual Underwriting (TOTAL)

The Mortgagee must downgrade and manually underwrite any Mortgage that received an Accept recommendation if:

- the mortgage file contains information or documentation that cannot be entered into or evaluated by TOTAL Mortgage Scorecard;
- additional information, not considered in the AUS recommendation affects the overall insurability of the Mortgage;
- the Borrower has \$1,000 or more collectively in Disputed Derogatory Credit Accounts;
- the date of the Borrower's bankruptcy discharge as reflected on bankruptcy documents is within two years from the date of case number assignment;
- the case number assignment date is within three years of the date of the transfer of title through a Pre-Foreclosure Sale (Short Sale);
- the case number assignment date is within three years of the date of the transfer of title through a foreclosure sale;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- the case number assignment date is within three years of the date of the transfer of title through a Deed-in-Lieu (DIL) of foreclosure;
- the Mortgage Payment history, for any mortgage trade line reported on the credit report used to score the application, requires a downgrade as defined in [Housing Obligations/Mortgage Payment History \(TOTAL\)](#);
- the Borrower has [Undisclosed Mortgage Debt \(TOTAL\)](#) that requires a downgrade; or
- business income shows a greater than 20 percent decline over the analysis period.

vi. Applicability of Automated Underwriting System Rules (TOTAL)

If a determination is made that the Mortgage must be downgraded to manual underwriting, the Mortgagee must cease its use of the AUS and comply with all requirements for manual underwriting when underwriting a downgraded Mortgage.

vii. TOTAL Mortgage Scorecard Tolerance Levels for Rescoring

The Mortgagee must rescore a Mortgage when any data element of the Mortgage change and/or new Borrower information becomes available.

The Mortgagee is not required to rescore a Mortgage if the following data elements change from the last scoring event within the described tolerance levels:

When assessing...	Rescore is not required if:
Cash Reserves	Cash Reserves verified are not less than 10% below the previously scored amount
Income	Income verified is not less than 5% below the previously scored amount
Tax and Insurance Escrow	The cumulative monthly tax and insurance escrow does not result in more than a 2% increase in the Total Mortgage Payment to Effective Income Ratio (PTI)

b. Credit Requirements (TOTAL) (04/10/2025)

i. General Credit Review Requirements (TOTAL)

The Mortgagee must obtain a credit report for each Borrower who will be obligated on the mortgage Note. The Mortgagee may obtain a joint report for individuals with joint accounts.

The Mortgagee must also obtain a credit report for a non-borrowing spouse if the Borrower resides in a community property state, or if the subject Property is located in a community property state, except when excluded by state law.

The credit report must indicate the non-borrowing spouse's SSN, where an SSN exists, was matched with the SSA, or the Mortgagee must either provide separate documentation

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

indicating that the SSN was matched with the SSA or provide a statement that the non-borrowing spouse does not have an SSN. Where an SSN does not exist for a non-borrowing spouse, the credit report must contain, at a minimum, the non-borrowing spouse's full name, date of birth, and previous addresses for the last two years.

ii. Credit Reports (TOTAL)

The Mortgagee must use a traditional credit report. If a traditional credit report is not available or the traditional credit report is insufficient, the Feedback Certificate will show a Refer recommendation, and the Mortgagee must manually underwrite the Mortgage.

The Mortgagee must obtain a Tri-Merged Credit Report (TRMCR) from an independent consumer reporting agency.

(A) Requirements for the Credit Report (TOTAL)

Credit reports must contain all information from at least two credit repositories pertaining to credit, residence history, and public records information; be in an easy to read and understandable format; and not require code translations. The credit report may not contain whiteouts, erasures, or alterations. The Mortgagee must retain copies of all credit reports.

The credit report must include:

- the name of the Mortgagee ordering the report;
- the name, address, and telephone number of the consumer reporting agency;
- the name and SSN of each Borrower; and
- the primary repository from which any particular information was pulled, for each account listed.

A truncated SSN is acceptable for FHA mortgage insurance purposes provided that the mortgage application captures the full nine-digit SSN.

The credit report must also include:

- all inquiries made within the last 90 Days
- all credit and legal information not considered obsolete under the Fair Credit Reporting Act (FCRA), including information for the last seven years, which consumer reporting agencies have reported as verified and currently accurate, regarding:
 - bankruptcies
 - Judgments
 - lawsuits
 - foreclosures
 - tax liens
- for each Borrower debt listed:
 - the date the account was opened
 - high credit amount

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- required payment amount
- unpaid balance
- payment history

(B) New Credit Report (TOTAL)

The Mortgagee must obtain a new credit report and rescore the Mortgage through TOTAL if the underwriter identifies inconsistencies between any information in the mortgage file and the original credit report.

iii. Evaluating Credit History (TOTAL)

The Mortgagee must analyze the Borrower's credit history in accordance with the [Accept Risk Classifications Requiring a Downgrade to Manual Underwriting \(TOTAL\)](#) section.

If a determination is made that the Mortgage must be downgraded to manual underwriting, the Mortgagee must cease its use of the AUS and comply with all requirements for manual underwriting when underwriting a downgraded Mortgage.

(A) Collection Accounts, Charge Off Accounts, Accounts with Late Payments in the Previous 24 Months, and Judgments (TOTAL)

The Mortgagee is not required to obtain an explanation of collection accounts, Charge Off Accounts, accounts with late payments, Judgments or other derogatory information.

(B) Disputed Derogatory Credit Accounts (TOTAL)

(1) Definition

Disputed Derogatory Credit Account refers to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

(2) Standard

If the credit report utilized by TOTAL Mortgage Scorecard indicates that the Borrower has \$1,000 or more collectively in Disputed Derogatory Credit Accounts, the Mortgage must be downgraded to a Refer and manually underwritten.

Exclusions from cumulative balance include:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft or unauthorized use. To exclude these balances, the Mortgagee must include a copy of the police report or other documentation from the creditor to support the status of the accounts.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Disputed Derogatory Credit Accounts of a non-borrowing spouse in a community property state are not included in the cumulative balance for determining if the mortgage application is downgraded to a Refer.

(C) Non-derogatory Disputed Accounts and Disputed Accounts Not Indicated on the Credit Report (TOTAL)

(1) Definition

Non-derogatory Disputed Accounts include the following types of accounts:

- disputed accounts with zero balance
- disputed accounts with late payments aged 24 months or greater
- disputed accounts that are current and paid as agreed

(2) Required Documentation and Standard

If a Borrower is disputing non-derogatory accounts, or is disputing accounts which are not indicated on the credit report as being disputed, the Mortgagee is not required to downgrade the application to a Refer. However, the Mortgagee must analyze the effect of the disputed accounts on the Borrower's ability to repay the Mortgage. If the dispute results in the Borrower's monthly debt payments utilized in computing the Debt-to-Income (DTI) ratio being less than the amount indicated on the credit report, the Borrower must provide documentation of the lower payments.

Non-derogatory disputed accounts are excluded from the \$1,000 cumulative balance limit.

(D) Judgments (TOTAL)

(1) Definition

Judgment refers to any debt or monetary liability of the Borrower, and the Borrower's spouse in a community property state unless excluded by state law, created by a court, or other adjudicating body.

(2) Standard

The Mortgagee must verify that court-ordered Judgments are resolved or paid off prior to or at closing.

Judgments of a non-borrowing spouse in a community property state must be resolved or paid in full, with the exception of obligations excluded by state law.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Exception

A Judgment is considered resolved if the Borrower has entered into a valid agreement with the creditor to make regular payments on the debt, the Borrower has made timely payments for at least three months of scheduled payments and the Judgment will not supersede the FHA-insured mortgage lien. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Mortgagee must include the payment amount in the agreement in the Borrower's monthly liabilities and debt.

The Mortgagee must obtain a copy of the agreement and evidence that payments were made on time in accordance with the agreement.

(3) Required Documentation

The Mortgagee must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with creditor, if not paid prior to or at settlement, and a subordination agreement for any liens existing on title.

(E) Inaccuracy in Debt Considered (TOTAL)

When an inaccuracy in the amount or type of debt or obligation is revealed during the application process and the correct information was not considered by the AUS, the Mortgagee must:

- verify the actual monthly payment amount;
- resubmit the Mortgage for evaluation by TOTAL if the cumulative change in the amount of the liabilities that must be included in the Borrower's debt increases by more than \$100 per month; and
- determine that the additional debt was not/will not be used for the Borrower's Minimum Required Investment (MRI).

(F) Bankruptcy (TOTAL)

(1) Standard

The Mortgagee must document the passage of two years since the discharge date of any bankruptcy. If the bankruptcy was discharged within two years from the date of case number assignment, the Mortgage must be downgraded to a Refer and manually underwritten.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(2) Required Documentation

If the credit report does not verify the discharge date or additional documentation is necessary to determine if any liabilities were discharged in the bankruptcy, the Mortgagee must obtain the bankruptcy and discharge documents.

(G)Pre-Foreclosure Sales (Short Sales) (TOTAL)

(1) Definition

Pre-Foreclosure Sales, also known as Short Sales, refer to the sales of real estate that generate proceeds that are less than the amount owed on the Property and the lien holders agree to release their liens and forgive the deficiency balance on the real estate.

(2) Standard

The Mortgagee must document the passage of three years since the date of the Short Sale. If the Short Sale occurred within three years of the case number assignment date, the Mortgage must be downgraded to a Refer and manually underwritten.

This three-year period begins on the date of transfer of title by Short Sale.

(3) Required Documentation

If the credit report does not verify the date of the transfer of title by Short Sale, the Mortgagee must obtain the Short Sale documents.

(H)Foreclosure (TOTAL)

(1) Standard

The Mortgagee must manually downgrade to a Refer if the Borrower had a foreclosure in which title transferred from the Borrower within three years of case number assignment.

(2) Required Documentation

If the credit report does not verify the date of the transfer of title through the foreclosure, the Mortgagee must obtain the foreclosure documents.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(I) Deed-in-Lieu of Foreclosure (TOTAL)

(1) Definition

A Deed-in-Lieu (DIL) of Foreclosure is a loss mitigation home disposition option in which a Borrower voluntarily offers the deed to the Note holder in exchange for a release from all obligations under the Mortgage.

(2) Standard

The Mortgagee must manually downgrade to a Refer if the Borrower had a DIL of Foreclosure in which title transferred from the Borrower within three years of case number assignment.

(3) Required Documentation

If the credit report does not verify the date of the transfer of title by DIL of Foreclosure, the Mortgagee must obtain a copy of the DIL of Foreclosure.

(J) Credit Counseling/Payment Plan (TOTAL)

Participating in a consumer credit counseling program does not require a downgrade to a manual underwriting.

No explanation or other documentation is needed.

(K) Housing Obligations/Mortgage Payment History (TOTAL)

(1) Definition

Housing Obligation/Mortgage Payment refers to the monthly payment due for rental or Properties owned.

(2) Standard

A Mortgage Payment is considered delinquent if not paid within the month due.

A Borrower who was granted a mortgage payment forbearance and continues to make payments as agreed under the terms of the original Note is not considered delinquent or late and shall be treated as if not in forbearance provided the Forbearance Plan is terminated at or prior to closing.

(a) Late Mortgage Payments for Purchase and No Cash-Out Refinance

The Mortgage must be downgraded to a Refer and manually underwritten if any mortgage trade line, including mortgage line-of-credit payments, during the 12 months prior to case number assignment reflects:

- three or more late payments of greater than 30 Days;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- one or more late payments of 60 Days plus one or more 30-Day late payments;
- one payment greater than 90 Days late; or
- that the Borrower has made less than three consecutive monthly housing payments since completion of a mortgage Forbearance Plan.

For both purchase and no cash-out refinance transactions, a Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments. In addition, where a Mortgage has been modified, the Borrower must have made at least six payments under the modification agreement to be eligible for a no-cash out refinance.

A Mortgage that has been granted forbearance must utilize the payment history in accordance with the Forbearance Plan for the time period of forbearance in determining late housing payments. Where any mortgage in forbearance will remain open after the closing of the new FHA-insured Mortgage, the Forbearance Plan must be terminated at or prior to closing. Any Borrower who is granted a forbearance and is otherwise performing under the terms of the Forbearance Plan is not considered to be delinquent for purposes of credit underwriting.

(b) Cash-Out Refinance Transactions

The Mortgage must be downgraded to a Refer and manually underwritten if any mortgage trade line, including mortgage line-of-credit payments, reflects:

- a current delinquency;
- any delinquency within 12 months of the case number assignment date; or
- the Borrower has made less than 12 consecutive monthly mortgage payments since completion of a mortgage **F**forbearance **P**plan.

A Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments.

Where a Borrower who was granted a mortgage payment forbearance and continues to make payments as agreed under the terms of the original Note, the Mortgage is not required to be downgraded to a Refer provided the Forbearance Plan is terminated at or prior to closing.

(3) Required Documentation

Where a Mortgage reflects payments under a modification or Forbearance Plan within the 12 months prior to case number assignment, the Mortgagee must obtain:

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- a copy of the modification or Forbearance Plan; and
- evidence of the payment amount and date of payments during the agreement term.

A Forbearance Plan is not required if the forbearance was due to the impacts of the COVID-19 National Emergency.

(L) Positive Rental Payment History (TOTAL)

(1) Definitions

Positive Rental Payment History refers to the on-time payment by a Borrower of all rental payments in the previous 12 months. A rental payment is considered to be on time when it is paid within the month due.

A First-Time Homebuyer refers to an individual who has not held an ownership interest in another property in the three years prior to the case number assignment. First-Time Homebuyer includes an individual who is divorced or legally separated and who has had no ownership interest in a Principal Residence (other than joint ownership interest with a spouse) during the three years prior to case number assignment.

(2) Standard

A Mortgagee may submit the transaction to TOTAL Mortgage Scorecard indicating a Positive Rental Payment History provided:

- the transaction is a purchase;
- at least one Borrower is identified as a First-Time Homebuyer;
- the Minimum Decision Credit Score (MDCS) is 620 or greater; and
- at least one Borrower has a documented history of a Positive Rental Payment History with monthly payments of \$300 or more for the previous 12 months.

(3) Required Documentation

To verify the Borrower's Positive Rental Payment History, the Mortgagee must obtain a copy of the executed rental or lease agreement and one of the following:

- written verification of rent from a landlord with no Identity of Interest with the Borrower;
- 12 months' canceled rent checks;
- 12 months' bank or payment service statements documenting rents paid; or
- landlord reference from a rental management company.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Borrowers renting from a Family Member must provide a copy of the executed rental or lease agreement and 12 months' canceled checks or bank statements to demonstrate the Positive Rental Payment History.

iv. Evaluating Liabilities and Debts (TOTAL)

The Mortgagee must review all credit report inquiries to ensure that all debts, including any new debt payments resulting from material inquiries listed on the credit report, are used to calculate the debt ratios. The Mortgagee must also determine that any recent debts were not incurred to obtain any part of the Borrower's required funds to close on the Property being purchased.

Material Inquiries refer to inquiries which may potentially result in obligations incurred by the Borrower for other Mortgages, auto loans, leases, or other Installment Loans. Inquiries from department stores, credit bureaus, and insurance companies are not considered material inquiries.

(A) General Liabilities and Debts (TOTAL)

The Mortgagee must determine the Borrower's monthly liabilities by reviewing all debts listed on the credit report, [Fannie Mae Form 1003/Freddie Mac Form 65](#), *Uniform Residential Loan Application (URLA)*, and required documentation.

All applicable monthly liabilities must be included in the qualifying ratio. Closed-end debts do not have to be included if they will be paid off within 10 months from the date of closing and the cumulative payments of all such debts are less than or equal to 5 percent of the Borrower's gross monthly income. The Borrower may not pay down the balance in order to meet the 10-month requirement.

Accounts for which the Borrower is an authorized user must be included in a Borrower's DTI ratio unless the Mortgagee can document that the primary account holder has made all required payments on the account for the previous 12 months. If less than three payments have been required on the account in the previous 12 months, the payment amount must be included in the Borrower's DTI.

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset and these funds are not included in calculating the Borrower's assets, do not require consideration of repayment for qualifying purposes.

The Mortgagee must document that the funds used to pay off debts prior to closing came from an [acceptable source](#), and the Borrower did not incur new debts that were not included in the DTI ratio.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(B) Undisclosed Debt Other Than a Mortgage (TOTAL)

When a debt or obligation (other than a Mortgage) not listed on the mortgage application and/or credit report and not considered by the AUS is revealed during the application process, the Mortgagee must:

- verify the actual monthly payment amount;
- resubmit the Mortgage for evaluation by TOTAL if the cumulative change in the amount of the liabilities that must be included in the Borrower's debt increases by more than \$100 per month; and
- determine that any funds borrowed were not/will not be used for the Borrower's MRI.

(C) Undisclosed Mortgage Debt (TOTAL)

When an existing debt or obligation that is secured by a Mortgage but is not listed on the credit report and not considered by the AUS is revealed during the application process, the Mortgagee must obtain one of the following that reflects an acceptable mortgage payment history in accordance with [Housing Obligations/Mortgage Payment History \(TOTAL\)](#):

- a copy of the note and either:
 - a bank statement; or
 - canceled checks;
- a credit report supplement; or
- a verification of Mortgage.

The Mortgage must be downgraded to a Refer and manually underwritten if the mortgage history reflects:

- a current delinquency;
- any delinquency within 12 months of the case number assignment date; or
- more than two 30 Day late payments within 24 months of the case number assignment date.

A Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late Mortgage Payments.

(D) Federal Debt (TOTAL)

(1) Definition

Federal Debt refers to debt owed to the federal government for which regular payments are being made.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(2) Standard

The Mortgagee must include the debt. The amount of the required payment must be included in the calculation of the Borrower's total debt to income.

(3) Required Documentation

The Mortgagee must include documentation from the federal agency evidencing the repayment agreement and verification of payments made, if applicable.

(E) Alimony, Child Support, and Maintenance (TOTAL)

(1) Definition

Alimony, Child Support, and Maintenance are court-ordered or otherwise agreed upon payments.

(2) Standard

For Alimony, if the Borrower's income was not reduced by the amount of the monthly alimony obligation in the Mortgagee's calculation of the Borrower's gross income, the Mortgagee must include the monthly obligation in the calculation of the Borrower's debt.

Child Support and Maintenance are to be treated as a recurring liability and the Mortgagee must include the monthly obligation in the Borrower's liabilities and debt.

(3) Required Documentation

The Mortgagee must verify and document the monthly obligation by obtaining the official signed divorce decree, separation agreement, maintenance agreement, or other legal order.

The Mortgagee must also obtain the Borrower's pay stubs covering no less than 28 consecutive Days to verify whether the Borrower is subject to any order of garnishment relating to the Alimony, Child Support, and Maintenance.

(4) Calculation of Monthly Obligation

The Mortgagee must calculate the Borrower's monthly obligation from the greater of:

- the amount shown on the most recent decree or agreement establishing the Borrower's payment obligation; or
- the monthly amount of the garnishment.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(F) Non-Borrowing Spouse Debt in Community Property States (TOTAL)

(1) Definition

Non-Borrowing Spouse Debt refers to debts owed by a spouse that are not owed by, or in the name of the Borrower.

(2) Standard

If the Borrower resides in a community property state or the Property being insured is located in a community property state, debts of the non-borrowing spouse must be included in the Borrower's qualifying ratios, except for obligations specifically excluded by state law.

The non-borrowing spouse's credit history is not considered a reason to deny a mortgage application.

(3) Required Documentation

The Mortgagee must verify and document the debt of the non-borrowing spouse except for obligations specifically excluded by state law.

The Mortgagee must make a note in the file referencing the specific state law that justifies the exclusion of any debt from consideration.

If the Borrower resides in a community property state or the Property being insured is located in a community property state, and non-borrowing spouse obligations are not excluded by state law, the Mortgagee must obtain a credit report for the non-borrowing spouse to determine the debt-to-income ratio of the Borrower. The credit report for the non-borrowing spouse may be traditional or non-traditional.

(G) Deferred Obligations (TOTAL)

(1) Definition

Deferred Obligations (excluding Student Loans) refer to liabilities that have been incurred but where payment is deferred or has not yet commenced, including accounts in forbearance.

(2) Standard

The Mortgagee must include deferred obligations in the Borrower's liabilities.

(3) Required Documentation

The Mortgagee must obtain written documentation of the deferral of the liability from the creditor and evidence of the outstanding balance and terms of the

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

deferred liability. The Mortgagee must obtain evidence of the actual monthly payment obligation, if available.

(4) Calculation of Monthly Obligation

The Mortgagee must use the actual monthly payment to be paid on a deferred liability, whenever available.

If the actual monthly payment is not available for installment debt, the Mortgagee must utilize the terms of the debt or 5 percent of the outstanding balance to establish the monthly payment.

(H) Student Loans (TOTAL)

(1) Definition

Student Loan refers to liabilities incurred for educational purposes.

(2) Standard

The Mortgagee must include all Student Loans in the Borrower's liabilities, regardless of the payment type or status of payments.

(3) Required Documentation

If the payment used for the monthly obligation is less than the monthly payment reported on the Borrower's credit report, the Mortgagee must obtain written documentation of the actual monthly payment, the payment status, and evidence of the outstanding balance and terms from the creditor or student loan servicer.

The Mortgagee may exclude the payment from the Borrower's monthly debt calculation where written documentation from the student loan program, creditor, or student loan servicer indicates that the loan balance has been forgiven, canceled, discharged, or otherwise paid in full.

(4) Calculation of Monthly Obligation

For outstanding Student Loans, regardless of the payment status, the Mortgagee must use:

- the payment amount reported on the credit report or the actual documented payment, when the payment amount is above zero; or
- 0.5 percent of the outstanding loan balance, when the monthly payment reported on the Borrower's credit report is zero.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Exception

Where a student loan payment has been suspended in accordance with COVID-19 emergency relief, the Mortgagee may use the payment amount reported on the credit report or the actual documented payment prior to suspension, when that payment amount is above \$0.

(I) Installment Loans (TOTAL)

(1) Definition

Installment Loans (excluding Student Loans) refer to loans, not secured by real estate, that require the periodic payment of P&I. A loan secured by an interest in a timeshare must be considered an Installment Loan.

(2) Standard

The Mortgagee must include the monthly payment shown on the credit report, loan agreement or payment statement to calculate the Borrower's liabilities.

If the credit report does not include a monthly payment for the loan, the Mortgagee must use the amount of the monthly payment shown in the loan agreement or payment statement and enter it into TOTAL Mortgage Scorecard.

(3) Required Documentation

If the monthly payment shown on the credit report is utilized to calculate the monthly debts, no further documentation is required.

If the credit report does not include a monthly payment for the loan, or the payment reported on the credit report is greater than the payment on the loan agreement or payment statement, the Mortgagee must use the loan agreement or payment statement to document the amount of the monthly payment. If the credit report, loan agreement or payment statement shows a deferred payment arrangement for an Installment Loan, refer to the [Deferred Obligations \(TOTAL\)](#) section.

(J) Revolving Charge Accounts (TOTAL)

(1) Definition

A Revolving Charge Account refers to a credit arrangement that requires the Borrower to make periodic payments but does not require full repayment by a specified point of time.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(2) Standard

The Mortgagee must include the monthly payment shown on the credit report for the Revolving Charge Account. Where the credit report does not include a monthly payment for the account, the Mortgagee must use the payment shown on the current account statement or 5 percent of the outstanding balance.

(3) Required Documentation

The Mortgagee must use the credit report to document the terms, balance and payment amount on the account, if available.

Where the credit report does not reflect the necessary information on the charge account, the Mortgagee must obtain a copy of the most recent charge account statement or use 5 percent of the outstanding balance to document the monthly payment.

(K) 30-Day Accounts (TOTAL)

(1) Definition

A 30-Day Account refers to a credit arrangement that requires the Borrower to pay off the outstanding balance on the account every month.

(2) Standard

The Mortgagee must verify the Borrower paid the outstanding balance in full on every 30-Day Account each month for the past 12 months. 30-Day Accounts that are paid monthly are not included in the Borrower's DTI. If the credit report reflects any late payments in the last 12 months, the Mortgagee must utilize 5 percent of the outstanding balance as the Borrower's monthly debt to be included in the DTI.

(3) Required Documentation

The Mortgagee must use the credit report to document that the Borrower has paid the balance on the account monthly for the previous 12 months. The Mortgagee must use the credit report to document the balance, and must document that funds are available to pay off the balance in excess of the funds and Reserves required to close the Mortgage.

(L) Contingent Liabilities (TOTAL)

(1) Definition

A Contingent Liability refers to a liability that may result in the obligation to repay only when a specific event occurs. For example, a contingent liability exists

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

when an individual can be held responsible for the repayment of a debt if another legally obligated party defaults on the payment. Contingent liabilities may include Co-signer liabilities and liabilities resulting from a mortgage assumption without release of liability.

(2) Standard

The Mortgagee must include monthly payments on contingent liabilities in the calculation of the Borrower's monthly obligations unless the Mortgagee verifies and documents that there is no possibility that the debt holder will pursue debt collection against the Borrower should the other party default or the other legally obligated party has made 12 months of timely payments. When a contingent liability is created by a divorce decree or other court order, evidence that the other legally obligated party has made 12 months of timely payments is not required.

(3) Calculation of Monthly Obligation

The Mortgagee must calculate the monthly payment on the contingent liability based on the terms of the agreement creating the contingent liability.

(4) Required Documentation

(a) Mortgage Assumptions

The Mortgagee must obtain the agreement creating the contingent liability or assumption agreement and deed showing transfer of title out of the Borrower's name.

(b) Cosigned Liabilities

If the cosigned liability is not included in the monthly obligation, the Mortgagee must obtain documentation to evidence that the other party to the debt has been making regular on-time payments during the previous 12 months.

(c) Court-Ordered Divorce Decree or Other Court Order

The Mortgagee must obtain a copy of the divorce decree or other court order ordering the spouse or other legally obligated party to make payments.

(M) Collection Accounts (TOTAL)

(1) Definition

A Collection Account refers to a Borrower's loan or debt that has been submitted to a collection agency by a creditor.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(2) Standard

If the credit reports used in the TOTAL Mortgage Scorecard analysis show cumulative outstanding collection account balances of \$2,000 or greater, the Mortgagee must:

- verify that the debt is paid in full at the time of or prior to settlement using acceptable [Sources of Funds \(TOTAL\)](#);
- verify that the Borrower has made payment arrangements with the creditor and include the monthly payment in the Borrower's DTI; or
- if a payment arrangement is not available, calculate the monthly payment using 5 percent of the outstanding balance of each collection and include the monthly payment in the Borrower's DTI.

Collection accounts of a non-borrowing spouse in a community property state must be included in the \$2,000 cumulative balance and analyzed as part of the Borrower's ability to pay all collection accounts, unless excluded by state law.

(3) Required Documentation

The Mortgagee must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with creditor, if not paid prior to or at settlement.

If the Mortgagee uses 5 percent of the outstanding balance, no documentation is required.

(N) Charge Off Accounts (TOTAL)

(1) Definition

Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

(2) Standard

Charge Off Accounts do not need to be included in the Borrower's liabilities or debt.

(O) Private Savings Clubs (TOTAL)

(1) Definition

Private Savings Club refers to a non-traditional method of saving by making deposits into a member-managed resource pool.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(2) Standard

If the Borrower is obligated to continue making ongoing contributions under the pooled savings agreement, this obligation must be counted in the Borrower's total debt.

The Mortgagee must verify and document the establishment and duration of the Borrower's membership in the club and the amount of the Borrower's required contribution to the club.

(3) Required Documentation

The Mortgagee must also obtain the club's account ledgers and receipts, and verification from the club treasurer that the club is still active.

(P) Business Debt in Borrower's Name (TOTAL)

(1) Definition

Business Debt in Borrower's Name refers to liabilities reported on the Borrower's personal credit report, but payment for the debt is attributed to the Borrower's business.

(2) Standard

When business debt is reported on the Borrower's personal credit report, the debt must be included in the DTI calculation, unless the Mortgagee can document that the debt is being paid by the Borrower's business, and the debt was considered in the cash flow analysis of the Borrower's business. The debt is considered in the cash flow analysis where the Borrower's business Tax Returns reflect a business expense related to the obligation, equal to or greater than the amount of payments documented as paid out of company funds. Where the Borrower's business Tax Returns show an interest expense related to the obligation, only the interest portion of the debt is considered in the cash flow analysis.

(3) Required Documentation

When a self-employed Borrower states debt appearing on their personal credit report is being paid by their business, the Mortgagee must obtain documentation that the debt is paid out of company funds and that the debt was considered in the cash flow analysis of the Borrower's business.

(Q) Obligations Not Considered Debt (TOTAL)

Obligations not considered debt include:

- medical collections
- federal, state, and local taxes, if not delinquent and no payments are required

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- automatic deductions from savings, when not associated with another type of obligation
- Federal Insurance Contributions Act (FICA) and other retirement contributions, such as 401(k) accounts
- collateralized loans secured by depository accounts
- utilities
- child care
- commuting costs
- union dues
- insurance, other than property insurance
- open accounts with zero balances
- voluntary deductions, when not associated with another type of obligation

c. Income Requirements (TOTAL) (04/10/2025)

Definitions

Effective Income refers to income that may be used to qualify a Borrower for a Mortgage.

Tax Return refers to a U.S. federal income tax return or, for Borrowers who reside in Puerto Rico, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or American Samoa and who are not required to file U.S. federal income taxes, the Mortgagee must obtain the equivalent tax filing for the territory (a territory tax return).

Standard

Effective Income must be reasonably likely to continue through at least the first three years of the Mortgage, and meet the specific requirements described below.

i. General Income Requirements (TOTAL)

The Mortgagee must document the Borrower's income and employment history, verify the accuracy of the amounts of income being reported, and determine if the income can be considered as Effective Income in accordance with the requirements listed below.

The Mortgagee may only consider income if it is legally derived and, when required, properly reported as income on the Borrower's Tax Returns.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

If FHA requires Tax Returns as required documentation for any type of Effective Income, the Mortgagee must also analyze the Tax Returns in accordance with [Appendix 2.0 – Analyzing IRS Forms](#).

If the income documents are not received in English, the Mortgagee must provide a complete and accurate translation for each document.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

ii. Employment Related Income (TOTAL)

(A) Definition

Employment Income refers to income received as an employee of a business that is reported on IRS Form W-2, *Wage and Tax Statement*.

(B) Standard

The Mortgagee may use Employment related Income as Effective Income in accordance with the standards provided for each type of Employment related Income.

(C) Required Documentation

For all Employment related Income, the Mortgagee must verify the Borrower's most recent two years of employment and income, and document current employment using either the [traditional](#) or [alternative](#) method, and [past employment](#) as applicable.

(1) Traditional Current Employment Documentation

The Mortgagee must obtain one of the following to verify current employment and income:

- the most recent pay stub and a written Verification of Employment (VOE) covering two years; or
- direct electronic verification of employment by a TPV vendor covering two years, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to verify income and employment; and
 - the date of the data contained in the completed verification conforms with FHA requirements in [Maximum Age of Mortgage Documents](#).

Reverification of employment must be completed within 10 Days prior to the date of the Note. Verbal or electronic reverification of employment is acceptable. Electronic reverification employment data must be current within 30 days of the date of the verification.

(2) Alternative Current Employment Documentation

If using alternative documentation, the Mortgagee must:

- obtain copies of the most recent pay stub that shows the Borrower's year-to-date earnings;
- obtain copies of the original IRS Form W-2s from the previous two years; and
- document current employment by telephone, sign and date the verification documentation, and note the name, title, and telephone number of the person with whom employment was verified.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Reverification of employment must be completed within 10 Days prior to the date of the Note. Verbal or electronic reverification of employment is acceptable. Electronic reverification employment data must be current within 30 days of the date of the verification.

(3) Past Employment Documentation

Direct verification of the Borrower's employment and income history for the previous two years is not required if all of the following conditions are met:

- The current employer confirms a two-year employment history, or a paystub reflects a hiring date.
- Only base pay is used to qualify (no Overtime, Bonus, or Tip Income).
- The Borrower executes [IRS Form 4506](#), *Request for Copy of Tax Return*, [IRS Form 4506-C](#), *IVES Request for Transcript of Tax Return*, or [IRS Form 8821](#), *Tax Information Authorization*, for the previous two tax years.

If the applicant has not been employed with the same employer for the previous two years and/or not all conditions immediately above can be met, then the Mortgagee must obtain one or a combination of the following for the most recent two years to verify the applicant's employment history:

- IRS Form W-2(s);
- written VOE(s);
- direct electronic verification by a TPV vendor, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to verify income and employment; and
 - the date of the data contained in the completed verification conforms with FHA requirements in [Maximum Age of Mortgage Documents](#); and/or
- evidence supporting enrollment in school or the military during the most recent two full years.

iii. Primary Employment (TOTAL)

(A) Definitions

Primary Employment is the Borrower's principal employment, unless the income falls within a specific category identified below. Primary employment is generally full-time employment and may be either salaried or hourly.

COVID-19 Related Economic Event refers to temporary loss of employment, temporary reduction of income, or temporary reduction of hours worked during the Presidentially-Declared COVID-19 National Emergency.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(B) Standard

The Mortgagee may use primary Employment Income as Effective Income.

(C) Calculation of Effective Income

(1) Salary

(a) Standard

For employees who are salaried and whose income has been and will likely be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(b) Exception Due to COVID-19 Related Economic Event

For employees who are salaried and whose current income will likely be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(2) Hourly

(a) Standard

For employees who are paid hourly and whose hours do not vary, the Mortgagee must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must use the average of the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use the most recent 12-month average of hours at the current pay rate.

(b) Exception Due to COVID-19 Related Economic Event

For employees who are paid hourly and whose hours do not vary, the Mortgagee must use the current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Hourly Standard](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average of the income earned since the COVID-19 Related Economic Event.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

iv. Part-Time Employment (TOTAL)

(A) Definition

Part-Time Employment refers to employment that is not the Borrower's primary employment and is generally performed for less than 40 hours per week.

(B) Standard

The Mortgagee may use Employment Income from Part-Time Employment as Effective Income if the Borrower has worked a part-time job uninterrupted for the past two years and the current position is reasonably likely to continue.

(C) Calculation of Effective Income

The Mortgagee must average the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use a 12-month average of hours at the current pay rate.

(D) Exception Due to COVID-19 Related Economic Event

For employees who are paid hourly and whose hours do not vary, the Mortgagee must use the current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Calculation of Effective Income](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average of income earned since the COVID-19 Related Economic Event.

v. Overtime, Bonus, or Tip Income (TOTAL)

(A) Definition

Overtime, Bonus, or Tip Income refers to income that the Borrower receives in addition to the Borrower's normal salary.

(B) Standard

The Mortgagee may use Overtime, Bonus, or Tip Income as Effective Income if the Borrower has received this income for the past two years and it is reasonably likely to continue.

Periods of Overtime, Bonus, or Tip Income less than two years may be considered Effective Income if the Mortgagee documents that the Overtime, Bonus, or Tip

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Income has been consistently earned over a period of not less than one year and is reasonably likely to continue.

(C) Calculation of Effective Income

(1) Standard

For employees with Overtime, Bonus, or Tip Income, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average Overtime, Bonus, or Tip Income earned over the previous two years or, if less than two years, the length of time Overtime, Bonus, or Tip Income has been earned; or
- the average Overtime, Bonus, or Tip Income earned over the previous year.

(2) Exception Due to COVID-19 Related Economic Event

For employees with Overtime, Bonus, or Tip Income, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Overtime, Bonus, or Tip Income Standard](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average Overtime, Bonus, or Tip Income earned since the COVID-19 Related Economic Event.

vi. Seasonal Employment (TOTAL)

(A) Definition

Seasonal Employment refers to employment that is not year round, regardless of the number of hours per week the Borrower works on the job.

(B) Standard

The Mortgagee may consider Employment Income from Seasonal Employment as Effective Income if the Borrower has worked the same line of work for the past two years and is reasonably likely to be rehired for the next season. The Mortgagee may consider unemployment income as Effective Income for those with Effective Income from Seasonal Employment.

(C) Required Documentation

For seasonal employees with unemployment income, the Mortgagee must document the unemployment income for two full years and there must be reasonable assurance that this income will continue.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(D) Calculation of Effective Income

For employees with Employment Income from Seasonal Employment, the Mortgagee must average the income earned over the previous two full years to calculate Effective Income.

vii. Employer Housing Subsidy (TOTAL)

(A) Definition

Employer Housing Subsidy refers to employer-provided mortgage assistance.

(B) Standard

The Mortgagee may utilize Employer Housing Subsidy as Effective Income.

(C) Required Documentation

The Mortgagee must verify and document the existence and the amount of the housing subsidy.

(D) Calculation of Effective Income

For employees receiving an Employer Housing Subsidy, the Mortgagee may add the Employer Housing Subsidy to the total Effective Income, but may not use it to offset the Mortgage Payment.

viii. Employed by Family-Owned Business (TOTAL)

(A) Definition

Family-Owned Business Income refers to Employment Income earned from a business owned by the Borrower's family, but in which the Borrower is not an owner.

(B) Standard

The Mortgagee may consider Family-Owned Business Income as Effective Income if the Borrower is not an owner in the family-owned business.

(C) Required Documentation

The Mortgagee must verify and document that the Borrower is not an owner in the family-owned business by using official business documents showing the ownership percentage.

Official business documents include corporate resolutions or other business organizational documents, business Tax Returns or [Schedule K-1 \(IRS Form 1065\)](#),

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

U.S. Return of Partnership Income, or an official letter from a certified public accountant on their business letterhead.

In addition to traditional or alternative documentation requirements, the Mortgagee must obtain copies of signed personal Tax Returns or tax transcripts.

(D) Calculation of Effective Income

(1) Salary

(a) Standard

For employees who are salaried and whose income has been and will likely continue to be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(b) Exception Due to COVID-19 Related Economic Event

For employees who are salaried and whose income will likely be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(2) Hourly

(a) Standard

For employees who are paid hourly and whose hours do not vary, the Mortgagee must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must average the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use the most recent 12-month average of hours at the current pay rate.

(b) Exception Due to COVID-19 Related Economic Event

For employees who are paid hourly and whose hours do not vary, the Mortgagee must use the current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Hourly Standard](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average of the income earned since the COVID-19 Related Economic Event.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

ix. Commission Income (TOTAL)

(A) Definition

Commission Income refers to income that is paid contingent upon the conducting of a business transaction or the performance of a service.

(B) Standard

The Mortgagee may use Commission Income as Effective Income if the Borrower earned the income for at least one year in the same or similar line of work and it is reasonably likely to continue.

(C) Required Documentation

For all Commission Income, the Mortgagee must use traditional or alternative employment documentation.

(D) Calculation of Effective Income

(1) Standard

The Mortgagee must calculate Effective Income for commission by using the lesser of:

- the average Commission Income earned over either:
 - the previous two years; or
 - the length of time Commission Income has been earned if less than two years; or
- the average Commission Income earned over the previous year.

(2) Exception Due to COVID-19 Related Economic Event

For employees with Commission Income, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Commission Income Standard](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average of the Commission Income earned since the COVID-19 Related Economic Event.

x. Self-Employment Income (TOTAL)

(A) Definition

Self-Employment Income refers to income generated by a business in which the Borrower has a 25 percent or greater ownership interest.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

There are four basic types of business structures. They include:

- sole proprietorships;
- corporations;
- limited liability or “S” corporations; and
- partnerships.

(B) Standard

(1) Minimum Length of Self-Employment

The Mortgagee may consider Self-Employment Income if the Borrower has been self-employed for at least two years.

If the Borrower has been self-employed between one and two years, the Mortgagee may only consider the income as Effective Income if the Borrower was previously employed in the same line of work in which the Borrower is self-employed or in a related occupation for at least two years.

(2) Stability of Self-Employment Income

Income obtained from businesses with annual earnings that are stable or increasing is acceptable. If the income from businesses shows a greater than 20 percent decline in Effective Income over the analysis period, the Mortgagee must downgrade and manually underwrite.

(3) Exception Due to COVID-19 Related Economic Event

The Mortgagee may consider Self-Employment Income if the Borrower has an aggregate self-employment history before and after the COVID-19 Related Economic Event totaling two years.

If the Borrower has an aggregate self-employment history before and after the COVID-19 Related Economic Event totaling between one and two years, the Mortgagee may only consider the income as Effective Income if the Borrower was previously employed in the same line of work in which the Borrower is self-employed or in a related occupation for at least two years.

For self-employed Borrowers with a COVID-19 Related Economic Event that have since regained income at a level less than 80 percent of their income prior to the COVID-19 Related Economic Event, the Mortgagee must downgrade and manually underwrite.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(C) Required Documentation

(1) Individual and Business Tax Returns

The Mortgagee must obtain complete individual Tax Returns for the most recent two years, including all schedules.

The Mortgagee must obtain the Borrower's business Tax Returns for the most recent two years unless the following criteria are met:

- individual Tax Returns show increasing Self-Employment Income over the past two years;
- funds to close are not coming from business accounts; and
- the Mortgage to be insured is not a cash-out refinance.

In lieu of signed individual or business Tax Returns from the Borrower, the Mortgagee may obtain a signed [IRS Form 4506](#), [IRS Form 4506-C](#), or [IRS Form 8821](#), and tax transcripts directly from the IRS.

(2) Profit & Loss Statements and Balance Sheets

The Mortgagee must obtain a year-to-date Profit and Loss (P&L) statement and balance sheet if more than a calendar quarter has elapsed since the date of the most recent calendar or fiscal year-end tax period. A balance sheet is not required for self-employed Borrowers filing Schedule C income.

If income used to qualify the Borrower exceeds the two-year average of Tax Returns, an audited P&L or signed quarterly Tax Return must be obtained from the IRS.

(3) Exception Due to COVID-19 Related Economic Event

For self-employed Borrowers with a reduction of income due to a COVID-19 Related Economic Event, the Mortgagee must provide the following documentation in addition to the current [Self-Employment Income required documentation](#):

- letter of explanation for the time period of income loss or reduction;
- the Borrower's business Tax Returns for the most recent two years; and
- either of the following:
 - an audited year-to-date P&L statement reporting business revenue, expenses, and net income up to and including the most recent month preceding the case assignment date; or
 - an unaudited year-to-date P&L statement signed by the Borrower reporting business revenue, expenses, and net income up to and including the most recent month preceding the case assignment date, and three of the most recent business bank statements no older than the latest three months represented on the year-to-date P&L statement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Monthly deposits on the business bank statements must support the earnings on the unaudited year-to-date P&L.

(D) Calculation of Effective Income

(1) Standard

The Mortgagee must analyze the Borrower's Tax Returns to determine gross Self-Employment Income. Requirements for analyzing self-employment documentation are found in [Analyzing IRS Forms](#).

The Mortgagee must calculate gross Self-Employment Income by using the lesser of:

- the average gross Self-Employment Income earned over either:
 - the previous two years; or
 - the length of time Self-Employment Income has been earned if less than two years (where permitted); or
- the average gross Self-Employment Income earned over the previous one year.

(2) Exception Due to COVID-19 Related Economic Event

For self-employed Borrowers with a COVID-19 Related Economic Event that have since regained income at a level greater than or equal to 80 percent of their income prior to the COVID-19 Related Economic Event for a minimum of six months, the Mortgagee must calculate gross Self-Employment Income by using the lesser of:

- the average gross Self-Employment Income earned over the previous two years prior to the COVID-19 Related Economic Event; or
- the average gross Self-Employment Income earned over the previous six months after the COVID-19 Related Economic Event.

xi. Additional Required Analysis of Stability of Employment Income (TOTAL)

(A) Frequent Changes in Employment

If the Borrower has changed employers more than three times in the previous 12-month period, or has changed lines of work, the Mortgagee must take additional steps to verify and document the stability of the Borrower's Employment Income.

Additional analysis is not required for fields of employment that regularly require a Borrower to work for various employers (such as Temp Companies or Union Trades).

The Mortgagee must obtain:

- transcripts of training and education demonstrating qualification for a new position; or
- employment documentation evidencing continual increases in income and/or benefits.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(B) Addressing Gaps in Employment

For Borrowers with gaps in employment of six months or more (an extended absence), the Mortgagee may consider the Borrower's current income as Effective Income if it can verify and document that:

- the Borrower has been employed in the current line of work for at least six months at the time of case number assignment; and
- a two-year work history prior to the absence from employment using standard or alternative employment verification.

(C) Addressing Temporary Reduction in Income

For Borrowers with a temporary reduction of income due to a short-term disability or similar temporary leave, the Mortgagee may consider the Borrower's current income as Effective Income, if it can verify and document that:

- the Borrower intends to return to work;
- the Borrower has the right to return to work; and
- the Borrower qualifies for the Mortgage taking into account any reduction of income due to the circumstance.

For federal, state, tribal, or local government employees temporarily out of work due to a government shutdown or other similar, temporary events (where lost income is anticipated to be recovered), income preceding the shutdown can be considered as Effective Income.

For Borrowers returning to work before or at the time of the first Mortgage Payment due date, the Mortgagee may use the Borrower's pre-leave income as Effective Income.

For Borrowers returning to work after the first Mortgage Payment due date, the Mortgagee may use the Borrower's current income plus available surplus liquid asset Reserves, above and beyond any required Reserves, as an income supplement up to the amount of the Borrower's pre-leave income as Effective Income. The amount of the monthly income supplement is the total amount of surplus Reserves divided by the number of months between the first payment due date and the Borrower's intended date of return to work.

Required Documentation

The Mortgagee must provide the following documentation for Borrowers on temporary leave:

- a written statement from the Borrower confirming the Borrower's intent to return to work, and the intended date of return;
- documentation generated by current employer confirming the Borrower's eligibility to return to current employer after temporary leave; and

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- documentation of sufficient liquid assets, in accordance with [Sources of Funds](#), used to supplement the Borrower's income through intended date of return to work with current employer.

(D) Addressing Gaps in Employment or Reduction of Income Due to COVID-19 Related Economic Event

(1) Employment Income

For Borrowers with gaps in employment, reduction of income, or reduction of hours due to a COVID-19 Related Economic Event, the Mortgagee may consider the Borrower's income calculated in accordance with the Exception Due to COVID-19 Related Economic Event for the applicable income type as Effective Income if it can verify and document that:

- the Borrower has been employed in the current job or same line of work for at least one month at the time of case number assignment; or
- the Borrower has been employed in a different job or line of work for at least six months at the time of case number assignment; and the Borrower has an aggregate two-year work history prior to case number assignment excluding gaps in employment, using traditional or alternative employment verification.

Required Documentation

The Mortgagee must obtain a written VOE identifying the time period of temporary loss of employment, temporary loss of income, or temporary loss of hours.

(2) Self-Employment Income

For Borrowers with gaps in self-employment, reduction in income, or reduction of hours due to a COVID-19 Related Economic Event, the Mortgagee may exclude the months where the business was closed, or income was reduced when calculating Effective Income. The total time period of the Borrower's self-employment must still meet the minimum length of self-employment in accordance with [Exception Due to COVID-19 Related Economic Event](#).

xii. Other Sources of Effective Income (TOTAL)

(A) Disability Benefits (TOTAL)

(1) Definition

Disability Benefits are benefits received from the Social Security Administration (SSA), Department of Veterans Affairs (VA), other public agencies, or a private disability insurance provider.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(2) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of benefits from the SSA, VA, or private disability insurance provider. The Mortgagee must obtain documentation that establishes award benefits to the Borrower.

If any disability income is due to expire within three years from the date of mortgage application, that income cannot be used as Effective Income.

If the Notice of Award or equivalent document does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue. The Mortgagee may not rely upon a pending or current re-evaluation of medical eligibility for benefit payments as evidence that the benefit payment is not reasonably likely to continue.

Under no circumstance may the Mortgagee inquire into or request documentation concerning the nature of the disability or the medical condition of the Borrower.

(a) Social Security Disability

For Social Security Disability income, including Supplemental Security Income (SSI), the Mortgagee must obtain a copy of the last Notice of Award letter, or an equivalent document that establishes award benefits to the Borrower, and one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a "Budget Letter" or "Benefits Letter" that evidences income from the SSA; or
- a copy of the Borrower's form SSA-1099/1042S, *Social Security Benefit Statement*.

(b) Department of Veterans Affairs Disability

For VA disability benefits, the Mortgagee must obtain from the Borrower a copy of the veteran's last Benefits Letter showing the amount of the assistance, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the VA.

If the Benefits Letter does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue for at least three years.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(c) Private Disability

For private disability benefits, the Mortgagee must obtain documentation from the private disability insurance provider showing the amount of the assistance and the expiration date of the benefits, if any, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the insurance provider.

(3) Calculation of Effective Income

The Mortgagee must use the most recent amount of benefits received to calculate Effective Income.

(B) Alimony, Child Support, and Maintenance Income (TOTAL)

(1) Definition

Alimony, Child Support, and Maintenance Income refers to income received from a former spouse or partner or from a noncustodial parent of the Borrower's minor dependent.

(2) Required Documentation

The Mortgagee must obtain a fully executed copy of the Borrower's final divorce decree, legal separation agreement, court order, or voluntary payment agreement with documented receipt.

When using a final divorce decree, legal separation agreement or court order, the Mortgagee must obtain evidence of receipt using deposits on bank statements; canceled checks; or documentation from the child support agency for the most recent three months that supports the amount used in qualifying.

The Mortgagee must document the voluntary payment agreement with 12 months of canceled checks, deposit slips, or Tax Returns.

The Mortgagee must provide evidence that the claimed income will continue for at least three years. The Mortgagee may use the front and pertinent pages of the divorce decree/settlement agreement and/or court order showing the financial details.

(3) Calculation of Effective Income

When using a final divorce decree, legal separation agreement or court order, if the Borrower has received consistent Alimony, Child Support, and Maintenance

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Income for the most recent three months, the Mortgagee may use the current payment to calculate Effective Income.

When using evidence of voluntary payments, if the Borrower has received consistent Alimony, Child Support, and Maintenance Income for the most recent six months, the Mortgagee may use the current payment to calculate Effective Income.

If the Alimony, Child Support, and Maintenance Income have not been consistently received for the most recent three months if court ordered or six months if voluntary, the Mortgagee must use the average of the income received over the previous two years to calculate Effective Income. If Alimony, Child Support, and Maintenance Income have been received for less than two years, the Mortgagee must use the average over the time of receipt.

(C) Military Income (TOTAL)

(1) Definition

Military Income refers to income received by military personnel during their period of active, Reserve, or National Guard service, including:

- base pay
- Basic Allowance for Housing
- clothing allowances
- flight or hazard pay
- Basic Allowance for Subsistence
- proficiency pay

The Mortgagee may not use military education benefits as Effective Income.

(2) Required Documentation

The Mortgagee must obtain a copy of the Borrower's military Leave and Earnings Statement (LES). The Mortgagee must verify the Expiration Term of Service date on the LES. If the Expiration Term of Service date is within the first 12 months of the Mortgage, Military Income may only be considered Effective Income if the Borrower represents their intent to continue military service.

(3) Calculation of Effective Income

The Mortgagee must use the current amount of Military Income received to calculate Effective Income.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(D) Mortgage Credit Certificates (TOTAL)

(1) Definition

Mortgage Credit Certificates refer to government Mortgage Payment subsidies other than Section 8 Housing Choice Vouchers.

(2) Required Documentation

The Mortgagee must verify and document the amount of the tax rebate.

(3) Calculating Effective Income

Mortgage Credit Certificate income may be included as Effective Income. The Mortgagee must use the current subsidy rate to calculate the Effective Income.

(E) Section 8 Housing Choice Vouchers (TOTAL)

(1) Definition

Section 8 Housing Choice Vouchers refer to housing subsidies received under the Housing Choice Voucher homeownership option from a Public Housing Agency (PHA).

(2) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of the Housing Choice Voucher homeownership subsidies. The Mortgagee may consider that this income is reasonably likely to continue for three years.

(3) Calculation of Effective Income

The Mortgagee may only use Section 8 Housing Choice Voucher subsidies as Effective Income if it is not used as an offset to the monthly Mortgage Payment. The Mortgagee must use the current subsidy rate to calculate the Effective Income.

(F) Other Public Assistance (TOTAL)

(1) Definition

Public Assistance refers to income received from government assistance programs.

(2) Required Documentation

Mortgagees must verify and document the income received from the government agency.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

If any Public Assistance income is due to expire within three years from the date of mortgage application, that income cannot be used as Effective Income. If the documentation does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue.

(3) Calculation of Effective Income

The Mortgagee must use the current rate of Public Assistance received to calculate Effective Income.

(G)Automobile Allowances (TOTAL)

(1) Definition

Automobile Allowance refers to the funds provided by the Borrower's employer for automobile related expenses.

(2) Required Documentation

The Mortgagee must verify and document the Automobile Allowance received from the employer for the previous two years.

(3) Calculation of Effective Income

The Mortgagee must use the full amount of the Automobile Allowance to calculate Effective Income.

(H)Retirement Income (TOTAL)

Retirement Income refers to income received from Pensions, 401(k) distributions, and Social Security.

(1) Social Security Income (TOTAL)

(a) Definition

Social Security Income or Supplemental Security Income (SSI) refers to income received from the SSA other than disability income.

(b) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of income from the SSA and that it is likely to continue for at least a three-year period from the date of case number assignment.

For SSI, the Mortgagee must obtain any one of the following documents:

- Tax Returns;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a “Budget Letter” or “Benefits Letter” that evidences income from the SSA; or
- a copy of the Borrower’s form SSA-1099/1042S.

In addition to verification of income, the Mortgagee must document the continuance of this income by obtaining from the Borrower (1) a copy of the last Notice of Award letter which states the SSA’s determination on the Borrower’s eligibility for SSA income or (2) an equivalent document that establishes award benefits to the Borrower (equivalent document). If any income from the SSA is due to expire within three years from the date of case number assignment, that income may not be used for qualifying.

If the Notice of Award or equivalent document does not have a defined expiration date, the Mortgagee must consider the income effective and reasonably likely to continue. The Mortgagee may not request additional documentation from the Borrower to demonstrate continuance of Social Security Administration income.

If the Notice of Award letter or equivalent document specifies a future start date for receipt of income, this income may only be considered effective on the specified start date.

(c) Calculation of Effective Income

The Mortgagee must use the current amount of Social Security Income received to calculate Effective Income.

(2) Pension (TOTAL)

(a) Definition

Pension refers to income received from the Borrower’s former employer(s).

(b) Required Documentation

The Mortgagee must verify and document the Borrower’s receipt of periodic payments from the Borrower’s Pension and that the payments are likely to continue for at least three years.

The Mortgagee must obtain any one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the former employer; or
- a copy of the Borrower’s Pension/retirement letter from the former employer.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(c) Calculation of Effective Income

The Mortgagee must use the current amount of Pension income received to calculate Effective Income.

(3) Individual Retirement Account and 401(k) (TOTAL)

(a) Definition

Individual Retirement Account (IRA)/401(k) Income refers to income received from an IRA.

(b) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of recurring IRA/401(k) distribution Income and that it is reasonably likely to continue for three years.

The Mortgagee must obtain the most recent IRA/401(k) statement and any one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income.

(c) Calculation of Effective Income

For Borrowers with IRA/401(k) Income that has been and will be consistently received, the Mortgagee must use the current amount of IRA Income received to calculate Effective Income. For Borrowers with fluctuating IRA/401(k) Income, the Mortgagee must use the average of the IRA/401(k) Income received over the previous two years to calculate Effective Income. If IRA/401(k) Income has been received for less than two years, the Mortgagee must use the average over the time of receipt.

(I) Rental Income (TOTAL)

(1) Definition

Rental Income refers to income received or to be received from the subject Property or other real estate holdings.

(2) Rental Income Received from the Subject Property (TOTAL)

(a) Standard

The Mortgagee may consider Rental Income from existing and prospective renters if documented in accordance with the following requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Rental Income from the subject Property may be considered Effective Income when the Property is or will be a one-unit dwelling with an ADU, a two- to four-unit dwelling, or an acceptable one- to four-unit Investment Property.

No income from commercial space may be included in Rental Income calculations.

(b) Required Documentation

Documentation varies depending upon the length of time the Borrower has owned the Property and must meet one of the applicable documentation requirements below:

(i) Limited or No History of Rental Income

Where the Borrower does not have a history of Rental Income from the subject since the previous tax filing:

Two- to Four-Units

The Mortgagee must verify and document the proposed Rental Income by obtaining an appraisal showing fair market rent (use [Fannie Mae Form 1025/Freddie Mac Form 72](#), *Small Residential Income Property Appraisal Report*) and, if available, the prospective leases.

One-Unit

The Mortgagee must verify and document the proposed Rental Income by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form 1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective leases.

One-Unit with an Accessory Dwelling Unit

The Mortgagee must verify and document the proposed Rental Income from the ADU by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form 1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective leases.

(ii) History of Rental Income

Where the Borrower has a history of Rental Income from the subject Property since the previous tax filing, the Mortgagee must verify and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

document the existing Rental Income by obtaining the Borrower's most recent Tax Returns, including Schedule E, from the previous two years.

For Properties owned less than two years, the Mortgagee must document the date of acquisition by providing a copy of the deed, Closing Disclosure, or other similar legal document.

(c) Calculation of Effective Income

The Mortgagee must add the net subject property Rental Income to the Borrower's gross income to calculate Effective Income. The Mortgagee may not reduce the Borrower's total Mortgage Payment by the net subject property Rental Income.

(i) Limited or No History of Rental Income

To calculate the Effective Income from the subject Property where the Borrower does not have a history of Rental Income from the subject Property since the previous tax filing, the Mortgagee must use 75 percent of the lesser of:

- fair market rent reported by the Appraiser; or
- the rent reflected in the lease or other rental agreement.

One-Unit with an Accessory Dwelling Unit

The amount of the Rental Income from an ADU used as Effective Income must not exceed 30 percent of the total monthly Effective Income used to qualify the Borrower.

(ii) History of Rental Income

The Mortgagee must calculate the Rental Income by averaging the amount shown on Schedule E.

Depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E may be added back to the net income or loss.

If the Property has been owned for less than two years, the Mortgagee must annualize the Rental Income for the length of time the Property has been owned.

(3) Rental Income from Other Real Estate Holdings (TOTAL)

(a) Standard

Rental Income from other real estate holdings may be considered Effective Income if the documentation requirements listed below are met.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

If Rental Income is being derived from a Property being vacated by the Borrower, the Borrower must be relocating to an area more than 100 miles from the Borrower's current Principal Residence. The Mortgagee must obtain a lease agreement of at least one year's duration after the Mortgage is closed and evidence of the payment of the security deposit or first month's rent.

(b) Required Documentation

(i) Limited or No History of Rental Income

Where the Borrower does not have a history of Rental Income for the Property since the previous tax filing, including Property being vacated by the Borrower, the Mortgagee must obtain an appraisal evidencing market rent and that the Borrower has at least 25 percent equity in the Property. The appraisal is not required to be completed by an FHA Roster Appraiser.

Two- to Four-Units

The Mortgagee must verify and document the proposed Rental Income by obtaining an appraisal showing fair market rent (use [Fannie Mae Form 1025/Freddie Mac Form 72](#), *Small Residential Income Property Appraisal Report*) and, if available, the prospective leases.

One-Unit or One-Unit with an Accessory Dwelling Unit

The Mortgagee must verify and document the proposed Rental Income by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form 1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective leases.

(ii) History of Rental Income

The Mortgagee must obtain the Borrower's last two years' Tax Returns with Schedule E.

(c) Calculation of Effective Net Rental Income

(i) Limited or No History of Rental Income

To calculate the effective net Rental Income from other real estate holdings where the Borrower does not have a history of Rental Income since the previous tax filing, the Mortgagee must deduct the Principal, Interest, Taxes, and Insurance (PITI) from 75 percent of the lesser of:

- fair market rent reported by the Appraiser; or
- the rent reflected in the lease or other rental agreement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(ii) History of Net Rental Income

The Mortgagee must calculate the net Rental Income by averaging the amount shown on the Schedule E provided the Borrower continues to own all Properties included on the Schedule E.

Depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E may be added back to the net income or loss.

Positive net Rental Income must be added to the Borrower's Effective Income. Negative net Rental Income must be included as a debt/liability.

If the Property has been owned for less than two years, the Mortgagee must:

- annualize the Rental Income for the length of time the Property has been owned; and
- document the date of acquisition by providing the deed, Closing Disclosure, or similar legal document.

(4) Borders of the Subject Property (TOTAL)

(a) Definition

Boarder refers to an individual renting space inside the Borrower's Dwelling Unit. A renter of an ADU is not a Boarder.

(b) Standard

The Mortgagee may consider Rental Income from existing Boarders if documented in accordance with the following requirements.

Rental Income from Boarders may be considered Effective Income if the occupying Borrower has a 12-month history of receiving income from Boarders ~~is only acceptable if the Borrower has a two-year history of receiving income from Boarders that is shown on the Tax Return and the Borrower~~ is currently receiving Boarder income.

Rental Income from Boarders is permitted whether the Borrower currently rents or owns the Dwelling Unit.

(c) Required Documentation

The Mortgagee must verify and document the existing Rental Income from Boarders by obtaining the following:

- evidence of rental history over the previous 12 months;
- evidence of Rental Income received from Boarders for at least nine of the most recent 12 months in the form of:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

o the Borrower's Tax Returns; or
o bank statements, canceled checks, or deposit slips, showing rental payments received;

- evidence that the Boarder's address is the same as the Borrower's address; and
- a copy of the executed written agreement documenting the boarding terms and the Boarder's intent to continue boarding with the Borrower.

~~The Mortgagee must obtain two years of the Borrower's Tax Returns evidencing income from Boarders and the current lease.~~

~~For purchase transactions, the Mortgagee must obtain a copy of the executed written agreement documenting their intent to continue boarding with the Borrower.~~

(d) Calculation of Effective Income

The Mortgagee must calculate Rental Income from Boarders by using the lesser of:

- the 12-month average; or
- the current rent as documented in the written agreement.

Where Rental Income from Boarders has been documented for at least nine of the last 12 months, the Mortgagee must average the Rental Income over a 12-month period.

The amount of the Rental Income from Boarders used as Effective Income must not exceed 30 percent of the total monthly Effective Income used to qualify the Borrower.

~~The Mortgagee must calculate the Effective Income by using the lesser of the two-year average or the current lease.~~

(J) Investment Income (TOTAL)

(1) Definition

Investment Income refers to interest and dividend income received from assets such as certificates of deposits, mutual funds, stocks, bonds, money markets, and savings and checking accounts.

(2) Required Documentation

The Mortgagee must verify and document the Borrower's Investment Income by obtaining Tax Returns for the previous two years and the most recent account statement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(3) Calculation of Effective Income

The Mortgagee must calculate Investment Income by using the lesser of:

- the average Investment Income earned over the previous two years; or
- the average Investment Income earned over the previous one year.

The Mortgagee must subtract any of the assets used for the Borrower's required funds to close to purchase the subject Property from the Borrower's liquid assets prior to calculating any interest or dividend income.

(K) Capital Gains and Losses (TOTAL)

(1) Definition

Capital Gains refer to a profit that results from a disposition of a capital asset, such as a stock, bond or real estate, where the amount realized on the disposition exceeds the purchase price.

Capital Losses refer to a loss that results from a disposition of a capital asset, such as a stock, bond or real estate, where the amount realized on the disposition is less than the purchase price.

(2) Standard

Capital gains or losses must be considered when determining Effective Income, when the individual has a constant turnover of assets resulting in gains or losses.

(3) Required Documentation

Three years' Tax Returns are required to evaluate an earnings trend. If the trend:

- results in a gain, it may be added as Effective Income; or
- consistently shows a loss, it must be deducted from the total income.

(L) Expected Income (TOTAL)

(1) Definition

Expected Income refers to income from cost-of-living adjustments, performance raises, a new job, or retirement that has not been, but will be received within 60 Days of mortgage closing.

(2) Standard

The Mortgagee may consider Expected Income as Effective Income except when Expected Income is to be derived from a family-owned business.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(3) Required Documentation

The Mortgagee must verify and document the existence and amount of Expected Income with the employer in writing and that it is guaranteed to begin within 60 Days of mortgage closing. For expected Retirement Income, the Mortgagee must verify the amount and that it is guaranteed to begin within 60 Days of the mortgage closing.

(4) Calculation of Effective Income

Income is calculated in accordance with the standards for the type of income being received. The Mortgagee must also verify that the Borrower will have sufficient income or cash Reserves to support the Mortgage Payment and any other obligations between mortgage closing and the beginning of the receipt of the income.

(M) Trust Income (TOTAL)

(1) Definition

Trust Income refers to income that is regularly distributed to a Borrower from a trust.

(2) Required Documentation

The Mortgagee must verify and document the existence of the Trust Agreement or other trustee statement. The Mortgagee must also verify and document the frequency, duration, and amount of the distribution by obtaining a bank statement or transaction history from the bank.

The Mortgagee must verify that regular payments will continue for at least the first three years of the mortgage term.

(3) Calculation of Effective Income

The Mortgagee must use the income based on the terms and conditions in the Trust Agreement or other trustee statement to calculate Effective Income.

(N) Annuities or Similar (TOTAL)

(1) Definition

Annuity Income refers to a fixed sum of money periodically paid to the Borrower from a source other than employment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(2) Required Documentation

The Mortgagee must verify and document the legal agreement establishing the annuity and guaranteeing the continuation of the annuity for the first three years of the Mortgage. The Mortgagee must also obtain a bank statement or a transaction history from a bank evidencing receipt of the annuity.

(3) Calculation of Effective Income

The Mortgagee must use the current rate of the annuity to calculate Effective Income.

The Mortgagee must subtract any of the assets used for the Borrower's required funds to close to purchase the subject Property from the Borrower's liquid assets prior to calculating any Annuity Income.

(O) Notes Receivable Income (TOTAL)

(1) Definition

Notes Receivable Income refers to income received by the Borrower as payee or holder in due course of a promissory Note or similar credit instrument.

(2) Required Documentation

The Mortgagee must verify and document the existence of the Note. The Mortgagee must also verify and document that payments have been consistently received for the previous 12 months by obtaining Tax Returns, deposit slips, or canceled checks and that such payments are guaranteed to continue for the first three years of the Mortgage.

(3) Calculation of Effective Income

For Borrowers who have been and will be receiving a consistent amount of Notes Receivable Income, the Mortgagee must use the current rate of income to calculate Effective Income. For Borrowers whose Notes Receivable Income fluctuates, the Mortgagee must use the average of the Notes Receivable Income received over the previous year to calculate Effective Income.

(P) Nontaxable Income (Grossing Up) (TOTAL)

(1) Definition

Nontaxable Income refers to types of income not subject to federal taxes, which includes, but is not limited to:

- some portion of Social Security Income;
- some federal government employee Retirement Income;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- Railroad Retirement benefits;
- some state government Retirement Income;
- certain types of disability and Public Assistance payments;
- Child Support;
- Section 8 Housing Choice Vouchers;
- military allowances; and
- other income that is documented as being exempt from federal income taxes.

(2) Required Documentation

The Mortgagee must document and support the amount of income to be Grossed Up for any Nontaxable Income source and the current tax rate applicable to the Borrower's income that is being Grossed Up.

(3) Calculation of Effective Income

The amount of continuing tax savings attributed to Nontaxable Income may be added to the Borrower's gross income.

The percentage of Nontaxable Income that may be added cannot exceed the greater of 15 percent or the appropriate tax rate for the income amount, based on the Borrower's tax rate for the previous year. If the Borrower was not required to file a Tax Return for the previous tax reporting period, the Mortgagee may Gross Up the Nontaxable Income by 15 percent.

The Mortgagee may not make any additional adjustments or allowances based on the number of the Borrower's dependents.

(Q) Foster Care Payment

(1) Definition

Foster Care Payment refers to payment received from a state- or county-sponsored organization for providing temporary care for one or more individuals.

(2) Standard

Foster care payment may be considered acceptable and stable income if the Borrower has a two-year history of providing foster care services and receiving foster care payment and that the foster care payment is reasonably likely to continue.

(3) Required Documentation

The Mortgagee must obtain a written verification of foster care payment from the organization providing it, verify and document that the Borrower has a two-year

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

history of providing foster care services and receiving foster care payment, and that the foster care payment is reasonably likely to continue.

(4) Calculation of Effective Income

The Mortgagee must calculate foster care payment by using the lesser of:

- average foster care payment received over the previous two years; or
- average foster care payment received over the previous year.

(R) Foreign Income

(1) Definition

Foreign Income refers to income received by a Borrower from sources located outside of the United States by a foreign corporation or a foreign government and is paid in foreign currency.

(2) Standard

The Mortgagee may use Foreign Income as Effective Income if the Borrower has received this income for the previous two years and it is reasonably likely to continue.

(3) Required Documentation

The Mortgagee must obtain complete individual Tax Returns showing Foreign Income for the most recent two years, including all schedules.

For all Foreign Income, the Mortgagee must satisfy the requirements listed based on source and type of income as outlined in [Income Requirements \(TOTAL\)](#).

If the Foreign Income documents are not received in English, the Mortgagee must provide a complete and accurate translation for each document and convert foreign currency to U.S. dollars.

(4) Calculation of Effective Income

The Mortgagee must analyze the Borrower's Tax Returns to determine gross Foreign Income. The Mortgagee must average the Foreign Income over the previous two years to calculate of Effective Income.

d. Asset Requirements (TOTAL) (08/19/2024)

i. General Asset Requirements (TOTAL)

The Mortgagee may only consider assets derived from acceptable sources in accordance with the requirements outlined below.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Closing costs, prepaid items and other fees may not be applied toward the Borrower's MRI.

(A) Earnest Money Deposit (TOTAL)

The Mortgagee must verify and document the deposit amount and source of funds if the amount of the earnest money deposit exceeds 1 percent of the sales price or is excessive based on the Borrower's history of accumulating savings, by obtaining:

- a copy of the Borrower's canceled check;
- certification from the deposit-holder acknowledging receipt of funds;
- a Verification of Deposit (VOD) or bank statement showing that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit; or
- direct electronic verification by a TPV vendor, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to verify assets;
 - the date of the completed verification conforms with FHA requirements in [Maximum Age of Mortgage Documents](#); and
 - the information shows that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit.

If the source of the earnest money deposit was a Gift, the Mortgagee must verify that the Gift is in compliance with [Gifts \(Personal and Equity\) \(TOTAL\)](#).

(B) Cash to Close (TOTAL)

The Mortgagee must document all funds that are used for the purpose of qualifying for or closing a Mortgage, including those to satisfy debt or pay costs outside of closing.

The Mortgagee must verify and document that the Borrower has sufficient funds from an acceptable source to facilitate the closing.

(1) Determining the Amount Needed for Closing

For a purchase transaction, the amount of cash needed by the Borrower to close an FHA-insured Mortgage is the difference between the total cost to acquire the Property and the total mortgage amount.

For a refinance transaction, the amount of cash needed by the Borrower to close an FHA-insured Mortgage is the difference between the total payoff requirements of the Mortgage being refinanced and the total mortgage amount.

(2) Mortgagee Responsibility for Estimating Settlement Requirements

In addition to the MRI, additional Borrower expenses must be included in the total amount of cash that the Borrower must provide at mortgage settlement.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(a) Origination Fees and Other Closing Costs

The Mortgagee or sponsored TPO may charge a reasonable origination fee.

The Mortgagee or sponsored TPO may charge and collect from Borrowers those customary and reasonable closing costs and prepaid items necessary to close the Mortgage. Charges may not exceed the actual costs.

The Mortgagee must comply with HUD's Qualified Mortgage Rule at [24 CFR § 203.19](#).

(b) Discount Points

Discount Points refer to a charge from the Mortgagee for the interest rate chosen. They can be paid by the Borrower and become part of the total cash required to close.

(c) Types of Prepaid Items (Including Per Diem Interest)

Prepaid items may include flood and hazard insurance premiums, MIPs, real estate taxes, and per diem interest. They must comply with the requirements of the CFPB.

(d) Non-realty or Personal Property

Non-realty or Personal Property items (chattel) that the Borrower agrees to pay for separately, including the amount subtracted from the sales price when determining the maximum Mortgage, are included in the total cash requirements for the Mortgage.

(e) Upfront Mortgage Insurance Premium Amounts

Any UFMIP amounts paid in cash are added to the total cash settlement requirements. The UFMIP must be entirely financed into the Mortgage or paid entirely in cash. However, if the UFMIP is financed into the Mortgage, the entire amount is to be financed except for any amount less than \$1.00.

(f) Real Estate Agent Fees

If a Borrower is represented by a real estate agent and must pay any fee directly to the agent, that expense must be included in the total of the Borrower's settlement requirements.

(g) Repairs and Improvements

Repairs and improvements, or any portion paid by the Borrower that cannot be financed into the Mortgage, are part of the Borrower's total cash requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(h) Premium Pricing on FHA-Insured Mortgages

Premium Pricing refers to the aggregate credits from a Mortgagee or TPO at the interest rate chosen.

Premium Pricing may be used to pay a Borrower's actual closing costs and prepaid items. Premium Pricing is not included as part of the Interested Party limitation unless the Mortgagee or TPO is the property seller, real estate agent, builder or developer.

The funds derived from a premium priced Mortgage:

- must be disclosed in accordance with RESPA;
- must be used to reduce the principal balance if the credit amount exceeds the actual dollar amount for closing costs and prepaid items; and
- may not be used for payment of debts, collection accounts, escrow shortages or missed Mortgage Payments, or Judgments.

(i) Interested Party Contributions on the Closing Disclosure

The Mortgagee may apply Interested Party credits toward the Borrower's origination fees, other closing costs including any items Paid Outside Closing (POC), prepaid items, and Discount Points.

The refund of the Borrower's POCs may be used toward the Borrower's MRI if the Mortgagee documents that the POCs were paid with the Borrower's own funds.

The Mortgagee must identify the total Interested Party credits on the front page of the Closing Disclosure or similar legal document or in an addendum. The Mortgagee must identify each item paid by Interested Party Contributions.

(j) Real Estate Tax Credits

Where real estate taxes are paid in arrears, the seller's real estate tax credit may be used to meet the MRI, if the Mortgagee documents that the Borrower had sufficient assets to meet the MRI and the Borrower paid closing costs and other prepaid items at the time of underwriting, without consideration of the real estate tax credit.

This permits the Borrower to bring a portion of their MRI to the closing and combine that portion with the real estate tax credit for their total MRI.

(C) Reserves (TOTAL)

The Mortgagee must verify and document all assets submitted to the AUS.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Reserves refer to the sum of the Borrower's verified and documented liquid assets minus the total funds the Borrower is required to pay at closing.

Reserves do not include:

- the amount of cash taken at settlement in cash-out transactions;
- incidental cash received at settlement in other loan transactions;
- equity in another Property; or
- borrowed funds from any source.

(1) Required Reserves for One-Unit with an Accessory Dwelling Unit Properties

If Rental Income is being used as Effective Income to qualify the Borrower, the Mortgagee must verify and document Reserves equivalent to two months' PITI after closing for one-unit with an ADU Properties.

(2) Required Reserves for Three- to Four-Unit Properties

The Mortgagee must verify and document Reserves equivalent to three months' PITI after closing for three- to four-unit Properties.

ii. Source Requirements for the Borrower's Minimum Required Investment (TOTAL)

(A) Definition

Minimum Required Investment (MRI) refers to the Borrower's contribution in cash or its equivalent required by Section 203(b)(9) of the National Housing Act, which represents at least 3.5 percent of the Adjusted Value of the Property.

(B) Standard

The Mortgagee may only permit the Borrower's MRI to be provided by a source permissible under Section 203(b)(9)(C) of the National Housing Act, which means the funds for the Borrower's MRI must not come from:

- (1) the seller of the Property;
- (2) any other person or entity who financially benefits from the transaction (directly or indirectly); or
- (3) anyone who is or will be reimbursed, directly or indirectly, by any party included in (1) or (2) above.

While additional funds to close may be provided by one of these sources if permitted under the relevant requirements above, none of the Borrower's MRI may come from these sources. The Mortgagee must document permissible sources for the full MRI in accordance with special requirements noted above.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Additionally, in accordance with [Prohibited Sources of Minimum Cash Investment Under the National Housing Act – Interpretive Rule](#), HUD does not interpret Section 203(b)(9)(C) of the National Housing Act to prohibit Governmental Entities, when acting in their governmental capacity, from providing the Borrower's MRI where the Governmental Entity is originating the insured Mortgage through one of its homeownership programs.

(C) Required Documentation

Where the Borrower's MRI is provided by someone other than the Borrower, the Mortgagee must also obtain documentation to support the permissible nature of the source of those funds.

To establish that the Governmental Entity provided the Borrower's MRI in a manner consistent with HUD's Interpretive Rule, the Mortgagee must document that the Governmental Entity incurred prior to or at closing an enforceable legal liability or obligation to fund the Borrower's MRI. It is not sufficient to document that the Governmental Entity has agreed to reimburse the Mortgagee for the use of funds legally belonging to the Mortgagee to fund the Borrower's MRI.

The Mortgagee must obtain:

- a canceled check, evidence of wire transfer or other draw request showing that prior to or at the time of closing the Governmental Entity had authorized a draw of the funds provided toward the Borrower's MRI from the Governmental Entity's account; or
- a letter from the Governmental Entity, signed by an authorized official, establishing that the funds provided toward the Borrower's MRI were funds legally belonging to the Governmental Entity, when acting in their governmental capacity, at or before closing.

Where a letter from the Governmental Entity is submitted, the precise language of the letter may vary, but must demonstrate that the funds provided for the Borrower's MRI legally belonged to the Governmental Entity at or before closing, by stating, for example:

- the Governmental Entity has, at or before closing, incurred a legally enforceable liability as a result of its agreement to provide the funds toward the Borrower's MRI;
- the Governmental Entity has, at or before closing, incurred a legally enforceable obligation to provide the funds toward the Borrower's MRI; or
- the Governmental Entity has, at or before closing, authorized a draw on its account to provide the funds toward the Borrower's MRI.

While the Mortgagee is not required to document the actual transfer of funds in satisfaction of the obligation or liability, the failure of the Governmental Entity to satisfy the obligation or liability may result in a determination that the funds were provided by a prohibited source.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

iii. Sources of Funds (TOTAL)

The Mortgagee must verify liquid assets for cash to close and Reserves as indicated.

(A) Checking and Savings Accounts (TOTAL)

(1) Definition

Checking and Savings Accounts refer to funds from Borrower-held accounts in a financial institution that allows for withdrawals and deposits.

(2) Standard

The Mortgagee must verify and document the existence of and amounts in the Borrower's checking and savings accounts.

For individual deposits of more than 50 percent of the total monthly Effective Income, the Mortgagee must obtain documentation of the deposits. The Mortgagee must also verify that the deposits are commensurate with the Borrower's income and savings history and no debts were incurred to obtain part, or all, of the MRI.

(3) Required Documentation

(a) Traditional Documentation

The Mortgagee must obtain:

- a written VOD and the Borrower's most recent statement for each account; or
- direct verification by a TPV vendor of the Borrower's account covering activity for a minimum of the most recent available month, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to use a TPV vendor to verify assets; and
 - the date of the data contained in the completed verification is current within 30 days of the date of the verification.

(b) Alternative Documentation

If a VOD is not obtained, a statement showing the previous month's ending balance for the most recent month is required. If the previous month's balance is not shown, the Mortgagee must obtain statement(s) for the most recent two months.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(B) Cash on Hand (TOTAL)

(1) Definition

Cash on Hand refers to cash held by the Borrower outside of a financial institution.

(2) Standard

The Mortgagee must verify that the Borrower's Cash on Hand is deposited in a financial institution or held by the escrow/title company.

(3) Required Documentation

The Mortgagee must verify and document the Borrower's Cash on Hand by obtaining an explanation from the Borrower describing how the funds were accumulated and the amount of time it took to accumulate the funds.

The Mortgagee must also determine the reasonableness of the accumulation based on the time period during which the funds were saved and the Borrower's:

- income stream;
- spending habits;
- documented expenses; and
- history of using financial institutions.

(C) Retirement Accounts (TOTAL)

(1) Definition

Retirement Accounts refer to assets accumulated by the Borrower for the purpose of retirement.

(2) Standard

The Mortgagee may include up to 60 percent of the value of assets, less any existing loans, from the Borrower's retirement accounts, such as IRAs, thrift savings plans, 401(k) plan, and Keogh accounts, unless the Borrower provides conclusive evidence that a higher percentage may be withdrawn after subtracting any federal income tax and withdrawal penalties.

The portion of the assets not used to meet closing requirements, after adjusting for taxes and penalties, may be counted as Reserves.

(3) Required Documentation

The Mortgagee must obtain the most recent monthly or quarterly statement to verify and document the existence and amounts in the Borrower's retirement

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

accounts, the Borrower's eligibility for withdrawals, and the terms and conditions for withdrawal from any retirement account.

If any portion of the asset is required for funds to close, evidence of liquidation is required.

(D) Stocks and Bonds (TOTAL)

(1) Definition

Stocks and Bonds are investment assets accumulated by the Borrower.

(2) Standard

The Mortgagee must determine the value of the stocks and bonds from the most recent monthly or quarterly statement.

If the stocks and bonds are not held in a brokerage account, the Mortgagee must determine the current value of the stocks and bonds through TPV. Government-issued savings bonds are valued at the original purchase price, unless the Mortgagee verifies and documents that the bonds are eligible for redemption when cash to close is calculated.

(3) Required Documentation

The Mortgagee must verify and document the existence of the Borrower's stocks and bonds by obtaining brokerage statement(s) for each account for the most recent two months. Evidence of liquidation is not required.

For stocks and bonds not held in a brokerage account the Mortgagee must obtain a copy of each stock or bond certificate.

(E) Private Savings Clubs (TOTAL)

(1) Definition

Private Savings Club refers to a non-traditional method of saving by making deposits into a member-managed resource pool.

(2) Standard

The Mortgagee may consider Private Savings Club funds that are distributed to and received by the Borrower as an acceptable source of funds.

The Mortgagee must verify and document the establishment and duration of the club, and the Borrower's receipt of funds from the club. The Mortgagee must also determine that the received funds were reasonably accumulated, and not borrowed.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(3) Required Documentation

The Mortgagee must obtain the club's account ledgers and receipts, and a verification from the club treasurer that the club is still active.

(F) Gifts (Personal and Equity) (TOTAL)

(1) Definition

Gifts refer to the contributions of cash or equity with no expectation of repayment.

(2) Standards for Gifts

(a) Acceptable Sources of Gifts Funds

Gifts may be provided by:

- the Borrower's Family Member;
- the Borrower's employer or labor union;
- a close friend with a clearly defined and documented interest in the Borrower;
- a charitable organization;
- a governmental agency or public entity that has a program providing homeownership assistance to:
 - low- or moderate-income families; or
 - first-time homebuyers.

Any Gift of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(TOTAL\)](#).

(b) Donor's Source of Funds

Cash on Hand is not an acceptable source of donor gift funds.

(3) Required Documentation

The Mortgagee must obtain a gift letter signed and dated by the donor and Borrower that includes the following:

- the donor's name, address, and telephone number;
- the donor's relationship to the Borrower;
- the dollar amount of the Gift; and
- a statement that no repayment is required.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Documenting the Transfer of Gifts

The Mortgagee must verify and document the transfer of Gifts from the donor to the Borrower in accordance with the requirements below.

- For Gifts that will be verified prior to settlement, the Mortgagee must obtain one of the following:
 - the donor's bank statement showing the withdrawal and evidence of the deposit into the Borrower's account;
 - a copy of the donor's canceled check and evidence of deposit into the Borrower's account;
 - a copy of the donor's withdrawal receipt and evidence of deposit into the Borrower's account; or
 - evidence of the electronic transfer of funds from the donor's account to the Borrower's account.
- For Gifts that will be verified at settlement, the Mortgagee must obtain one of the following evidencing payment to the settlement agent:
 - evidence of electronic transfer of funds from the donor's account;
 - bank certified check;
 - cashier's check; or
 - other official bank check.
- For Gifts of land, the Mortgagee must obtain:
 - proof of ownership by the donor; and
 - evidence of the transfer of title to the Borrower.

Regardless of when gift funds are made available to a Borrower or settlement agent, the Mortgagee must be able to make a reasonable determination that the gift funds were not provided by an unacceptable source.

(4) Standards for Gifts of Equity

(a) Who May Provide Gifts of Equity

Only Family Members may provide equity credit as a Gift on Property being sold to other Family Members.

(b) Required Documentation

The Mortgagee must obtain a gift letter signed and dated by the donor and Borrower that includes the following:

- the donor's name, address, and telephone number;
- the donor's relationship to the Borrower;
- the dollar amount of the Gift; and
- a statement that no repayment is required.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(G) Interested Party Contributions (TOTAL)

(1) Definition

Interested Parties refer to sellers, real estate agents, builders, developers, Mortgagees, Third-Party Originators (TPO), or other parties with an interest in the transaction.

Interested Party Contribution refers to a payment by an Interested Party, or combination of parties, toward the Borrower's origination fees, other closing costs including any items POC, prepaid items, and Discount Points.

(2) Standard

Interested Parties may contribute up to 6 percent of the sales price toward the Borrower's origination fees, other closing costs, prepaid items, and Discount Points. The 6 percent limit also includes:

- Interested Party payment for permanent and temporary interest rate buydowns, and other payment supplements;
- payments of mortgage interest for fixed rate Mortgages;
- Mortgage Payment protection insurance; and
- payment of the UFMIP.

Interested Party Contributions that exceed actual origination fees, other closing costs, prepaid items, and Discount Points are considered an inducement to purchase. Interested Party Contributions exceeding 6 percent are considered an inducement to purchase.

Interested Party Contributions may not be used for the Borrower's MRI.

Exceptions

[Premium Pricing](#) credits from the Mortgagee or TPO are excluded from the 6 percent limit, provided the Mortgagee or TPO is not the seller, real estate agent, builder, or developer.

Payment of real estate agent commissions or fees, typically paid by the seller under local or state law, or local custom, is not considered an Interested Party Contribution. The satisfaction of a PACE lien or obligation against the Property by the property owner is not considered an Interested Party Contribution.

(3) Required Documentation

The Mortgagee must document the total Interested Party Contributions on the sales contract or applicable legally binding document, form [HUD-92900-LT](#), and Closing Disclosure or similar legal document. When a legally binding document other than the sales contract is used to document the Interested Party

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

Contributions, the Mortgagee must provide a copy of this document to the assigned Appraiser.

(H) Inducements to Purchase (TOTAL)

Inducements to Purchase refer to certain expenses paid by the seller and/or another Interested Party on behalf of the Borrower and result in a dollar-for-dollar reduction to the purchase price when computing the Adjusted Value of the Property before applying the appropriate Loan-to-Value (LTV) percentage.

These inducements include, but are not limited to:

- contributions exceeding 6 percent of the purchase price;
- contributions exceeding the origination fees, other closing costs, prepaid items, and Discount Points;
- decorating allowances;
- repair allowances;
- excess rent credit;
- moving costs;
- paying off consumer debt;
- Personal Property;
- sales commission on the Borrower's present residence; and
- below-market rent, except for Borrowers who meet the Identity-of-Interest exception for Family Members.

(1) Personal Property (TOTAL)

Replacement of existing Personal Property items listed below are not considered an inducement to purchase, provided the replacement is made prior to settlement and no cash allowance is given to the Borrower. The inclusion of the items below in the sales agreement is also not considered an inducement to purchase if inclusion of the item is customary for the area:

- range
- refrigerator
- dishwasher
- washer
- dryer
- carpeting
- window treatment
- other items determined appropriate by ~~the HOC~~ **FHA**

(2) Sales Commission (TOTAL)

An inducement to purchase exists when the seller and/or Interested Party agrees to pay any portion of the Borrower's sales commission on the sale of the Borrower's present residence.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

An inducement to purchase also exists when a Borrower is not paying a real estate commission on the sale of their present residence, and the same real estate broker or agent is involved in both transactions, and the seller is paying a real estate commission on the Property being purchased by the Borrower that exceeds what is typical for the area.

(3) Rent Below Fair Market (TOTAL)

A reduced rent is an inducement to purchase when the sales contract includes terms permitting the Borrower to live in the Property rent-free or has an agreement to occupy the Property at a rental amount greater than 10 percent below the Appraiser's estimate of fair market rent. When such an inducement exists, the amount of inducement is the difference between the rent charged and the Appraiser's estimate of fair market rent pro-rated over the period between execution of the sales contract and execution of the Property sale.

Rent below fair market is not considered an inducement to purchase when a builder fails to deliver a Property at an agreed-upon time, and permits the Borrower to occupy an existing or other unit for less than market rent until construction is complete.

(I) Downpayment Assistance Programs (TOTAL)

FHA does not "approve" downpayment assistance programs administered by charitable organizations, such as nonprofits. FHA also does not allow nonprofit entities to provide Gifts to pay off:

- Installment Loans
- credit cards
- collections
- Judgments
- liens
- similar debts

The Mortgagee must ensure that a Gift provided by a charitable organization meets the appropriate FHA requirements, and that the transfer of funds is properly documented.

(1) Gifts from Charitable Organizations that Lose or Give Up Their Federal Tax-Exempt Status

If a charitable organization makes a Gift that is to be used for all, or part, of a Borrower's downpayment, and the organization providing the Gift loses or gives up its federal tax-exempt status, FHA will recognize the Gift as an acceptable source of the downpayment provided that:

- the Gift is made to the Borrower;
- the Gift is properly documented; and

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- the Borrower has entered into a contract of sale (including any amendments to purchase price) on or before the date the IRS officially announces that the charitable organization's tax-exempt status is terminated.

(2) Mortgagee Responsibility for Ensuring that Downpayment Assistance Provider is a Charitable Organization

The Mortgagee is responsible for ensuring that an entity providing downpayment assistance is a charitable organization as defined by Section 501(a) of the Internal Revenue Code (IRC) of 1986 pursuant to Section 501(c) (3) of the IRC.

One resource for this information is the [Tax Exempt Organization Search](#), which contains a list of organizations eligible to receive tax-deductible charitable contributions.

(J) Secondary Financing (TOTAL)

Secondary Financing is any financing other than the first Mortgage that creates a lien against the Property. Any such financing that does create a lien against the Property is not considered a Gift or a grant even if it does not require regular payments or has other features forgiving the debt.

(1) Secondary Financing Provided by Governmental Entities and HOPE Grantees (TOTAL)

(a) Definitions

A Governmental Entity refers to any federal, state, or local government agency or instrumentality.

To be considered an Instrumentality of Government, the entity must be established by a governmental body or with governmental approval or under special law to serve a particular public purpose or designated by law (statute or court opinion) and does not have 501(c)(3) status. HUD deems Section 115 entities to be Instrumentalities of Government for the purpose of providing secondary financing.

Homeownership and Opportunity for People Everywhere (HOPE) Grantee refers to an entity designated in the homeownership plan submitted by an applicant for an implementation grant under the HOPE program.

(b) Standard

FHA will insure a first Mortgage on a Property that has a second Mortgage or lien made or held by a Governmental Entity, provided that:

- the secondary financing is disclosed at the time of application;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- no costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
- the insured first Mortgage does not exceed the FHA [Nationwide Mortgage Limit](#) for the area in which the Property is located;
- the secondary financing payments are included in the total Mortgage Payment;
- any secondary financing of the Borrower's MRI fully complies with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(TOTAL\)](#);
- the secondary financing does not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing; and
- the second lien does not provide for a balloon payment within 10 years from the date of execution.

Nonprofits assisting a Governmental Entity in the operation of its secondary financing programs must have HUD approval and placement on the Nonprofit Organization Roster unless there is a documented agreement that:

- specifies the functions performed are within the Governmental Entity's secondary financing program; and
- names the Governmental Entity as the Mortgagee in the secondary financing legal documents (Note and Deed of Trust).

Secondary financing that will close in the name of the nonprofit and be held by a Governmental Entity must be made by a HUD-approved Nonprofit.

The Mortgagee must enter information on HUD-approved Nonprofits into [FHA Connection \(FHAC\)](#), as applicable.

Secondary financing provided by Governmental Entities or HOPE grantees may be used to meet the Borrower's MRI. Any loan of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(TOTAL\)](#).

There is no maximum Combined Loan-to-Value (CLTV) for secondary financing loans provided by Governmental Entities or HOPE grantees.

Any secondary financing meeting this standard is deemed to have prior approval in accordance with [24 CFR § 203.32](#).

(c) Required Documentation

The Mortgagee must obtain from the provider of any secondary financing:

- documentation showing the amount of funds provided to the Borrower for each transaction;
- copies of the Mortgage and Note; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- a letter from the Governmental Entity on their letterhead evidencing the relationship between them and the nonprofit for each FHA-insured Mortgage, signed by an authorized official and containing the following information:
 - the FHA case number for the first Mortgage;
 - the complete property address;
 - the name, address and Tax ID for the nonprofit;
 - the name of the Borrower(s) to whom the nonprofit is providing secondary financing;
 - the amount and purpose for the secondary financing provided to the Borrower; and
 - a statement indicating whether the secondary financing:
 - will close in the name of the Governmental Entity; or
 - will be closed in the name of the nonprofit and held by the Governmental Entity.

Nonprofits assisting a Governmental Entity in the operation of its secondary financing programs must have HUD approval and placement on the Nonprofit Organization Roster unless there is a documented agreement that:

- specifies the functions performed are within the Governmental Entity's secondary financing program; and
- names the Governmental Entity as the Mortgagee in the secondary financing legal documents (Note and Deed of Trust).

Where a nonprofit meets the criteria identified in Section 115 of the IRC for exclusion of taxation, the nonprofit must provide one of the following:

- a letter from the organization's auditor;
- a written statement from the organization's General Counsel, as an official of the organization;
- a determination or ruling letter issued by the IRS; or
- an equivalent document evidencing Section 115 status.

(2) Secondary Financing Provided by HUD-Approved Nonprofits (TOTAL)

(a) Definition

A HUD-approved Nonprofit is a nonprofit agency approved by HUD to act as a mortgagor using FHA mortgage insurance, purchase the Department's Real Estate Owned (REO) Properties (HUD Homes) at a discount, and provide secondary financing.

HUD-approved Nonprofits appear on the [HUD Nonprofit Roster](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(b) Standard

FHA will insure a first Mortgage on a Property that has a second Mortgage or lien held by a HUD-approved Nonprofit, provided that:

- the secondary financing is disclosed at the time of application;
- no costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
- the secondary financing payments must be included in the total Mortgage Payment;
- the secondary financing must not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing;
- the secondary financing may not be used to meet the Borrower's MRI;
- there is no maximum CLTV for secondary financing loans provided by HUD-approved Nonprofits; and
- the second lien may not provide for a balloon payment within 10 years from the date of execution.

Secondary financing provided by Section 115 entities must follow the guidance in [Secondary Financing Provided by Governmental Entities and HOPE Grantees \(TOTAL\)](#).

Any secondary financing meeting this standard is deemed to have prior approval in accordance with [24 CFR § 203.32](#).

(c) Required Documentation

The Mortgagee must obtain from the provider of any secondary financing:

- documentation showing the amount of funds provided to the Borrower for each transaction; and
- copies of the Mortgage and Note.

The Mortgagee must enter information into [FHAC](#) on the nonprofit and the Governmental Entity as applicable. If there is more than one nonprofit, enter information on all nonprofits.

(3) Family Members (TOTAL)

(a) Standard

FHA will insure a first Mortgage on a Property that has a second Mortgage or lien held by a Family Member, provided that:

- the secondary financing is disclosed at the time of application;
- no costs associated with the secondary financing are financed into the FHA-insured first Mortgage;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

- the secondary financing payments must be included in the total Mortgage Payment;
- the secondary financing must not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing;
- the secondary financing may be used to meet the Borrower's MRI;
- the CLTV ratio of the Base Loan Amount and secondary financing amount must not exceed 100 percent of the Adjusted Value;
- the second lien may not provide for a balloon payment within 10 years from the date of execution;
- any periodic payments are level and monthly;
- there is no prepayment penalty;
- if the Family Member providing the secondary financing borrows the funds, the lending source may not be an entity with an Identity of Interest in the sale of the Property, such as the:
 - seller;
 - builder;
 - loan originator; or
 - real estate agent;
- mortgage companies with retail banking Affiliates may have the Affiliate lend the funds to the Family Member. However, the terms and conditions of the loan to the Family Member cannot be more favorable than they would be for any other Borrowers;
- if funds loaned by the Family Member are borrowed from an acceptable source, the Borrower may not be a co-Obligor on the Note;
- if the loan from the Family Member is secured by the subject Property, only the Family Member provider may be the Note holder; and
- the secondary financing provided by the Family Member must not be transferred to another entity at or subsequent to closing.

Any secondary financing meeting this standard is deemed to have prior approval in accordance with [24 CFR § 203.32](#).

(b) Required Documentation

The Mortgagee must obtain from the provider of any secondary financing:

- documentation showing the amount of funds provided to the Borrower for each transaction and source of funds; and
- copies of the Mortgage and Note.

If the secondary financing funds are being borrowed by the Family Member and documentation from the bank or other savings account is not available, the Mortgagee must have the Family Member provide written evidence that the funds were borrowed from an acceptable source, not from a party to the transaction, including the Mortgagee.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(4) Private Individuals and Other Organizations (TOTAL)

(a) Definition

Private Individuals and Other Organizations refer to any individuals or entities providing secondary financing which are not covered elsewhere in this Secondary Financing section.

(b) Standard

FHA will insure a first Mortgage on a Property that has a second Mortgage or lien held by private individuals and other organizations, provided that:

- the secondary financing is disclosed at the time of application;
- no costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
- the secondary financing payments must be included in the total Mortgage Payment;
- the secondary financing must not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing;
- the secondary financing may not be used to meet the Borrower's MRI;
- the CLTV ratio of the Base Loan Amount and secondary financing amount must not exceed the applicable FHA [LTV](#) limit;
- the Base Loan Amount and secondary financing amount must not exceed the [Nationwide Mortgage Limits](#);
- the second lien may not provide for a balloon payment within 10 years from the date of execution;
- any periodic payments are level and monthly; and
- there is no prepayment penalty, after giving the Mortgagee 30 Days advance notice.

Any secondary financing meeting this standard is deemed to have prior approval in accordance with [24 CFR § 203.32](#).

(c) Required Documentation

The Mortgagee must obtain from the provider of any secondary financing:

- documentation showing the amount of funds provided to the Borrower for each transaction; and
- copies of the Mortgage and Note.

(K)Loans (TOTAL)

A Loan refers to an arrangement in which a lender gives money or Property to a Borrower and the Borrower agrees to return the Property or repay the money.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(1) Collateralized Loans (TOTAL)

(a) Definition

A Collateralized Loan is a loan that is fully secured by a financial asset of the Borrower, such as deposit accounts, certificates of deposit, investment accounts, or Real Property. These assets may include stocks, bonds, and real estate other than the Property being purchased.

(b) Standard

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset, do not require consideration of repayment for qualifying purposes. The Mortgagee must reduce the amount of the corresponding asset by the amount of the collateralized loan.

(c) Who May Provide Collateralized Loans

Only an independent third party may provide the borrowed funds for collateralized loans.

The seller, real estate agent or broker, lender, or other Interested Party may not provide such funds. Unacceptable borrowed funds include:

- unsecured signature loans;
- cash advances on credit cards;
- borrowing against household goods and furniture; and
- other similar unsecured financing.

Any loan of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(TOTAL\)](#).

(d) Required Documentation

The Mortgagee must verify and document the existence of the Borrower's assets used to collateralize the loan, the promissory Note securing the asset, and the loan proceeds.

(2) Retirement Account Loans (TOTAL)

(a) Definition

A Retirement Account Loan is a loan that is secured by the Borrower's retirement assets.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(b) Standard

The Mortgagee must reduce the amount of the retirement account asset by the amount of the outstanding balance of the retirement account loan.

(c) Required Documentation

The Mortgagee must verify and document the existence and amounts in the Borrower's retirement accounts and the outstanding loan balance.

(3) Disaster Relief Loans (TOTAL)

(a) Definition

Disaster Relief Loans refer to loans from a Governmental Entity that provide immediate housing assistance to individuals displaced due to a natural disaster.

(b) Standard

Secured or unsecured disaster relief loans administered by the Small Business Administration (SBA) may also be used. If the SBA loan will be secured by the Property being purchased, it must be clearly subordinate to the FHA-insured Mortgage, and meet the requirements for [Secondary Financing Provided by Governmental Entities and HOPE Grantees \(TOTAL\)](#).

Any loan of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(TOTAL\)](#).

Any monthly payment arising from this type of loan must be included in the qualifying ratios.

(c) Required Documentation

The Mortgagee must verify and document the promissory Note.

(L) Grants (TOTAL)

(1) Disaster Relief Grants (TOTAL)

(a) Definition

Disaster Relief Grants refer to grants from a Governmental Entity that provide immediate housing assistance to individuals displaced due to a natural disaster. Disaster relief grants may be used for the Borrower's MRI.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(b) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of the grant and terms of use.

Any grant of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(TOTAL\)](#).

(2) Federal Home Loan Bank Homeownership Set-Aside Grant Program (TOTAL)

(a) Definition

The Federal Home Loan Bank's (FHLB) Affordable Housing Program (AHP) Homeownership Set-Aside Grant Program is an acceptable source of downpayment assistance and may be used in conjunction with FHA-insured financing. Secondary financing that creates a lien against the Property is not considered a Gift or grant even if it does not require regular payments or has other features forgiving the debt.

(b) Standard

Any AHP Set-Aside funds used for the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(TOTAL\)](#).

(c) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of the grant and terms of use.

The Mortgagee must also verify and document that the Retention Agreement required by the FHLB is recorded against the Property and results in a Deed Restriction, and not a second lien. The Retention Agreement must:

- provide that the FHLB will have ultimate control over the AHP grant funds if the funds are repaid by the Borrower;
- include language terminating the legal restrictions on conveyance if title to the Property is transferred by foreclosure or DIL, or assigned to the Secretary of HUD; and
- comply with all other FHA regulations.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(M) Employer Assistance (TOTAL)

(1) Definition

Employer Assistance refers to benefits provided by an employer to relocate the Borrower or assist in the Borrower's housing purchase, including closing costs, prepaid items, MIP, or any portion of the MRI. Employer Assistance does not include benefits provided by an employer through secondary financing.

A salary advance cannot be considered as assets to close.

(2) Standard

(a) Relocation Guaranteed Purchase

The Mortgagee may allow the net proceeds (relocation guaranteed purchase price minus the outstanding liens and expenses) to be used as cash to close.

(b) Employer Assistance Plans

The amount received under Employer Assistance Plans may be used as cash to close.

(3) Required Documentation

(a) Relocation Guaranteed Purchase

If the Borrower is being transferred by their company under a guaranteed sales plan, the Mortgagee must obtain an executed buyout agreement signed by all parties and receipt of funds indicating that the employer or relocation service takes responsibility for the outstanding mortgage debt.

The Mortgagee must verify and document the agreement guaranteeing employer purchase of the Borrower's previous residence and the net proceeds from sale.

(b) Employer Assistance Plans

The Mortgagee must verify and document the Borrower's receipt of assistance. If the employer provides this benefit after settlement, the Mortgagee must verify and document that the Borrower has sufficient cash for closing.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(N) Sale of Personal Property (TOTAL)

(1) Definition

Personal Property refers to tangible property, other than Real Property, such as cars, recreational vehicles, stamps, coins, or other collectibles.

(2) Standard

The Mortgagee must use the lesser of the estimated value or actual sales price when determining the sufficiency of assets to close.

(3) Required Documentation

Borrowers may sell Personal Property to obtain cash for closing.

The Mortgagee must obtain a satisfactory estimate of the value of the item, a copy of the bill of sale, evidence of receipt, and deposit of proceeds. A value estimate may take the form of a published value estimate issued by organizations such as automobile dealers, philatelic or numismatic associations, or a separate written appraisal by a qualified Appraiser with no financial interest in the mortgage transaction.

(O) Trade-In of Manufactured Home (TOTAL)

(1) Definition

Trade-In of Manufactured Home refers to the Borrower's sale or trade-in of another Manufactured Home that is not considered real estate to a Manufactured Housing dealer or an independent third party.

(2) Standard

The net proceeds from the Trade-In of a Manufactured Home may be utilized as the Borrower's source of funds.

Trade-ins cannot result in cash back to the Borrower from the dealer or independent third party.

(3) Required Documentation

The Mortgagee must verify and document the installment sales contract or other agreement evidencing a transaction and value of the trade-in or sale. The Mortgagee must obtain documentation to support the Trade Equity.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(P) Sale of Real Property (TOTAL)

(1) Definition

The Sale of Real Property refers to the sale of Property currently owned by the Borrower.

(2) Standard

Net proceeds from the Sale of Real Property may be used as an acceptable source of funds.

(3) Required Documentation

The Mortgagee must verify and document the actual sale and the Net Sale Proceeds by obtaining a fully executed Closing Disclosure or similar legal document.

The Mortgagee must also verify and document that it is an Arm's Length Transaction, and that the Borrower is entitled to the Net Sale Proceeds.

(Q) Real Estate Commission from Sale of a Subject Property (TOTAL)

(1) Definition

Real Estate Commission from Sale of Subject Property refers to the Borrower's (i.e., buyer's) portion of a real estate commission earned from the sale of the Property being purchased.

(2) Standard

Mortgagees may consider Real Estate Commissions from the Sale of Subject Property as part of the Borrower's acceptable source of funds if the Borrower is a licensed real estate agent.

A Family Member entitled to the commission may also provide it as a Gift, in compliance with standard gift requirements.

(3) Required Documentation

The Mortgagee must verify and document that the Borrower, or Family Member giving the commission as a Gift, is a licensed real estate agent, and is entitled to a Real Estate Commission from Sale of Subject Property being purchased.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(R) Sweat Equity (TOTAL)

(1) Definition

Sweat Equity refers to labor performed, or materials furnished, by or on behalf of the Borrower before closing on the Property being purchased.

(2) Standard

The Mortgagee may consider the reasonable estimated cost of the work or materials as an acceptable source of funds.

Sweat Equity provided by anyone other than the Borrower can only be used as an MRI if it meets the [Source Requirements for the Borrower's Minimum Required Investment \(TOTAL\)](#).

The Mortgagee may consider any amount as Sweat Equity that has not already been included in the mortgage amount. The Mortgagee may not consider clean up, debris removal, and other general maintenance, and work to be performed using repair escrow as Sweat Equity.

Cash back to the Borrower is not permitted in Sweat Equity transactions.

(3) Required Documentation

For materials furnished, the Mortgagee must obtain evidence of the source of funds and the Market Value of the materials.

For labor, the Mortgagee must verify and document that the work will be completed in a satisfactory manner. The Mortgagee must also obtain evidence of Contributory Value of the labor either through an Appraiser's estimate, or a cost-estimating service.

- For labor on Existing Construction, the Mortgagee must also obtain an appraisal indicating the repairs or improvements to be performed. (Any work completed or materials provided before the appraisal are not eligible.)
- For labor on New Construction, the Mortgagee must also obtain the sales contract indicating the tasks to be performed by the Borrower during construction.

(S) Trade Equity (TOTAL)

(1) Definition

Trade Equity refers to when a Borrower trades their Real Property to the seller as part of the cash investment.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

(2) Standard

The amount of the Borrower's equity contribution is determined by:

- using the lesser of the Property's appraised value or sales price; and
- subtracting all liens against the Property being traded, along with any real estate commission.

If the Property being traded has an FHA-insured Mortgage, assumption processing requirements and restrictions apply.

(3) Required Documentation

The Mortgagee must obtain a residential appraisal report complying with [FHA appraisal policy](#) to determine the Property's value. The Mortgagee must also obtain the Closing Disclosure or similar legal document to document the sale of the Property.

(T) Rent Credits (TOTAL)

(1) Definition

Rent Credits refer to the amount of the rental payment that exceeds the Appraiser's estimate of fair market rent.

(2) Standard

The Mortgagee may use the cumulative amount of rental payments that exceeds the Appraiser's [estimate of fair market rent](#) toward the MRI.

(3) Required Documentation

The Mortgagee must obtain the rent with option to purchase agreement, the Appraiser's estimate of market rent, and evidence of receipt of payments.

e. Final Underwriting Decision (TOTAL) (09/14/2015)

The Mortgagee may approve the Mortgage as eligible for FHA insurance endorsement if:

- TOTAL Mortgage Scorecard rated the mortgage application as Accept;
- the underwriter underwrote the appraisal according to standard FHA requirements;
- the Mortgagee reviewed the TOTAL Mortgage Scorecard findings, and verified that all information entered into TOTAL Mortgage Scorecard is consistent with mortgage documentation, and is true, complete, and accurate; and
- the Mortgage meets all FHA requirements applicable to Mortgages receiving a rating of Accept from TOTAL Mortgage Scorecard.

While TOTAL Mortgage Scorecard is available for Mortgagees to use in their pre-qualification process of mortgage applicants, the Mortgagee must score the Mortgage at least

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

once after assignment of an FHA case number. FHA will not recognize the risk assessment nor will information be carried from TOTAL Mortgage Scorecard to [FHAC](#) for endorsement processing, without an FHA case number. It is imperative that the Mortgagees make certain that they enter the FHA case number into their Loan Origination System or AUS as soon as it is known. This will ensure a more efficient endorsement process.

i. Documentation of Final Underwriting Review Decision (TOTAL)

The Mortgagee must complete the following documents to evidence their final underwriting decision.

(A) Form HUD-92900-LT, *FHA Loan Underwriting and Transmittal Summary*

On form [HUD-92900-LT](#), the Mortgagee must:

- indicate the CHUMS ID of the underwriter who reviewed the appraisal;
- complete the Risk Assessment; and
- enter the identification of “ZFHA” in the CHUMS ID.

When the Feedback Certificate indicates “Accept/Ineligible,” the Mortgagee must document the circumstances or other reasons that were evaluated in making the decision to approve the Mortgage in the Remarks section.

(B) Form HUD-92800.5B, *Conditional Commitment Direct Endorsement Statement of Appraised Value*

The underwriter must confirm that form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, is completed as directed in the form instructions.

(C) Form HUD-92900-A, *HUD Addendum to Uniform Residential Loan Application*

The Mortgagee must complete form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, as directed in the form instructions.

An authorized officer of the Mortgagee, the Borrower, and the underwriter must execute form HUD-92900-A, as indicated in the instructions.

ii. Conditional Approval (TOTAL)

The Mortgagee must condition the approval of the Borrower on the completion of the final URLA ([Fannie Mae Form 1003](#)/[Freddie Mac Form 65](#)) and form [HUD-92900-A](#).

iii. HUD Employee Mortgages (TOTAL)

If the Mortgage involves a HUD employee, the Mortgagee must condition the Mortgage on its approval by ~~HUD~~ **FHA**. The Mortgagee must submit the case binder to ~~the~~

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

~~Processing and Underwriting Division Director at the Jurisdictional HOC~~ **FHA** for final underwriting approval.

iv. Notification of Borrower of Approval and Term of the Approval (TOTAL)

The Mortgagee must timely notify the Borrower of their approval. The underwriter's approval or the *Firm Commitment* is valid for the greater of 90 Days or the remaining life of the:

- Conditional Commitment issued by HUD; or
- the underwriter's approval date of the Property, indicated as Action Date on form [HUD-92800.5B](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

5. Manual Underwriting of the Borrower

The Mortgagee must manually underwrite those applications where the AUS issues a Refer or applications which were downgraded to a manual underwrite.

If a Mortgage receiving the AUS Refer or downgrade to manual processing involves a HUD employee, the Mortgagee must underwrite the transaction in accordance with the guidance in this Manual Underwriting section. The Mortgagee must submit the underwritten mortgage application to ~~the Processing and Underwriting Division Director at the Jurisdictional HOC~~ **FHA** for [final underwriting approval](#).

a. Credit Requirements (Manual) (04/10/2025)

i. General Credit Requirements (Manual)

FHA's general credit policy requires Mortgagees to analyze the Borrower's credit history, liabilities, and debts to determine creditworthiness.

The Mortgagee must either obtain a Tri-Merged Credit Report (TRMCR) or a Residential Mortgage Credit Report (RMCR) from an independent consumer reporting agency.

The Mortgagee must utilize the same credit report and credit scores sent to TOTAL.

The Mortgagee must obtain a credit report for each Borrower who will be obligated on the mortgage Note. The Mortgagee may obtain a joint report for individuals with joint accounts.

The Mortgagee must obtain a credit report for a non-borrowing spouse if the Borrower resides in a community property state, or if the subject Property is located in a community property state, except when excluded by state law. The credit report must indicate the non-borrowing spouse's SSN, where an SSN exists, was matched with the SSA, or the Mortgagee must either provide separate documentation indicating that the SSN was matched with the SSA or provide a statement that the non-borrowing spouse does not have an SSN. Where an SSN does not exist for a non-borrowing spouse, the credit report must contain, at a minimum, the non-borrowing spouse's full name, date of birth, and previous addresses for the last two years.

The Mortgagee is not required to obtain a credit report for non-credit qualifying Streamline Refinance transactions.

ii. Types of Credit History (Manual)

If a traditional credit report is available, the Mortgagee must use a traditional credit report. However, if a traditional credit report is not available, the Mortgagee must develop the Borrower's credit history using the requirements for [Non-traditional and Insufficient Credit \(Manual\)](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(A) Traditional Credit (Manual)

If the TRMCR or RMCR generates a credit score, the Mortgagee must utilize traditional credit history.

(1) Requirements for the Credit Report

Credit reports must obtain all information from at least two credit repositories pertaining to credit, residence history, and public records information; be in an easy to read and understandable format; and not require code translations. The credit report may not contain whiteouts, erasures, or alterations. The Mortgagee must retain copies of all credit reports.

The credit report must include:

- the name of the Mortgagee ordering the report;
- the name, address, and telephone number of the consumer reporting agency;
- the name and SSN of each Borrower; and
- the primary repository from which any particular information was pulled, for each account listed.

A truncated SSN is acceptable for FHA mortgage insurance purposes provided that the mortgage application captures the full nine-digit SSN.

The credit report must also include:

- all inquiries made within the last 90 Days;
- all credit and legal information not considered obsolete under the Fair Credit Reporting Act (FCRA), including information for the last seven years, which consumer reporting agencies have reported as verified and currently accurate, regarding:
 - bankruptcies;
 - Judgments;
 - lawsuits;
 - foreclosures; and
 - tax liens; and
- for each Borrower debt listed:
 - the date the account was opened;
 - high credit amount;
 - required monthly payment amount;
 - unpaid balance; and
 - payment history.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Updated Credit Report or Supplement to the Credit Report

The Mortgagee must obtain an updated credit report or supplement if the underwriter identifies inconsistencies between any information in the mortgage file and the original credit report.

(3) Credit Information Not Listed on Credit Report

A Mortgagee must develop credit information separately for any open debt listed on the mortgage application but not referenced in the credit report by using the procedures for [Independent Verification of Non-traditional Credit Providers](#).

(4) Specific Requirements for Residential Mortgage Credit Report

In addition to meeting the general credit report requirements, the RMCR must:

- provide a detailed account of the Borrower's employment history;
- verify each Borrower's current employment and income through an interview with the Borrower's employer or explain why such an interview was not completed;
- contain a statement attesting to the certification of employment for each Borrower and the date the information was verified; and
- report a credit history for each trade line within 90 Days of the credit report for each account with a balance.

(B) Non-traditional and Insufficient Credit (Manual)

For Borrowers without a credit score, the Mortgagee must either obtain a Non-Traditional Mortgage Credit Report (NTMCR) from a credit reporting company or independently develop the Borrower's credit history using the requirements outlined below.

(1) Non-Traditional Mortgage Credit Report

(a) Definition

A Non-Traditional Mortgage Credit Report (NTMCR) refers to a type of credit report designed to access the credit history of a Borrower who does not have the types of trade references that appear on a traditional credit report.

(b) Standard

An NTMCR is used either as:

- a substitute for a TRMCR or an RMCR; or
- a supplement to a traditional credit report that has an insufficient number of trade items reported to generate a credit score.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Mortgagees may use an NTMCR developed by a credit reporting agency that verifies the following information for all non-traditional credit references:

- the existence of the credit providers;
- that the credit was actually extended to the Borrower; and
- the creditor has a published address or telephone number.

The NTMCR must not include subjective statements such as “satisfactory” or “acceptable,” must be formatted in a similar fashion to traditional references, and provide the:

- creditor’s name;
- date of opening;
- high credit;
- current status of the account;
- 12-month history of the account;
- required monthly payment;
- unpaid balance; and
- payment history in the delinquency categories (for example, 0x30 and 0x60).

(2) Independent Verification of Non-traditional Credit Providers

The Mortgagee may independently verify the Borrower’s credit references by documenting the existence of the credit provider and that the provider extended credit to the Borrower.

- a. To verify the existence of each credit provider, the Mortgagee must review public records from the state, county, or city or other documents providing a similar level of objective information.
- b. To verify credit information, the Mortgagee must:
 - use a published address or telephone number for the credit provider and not rely solely on information provided by the applicant; and
 - obtain the most recent 12 months of canceled checks, or equivalent proof of payment, demonstrating the timing of payment to the credit provider.
- c. To verify the Borrower’s rental payment history, the Mortgagee must obtain a rental reference from the appropriate rental management company, provided the Borrower is not renting from a Family Member, demonstrating the timing of payment of the most recent 12 months in lieu of 12 months of canceled checks or equivalent proof of payment.

(3) Sufficiency of Credit References

To be sufficient to establish the Borrower’s credit, the credit history must include three credit references, including at least one of the following:

- rental housing payments (subject to independent verification if the Borrower is a renter);

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- telephone service; or
- utility company reference (if not included in the rental housing payment), including:
 - gas;
 - electricity;
 - water;
 - television service; or
 - internet service.

If the Mortgagee cannot obtain all three credit references from the list above, the Mortgagee may use the following sources of unreported recurring debt:

- insurance premiums not payroll deducted (for example, medical, auto, life, renter's insurance);
- payment to child care providers made to businesses that provide such services;
- school tuition;
- retail store credit cards (for example, from department, furniture, appliance stores, or specialty stores);
- rent-to-own (for example, furniture, appliances);
- payment of that part of medical bills not covered by insurance;
- a documented 12-month history of savings evidenced by regular deposits resulting in an increased balance to the account that:
 - were made at least quarterly;
 - were not payroll deducted, and;
 - caused no Insufficient Funds (NSF) checks;
- an automobile lease;
- a personal loan from an individual with repayment terms in writing and supported by canceled checks to document the payments; or
- a documented 12-month history of payment by the Borrower on an account for which the Borrower is an authorized user.

iii. Evaluating Credit History (Manual)

(A) General Credit (Manual)

The underwriter must examine the Borrower's overall pattern of credit behavior, not just isolated unsatisfactory or slow payments, to determine the Borrower's creditworthiness.

The Mortgagee must not consider the credit history of a non-borrowing spouse.

(B) Types of Payment Histories (Manual)

The underwriter must evaluate the Borrower's payment histories in the following order: (1) previous housing expenses and related expenses, including utilities; (2) installment debts; and (3) Revolving Charge Accounts.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(1) Satisfactory Credit

The underwriter may consider a Borrower to have an acceptable payment history if the Borrower has made all housing and installment debt payments on time for the previous 12 months and has no more than two 30-Day late Mortgage Payments or installment payments in the previous 24 months.

The underwriter may approve the Borrower with an acceptable payment history if the Borrower has no major derogatory credit on Revolving Charge Accounts in the previous 12 months.

Major derogatory credit on Revolving Charge Accounts must include any payments made more than 90 Days after the due date, or three or more payments more than 60 Days after the due date.

(2) Payment History Requiring Additional Analysis

If a Borrower's credit history does not reflect satisfactory credit as stated above, the Borrower's payment history requires additional analysis.

The Mortgagee must analyze the Borrower's delinquent accounts to determine whether late payments were based on a disregard for financial obligations, an inability to manage debt, or extenuating circumstances. The Mortgagee must document this analysis in the mortgage file. Any explanation or documentation of delinquent accounts must be consistent with other information in the file.

The underwriter may only approve a Borrower with a credit history not meeting the satisfactory credit history above if the underwriter has documented the delinquency was related to extenuating circumstances.

(C) Housing Obligations/Mortgage Payment History (Manual)

(1) Definition

Housing Obligation/Mortgage Payment refers to the monthly payment due for rental or Properties owned.

(2) Standard

A Mortgage Payment is considered delinquent if not paid within the month due.

A Borrower who was granted a mortgage payment forbearance and continues to make payments as agreed under the terms of the original Note is not considered delinquent or late and shall be treated as if not in forbearance provided the Forbearance Plan is terminated at or prior to closing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

The Mortgagee must determine the Borrower's Housing Obligation payment history through:

- the credit report;
- verification of rent received directly from the landlord (for landlords with no Identity of Interest with the Borrower);
- verification of Mortgage received directly from the Servicer; or
- a review of canceled checks that cover the most recent 12-month period.

The Mortgagee must verify and document the previous 12 months' housing history. For Borrowers who indicate they are living rent-free, the Mortgagee must obtain verification from the property owner where they are residing that the Borrower has been living rent-free and the amount of time the Borrower has been living rent free.

For both purchase and no cash-out refinance transactions, a Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments. In addition, where a Mortgage has been modified, the Borrower must have made at least six payments under the modification agreement to be eligible for a no-cash out refinance.

A Mortgage that was subject to mortgage payment forbearance must utilize the Mortgage Payment history in accordance with the Forbearance Plan for the time period of the forbearance in determining late housing payments.

Any Borrower who is granted a forbearance and is otherwise performing under the terms of the Forbearance Plan is not considered to be delinquent for purposes of credit underwriting.

(3) Required Documentation

Where a Mortgage reflects payments under a modification or Forbearance Plan within the 12 months prior to case number assignment, the Mortgagee must obtain:

- a copy of the modification or Forbearance Plan; and
- evidence of the payment amount and date of payments during the forbearance term.

A Forbearance Plan is not required if the forbearance was due to the impacts of the COVID-19 National Emergency.

(D) Collection Accounts (Manual)

(1) Definition

A Collection Account is a Borrower's loan or debt that has been submitted to a collection agency through a creditor.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Standard

The Mortgagee must determine if collection accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

(3) Required Documentation

The Mortgagee must document reasons for approving a Mortgage when the Borrower has any collection accounts.

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding collection account. The explanation and supporting documentation must be consistent with other credit information in the file.

(E) Charge Off Accounts (Manual)

(1) Definition

Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

(2) Standard

The Mortgagee must determine if Charge Off Accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

(3) Required Documentation

The Mortgagee must document reasons for approving a Mortgage when the Borrower has any Charge Off Accounts.

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding Charge Off Account. The explanation and supporting documentation must be consistent with other credit information in the file.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(F) Disputed Derogatory Credit Accounts (Manual)

(1) Definition

Disputed Derogatory Credit Account refers to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

(2) Standard

The Mortgagee must analyze the documentation provided for consistency with other credit information to determine if the derogatory credit account should be considered in the underwriting analysis.

The following items may be excluded from consideration in the underwriting analysis:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft or unauthorized use provided the Mortgagee includes a copy of the police report or other documentation from the creditor to support the status of the account in the mortgage file.

(3) Required Documentation

If the credit report indicates that the Borrower is disputing derogatory credit accounts, the Borrower must provide a letter of explanation and documentation supporting the basis of the dispute.

If the disputed derogatory credit resulted from identity theft, credit card theft or unauthorized use balances, the Mortgagee must obtain a copy of the police report or other documentation from the creditor to support the status of the accounts.

(G) Judgments (Manual)

(1) Definition

Judgment refers to any debt or monetary liability of the Borrower, and the Borrower's spouse in a community property state unless excluded by state law, created by a court, or other adjudicating body.

(2) Standard

The Mortgagee must verify that court-ordered Judgments are resolved or paid off prior to or at closing.

Judgments of a non-borrowing spouse in a community property state must be resolved or paid in full, with the exception of obligations excluded by state law.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Regardless of the amount of outstanding Judgments, the Mortgagee must determine if the Judgment was a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

Exception

A Judgment is considered resolved if the Borrower has entered into a valid agreement with the creditor to make regular payments on the debt, the Borrower has made timely payments for at least three months of scheduled payments and the Judgment will not supersede the FHA-insured mortgage lien. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Mortgagee must include the payment amount in the agreement in the calculation of the Borrower's Debt-to-Income (DTI) ratio.

The Mortgagee must obtain a copy of the agreement and evidence that payments were made on time in accordance with the agreement.

(3) Required Documentation

The Mortgagee must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with creditor, if not paid prior to or at settlement, and a subordination agreement for any liens existing on title.

(H) Bankruptcy (Manual)

(1) Standard: Chapter 7

A Chapter 7 bankruptcy (liquidation) does not disqualify a Borrower from obtaining an FHA-insured Mortgage if, at the time of case number assignment, at least two years have elapsed since the date of the bankruptcy discharge. During the most recent two years, the Borrower must have:

- reestablished good credit; or
- chosen not to incur new credit obligations.

An elapsed period of less than two years, but not less than 12 months, may be acceptable, if the Borrower:

- can show that the bankruptcy was caused by extenuating circumstances beyond the Borrower's control; and
- has since exhibited a documented ability to manage their financial affairs in a responsible manner.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Standard: Chapter 13

A Chapter 13 bankruptcy does not disqualify a Borrower from obtaining an FHA-insured Mortgage, if at the time of case number assignment at least 12 months of the payout period under the bankruptcy has elapsed.

The Mortgagee must determine that during the most recent 12 months, the Borrower's payment performance has been satisfactory and all required payments have been made on time; and the Borrower has received written permission from bankruptcy court to enter into the mortgage transaction.

(3) Required Documentation

If the credit report does not verify the discharge date or additional documentation is necessary to determine if any liabilities were discharged in the bankruptcy, the Mortgagee must obtain the bankruptcy and discharge documents.

The Mortgagee must also document that the Borrower's current situation indicates that the events which led to the bankruptcy are not likely to recur.

(I) Foreclosure and Deed-in-Lieu of Foreclosure (Manual)

(1) Definition

A Deed-in-Lieu (DIL) of Foreclosure is a loss mitigation home disposition option in which a Borrower voluntarily offers the deed to the Note holder in exchange for a release from all obligations under the Mortgage.

(2) Standard

A Borrower is generally not eligible for a new FHA-insured Mortgage if the Borrower had a foreclosure or a DIL of Foreclosure in the three-year period prior to the date of case number assignment.

This three-year period begins on the date of the DIL or the date that the Borrower transferred ownership of the Property to the foreclosing entity/designee.

Exceptions

The Mortgagee may grant an exception to the three-year requirement if the foreclosure was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has reestablished good credit since the foreclosure.

Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time of the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Borrower's divorce, the ex-spouse received the Property, and the Mortgage was later foreclosed.

The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

(3) Required Documentation

If the credit report does not indicate the date of the foreclosure or DIL of Foreclosure, the Mortgagee must obtain the Closing Disclosure, deed or other legal documents evidencing the date of property transfer.

If the foreclosure or DIL of Foreclosure was the result of a circumstance beyond the Borrower's control, the Mortgagee must obtain an explanation of the circumstance and document that the circumstance was beyond the Borrower's control.

(J) Pre-Foreclosure Sales (Short Sales) (Manual)

(1) Definition

Pre-Foreclosure Sales, also known as Short Sales, refer to the sales of real estate that generate proceeds that are less than the amount owed on the Property and the lien holders agree to release their liens and forgive the deficiency balance on the real estate.

(2) Standard

A Borrower is generally not eligible for a new FHA-insured Mortgage if they relinquished a Property through a Short Sale within three years from the date of case number assignment.

This three-year period begins on the date of transfer of title by Short Sale.

(a) Exception for Borrower Current at the Time of Short Sale

A Borrower is considered eligible for a new FHA-insured Mortgage if, from the date of case number assignment for the new Mortgage:

- all Mortgage Payments on the prior Mortgage were made within the month due for the 12-month period preceding the Short Sale; and
- installment debt payments for the same time period were also made within the month due.

(b) Exception for Extenuating Circumstances

The Mortgagee may grant an exception to the three-year requirement if the Short Sale was the result of documented extenuating circumstances that were

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has reestablished good credit since the Short Sale.

Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time of the Borrower's divorce, the ex-spouse received the Property, and there was a subsequent Short Sale.

The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

(3) Required Documentation

If the credit report does not indicate the date of the Short Sale, the Mortgagee must obtain the Closing Disclosure, deed or other legal documents evidencing the date of property transfer.

If the Short Sale was the result of a circumstance beyond the Borrower's control, the Mortgagee must obtain an explanation of the circumstance and document that the circumstance was beyond the Borrower's control.

(K) Credit Counseling/Payment Plan

Participating in a consumer credit counseling program does not disqualify a Borrower from obtaining an FHA-insured Mortgage, provided the Mortgagee documents that:

- one year of the payout period has elapsed under the plan;
- the Borrower's payment performance has been satisfactory and all required payments have been made on time; and
- the Borrower has received written permission from the counseling agency to enter into the mortgage transaction.

iv. Evaluating Liabilities and Debts (Manual)

(A) General Liabilities and Debts (Manual)

(1) Standard

The Mortgagee must determine the Borrower's monthly liabilities by reviewing all debts listed on the credit report, [Fannie Mae Form 1003/Freddie Mac Form 65](#), *Uniform Residential Loan Application (URLA)*, and required documentation.

All applicable monthly liabilities must be included in the qualifying ratio. Closed-end debts do not have to be included if they will be paid off within 10 months from the date of closing and the cumulative payments of all such debts are less than or equal to 5 percent of the Borrower's gross monthly income. The Borrower may not pay down the balance in order to meet the 10-month requirement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Accounts for which the Borrower is an authorized user must be included in a Borrower's DTI ratio unless the Mortgagee can document that the primary account holder has made all required payments on the account for the previous 12 months. If less than three payments have been required on the account in the previous 12 months, the payment amount must be included in the Borrower's DTI.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset and these funds are not included in calculating the Borrower's assets, do not require consideration of repayment for qualifying purposes.

(2) Required Documentation

The Mortgagee must document that the funds used to pay off debts prior to closing came from an [acceptable source](#), and the Borrower did not incur new debts that were not included in the DTI ratio.

(B) Undisclosed Debt and Inquiries (Manual)

(1) Standard

When a debt or obligation is revealed during the application process that was not listed on the mortgage application and/or credit report, the Mortgagee must:

- verify the actual monthly payment amount;
- include the payment amount in the agreement in the Borrower's monthly liabilities and debt; and
- determine that any unsecured funds borrowed were not/will not be used for the Borrower's MRI.

The Mortgagee must obtain a written explanation from the Borrower for all inquiries shown on the credit report that were made in the last 90 Days.

(2) Required Documentation

The Mortgagee must document all undisclosed debt and support for its analysis of the Borrower's debt.

(C) Federal Debt (Manual)

(1) Definition

Federal Debt refers to debt owed to the federal government for which regular payments are being made.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Standard

The Mortgagee must include the debt. The amount of the required payment must be included in the calculation of the Borrower's total debt to income.

(3) Required Documentation

The Mortgagee must include documentation from the federal agency evidencing the repayment agreement and verification of payments made, if applicable.

(D) Alimony, Child Support, and Maintenance (Manual)

(1) Definition

Alimony, Child Support, and Maintenance are court-ordered or otherwise agreed upon payments.

(2) Standard

For Alimony, if the Borrower's income was not reduced by the amount of the monthly alimony obligation in the Mortgagee's calculation of the Borrower's gross income, the Mortgagee must verify and include the monthly obligation in its calculation of the Borrower's debt.

Child Support and Maintenance are to be treated as a recurring liability and the Mortgagee must include the monthly obligation in the Borrower's liabilities and debt.

(3) Required Documentation

The Mortgagee must obtain the official signed divorce decree, separation agreement, maintenance agreement, or other legal order.

The Mortgagee must also obtain the Borrower's pay stubs covering no less than 28 consecutive Days to verify whether the Borrower is subject to any order of garnishment relating to the Alimony, Child Support, and Maintenance.

(4) Calculation of Monthly Obligation

The Mortgagee must calculate the Borrower's monthly obligation from the greater of:

- the amount shown on the most recent decree or agreement establishing the Borrower's payment obligation; or
- the monthly amount of the garnishment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(E) Non-Borrowing Spouse Debt in Community Property States (Manual)

(1) Definition

Non-Borrowing Spouse Debt refers to debts owed by a spouse that are not owed by, or in the name of the Borrower.

(2) Standard

If the Borrower resides in a community property state or the Property being insured is located in a community property state, debts of the non-borrowing spouse must be included in the Borrower's qualifying ratios, except for obligations specifically excluded by state law.

The non-borrowing spouse's credit history is not considered a reason to deny a mortgage application.

(3) Required Documentation

The Mortgagee must verify and document the debt of the non-borrowing spouse, except for obligations specifically excluded by state law.

The Mortgagee must make a note in the file referencing the specific state law that justifies the exclusion of any debt from consideration.

If the Borrower resides in a community property state or the Property being insured is located in a community property state, and non-borrowing spouse obligations are not excluded by state law, the Mortgagee must obtain a credit report for the non-borrowing spouse to determine the debt-to-income ratio of the Borrower. The credit report for the non-borrowing spouse may be traditional or nontraditional.

(F) Deferred Obligations (Manual)

(1) Definition

Deferred Obligations (excluding Student Loans) refer to liabilities that have been incurred but where payment is deferred or has not yet commenced, including accounts in forbearance.

(2) Standard

The Mortgagee must verify and include deferred obligations in the calculation of the Borrower's liabilities.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(3) Required Documentation

The Mortgagee must obtain written documentation of the deferral of the liability from the creditor and evidence of the outstanding balance and terms of the deferred liability. The Mortgagee must obtain evidence of the actual monthly payment obligation, if available.

(4) Calculation of Monthly Obligation

The Mortgagee must use the actual monthly payment to be paid on a deferred liability, whenever available.

If the actual monthly payment is not available for installment debt, the Mortgagee must utilize the terms of the debt or 5 percent of the outstanding balance to establish the monthly payment.

(G) Student Loans (Manual)

(1) Definition

Student Loan refers to liabilities incurred for educational purposes.

(2) Standard

The Mortgagee must include all Student Loans in the Borrower's liabilities, regardless of the payment type or status of payments.

(3) Required Documentation

If the payment used for the monthly obligation is less than the monthly payment reported on the Borrower's credit report, the Mortgagee must obtain written documentation of the actual monthly payment, the payment status, and evidence of the outstanding balance and terms from the creditor or student loan servicer.

The Mortgagee may exclude the payment amount from the monthly debt calculation where written documentation from the student loan program, creditor, or student loan servicer indicates that the loan balance has been forgiven, canceled, discharged, or otherwise paid in full.

(4) Calculation of Monthly Obligation

For outstanding Student Loans, regardless of the payment status, the Mortgagee must use:

- the payment amount reported on the credit report or the actual documented payment, when the payment amount is above zero; or
- 0.5 percent of the outstanding loan balance, when the monthly payment reported on the Borrower's credit report is zero.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Exception

Where a student loan payment has been suspended in accordance with COVID-19 emergency relief, the Mortgagee may use the payment amount reported on the credit report or the actual documented payment prior to suspension, when that payment amount is above \$0.

(H) Installment Loans (Manual)

(1) Definition

Installment Loans (excluding Student Loans) refer to loans, not secured by real estate, that require the periodic payment of P&I. A loan secured by an interest in a timeshare must be considered an Installment Loan.

(2) Standard

The Mortgagee must include the monthly payment shown on the credit report, loan agreement or payment statement to calculate the Borrower's liabilities.

If the credit report does not include a monthly payment for the loan, the Mortgagee must use the amount of the monthly payment shown in the loan agreement or payment statement.

(3) Required Documentation

If the monthly payment shown on the credit report is utilized to calculate the monthly debts, no further documentation is required.

If the credit report does not include a monthly payment for the loan, or the payment reported on the credit report is greater than the payment on the loan agreement or payment statement, the Mortgagee must use the loan agreement or payment statement to document the amount of the monthly payment. If the credit report, loan agreement or payment statement shows a deferred payment arrangement for an Installment Loan, refer to the [Deferred Obligations \(Manual\)](#) section.

(I) Revolving Charge Accounts (Manual)

(1) Definition

A Revolving Charge Account refers to a credit arrangement that requires the Borrower to make periodic payments but does not require full repayment by a specified point of time.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Standard

The Mortgagee must include the monthly payment shown on the credit report for the Revolving Charge Account. Where the credit report does not include a monthly payment for the account, the Mortgagee must use the payment shown on the current account statement or 5 percent of the outstanding balance.

(3) Required Documentation

The Mortgagee must use the credit report to document the terms, balance and payment amount on the account, if available.

Where the credit report does not reflect the necessary information on the charge account, the Mortgagee must obtain a copy of the most recent charge account statement or use 5 percent of the outstanding balance to document the monthly payment.

(J) 30-Day Accounts (Manual)

(1) Definition

A 30-Day Account refers to a credit arrangement that requires the Borrower to pay off the outstanding balance on the account every month.

(2) Standard

The Mortgagee must verify the Borrower paid the outstanding balance in full on every 30-Day Account each month for the past 12 months. 30-Day Accounts that are paid monthly are not included in the Borrower's DTI. If the credit report reflects any late payments in the last 12 months, the Mortgagee must utilize 5 percent of the outstanding balance as the Borrower's monthly debt to be included in the DTI.

(3) Required Documentation

The Mortgagee must use the credit report to document that the Borrower has paid the balance on the account monthly for the previous 12 months. The Mortgagee must use the credit report to document the balance and must document that funds are available to pay off the balance, in excess of the funds and Reserves required to close the Mortgage.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(K) Business Debt in Borrower's Name (Manual)

(1) Definition

Business Debt in Borrower's Name refers to liabilities reported on the Borrower's personal credit report, but payment for the debt is attributed to the Borrower's business.

(2) Standard

When business debt is reported on the Borrower's personal credit report, the debt must be included in the DTI calculation, unless the Mortgagee can document that the debt is being paid by the Borrower's business, and the debt was considered in the cash flow analysis of the Borrower's business. The debt is considered in the cash flow analysis where the Borrower's business Tax Returns reflect a business expense related to the obligation, equal to or greater than the amount of payments documented as paid out of company funds. Where the Borrower's business Tax Returns show an interest expense related to the obligation, only the interest portion of the debt is considered in the cash flow analysis.

(3) Required Documentation

When a self-employed Borrower states debt appearing on their personal credit report is being paid by their business, the Mortgagee must obtain documentation that the debt is paid out of company funds and that the debt was considered in the cash flow analysis of the Borrower's business.

(L) Disputed Derogatory Credit Accounts (Manual)

(1) Definition

Disputed Derogatory Credit Accounts refer to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

(2) Standard

If the Borrower has \$1,000 or more collectively in Disputed Derogatory Credit Accounts, the Mortgagee must include a monthly payment in the Borrower's debt calculation.

The following items are excluded from the cumulative balance:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft or unauthorized use.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Disputed Derogatory Credit Accounts of a non-borrowing spouse in a community property state are not included in the cumulative balance.

(M) Non-derogatory Disputed Account and Disputed Accounts Not Indicated on the Credit Report (Manual)

(1) Definition

Non-derogatory Disputed Accounts include the following types of accounts:

- disputed accounts with zero balance;
- disputed accounts with late payments aged 24 months or greater; or
- disputed accounts that are current and paid as agreed.

(2) Standard

If a Borrower is disputing non-derogatory accounts, or is disputing accounts which are not indicated on the credit report as being disputed, the Mortgagee must analyze the effect of the disputed accounts on the Borrower's ability to repay the loan. If the dispute results in the Borrower's monthly debt payments utilized in computing the DTI ratio being less than the amount indicated on the credit report, the Borrower must provide documentation of the lower payments.

(N) Contingent Liabilities (Manual)

(1) Definition

A Contingent Liability is a liability that may result in the obligation to repay only where a specific event occurs. For example, a contingent liability exists when an individual can be held responsible for the repayment of a debt if another legally obligated party defaults on the payment. Contingent liabilities may include Co-signer liabilities and liabilities resulting from a mortgage assumption without release of liability.

(2) Standard

The Mortgagee must include monthly payments on contingent liabilities in the calculation of the Borrower's monthly obligations unless the Mortgagee verifies that there is no possibility that the debt holder will pursue debt collection against the Borrower should the other party default or the other legally obligated party has made 12 months of timely payments. When a contingent liability is created by a divorce decree or other court order, evidence that the other legally obligated party has made 12 months of timely payments is not required.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(3) Required Documentation

(a) Mortgage Assumptions

The Mortgagee must obtain the agreement creating the contingent liability or assumption agreement and deed showing transfer of title out of the Borrower's name.

(b) Cosigned Liabilities

If the cosigned liability is not included in the monthly obligation, the Mortgagee must obtain documentation to evidence that the other party to the debt has been making regular on-time payments during the previous 12 months.

(c) Court-Ordered Divorce Decree or Other Court Order

The Mortgagee must obtain a copy of the divorce decree or other court order ordering the spouse or other legally obligated party to make payments.

(4) Calculation of Monthly Obligation

The Mortgagee must calculate the monthly payment on the contingent liability based on the terms of the agreement creating the contingent liability.

(O)Collection Accounts (Manual)

(1) Definition

A Collection Account refers to a Borrower's loan or debt that has been submitted to a collection agency by a creditor.

(2) Standard

If the credit reports used in the analysis show cumulative outstanding collection account balances of \$2,000 or greater, the Mortgagee must:

- verify that the debt is paid in full at the time of or prior to settlement using an acceptable [source of funds](#);
- verify that the Borrower has made payment arrangements with the creditor; or
- if a payment arrangement is not available, calculate the monthly payment using 5 percent of the outstanding balance of each collection and include the monthly payment in the Borrower's DTI ratio.

Collection accounts of a non-borrowing spouse in a community property state must be included in the \$2,000 cumulative balance and analyzed as part of the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Borrower's ability to pay all collection accounts, unless specifically excluded by state law.

(3) Required Documentation

The Mortgagee must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with creditor, if not paid prior to or at settlement.

If the Mortgagee uses 5 percent of the outstanding balance, no documentation is required.

(P) Charge Off Accounts (Manual)

(1) Definition

Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

(2) Standard

Charge Off Accounts do not need to be included in the Borrower's liabilities or debt.

(Q) Private Savings Clubs (Manual)

(1) Definition

Private Savings Club refers to a non-traditional method of saving by making deposits into a member-managed resource pool.

(2) Standard

If the Borrower is obligated to continue making ongoing contributions under the pooled savings agreement, this obligation must be counted in the Borrowers' total debt.

The Mortgagee must verify and document the establishment and duration of the Borrower's membership in the club and the amount of the Borrower's required contribution to the club.

(3) Required Documentation

The Mortgagee must also obtain the club's account ledgers and receipts, and verification from the club treasurer that the club is still active.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(R) Obligations Not Considered Debt

Obligations not considered debt include:

- medical collections
- federal, state, and local taxes, if not delinquent and no payments required
- automatic deductions from savings, when not associated with another type of obligation
- Federal Insurance Contributions Act (FICA) and other retirement contributions, such as 401(k) accounts
- collateralized loans secured by depository accounts
- utilities
- child care
- commuting costs
- union dues
- insurance, other than property insurance
- open accounts with zero balances
- voluntary deductions, when not associated with another type of obligation

b. Income Requirements (Manual) (04/10/2025)

Definitions

Effective Income refers to income that may be used to qualify a Borrower for a Mortgage.

Tax Return refers to a U.S. federal income tax return or, for Borrowers who reside in Puerto Rico, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or American Samoa and who are not required to file U.S. federal income taxes, the Mortgagee must obtain the equivalent tax filing for the territory (a territory tax return).

Standard

Effective Income must be reasonably likely to continue through at least the first three years of the Mortgage, and meet the specific requirements described below.

i. General Income Requirements (Manual)

The Mortgagee must document the Borrower's income and employment history, verify the accuracy of the amounts of income being reported, and determine if the income can be considered as Effective Income in accordance with the requirements listed below.

The Mortgagee may only consider income if it is legally derived and, when required, properly reported as income on the Borrower's Tax Returns.

Negative income must be subtracted from the Borrower's gross monthly income and not treated as a recurring monthly liability unless otherwise noted.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

If FHA requires Tax Returns as required documentation for any type of Effective Income, the Mortgagee must also analyze the Tax Returns in accordance with [Appendix 2.0 – Analyzing IRS Forms](#).

If the income documents are not received in English, the Mortgagee must provide a complete and accurate translation for each document.

ii. Employment Related Income (Manual)

(A) Definition

Employment Income refers to income received as an employee of a business that is reported on IRS Form W-2, *Wage and Tax Statement*.

(B) Standard

The Mortgagee may use Employment related Income as Effective Income in accordance with the standards provided for each type of Employment related Income.

(C) Required Documentation

For all Employment related Income, the Mortgagee must verify the Borrower's most recent two years of employment and income, and document current employment using either the [traditional](#) or [alternative](#) method, and [past employment](#) as applicable.

(1) Traditional Current Employment Documentation

The Mortgagee must obtain one of the following to verify current employment and income:

- the most recent pay stubs covering a minimum of 30 consecutive Days (if paid weekly or biweekly, pay stubs must cover a minimum of 28 consecutive Days) that show the Borrower's year-to-date earnings, and a written Verification of Employment (VOE) covering two years; or
- direct electronic verification of employment by a TPV vendor covering two years, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to verify income and employment; and
 - the date of the data contained in the completed verification conforms with FHA requirements in [Maximum Age of Mortgage Documents](#).

Reverification of employment must be completed within 10 Days prior to the date of the Note. Verbal or electronic reverification of employment is acceptable. Electronic reverification employment data must be current within 30 days of the date of the verification.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Alternative Current Employment Documentation

If using alternative documentation, the Mortgagee must:

- obtain copies of the most recent pay stub that shows the Borrower's year-to-date earnings;
- obtain copies of the original IRS Form W-2s from the previous two years; and
- document current employment by telephone, sign and date the verification documentation, and note the name, title, and telephone number of the person with whom employment was verified.

Reverification of employment must be completed within 10 Days prior to the date of the Note. Verbal or electronic reverification of employment is acceptable. Electronic reverification employment data must be current within 30 days of the date of the verification.

(3) Past Employment Documentation

Direct verification of the Borrower's employment and income history for the previous two years is not required if all of the following conditions are met:

- The current employer confirms a two-year employment history, or a paystub reflects a hiring date.
- Only base pay is used to qualify (no Overtime, Bonus, or Tip Income).
- The Borrower executes [IRS Form 4506](#), *Request for Copy of Tax Return*, [IRS Form 4506-C](#), *IVES Request for Transcript of Tax Return*, or [IRS Form 8821](#), *Tax Information Authorization*, for the previous two tax years.

If the applicant has not been employed with the same employer for the previous two years and/or not all conditions immediately above can be met, then the Mortgagee must obtain one or a combination of the following for the most recent two years to verify the applicant's employment history:

- IRS Form W-2(s);
- written VOE(s);
- direct verification of employment by a TPV vendor, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to verify income and employment; and
 - the date of the data contained in the completed verification conforms with FHA requirements in [Maximum Age of Mortgage Documents](#); and/or
- evidence supporting enrollment in school or the military during the most recent two full years.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

iii. Primary Employment (Manual)

(A) Definitions

Primary Employment is the Borrower's principal employment, unless the income falls within a specific category identified below. Primary employment is generally full-time employment and may be either salaried or hourly.

COVID-19 Related Economic Event refers to temporary loss of employment, temporary reduction of income, or temporary reduction of hours worked during the Presidentially-Declared COVID-19 National Emergency.

(B) Standard

The Mortgagee may use primary Employment Income as Effective Income.

(C) Calculation of Effective Income

(1) Salary

(a) Standard

For employees who are salaried and whose income has been and will likely be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(b) Exception Due to COVID-19 Related Economic Event

For employees who are salaried and whose current income will likely be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(2) Hourly

(a) Standard

For employees who are paid hourly and whose hours do not vary, the Mortgagee must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must use the average of the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use the most recent 12-month average of hours at the current pay rate.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(b) Exception Due to COVID-19 Related Economic Event

For employees who are paid hourly and whose hours do not vary, the Mortgagee must use the current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Hourly Standard](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average of the income since the COVID-19 Related Economic Event.

iv. Part-Time Employment (Manual)

(A) Definition

Part-Time Employment refers to employment that is not the Borrower's primary employment and is generally performed for less than 40 hours per week.

(B) Standard

The Mortgagee may use Employment Income from Part-Time Employment as Effective Income if the Borrower has worked a part-time job uninterrupted for the past two years and the current position is reasonably likely to continue.

(C) Calculation of Effective Income

The Mortgagee must average the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use a 12-month average of hours at the current pay rate.

(D) Exception Due to COVID-19 Related Economic Event

For employees who are paid hourly and whose hours do not vary, the Mortgagee must use the current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Calculation of Effective Income](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average of income earned since the COVID-19 Related Economic Event.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

v. Overtime, Bonus, or Tip Income (Manual)

(A) Definition

Overtime, Bonus, or Tip Income refers to income that the Borrower receives in addition to the Borrower's normal salary.

(B) Standard

The Mortgagee may use Overtime, Bonus, or Tip Income as Effective Income if the Borrower has received this income for the past two years and it is reasonably likely to continue.

Periods of Overtime, Bonus, or Tip Income less than two years may be considered Effective Income if the Mortgagee documents that the Overtime, Bonus, or Tip Income has been consistently earned over a period of not less than one year and is reasonably likely to continue.

(C) Calculation of Effective Income

(1) Standard

For employees with Overtime, Bonus, or Tip Income, the Mortgagee must calculate Effective Income by using the lesser of:

- the average Overtime, Bonus, or Tip Income earned over the previous two years or, if less than two years, the length of time Overtime, Bonus, or Tip Income has been earned; or
- the average Overtime, Bonus, or Tip Income earned over the previous year.

(2) Exception Due to COVID-19 Related Economic Event

For employees with Overtime, Bonus, or Tip Income, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Overtime, Bonus, or Tip Income Standard](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average Overtime, Bonus, or Tip Income earned since the COVID-19 Related Economic Event.

vi. Seasonal Employment (Manual)

(A) Definition

Seasonal Employment refers to employment that is not year round, regardless of the number of hours per week the Borrower works on the job.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(B) Standard

The Mortgagee may consider Employment Income from Seasonal Employment as Effective Income if the Borrower has worked the same line of work for the past two years and is reasonably likely to be rehired for the next season. The Mortgagee may consider unemployment income as Effective Income for those with Effective Income from Seasonal Employment.

(C) Required Documentation

For seasonal employees with unemployment income, the Mortgagee must document the unemployment income for two full years and there must be reasonable assurance that this income will continue.

(D) Calculation of Effective Income

For employees with Employment Income from Seasonal Employment, the Mortgagee must average the income earned over the previous two full years to calculate Effective Income.

vii. Employer Housing Subsidy (Manual)

(A) Definition

Employer Housing Subsidy refers to employer-provided mortgage assistance.

(B) Standard

The Mortgagee may utilize Employer Housing Subsidy as Effective Income.

(C) Required Documentation

The Mortgagee must verify and document the existence and the amount of the housing subsidy.

(D) Calculation of Effective Income

For employees receiving an Employer Housing Subsidy, the Mortgagee may add the Employer Housing Subsidy to the total Effective Income, but may not use it to offset the Mortgage Payment.

viii. Employed by Family-Owned Business (Manual)

(A) Definition

Family-Owned Business Income refers to Employment Income earned from a business owned by the Borrower's family, but in which the Borrower is not an owner.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(B) Standard

The Mortgagee may consider Family-Owned Business Income as Effective Income if the Borrower is not an owner in the family-owned business.

(C) Required Documentation

The Mortgagee must verify and document that the Borrower is not an owner in the family-owned business by using official business documents showing the ownership percentage.

Official business documents include corporate resolutions or other business organizational documents, business Tax Returns or [Schedule K-1 \(IRS Form 1065\)](#), *U.S. Return of Partnership Income*, or an official letter from a certified public accountant on their business letterhead.

In addition to traditional or alternative documentation requirements, the Mortgagee must obtain copies of signed personal Tax Returns or tax transcripts.

(D) Calculation of Effective Income

(1) Salary

(a) Standard

For employees who are salaried and whose income has been and will likely continue to be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(b) Exception Due to COVID-19 Related Economic Event

For employees who are salaried and whose income will likely be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(2) Hourly

(a) Standard

For employees who are paid hourly and whose hours do not vary, the Mortgagee must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must average the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use the most recent 12-month average of hours at the current pay rate.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(b) Exception Due to COVID-19 Related Economic Event

For employees who are paid hourly and whose hours do not vary, the Mortgagee must use the current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average of the income in accordance with the [Hourly Standard](#) section above for the time period prior to the COVID-19 Related Economic Event; or
- the average of the income for the time period since the COVID-19 Related Economic Event.

ix. Commission Income (Manual)

(A) Definition

Commission Income refers to income that is paid contingent upon the conducting of a business transaction or the performance of a service.

(B) Standard

The Mortgagee may use Commission Income as Effective Income if the Borrower earned the income for at least one year in the same or similar line of work and it is reasonably likely to continue.

(C) Required Documentation

For all Commission Income, the Mortgagee must use traditional or alternative employment documentation.

(D) Calculation of Effective Income

(1) Standard

The Mortgagee must calculate Effective Income for commission by using the lesser of:

- the average Commission Income earned over either:
 - the previous two years; or
 - the length of time Commission Income has been earned if less than two years; or
- the average Commission Income earned over the previous year.

(2) Exception Due to COVID-19 Related Economic Event

For employees with Commission Income, the Mortgagee must calculate the Effective Income by using the lesser of:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- the average of the income in accordance with [Commission Income Standard](#) above for the time period prior to the COVID-19 Related Economic Event; or
- the average of the Commission Income for the time period since the COVID-19 Related Economic Event.

x. Self-Employment Income (Manual)

(A) Definition

Self-Employment Income refers to income generated by a business in which the Borrower has a 25 percent or greater ownership interest.

There are four basic types of business structures. They include:

- sole proprietorships;
- corporations;
- limited liability or “S” corporations; and
- partnerships.

(B) Standard

(1) Minimum Length of Self-Employment

The Mortgagee may consider Self-Employment Income if the Borrower has been self-employed for at least two years.

If the Borrower has been self-employed between one and two years, the Mortgagee may only consider the income as Effective Income if the Borrower was previously employed in the same line of work in which the Borrower is self-employed or in a related occupation for at least two years.

(2) Stability of Self-Employment Income

Income obtained from businesses with annual earnings that are stable or increasing is acceptable. If the income from businesses shows a greater than 20 percent decline in Effective Income over the analysis period, the Mortgagee must document that the business income is now stable.

A Mortgagee may consider income as stable after a 20 percent reduction if the Mortgagee can document the reduction in income was the result of an extenuating circumstance, the Borrower can demonstrate the income has been stable or increasing for a minimum of 12 months, and the Borrower qualifies utilizing the reduced income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(3) Exception Due to COVID-19 Related Economic Event

The Borrower must have an aggregate two-year self-employment history before and after the COVID-19 Related Economic Event.

If the Borrower has an aggregate self-employment history between one and two years before and after the COVID-19 Related Economic Event, the Mortgagee may only consider the income as Effective Income if the Borrower was previously employed in the same line of work in which the Borrower is self-employed or in a related occupation for at least two years.

A Mortgagee may consider income as stable after a 20 percent reduction if the Mortgagee can document the reduction in income was the result of a COVID-19 Related Economic Event and the Borrower can demonstrate the income has been stable or increasing for a minimum of six months, and the Borrower qualifies utilizing the reduced income.

(C) Required Documentation

(1) Individual and Business Tax Returns

The Mortgagee must obtain complete individual Tax Returns for the most recent two years, including all schedules.

In lieu of signed individual or business Tax Returns from the Borrower, the Mortgagee may obtain a signed [IRS Form 4506](#), [IRS Form 4506-C](#), or [IRS Form 8821](#), and tax transcripts directly from the IRS.

(2) Profit & Loss Statements and Balance Sheets

The Mortgagee must obtain a year-to-date Profit and Loss (P&L) statement and balance sheet if more than a calendar quarter has elapsed since the date of the most recent calendar or fiscal year-end tax period. A balance sheet is not required for self-employed Borrowers filing Schedule C income.

If income used to qualify the Borrower exceeds the two-year average of Tax Returns, an audited P&L or signed quarterly Tax Return obtained from the IRS is required.

(3) Business Credit Reports

The Mortgagee must obtain a business credit report for all corporations and “S” corporations.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(4) Exception Due to COVID-19 Related Economic Event

For self-employed Borrowers with a reduction of income due to a COVID-19 Related Economic Event, the Mortgagee must provide the following documentation in addition to the current [Self-Employment Income required documentation](#):

- letter of explanation for the time period of income loss or reduction;
- the Borrower's business Tax Returns for the most recent two years; and
- either of the following:
 - an audited year-to-date P&L statement reporting business revenue, expenses, and net income up to and including the most recent month preceding the case assignment date; or
 - an unaudited year-to-date P&L statement signed by the Borrower reporting business revenue, expenses, and net income up to and including the most recent month preceding the case assignment date, and three of the most recent business bank statements no older than the latest three months represented on the year-to-date P&L statement. Monthly deposits on the business bank statements must support the earnings on the unaudited year-to-date P&L.

(D) Calculation of Effective Income

(1) Standard

The Mortgagee must analyze the Borrower's Tax Returns to determine gross Self-Employment Income. Requirements for analyzing self-employment documentation are found in [Analyzing IRS Forms](#).

The Mortgagee must calculate gross Self-Employment Income by using the lesser of:

- the average gross Self-Employment Income earned over either:
 - the previous two years; or
 - the length of time Self-Employment Income has been earned if less than two years (where permitted); or
- the average gross Self-Employment Income earned over the previous one year.

(2) Exception Due to COVID-19 Related Economic Event

For self-employed Borrowers with a COVID-19 Related Economic Event who have since regained income at a level greater than or equal to 80 percent of their income prior to the COVID-19 Related Economic Event for a minimum of six months, the Mortgagee must calculate gross Self-Employment Income by using the lesser of:

- the average gross Self-Employment Income earned over the previous two years prior to the COVID-19 Related Economic Event; or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- the average gross Self-Employment Income earned over the previous six months after the COVID-19 Related Economic Event.

xi. Additional Required Analysis of Stability of Employment Income (Manual)

(A) Frequent Changes in Employment

If the Borrower has changed employers more than three times in the previous 12-month period, or has changed lines of work, the Mortgagee must take additional steps to verify and document the stability of the Borrower's Employment Income.

Additional analysis is not required for fields of employment that regularly require a Borrower to work for various employers (such as Temp Companies or Union Trades).

The Mortgagee must obtain:

- transcripts of training and education demonstrating qualification for a new position; or
- employment documentation evidencing continual increases in income and/or benefits.

(B) Addressing Gaps in Employment

For Borrowers with gaps in employment of six months or more (an extended absence), the Mortgagee may consider the Borrower's current income as Effective Income if it can verify and document that:

- the Borrower has been employed in the current line of work for at least six months at the time of case number assignment; and
- a two-year work history prior to the absence from employment using standard or alternative employment verification.

(C) Addressing Temporary Reduction in Income

For Borrowers with a temporary reduction of income due to a short-term disability or similar temporary leave, the Mortgagee may consider the Borrower's current income as Effective Income, if it can verify and document that:

- the Borrower intends to return to work;
- the Borrower has the right to return to work; and
- the Borrower qualifies for the Mortgage taking into account any reduction of income due to the circumstance.

For federal, state, tribal, or local government employees temporarily out of work due to a government shutdown or other similar, temporary events (where lost income is anticipated to be recovered), income preceding the shutdown can be considered as Effective Income.

For Borrowers returning to work before or at the time of the first Mortgage Payment due date, the Mortgagee may use the Borrower's pre-leave income as Effective Income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

For Borrowers returning to work after the first Mortgage Payment due date, the Mortgagee may use the Borrower's current income plus available surplus liquid asset Reserves, above and beyond any required Reserves, as an income supplement up to the amount of the Borrower's pre-leave income as Effective Income. The amount of the monthly income supplement is the total amount of surplus Reserves divided by the number of months between the first payment due date and the Borrower's intended date of return to work.

Required Documentation

The Mortgagee must provide the following documentation for Borrowers on temporary leave:

- a written statement from the Borrower confirming the Borrower's intent to return to work, and the intended date of return;
- documentation generated by current employer confirming the Borrower's eligibility to return to current employer after temporary leave; and
- documentation of sufficient liquid assets, in accordance with [Sources of Funds \(Manual\)](#), used to supplement the Borrower's income through intended date of return to work with current employer.

(D) Addressing Gaps in Employment or Reduction of Income Due to COVID-19 Related Economic Event

(1) Employment Income

For Borrowers with gaps in employment, reduction of income, or reduction of hours due to a COVID-19 Related Economic Event, the Mortgagee may consider the Borrower's current income as Effective Income if it can verify and document that:

- the Borrower has been employed in the current job or same line of work for at least one month at the time of case number assignment; or
- the Borrower has been employed in a different job or line of work for at least six months at the time of case number assignment; and the Borrower has an aggregate two-year work history prior to case number assignment excluding gaps in employment using traditional or alternative employment verification.

Required Documentation

The Mortgagee must obtain a written VOE identifying the time period of temporary loss of employment, temporary loss of income, or temporary loss of hours.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Self-Employment Income

For Borrowers with gaps in self-employment, a reduction in income, or reduction of hours due to a COVID-19 Related Economic Event, the Mortgagee may exclude the months where the business was closed, or income was reduced when calculating Effective Income. The total time period of the Borrower's self-employment must still meet the minimum length of self-employment in accordance with [Exception Due to COVID-19 Related Economic Event](#).

xii. Other Sources of Effective Income (Manual)

(A) Disability Benefits (Manual)

(1) Definition

Disability Benefits refer to benefits received from the Social Security Administration (SSA), Department of Veterans Affairs (VA), or a private disability insurance provider.

(2) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of benefits from the SSA, VA, or private disability insurance provider. The Mortgagee must obtain documentation that establishes award benefits to the Borrower.

If any disability income is due to expire within three years from the date of mortgage application, that income cannot be used as Effective Income. If the Notice of Award or equivalent document does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue. The Mortgagee may not rely upon a pending or current re-evaluation of medical eligibility for benefit payments as evidence that the benefit payment is not reasonably likely to continue.

Under no circumstance may the Mortgagee inquire into or request documentation concerning the nature of the disability or the medical condition of the Borrower.

(a) Social Security Disability (Manual)

For Social Security Disability income, including Supplemental Security Income (SSI), the Mortgagee must obtain a copy of the last Notice of Award letter, or an equivalent document that establishes award benefits to the Borrower, and one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a "Budget Letter" or "Benefits Letter" that evidences income from the SSA; or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- a copy of the Borrower's form SSA-1099/1042S, *Social Security Benefit Statement*.

(b) Department of Veterans Affairs Disability

For VA disability benefits, the Mortgagee must obtain from the Borrower a copy of the veteran's last Benefits Letter showing the amount of the assistance, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the VA.

If the Benefits Letter does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue for at least three years.

(c) Private Disability

For private disability benefits, the Mortgagee must obtain documentation from the private disability insurance provider showing the amount of the assistance and the expiration date of the benefits, if any, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the insurance provider.

(3) Calculation of Effective Income

The Mortgagee must use the most recent amount of benefits received to calculate Effective Income.

(B) Alimony, Child Support, and Maintenance Income (Manual)

(1) Definition

Alimony, Child Support, and Maintenance Income refers to income received from a former spouse or partner or from a noncustodial parent of the Borrower's minor dependent.

(2) Required Documentation

The Mortgagee must obtain a fully executed copy of the Borrower's final divorce decree, legal separation agreement, court order, or voluntary payment agreement with documented receipt.

When using a final divorce decree, legal separation agreement or court order, the Mortgagee must obtain evidence of receipt using deposits on bank statements;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

canceled checks; or documentation from the child support agency for the most recent three months that supports the amount used in qualifying.

The Mortgagee must document the voluntary payment agreement with 12 months of canceled checks, deposit slips, or Tax Returns.

The Mortgagee must provide evidence that the claimed income will continue for at least three years. The Mortgagee may use the front and pertinent pages of the divorce decree/settlement agreement and/or court order showing the financial details.

(3) Calculation of Effective Income

When using a final divorce decree, legal separation agreement or court order, if the Borrower has received consistent Alimony, Child Support, and Maintenance Income for the most recent three months, the Mortgagee may use the current payment to calculate Effective Income.

When using evidence of voluntary payments, if the Borrower has received consistent Alimony, Child Support, and Maintenance Income for the most recent six months, the Mortgagee may use the current payment to calculate Effective Income.

If the Alimony, Child Support, and Maintenance Income have not been consistently received for the most recent three months if court ordered or six months if voluntary, the Mortgagee must use the average of the income received over the previous two years to calculate Effective Income. If Alimony, Child Support, and Maintenance Income have been received for less than two years, the Mortgagee must use the average over the time of receipt.

(C) Military Income (Manual)

(1) Definition

Military Income refers to income received by military personnel during their period of active, Reserve, or National Guard service, including:

- base pay
- Basic Allowance for Housing
- clothing allowances
- flight or hazard pay
- Basic Allowance for Subsistence
- proficiency pay

The Mortgagee may not use education benefits as Effective Income.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Required Documentation

The Mortgagee must obtain a copy of the Borrower's military Leave and Earnings Statement (LES). The Mortgagee must verify the Expiration Term of Service date on the LES. If the Expiration Term of Service date is within the first 12 months of the Mortgage, Military Income may only be considered Effective Income if the Borrower represents their intent to continue military service.

(3) Calculation of Effective Income

The Mortgagee must use the current amount of Military Income received to calculate Effective Income.

(D) Mortgage Credit Certificates (Manual)

(1) Definition

Mortgage Credit Certificates refer to government Mortgage Payment subsidies other than Section 8 Housing Choice Vouchers.

(2) Required Documentation

The Mortgagee must verify and document the amount of the tax rebate.

(3) Calculating Effective Income

Mortgage Credit Certificate income may be included as Effective Income. The Mortgagee must use the current subsidy rate to calculate the Effective Income.

(E) Section 8 Housing Choice Vouchers (Manual)

(1) Definition

Section 8 Housing Choice Vouchers refer to housing subsidies received under the Housing Choice Voucher homeownership option from a Public Housing Agency (PHA).

(2) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of the Housing Choice Voucher homeownership subsidies. The Mortgagee may consider that this income is reasonably likely to continue for three years.

(3) Calculation of Effective Income

The Mortgagee may only use Section 8 Housing Choice Voucher subsidies as Effective Income if it is not used as an offset to the monthly Mortgage Payment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

The Mortgagee must use the current subsidy rate to calculate the Effective Income.

(F) Other Public Assistance (Manual)

(1) Definition

Public Assistance refers to income received from government assistance programs.

(2) Required Documentation

Mortgagees must verify and document the income received from the government agency.

If any Public Assistance income is due to expire within three years from the date of mortgage application, that income cannot be used as Effective Income. If the documentation does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue.

(3) Calculation of Effective Income

The Mortgagee must use the current rate of Public Assistance received to calculate Effective Income.

(G) Automobile Allowances (Manual)

(1) Definition

Automobile Allowance refers to the funds provided by the Borrower's employer for automobile related expenses.

(2) Required Documentation

The Mortgagee must verify and document the Automobile Allowance received from the employer for the previous two years.

(3) Calculation of Effective Income

The Mortgagee must use the full amount of the Automobile Allowance to calculate Effective Income.

(H) Retirement Income (Manual)

Retirement Income refers to income received from Pensions, 401(k) distributions, and Social Security.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(1) Social Security Income (Manual)

(a) Definition

Social Security Income or Supplemental Security Income (SSI) refers to income received from the SSA other than disability income.

(b) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of income from the SSA and that it is likely to continue for at least a three-year period from the date of case number assignment.

For SSI, the Mortgagee must obtain any one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a "Budget Letter" or "Benefits Letter" that evidences income from the SSA; or
- a copy of the Borrower's form SSA-1099/1042S.

In addition to verification of income, the Mortgagee must document the continuance of this income by obtaining from the Borrower (1) a copy of the last Notice of Award letter which states the SSA's determination on the Borrower's eligibility for SSA income, or (2) equivalent documentation that establishes award benefits to the Borrower (equivalent document). If any income from the SSA is due to expire within three years from the date of case number assignment, that income may not be used for qualifying.

If the Notice of Award or equivalent document does not have a defined expiration date, the Mortgagee must consider the income effective and reasonably likely to continue. The Mortgagee may not request additional documentation from the Borrower to demonstrate continuance of Social Security Income.

If the Notice of Award letter or equivalent document specifies a future start date for receipt of income, this income may only be considered effective on the specified start date.

(c) Calculation of Effective Income

The Mortgagee must use the current amount of Social Security Income received to calculate Effective Income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Pension (Manual)

(a) Definition

Pension refers to income received from the Borrower's former employer(s).

(b) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of periodic payments from the Borrower's Pension and that the payments are likely to continue for at least three years.

The Mortgagee must obtain any one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the former employer; or
- a copy of the Borrower's Pension/retirement letter from the former employer.

(c) Calculation of Effective Income

The Mortgagee must use the current amount of Pension income received to calculate Effective Income.

(3) Individual Retirement Account and 401(k) (Manual)

(a) Definition

Individual Retirement Account (IRA)/401(k) Income refers to income received from an IRA.

(b) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of recurring IRA/401(k) distribution Income and that it is reasonably likely to continue for three years.

The Mortgagee must obtain the most recent IRA/401(k) statement and any one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income.

(c) Calculation of Effective Income

For Borrowers with IRA/401(k) Income that has been and will be consistently received, the Mortgagee must use the current amount of IRA Income received to calculate Effective Income. For Borrowers with fluctuating IRA/401(k)

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Income, the Mortgagee must use the average of the IRA/401(k) Income received over the previous two years to calculate Effective Income. If IRA/401(k) Income has been received for less than two years, the Mortgagee must use the average over the time of receipt.

(I) Rental Income (Manual)

(1) Definition

Rental Income refers to income received or to be received from the subject Property or other real estate holdings.

(2) Rental Income Received from the Subject Property (Manual)

(a) Standard

The Mortgagee may consider Rental Income from existing and prospective renters if documented in accordance with the following requirements.

Rental Income from the subject Property may be considered Effective Income when the Property is or will be a one-unit dwelling with an ADU, a two- to four-unit dwelling, or an acceptable one- to four-unit Investment Property.

No income from commercial space may be included in Rental Income calculations.

(b) Required Documentation

Required documentation varies depending upon the length of time the Borrower has owned the Property.

(i) Limited or No History of Rental Income

Where the Borrower does not have a history of Rental Income from the subject since the previous tax filing:

Two- to Four-Units

The Mortgagee must verify and document the proposed Rental Income by obtaining an appraisal showing fair market rent (use [Fannie Mae Form 1025/Freddie Mac Form 72](#), *Small Residential Income Property Appraisal Report*) and, if available, the prospective leases.

One-Unit

The Mortgagee must verify and document the proposed Rental Income by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form](#)

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

[1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective lease.

One-Unit with an Accessible Dwelling Unit

The Mortgagee must verify and document the proposed Rental Income from the ADU by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form 1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective leases.

(ii) History of Rental Income

Where the Borrower has a history of Rental Income from the subject since the previous tax filing, the Mortgagee must verify and document the existing Rental Income by obtaining the existing lease, rental history over the previous 24 months that is free of unexplained gaps greater than three months (such gaps could be explained by student, seasonal or military renters, or property rehabilitation), and the Borrower's most recent Tax Returns, including Schedule E, from the previous two years.

For Properties owned less than two years, the Mortgagee must document the date of acquisition by providing the deed, Closing Disclosure, or other legal document.

(c) Calculation of Effective Income

The Mortgagee must add the net subject property Rental Income to the Borrower's gross income to calculate Effective Income. The Mortgagee may not reduce the Borrower's total Mortgage Payment by the net subject property Rental Income.

(i) Limited or No History of Rental Income

To calculate the Effective Income from the subject Property where the Borrower does not have a history of Rental Income from the subject Property since the previous tax filing, the Mortgagee must use 75 percent of the lesser of:

- fair market rent reported by the Appraiser; or
- the rent reflected in the lease or other rental agreement.

One-Unit with an Accessory Dwelling Unit

The amount of the Rental Income from an ADU used as Effective Income must not exceed 30 percent of the total monthly Effective Income used to qualify the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(ii) History of Rental Income

The Mortgagee must calculate the Rental Income by averaging the amount shown on the Schedule E.

Depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E may be added back to the net income or loss.

If the Property has been owned for less than two years, the Mortgagee must annualize the Rental Income for the length of time the Property has been owned.

(3) Rental Income from Other Real Estate Holdings (Manual)

(a) Standard

Rental Income from other real estate holdings may be considered Effective Income if the documentation requirements listed below are met. If Rental Income is being derived from the Property being vacated by the Borrower, the Borrower must be relocating to an area more than 100 miles from the Borrower's current Principal Residence. The Mortgagee must obtain a lease agreement of at least one year's duration after the Mortgage is closed and evidence of the payment of the security deposit or first month's rent.

(b) Required Documentation

(i) Limited or No History of Rental Income

Where the Borrower does not have a history of Rental Income for the Property since the previous tax filing, including Property being vacated by the Borrower, the Mortgagee must obtain an appraisal evidencing market rent and that the Borrower has at least 25 percent equity in the Property. The appraisal is not required to be completed by an FHA Roster Appraiser.

Two- to Four-Units

The Mortgagee must verify and document the proposed Rental Income by obtaining an appraisal showing fair market rent (use [Fannie Mae Form 1025/Freddie Mac Form 72](#)) and, if available, the prospective leases.

One-Unit or One-Unit with an Accessory Dwelling Unit

The Mortgagee must verify and document the proposed Rental Income by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form](#)

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

[1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective lease.

(ii) History of Rental Income

The Mortgagee must obtain the Borrower's last two years' Tax Returns with Schedule E.

(c) Calculation of Effective Net Rental Income

(i) Limited or No History of Rental Income

To calculate the effective net Rental Income from other real estate holdings where the Borrower does not have a history of Rental Income since the previous tax filing, the Mortgagee must deduct the PITI from 75 percent of the lesser of:

- fair market rent reported by the Appraiser; or
- the rent reflected in the lease or other rental agreement.

(ii) History of Net Rental Income

The Mortgagee must calculate the net Rental Income by averaging the amount shown on the Schedule E provided the Borrower continues to own all Properties included on the Schedule E.

Depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E may be added back to the net income or loss.

Positive net Rental Income must be added to the Borrower's Effective Income. Negative net Rental Income must be included as a debt/liability.

If the Property has been owned for less than two years, the Mortgagee must:

- annualize the Rental Income for the length of time the Property has been owned; and
- document the date of acquisition by providing the deed, Closing Disclosure, or other legal document.

(4) Borders of the Subject Property (Manual)

(a) Definition

Boarder refers to an individual renting space inside the Borrower's Dwelling Unit. A renter of an ADU is not a Boarder.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(b) Standard

The Mortgagee may consider Rental Income from existing Boarders if documented in accordance with the following requirements.

Rental Income from Boarders may be considered Effective Income if the occupying Borrower has a 12-month history of receiving income from Boarders is only acceptable if the Borrower has a two-year history of receiving income from Boarders that is shown on the Tax Return and the Borrower is currently receiving Boarder income.

Rental Income from Boarders is permitted whether the Borrower currently rents or owns the Dwelling Unit.

(c) Required Documentation

The Mortgagee must ~~obtain two years of the Borrower's Tax Returns evidencing income from Boarders and the current lease.~~ verify and document the existing Rental Income from Boarders by obtaining the following:

- evidence of rental history over the previous 12 months;
- evidence of Rental Income received from Boarders for at least nine of the most recent 12 months in the form of:
 - o the Borrower's Tax Returns; or
 - o bank statements, canceled checks, or deposit slips, showing rental payments received;
- evidence that the Boarder's address is the same as the Borrower's address; and
- a copy of the executed written agreement documenting the boarding terms and the Boarder's intent to continue boarding with the Borrower.

~~For purchase transactions, the Mortgagee must obtain a copy of the executed written agreement documenting their intent to continue boarding with the Borrower.~~

(d) Calculation of Effective Income

The Mortgagee must calculate Rental Income from Boarders by using the lesser of:

- the 12-month average; or
- the current rent as documented in the written agreement.

Where Rental Income from Boarders has been documented for at least nine of the last 12 months, the Mortgagee must average the Rental Income over a 12-month period.

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

The amount of the Rental Income from Boarders used as Effective Income must not exceed 30 percent of the total monthly Effective Income used to qualify the Borrower.

~~The Mortgagee must calculate the Effective Income by using the lesser of the two-year average or the current lease.~~

(J) Investment Income (Manual)

(1) Definition

Investment Income refers to interest and dividend income received from assets such as certificates of deposits, mutual funds, stocks, bonds, money markets, and savings and checking accounts.

(2) Required Documentation

The Mortgagee must verify and document the Borrower's Investment Income by obtaining Tax Returns for the previous two years and the most recent account statement.

(3) Calculation of Effective Income

The Mortgagee must calculate Investment Income by using the lesser of:

- the average Investment Income earned over the previous two years; or
- the average Investment Income earned over the previous one year.

The Mortgagee must subtract any of the assets used for the Borrower's required funds to close to purchase the subject Property from the Borrower's liquid assets prior to calculating any interest or dividend income.

(K) Capital Gains and Losses (Manual)

(1) Definition

Capital Gains refer to a profit that results from a disposition of a capital asset, such as a stock, bond or real estate, where the amount realized on the disposition exceeds the purchase price.

Capital Losses refer to a loss that results from a disposition of a capital asset, such as a stock, bond or real estate, where the amount realized on the disposition is less than the purchase price.

(2) Standard

Capital gains or losses must be considered when determining Effective Income, when the individual has a constant turnover of assets resulting in gains or losses.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(3) Required Documentation

Three years' Tax Returns are required to evaluate an earnings trend. If the trend:

- results in a gain, it may be added as Effective Income; or
- consistently shows a loss, it must be deducted from the total income.

(L) Expected Income (Manual)

(1) Definition

Expected Income refers to income from cost-of-living adjustments, performance raises, a new job, or retirement that has not been, but will be received within 60 Days of mortgage closing.

(2) Standard

The Mortgagee may consider Expected Income as Effective Income except when Expected Income is to be derived from a family-owned business.

(3) Required Documentation

The Mortgagee must verify and document the existence and amount of Expected Income with the employer in writing and that it is guaranteed to begin within 60 Days of mortgage closing. For expected Retirement Income, the Mortgagee must verify the amount and that it is guaranteed to begin within 60 Days of the mortgage closing.

(4) Calculation of Effective Income

Income is calculated in accordance with the standards for the type of income being received. The Mortgagee must also verify that the Borrower will have sufficient income or cash Reserves to support the Mortgage Payment and any other obligations between mortgage closing and the beginning of the receipt of the income.

(M) Trust Income (Manual)

(1) Definition

Trust Income refers to income that is regularly distributed to a Borrower from a trust.

(2) Required Documentation

The Mortgagee must verify and document the existence of the Trust Agreement or other trustee statement. The Mortgagee must also verify and document the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

frequency, duration, and amount of the distribution by obtaining a bank statement or transaction history from the bank.

The Mortgagee must verify that regular payments will continue for at least the first three years of the mortgage term.

(3) Calculation of Effective Income

The Mortgagee must use the income based on the terms and conditions in the Trust Agreement or other trustee statement to calculate Effective Income.

(N) Annuities or Similar (Manual)

(1) Definition

Annuity Income refers to a fixed sum of money periodically paid to the Borrower from a source other than employment.

(2) Required Documentation

The Mortgagee must verify and document the legal agreement establishing the annuity and guaranteeing the continuation of the annuity for the first three years of the Mortgage. The Mortgagee must also obtain a bank statement or a transaction history from a bank evidencing receipt of the annuity.

(3) Calculation of Effective Income

The Mortgagee must use the current rate of the annuity to calculate Effective Income.

The Mortgagee must subtract any of the assets used for the Borrower's required funds to close to purchase the subject Property from the Borrower's liquid assets prior to calculating any Annuity Income.

(O) Notes Receivable Income (Manual)

(1) Definition

Notes Receivable Income refers to income received by the Borrower as payee or holder in due course of a promissory Note or similar credit instrument.

(2) Required Documentation

The Mortgagee must verify and document the existence of the Note. The Mortgagee must also verify and document that payments have been consistently received for the previous 12 months by obtaining Tax Returns, deposit slips, or canceled checks and that such payments are guaranteed to continue for the first three years of the Mortgage.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(3) Calculation of Effective Income

For Borrowers who have been and will be receiving a consistent amount of Notes Receivable Income, the Mortgagee must use the current rate of income to calculate Effective Income. For Borrowers whose Notes Receivable Income fluctuates, the Mortgagee must use the average of the Notes Receivable Income received over the previous year to calculate Effective Income.

(P) Nontaxable Income (Grossing Up) (Manual)

(1) Definition

Nontaxable Income refers to types of income not subject to federal taxes, which includes, but is not limited to:

- some portion of Social Security Income;
- some federal government employee Retirement Income;
- Railroad Retirement benefits;
- some state government Retirement Income;
- certain types of disability and Public Assistance payments;
- Child Support;
- Section 8 Housing Choice Vouchers;
- military allowances; and
- other income that is documented as being exempt from federal income taxes.

(2) Required Documentation

The Mortgagee must document and support the amount of income to be Grossed Up for any Nontaxable Income source and the current tax rate applicable to the Borrower's income that is being Grossed Up.

(3) Calculation of Effective Income

The amount of continuing tax savings attributed to Nontaxable Income may be added to the Borrower's gross income.

The percentage of Nontaxable Income that may be added cannot exceed the greater of 15 percent or the appropriate tax rate for the income amount, based on the Borrower's tax rate for the previous year. If the Borrower was not required to file a Tax Return for the previous tax reporting period, the Mortgagee may Gross Up the Nontaxable Income by 15 percent.

The Mortgagee may not make any additional adjustments or allowances based on the number of the Borrower's dependents.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(Q) Foster Care Payment

(1) Definition

Foster Care Payment refers to payment received from a state- or county-sponsored organization for providing temporary care for one or more individuals.

(2) Standard

Foster care payment may be considered acceptable and stable income if the Borrower has a two-year history of providing foster care services and receiving foster care payment and that the foster care payment is reasonably likely to continue.

(3) Required Documentation

The Mortgagee must obtain a written verification of foster care payment from the organization providing it, verify and document that the Borrower has a two-year history of providing foster care services and receiving foster care payment, and that the foster care payment is reasonably likely to continue.

(4) Calculation of Effective Income

The Mortgagee must calculate foster care payment by using the lesser of:

- average foster care payment received over the previous two years; or
- average foster care payment received over the previous year.

(R) Foreign Income

(1) Definition

Foreign Income refers to income received by a Borrower from sources located outside of the United States by a foreign corporation or a foreign government and is paid in foreign currency.

(2) Standard

The Mortgagee may use Foreign Income as Effective Income if the Borrower has received this income for the previous two years and it is reasonably likely to continue.

(3) Required Documentation

The Mortgagee must obtain complete individual Tax Returns showing Foreign Income for the most recent two years, including all schedules.

For all Foreign Income, the Mortgagee must satisfy the requirements listed based on source and type of income as outlined in [Income Requirements \(Manual\)](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

If the Foreign Income documents are not received in English, the Mortgagee must provide a complete and accurate translation for each document and convert foreign currency to U.S. dollars.

(4) Calculation of Effective Income

The Mortgagee must analyze the Borrower's Tax Returns to determine gross Foreign Income. The Mortgagee must average the Foreign Income over the previous two years to calculate of Effective Income.

c. Asset Requirements (Manual) (08/19/2024)

i. General Asset Requirements (Manual)

The Mortgagee may only consider assets derived from acceptable sources in accordance with the requirements outlined below.

Closing costs, prepaid items and other fees may not be applied toward the Borrower's MRI.

(A) Earnest Money Deposit (Manual)

The Mortgagee must verify and document the deposit amount and source of funds if the amount of the earnest money deposit exceeds 1 percent of the sales price or is excessive based on the Borrower's history of accumulating savings, by obtaining:

- a copy of the Borrower's canceled check;
- certification from the deposit-holder acknowledging receipt of funds;
- a Verification of Deposit (VOD) or bank statement showing that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit; or
- direct verification by a TPV vendor, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to verify assets;
 - the date of the completed verification conforms with FHA requirements in [Maximum Age of Mortgage Documents](#); and
 - the information shows that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit.

If the source of the earnest money deposit was a Gift, the Mortgagee must verify that the Gift is in compliance with [Gifts \(Personal and Equity\) \(Manual\)](#).

(B) Cash to Close (Manual)

The Mortgagee must document all funds that are used for the purpose of qualifying for or closing a Mortgage, including those to satisfy debt or pay costs outside of closing.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

The Mortgagee must verify and document that the Borrower has sufficient funds from an acceptable source to facilitate the closing.

(1) Determining the Amount Needed for Closing

For a purchase transaction, the amount of cash needed by the Borrower to close an FHA-insured Mortgage is the difference between the total cost to acquire the Property and the total mortgage amount.

For a refinance transaction, the amount of cash needed by the Borrower to close an FHA-insured Mortgage is the difference between the total payoff requirements of the Mortgage being refinanced and the total mortgage amount.

(2) Mortgagee Responsibility for Estimating Settlement Requirements

In addition to the MRI, additional Borrower expenses must be included in the total amount of cash that the Borrower must provide at mortgage settlement.

(a) Origination Fees and Other Closing Costs

The Mortgagee or sponsored TPO may charge a reasonable origination fee.

The Mortgagee or sponsored TPO may charge and collect from Borrowers those customary and reasonable closing costs and prepaid items necessary to close the Mortgage. Charges may not exceed the actual costs.

The Mortgagee must comply with HUD's Qualified Mortgage Rule at [24 CFR § 203.19](#).

(b) Discount Points

Discount Points refer to a charge from the Mortgagee for the interest rate chosen. They can be paid by the Borrower and become part of the total cash required to close.

(c) Types of Prepaid Items (Including Per Diem Interest)

Prepaid items may include flood and hazard insurance premiums, MIP, real estate taxes, and per diem interest. They must comply with the requirements of the CFPB.

(d) Non-realty or Personal Property

Non-realty or Personal Property items (chattel) that the Borrower agrees to pay for separately, including the amount subtracted from the sales price when determining the maximum Mortgage, are included in the total cash requirements for the Mortgage.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(e) Upfront Mortgage Insurance Premium Amounts

Any UFMIP amounts paid in cash are added to the total cash settlement requirements. The UFMIP must be entirely financed into the Mortgage or paid entirely in cash. However, if the UFMIP is financed into the Mortgage, the entire amount is to be financed except for any amount less than \$1.00.

(f) Real Estate Agent Fees

If a Borrower is represented by a real estate agent and must pay any fee directly to the agent, that expense must be included in the total of the Borrower's settlement requirements.

(g) Repairs and Improvements

Repairs and improvements, or any portion paid by the Borrower that cannot be financed into the Mortgage, are part of the Borrower's total cash requirements.

(h) Premium Pricing on FHA-Insured Mortgages

Premium Pricing refers to the aggregate credits from a Mortgagee or TPO at the interest rate chosen.

Premium Pricing may be used to pay a Borrower's actual closing costs and prepaid items. Premium Pricing is not included as part of the Interested Party limitation unless the Mortgagee or TPO is the property seller, real estate agent, builder or developer.

The funds derived from a premium priced Mortgage:

- must be disclosed in accordance with RESPA;
- must be used to reduce the principal balance if the credit amount exceeds the actual dollar amount for closing costs and prepaid items; and
- may not be used for payment of debts, collection accounts, escrow shortages or missed Mortgage Payments, or Judgments.

(i) Interested Party Contributions on the Closing Disclosure

The Mortgagee may apply Interested Party credits toward the Borrower's origination fees, other closing costs including any items POC, prepaid items, and Discount Points.

The refund of the Borrower's POCs may be used toward the Borrower's MRI if the Mortgagee documents that the POCs were paid with the Borrower's own funds.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

The Mortgagee must identify the total Interested Party credits on the front page of the Closing Disclosure or similar legal document or in an addendum. The Mortgagee must identify each item paid by Interested Party Contributions.

(j) Real Estate Tax Credits

Where real estate taxes are paid in arrears, the seller's real estate tax credit may be used to meet the MRI, if the Mortgagee documents that the Borrower had sufficient assets to meet the MRI and the Borrower paid closing costs and other prepaid items at the time of underwriting, without consideration of the real estate tax credit.

This permits the Borrower to bring a portion of their MRI to the closing and combine that portion with the real estate tax credit for their total MRI.

(C) Reserves (Manual)

Reserves refer to the sum of the Borrower's verified and documented liquid assets minus the total funds the Borrower is required to pay at closing.

Reserves do not include:

- the amount of cash taken at settlement in cash-out transactions;
- incidental cash received at settlement in other loan transactions;
- gift funds;
- equity in another Property; or
- borrowed funds from any source.

(1) Required Reserves for One- to Two-Unit Properties

The Mortgagee must verify and document Reserves equivalent to one month's PITI after closing for one- to two-unit Properties.

(2) Required Reserves for Three- to Four-Unit Properties

The Mortgagee must verify and document Reserves equivalent to three months' PITI after closing for three- to four-unit Properties.

(3) Required Reserves for One-Unit with an Accessory Dwelling Unit Properties

If Rental Income is being used to qualify, the Mortgagee must verify and document Reserves equivalent to two months' PITI after closing for one-unit with an ADU Properties.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

ii. Source Requirements for the Borrower's Minimum Required Investment (Manual)

(A) Definition

Minimum Required Investment (MRI) refers to the Borrower's contribution in cash or its equivalent required by Section 203(b)(9) of the National Housing Act, which represents at least 3.5 percent of the Adjusted Value of the Property.

(B) Standard

The Mortgagee may only permit the Borrower's MRI to be provided by a source permissible under Section 203(b)(9)(C) of the National Housing Act, which means the funds for the Borrower's MRI must not come from:

- (1) the seller of the Property;
- (2) any other person or entity who financially benefits from the transaction (directly or indirectly); or
- (3) anyone who is or will be reimbursed, directly or indirectly, by any party included in (1) or (2) above.

While additional funds to close may be provided by one of these sources if permitted under the relevant requirements above, none of the Borrower's MRI may come from these sources. The Mortgagee must document permissible sources for the full MRI in accordance with special requirements noted above.

Additionally, in accordance with [Prohibited Sources of Minimum Cash Investment Under the National Housing Act - Interpretive Rule](#), HUD does not interpret Section 203(b)(9)(C) of the National Housing Act to prohibit Governmental Entities, when acting in their governmental capacity, from providing the Borrower's MRI where the Governmental Entity is originating the insured Mortgage through one of its homeownership programs.

(C) Required Documentation

Where the Borrower's MRI is provided by someone other than the Borrower, the Mortgagee must also obtain documentation to support the permissible nature of the source of those funds.

To establish that the Governmental Entity provided the Borrower's MRI in a manner consistent with HUD's Interpretive Rule, the Mortgagee must document that the Governmental Entity incurred prior to or at closing an enforceable legal liability or obligation to fund the Borrower's MRI. It is not sufficient to document that the Governmental Entity has agreed to reimburse the Mortgagee for the use of funds legally belonging to the Mortgagee to fund the Borrower's MRI.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

The Mortgagee must obtain:

- a canceled check, evidence of wire transfer, or other draw request showing that prior to or at the time of closing the Governmental Entity had authorized a draw of the funds provided toward the Borrower's MRI from the Governmental Entity's account; or
- a letter from the Governmental Entity, signed by an authorized official, establishing that the funds provided toward the Borrower's MRI were funds legally belonging to the Governmental Entity, when acting in their governmental capacity, at or before closing.

Where a letter from the Governmental Entity is submitted, the precise language of the letter may vary, but must demonstrate that the funds provided for the Borrower's MRI legally belonged to the Governmental Entity at or before closing, by stating, for example:

- the Governmental Entity has, at or before closing, incurred a legally enforceable liability as a result of its agreement to provide the funds toward the Borrower's MRI;
- the Governmental Entity has, at or before closing, incurred a legally enforceable obligation to provide the funds toward the Borrower's MRI; or
- the Governmental Entity has, at or before closing, authorized a draw on its account to provide the funds toward the Borrower's MRI.

While the Mortgagee is not required to document the actual transfer of funds in satisfaction of the obligation or liability, the failure of the Governmental Entity to satisfy the obligation or liability may result in a determination that the funds were provided by a prohibited source.

iii. Sources of Funds (Manual)

The Mortgagee must verify liquid assets for cash to close and Reserves as indicated.

(A) Checking and Savings Accounts (Manual)

(1) Definition

Checking and Savings Accounts refer to funds from Borrower-held accounts in a financial institution that allows for withdrawals and deposits.

(2) Standard

The Mortgagee must verify and document the existence of and amounts in the Borrower's checking and savings accounts.

For individual deposits of more than 50 percent of the total monthly Effective Income, the Mortgagee must obtain documentation of the deposits. The Mortgagee must also verify that the deposits are commensurate with the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Borrower's income and savings history and no debts were incurred to obtain part, or all, of the MRI.

(3) Required Documentation

(a) Traditional Documentation

The Mortgagee must obtain:

- a written VOD and the Borrower's most recent statement for each account; or
- direct verification by a TPV vendor of the Borrower's account covering activity for a minimum of the most recent available month activity for a minimum of one month, subject to the following requirements:
 - the Borrower has authorized the Mortgagee to use a TPV vendor to verify assets; and
 - the date of the data contained in the completed verification is current within 30 days of the date of the verification.

(b) Alternative Documentation

If a VOD is not obtained, a statement showing the previous month's ending balance for the most recent month is required. If the previous month's balance is not shown, the Mortgagee must obtain statement(s) for the most recent two months.

(B) Cash on Hand (Manual)

(1) Definition

Cash on Hand refers to cash held by the Borrower outside of a financial institution.

(2) Standard

The Mortgagee must verify that the Borrower's Cash on Hand is deposited in a financial institution or held by the escrow/title company.

(3) Required Documentation

The Mortgagee must verify and document the Borrower's Cash on Hand by obtaining an explanation from the Borrower describing how the funds were accumulated and the amount of time it took to accumulate the funds.

The Mortgagee must also determine the reasonableness of the accumulation based on the time period during which the funds were saved and the Borrower's:

- income stream;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- spending habits;
- documented expenses; and
- history of using financial institutions.

(C) Retirement Accounts (Manual)

(1) Definition

Retirement Accounts refer to assets accumulated by the Borrower for the purpose of retirement.

(2) Standard

The Mortgagee may include up to 60 percent of the value of assets, less any existing loans, from the Borrower's retirement accounts, such as IRAs, thrift savings plans, 401(k) plan, and Keogh accounts, unless the Borrower provides conclusive evidence that a higher percentage may be withdrawn after subtracting any federal income tax and withdrawal penalties.

The portion of the assets not used to meet closing requirements, after adjusting for taxes and penalties, may be counted as Reserves.

(3) Required Documentation

The Mortgagee must obtain the most recent monthly or quarterly statement to verify and document the existence and amounts in the Borrower's retirement accounts, the Borrower's eligibility for withdrawals, and the terms and conditions for withdrawal from any retirement account.

If any portion of the asset is required for funds to close, evidence of liquidation is required.

(D) Stocks and Bonds (Manual)

(1) Definition

Stocks and Bonds are investment assets accumulated by the Borrower.

(2) Standard

The Mortgagee must determine the value of the stocks and bonds from the most recent monthly or quarterly statement.

If the stocks and bonds are not held in a brokerage account, the Mortgagee must determine the current value of the stocks and bonds through TPV. Government-issued savings bonds are valued at the original purchase price, unless the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Mortgagee verifies and documents that the bonds are eligible for redemption when cash to close is calculated.

(3) Required Documentation

The Mortgagee must verify and document the existence of the Borrower's stocks and bonds by obtaining brokerage statement(s) for each account for the most recent two months. Evidence of liquidation is not required.

For stocks and bonds not held in a brokerage account the Mortgagee must obtain a copy of each stock or bond certificate.

(E) Private Savings Clubs (Manual)

(1) Definition

Private Savings Club refers to a non-traditional method of saving by making deposits into a member-managed resource pool.

(2) Standard

The Mortgagee may consider Private Savings Club funds that are distributed to and received by the Borrower as an acceptable source of funds.

The Mortgagee must verify and document the establishment and duration of the club, and the Borrower's receipt of funds from the club. The Mortgagee must also determine that the received funds were reasonably accumulated, and not borrowed.

(3) Required Documentation

The Mortgagee must obtain the club's account ledgers and receipts, and a verification from the club treasurer that the club is still active.

(F) Gifts (Personal and Equity) (Manual)

(1) Definition

Gifts refer to the contributions of cash or equity with no expectation of repayment.

(2) Standards for Gifts

(a) Acceptable Sources of Gifts Funds

Gifts may be provided by:

- the Borrower's Family Member;
- the Borrower's employer or labor union;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- a close friend with a clearly defined and documented interest in the Borrower;
- a charitable organization;
- a governmental agency or public entity that has a program providing homeownership assistance to:
 - low- or moderate-income families; or
 - first-time homebuyers.

Any Gift of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(Manual\)](#).

(b) Reserves

Surplus gift funds may not be considered as cash Reserves.

(c) Donor's Source of Funds

Cash on Hand is not an acceptable source of donor gift funds.

(3) Required Documentation

The Mortgagee must obtain a gift letter signed and dated by the donor and Borrower that includes the following:

- the donor's name, address, telephone number;
- the donor's relationship to the Borrower;
- the dollar amount of the Gift; and
- a statement that no repayment is required.

Documenting the Transfer of Gifts

The Mortgagee must verify and document the transfer of Gifts from the donor to the Borrower in accordance with the requirements below.

- For Gifts that will be verified prior to settlement, the Mortgagee must obtain one of the following:
 - the donor's bank statement showing the withdrawal and evidence of the deposit into the Borrower's account;
 - a copy of the donor's canceled check and evidence of deposit into the Borrower's account;
 - a copy of the donor's withdrawal receipt and evidence of deposit into the Borrower's account; or
 - evidence of the electronic transfer of funds from the donor's account to the Borrower's account.
- For Gifts that will be verified at settlement, the Mortgagee must obtain one of the following evidencing payment to the settlement agent:
 - evidence of electronic transfer of funds from the donor's account;

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- bank certified check;
 - cashier's check; or
 - other official bank check.
- For Gifts of land, the Mortgagee must obtain:
 - proof of ownership by the donor; and
 - evidence of the transfer of title to the Borrower.

Regardless of when gift funds are made available to a Borrower or settlement agent, the Mortgagee must be able to make a reasonable determination that the gift funds were not provided by an unacceptable source.

(4) Standards for Gifts of Equity

(a) Who May Provide Gifts of Equity

Only Family Members may provide equity credit as a Gift on Property being sold to other Family Members.

(b) Required Documentation

The Mortgagee must obtain a gift letter signed and dated by the donor and Borrower that includes the following:

- the donor's name, address, telephone number;
- the donor's relationship to the Borrower;
- the dollar amount of the Gift; and
- a statement that no repayment is required.

(G) Interested Party Contributions (Manual)

(1) Definition

Interested Parties refer to sellers, real estate agents, builders, developers, Mortgagees, Third-Party Originators (TPO), or other parties with an interest in the transaction.

Interested Party Contribution refers to a payment by an Interested Party, or combination of parties, toward the Borrower's origination fees, other closing costs including any items POC, prepaid items, and Discount Points.

(2) Standard

Interested Parties may contribute up to 6 percent of the sales price toward the Borrower's origination fees, other closing costs, prepaid items, and Discount Points. The 6 percent limit also includes:

- Interested Party payment for permanent and temporary interest rate buydowns, and other payment supplements;
- payments of mortgage interest for fixed rate Mortgages;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- Mortgage Payment protection insurance; and
- payment of the UFMIP.

Interested Party Contributions that exceed actual origination fees, other closing costs, prepaid items, and Discount Points are considered an inducement to purchase. Interested Party Contributions exceeding 6 percent are considered an inducement to purchase.

Interested Party Contributions may not be used for the Borrower's MRI.

Exceptions

[Premium Pricing](#) credits from the Mortgagee or TPO are excluded from the 6 percent limit provided the Mortgagee or TPO is not the seller, real estate agent, builder or developer.

Payment of real estate agent commissions or fees, typically paid by the seller under local or state law, or local custom, is not considered an Interested Party Contribution. The satisfaction of a PACE lien or obligation against the Property by the property owner is not considered an Interested Party Contribution.

(3) Required Documentation

The Mortgagee must document the total Interested Party Contributions on the sales contract or applicable legally binding document, form [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*, and Closing Disclosure or similar legal document. When a legally binding document other than the sales contract is used to document the Interested Party Contributions, the Mortgagee must provide a copy of this document to the assigned Appraiser.

(H) Inducements to Purchase (Manual)

Inducements to Purchase refer to certain expenses paid by the seller and/or another Interested Party on behalf of the Borrower and result in a dollar-for-dollar reduction to the purchase price when computing the Adjusted Value of the Property before applying the appropriate Loan-to-Value (LTV) percentage.

These inducements include, but are not limited to:

- contributions exceeding 6 percent of the purchase price;
- contributions exceeding the origination fees, other closing costs, prepaid items, and Discount Points;
- decorating allowances;
- repair allowances;
- excess rent credit;
- moving costs;
- paying off consumer debt;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- Personal Property;
- sales commission on the Borrower's present residence; and
- below-market rent, except for Borrowers who meet the Identity-of-Interest exception for Family Members.

(1) Personal Property (Manual)

Replacement of existing Personal Property items listed below are not considered an inducement to purchase, provided the replacement is made prior to settlement and no cash allowance is given to the Borrower. The inclusion of the items below in the sales agreement is also not considered an inducement to purchase if inclusion of the item is customary for the area:

- range
- refrigerator
- dishwasher
- washer
- dryer
- carpeting
- window treatment
- other items determined appropriate by ~~the HOC~~ **FHA**

(2) Sales Commission (Manual)

An inducement to purchase exists when the seller and/or Interested Party agrees to pay any portion of the Borrower's sales commission on the sale of the Borrower's present residence.

An inducement to purchase also exists when a Borrower is not paying a real estate commission on the sale of their present residence, and the same real estate broker or agent is involved in both transactions, and the seller is paying a real estate commission on the Property being purchased by the Borrower that exceeds what is typical for the area.

(3) Rent Below Fair Market (Manual)

A reduced rent is an inducement to purchase when the sales contract includes terms permitting the Borrower to live in the Property rent-free or has an agreement to occupy the Property at a rental amount greater than 10 percent below the Appraiser's estimate of fair market rent. When such an inducement exists, the amount of inducement is the difference between the rent charged and the Appraiser's estimate of fair market rent pro-rated over the period between execution of the sales contract and execution of the Property sale.

Rent below fair market is not considered an inducement to purchase when a builder fails to deliver a Property at an agreed-upon time, and permits the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Borrower to occupy an existing or other unit for less than market rent until construction is complete.

(I) Downpayment Assistance Programs (Manual)

FHA does not “approve” downpayment assistance programs administered by charitable organizations, such as nonprofits. FHA also does not allow nonprofit entities to provide Gifts to pay off:

- Installment Loans
- credit cards
- collections
- Judgments
- liens
- similar debts

The Mortgagee must ensure that a Gift provided by a charitable organization meets the appropriate FHA requirements, and that the transfer of funds is properly documented.

(1) Gifts from Charitable Organizations that Lose or Give Up Their Federal Tax-Exempt Status

If a charitable organization makes a Gift that is to be used for all, or part, of a Borrower’s downpayment, and the organization providing the Gift loses or gives up its federal tax-exempt status, FHA will recognize the Gift as an acceptable source of the downpayment provided that:

- the Gift is made to the Borrower;
- the Gift is properly documented; and
- the Borrower has entered into a contract of sale (including any amendments to purchase price) on or before the date the IRS officially announces that the charitable organization’s tax-exempt status is terminated.

(2) Mortgagee Responsibility for Ensuring that Downpayment Assistance Provider is a Charitable Organization

The Mortgagee is responsible for ensuring that an entity providing downpayment assistance is a charitable organization as defined by Section 501(a) of the Internal Revenue Code (IRC) of 1986 pursuant to Section 501(c) (3) of the IRC.

One resource for this information is the [IRS Tax Exempt Organization Search](#), which contains a list of organizations eligible to receive tax-deductible charitable contributions.

5. Manual Underwriting of the Borrower

(J) Secondary Financing (Manual)

Secondary Financing is any financing other than the first Mortgage that creates a lien against the Property. Any such financing that does create a lien against the Property is not considered a Gift or a grant even if it does not require regular payments or has other features forgiving the debt.

(1) Secondary Financing Provided by Governmental Entities and HOPE Grantees (Manual)

(a) Definitions

A Governmental Entity refers to any federal, state, or local government agency or instrumentality.

To be considered an Instrumentality of Government, the entity must be established by a governmental body or with governmental approval or under special law to serve a particular public purpose or designated by law (statute or court opinion) and does not have 501(c)(3) status. HUD deems Section 115 entities to be Instrumentalities of Government for the purpose of providing secondary financing.

Homeownership and Opportunity for People Everywhere (HOPE) Grantee refers to an entity designated in the homeownership plan submitted by an applicant for an implementation grant under the HOPE program.

(b) Standard

FHA will insure a first Mortgage on a Property that has a second Mortgage or lien made or held by a Governmental Entity, provided that:

- the secondary financing is disclosed at the time of application;
- no costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
- the insured first Mortgage does not exceed the FHA [Nationwide Mortgage Limit](#) for the area in which the Property is located;
- the secondary financing payments are included in the total Mortgage Payment;
- any secondary financing of the Borrower's MRI fully complies with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(Manual\)](#);
- the secondary financing does not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing; and
- the second lien does not provide for a balloon payment within 10 years from the date of execution.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Nonprofits assisting a Governmental Entity in the operation of its secondary financing programs must have HUD approval and placement on the Nonprofit Organization Roster unless there is a documented agreement that:

- specifies the functions performed are within the Governmental Entity's secondary financing program; and
- names the Governmental Entity as the Mortgagee in the secondary financing legal documents (Note and Deed of Trust).

Secondary financing that will close in the name of the nonprofit and be held by a Governmental Entity must be made by a HUD-approved Nonprofit.

The Mortgagee must enter information on HUD-approved Nonprofits into [FHAC](#), as applicable.

Secondary financing provided by Governmental Entities or HOPE grantees may be used to meet the Borrower's MRI. Any loan of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(Manual\)](#).

There is no maximum Combined Loan-to-Value (CLTV) for secondary financing loans provided by Governmental Entities or HOPE grantees.

Any secondary financing meeting this standard is deemed to have prior approval in accordance with [24 CFR § 203.32](#).

(c) Required Documentation

The Mortgagee must obtain from the provider of any secondary financing:

- documentation showing the amount of funds provided to the Borrower for each transaction;
- copies of the Mortgage and Note; and
- a letter from the Governmental Entity on their letterhead evidencing the relationship between them and the nonprofit for each FHA-insured Mortgage, signed by an authorized official and containing the following information:
 - the FHA case number for the first Mortgage;
 - the complete property address;
 - the name, address and Tax ID for the nonprofit;
 - the name of the Borrower(s) to whom the nonprofit is providing secondary financing;
 - the amount and purpose for the secondary financing provided to the Borrower; and
 - a statement indicating whether the secondary financing:
 - will close in the name of the Governmental Entity; or
 - will be closed in the name of the nonprofit and held by the Governmental Entity.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Nonprofits assisting a Governmental Entity in the operation of its secondary financing programs must have HUD approval and placement on the Nonprofit Organization Roster unless there is a documented agreement that:

- specifies the functions performed are within the Governmental Entity's secondary financing program; and
- names the Governmental Entity as the Mortgagee in the secondary financing legal documents (Note and Deed of Trust).

Where a nonprofit meets the criteria identified in Section 115 of the IRC for exclusion of taxation, the nonprofit must provide one of the following:

- a letter from the organization's auditor;
- a written statement from the organization's General Counsel, as an official of the organization;
- a determination or ruling letter issued by the IRS; or
- an equivalent document evidencing Section 115 status.

(2) Secondary Financing Provided by HUD-Approved Nonprofits (Manual)

(a) Definition

A HUD-approved Nonprofit is a nonprofit agency approved by HUD to act as a mortgagor using FHA mortgage insurance, purchase the Department's Real Estate Owned (REO) Properties (HUD Homes) at a discount, and provide secondary financing.

HUD-approved Nonprofits appear on the [HUD Nonprofit Roster](#).

(b) Standard

FHA will insure a first Mortgage on a Property that has a second Mortgage or lien held by a HUD-approved Nonprofit, provided that:

- the secondary financing is disclosed at the time of application;
- no costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
- the secondary financing payments must be included in the total Mortgage Payment;
- the secondary financing must not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing;
- the secondary financing may not be used to meet the Borrower's MRI;
- there is no maximum CLTV for secondary financing loans provided by HUD-approved Nonprofits; and
- the second lien may not provide for a balloon payment within 10 years from the date of execution.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

Secondary financing provided by Section 115 entities must follow the guidance in [Secondary Financing Provided by Governmental Entities and HOPE Grantees \(Manual\)](#).

Any secondary financing meeting this standard is deemed to have prior approval in accordance with [24 CFR § 203.32](#).

(c) Required Documentation

The Mortgagee must obtain from the provider of any secondary financing:

- documentation showing the amount of funds provided to the Borrower for each transaction; and
- copies of the Mortgage and Note.

The Mortgagee must enter information into [FHAC](#) on the nonprofit and the Governmental Entity as applicable. If there is more than one nonprofit, enter information on all nonprofits.

(3) Family Members (Manual)

(a) Standard

FHA will insure a first Mortgage on a Property that has a second Mortgage or lien held by a Family Member, provided that:

- the secondary financing is disclosed at the time of application;
- no costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
- the secondary financing payments must be included in the total Mortgage Payment;
- the secondary financing must not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing;
- the secondary financing may be used to meet the Borrower's MRI;
- the CLTV ratio of the Base Loan Amount and secondary financing amount must not exceed 100 percent of the Adjusted Value;
- the second lien may not provide for a balloon payment within 10 years from the date of execution;
- any periodic payments are level and monthly;
- there is no prepayment penalty;
 - if the Family Member providing the secondary financing borrows the funds, the lending source may not be an entity with an Identity of Interest in the sale of the Property, such as the:
 - seller;
 - builder;
 - loan originator; or
 - real estate agent;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- mortgage companies with retail banking Affiliates may have the Affiliate lend the funds to the Family Member. However, the terms and conditions of the loan to the Family Member cannot be more favorable than they would be for any other Borrowers;
- if funds loaned by the Family Member are borrowed from an acceptable source, the Borrower may not be a co-Obligor on the Note;
- if the loan from the Family Member is secured by the subject Property, only the Family Member provider may be the Note holder; and
- the secondary financing provided by the Family Member must not be transferred to another entity at or subsequent to closing.

Any secondary financing meeting this standard is deemed to have prior approval in accordance with [24 CFR § 203.32](#).

(b) Required Documentation

The Mortgagee must obtain from the provider of any secondary financing:

- documentation showing the amount of funds provided to the Borrower for each transaction and source of funds; and
- copies of the Mortgage and Note.

If the secondary financing funds are being borrowed by the Family Member and documentation from the bank or other savings account is not available, the Mortgagee must have the Family Member provide written evidence that the funds were borrowed from an acceptable source, not from a party to the transaction, including the Mortgagee.

(4) Private Individuals and Other Organizations (Manual)

(a) Definition

Private Individuals and Other Organizations refer to any individuals or entities providing secondary financing which are not covered elsewhere in this Secondary Financing section.

(b) Standard

FHA will insure a first Mortgage on a Property that has a second Mortgage or lien held by private individuals and other organizations, provided that:

- the secondary financing is disclosed at the time of application;
- no costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
- the secondary financing payments must be included in the total Mortgage Payment;

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- the secondary financing must not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing;
- the secondary financing may not be used to meet the Borrower's MRI;
- the CLTV ratio of the Base Loan Amount and secondary financing amount must not exceed the applicable FHA [LTV](#) limit;
- the Base Loan Amount and secondary financing amount must not exceed the [Nationwide Mortgage Limits](#).
- the second lien may not provide for a balloon payment within 10 years from the date of execution;
- any periodic payments are level and monthly; and
- there is no prepayment penalty, after giving the Mortgagee 30 Days advance notice.

Any secondary financing meeting this standard is deemed to have prior approval in accordance with [24 CFR § 203.32](#).

(c) Required Documentation

The Mortgagee must obtain from the provider of any secondary financing:

- documentation showing the amount of funds provided to the Borrower for each transaction; and
- copies of the Mortgage and Note.

(K) Loans (Manual)

A Loan refers to an arrangement in which a lender gives money or Property to a Borrower and the Borrower agrees to return the Property or repay the money.

(1) Collateralized Loans (Manual)

(a) Definition

A Collateralized Loan is a loan that is fully secured by a financial asset of the Borrower, such as deposit accounts, certificates of deposit, investment accounts, or Real Property. These assets may include stocks, bonds, and real estate other than the Property being purchased.

(b) Standard

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset, do not require consideration of repayment for qualifying purposes. The Mortgagee must reduce the amount of the corresponding asset by the amount of the collateralized loan.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(c) Who May Provide Collateralized Loans

Only an independent third party may provide the borrowed funds for collateralized loans.

The seller, real estate agent or broker, lender, or other Interested Party may not provide such funds. Unacceptable borrowed funds include:

- unsecured signature loans;
- cash advances on credit cards;
- borrowing against household goods and furniture; and
- other similar unsecured financing.

Any loan of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(Manual\)](#).

(d) Required Documentation

The Mortgagee must verify and document the existence of the Borrower's assets used to collateralize the loan, the promissory Note securing the asset, and the loan proceeds.

(2) Retirement Account Loans (Manual)

(a) Definition

A Retirement Account Loan is a loan that is secured by the Borrower's retirement assets.

(b) Standard

The Mortgagee must reduce the amount of the retirement account asset by the amount of the outstanding balance of the retirement account loan.

(c) Required Documentation

The Mortgagee must verify and document the existence and amounts in the Borrower's retirement accounts and the outstanding loan balance.

(3) Disaster Relief Loans (Manual)

(a) Definition

Disaster Relief Loans refer to loans from a Governmental Entity that provide immediate housing assistance to individuals displaced due to a natural disaster.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(b) Standard

Secured or unsecured disaster relief loans administered by the Small Business Administration (SBA) may also be used. If the SBA loan will be secured by the Property being purchased, it must be clearly subordinate to the FHA-insured Mortgage, and meet the requirements for [Secondary Financing Provided by Governmental Entities and HOPE Grantees \(Manual\)](#).

Any loan of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(Manual\)](#).

Any monthly payment arising from this type of loan must be included in the qualifying ratios.

(c) Required Documentation

The Mortgagee must verify and document the promissory Note.

(L) Grants (Manual)

(1) Disaster Relief Grants (Manual)

(a) Definition

Disaster Relief Grants refer to grants from a Governmental Entity that provide immediate housing assistance to individuals displaced due to a natural disaster. Disaster relief grants may be used for the Borrower's MRI.

(b) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of the grant and terms of use.

Any grant of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(Manual\)](#).

(2) Federal Home Loan Bank Homeownership Set-Aside Grant Program (Manual)

(a) Definition

The Federal Home Loan Bank's (FHLB) Affordable Housing Program (AHP) Homeownership Set-Aside Grant Program is an acceptable source of downpayment assistance and may be used in conjunction with FHA-insured financing. Secondary financing that creates a lien against the Property is not

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

considered a Gift or grant even if it does not require regular payments or has other features forgiving the debt.

(b) Standard

Any AHP Set-Aside funds used for the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's Minimum Required Investment \(Manual\)](#).

(c) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of the grant and terms of use.

The Mortgagee must also verify and document that the Retention Agreement required by the FHLB is recorded against the Property and results in a Deed Restriction, and not a second lien. The Retention Agreement must:

- provide that the FHLB will have ultimate control over the AHP grant funds if the funds are repaid by the Borrower;
- include language terminating the legal restrictions on conveyance if title to the Property is transferred by foreclosure or DIL, or assigned to the Secretary of HUD; and
- comply with all other FHA regulations.

(M) Employer Assistance (Manual)

(1) Definition

Employer Assistance refers to benefits provided by an employer to relocate the Borrower or assist in the Borrower's housing purchase, including closing costs, prepaid items, MIP, or any portion of the MRI. Employer Assistance does not include benefits provided by an employer through secondary financing.

A salary advance cannot be considered as assets to close.

(2) Standard

(a) Relocation Guaranteed Purchase

The Mortgagee may allow the net proceeds (relocation guaranteed purchase price minus the outstanding liens and expenses) to be used as cash to close.

(b) Employer Assistance Plans

The amount received under Employer Assistance Plans may be used as cash to close.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(3) Required Documentation

(a) Relocation Guaranteed Purchase

If the Borrower is being transferred by their company under a guaranteed sales plan, the Mortgagee must obtain an executed buyout agreement signed by all parties and receipt of funds indicating that the employer or relocation service takes responsibility for the outstanding mortgage debt.

The Mortgagee must verify and document the agreement guaranteeing employer purchase of the Borrower's previous residence and the net proceeds from sale.

(b) Employer Assistance Plans

The Mortgagee must verify and document the Borrower's receipt of assistance. If the employer provides this benefit after settlement, the Mortgagee must verify and document that the Borrower has sufficient cash for closing.

(N) Sale of Personal Property (Manual)

(1) Definition

Personal Property refers to tangible property, other than Real Property, such as cars, recreational vehicles, stamps, coins, or other collectibles.

(2) Standard

The Mortgagee must use the lesser of the estimated value or actual sales price when determining the sufficiency of assets to close.

(3) Required Documentation

Borrowers may sell Personal Property to obtain cash for closing.

The Mortgagee must obtain a satisfactory estimate of the value of the item, a copy of the bill of sale, evidence of receipt, and deposit of proceeds. A value estimate may take the form of a published value estimate issued by organizations such as automobile dealers, philatelic or numismatic associations, or a separate written appraisal by a qualified Appraiser with no financial interest in the mortgage transaction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(O) Trade-In of Manufactured Home (Manual)

(1) Definition

Trade-In of Manufactured Home refers to the Borrower's sale or trade-in of another Manufactured Home that is not considered real estate to a Manufactured Housing dealer or an independent third party.

(2) Standard

The net proceeds from the Trade-In of a Manufactured Home may be utilized as the Borrower's source of funds.

Trade-ins cannot result in cash back to the Borrower from the dealer or independent third party.

(3) Required Documentation

The Mortgagee must verify and document the installment sales contract or other agreement evidencing a transaction and value of the trade-in or sale. The Mortgagee must obtain documentation to support the Trade Equity.

(P) Sale of Real Property (Manual)

(1) Definition

The Sale of Real Property refers to the sale of Property currently owned by the Borrower.

(2) Standard

Net proceeds from the Sale of Real Property may be used as an acceptable source of funds.

(3) Required Documentation

The Mortgagee must verify and document the actual sale and the Net Sale Proceeds by obtaining a fully executed Closing Disclosure or similar legal document.

The Mortgagee must also verify and document that it is an Arm's Length Transaction, and that the Borrower is entitled to the Net Sale Proceeds.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(Q) Real Estate Commission from Sale of a Subject Property (Manual)

(1) Definition

Real Estate Commission from Sale of Subject Property refers to the Borrower's (i.e., buyer's) portion of a real estate commission earned from the sale of the Property being purchased.

(2) Standard

Mortgagees may consider Real Estate Commissions from Sale of Subject Property as part of the Borrower's acceptable source of funds if the Borrower is a licensed real estate agent.

A Family Member entitled to the commission may also provide it as a Gift, in compliance with standard gift requirements.

(3) Required Documentation

The Mortgagee must verify and document that the Borrower, or Family Member giving the commission as a Gift, is a licensed real estate agent, and is entitled to a real estate commission from the sale of the Property being purchased.

(R) Sweat Equity (Manual)

(1) Definition

Sweat Equity refers to labor performed, or materials furnished, by or on behalf of the Borrower before closing on the Property being purchased.

(2) Standard

The Mortgagee may consider the reasonable estimated cost of the work or materials as an acceptable source of funds.

Sweat Equity provided by anyone other than the Borrower can only be used as an MRI if it meets the [Source Requirements for the Borrower's Minimum Required Investment \(Manual\)](#).

The Mortgagee may consider any amount as Sweat Equity that has not already been included in the mortgage amount. The Mortgagee may not consider clean up, debris removal, and other general maintenance, and work to be performed using repair escrow as Sweat Equity.

Cash back to the Borrower is not permitted in Sweat Equity transactions.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(3) Required Documentation

For materials furnished, the Mortgagee must obtain evidence of the source of funds and the Market Value of the materials.

For labor, the Mortgagee must verify and document that the work will be completed in a satisfactory manner. The Mortgagee must also obtain evidence of Contributory Value of the labor either through an Appraiser's estimate, or a cost-estimating service.

- For labor on Existing Construction, the Mortgagee must also obtain an appraisal indicating the repairs or improvements to be performed. (Any work completed or materials provided before the appraisal are not eligible)
- For labor on New Construction, the Mortgagee must also obtain the sales contract indicating the tasks to be performed by the Borrower during construction.

(S) Trade Equity (Manual)

(1) Definition

Trade Equity refers to when a Borrower trades their Real Property to the seller as part of the cash investment.

(2) Standard

The amount of the Borrower's equity contribution is determined by:

- using the lesser of the Property's appraised value or sales price; and
- subtracting all liens against the Property being traded, along with any real estate commission.

If the Property being traded has an FHA-insured Mortgage, assumption processing requirements and restrictions apply.

(3) Required Documentation

The Mortgagee must obtain a residential appraisal report complying with [FHA appraisal policy](#) to determine the Property's value. The Mortgagee must also obtain the Closing Disclosure or similar legal document to document the sale of the Property.

(T) Rent Credits (Manual)

(1) Definition

Rent Credits refer to the amount of the rental payment that exceeds the Appraiser's estimate of fair market rent.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Standard

The Mortgagee may use the cumulative amount of rental payments that exceeds the Appraiser's [estimate of fair market rent](#) toward the MRI.

(3) Required Documentation

The Mortgagee must obtain the rent with option to purchase agreement, the Appraiser's estimate of market rent, and evidence of receipt of payments.

d. Final Underwriting Decision (Manual) (08/19/2024)

The Direct Endorsement (DE) underwriter is ultimately responsible for making an underwriting decision on behalf of their Direct Endorsement Mortgagee in compliance with HUD requirements.

i. Duty of Care/Due Diligence (Manual)

The underwriter must exercise the same level of care that would be used in underwriting a Mortgage entirely dependent on the Property as security. Compliance with FHA requirements is deemed to be the minimum standard of due diligence required in originating and underwriting an FHA-insured Mortgage.

ii. Specific Underwriter Responsibilities (Manual)

The underwriter must review each Mortgage as a separate and unique transaction, recognizing that there may be multiple factors that demonstrate a Borrower's ability and willingness to make timely Mortgage Payments to make an underwriting decision on behalf of their Direct Endorsement Mortgagee in compliance with HUD requirements. The underwriter must evaluate the totality of the Borrower's circumstances and the impact of layering risks on the probability that a Borrower will be able to repay the mortgage obligation according to the terms of the Mortgage.

As the responsible party, the underwriter must:

- review appraisal reports, compliance inspections, and credit analyses to ensure reasonable conclusions, sound reports, and compliance with HUD requirements regardless of who prepared the documentation;
- determine the acceptability of the appraisal, the inspections, the Borrower's capacity to repay the Mortgage, and the overall acceptability of the Mortgage for FHA insurance;
- identify any inconsistencies in information obtained by the Mortgagee in the course of reviewing the Borrower's application regardless of the materiality of such information to the origination and underwriting of a Mortgage; and
- resolve all inconsistencies identified before approving the Borrower's application, and document the inconsistencies and their resolutions of the inconsistencies in the file.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

The underwriter must identify and report any misrepresentations, violations of HUD requirements, and fraud to the appropriate party within their organization.

iii. Underwriting of Credit and Debt (Manual)

The underwriter must determine the creditworthiness of the Borrower, which includes analyzing the Borrower's overall pattern of credit behavior and the credit report. See [Credit Requirements \(Manual\)](#).

The lack of traditional credit history or the Borrower's decision to not use credit may not be used as the sole basis for denying the mortgage application.

Compensating factors cannot be used to compensate for any derogatory credit.

The underwriter must ensure that there are no other unpaid obligations incurred in connection with the mortgage transaction or the purchase of the Property.

iv. Underwriting of Income (Manual)

The underwriter must review the income of a Borrower and verify that it has been supported with the proper documentation. See [Income Requirements \(Manual\)](#).

v. Underwriting of Assets (Manual)

The underwriter must review the assets of a Borrower and verify that they have been supported with the proper documentation. See [Asset Requirements \(Manual\)](#).

vi. Verifying Mortgage Insurance Premium and Mortgage Amount (Manual)

The underwriter must review the MIP and mortgage amount and verify that they have been supported with the proper documentation. See [underwriting](#).

vii. Calculating Qualifying Ratios (Manual)

(A) General Information about Qualifying Ratios

For all transactions, except non-credit qualifying Streamline Refinances, the underwriter must calculate the Borrower's Total Mortgage Payment to Effective Income Ratio (PTI) and the Total Fixed Payment to Effective Income ratio, or DTI, and verify compliance with the ratio requirements listed in the [Approvable Ratio Requirements \(Manual\)](#) chart.

The Mortgagee must exclude any obligation that is wholly secured by existing assets of the Borrower from the calculation of the Borrower's debts, provided the assets securing the debt are also not considered in qualifying the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(B) Calculating Total Mortgage Payment

The total Mortgage Payment includes:

- P&I;
- real estate taxes;
- Hazard Insurance;
- Flood Insurance as applicable;
- MIP;
- HOA or condominium association fees or expenses;
- Ground Rent;
- special assessments;
- payments for any acceptable secondary financing; and
- any other escrow payments.

The Mortgagee may deduct the amount of the Section 8 Housing Choice Voucher if it is paid directly to the Servicer.

(1) Estimating Real Estate Taxes

The Mortgagee must use accurate estimates of monthly tax escrows when calculating the total Mortgage Payment.

In New Construction cases and Manufactured Homes converting to real estate, property tax estimates must be based on the land and improvements.

Where real estate taxes are abated, Mortgagees may use the abated amount provided that (1) the Mortgagee can document the abated amount with the taxing authority and (2) the abatement will remain in place for at least the first three years of the Mortgage.

(2) Condominium Utility Expenses

The portion of a condominium fee that is clearly attributable to utilities may be subtracted from the HOA fees before computing qualifying ratios, provided the Borrower provides proper documentation, such as statements from the utility company.

(3) Temporary Interest Rate Buydowns

The Mortgagee must use the Note rate when calculating principal and interest for Mortgages that involve a temporary interest rate buydown.

(C) Calculating Total Fixed Payment

The total fixed payment includes:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- the total Mortgage Payment; and
- monthly obligations on all debts and liabilities.

viii. Approvable Ratio Requirements (Manual)

The maximum Total Mortgage Payment to Effective Income Ratio (PTI) and Total Fixed Payments to Effective Income Ratio, or DTI, applicable to manually underwritten Mortgages are summarized in the matrix below.

The qualifying ratios for Borrowers with no credit score are computed using income only from Borrowers occupying the Property and obligated on the Mortgage. Non-occupant co-Borrower income may not be included.

Lowest Minimum Decision Credit Score	Maximum Qualifying Ratios (%)	Acceptable Compensating Factors
500-579 or No Credit Score	31/43	Not applicable. Borrowers with Minimum Decision Credit Scores below 580, or with no credit score may not exceed 31/43 ratios. Energy Efficient Homes may have stretch ratios of 33/45.
580 and above	31/43	No compensating factors required. Energy Efficient Homes may have stretch ratios of 33/45.
580 and above	37/47	One of the following: • verified and documented cash Reserves; • minimal increase in housing payment; or • residual income.
580 and above	40/40	No discretionary debt.
580 and above	40/50	Two of the following: • verified and documented cash Reserves; • minimal increase in housing payment; • significant additional income not reflected in Effective Income; and/or • residual income.

ix. Documenting Acceptable Compensating Factors (Manual)

The following describes the compensating factors and required documentation that may be used to justify approval of manually underwritten Mortgages with qualifying ratios as described above.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(A) Energy Efficient Homes

(1) Standard

For Mortgages on New Construction, the Borrower is eligible for the EEH stretch ratios when the Property meets or exceeds the higher of:

- the latest [energy code standard that has been adopted by HUD](#) through a Federal Register notice;
- the applicable International Energy Conservation Code (IECC) year used by the state or local building code; or
- a Manufactured Home that is certified as ENERGY STAR to their [Quality Assurance Provider](#) and ensure that an ENERGY STAR label is affixed, commonly found near the HUD Data Plate or inside the electric panel cover of the home.

For Mortgages on Existing Construction, the Borrower is eligible for the EEH stretch ratios when the property meets either of the following conditions:

- homes that *currently* score a **“6” or higher** on the Home Energy Score scale;
- homes where documented cost-effective energy improvements, as identified in the Home Energy Score Report, would increase a home’s score to a **“6” or higher** are completed prior to closing, or in association with FHA’s 203(k), Weatherization, EEM or Solar and Wind programs; or
- a Manufactured Home that is certified as ENERGY STAR to their [Quality Assurance Provider](#) and ensure that an ENERGY STAR label is affixed, commonly found near the HUD Data Plate or inside the electric panel cover of the home.

(2) Required Documentation

The following documents must be included in the case binder submitted for endorsement:

- For Mortgages on Existing Construction, a copy of the Home Energy Score Report, or a photo of the ENERGY STAR label on a Manufactured Home.
- For Mortgages on New Construction, a copy of form [HUD-92541](#), *Builder's Certification of Plans, Specifications, and Site*, to evidence the IECC code, successor code, or local/state building code used; or the manufacturer’s invoice of the Manufactured Home indicating that the unit is ENERGY STAR qualified.

(B) Verified and Documented Cash Reserves

Verified and documented cash Reserves may be cited as a compensating factor subject to the following requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- Reserves are equal to or exceed three total monthly Mortgage Payments (one and two units); or
- Reserves are equal to or exceed six total monthly Mortgage Payments (three and four units).

Reserves are calculated as the Borrower's total assets as described in [Asset Requirements \(Manual\)](#) less:

- the total funds required to close the Mortgage;
- Gifts;
- borrowed funds; and
- cash received at closing in a cash-out refinance transaction or incidental cash received at closing in the mortgage transaction.

(C) Minimal Increase in Housing Payment

A minimal increase in housing payment may be cited as a compensating factor subject to the following requirements:

- the new total monthly Mortgage Payment does not exceed the current total monthly housing payment by more than \$100 or 5 percent, whichever is less; and
- there is a documented 12 month housing payment history with no more than one 30 Day late payment. In cash-out transactions all payments on the Mortgage being refinanced must have been made within the month due for the previous 12 months.
- If the Borrower has no current housing payment Mortgagees may not cite this compensating factor.

The Current Total Monthly Housing Payment refers to the Borrower's current total Mortgage Payment or current total monthly rent obligation.

(D) No Discretionary Debt

No discretionary debt may be cited as a compensating factor subject to the following requirements:

- the Borrower's housing payment is the only open account with an outstanding balance that is not paid off monthly;
- the credit report shows established credit lines in the Borrower's name open for at least six months; and
- the Borrower can document that these accounts have been paid off in full monthly for at least the past six months.

Borrowers who have no established credit other than their housing payment, no other credit lines in their own name open for at least six months, or who cannot document that all other accounts are paid off in full monthly for at least the past six months, do not qualify under this criterion. Credit lines not in the Borrower's name but for which they are an authorized user do not qualify under this criterion.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(E) Significant Additional Income Not Reflected in Effective Income

Additional income from Overtime, Bonuses, Part-Time or Seasonal Employment that is not reflected in Effective Income can be cited as a compensating factor subject to the following requirements:

- the Mortgagee must verify and document that the Borrower has received this income for at least one year, and it will likely continue; and
- the income, if it were included in gross Effective Income, is sufficient to reduce the qualifying ratios to not more than 37/47.

Income from non-borrowing spouses or other parties not obligated for the Mortgage may not be counted under this criterion.

This compensating factor may be cited only in conjunction with another compensating factor when qualifying ratios exceed 37/47 but are not more than 40/50.

(F) Residual Income

Residual income may be cited as a compensating factor provided it can be documented and it is at least equal to the applicable amounts for household size and geographic region found on the Table of Residual Incomes By Region found in the Department of Veterans Affairs (VA) [Lenders Handbook - VA Pamphlet 26-7](#), Chapter 4.9 b and e.

(1) Calculating Residual Income

Residual income is calculated as total Effective Income of all occupying Borrowers less:

- state income taxes;
- federal income taxes;
- municipal or other income taxes;
- retirement or Social Security;
- [total fixed payment](#);
- estimated maintenance and utilities;
- job related expenses (e.g., child care); and
- the amount of the Gross Up of any Nontaxable Income.

If available, Mortgagees must use Tax Returns and where applicable, state tax returns, from the most recent tax year to document state and local taxes, retirement, Social Security, and Medicare. If tax returns are not available, Mortgagees may rely upon current pay stubs.

For estimated maintenance and utilities, Mortgagees must multiply the Gross Living Area of the Property by the maintenance and utility factor found in the [Lenders Handbook - VA Pamphlet 26-7](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(2) Using Residual Income as a Compensating Factor

To use residual income as a compensating factor, the Mortgagee must count all members of the household of the occupying Borrower without regard to the nature of their relationship and without regard to whether they are joining on title or the Note to determine “family size.”

Exception

The Mortgagee may omit any individuals from “family size” who are fully supported from a source of verified income which is not included in Effective Income in the mortgage analysis. These individuals must voluntarily provide sufficient documentation to verify their income to qualify for this exception.

From the table provided in [Lenders Handbook - VA Pamphlet 26-7](#), select the applicable mortgage amount, region and household size. If residual income equals or exceeds the corresponding amount on the table, it may be cited as a compensating factor.

x. Borrower Approval or Denial (Manual)

(A) Re-underwriting

The Mortgagee must re-underwrite a Mortgage when any data element of the Mortgage changes and/or new Borrower information becomes available.

(B) Documentation of Final Underwriting Review Decision

The underwriter must complete the following documents to evidence their final underwriting decision.

For cases involving Mortgages to HUD employees, the Mortgagee completes the following and then submits the complete underwritten mortgage application to FHA for review and issuance of a *Firm Commitment* or Rejection Notice prior to closing.

For cases involving Mortgagees that receive a Direct Endorsement Program Test Case Phase approval letter from **FHA/HUD's HOC**, the Mortgagee completes the following and then submits the complete underwritten mortgage application post-closing to FHA for review and issuance of a *Firm Commitment* or Rejection Notice.

(1) Form HUD-92900-LT, *FHA Loan Underwriting and Transmittal Summary*

The underwriter must record the following items on form [HUD-92900-LT](#):

- their decision;
- any compensating factors;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- any modification of the mortgage amount and approval conditions under “Underwriter Comments”; and
- their Direct Endorsement Identification Number and signature.

(2) Form HUD-92800.5B, *Conditional Commitment Direct Endorsement Statement of Appraised Value*

The underwriter must confirm that form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, is completed as directed in the form instructions.

(3) Form HUD-92900-A, *HUD Addendum to Uniform Residential Loan Application*

The underwriter must complete form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, as directed in the form instructions.

An authorized officer of the Mortgagee, the Borrower, and the underwriter must execute form [HUD-92900-A](#), as indicated in the instructions.

(C) Conditional Approval

The underwriter must condition the approval of the Borrower on the completion of the final *URLA* ([Fannie Mae Form 1003/Freddie Mac Form 65](#)) and form [HUD-92900-A](#) at or before closing if the underwriter relied on an initial *URLA* and form HUD-92900-A in underwriting the Mortgage.

(D) HUD Employee Mortgages

If the Mortgage involves a HUD employee, the Mortgagee must condition the loan on the approval of the Mortgage by HUD. The Mortgagee must submit the case binder to ~~the Processing and Underwriting Division Director at the Jurisdictional HOC~~ [FHA](#) for final underwriting approval.

(E) Notification of Borrower of Approval and Term of the Approval

The Mortgagee must timely notify the Borrower of their approval. The underwriter’s approval or the *Firm Commitment* is valid for the greater of 90 Days or the remaining life of the:

- Conditional Commitment issued by HUD; or
- the underwriter’s approval date of the Property, indicated as Action Date on form [HUD-92800.5B](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(F) Responsibilities upon Denial

When a Mortgage is denied, the Mortgagee must comply with all requirements of the [FCRA](#), and the [Equal Credit Opportunity Act \(ECOA\)](#), as implemented by Regulation B ([12 CFR Part 1002](#)).

xi. RESERVED FOR FUTURE USE

RESERVED FOR FUTURE USE

Previous content from this section is deleted and this section is reserved for future use.

xii. Underwriting Nonprofit Borrowers (Manual)

(A) General Eligibility

Nonprofit agencies must be HUD-approved as a Borrower prior to case number assignment. ~~The Jurisdictional HOC~~ **FHA** approves or denies the nonprofit agency's participation in FHA activities. The approval is valid for a two-year period.

(B) Borrower Eligibility

The Mortgagee must review the Nonprofit List in [FHAC](#), and ensure the maximum case load limitation is not exceeded for nonprofit Borrowers.

The Mortgagee must ensure that [Additional Eligibility Requirements for Nonprofit Organizations and State and Local Government Agencies](#) are met.

The Mortgagee must verify that the nonprofit organization remains eligible under Section 501(c)(3) as exempt from taxation under Section 501(a) of the Internal Revenue Code of 1986, as amended.

(1) Employer Identification Number

The Mortgagee must obtain the Employer Identification Number (EIN) of the nonprofit Borrower and enter it into the SSN field in [FHAC](#).

(2) Credit Alert and Limited Denial of Participation Screening

The Mortgagee must screen nonprofit Borrowers through the Credit Alert Verification Reporting System (CAIVRS) and the Limited Denial of Participation List using the nonprofit Borrower's EIN.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(C) Program and Product Limitations

Nonprofit Borrowers are eligible only for fixed rate Mortgages.

Nonprofit Borrowers are eligible only for FHA-to-FHA refinances. Nonprofit Borrowers are not eligible for cash-out refinances.

(D) Maximum Loan-to-Value Limits

Mortgages for nonprofit Borrowers are subject to the same LTV limitations as Mortgages secured by a Principal Residence.

(E) Underwriting

The Mortgagee must underwrite nonprofit Borrowers in accordance with the guidance provided in this section. The Underwriting the Borrower Using the TOTAL Mortgage Scorecard and Manual Underwriting of the Borrower sections are not applicable to nonprofit Borrowers.

The Mortgagee must obtain documentation to determine the nonprofit Borrower's actual financial capacity and demonstrate that it has stability and proper cash management.

(1) Standard

(a) Funding Stream Analysis

The Mortgagee must consider the reliability and duration of the funding stream, and whether the primary sources of funding are competitive, whether the nonprofit Borrower's funding stream is from a mix of private and public sources, or only from public funds, and if other sources of funding are available should one or more be curtailed.

The Mortgagee must also consider whether those funding sources permit overhead and administrative allowances as well as the amount of the nonprofit Borrower's assets that will be encumbered by the downpayments on the Mortgages.

(b) Financial Capacity Analysis

The Mortgagee must analyze the year-to-date and previous two years' financial statements, balance sheets, statements of activity and statements of cash flow to determine the financial stability and capacity of the nonprofit Borrower, including all mortgage applications in process.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

(i) Unrestricted Cash Balance

The Mortgagee must determine if the nonprofit Borrower has an unrestricted cash balance exclusive of lines of credit and Rental Income from the financed Properties that is stable or increasing and supports a six month reserve meeting the greater of:

- 10 percent of the total Mortgage Payments due each month on all Mortgages; or
- total Mortgage Payments for the single largest Mortgage.

(ii) Liquidity Ratio

The Mortgagee must determine if the nonprofit Borrower has a liquidity ratio (current assets divided by current liabilities) of 2.00 or greater. Lines of credit are not to be considered in this ratio.

(iii) Total Net Assets (Equity)

The Mortgagee must determine that the total net assets are:

- stable or increasing; and
- equal to or greater than 25 percent of the proposed mortgage debt.

(iv) Unrestricted Net Assets

The Mortgagee must determine that the unrestricted net assets are stable or increasing.

(v) Total Assets and Liabilities

The Mortgagee must determine that:

- the total assets are stable or increasing; and
- the trend of liabilities is stable or increasing at the same rate as the total assets.

(vi) Support and Revenue Accounts

Definition

Support and Revenue Accounts refer to operating income and other non-debt income sources.

Standard

The Mortgagee must determine that:

- the support and revenue accounts are stable or increasing; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

5. Manual Underwriting of the Borrower

- the trend of operating expenses is stable or increasing at the same rate as the support and revenue accounts.

(vii) Cash Flow

The Mortgagee must determine that the trend of cash flow from operating activities is positive.

(viii) Working Capital

Definition

Working Capital refers to the liquid assets less short-term liabilities.

Standard

The Mortgagee must determine that the trend of working capital is stable or increasing.

(2) Required Documentation

The Mortgagee must obtain:

- the two most recent years':
 - audited financial statements (balance sheet, statement of activity, statement of cash flow); and
 - IRS Form 990, *Return of Organization Exempt from Income Tax*;
- most recent audited 90-Day year-to-date financial statement;
- credit reports on the nonprofit agency; and
- corporate resolution delegating signatory authority.

(F) Final Underwriting Decision for Nonprofit Borrowers

The Mortgagee must analyze the nonprofit Borrower's financial capacity for each Mortgage being considered in accordance with the standards above.

If the nonprofit Borrower does not meet all of the standards above, the Mortgagee must document acceptable compensating factors.

The Mortgagee must describe how it arrived at the conclusion that the nonprofit Borrower was an acceptable mortgage risk and met FHA's eligibility criteria. The analysis must consider the effect of the proposed mortgage debt(s) on the nonprofit agency's financial condition.

6. Closing

6. Closing

a. Mortgagee Closing Requirements (01/24/2022)

i. Chain of Title

The Mortgagee must obtain [evidence of prior ownership](#) when a Property was sold within 12 months of the case number assignment date. The Mortgagee must review the evidence of prior ownership to determine any undisclosed Identity-of-Interest transactions.

ii. Title

The Mortgagee must ensure that all objections to title have been cleared and any discrepancies have been resolved to ensure that the FHA-insured Mortgage is in [first lien position](#).

(A) Good and Marketable Title

(1) Standard

The Mortgagee must determine if there are any exceptions to good and marketable title not covered by the General Waiver. See [General Mortgage Insurance Eligibility](#) and [24 CFR § 203.389](#).

The Mortgagee must review any exceptions discovered during the title search and decide whether such title exceptions affect the Property's value and/or marketability.

If the Mortgagee determines that any exception affects the Property's value and/or marketability, the Mortgagee must request a waiver.

(2) Required Documentation

The Mortgagee must obtain [Title Evidence](#) demonstrating good and marketable title.

(B) Requests for Title Exceptions Not Covered by the General Waiver

The Mortgagee must submit a request for a waiver [to FHA prior to endorsement](#) when the Title Exception is not covered by the General Waiver; ~~to the attention of the Processing and Underwriting Division Director at the Jurisdictional HOC prior to endorsement~~. The request must include the case number, the specific guideline and the reason the Mortgagee is asking for the waiver. [All requests must be submitted to the FHA Resource Center at answers@hud.gov and include the following subject line: Title Exception Not Covered by General Waiver.](#) ~~If the Jurisdictional HOC~~ [FHA](#) grants the requested waiver, ~~the HOC will notify~~ the Mortgagee [will receive a](#)

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

6. Closing

notification in writing. The Mortgagee must place the notice of approval in the mortgage file.

If the waiver request is denied and good and marketable title is not obtained, the Mortgage is not eligible for FHA insurance.

(C) Manufactured Housing

Good and marketable title showing the Manufactured Home and land are classified as real estate at the time of closing is required.

If there were two existing titles at the time the housing unit was purchased, the Mortgagee must ensure that all state or local requirements for proper purging of the title (chattel or equivalent debt instrument) have been met, and the subject Property is classified as real estate prior to endorsement. The Manufactured Home need not be taxed as Real Property.

iii. Legal Restrictions on Conveyance (Free Assumability)

The Mortgagee must determine if there are any legal restrictions on conveyance in accordance with [24 CFR § 203.41](#).

iv. Closing in Compliance with Mortgage Approval

The Mortgagee must instruct the settlement agent to close the Mortgage in the same manner in which it was underwritten and approved.

The Mortgagee must ensure that the conditions listed on form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, and/or form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, are satisfied.

v. Closing in the Mortgagee's Name

A Mortgage may close in the name of the Mortgagee or the sponsoring Mortgagee, the principal or the authorized agent. TPOs that are not FHA-approved Mortgagees may not close in their own names or perform any functions in [FHA Connection \(FHAC\)](#).

vi. Required Forms

The Mortgagee must use the forms and/or language prescribed by FHA in the legal documents used for closing the Mortgage.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

6. Closing

vii. Certifications

(A) Borrower Certification

The Borrower must sign the certification on form [HUD-92900-A](#) for all transactions and the [Settlement Certification](#) for purchase transactions in accordance with the instructions provided on the form.

(B) Seller Certification

The seller must sign the certification on the Settlement Certification for purchase transactions.

(C) Settlement Agent Certification

The settlement agent must sign the certification on the Settlement Certification for purchase transactions.

(D) Lender Certification

The Mortgagee must sign the certifications on the form [HUD-92900-A](#) in accordance with the instructions provided on the form.

viii. Projected Escrow

The Mortgagee must establish the escrow account in accordance with the regulatory requirements in [24 CFR § 203.550](#) and RESPA.

(A) Monthly Escrow Obligations

The Mortgagee must collect a monthly amount from the Borrower that will enable it to pay all escrow obligations in accordance with [24 CFR § 203.23](#). The escrow account must be sufficient to meet the following obligations when they become due:

- hazard insurance premiums;
- real estate taxes;
- Mortgage Insurance Premiums (MIP);
- special assessments;
- flood insurance premiums if applicable;
- Ground Rents if applicable;
- servicing, maintenance, repair and replacement of water purification equipment; and
- any item that would create liens on the Property positioned ahead of the FHA-insured Mortgage, other than condominium or Homeowners' Association (HOA) fees.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

6. Closing

(B) Repair Completion Escrow Requirements

The Mortgagee may establish a repair escrow for incomplete construction, or for alterations and repairs that cannot be completed prior to loan closing, provided the housing is habitable and safe for occupancy at the time of loan closing.

Repair escrow funds must be sufficient to cover the cost of the repairs or improvements. The cost for Borrower labor may not be included in the repair escrow account.

The Mortgagee must execute form [HUD-92300](#), *Mortgagee's Assurance of Completion*, to indicate that the repair escrow has been established.

The Mortgagee must certify on form [HUD-92051](#), *Compliance Inspection Report*, that the incomplete construction, alterations and repairs have been satisfactorily completed.

Effective for case numbers assigned on or after October 31, 2016, after the repair escrow account is closed, the Mortgagee must complete the Escrow Closeout Certification screen in [FHAC](#) within 30 Days after the escrow account is closed.

ix. Temporary Interest Rate Buydown Escrow Requirements

The Mortgagee must establish an escrow for temporary interest rate buydowns.

The escrow agreement must not:

- permit reversion of undistributed escrow funds to the provider if the Property is sold or the Mortgage is prepaid in full; nor
- allow unexpended escrow funds to be provided to the Borrower in cash, unless the borrower funds were used to establish the escrow account.

Payments must be made by the escrow agent to the Mortgagee or servicing agent. If escrow payments are not received for any reason, the Borrower is responsible for making the total payment as described in the mortgage Note.

x. Closing Costs and Fees

The Mortgagee must ensure that all fees charged to the Borrower comply with all applicable federal, state, and local laws and disclosure requirements.

The Mortgagee is not permitted to use closing costs to help the Borrower meet the Minimum Required Investment (MRI).

(A) Collecting Customary and Reasonable Fees

The Mortgagee may charge the Borrower reasonable and customary fees that do not exceed the actual cost of the service provided.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

6. Closing

The Mortgagee must ensure that the aggregate charges do not violate FHA's Tiered Pricing rules.

(B) Other Fees and Charges

The Mortgagee or sponsored TPO may charge the Borrower Discount Points, and lock-in and rate lock fees consistent with FHA and CFPB requirements.

(1) Origination Fees

The Mortgagee may charge an origination fee in accordance with RESPA.

(2) Discount Points

The Mortgagee may charge the Borrower Discount Points.

(3) Lock-in and Rate Lock Fees

The Mortgagee may charge the Borrower lock-in and rate lock fees only if the Mortgagee provides a lock-in or commitment agreement guaranteeing the interest rate and/or Discount Points for a period of not less than 15 Days prior to the anticipated closing.

(C) Qualified Mortgage

The Mortgagee must ensure the points and fees charged are in compliance with FHA's [Qualified Mortgage Rule](#).

(D) Tiered Pricing

The Mortgagee must ensure that the aggregate fees and charges do not violate the following Tiered Pricing rule.

(1) Definitions for Tiered Pricing

Area refers to a Metropolitan Statistical Area (MSA) as established by the Office of Management and Budget.

Mortgage Charge refers to the interest rate, Discount Points, origination fee, and any other amount charged to the Borrower for an insured Mortgage.

Mortgage Charge Rate refers to the total amount of Mortgage Charges for a Mortgage expressed as a percentage of the initial principal of the Mortgage.

Tiered Pricing refers to any variance in Mortgage Charge Rates of more than two percentage points from the Mortgagee's reasonable and customary rate for insured Mortgages for dwellings located within the area.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

6. Closing

(2) Required Documentation

The Mortgagee must document that any variation in the Mortgage Charge Rate is based on actual variations in fees or costs to the Mortgagee to make the Mortgage.

(3) Standard

The Mortgagee may not make a Mortgage with a Mortgage Charge Rate that varies more than two percentage points from the Mortgagee's reasonable and customary rate for insured Mortgages for dwellings located within the area.

To determine whether a Mortgage exceeds the two percentage point variation limit, the Mortgagee must compare Mortgage Charge Rates for Mortgages of the same type, from the same area, and made on the same day or during some other reasonably limited period.

See Section 203(u) of the National Housing Act (12 U.S.C. § 1709(u)), [24 CFR § 202.12](#).

xi. Disbursement Date

Disbursement Date refers to the date the proceeds of the Mortgage are made available to the Borrower.

The Disbursement Date must occur before the expiration of the FHA-issued *Firm Commitment* or Direct Endorsement approval and credit documents.

xii. Per Diem Interest and Interest Credits

The Mortgagee may collect per diem interest from the Disbursement Date to the date amortization begins.

Alternatively, the Mortgagee may begin amortization up to 7 Days prior to the Disbursement Date and provide a per diem interest credit. Any per diem interest credit may not be used to meet the Borrower's MRI.

Per diem interest must be computed using a factor of 1/365th of the annual rate.

xiii. Signatures

The Mortgagees must ensure that the Mortgage, Note, and all closing documents are signed by all required parties in accordance with the [Borrower Eligibility](#).

The Mortgagee must ensure that the signatures block on the Mortgage follows the Fannie Mae/Freddie Mac format, with the following exceptions: witness signatures are only required if witnesses are required by state law, and the Borrower's Social Security Number (SSN) may be omitted.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

6. Closing

(A) Use of Power of Attorney at Closing

A Borrower may designate an attorney-in-fact to use a Power of Attorney (POA) to sign documents on their behalf at closing, including page 4 of the final form [HUD-92900-A](#) and the final [Fannie Mae Form 1003/Freddie Mac Form 65](#), *Uniform Residential Loan Application (URLA)*.

Unless required by applicable state law, or as stated in the Exception below, or they are the Borrower's Family Member, none of the following persons connected to the transaction may sign the security instrument or Note as the attorney-in-fact under a POA:

- Mortgagee, or any employee or Affiliate;
- loan originator, or employer or employee;
- title insurance company providing the title insurance policy, the title agent closing the Mortgage, or any of their Affiliates; or
- any real estate agent or any person affiliated with such real estate agent.

Exception

Closing documents may be signed by an attorney-in-fact who is connected to the transaction if the POA expressly authorizes the attorney-in-fact to execute the required documents on behalf of a Borrower, only if the Borrower, to the satisfaction of the attorney-in-fact in a recorded interactive session conducted via the internet has:

- confirmed their identity; and
- reaffirmed, after an opportunity to review the required mortgage documents, their agreement to the terms and conditions of the required mortgage documents evidencing such transaction and to the execution of such required Mortgage by such attorney-in-fact.

The Mortgagee must obtain copies of the signed initial *URLA* and initial form [HUD 92900-A](#) signed by the Borrower or POA in accordance with [Signature Requirements for All Application Forms](#).

(B) Electronic Signatures

See [Policy on Use of Electronic Signatures](#).

b. Mortgage and Note (04/10/2025)

i. Definitions

Mortgage refers to any form of security instrument that is commonly used in a jurisdiction in connection with a loan secured by a one- to four-family residential Property and the land on which it is situated, such as a deed of trust or security deed or land contract.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

6. Closing

Note refers to any form of credit instrument commonly used in a jurisdiction to evidence a Mortgage.

ii. Standard

The Mortgagee must develop or obtain a separate Mortgage and Note that conforms generally to the Freddie Mac and Fannie Mae forms in both form and content, but that includes the specific modification required by FHA set forth in the applicable [Model Note and Mortgage](#).

The Mortgagee must ensure that the Mortgage and Note comply with all applicable state and local requirements for creating a recordable and enforceable Mortgage, and an enforceable Note.

All occupying and non-occupying Borrowers and co-Borrowers must take title to the Property in their own name or a [living trust](#) at settlement, be obligated on the Note or credit instrument, and sign all security instruments. In community property states, the Borrower's spouse is not required to be a Borrower or a Co-signer. However, the Mortgage must be executed by all parties necessary to make the lien valid and enforceable under state law.

c. Disbursement of Mortgage Proceeds (01/24/2022)

i. Standard for Disbursement of Mortgage Proceeds

The Mortgagee must verify that Mortgage proceeds are disbursed in the proper amount to the Borrower and the seller, or in the case of a refinance transaction, to the debt holder. At closing, the Mortgage proceeds disbursed by the Mortgagee and the cash from the Borrower must equal the total Acquisition Cost or refinance cost.

ii. Required Documentation for Disbursement of Mortgage Proceeds

The Mortgagee must obtain the final acknowledged Closing Disclosure or similar legal document from the settlement agent signed by the Borrower. If the seller's Closing Disclosure or similar legal document is provided separately, the Mortgagee must obtain from the Closing Agent a copy of the final Closing Disclosure provided to the seller to keep in the case binder.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

7. Post-closing and Endorsement

a. Pre-endorsement Review (03/14/2016)

The Mortgagee must complete a pre-endorsement review of the mortgage file to ensure all applicable documents as described in the Uniform Case Binder Stacking Order are included in the endorsement submission. The Mortgagee must exercise due diligence in performing its pre-endorsement responsibilities. This review must be conducted by staff not involved in the originating, processing, or underwriting of the Mortgage. The case binder must contain all documentation relied upon by the Mortgagee to justify its decision to approve the Mortgage.

b. Mortgagee Pre-endorsement Review Requirements (04/10/2025)

When conducting the pre-endorsement review, the Mortgagee must review and verify the following items, as applicable. All documents must be legible.

i. Late Submission Letter

The Mortgagee must confirm that the [Late Submission](#) Letter is completed, if necessary.

ii. Form HUD-92900-LT, *FHA Loan Underwriting and Transmittal Summary*

The Mortgagee must confirm that the form is completed. The form must be signed and dated by the underwriter, as applicable.

iii. Note (Including Any Secondary Mortgage)

The Mortgagee must confirm that the Note is the Authoritative Copy, the Borrower name on the Note matches form [HUD-92900-LT](#), and the required language from the [Model Note](#) is present. The Mortgagee must also confirm that:

- the Note has been executed;
- the mortgage amount is not higher than approved by the underwriter on form [HUD-92900-LT](#);
- the term of the Mortgage is the same as on the [Fannie Mae Form 1003/Freddie Mac Form 65](#), *Uniform Residential Loan Application (URLA)*; and
- all applicable allonges, agreements, and riders are properly executed.

iv. Security Instrument

The Mortgagee must confirm that the security instrument:

- is the Authoritative Copy;
- has been executed (along with all riders indicated on the last page of the security instrument);
- includes the principal balance that is not higher than, and maturity date that is not different than, that approved by the underwriter; and
- lists the same property address as the *URLA* ([Fannie Mae Form 1003/Freddie Mac Form 65](#)).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

v. Closing Disclosure and Settlement Certification

The Mortgagee must confirm that the Closing Disclosure or similar legal document is complete and signed by all required parties, and the [Settlement Certification](#) is complete and signed by the Borrower, seller (as applicable, except in case of HUD Real Estate Owned (REO) Sales), and settlement agent. The Settlement Certification is not required for refinance transactions. If the seller's Closing Disclosure or similar legal document is provided separately, the Mortgagee must obtain from the Closing Agent a copy of the final Closing Disclosure provided to the seller to keep in the case binder.

vi. Final Uniform Residential Loan Application

The Mortgagee must confirm the *URLA* ([Fannie Mae Form 1003/Freddie Mac Form 65](#)) is signed and dated by the Mortgagee and all Borrowers. If the final *URLA* is not signed by the Mortgagee, the initial application signed by the Mortgagee is acceptable.

vii. Form HUD-92900-A, *HUD Addendum to Uniform Residential Loan Application*

The Mortgagee must confirm that form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, is completed as instructed on the form.

viii. Credit Report(s)

The Mortgagee must confirm that the mortgage file contains a credit report for each Borrower. If the Borrower resides in a community property state, or if the Property is located in a community property state, confirm that the mortgage file contains a credit report for a non-borrowing spouse, unless excluded by state law. If there are multiple credit reports, all credit reports must be submitted in the case binder.

ix. CAIVRS Report

The Mortgagee must confirm that the mortgage file contains a clear Credit Alert Verification Reporting System (CAIVRS) report or documentation from the creditor agency to support the verification and resolution of the debt.

x. Asset Verification

The Mortgagee must confirm that the mortgage file contains the Verification of Deposit (VOD) and/or bank statements.

xi. Gift Letter

The Mortgagee must confirm that the mortgage file contains a gift letter if a Gift is shown on form [HUD-92900-LT](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

xii. Secondary Financing Documentation

The Mortgagee must confirm that the mortgage file contains a copy of the Mortgage and Note, if applicable.

xiii. Income Verification

The Mortgagee must confirm that the mortgage file contains verification of the Borrower's income.

xiv. Evidence of the Social Security Number

The Mortgagee must confirm that the mortgage file contains evidence of the Borrower's Social Security Number (SSN).

xv. Form HUD-92300, *Mortgagee's Assurance of Completion*

The Mortgagee must confirm that form [HUD-92300](#), *Mortgagee's Assurance of Completion*, is completed and signed, if applicable.

xvi. Form HUD-92051, *Compliance Inspection Report*, or Fannie Mae Form 1004D/Freddie Mac Form 442, *Appraisal Update and/or Completion Report*

(A) Form HUD-92051, *Compliance Inspection Report*

The Mortgagee must confirm that form [HUD-92051](#), *Compliance Inspection Report*, is completed, signed, and dated by an approved inspector. Local government inspection with the underwriter certification may be accepted.

(B) Fannie Mae Form 1004D/Freddie Mac Form 442, *Appraisal Update and/or Completion Report*

The Mortgagee must confirm that [Fannie Mae Form 1004D/Freddie Mac Form 442](#), *Appraisal Update and/or Completion Report*, Part B, is completed, signed, and dated by an FHA Appraiser in good standing on the FHA Appraiser Roster.

xvii. Form NPMA-33, *Wood Destroying Insect Inspection Report*

The Mortgagee must confirm that the file contains the National Pest Management Association (NPMA) form [NPMA-33](#), *Wood Destroying Insect Inspection Report*, or the state mandated infestation report, as applicable.

xviii. Local Health Authority's Approval for Individual Water and Sewer Systems

The Mortgagee must confirm that the file contains the Local Health Authority's approval for Individual Water Supply Systems and sewer systems, if applicable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

xix. New Construction Exhibits

For New Construction, the Mortgagee must confirm that the documentation requirements found in the [New Construction product sheet](#) are in the mortgage file.

xx. Form HUD-92800.5B, *Conditional Commitment Direct Endorsement Statement of Appraised Value*

The Mortgagee must confirm that form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, is completed.

xxi. Appraisal Report

The Mortgagee must confirm that the original [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, or other appropriate appraisal form, is complete and contains the Appraiser's signature and date.

xxii. Specialized Eligibility Documents

The Mortgagee must confirm that the mortgage file contains all required program-specific documents.

xxiii. Sales Contract and Addenda

The Mortgagee must confirm that the Sales Contract, addenda, and the Amendatory Clause are signed by all Borrowers and sellers. The Amendatory Clause is not required on REO Sales, or 203(k) Mortgages.

The Mortgagee must confirm that Real Estate Certification is signed by Borrowers, sellers, and selling real estate agent or broker if their signature is not contained within the purchase agreement.

c. Properties Located in Presidentially-Declared Major Disaster Areas Before Endorsement (06/27/2025)

The Mortgagee must exercise reasonable due diligence to determine if additional inspections or repairs are necessary before endorsement for all Properties with pending Mortgages or endorsements in areas under a Presidentially-Declared Major Disaster Area (PDMDA) designation for individual assistance. The Mortgagee must determine if a PDMDA will have an adverse effect on the Property's ability to serve as collateral for the Mortgage.

If repairs are required, they must be completed prior to endorsement, unless the Property is habitable and a repair escrow has been established in accordance with [Repair Completion Escrow Requirements](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

The Mortgagee must document any information relied upon to make their determination if additional inspections or repairs are necessary. If applicable, copies of any inspections and evidence of repairs or the repair escrow must be included in the Case Binder.

Streamline Refinances are allowed to proceed to closing and/or endorsement without any additional requirements.

d. Procedures for Endorsement (04/10/2025)

To initiate the insurance endorsement process, the Mortgagee must complete the Insurance Application function in [FHAC](#) and compile the uniform case binder, with all of the necessary documents.

Instructions for specific requirements for data format and delivery to FHAC are found in the [FHA Connection Guide](#).

The Mortgage must be current to be eligible for endorsement.

Either the sponsoring Mortgagee, principal or authorized agent must:

- complete the Mortgage Insurance Premium (MIP) Transmittal via FHAC or by batch;
- pay the Upfront MIP (UFMIP) to FHA in a lump sum within 10 Days after mortgage closing or the Disbursement Date, whichever is later;
- send the MIP to FHA, and receive payment status through FHAC or email communications;
- submit evidence of assignment of the case for endorsement in the name of the originating Mortgagee; and
- transfer the case number to another Mortgagee prior to closing, complete the Lender Transfer screen in [FHAC](#), and complete the assignment of the Mortgage after endorsement to a new holding or servicing Mortgagee via FHAC.

i. Late Upfront Mortgage Insurance Premium Payments

(A) 10–30 Days Late

A one-time late charge of 4 percent is assessed on an UFMIP payment received more than 10 Days after the mortgage closing or Disbursement Date, whichever is later. The Mortgagee must pay the late fee before FHA will endorse the Mortgage for insurance.

(B) More than 30 Days Late

If the UFMIP is paid more than 30 Days after mortgage closing or Disbursement Date, whichever is later, the Mortgagee will be assessed the late fee plus interest. The interest rate is the U.S. Department of the Treasury's Current Value of Funds Rate in effect when the UFMIP payment is received. The Mortgagee must pay both charges before FHA will endorse the Mortgage for insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

ii. Assembly of Case Binder for Electronic Submission ~~Text was deleted in this section.~~

The Mortgagee must prepare and submit a uniform case binder through e-case submission in accordance with [FHAC](#) or through [FHA Catalyst: Case Binder Module](#) in accordance with the *FHA Catalyst: Case Binder Module User Guide*.

The Mortgagee must ensure that all case binders are complete, meet FHA specifications, contain all required documents, and are submitted electronically according to the document order designated below.

All appraisals must be submitted through FHA's EAD portal prior to endorsement. Complete instructions and data delivery format requirements for each appraisal form are found in the [Appraisal Report and Data Delivery Guide](#).

All required documentation grouped by Borrower	

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

iii. Case Binder Submission – Direct Endorsement Non-lender Insurance

The case binder must be ~~received by the Jurisdictional HOC~~ **submitted to FHA** no later than 60 Days after the Disbursement Date.

(A) Late Submission

If the case binder is submitted more than 60 Days after the Disbursement Date, the Mortgagee must submit a late endorsement request, certifying that:

- no Mortgage Payment is currently unpaid;
- all escrow accounts for taxes, Hazard Insurance and MIPs are current and intact, except for Disbursements that may have been made to cover payments for which the accounts were specifically established; and
- neither the Mortgagee nor its agents provided the funds to bring and/or keep the Mortgage current or to bring about the appearance of an acceptable payment history.

Each late endorsement request must:

- list the FHA case number;
- list the Borrower's name;
- be dated and signed by the Mortgagee's representative; and
- be printed on company letterhead with the Mortgagee's address and telephone number.

(B) Assignee Mortgagee **[Text was deleted in this section.]**

The assignee Mortgagee of a Mortgage may submit the Mortgage for endorsement in its name or the name of the originating Mortgagee. ~~The assignee must also notify the Jurisdictional HOC of the assignment, and verify that the originating Mortgagee completed all certifications.~~

The Purchasing Mortgagee may pay any required MIP, late charges, and interest.

(C) After Receipt of a Notice of Return

Notice of Return (NOR) refers to a notification to the Mortgagee specifying the reason a Mortgage is not currently eligible for endorsement.

If ~~the Jurisdictional HOC~~ **FHA** issues a NOR, the Mortgagee may request reconsideration for insurance endorsement. All requests for reconsideration must be received by ~~the Jurisdictional HOC~~ **FHA** within the 60-Day endorsement submission period or within 30 Days of the issuance of the NOR, whichever is longer. If the request for reconsideration is submitted after this time period, the Mortgagee must follow the guidelines for late submission.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

iv. Ineligible for Endorsement – Non-lender Insurance

(A) Notice of Return

If the Mortgage is ineligible for insurance endorsement, FHAC issues an electronic NOR, which states the reasons for non-endorsement and any corrective actions that the Mortgagee must take.

If the Mortgage is permanently rejected for insurance endorsement, the Mortgagee must notify the Borrower that they do not have an FHA-insured Mortgage and of the circumstances that made the Mortgage ineligible for FHA insurance.

(B) Additional Requirements for Permanently Rejected Mortgages

The Mortgagee must obtain a refund of both the UFMIP and any periodic MIP paid by or on behalf of the Borrower, and apply the refund to the principal balance of the Mortgage.

(C) Excessive Mortgage Amounts

An excessive mortgage amount occurs when the Mortgagee closes a Mortgage in an amount higher than what is permitted by FHA requirements. The Mortgage is not eligible for insurance until the amount is reduced to within permissible limits. The Mortgagee may choose to either pay down the principal balance, or re-close the Mortgage to an insurable amount.

The Mortgagee must provide a copy of the payment ledger showing that the principal balance has been paid down to an insurable amount.

v. Endorsement Processing – Lender Insurance

Once the Mortgagee has completed the entry of all required data, completed the pre-endorsement review, and satisfied itself that the Mortgage meets HUD requirements, it will click “yes” in the Insurance Decision field, enter the FHA Connection ID of the individual insuring the Mortgage, enter the insurance date on the Insurance Application screen and click “send.”

The Mortgagee must endorse the Mortgage no later than 60 Days after the Disbursement Date.

Late Submission

If the Mortgage is endorsed more than 60 Days after the Disbursement Date, the Mortgagee must complete a late endorsement certification stating:

- no Mortgage Payment is currently unpaid;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

- all escrow accounts for taxes, Hazard Insurance and MIPs are current and intact, except for Disbursements that may have been made to cover payments for which the accounts were specifically established; and
- neither the Mortgagee nor its agents provided the funds to bring and/or keep the Mortgage current or to bring about the appearance of an acceptable payment history.

Each late endorsement certification must:

- list the FHA case number;
- list the Borrower's name;
- be dated and signed by the Mortgagee's representative; and
- be printed on company letterhead with the Mortgagee's address and telephone number.

The Mortgagee must retain the certification in the case binder.

vi. Case Warnings – Lender Insurance

Case warnings are issued by FHAC based on system edits. They identify issues that must be addressed before the Mortgage can be insured. There are two kinds of case warnings: non-severe and severe.

(A) Severe Case Warnings

Severe case warnings are case warnings that make the Mortgage ineligible for Lender Insurance (LI), which include:

- a Borrower failed or is pending SSN validation;
- a Borrower has a record in CAIVRS;
- the pre-endorsement delinquency status is delinquent; or
- a deficiency exists causing risks to HUD. ~~The requesting HOC~~ **FHA** will add text to the case warning message screen identifying the reasons requiring submission of the case binder to **FHA** ~~the HOC~~ for a pre-endorsement review.

Once the severe case warning is corrected, documentation in support of clearing the case warning and the case binder must be submitted to ~~the Jurisdictional HOC~~ **FHA** for pre-endorsement review and endorsement processing.

(B) Non-severe Case Warnings

Non-severe case warnings are warnings to provide guidance to the Mortgagee that conditions have been detected and must be researched before the Mortgage can be endorsed. If, after researching the matter, the Mortgagee determines that HUD requirements have not been violated, the Mortgagee may resubmit the Mortgage for insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

By resubmitting the information, the Mortgagee is representing that the warning has been reviewed and the Mortgage is eligible for insurance endorsement. FHAC will then allow the Mortgage to be insured by the Mortgagee.

vii. Mortgagee with Conditional Direct Endorsement Approval (Test Case)

Mortgagees who receive a Direct Endorsement Program Test Case Phase approval letter from ~~HUD's-HOC~~**FHA** must follow the [Test Case Phase Case Binder Submission](#) process.

e. Endorsement and Post-endorsement (04/18/2023)

i. Endorsement

Upon successful completion of a pre-endorsement review either by FHA or the LI Mortgagee, an electronic Mortgage Insurance Certificate (MIC) will be issued.

The Mortgage becomes insured on the date the MIC is issued.

ii. Post-endorsement

(A) Confirming Status of the Mortgage Insurance Certificate

The Mortgagee can confirm the endorsement status of a Mortgage using [FHAC](#) or FHA Connection Business to Government (FHAC-B2G) application.

(B) Obtaining the Mortgage Insurance Certificate

When requesting the MIC, the Mortgagee must specify whether it is to be prepared in the name of the originator (principal), or authorized agent, as it appears in HUD Systems.

The MIC will be issued electronically. The Mortgagee can download and print copies of the MIC as needed.

(C) Corrections to the Mortgage Insurance Certificate

To obtain a correction to the MIC, the Mortgagee must submit the [MIC Correction Request Template](#) to the FHA Resource Center. This form may be used to correct the property address, Borrower name, ADP Code, maturity and first payments dates, P&I, interest rate, SSN, FHA case number, mortgage amount or other information contained in the MIC, or to add a co-Borrower.

(D) Corrections to Original Instruments

The Mortgagee must follow applicable local law when making corrections to the original instruments.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

7. Post-closing and Endorsement

If new instruments are executed as required by local law, the Mortgagee must submit the new instruments prior to insurance endorsement.

(E) Partial Release of Security

FHA approval for partial release of security is required except in limited circumstances. See [FHA servicing policy](#) for more information.

iii. Case Binder Submission – Lender Insurance Mortgagees

LI Mortgagees must submit the case binder to [FHA upon request within 10 business days and will be notified through a system-generated daily email](#) the Jurisdictional HOC (or other HUD office as identified in the notice) when requested by FHA.

~~FHA will request the case binder through a daily email notification to the Mortgagee's contact person.~~

~~If requested, the LI Mortgagee must submit the case binder within 10 business days of request.~~

~~If approved to submit electronic Case Binders (eCBs) to FHA, the LI Mortgagee must submit the eCB through FHAC through the Insuring, Underwriting Report, and Lender Letter screens.~~

iv. Mortgage File Retention

The Mortgagee must retain their mortgage file, including the case binder, in either hard copy or electronic format for a period of two years from the date of endorsement.

Mortgagees retaining eCBs are not required to maintain a separate version of the eCB indexed for electronic submission to HUD.

If HUD requests a case binder that is maintained electronically, the Mortgagee must follow the requirements in the [eCB Developer's Guide](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

8. Programs and Products

a. 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

i. Overview

The Section 203(k) Rehabilitation Mortgage Insurance Program is used to:

- rehabilitate an existing one- to four-unit Structure, which will be used primarily for residential purposes;
- rehabilitate such a Structure and refinance outstanding indebtedness on the Structure and the Real Property on which the Structure is located;
- purchase and rehabilitate a Structure and purchase the Real Property on which the Structure is located; or
- rehabilitate the interior space of an eligible Condominium Unit excluding any areas that are the responsibility of the Condominium Association.

Structure refers to a building that has a roof and walls, stands permanently in one place, and contains single or multiple housing units that are used for human habitation. For 203(k) Rehabilitation Mortgage eligibility, a one-family dwelling unit in a multi-unit Condominium Project may be considered a single-unit Structure and a townhouse in townhouse-style condominium may be considered a single-unit Structure provided each townhouse-style unit is separated by a one and one-half hour firewall from foundation to roof.

Mortgages to be insured under Section 203(k) must be processed and underwritten in accordance with the requirements in [Origination through Post-closing/Endorsement](#), except where noted otherwise in this section.

(A) Types of 203(k) Rehabilitation Mortgages

There are two types of 203(k) Rehabilitation Mortgages: Standard 203(k) and Limited 203(k), as described below. The guidance in this section is applicable to both Standard 203(k) and Limited 203(k) Mortgages unless noted otherwise.

(1) Standard 203(k)

The Standard 203(k) Mortgage may be used for remodeling and repairs. There is a minimum repair cost of \$5,000 and the use of a [203\(k\) Consultant](#) is required.

(2) Limited 203(k)

The Limited 203(k) may only be used for [minor remodeling and nonstructural repairs](#). The Limited 203(k) does not require the use of a 203(k) Consultant, but a Consultant may be used. The total rehabilitation costs must not exceed \$75,000. The Limited 203(k) total rehabilitation cost limit will be evaluated on an annual basis in conjunction with the process undertaken for the establishment of FHA's Nationwide Forward Mortgage Loan Limits. If it is determined that an increase to

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

the Limited 203(k) loan limit is warranted, the new limit will be announced concurrent with the publication of the Nationwide Forward Mortgage Loan Limits announcement.

(B) Eligible Supplemental Programs and Products

A 203(k) Mortgage may be used in conjunction with the following:

- [Section 203\(h\) Mortgage Insurance for Disaster Victims](#)
- [Energy Efficient Mortgages](#)
- [Solar and Wind Technologies](#)

ii. Borrower Eligibility

The Borrower must meet the eligibility requirements found in the [Borrower Eligibility](#) section, and the additional guidance provided here related to nonprofit agency Borrowers.

The Mortgagee must verify and document the nonprofit agency Borrower's caseload. The Mortgagee must review the Nonprofit List in [FHA Connection \(FHAC\)](#), and ensure the maximum 203(k) case load limitation is not exceeded for nonprofit Borrowers.

(A) Rental Income Received from the Subject Property

One-Unit with an Accessory Dwelling Unit

If the subject Property is a one-unit with an Accessory Dwelling Unit (ADU) and the Borrower does not have a history of Rental Income from the subject Property since the previous tax filing, to calculate the Effective Income the Mortgagee must use 50 percent of the lesser of:

- fair market rent reported by the Appraiser; or
- the rent reflected in the lease or other rental agreement.

Mortgagees must apply this requirement for both Mortgages underwritten through TOTAL Scorecard and manual underwriting.

iii. Property Eligibility

The Property must be an existing Property that has been completed for at least one year prior to the case number assignment date. If the Mortgagee is unsure whether the Property has been completed for at least one year, the Mortgagee must request a copy of the Certificate of Occupancy (CO) or equivalent.

A Property that is not eligible for a 203(b) Mortgage due to health and safety or security issues may be eligible under 203(k) if the rehabilitation or repair work performed will correct such issues.

A Property with an existing 203(k) Mortgage is not eligible to be refinanced until all repairs are completed and the case has been electronically closed out.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

The following property types may be financed:

- a one- to four-unit Single Family Structure, including a Condominium Unit;
- a Site Condominium unit;
- Manufactured Housing where the rehabilitation does not affect the structural components of the Structure that were designed and constructed in conformance with the [Federal Manufactured Home Construction and Safety Standards](#) and must comply with all other requirements for [Manufactured Housing](#);
- a Mixed Use Property with one- to four-residential units, provided:
 - 51 percent of the Gross Building Area (GBA) is for residential use; and
 - commercial use will not affect the health and safety of the occupants of the residential Property; and
- a HUD Real Estate Owned (REO) Property:
 - the Property is identified as eligible for 203(k) financing as evidenced in the sales contract or addendum. Investor purchases of HUD REO Properties are not eligible for 203(k) financing.

(A) Dwelling Unit Limitation

A Mortgagee may determine that units in a neighborhood are not subject to the [Dwelling Unit Limitation](#) of no more than seven Dwelling Units within a two block radius when:

- the neighborhood has been targeted by a state or local government for redevelopment or revitalization;
- the state or local government has approved and submitted a plan to HUD describing the program of neighborhood redevelopment and revitalization, including the geographic area targeted for redevelopment, and the nature and proportion of public or private commitments that have been made in support of the redevelopment;
- the nonprofit agency borrower will own no more than 10 percent of the Dwelling Units (regardless of financing type) in the designated redevelopment area; and
- the nonprofit agency borrower will have no more than eight Dwelling Units on adjacent lots.

The Mortgagee must review the approved redevelopment plan to ensure that the units in which the nonprofit agency has or will have a financial interest are located within the targeted geographic area. The Mortgagee must also review public records to determine that the agency does not exceed the limitations on the number of units that they may own in the redevelopment area, and that they have no more than eight adjacent units.

(B) Required Documentation

The Mortgagee must obtain the following documentation:

- a copy of the redevelopment plan; and
- evidence that the state or local government approved the plan.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

The Mortgagee must submit the documentation to HUD in the case binder.

iv. Application Requirements

The Mortgagee must provide the Borrower with the form [HUD-92700-A](#), *203(k) Borrower's Acknowledgement*.

v. Case Number Assignment Data Entry Requirements

In order to request a case number for a 203(k) Mortgage, the Mortgagee must enter the following information:

(A) 203(k) Program Type Indicator

The Mortgagee must select either Standard 203(k) or Limited 203(k) as the program type.

(B) Consultant Selection and Identification Number

(1) Consultant Selection

The use of a 203(k) Consultant is required for a Standard 203(k) Rehabilitation Mortgage. The Limited 203(k) Mortgage does not require the use of a 203(k) Consultant, but a Consultant may be used.

When using a Consultant, the Mortgagee must select an FHA-approved 203(k) Consultant that is active on the [FHA 203\(k\) Consultant Roster](#) for the state in which the Property is located.

The Mortgagee must not use the services of a 203(k) Consultant who has demonstrated previous poor performance based on reviews conducted by the Mortgagee.

(2) Consultant Identification Number

The Mortgagee must enter the Consultant identification number into the "Consultant ID" field on the Case Number Assignment screen in [FHAC](#). For a Limited 203(k) with no Consultant, the Mortgagee must enter "203KS" in the "Consultant ID" field.

(C) Automated Data Processing Code

The Mortgagee must enter the appropriate 203(k) [Automated Data Processing \(ADP\) code](#).

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(D) Construction Code

The Mortgagee must enter “Substantial Rehabilitation” in the drop-down menu labeled “Construction Code.”

(E) Refinance Type

For a refinance transaction, the Mortgagee must select “Not Streamlined” in the drop-down menu labeled “All Refinances.”

(F) Converting From a Non-203(k) to a 203(k) Mortgage

If the Mortgagee had originally requested the case number assignment for a non-203(k) Mortgage, the Mortgagee must update the existing case data in the Case Number Assignment screen, changing the ADP Code to a valid 203(k) ADP Code and the “Construction Code” to “Substantial Rehabilitation.”

vi. Standard 203(k) Transactions

(A) Standard 203(k) Eligible Improvements

The Standard 203(k) requires a minimum of \$5,000 in eligible improvements.

(1) Types of Improvements

Types of eligible improvements include, but are not limited to:

- converting a one-family Structure to a one-family Structure with an ADU, two-, three-, or four-family Structure;
- adding an Accessory Dwelling Unit (ADU) that will be attached to an existing Structure;
- renovating an existing ADU that is attached or unattached to an existing Structure;
- decreasing an existing multi-unit Structure to a one- to four-family Structure;
- reconstructing a Structure that has been or will be demolished, provided the complete existing foundation system is not affected and will still be used;
- repairing, reconstructing, or elevating an existing foundation where the Structure will not be demolished;
- purchasing an existing Structure on another site, moving it onto a new foundation, and repairing/renovating it;
- making structural alterations such as the repair or replacement of structural damage, additions to the Structure, and finished attics and/or basements;
- rehabilitating, improving, or constructing a garage;
- eliminating health and safety hazards that would violate HUD’s [Minimum Property Requirements](#) (MPR);

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

- installing or repairing wells and/or septic systems;
- connecting to public water and sewage systems;
- repairing/replacing plumbing, heating, AC, and electrical systems;
- making changes for improved functions and modernization;
- making changes for aesthetic appeal;
- repairing or adding roofing, gutters, and downspouts;
- making energy conservation improvements;
- creating accessibility for persons with disabilities;
- installing or repairing fences, walkways, and driveways;
- installing a new refrigerator, cooktop, oven, dishwasher, built-in microwave oven, and washer/dryer;
- repairing or removing an in-ground swimming pool;
- installing smoke detectors;
- making site improvements;
- landscaping;
- installing or repairing exterior decks, patios, and porches;
- constructing a windstorm shelter; and
- covering lead-based paint stabilization costs, if the Structure was built before 1978, in accordance with the Single Family mortgage insurance lead-based paint rule ([24 CFR §§ 200.805 and 200.810\(c\)](#)) and the U.S. Environmental Protection Agency's (EPA) [Renovation, Repair and Painting Rule](#) (40 CFR Part 745, especially subparts E and Q).

(2) Improvements Standards

(a) General Improvement Standards

All improvements to existing Structures must comply with HUD's MPR and meet or exceed local building codes. For a newly constructed addition to the existing Structure, the energy improvements must meet or exceed local codes and the requirements of the latest [energy code standard that has been adopted by HUD](#) through a Federal Register notice.

(b) Specific Improvement Standards

Any addition of a Structure unit must be attached to the existing Structure. Site improvements, landscaping, patios, decks and terraces must increase the As-Is Property Value equal to the dollar amount spent on the improvements or be necessary to preserve the Property from erosion.

(B) Standard 203(k) Ineligible Improvements/Repairs

The 203(k) mortgage proceeds **may not** be used to finance costs associated with the purchase or repair of any luxury item, any improvement that does not become a

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

permanent part of the subject Property, or improvements that solely benefit commercial functions within the Property, including:

- recreational or luxury improvements, such as:
 - swimming pools (existing in-ground swimming pools can be repaired)
 - an exterior hot tub, spa, whirlpool bath, or sauna
 - barbecue pits, outdoor fireplaces or hearths
 - bath houses
 - tennis courts
 - satellite dishes
 - tree surgery (except when eliminating an endangerment to existing improvements)
 - photo murals
 - gazebos; or
- additions or alterations to support commercial use or to equip or refurbish space for commercial use.

(C) Standard 203(k) Establishing Repairs and Improvements

The Mortgagee must select an FHA-approved 203(k) Consultant from the [FHA 203\(k\) Consultant Roster](#) in [FHAC](#). The Mortgagee must not use the services of a Consultant who has demonstrated previous poor performance based on reviews performed by the Mortgagee. The Consultant must inspect the Property and prepare the Work Write-Up and Cost Estimate. The Mortgagee must verify that the name shown in the [203\(k\) Consultant's Certification](#) matches the selected 203(k) Consultant.

The Work Write-Up refers to the report prepared by a 203(k) Consultant that identifies each Work Item to be performed and the specifications for completion of the repair.

Cost Estimate refers to a breakdown of the cost for each proposed Work Item, prepared by a 203(k) Consultant.

Work Item refers to a specific repair or improvement that will be performed.

Exception for Borrowers Doing Own Work

For Borrowers performing their own work under a Rehabilitation Self-Help Agreement, the Consultant must identify on the Work Write-Up each Work Item to be performed by the Borrower. The Borrower must not be reimbursed for labor costs.

(D) Standard 203(k) Financeable Repair and Improvement Costs and Fees

The following repair and improvement costs and fees may be financed:

- costs of construction, repairs and rehabilitation;
- architectural/engineering professional fees;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

- the 203(k) Consultant fee subject to the limits in the [203\(k\) Consultant Fee Schedule](#) section;
- inspection fees performed during the construction period, provided the fees are reasonable and customary for the area;
- title update fees;
- permits; and
- a Feasibility Study, when necessary to determine if the rehabilitation is feasible.

Any costs for [Energy Efficient Mortgages](#) and [Solar Energy Systems](#) must not be included in financeable repair and improvement costs.

For Borrowers performing their own work, the Mortgagee must include the costs for labor and materials for each Work Item to be completed by the Borrower under a [Rehabilitation Self-Help Agreement](#).

(E) Standard 203(k) Financeable Contingency Reserves

Contingency Reserve refers to funds that are set aside to cover unforeseen project costs.

The Mortgagee must refer to the following chart to determine when a Contingency Reserve is required. The minimum and maximum Contingency Reserve is established as a percentage of the [financeable repair and improvement costs](#).

For Structures with an actual age of less than 30 years:

	Minimum	Maximum
Required when evidence of termite damage	10%	20%
Discretionary	No Minimum	20%

For Structures with an actual age of 30 years or more:

	Minimum	Maximum
Required	10%	20%
Required when utilities are not operable as referenced in the Work Write-Up	15%	20%

The Borrower may provide their own funds to establish the Contingency Reserves. Where the Borrower has provided their own funds for Contingency Reserves, they must be noted under a separate category in the Repair Escrow Account.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(F) Standard 203(k) Financeable Mortgage Payment Reserves

A Mortgage Payment Reserve refers to an amount set aside to make Mortgage Payments when the Property cannot be occupied during rehabilitation.

A Mortgagee may establish a financeable Mortgage Payment Reserve, not to exceed 12 months of Mortgage Payments. The Mortgage Payment Reserve may include Mortgage Payments only for the period during which the Property cannot be occupied. The number of Mortgage Payments cannot exceed the completion time frame required in the Rehabilitation Loan Agreement.

For multi-unit Properties, if one or more units are occupied, the Mortgage Payment Reserve may only include the portion of the Mortgage Payment attributable to the units that cannot be occupied. To calculate the amount that can be included in the Mortgage Payment Reserve, the Mortgagee will divide the monthly Mortgage Payment by the number of units in the Property and multiply that figure by the number of units that cannot be occupied. The resulting figure is the amount of the Mortgage Payment that will be paid through the Mortgage Payment Reserve. The Borrower is responsible for paying the servicing Mortgagee the portion of the Mortgage not covered by the Mortgage Payment Reserve.

(G) Standard 203(k) Financeable Mortgage Fees

The Mortgagee may finance the following fees and charges.

(1) Origination Fee

The Mortgagee may finance a portion of the Borrower-paid origination fee not to exceed the greater of \$350, or 1.5 percent of the total of the [financeable repair and improvement costs and fees](#), [financeable Contingency Reserves](#), and [financeable Mortgage Payment Reserves](#).

(2) Discount Points

The Mortgagee may finance a portion of the Borrower-paid Discount Points not to exceed an amount equal to the discount point percentage multiplied by the total of [financeable repair and improvement costs and fees](#), [financeable Contingency Reserves](#), and [financeable Mortgage Payment Reserves](#).

(H) Standard 203(k) Required Documentation and Review

(1) Review of Contractor Qualifications

Prior to closing, the Mortgagee must ensure that a qualified general or specialized contractor has been hired and, by contract, has agreed to complete the work described in the Work Write-Up for the amount of the Cost Estimate and within the allotted time frame. To determine whether the contractor is qualified, the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

Mortgagee must review the contractor's credentials, work experience and client references, and ensure that the contractor meets all jurisdictional licensing and bonding requirements.

(2) Consultant's Work Write-Up and Cost Estimate

The Mortgagee must obtain the Consultant's Work Write-Up and Cost Estimate for all Standard 203(k) Mortgages. The Mortgagee must ensure the Work Write-Up/Cost Estimate specifies the type of repair and cost of each Work Item. The Mortgagee must review the Work Write-Up and ensure that all health and safety issues identified were addressed before, including additional Work Items.

(3) Architectural Exhibits

The Mortgagee must obtain and review all applicable [architectural exhibits](#).

(4) Sales Contract

The Mortgagee must ensure the sales contract includes a provision that the Borrower has applied for Section 203(k) financing, and that the contract is contingent upon mortgage approval and the Borrower's acceptance of additional required improvements as determined by the Mortgagee.

When the Borrower is financing a HUD REO Property, the Mortgagee must ensure that the first block on Line 4 of form [HUD-9548](#), *Sales Contract Property Disposition Program*, is checked, as well as the applicable block for 203(k).

vii. Limited 203(k) Transactions

(A) Limited 203(k) Eligible Improvements

The Limited 203(k) may only be used for minor remodeling and nonstructural repairs. The total rehabilitation costs may not exceed \$75,000.

(1) Types of Improvements

Eligible improvement types include, but are not limited to:

- eliminating health and safety hazards that would violate [HUD's MPR](#);
- repairing or replacing wells and/or septic systems;
- connecting to public water and sewage systems;
- repairing/replacing plumbing, heating, AC, and electrical systems;
- making changes for improved functions and modernization;
- eliminating obsolescence;
- repairing or installing new roofing, provided the structural integrity of the Structure will not be impacted by the work being performed; siding; gutters; and downspouts;
- making energy conservation improvements;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

- creating accessibility for persons with disabilities;
- installing or repairing fences, walkways, and driveways;
- installing a new refrigerator, cooktop, oven, dishwasher, built-in microwave oven, and washer/dryer;
- repairing or removing an in-ground swimming pool;
- installing smoke detectors;
- installing, replacing or repairing exterior decks, patios, and porches; and
- covering lead-based paint stabilization costs (above and beyond what is paid for by HUD when it sells REO properties) if the Structure was built before 1978, in accordance with the Single Family mortgage insurance lead-based paint rule and EPA's [Renovation, Repair and Repainting Rule](#).

(2) Improvements Standards

(a) General Improvement Standards

All improvements to existing Structures must comply with HUD's MPR and meet or exceed local building codes.

(b) Specific Improvement Standards

Patios and decks must increase the As-Is Property Value equal to the dollar amount spent on the improvements.

(B) Limited 203(k) Ineligible Improvements/Repairs

The Limited 203(k) mortgage proceeds **may not** be used to finance major rehabilitation or major remodeling. FHA considers a repair to be "major" when any of the following are applicable:

- the repair or improvements are expected to require more than nine months to complete;
- the rehabilitation activities require more than two payments per specialized contractor;
- the required repairs arising from the appraisal:
 - necessitate a Consultant to develop a specification of repairs/Work Write-Up; or
 - require plans or architectural exhibits; or
- the repair prevents the Borrower from occupying the Property for more than a total of 30 Days during the rehabilitation period.

Additionally, the Limited 203(k) mortgage proceeds **may not** be used to finance the following specific repairs:

- converting a one-family Structure to a two-, three- or four-family Structure;
- decreasing an existing multi-unit Structure to a one- to four-family Structure;
- reconstructing a Structure that has been or will be demolished;
- repairing, reconstructing or elevating an existing foundation;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

- purchasing an existing Structure on another site and moving it onto a new foundation;
- making structural alterations such as the repair of structural damage and New Construction, including room additions;
- landscaping and site improvements;
- constructing a windstorm shelter;
- making additions or alterations to support commercial use or to equip or refurbish space for commercial use; and/or
- making recreational or luxury improvements, such as:
 - new swimming pools;
 - an exterior hot tub, spa, whirlpool bath, or sauna;
 - barbecue pits, outdoor fireplaces or hearths;
 - bath houses;
 - tennis courts;
 - satellite dishes;
 - tree surgery (except when eliminating an endangerment to existing improvements);
 - photo murals; or
 - gazebos.

(C) Limited 203(k) Establishing Repair and Improvement Costs

The Borrower must submit a [Work Plan](#) to the Mortgagee and use one or more contractors to provide the Cost Estimate and complete the required improvements and repairs. The contractors must be licensed and bonded if required by the local jurisdiction. The Borrower must provide the contractors' credentials and bids to the Mortgagee.

The Mortgagee must review the contractors' credentials, work experience and client references and ensure that the contractors meet all jurisdictional licensing and bonding requirements. The Mortgagee must examine the work plan and the contractors' bids and determine if they fall within the usual and customary range for similar work.

The Mortgagee may require the Borrower to provide additional Cost Estimates if necessary.

Exception for Borrowers Doing Own Work

For Borrowers performing their own work under a Rehabilitation Self-Help Agreement, the Borrower must submit a work plan detailing the Work Items to be performed by the Borrower and a Cost Estimate from a contractor other than the Borrower that provides a breakdown of the cost for labor and materials for each Work Item. The contractor must be licensed and bonded if required by the local jurisdiction. The Borrower must not be reimbursed for labor costs.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(D) Limited 203(k) Financeable Repair and Improvement Costs and Fees

The following costs and fees may be financed:

- costs of construction, repairs, and rehabilitation;
- inspection fees performed during the construction period, provided the fees are reasonable and customary for the area;
- the 203(k) Consultant fee, subject to the limits in the 203(k) [Consultant Fee Schedule](#) section;
- title update fees; and
- permits.

Any costs for [Energy Efficient Mortgages](#) and [Solar Energy Systems](#) must not be included in financeable repair and improvement costs.

For Borrowers performing their own work, the Mortgagee must include the costs for labor and materials for each Work Item to be completed by the Borrower under a [Rehabilitation Self-Help Agreement](#).

(E) Limited 203(k) Financeable Contingency Reserves

A Contingency Reserve is not mandated; however, at the Mortgagee's discretion, a Contingency Reserve account may be established and may be financed. The Contingency Reserve account may not exceed 20 percent of the [financeable repair and improvement costs](#).

The Borrower may provide their own funds to establish the Contingency Reserves. Where the Borrower has provided their own funds for Contingency Reserves, they must be noted under a separate category in the Repair Escrow Account.

(F) Limited 203(k) Financeable Mortgage Fees

The Mortgagee may include the following fees and charges in the rehabilitation Cost Estimates.

(1) Origination Fee

The Mortgagee may include a portion of the Borrower-paid origination fee not to exceed the greater of \$350, or 1.5 percent of the total of the [financeable repair and improvement costs and fees](#) and [financeable Contingency Reserves](#).

(2) Discount Points

The Mortgagee may include a portion of the Borrower-paid Discount Points not to exceed an amount equal to the discount point percentage multiplied by total of [financeable repair and improvement costs and fees](#) and [financeable Contingency Reserves](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(G)Limited 203(k) Ineligible Fees and Costs

The following fees and costs **may not** be financed under the Limited 203(k):

- Mortgage Payment Reserves
- architectural/engineering professional fees
- a Feasibility Study

(H)Limited 203(k) Required Documentation

The following documentation is required for the Limited 203(k).

(1) Work Plan

The Mortgagee must obtain a work plan from the Borrower detailing the proposed repairs or improvements. The Borrower may develop the work plan themselves or engage an outside party, including a Contractor or a 203(k) Consultant, to assist. There is no required format for the work plan.

(2) Written Proposal and Cost Estimates

The Mortgagee must obtain a written proposal and Cost Estimate from a contractor for each specialized repair or improvement. The Mortgagee must ensure that the selected contractor meets all jurisdictional licensing and bonding requirements. The written proposal must indicate Work Items that require permits and state that repairs are nonstructural. The Cost Estimate must state the nature and type of repair and cost for each Work Item, broken down by labor and materials.

The Mortgagee must obtain written Cost Estimates for each Work Item, broken down by labor and materials, to be performed by the Borrower under a self-help agreement.

(3) Sales Contract

The Mortgagee must obtain a copy of the sales contract and ensure that the sales contract includes a provision that the Borrower has applied for Section 203(k) financing, and that the contract is contingent upon mortgage approval and the Borrower's acceptance of additional required improvements as determined by the Mortgagee.

When the Borrower is financing a HUD REO Property, the Mortgagee must ensure that the first block on Line 4 of form [HUD-9548](#) is checked, as well as the applicable block for 203(k).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

viii. Appraisals for Standard 203(k) and Limited 203(k)

(A) Establishing Value

The Mortgagee must establish both an Adjusted As-Is Value and an After Improved Value of the Property.

(1) Appraisal Reports

An appraisal by an FHA Roster Appraiser is always required to establish the After Improved Value of the Property. Except as described below in cases of Property Flipping and refinance transactions, the Mortgagee is not required to obtain an as-is appraisal and may use alternate methods mentioned below to establish the Adjusted As-Is Value. If an as-is appraisal is obtained, the Mortgagee must use it in establishing the Adjusted As-Is Value.

(2) Adjusted As-Is Value

The Mortgagee must establish the Adjusted As-Is Value as described below.

(a) Purchase Transactions

For purchase transactions, the Adjusted As-Is Value is the lesser of:

- the purchase price less any inducements to purchase; or
- the As-Is Property Value.

The As-Is Property Value refers to the as-is value as determined by an FHA Roster Appraiser, when an as-is appraisal is obtained.

In the case of Property Flipping, the Mortgagee must obtain an as-is appraisal if needed to comply with the Property Flipping guidelines.

(b) Refinance Transactions

(i) Properties Acquired Greater Than or Equal to 12 Months Prior to the Case Assignment Date

The Mortgagee must obtain an as-is appraisal to determine the Adjusted As-Is Value when the existing debt on the Property plus the following items exceeds the After Improved Value:

- Financeable Repairs and Improvement Costs;
- Financeable Mortgage Fees;
- Financeable Contingency Reserves; and
- Financeable Mortgage Payment Reserves (for Standard 203(k) only).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

When an appraisal is obtained, the Adjusted As-Is Value is the As-Is Property Value.

The Mortgagee has the option of using the existing debt plus fees associated with the new Mortgage or obtaining an as-is appraisal to determine the Adjusted As-Is Value when the existing debt on the Property plus the following items does not exceed the After Improved Value:

- Financeable Repairs and Improvement Costs;
- Financeable Mortgage Fees;
- Financeable Contingency Reserves; and
- Financeable Mortgage Payment Reserves (for Standard 203(k) only).

Existing debt includes:

- the unpaid principal balance of the first Mortgage as of the month prior to mortgage Disbursement;
- the unpaid principal balance of any purchase money junior Mortgage as of the month prior to mortgage Disbursement;
- the unpaid principal balance of any junior liens over 12 months old as of the date of mortgage Disbursement. If the balance or any portion of an equity line of credit in excess of \$1,000 was advanced within the past 12 months and was for purposes other than repairs and rehabilitation of the Property, that portion above and beyond \$1,000 of the line of credit is not eligible for inclusion in the new Mortgage;
- interest due on the existing Mortgage(s);
- Mortgage Insurance Premium (MIP) due on existing Mortgage;
- any prepayment penalties assessed;
- late charges; and
- escrow shortages.

(ii) Properties Acquired Less Than 12 Months Prior to the Case Assignment Date

For properties acquired by the Borrower within 12 months of the case number assignment date, an as-is appraisal must be obtained.

The Adjusted As-Is Value is the As-Is Property Value.

For properties acquired by the Borrower within 12 months of the case assignment date by inheritance or through a Gift from a Family Member, the Mortgagee may utilize the calculation of Adjusted As-Is Value for properties acquired greater than or equal to 12 months prior to the case assignment date.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(3) After Improved Value

To establish the After Improved Value, the Mortgagee must obtain an appraisal of the Property subject to the repairs and improvements.

(B) Documents to be Provided to the Appraiser at Assignment

The Mortgagee must provide the Appraiser with a copy of the Consultant's Work Write-Up and Cost Estimate for a Standard 203(k), or the work plan, contractor's proposal and Cost Estimates for a Limited 203(k).

ix. Maximum Mortgage Amount for Purchase

The maximum mortgage amount that FHA will insure on a 203(k) purchase is the lesser of:

- the appropriate Loan-to-Value (LTV) ratio from the [Loan-to-Value Limits](#), multiplied by the lesser of:
 - the Adjusted As-Is Value, plus:
 - Financeable Repair and Improvement Costs, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
 - Financeable Mortgage Fees, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
 - Financeable Contingency Reserves, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#); and
 - Financeable Mortgage Payment Reserves, for [Standard 203\(k\)](#) only; or
 - 110 percent of the After Improved Value (100 percent for condominiums); or
- the [Nationwide Mortgage Limits](#).

For a HUD REO 203(k) purchase utilizing the Good Neighbor Next Door (GNND) or \$100 Down sales incentive, the Mortgagee must calculate the maximum mortgage amount that FHA will insure in accordance with [HUD REO purchasing](#).

x. Maximum Mortgage Amount for Refinance

The maximum mortgage amount that FHA will insure on a 203(k) refinance is the lesser of:

1. the existing debt and fees associated with the new Mortgage, plus:
 - Financeable Repair and Improvement Costs, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
 - Financeable Mortgage Fees, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
 - Financeable Contingency Reserves, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#); and
 - Financeable Mortgage Payment Reserves, for [Standard 203\(k\)](#) only; or
2. the appropriate LTV ratio below, multiplied by the lesser of:
 - the Adjusted As-Is Value, plus:
 - Financeable Repair and Improvement Costs, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

- Financeable Mortgage Fees, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
 - Financeable Contingency Reserves, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#); and
 - Financeable Mortgage Payment Reserves, for [Standard 203\(k\)](#) only; or
 - 110 percent of the After Improved Value (100 percent for condominiums); or
3. the [Nationwide Mortgage Limits](#).

(A) Loan-to-Value Ratios for Refinance

The table below describes the relationship between the [Borrower's Minimum Decision Credit Score](#) and the LTV ratio for which they are eligible.

If the Borrower's Minimum Decision Credit Score is:	Then the Borrower is:
at or above 580	eligible for maximum financing of 97.75%.
between 500 and 579	limited to a maximum LTV of 90%.

For Secondary Residences, the maximum LTV is 85 percent.

(B) Required Documentation

The Mortgagee must obtain the mortgage payoff statement for existing debt.

xi. Maximum Mortgage Amounts for Energy Efficient Mortgages, Weatherization Items, and Solar Energy Systems

The Mortgagee must calculate the maximum mortgage amount without factoring in the cost of Energy Efficient Mortgage ([EEM](#)) items, [Weatherization](#) items, and [solar energy systems](#). The Mortgagee may then add the cost of these improvements to determine the Base Loan Amount. The Base Loan Amount may not exceed 110 percent of the After Improved Value of the Property (100 percent for condominiums).

For Limited 203(k) transactions, the costs for energy improvements can be in addition to the \$75,000 limit on total rehabilitation costs.

xii. Combined Loan-to-Value

(A) Secondary Financing Provided by Governmental Entities, Homeownership and Opportunity for People Everywhere Grantees, and HUD-Approved Nonprofits

There is no maximum Combined Loan-to-Value (CLTV) for secondary financing meeting the requirements found in [Governmental Entities, Homeownership and Opportunity for People Everywhere \(HOPE\) Grantees, and HUD-Approved Nonprofits](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(B) Secondary Financing Provided by Family Members

There is no maximum CLTV for secondary financing meeting the requirements found in [Family Members](#).

(C) Secondary Financing Provided by Private Individuals and Other Organizations

The maximum CLTV for secondary financing provided by private individuals and other organizations is 110 percent of the After Improved Value. Secondary financing provided by private individuals and other organizations may not be used to meet the Borrower's minimum downpayment requirement.

xiii. Mortgage Insurance Premium

The Mortgagee must comply with the MIP requirements found in the [MIP](#) Chart.

For the purpose of calculating the LTV for application of the MIP, the Mortgagee must divide the Base Loan Amount by the After Improved Value.

xiv. Underwriting

The Mortgagee must comply with the underwriting requirements found in [Origination through Post-closing/Endorsement](#) and the additional guidance provided below.

(A) Required Documentation Standard 203(k) and Limited 203(k)

(1) Identity-of-Interest Certification

Identity of Interest refers to a transaction between Family Members, business partners or other business affiliates.

Conflict of Interest refers to any party to the transaction who has a direct or indirect personal, business, or financial relationship sufficient to appear that may cause partiality and influence the transaction.

Sales transactions between Family Members and tenants/landlords that meet the requirements for the exception in [Exceptions to the Maximum LTV](#) are permitted. The Mortgagee must ensure there are no other instances of Identity of Interest or conflict of interest between parties in the 203(k) transaction. The Borrower and the 203(k) Consultant must each sign an Identity-of-Interest certification that is placed in the case binder.

If the Borrower selected a 203(k) Consultant to perform a Feasibility Study, the Mortgagee may select the same 203(k) Consultant for the project without creating an Identity of Interest.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(a) Borrower's Certification

The Borrower must sign a certification stating the following:

I hereby certify to the Department of Housing and Urban Development (HUD) and (Mortgagee), that I/We ___ do or ___ do not have an identity-of-interest with the seller. I/We do not have an identity-of-interest with the 203(k) Consultant of the property. I also certify that I/We do not have a conflict-of-interest with any other party to the transaction, including the real estate agent, mortgagee, contractor, 203(k) Consultant and/or the appraiser. In addition, I certify that I am not obtaining any source of funds or acting as a buyer for another individual, partnership, company or investment club and I/We ___ will or ___ will not occupy the residence I/We are purchasing or refinancing.

I/We, the undersigned, certify under penalty of perjury that the information provided above is true, accurate, and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §§ 3729, 3802).

Borrower's Signature

Date

Co-borrower's Signature

Date

(b) 203(k) Consultant's Certification

All 203(k) Consultants are required to sign the following certification after preparing/reviewing the Work Write-Up and Cost Estimate, stating:

"I hereby certify that I have carefully inspected this property for compliance with the general acceptability requirements (including health and safety) in HUD's Minimum Property Requirements or Minimum Property Standards. I have required as necessary and reviewed the architectural exhibits, including any applicable engineering and termite reports, and the estimated rehabilitation cost and they are acceptable for the rehabilitation of this property. I have no personal interest, present or prospective, in the property, applicant, or proceeds of the mortgage. I also certify that I have no identity-of-interest or conflict-of-interest with the borrower, seller, mortgagee, real estate agent, appraiser, plan reviewer, contractor, subcontractor or any party with a financial interest in the transaction. To the best of my knowledge, I have reported all items requiring correction and that the rehabilitation proposal now meets all HUD requirements for 203(k) Rehabilitation Mortgage Insurance."

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

I/We, the undersigned, certify under penalty of perjury that the information provided above is true, accurate, and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §§ 3729, 3802).

Consultant's Signature

Date

(2) Borrower Acting as General Contractor or Doing Own Work (Self-Help)

The Mortgagee must document approval for the Borrower to act as the general contractor or to complete their own work.

- The Mortgagee must verify and document that the Borrower is either a licensed general contractor or can document experience in completing rehabilitation projects.
- The Mortgagee must ensure the Borrower demonstrates the necessary expertise and experience to perform the specific repair competently and in a timely manner.
- The Mortgagee must instruct the Borrower of the requirement to maintain complete records showing the actual cost of rehabilitation, including paid receipts for materials and Lien Waivers from any subcontractors.
- The Mortgagee must ensure all permits are obtained prior to commencement of work.
- The Mortgagee must obtain Cost Estimates that clearly state the cost for completion of each Work Item, including the cost of labor and materials; however, only materials cost will be reimbursed.
- The Mortgagee must obtain a signed [Rehabilitation Self-Help Agreement](#) from the Borrower.

(3) Repairs Noted by the Appraiser

When an appraisal report identifies the need for health and safety repairs that were not included in the Consultant's Work Write-Up, Borrower's work plan, or contractor's proposal, the Mortgagee must ensure the repairs are included in the Consultant's final Work Write-Up or the Borrower's final work plan.

(4) Form HUD-92700-A, 203(k) Borrower's Acknowledgement

The Mortgagee must obtain an executed form [HUD-92700-A, 203\(k\) Borrower's Acknowledgement](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(5) Feasibility Study

If a Feasibility Study was performed to determine if the project is financially feasible, the Mortgagee must obtain a copy of the study.

(6) Borrower Contractor Agreement

The Mortgagee must obtain a written agreement between the Borrower and the general contractor, or if there is no general contractor, for each contractor. The contractor must agree in writing to complete the work for the amount of the Cost Estimate and within the allotted time frame.

(B) Required Documentation for Standard 203(k) Only

(1) Consultant Final Work Write-Up and Cost Estimate

The Mortgagee must obtain the final Work Write-Up and Cost Estimate from the Consultant. The final Work Write-Up must include all required repairs and improvements to meet HUD's Minimum Property Standards (MPS) and MPR (as applicable) and the Borrower's electives.

The Cost Estimate must state the nature and type of repair and cost for each Work Item, broken down by labor and materials. Lump sum costs are permitted only in line items where a lump sum estimate is reasonable and customary.

(2) Architectural Exhibits

The Mortgagee must obtain and review all required [architectural exhibits](#) included in the Consultant's final Work Write-Up.

(3) Consultant/Borrower Agreement

The Mortgagee must obtain a written agreement between the Consultant and the Borrower that fully explains the services to be performed and the fees to be charged for each service. The written agreement must disclose to the Borrower that any inspection performed by the Consultant is not a "Home Inspection," as detailed in the disclosure form [HUD-92564-CN](#), *For Your Protection: Get a Home Inspection*.

(C) Required Documentation for Limited 203(k) Only

Contractor's Cost Estimate

The Mortgagee must obtain the final contractor's itemized estimate of the repairs and improvements to be completed for all Work Items.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

xv. Closing

(A) Standard

The Mortgagee must comply with requirements found in the [Closing](#) section and the additional guidance provided below.

There is only one closing that includes the rehabilitation funds. The rehabilitation funds are escrowed and disbursed as the work is satisfactorily completed.

(1) Establishing the Rehabilitation Escrow Account

(a) Standard 203(k)

The Mortgagee must establish an interest-bearing rehabilitation escrow account to include, as applicable:

- [Standard 203\(k\) Financeable Repair and Improvement Costs and Fees](#);
- [Standard 203\(k\) Financeable Contingency Reserves](#);
- [Standard 203\(k\) Financeable Mortgage Payment Reserves](#);
- the cost of EEM, weatherization or solar energy systems improvements; and
- the Borrower's own funds for Contingency Reserves.

(b) Limited 203(k)

The Mortgagee must establish an interest-bearing rehabilitation escrow account to include, as applicable:

- [Limited 203\(k\) Financeable Repair and Improvement Costs and Fees](#);
- [Limited 203\(k\) Financeable Contingency Reserves](#);
- the cost of EEM, weatherization or solar energy systems improvements; and
- the Borrower's own funds for Contingency Reserves.

(c) Escrow Closeout Certification Screen

The Mortgagee must complete all applicable fields on the Escrow Closeout Certification screen in [FHAC](#).

(2) Initial Draw at Closing

The Mortgagee must document the amount and purpose of an initial draw at closing on the form [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(a) Standard 203(k)

For Standard 203(k) transactions, Mortgagees may disburse the following at closing:

- permit fees (the permit must be obtained before work commences);
- prepaid architectural or engineering fees;
- prepaid Consultant fees;
- origination fees;
- Discount Points;
- materials costs for items, prepaid by the Borrower in cash or by the contractor, where a contract is established with the supplier and an order is placed with the manufacturer for delivery at a later date; and
- up to 50 percent of materials costs for items, not yet paid for by the Borrower or contractor, where a contract is established with the supplier and an order is placed with the manufacturer for delivery at a later date.

For any Disbursements paid to the contractor, the Mortgagee must hold back 10 percent of the draw request in the Contingency Reserve.

(b) Limited 203(k)

For Limited 203(k) transactions, Mortgagees may disburse the following at closing:

- permit fees (the permit must be obtained before work commences);
- origination fees;
- Discount Points; and
- up to 50 percent of the estimated materials and labor costs before beginning construction only when the contractor is not willing or able to defer receipt of payment until completion of the work, or the payment represents the cost of materials incurred prior to construction. A statement from the contractor is sufficient to document.

(B) Required Documentation

(1) Rehabilitation Loan Agreement

The Mortgagee and Borrower must execute the [Rehabilitation Loan Agreement](#), which establishes the conditions under which the Mortgagee will disburse the rehabilitation escrow account funds.

The [Rehabilitation Loan Agreement](#) is incorporated by reference and made a part of the security instrument.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(a) Standard 203(k) Rehabilitation Period

The Mortgagee must review the 203(k) Consultant's Work Write-Up to determine the time frame for completion of repairs not to exceed 12 months.

(b) Limited 203(k) Rehabilitation Period

The Mortgagee must consult the Borrower Contractor Agreement to determine the time frame for completion of repairs not to exceed nine months.

(2) Security Instrument and Rehabilitation Loan Rider

If the Mortgage involves releases from the rehabilitation escrow account, the following language must be placed in the security instrument:

“Provisions pertaining to releases are contained in the Rehabilitation Loan Rider, which is attached to this mortgage and made a part hereof.”

The [Rehabilitation Loan Rider](#) is a required modification to a security instrument.

xvi. Data Delivery/203(k) Calculator

The 203(k) Calculator enables Mortgagees to calculate the Maximum Mortgage amount, LTV for MIP, and the amount to establish a repair escrow when required for all 203(k) transactions.

Required data for the 203(k) Calculator are:

- 203(k) Program Type ([Standard 203\(k\)](#) or [Limited 203\(k\)](#));
- As-Is Property Value;
- Adjusted As-Is Value;
- After Improved Value;
- existing debt on the Property for a refinance;
- credit for lead-based paint stabilization per HUD REO contract (if applicable);
- Financeable Repair and Improvement Costs, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
- Financeable Contingency Reserves, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
- Financeable Mortgage Payment Reserves, for [Standard 203\(k\)](#) only;
- Financeable Mortgage Fees, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
- cost of EEM or solar energy systems improvements; and
- principal balance of secondary financing provided by private individuals and other organizations.

For applications to be endorsed prior to the availability of data delivery functionality in FHAC, the Mortgagee must detail the data delivery requirements shown above on form [HUD-92900-LT](#), or include the applicable [203\(k\) Maximum Mortgage Calculation Worksheet](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

xvii. Post-closing and Endorsement

The Mortgagee must comply with requirements in [Post-closing and Endorsement](#).

203(k) Mortgages are eligible for endorsement after the initial mortgage proceeds are disbursed and a rehabilitation escrow account is established.

(A) Rehabilitation Period

The rehabilitation period starts when the Mortgage is funded.

The rehabilitation period is specified in the [Rehabilitation Loan Agreement](#).

(B) Extension Requests

If the work is not completed within the rehabilitation period specified in the Rehabilitation Loan Agreement, the Borrower may request an extension of time and must submit adequate documentation to justify the extension. The Mortgagee may grant an extension at its discretion only if the Mortgage Payments are current or the Borrower is complying with the terms of the forbearance.

(1) Required Documentation

The Mortgagee must obtain:

- evidence that the Mortgage is current or the Borrower is complying with the terms of the forbearance;
- an explanation for the delay from the Borrower, contractor, or Consultant; and
- a new estimated completion date.

(2) Escrow Closeout Certification Screen

The Mortgagee must complete the required fields on the Escrow Closeout Certification screen in [FHAC](#) to document the approval or the denial for the extension request of the rehabilitation period specified in the Rehabilitation Loan Agreement.

(C) Failure to Start or Complete Work

As stated in the [Rehabilitation Loan Agreement](#), the Mortgagee may consider the Mortgage to be in default if work:

- has not started within 30 Days of the Disbursement Date;
- ceases for more than 30 consecutive Days; or
- has not been completed within the established time frame, or an extended time frame approved by the Mortgagee.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

If the Mortgagee considers the Mortgage to be in default for failure to start or complete work, and the Mortgage is not in payment default, the Mortgagee must apply any unused rehabilitation funds toward the principal amount.

xviii. Rehabilitation Escrow Account

When the Mortgage closes, the Mortgagee must place all proceeds designated for the rehabilitation, including the Contingency Reserve, inspection fees and any Mortgage Payments, in an interest-bearing escrow account.

- The Mortgagee must pay the net income earned by the rehabilitation escrow account to the Borrower through an agreed upon method of payment.
- The Mortgagee may allow net income to accumulate and be paid in one lump sum after completion of the rehabilitation.
- The Mortgagee that is the custodian of the repair escrow funds is responsible for ensuring all funds from the escrow account are properly distributed.

(A) Accounting of 203(k) Rehabilitation Funds

The Mortgagee must utilize an accounting system that records all transactions from the rehabilitation escrow account and which documents the amount escrowed for each of these categories:

- repairs
- Contingency Reserve
- inspection fees
- title update fees
- Mortgage Payments
- other fees (i.e., architectural and engineering fees, Consultant fees, permits, supplemental origination fee and Discount Points on repair costs)

The accounting system must provide:

- the Borrower's name and property address
- the FHA case number
- the Closing Date
- the scheduled completion date
- the amount of funds in the rehabilitation escrow account
- the interest rate provided on the escrow account

For each draw on the escrow account, the accounting system must record:

- a list of Disbursements
- the number of Days in escrow
- the amount of money in the account
- the interest earned for the applicable time period
- the balance of interest remaining in the account

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(B) Project Management

Mortgagees must ensure work is completed on schedule and workmanship is acceptable.

When notified of an issue, Mortgagees must intercede in disagreements among Borrowers, contractors, or Consultants.

(1) Health and Safety

The Mortgagee must ensure that all health and safety items not in the original Work Write-Up or work plan that are discovered during the rehabilitation period are addressed by completion of a change order.

(2) Change Order Request

The Mortgagee must obtain form [HUD-92577](#), *Request for Acceptance of Changes in Approved Drawings and Specifications*, from the Consultant or inspector if there are any deviations from the Work Write-Up. The Mortgagee must approve the change order before any work can be done.

(C) Escrow Administration

The Mortgagee is fully responsible for authorizing draw inspections, managing the rehabilitation escrow account, and approving the associated draws from the account.

It is the Mortgagee's responsibility to ensure that any inspections are completed in a quality and timely manner, regardless of who performs the inspections.

(1) Release of Funds

The Mortgagee may release funds only when repairs and improvements per the draw request, whether made by the contractor or Borrower, meet all federal, state, and local laws, codes and ordinances, including any required permits and inspections.

The Mortgagee may release funds for lead-based paint stabilization only when a state- or EPA-certified lead-based paint inspector, certified risk assessor or sampling technician, independent of the firm that performed the stabilization, performs the clearance examination and clearance is obtained.

For an existing Structure moved to a new foundation or a Structure that will be elevated, the Mortgagee must not release mortgage proceeds for the existing Structure on the non-mortgaged Property until the new foundation has been properly inspected and the Structure has been properly placed and secured to the new foundation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

The Mortgagee must obtain Lien Waivers, or equivalent, at the time of any Disbursement of funds to ensure the validity of the first lien on the Property. If all Work Items performed by a contractor have not been completed at the time of draw request, the Mortgagee must obtain a partial conditional Lien Waiver for the Work Items that have been completed for each draw request.

For repairs made by the Borrower under a self-help agreement, the Mortgagee is permitted to release funds for materials only.

When the rehabilitation escrow account includes Mortgage Payment Reserves, the Mortgagee must make monthly Mortgage Payments directly from the interest-bearing reserve account. Once the Property is able to be occupied, application of the Mortgage Payment Reserves will cease. Mortgage Payment Reserves remaining in the reserve account after occupancy of the Property must be used to reduce the mortgage principal.

(a) Draw Request

The Mortgagee must obtain an executed form [HUD-9746-A](#), *Draw Request Section 203(k)*, from the 203(k) Consultant, or from the Borrower when there is no 203(k) Consultant, requesting the release of escrow funds for completed Work Items.

The Mortgagee must review and approve each draw request to ensure that the work for which funds are being requested has been completed satisfactorily and that the form has been properly executed by the Borrower, contractor and Consultant, if any.

The Mortgagee may not approve a draw request for work that is not yet complete.

The Mortgagee may not approve draw requests for materials for work that is not completed, except for:

- materials costs for items prepaid by the Borrower in cash or by the contractor, where a contract is established with the supplier and an order is placed with the manufacturer for delivery at a later date; and
- up to 50 percent of materials costs for items, not yet paid for by the Borrower or contractor, where a contract is established with the supplier and an order is placed with the manufacturer for delivery at a later date.

(b) Change Orders

Work must be 100 percent complete on each change order item before the release of funds for the Work Items from the rehabilitation escrow account.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(c) Holdbacks

The Mortgagee must hold back 10 percent of each draw request prior to release of funds from the rehabilitation escrow account.

Exception

When a subcontractor is 100 percent complete with a Work Item, the work completed is acceptable to the inspector, and the contractor and subcontractor provide the necessary Lien Waivers, or equivalent, the Mortgagee is not required to hold back funds; the Mortgagee has discretion to hold back funds if not required.

(d) Timeliness of Release

The Mortgagee must release funds within five business days after receipt of a properly executed draw request and title update when necessary.

(i) Standard 203(k) Release of Funds

Maximum Draw Requests

The Mortgagee may approve a maximum of five draw requests (four intermediate and one final).

Contingency Reserve

To allow use of contingency funds for improvements other than health and safety when rehabilitation is incomplete, the Mortgagee must determine that it is unlikely that any health or safety deficiency will be discovered, and that the Mortgage will not exceed 95 percent of the After Improved Value.

When the rehabilitation is complete, the Borrower may use the Contingency Reserve account to fund additional improvements not included in the original Work Write-Up.

The Mortgagee must obtain a change order detailing the additional improvements, including the costs of labor and materials.

The Mortgagee must inform the Borrower in writing of the approval or rejection of the request to use funds from the Contingency Reserve account for additional improvements within five business days.

Method of Payment

The Mortgagee will release escrow funds upon completion of the rehabilitation in compliance with the Work Write-Up.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

The Mortgagee must issue checks to both the Borrower and contractors as co-payees, unless the Borrower provides written authorization, at each draw, to issue the check directly to the contractor.

The Mortgagee may issue the check directly to the Borrower alone if the release is for:

- materials for work performed under a self-help agreement; or
- materials for items prepaid by the Borrower under contract with the supplier.

(ii) Limited 203(k) Release of Funds

Maximum Number of Draw Requests

The Mortgagee may approve a maximum of two draw requests per contractor or the Borrower (if acting as the contractor).

When necessary, the Mortgagee may arrange a payment schedule, not to exceed two releases, per specialized contractor (an initial release plus a final release).

Total Repair Costs Less Than or Equal to \$15,000

The Mortgagee must ensure that the repairs and/or improvements have been completed by obtaining contractor's receipts or a signed [Borrower's Letter of Completion](#). The Mortgagee is not required to perform or have others perform inspections of the completed work.

The Mortgagee may choose to obtain or perform inspections if they believe such actions are necessary for program compliance or risk mitigation. If the Mortgagee determines that an inspection by a third party is necessary to ensure proper completion of the proposed repair or improvement item, the Mortgagee may charge the Borrower for the costs of no more than two inspections per contractor.

Total Repair Costs Exceeding \$15,000

The Mortgagee must ensure that the repairs and/or improvements have been completed by performing an inspection or by obtaining an inspection by a third party to determine that the repairs have been satisfactorily completed. The Mortgagee must obtain a signed [Borrower's Letter of Completion](#).

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

Contingency Reserve

The Mortgagee must ensure funds escrowed in the Contingency Reserve are used solely to pay for the proposed repairs or improvements and any unforeseen items related to these repair items.

Method of Payment

The Mortgagee will release rehabilitation escrow funds upon completion of the rehabilitation in compliance with the work plan.

The Mortgagee may issue checks solely to the contractor, or issue checks to the Borrower and the contractor as co-payees.

The Mortgagee may issue the check directly to the Borrower alone if the release is for:

- materials for work performed under a self-help agreement; or
- materials for items prepaid by the Borrower under contract with the supplier.

(2) Final Escrow Closeout

The Mortgagee must include the interest earned in the final payment on the rehabilitation escrow account and may include the total of all [Holdbacks](#). However, if it is required to protect the priority of the security instrument, the Mortgagee may retain the holdback for a period not to exceed 35 Days (or the time period required by law to file a lien, whichever is longer), to ensure compliance with state Lien Waiver laws or other state requirements.

(a) Standard

(i) Standard 203(k)

Before final release of rehabilitation escrow funds, the Mortgagee must approve the final inspection and draw request signed by the Consultant, contractor, and Borrower.

(ii) Limited 203(k)

Before a final release is made to any contractor, the Mortgagee must determine that all work by the contractor has been completed, is acceptable by the Borrower, and all necessary inspections have been made with acceptable documentation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(b) Required Documentation for Both Standard 203(k) and Limited 203(k)

The Mortgagee must:

- obtain the [Borrower's Letter of Completion](#) signed by the Borrower indicating satisfaction with the completed work and requesting a final inspection and final release of funds;
- obtain a CO, or equivalent, if required by the local jurisdiction;
- obtain all inspections required by the local jurisdiction;
- complete the [Final Release Notice](#) authorizing the final payment;
- provide the Mortgagee's extension approval if applicable; and
- obtain a release of any and all liens arising out of the contract or submission of receipts, or other evidence of payment covering all subcontractors or suppliers who could file a legal claim.

(3) Contingency Release

The Mortgagee must inform the Borrower of its approval or rejection of the Borrower's request for funds to be made available from the Contingency Reserve account for the purpose of improvements.

A Borrower who established the Contingency Funds with their own funds may receive a refund of their funds, or may request the remaining funds be applied toward the principal balance.

For Standard 203(k), the Mortgagee must either make funds available for additional improvements or apply the funds toward the principal balance if the Contingency Reserve was financed.

For Limited 203(k), the Mortgagee must apply the funds toward the principal balance if the Contingency Reserve was financed.

(4) Mortgage Payment Reserve

Mortgage Payment Reserves remaining in the reserve account after the Final Release Notice is issued must be used to reduce the mortgage principal.

(5) Escrow Closeout Certification

(a) Standard

After the rehabilitation escrow account is closed, the Mortgagee must complete the Escrow Closeout Certification screen in [FHAC](#) within 30 Days after the escrow account is closed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

(b) Required Documentation

The Mortgagee must certify that the following documents were reviewed and verified for accuracy:

- [Final Release Notice](#)
- [Borrower's Letter of Completion](#)
- title update/Lien Waivers
- draw request forms and inspection reports
- change orders
- Mortgagee accounting of the rehabilitation escrow account and payment ledgers
- contingency release letters

xix. Quality Control

HUD will hold Mortgagees and 203(k) Consultants fully accountable for the mortgage proceeds.

Mortgagees must exercise due diligence with regard to the full scope of the 203(k) Consultant's services. Standards for the 203(k) Consultant's performance must be clearly defined in the Mortgagee's Quality Control Plan and should be provided to each Consultant that the Mortgagee relies on in the 203(k) program. Mortgagees must evaluate and document the performance of these Consultants on at least an annual basis, to include a review of the Consultant's actual work product.

xx. Servicing

(A) Delinquencies

If the Mortgage is [Delinquent](#), the Mortgagee may refuse to make further releases from the rehabilitation escrow account. Mortgagees must treat Mortgages in forbearance, where the Borrower is complying with the terms of the forbearance, as not delinquent for the purpose of administering repair escrow.

(B) Payment Default

The project must stop if the Mortgage is in payment [Default](#). The Mortgagee must obtain an inspection of all repairs that have been completed up until this point by the 203(k) Consultant for a Standard 203(k), or for a Limited 203(k) by a third party. The Mortgagee may approve a release of funds for Work Items that have already been completed as of the date the work was stopped.

The inspection obtained by the Mortgagee must also note any items that are required to be completed to protect the interest of the collateral from deteriorating, such as a roof, and health and safety items for a Property that is occupied. The Mortgagee must ensure the completion of any Work Item that the inspection determines is necessary

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - 203(k) Rehabilitation Mortgage Insurance Program (04/10/2025)

to protect the occupants and/or the collateral. The Mortgagee may use the services of the mortgagor's contractor, if appropriate, or may engage the services of another qualified contractor to complete the Work Item. The Mortgagee may approve a subsequent release of funds for that Work Item.

The Mortgagee has the option to call the Mortgage due and payable.

If the default is cured, the project may resume.

(C) Bankruptcy

The Mortgagee may not approve further advances if the Borrower declares bankruptcy unless otherwise required by law or as needed to protect FHA's first lien position. The Mortgagee must obtain an inspection of all repairs that have been completed by the 203(k) Consultant for a Standard 203(k) or for a Limited 203(k) by a third party. The Mortgagee may approve a release of funds for Work Items that have already been completed as of the date the work was stopped.

(D) Foreclosure of Mortgage during Rehabilitation Period

In the event of a foreclosure during rehabilitation, the Mortgagee must obtain a final inspection to determine the amount of work that has been completed since the start of construction and the cost for the work.

Using a format similar to the [Final Release Notice](#), the Mortgagee will authorize release of rehabilitation escrow funds for the completed work and holdbacks on any previous Disbursements.

If funds remain in the rehabilitation escrow account, the Mortgagee will reduce the amount of claim (unpaid mortgage principal balance) by the unexpended funds in the rehabilitation escrow account.

The Mortgagee must submit a copy of the Final Release Notice with any insurance claim.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Disasters and 203(h) Mortgage Insurance for Disaster Victims (09/14/2015)

b. Disasters and 203(h) Mortgage Insurance for Disaster Victims (09/14/2015)

i. Definition

Section 203(h) of the National Housing Act authorizes FHA to insure Mortgages to victims of a Presidentially-Declared Major Disaster Area (PDMDA) for the purchase or reconstruction of a Single Family Property.

Mortgages to be insured under Section 203(h) must be processed and underwritten in accordance with the regulations and requirements applicable to the 203(b) program. Where 203(b) program guidance conflicts with the specific requirements on Section 203(h) Mortgages provided below, this specific guidance controls.

ii. Eligibility Requirements

(A) Borrower Eligibility

(1) Application Deadline

The FHA case number must be assigned within one year of the date the PDMDA is declared, unless an additional period of eligibility is provided.

(2) Principal Residence

The mortgaged Property must be the Borrower's Principal Residence.

(3) Credit Score

The Borrower must have a minimum credit score of 500.

(B) Property Eligibility

The previous residence (owned or rented) must have been located in a PDMDA and destroyed or damaged to such an extent that reconstruction or replacement is necessary. A list of the specified affected counties and cities and corresponding disaster declarations are provided by the Federal Emergency Management Agency ([FEMA](#)).

The purchased or reconstructed Property must be a Single Family Property or a unit in an FHA-Approved Condominium Project.

(C) Minimum Required Investment/Maximum Loan-to-Value

The Borrower is not required to make the Minimum Required Investment (MRI). The maximum Loan-to-Value (LTV) ratio limit is 100 percent of the Adjusted Value. If a 203(k) is used in conjunction with a 203(h), the 203(k) LTV applies.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Disasters and 203(h) Mortgage Insurance for Disaster Victims (09/14/2015)

(D) Underwriting

The Mortgagee should be as flexible as prudent decision making permits.

The Mortgagee is required to make every effort to obtain traditional documentation regarding employment, assets, and credit, and must document their attempts. Where traditional documentation is unavailable, the Mortgagee may use alternative documentation as outlined below. Where specific requirements are not provided below, the Mortgagee may use alternative documentation that is reasonable and prudent to rely upon in underwriting a Mortgage.

(1) Credit

For Borrowers with derogatory credit, the Mortgagee may consider the Borrower a satisfactory credit risk if the credit report indicates satisfactory credit prior to a disaster, and any derogatory credit subsequent to the date of the disaster is related to the effects of the disaster.

(2) Income

If prior employment cannot be verified because records were destroyed by the disaster, and the Borrower is in the same/similar field, then FHA will accept IRS Form W-2s, *Wage and Tax Statement*, and Tax Returns from the Internal Revenue Service (IRS) to confirm prior employment and income.

The Mortgagee may also include short-term employment obtained following the disaster in the calculation of Effective Income.

(3) Liabilities

When a Borrower is purchasing a new house, the Mortgagee may exclude the Mortgage Payment on the destroyed residence located in a PDMDA from the Borrower's liabilities. To exclude the Mortgage Payments from the liabilities, the Mortgagee must:

- obtain information that the Borrower is working with the servicing Mortgagee to appropriately address their mortgage obligation; and
- apply any property insurance proceeds to the Mortgage of the damaged house.

(4) Assets

If traditional asset documentation is not available, the Mortgagee may use statements downloaded from the Borrower's financial institution website to confirm the Borrower has sufficient assets to close the Mortgage.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Disasters and 203(h) Mortgage Insurance for Disaster Victims (09/14/2015)

(5) Housing Payment History

The Mortgagee may disregard any late payments on a previous obligation on a Property that was destroyed or damaged in the disaster where the late payments were a result of the disaster and the Borrower was not three or more months delinquent on their Mortgage at the time of the disaster.

The Mortgagee may justify approval if the Borrower was three or more months delinquent if extenuating circumstances are documented by the Mortgagee.

iii. Eligibility Documentation Requirements

The Mortgagee must document and verify that the Borrower's previous residence was in the disaster area, and was destroyed or damaged to such an extent that reconstruction or replacement is necessary. Documentation attesting to the damage of the previous house must accompany the mortgage application. If purchasing a new house, the house need not be located in the area where the previous house was located.

iv. Refinancing Policy

Refinancing is permitted in conjunction with rehabilitation.

v. Using Section 203(k) with 203(h) for Rehabilitation

Damaged residences located in a PDMDA are eligible for Section 203(k) mortgage insurance regardless of the age of the Property. The residence only needs to have been completed and ready for occupancy for eligibility under Section 203(k). All other Section 203(k) policy must be followed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Energy Efficient Mortgages (04/29/2019)

c. Energy Efficient Mortgages (04/29/2019)

i. Definitions

The Energy Efficient Mortgage (EEM) program allows the Mortgagee to offer financing for cost-effective energy efficient improvements to an existing Property at the time of purchase or refinancing, or for upgrades above the established residential building code for New Construction.

Cost Effective refers to the costs of the energy efficiency improvements that are less than the present value of the energy saved over the estimated useful life of those improvements.

ii. Eligibility

(A) Eligible Property Types

EEM may be used with:

- New Construction Properties (one- to four-units);
- Existing Construction Properties (one- to four-units);
- condominiums (one unit); or
- Manufactured Housing.

(B) Eligible Programs and Transactions Types

The EEM program can be used in conjunction with any mortgage insurance under Title II, including:

- [203\(b\)](#)
 - Purchase
 - No cash-out refinance
- [203\(h\) Mortgage Insurance for Disaster Victims](#)
- [203\(k\) \(Standard and Limited\)](#)
- [Weatherization policy](#) (Existing Construction only)

iii. Standard

Energy Package

The energy package is the set of improvements agreed to by the Borrower based on recommendations and analysis performed by a qualified home energy rater. The improvements can include energy-saving equipment, and active and passive solar and wind technologies. The energy package can include materials, labor, inspections, and the home energy assessment by a qualified energy rater. If the Borrower desires, labor may include the cost of an EEM Facilitator (project manager).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Energy Efficient Mortgages (04/29/2019)

(A) Cost-Effective Test

The financed portion of an energy package must be cost effective. A cost-effective energy package is one where the cost of the improvements, including maintenance and repair, is less than the value of the energy saved over the estimated useful life of those improvements.

(B) Cost-Effective Test for New Construction

For New Construction, the financed portion of an energy package includes only those cost-effective energy improvements over and above the greater of the following:

- the latest [energy code standard that has been adopted by HUD](#) through a Federal Register notice; or
- the applicable IECC year used by the state or local building code for New Construction.

More information on this energy code can be obtained from the [Department of Energy](#) or the [International Code Council](#).

(C) Changes to the Energy Package after Mortgage Closing

If the work that is done differs from the approved energy package, a change order along with a revised home energy audit must be submitted to the Direct Endorsement (DE) underwriter for approval. If the changes still meet the cost-effective test, no further analysis is required. If not, the funds for the work not included in the approval energy package must be used to pay down the mortgage principal.

iv. Home Energy Report/Assessment

The Borrower must obtain a home energy assessment. The purpose of the energy assessment under the EEM program is to identify opportunities for improving the energy efficiency of the home and their cost effectiveness. The assessment must be conducted by a qualified energy rater, assessor, or auditor using whole-home assessment standards, protocols and procedure.

(A) Qualifications of Energy Raters/Assessors

Qualified home energy raters/assessors must be trained and certified as one of the following:

- Building Performance Institute Building Analyst Professional;
- Building Performance Institute Home Energy Professional Energy Auditor;
- Residential Energy Services Network Home Energy Rater; or
- energy rater, assessor or auditor who meets local or state jurisdictional requirements for conducting residential energy audits or assessments, including training, certification, licensure and insurance requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Energy Efficient Mortgages (04/29/2019)

The home energy report must reflect one of the above professional credentials by the rater/assessor.

(B) Home Energy Report

The home energy report reflects recommendations of energy-saving improvements for the Borrower's consideration. Included with the recommendations are estimates of energy savings and cost-effective analysis for each of the suggested improvements. These estimates consider energy costs in today's dollars (present value). The Mortgagee must use the energy-savings information from the home energy report to determine that the cost-effective test is met for the financed energy package.

(C) Home Energy Report for New Construction

On newly constructed housing, the home energy report must identify improvements that are over and above the greater of the following:

- the requirements of the latest [energy code standard that has been adopted by HUD](#) through a Federal Register notice; or
- the applicable IECC year used by the state or local building code for New Construction.

(D) Required Documentation

The Mortgagee must obtain a copy of the home energy report. This report must not be greater than 120 Days old.

The Mortgagee must submit two forms [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*, as described in the Underwriting Section below.

v. Maximum Financeable Energy Package

The maximum amount of the energy package that can be added to the Base Loan Amount is the lesser of:

- the dollar amount of a cost-effective energy package as determined by the home energy audit; or
- the lesser of 5 percent of:
 - the Adjusted Value;
 - 115 percent of the median area price of a Single Family dwelling; or
 - 150 percent of the national conforming mortgage limit.

Energy Efficient Mortgage Calculator Tool

The Mortgagee must calculate the dollar amount of a cost-effective energy package as determined by the home energy audit, as shown in [Energy Package](#). The EEM Calculator, located in [FHA Connection \(FHAC\)](#) on the Case Processing screen, will perform the calculation of [Maximum Financeable Energy Package](#). The EEM Calculator uses data entered for the Mortgage to calculate the maximum energy package.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Energy Efficient Mortgages (04/29/2019)

For a Streamline Refinance, the EEM Calculator uses the appraised value from the initial transaction, contained within FHA Connection records, as the Adjusted Value.

vi. Maximum Mortgage Amount

The maximum final Base Loan Amount is determined by adding the maximum financeable energy package amount to the initial maximum Base Loan Amount. For New Construction, the cost of the financeable energy package must be subtracted from the sales price when computing the Adjusted Value.

When utilizing an EEM in conjunction with a [203\(k\)](#) or [Weatherization](#), the items included in the maximum financeable energy package must be excluded from the items included when calculating the initial maximum Base Loan Amount under these programs.

The maximum FHA [Nationwide Mortgage Limit](#) for an area may be exceeded by the maximum financeable energy package.

vii. Underwriting

The Mortgagee must calculate the Borrower's debt ratios using the initial Base Loan Amount plus the portion of the Upfront Mortgage Insurance Premium (UFMIP) attributable to the initial Base Loan Amount.

(A) TOTAL Mortgage Scorecard

For purposes of submission to the Technology Open To Approved Lenders (TOTAL) Mortgage Scorecard, the Mortgagee must utilize the initial Base Loan Amount prior to the addition of the financeable energy package.

If the Mortgagee obtains an Accept or Approve on a mortgage application that does not include the financeable energy package, FHA will recognize the risk rating from TOTAL Mortgage Scorecard and permit the increase to the Mortgage Payment without re-underwriting or rescoring. The Mortgagee must provide a form [HUD-92900-LT](#), without the financeable energy package, showing the qualifying ratios in the case binder. A second form [HUD-92900-LT](#) must be completed by the underwriter showing mortgage amount calculation that includes the financeable energy package, as reflected in [FHAC](#). The second form must also be included in the case binder.

The underwriter must attest on the second form [HUD-92900-LT](#) that they have reviewed the calculations associated with the energy efficient improvements and found the Mortgage and the Property to be in compliance with FHA's underwriting instructions.

(B) Manual Underwriting

The Mortgagee must provide a form [HUD-92900-LT](#), without the financeable energy package, showing the qualifying ratios in the case binder. A second form [HUD-92900-](#)

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Energy Efficient Mortgages (04/29/2019)

[LT](#) must be completed by the underwriter showing mortgage amount calculation that includes the financeable energy package, as reflected in [FHAC](#). The second form must also be included in the case binder.

The underwriter must attest on the second form [HUD-92900-LT](#) that they have reviewed the calculations associated with the energy efficient improvements and found the Mortgage and the Property to be in compliance with FHA's underwriting instructions.

viii. Appraisals

For Existing and New Construction, the appraisal does not need to reflect the value of the energy package that will be added to the Property. If the appraisal does include the value of the energy package, the value must be subtracted from the Property Value when computing the Adjusted Value.

On the 203(k) program, the After Improved Value is to be used for the EEM process.

ix. Cash-Out

The Borrower may not receive cash back from the mortgage transaction. If an excess exists, funds must be applied to the principal Mortgage balance.

x. Energy Efficient Mortgage Escrows

For all Mortgages on existing Properties, except 203(k), if the energy package items are not complete by the time of closing, the Mortgagee must establish an escrow account for the remaining cost of the energy improvements in accordance with the [Repair Completion Escrow Requirements](#).

(A) 203(k)

If the energy package is part of a Section 203(k) Rehabilitation Mortgage, then the escrowed amounts of the energy package must be included in the rehabilitation escrow account.

(B) Borrower Labor

Escrows may not include costs for labor or work performed by the Borrower (Sweat Equity).

(C) Form HUD-92300, *Mortgagee's Assurance of Completion*

When funds to complete the energy package are escrowed, the Mortgagee must execute form [HUD-92300](#), *Mortgagee's Assurance of Completion*, to indicate that the escrow for the energy package improvements has been established.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Energy Efficient Mortgages (04/29/2019)

xi. Completion Requirements for Energy Efficient Mortgages

With the exception of 203(k), the energy package is to be installed within 90 Days of the mortgage Disbursement. If the work is not completed within 90 Days, the Mortgagee must apply the EEM funds to a prepayment of the mortgage principal.

For 203(k) Mortgages, the Mortgagee must follow the [203\(k\) escrow guidance](#).

xii. Inspection

The Mortgagee, the rater, or an International Code Council (ICC) Residential Combination Inspector (RCI) or Combination Inspector (CI) may inspect the installation of the improvements. The Borrower may be charged an inspection fee.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

d. Refinances (05/25/2025)

i. Overview

(A) Definition

A Refinance Transaction is used to pay off the existing debt or to withdraw equity from the Property with the proceeds of a new Mortgage for a Borrower with legal title to the subject Property.

(B) Types of Refinances

(1) Cash-Out

A Cash-Out Refinance is a refinance of any Mortgage or a withdrawal of equity where no Mortgage currently exists, in which the mortgage proceeds are not limited to specific purposes.

(2) No Cash-Out

A No Cash-Out Refinance is a refinance of any Mortgage in which the mortgage proceeds are limited to the purpose of extinguishing the existing debt and costs associated with the transaction. FHA offers three types of no cash-out refinances:

(a) Rate and Term

Rate and Term refers to a no cash-out refinance of any Mortgage in which all proceeds are used to pay existing mortgage liens on the subject Property and costs associated with the transaction.

(b) Simple Refinance

Simple Refinance refers to a no cash-out refinance of an existing FHA-insured Mortgage in which all proceeds are used to pay the existing FHA-insured mortgage lien on the subject Property and costs associated with the transaction.

(c) Streamline Refinance

Streamline Refinance refers to the refinance of an existing FHA-insured Mortgage requiring limited Borrower credit documentation and underwriting. There are two different streamline options available.

(i) Credit Qualifying

The Mortgagee must perform a credit and capacity analysis of the Borrower, but no appraisal is required.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

(ii) Non-credit Qualifying

The Mortgagee does not need to perform credit or capacity analysis or obtain an appraisal.

(3) Refinances for the Purpose of Rehabilitation or Repair

A Borrower may refinance existing debts and obtain additional financing for purposes of rehabilitation and repair. Refer to [203\(k\) Rehabilitation Mortgage Insurance Program](#) for guidelines for refinances under FHA's Section 203(k) program.

(4) Refinancing of an Existing Section 235 Mortgage

An existing Section 235 Mortgage may be refinanced as any no cash-out refinance.

In refinancing a Section 235 Mortgage, the Mortgagee is required to repay to FHA any amount of excess subsidy. The outstanding principal balance on a Section 235 is calculated by adding back to the balance any amount of the excess subsidy paid to FHA.

If FHA has a junior lien that was part of the original Section 235 financing, FHA will subordinate the junior lien to the Section 203(b) Mortgage that refinances the Section 235 Mortgage.

ii. General Eligibility

(A) FHA-Insured to FHA-Insured Refinances

FHA-insured to FHA-insured (FHA-to-FHA) refinances may be used with any refinance type. The Mortgagee must obtain a Refinance Authorization Number from [FHA Connection \(FHAC\)](#) for all FHA-to-FHA refinances.

FHA will not issue a new case number for any FHA to FHA Refinance where the existing Mortgage to be paid off has a repair or rehabilitation escrow account that the Escrow Closeout Certification has not been completed in FHAC.

(B) General Borrower Eligibility

At least one Borrower on the refinancing Mortgage must hold title to the Property being refinanced prior to case number assignment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

(C) General Mortgage Eligibility

(1) Standard

The Mortgagee must not approve any Mortgage that refinances or otherwise replaces a Mortgage that has been subject to eminent domain condemnation or seizure, by a state, municipality, or any other political subdivision of a state.

(2) Required Documentation

If the Mortgage to be insured is located in an area where a state, municipality, or other political subdivision has exercised eminent domain condemnation or seizure of a Mortgage, the Mortgagee must obtain a certification from the Borrower stating the Mortgage being refinanced was not subject to eminent domain condemnation or seizure.

iii. Temporary Interest Rate Buydowns

Temporary interest rate buydowns are not permitted with refinance transactions.

iv. Upfront Mortgage Insurance Premium Refunds

If the Borrower is refinancing their current FHA-insured Mortgage to another FHA-insured Mortgage within 3 years, a refund credit is applied to reduce the amount of the Upfront Mortgage Insurance Premium (UFMIP) paid on the refinanced Mortgage, according to the refund schedule shown in the table below:

Upfront Mortgage Insurance Premium Refund Percentages												
Year	Month of Year											
	1	2	3	4	5	6	7	8	9	10	11	12
1	80	78	76	74	72	70	68	66	64	62	60	58
2	56	54	52	50	48	46	44	42	40	38	36	34
3	32	30	28	26	24	22	20	18	16	14	12	10

v. Cash-Out Refinances

(A) Borrower Eligibility

Nonprofit agencies, state and local government agencies and Instrumentalities of Government are not eligible for cash-out refinances. Income from a non-occupant co-Borrower may not be used to qualify for a cash-out refinance.

If the subject Property is a one-unit with an Accessory Dwelling Unit (ADU), rental income from the ADU cannot be used as Effective Income to qualify for a cash-out refinance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

Mortgagees must apply this requirement for both Mortgages underwritten through TOTAL Scorecard and manual underwriting.

(1) Occupancy Requirements

(a) Standard

Cash-out refinance transactions are only permitted on owner-occupied Principal Residences.

The Property securing the cash-out refinance must have been owned and occupied by at least one Borrower as their Principal Residence for the 12 months prior to the date of case number assignment.

If the Property is a Manufactured Home, it must have been permanently installed on a site for more than 12 months prior to case number assignment.

Exception

In the case of inheritance, a Borrower is not required to occupy the Property for a minimum period of time before applying for a cash-out refinance, provided the Borrower has not treated the subject Property as an Investment Property at any point since inheritance of the Property. If the Borrower rents the Property following inheritance, the Borrower is not eligible for cash-out refinance until the Borrower has occupied the Property as a Principal Residence for at least 12 months.

(b) Required Documentation

The Mortgagee must review the Borrower's employment documentation or obtain utility bills to evidence the Borrower has occupied the subject Property as their Principal Residence for the 12 months prior to case number assignment.

(2) Payment History Requirements

(a) Standard

For both Mortgages underwritten through TOTAL Scorecard and manually underwritten Mortgages, the Mortgagee must document that the Borrower has made all payments for all their Mortgages within the month due for the previous 12 months or since the Borrower obtained the Mortgages, whichever is less.

Additionally, the payments for all Mortgages secured by the subject Property must have been paid within the month due for the month prior to mortgage Disbursement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

Subject Properties with Mortgages must have a minimum of six months of Mortgage Payments on the current loan. Properties owned free and clear may be refinanced as cash-out transactions.

A Borrower who was granted mortgage payment forbearance must have:

- completed the Forbearance Plan on the subject Property; and
- made at least 12 consecutive Mortgage Payments within the month due on the Mortgage since completing the Forbearance Plan.

(b) Required Documentation

If the Mortgage on the subject Property is not reported in the Borrower's credit report or is not in the name of the Borrower, the Mortgagee must obtain a verification of Mortgage, bank statements or other documentation to evidence that all payments have been made by the Borrower in the month due for the previous 12 months.

Where a Mortgage reflects payments under a modification or Forbearance Plan within the 12 months prior to case number assignment, the Mortgagee must obtain:

- a copy of the modification or Forbearance Plan; and
- evidence of the payment amount and date of payments during the forbearance term.

A Forbearance Plan is not required if the forbearance was due to the impacts of the COVID-19 National Emergency.

(B) Maximum Mortgage Amounts

(1) Standard

(a) Maximum Loan-to-Value

The maximum LTV is 80 percent of the Adjusted Value.

(b) Maximum Combined Loan-to-Value

The maximum CLTV is 80 percent of the Adjusted Value.

(c) Nationwide Mortgage Limit

The combined mortgage amount of the first Mortgage and any subordinate liens cannot exceed the [Nationwide Mortgage Limit](#) described in [National Housing Act's Statutory Limits](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

(2) Required Documentation

The Mortgagee must obtain the payoff statement for all existing Mortgages.

vi. No Cash-Out Refinances

(A) Rate and Term

(1) Borrower Eligibility

(a) Occupancy Requirements

(i) Standard

Rate and Term refinance transactions are only permitted on owner-occupied Principal Residences and HUD-approved Secondary Residences.

(ii) Required Documentation

The Mortgagee must review the Borrower's employment documentation or obtain utility bills to evidence the Borrower currently occupies the Property and determine the length of time the Borrower has occupied the subject Property as their Principal Residence.

(b) Payment History Requirements (Manually Underwritten)

(i) Standard

For all mortgages on all properties with less than six months of Mortgage Payment history, the Borrower must have made all payments within the month due.

For all mortgages on all properties with greater than six months history, the Borrower must have made all Mortgage Payments within the month due for the six months prior to case number assignment and have no more than one 30-Day late payment for the previous six months for all mortgages.

A Borrower who was granted mortgage payment forbearance must have:

- completed the Forbearance Plan on the subject Property; and
- made at least three consecutive Mortgage Payments within the month due on the Mortgage since completing the Forbearance Plan.

The Borrower must have made the payments for all Mortgages secured by the subject Property for the month prior to Mortgage Disbursement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

(ii) Required Documentation

If the Mortgage on the subject Property is not reported in the Borrower's credit report or is not in the name of the Borrower, the Mortgagee must obtain a verification of Mortgage, bank statements, or other documentation to evidence that all payments have been made by the Borrower in the month due for the previous 12 months.

Where a mortgage reflects payments under a modification or Forbearance Plan within the 12 months prior to case number assignment, the Mortgagee must obtain:

- a copy of the modification or Forbearance Plan; and
- evidence of the payment amount and dates of payments during the forbearance term.

A Forbearance Plan is not required if the forbearance was due to the impacts of the COVID-19 National Emergency.

(2) Maximum Mortgage Amount

(a) Maximum Loan-to-Value Ratio

The maximum LTV for a Rate and Term refinance is:

- 97.75 percent for Principal Residences that have been owner-occupied for the previous 12 months, or owner-occupied since acquisition if acquired within 12 months, at case number assignment;
- 85 percent for a Borrower who has occupied the subject Property as their Principal Residence for fewer than 12 months prior to the case number assignment date; or if owned less than 12 months, has not occupied the Property for that entire period of ownership; or
- 85 percent for all HUD-approved Secondary Residences.

(b) Calculating Maximum Mortgage Amount

(i) Standard

The maximum mortgage amount for a Rate and Term refinance is:

- the lesser of:
 - the [Nationwide Mortgage Limit](#);
 - the maximum LTV based on the Maximum LTV Ratio from above; or
 - the sum of existing debt and costs associated with the transaction as follows:
 - existing debt includes:
 - the unpaid principal balance of the first Mortgage as of the month prior to mortgage Disbursement;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

- the unpaid principal balance of any purchase money junior Mortgage as of the month prior to mortgage Disbursement;
- the unpaid principal balance of any junior liens over 12 months old as of the date of mortgage Disbursement. If the balance or any portion of an equity line of credit in excess of \$1,000 was advanced within the past 12 months and was for purposes other than repairs and rehabilitation of the Property, that portion above and beyond \$1,000 of the line of credit is not eligible for inclusion in the new Mortgage;
- ex-spouse or co-Borrower equity, as described in “Refinancing to Buy Out Title-Holder Equity” below;
- interest due on the existing Mortgage(s);
- the unpaid principal balance of any unpaid PACE obligation;
- Mortgage Insurance Premium (MIP) due on existing Mortgage;
- any prepayment penalties assessed;
- late charges; and
- escrow shortages;
- allowed costs include all Borrower-paid costs associated with the new Mortgage; and
- any Borrower-paid repairs required by the appraisal;
- less any refund of the Upfront Mortgage Insurance Premium (UFMIP).

Short Payoffs

The Mortgagee may approve a Rate and Term refinance where the maximum mortgage amount is insufficient to extinguish the existing mortgage debt, provided the existing Note holder writes off the amount of the indebtedness that cannot be refinanced into the new FHA-insured Mortgage.

Refinancing to Buy Out Title-Holder Equity

When the purpose of the new Mortgage is to refinance an existing Mortgage to buy out an existing title holder’s equity, the specified equity to be paid is considered property-related indebtedness and eligible to be included in the new mortgage calculation. The Mortgagee must obtain the divorce decree, settlement agreement, or other legally enforceable equity agreement to document the equity awarded to the title holder.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

Refinancing to Pay off Recorded Land Contracts

When the purpose of the new Mortgage is to pay off an outstanding recorded land contract, the unpaid principal balance will be deemed to be the outstanding balance on the recorded land contract.

Use of Estimates in Calculating Maximum Mortgage Amount

The Mortgagee may utilize estimates of existing debts and costs in calculating the maximum mortgage amount to the extent that the actual debts and costs do not result in the Borrower receiving greater than \$500 cash back at mortgage Disbursement.

Cash to the Borrower resulting from the refund of Borrowers' unused escrow balance from the previous Mortgage must not be considered in the \$500 cash back limit whether received at or subsequent to mortgage Disbursement.

Excess Cash Back

When the estimated costs utilized in calculating the maximum mortgage amount result in greater than \$500 cash back to the Borrower at mortgage Disbursement, Mortgagees may reduce the Borrower's principal balance on the subject loan to satisfy the \$500 cash back requirement. The Mortgagee must submit the Mortgage for endorsement at the reduced principal amount.

(ii) Required Documentation

The Mortgagee must obtain the payoff statement on all existing Mortgages.

(c) Maximum Combined Loan-to-Value Ratio

The maximum CLTV ratio for a Rate and Term refinance is 97.75 percent. For open-end line of credit, the Mortgagee must utilize the maximum accessible credit limit of the subordinate lien to calculate the CLTV ratio.

(3) Refinance of HOPE for Homeowners Mortgages

If the Mortgage being refinanced is a HOPE for Homeowners Mortgage, the Mortgagee must refer to the requirements in the [HOPE for Homeowners](#) servicing section.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

(B) Simple Refinance

(1) Borrower Eligibility

(a) Occupancy Requirements

(i) Standard

Simple Refinance is only permissible for owner-occupied Principal or HUD-approved Secondary Residences.

(ii) Required Documentation

The Mortgagee must review the Borrower's employment documentation or obtain utility bills to evidence the Borrower currently occupies the Property as their Principal Residence.

The Mortgagee must obtain evidence that the Secondary Residence has been approved by FHA the Jurisdictional HOC.

(b) Payment History Requirements (Manually Underwritten)

(i) Standard

For all mortgages on all properties with less than six months of Mortgage Payment history, the Borrower must have made all payments within the month due.

For all mortgages on all properties with greater than six months history, the Borrower must have made all Mortgage Payments within the month due for the six months prior to case number assignment and have no more than one 30-Day late payment for the previous six months for all mortgages.

A Borrower who was granted mortgage payment forbearance must have:

- completed the Forbearance Plan on the subject Property; and
- made at least three consecutive Mortgage Payments within the month due on the Mortgage since completing the Forbearance Plan.

The Borrower must have made the payments for all Mortgages secured by the subject Property for the month prior to Mortgage Disbursement.

(ii) Required Documentation

If the Mortgage on the subject Property is not reported in the Borrower's credit report or is not in the name of the Borrower, the Mortgagee must

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

obtain a verification of Mortgage, bank statements, or other documentation to evidence that all payments have been made by the Borrower in the month due for the previous 12 months.

Where a Mortgage reflects payments under a modification or Forbearance Plan within the 12 months prior to case number assignment, the Mortgagee must obtain:

- a copy of the modification or Forbearance Plan; and
- evidence of the payment amount and date of payments during the forbearance term.

A Forbearance Plan is not required if the forbearance was due to the impacts of the COVID-19 National Emergency.

(2) Maximum Mortgage Amount

(a) Maximum Loan-to-Value

The maximum LTV ratio for a Simple Refinance is:

- 97.75 percent for Principal Residences; and
- 85 percent for HUD-approved Secondary Residences.

(b) Maximum Combination Loan-to-Value

The maximum CLTV for a Simple Refinance is:

- 97.75 percent for Principal Residences; and
- 85 percent for HUD-approved Secondary Residences.

(3) Calculating Maximum Mortgage Amount for Simple Refinance Transactions

(a) Standard

The maximum mortgage amount for a Simple Refinance is:

- the lesser of:
 - the [Nationwide Mortgage Limit](#);
 - the maximum LTV ratio from above; or
 - the sum of existing debt and costs associated with the transaction as follows:
 - existing debt includes:
 - unpaid principal balance of the FHA-insured first Mortgage as of the month prior to mortgage Disbursement;
 - interest due on the existing Mortgage;
 - the unpaid principal balance of any PACE obligation;
 - MIP due on existing Mortgage;
 - late charges; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

- escrow shortages;
- allowed costs include all Borrower-paid costs associated with the new Mortgage; and
- Borrower-paid repairs required by the appraisal;
- less any refund of UFMIP.

(b) Use of Estimates in Calculating Maximum Mortgage Amount

The Mortgagee may utilize estimates of existing debts and costs in calculating the maximum mortgage amount to the extent that the actual debts and costs do not result in the Borrower receiving greater than \$500 cash back at mortgage Disbursement.

Cash to the Borrower resulting from the refund of Borrower's unused escrow balance from the previous Mortgage must not be considered in the \$500 cash back limit whether received at or subsequent to mortgage Disbursement.

(c) Excess Cash Back

When the estimated costs utilized in calculating the maximum mortgage amount resulted in greater than \$500 cash back to the Borrower at mortgage Disbursement, Mortgagees may reduce the Borrower's principal balance on the subject loan to satisfy the \$500 cash back requirement.

(d) Required Documentation

The Mortgagee must obtain the payoff statement for the existing Mortgage being refinanced.

(4) Upfront and Annual Mortgage Insurance Premium

See [Appendix 1.0 – Mortgage Insurance Premiums](#) for assessing upfront and annual MIP.

(C) Streamline Refinances

Streamline Refinance may be used when the proceeds of the Mortgage are used to extinguish an existing FHA-insured first mortgage lien. Mortgagees must manually underwrite all Streamline Refinances in accordance with the guidance provided in this section.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

(1) Streamline Refinance Exemptions

(a) Non-credit Qualifying Exemptions ~~{Text was deleted in this section.}~~

Unless otherwise stated in this section, the following sections of [Origination through Post-closing/Endorsement](#) do not apply to non-credit qualifying Streamline Refinances:

- Ordering Appraisal
- Transferring Existing Appraisal
- Ordering Second Appraisal
- Ordering an Update to an Appraisal
- Borrower Minimum Decision Credit Score
- Borrower and Co-Borrower Ownership and Obligation Requirements
- Co-signer Requirements
- Principal Residence in the United States
- Military Personnel Eligibility
- Borrower Ineligibility Due to Delinquent Federal Non-Tax Debt
- Delinquent Federal Tax Debt
- Property Eligibility and Acceptability Criteria
- National Housing Act's Statutory Limits
- Nationwide Mortgage Limits
- LTV Limitations Based on Borrower's Credit Score
- Underwriting the Property
- Underwriting the Borrower Using the TOTAL Mortgage Scorecard
- Credit Requirements (Manual)
- Income Requirements (Manual)
- Asset Requirements (Manual)
- Underwriting of Credit and Debt (Manual)
- Underwriting of Income (Manual)
- Underwriting of Assets (Manual)
- Calculating Qualifying Ratios (Manual)
- Approvable Ratio Requirements (Manual)
- Documenting Acceptable Compensating Factors (Manual)

(b) Credit Qualifying Exemptions

The following sections of [Origination through Post-closing/Endorsement](#) do not apply to credit qualifying Streamline Refinances:

- Ordering Appraisal
- Transferring Existing Appraisal
- Ordering Second Appraisal
- Ordering an Update to an Appraisal
- Borrower Ineligibility Due to Delinquent Federal Non-Tax Debt
- Delinquent Federal Tax Debt

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

- Property Eligibility and Acceptability Criteria
- National Housing Act's Statutory Limits
- Nationwide Mortgage Limits
- LTV Limitations Based on Borrower's Credit Score
- Underwriting the Property
- Underwriting the Borrower Using the TOTAL Mortgage Scorecard

(2) Borrower Eligibility

(a) Occupancy Requirements

(i) Standard

Streamline Refinances may be used for Principal Residences, HUD-approved Secondary Residences, or non-owner occupied Properties.

(ii) Required Documentation

The Mortgagee must review one of the following to evidence that the Borrower currently occupies the Property as their Principal Residence:

- Borrower's employment documentation;
- utility bills; or
- direct electronic verification by a Third Party Verification (TPV) vendor verifying the Borrower's address is the same as that of the subject Property.

The Mortgagee must obtain evidence that the Secondary Residence has been approved by ~~the Jurisdictional HOC~~ **FHA**.

The Mortgagee must process the Streamline Refinance as a non-owner occupied Property if the Mortgagee cannot obtain evidence that the Borrower occupies the Property either as a Principal or Secondary Residence.

(b) Payment History Requirements

(i) Standard

Non-credit Qualifying

The Borrower must have made all Mortgage Payments for all Mortgages on the subject Property within the month due for the six months prior to case number assignment and have no more than one 30-Day late payment for the previous six months for all Mortgages on the subject Property. The Borrower must have made the payments for all Mortgages secured by the subject Property within the month due for the month prior to mortgage Disbursement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

A Borrower who was granted mortgage payment forbearance on the subject Property is eligible for a non-credit qualifying Streamline Refinance and considered to have acceptable Mortgage Payment history provided that, at the time of case number assignment, the Borrower has:

- completed the Forbearance Plan on the subject Property; and
- made at least three consecutive monthly Mortgage Payments within the month due on the Mortgage since completing the Forbearance Plan.

Credit Qualifying

For all mortgages on all properties with less than six months of Mortgage Payment history, the Borrower must have made all payments within the month due.

For all mortgages on all properties with greater than six months of Mortgage Payment history, the Borrower must have made all Mortgage Payments within the month due for the six months prior to case number assignment and have no more than one 30-Day late payment for the previous six months.

The Borrower must have made the payments for all Mortgages secured by the subject Property within the month due for the month prior to mortgage Disbursement.

A Borrower who is still in mortgage payment forbearance at the time of case number assignment, or has made less than three consecutive monthly Mortgage Payments within the month due since completing the Forbearance Plan, is eligible for a credit qualifying Streamline Refinance provided the Borrower:

- made all Mortgage Payments within the month due for the six months prior to forbearance; and
- had no more than one 30-Day late payment for the previous six months.

(ii) Required Documentation

If the Mortgage on the subject Property is not reported in the Borrower's credit report or is not in the name of the Borrower, the Mortgagee must obtain a verification of Mortgage, bank statements, or other documentation to evidence that all payments have been made by the Borrower in the month due for the previous 12 months.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

Where a Mortgage reflects payments under a modification or Forbearance Plan within the 12 months prior to case number assignment, the Mortgagee must obtain:

- a copy of the Modification or Forbearance Plan; and
- evidence of the payment amount and date of payments during the agreement term.

Documentation of a Forbearance Plan is not required if the forbearance was due to the impacts of the COVID-19 National Emergency.

(3) Non-owner Occupied Properties and HUD-Approved Secondary Residences

Non-owner occupied Properties and HUD-approved Secondary Residences are only eligible for Streamline Refinancing into a fixed rate Mortgage.

(4) General Information Applicable to All Streamline Refinances

(a) Mortgage Seasoning Requirements

On the date of the FHA case number assignment:

- the Borrower must have made at least six payments on the FHA-insured Mortgage that is being refinanced (where the FHA-insured Mortgage has been modified, the Borrower must have made at least six payments under the modification agreement);
- at least six full months must have passed since the first payment due date of the Mortgage that is being refinanced;
- at least 210 Days must have passed from the Closing Date of the Mortgage that is being refinanced; and
- if the Borrower assumed the Mortgage that is being refinanced, they must have made six payments since the time of assumption.

(b) Use of TOTAL Mortgage Scorecard on Streamline Refinances

The Mortgagee must manually underwrite all Streamline Refinances. The Mortgagee may score the Mortgage through TOTAL Mortgage Scorecard but the findings are invalid.

(c) Net Tangible Benefit of Streamline Refinances

(i) Definitions

A Net Tangible Benefit is a reduced Combined Rate, a change from an ARM to a fixed rate Mortgage, and/or a reduced term that results in a financial benefit to the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

Combined Rate refers to the interest rate on the Mortgage plus the Mortgage Insurance Premium (MIP) rate.

Reduction in Term refers to the reduction of the remaining amortization period of the existing Mortgage.

(ii) Standard for Refinances without a Term Reduction or with a Term Reduction of Less Than Three Years

The Mortgagee must determine that there is a net tangible benefit to the Borrower meeting the standards in the chart below for all Streamline Refinance transactions without a reduction in term or with a reduction in term of less than three years.

From	To		
	Fixed Rate New Combined Rate	One-Year ARM New Combined Rate	Hybrid ARM New Combined Rate
Fixed Rate	At least 0.5 percentage points below the prior Combined Rate.	At least 2 percentage points below the prior Combined Rate.	At least 2 percentage points below the prior Combined Rate.
Any ARM With Less Than 15 Months to Next Payment Change Date	No more than 2 percentage points above the prior Combined Rate.	At least 1 percentage point below the prior Combined Rate.	At least 1 percentage point below the prior Combined Rate.
Any ARM With Greater Than or Equal to 15 Months to Next Payment Change Date	No more than 2 percentage points above the prior Combined Rate.	At least 2 percentage points below the prior Combined Rate.	At least 1 percentage point below the prior Combined Rate.

(iii) Standard for Refinances with a Term Reduction of Three Years or More

The Mortgagee must determine that there is a net tangible benefit to the Borrower meeting the standards in the chart below for all Streamline Refinance transactions with a reduction in term of three years or more.

Additionally, the combined principal, interest, and MIP payment of the new Mortgage must not exceed the combined principal, interest, and MIP payment of the refinanced Mortgage by more than \$50.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

From	To		
	Fixed Rate New Combined Rate	One-Year ARM New Combined Rate	Hybrid ARM New Combined Rate
Fixed Rate	Below the prior Combined Rate.	N/A	N/A
Any ARM With Less Than 15 Months to Next Payment Change Date	No more than 2 percentage points above the prior Combined Rate.	N/A	N/A
Any ARM With Greater Than or Equal to 15 Months to Next Payment Change Date	No more than 2 percentage points above the prior Combined Rate.	N/A	N/A

(d) HUD Employee Mortgage

For non-credit qualifying Streamline Refinances only, any HUD employee may have their Mortgage underwritten and approved/denied by the Mortgagee.

(e) Reviewing Limited Denial Participation and SAM Exclusion Lists

The Mortgagee must check the HUD [Limited Denial of Participation \(LDP\) List](#) to confirm the Borrower's eligibility to participate in an FHA-insured mortgage transaction.

The Mortgagee must check the [System for Award Management \(SAM\)](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

(f) Borrower Additions to Title

Individuals may be added to the title and Mortgage on a non-credit qualifying Streamline Refinance without a creditworthiness review.

(g) Borrower Credit Reports

FHA does not require a credit report on the non-credit qualifying Streamline Refinance. The Mortgagee must obtain a [credit report](#) for the credit qualifying Streamline Refinance.

If the Mortgagee obtains a credit score, the Mortgagee must enter it into [FHAC](#). If more than one credit score is obtained, the Mortgagee must enter all available credit scores into [FHAC](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

(h) Funds to Close

If the funds to close exceed the total Mortgage Payment of the new Mortgage, the Mortgagee must verify the full amount of the Borrower's funds to close in accordance with [Sources of Funds](#).

Additionally, the Mortgagee may provide an unsecured interest-free loan to establish a new escrow account in an amount not to exceed the present escrow balance on the existing Mortgage.

(i) Maximum Mortgage Amortization Period

The maximum amortization period of a Streamline Refinance is limited to the lesser of:

- the remaining amortization period of the existing Mortgage plus 12 years; or
- 30 years.

(j) Maximum Mortgage Calculation for Streamline Refinances

(i) Standard

For owner-occupied Principal Residences and HUD-approved Secondary Residences, the maximum Base Loan Amount for Streamline Refinances is:

- the lesser of:
 - the outstanding principal balance of the existing Mortgage as of the month prior to mortgage Disbursement; plus:
 - interest due on the existing Mortgage;
 - Late Charges;
 - escrow shortages; and
 - MIP due on existing Mortgage; or
 - the original principal balance of the existing Mortgage (including financed UFMIP);
- less any refund of UFMIP.

For Investment Properties, the maximum Base Loan Amount for Streamline Refinances is:

- the lesser of:
 - the outstanding principal balance of the existing Mortgage as of the month prior to mortgage Disbursement; or
 - the original principal balance of the existing Mortgage (including financed UFMIP);
- less any refund of UFMIP.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

Use of Estimates in Calculating Maximum Mortgage Amount

The Mortgagee may utilize estimates in calculating the maximum mortgage amount to the extent that the total mortgage amount does not result in the Borrower receiving greater than \$500 cash back at mortgage Disbursement.

Cash to the Borrower resulting from the refund of Borrowers unused escrow balance from the previous Mortgage must not be considered in the \$500 cash back limit whether received at or subsequent to mortgage Disbursement.

Excess Cash Back

When the estimates utilized in calculating the maximum mortgage amount resulted in greater than \$500 cash back to the Borrower at mortgage Disbursement, Mortgagees may reduce the Borrower's principal balance on the subject loan to satisfy the \$500 cash back requirement.

(ii) Required Documentation

The Mortgagee must obtain the payoff statement on the existing Mortgage.

(k) Maximum Combination Loan-to-Value Ratio and Subordinate Financing

Existing subordinate financing, in place at the time of case number assignment, must be resubordinated to the Streamline Refinance. New subordinate financing is permitted only where the proceeds of the subordinate financing are used to:

- reduce the principal amount of the existing FHA-insured Mortgage; or
- finance the origination fees, other closing costs, prepaid items, or Discount Points associated with the refinance.

There is no maximum CLTV.

Mortgagees must contact the [National Servicing Center](#) for processing of any HUD-held lien subordination.

(l) Appraisal and Inspection Requirements on Streamline Refinances

Appraisals are not required on Streamline Refinances. The receipt or possession of an appraisal by the Mortgagee does not affect the eligibility or maximum mortgage amount on Streamline Refinances.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Refinances (05/25/2025)

(m) Assessing Upfront and Annual MIP

See [Appendix 1.0 – Mortgage Insurance Premiums](#) for assessing upfront and annual MIP.

For the purpose of calculating the MIP, FHA uses the original value of the Property to calculate the LTV.

(n) HOPE for Homeowners Mortgages

HOPE for Homeowners Mortgages may not be refinanced using the FHA streamline process.

(5) Streamline Refinance Non-credit Qualifying

(a) Borrower Eligibility

A Borrower is eligible for a Streamline Refinance without credit qualification if all Borrowers on the existing Mortgage remain as Borrowers on the new Mortgage. Mortgages that have been assumed are eligible provided the previous Borrower was released from liability.

Exception

A Borrower on the Mortgage to be paid may be removed from title and new Mortgage in cases of divorce, legal separation or death when:

- the divorce decree or legal separation agreement awarded the Property and responsibility for payment to the remaining Borrower, if applicable; and
- the remaining Borrower can demonstrate that they have made the Mortgage Payments for a minimum of six months prior to case number assignment.

(b) Special Documentation and Procedures for Non-credit Qualifying Streamline Refinances ~~Text was deleted in this section.~~

Mortgagees may use an abbreviated [Fannie Mae Form 1003/Freddie Mac Form 65](#), *Uniform Residential Loan Application (URLA)* on non-credit qualifying Streamline Refinances only. For non-credit qualifying Streamline Refinances, Mortgagees are not required to complete Sections 1b-1e, 2, 3, or 5, with the exception of 5a.A (Occupancy), which must be answered.

8. Programs and Products - Section 251 Adjustable Rate Mortgages (05/02/2023)

f. Section 251 Adjustable Rate Mortgages (05/02/2023)

i. Definition

An Adjustable Rate Mortgage (ARM) refers to a Mortgage in which the interest rate can change annually based on an index plus a margin.

ii. Required Disclosures

The Borrower must sign a disclosure that explains the terms of the ARM at mortgage application.

iii. ARM Types

The Mortgagee must establish the initial interest rate and the margin. The margin must be constant for the entire term of the Mortgage.

The interest rate must remain constant for an initial period of 1, 3, 5, 7, or 10 years, depending on the ARM program chosen by the Borrower, and then may change annually for the remainder of the mortgage term.

A 1- and 3-year ARM may increase by one percentage point annually after the initial fixed interest rate period, and five percentage points over the life of the Mortgage.

A 5-year ARM may either allow for increases of one percentage point annually, and five percentage points over the life of the Mortgage; or increases of two percentage points annually, and six points over the life of the Mortgage.

A 7- and 10-year ARM may only increase by two percentage points annually after the initial fixed interest rate period, and six percentage points over the life of the Mortgage.

iv. Initial Interest Rate Adjustments

The first interest rate adjustment must occur in accordance with the following chart:

If the ARM is initially at a fixed interest rate for ...	Then the first adjustment rate change may occur no sooner than ...	And no later than ...
1 year	12 months	18 months.
3 years	36 months	42 months.
5 years	60 months	66 months.
7 years	84 months	90 months.
10 years	120 months	126 months.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Section 251 Adjustable Rate Mortgages (05/02/2023)

v. Indices

The interest rate governing index may be the 1-Year [Constant Maturity Treasury \(CMT\)](#) or [30-day average Secured Overnight Financing Rate \(SOFR\)](#).

The 1-Year CMT is the weekly average yield on U.S. Treasury Securities, adjusted to a constant maturity of one year, as published by the Board of Governors of the Federal Reserve System in its statistical release on Selected Interest Rates (H.15) at <https://www.federalreserve.gov/releases/h15/default.htm>.

The 30-day average SOFR is the compounded average of the SOFR over a rolling 30-day period, as administered and published daily by the Federal Reserve Bank of New York and available at: <https://www.newyorkfed.org/markets/reference-rates/sofr-averages-and-index>.

vi. Temporary Interest Rate Buydowns

Temporary interest rate buydowns are not permitted with ARM transactions.

vii. Underwriting Requirements

The Mortgagee must underwrite the Mortgage based on payments calculated using the initial interest rate.

1-year ARMs

If the Loan-to-Value (LTV) is 95 percent or more, the Mortgagee must underwrite the Mortgage based on payments calculated using the initial interest rate plus one percent.

If the Mortgage is less than 95 percent, the Mortgagee must underwrite the Mortgage based on payments calculated using the initial interest rate.

viii. Mortgage Term

The ARM must be fully amortizing over a period of no more than 30 years.

ix. Required Documentation

(A) Model Note

The Mortgagee must use the [Model ARM Note](#) for all ARMs. Paragraph 1 of this form must be adapted or additional paragraphs may be added to provide a full description of the adjustable rate feature of the Mortgage to the extent required by state or local law to create an enforceable agreement.

The Mortgagee must ensure that the ARM Note contains amortization provisions that allow for annual adjustments in the rate of interest charged.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Section 251 Adjustable Rate Mortgages (05/02/2023)

(B) Mortgage Document

The mortgage documents for an ARM must specify the:

- initial interest rate;
- margin;
- date of the first adjustment to the interest rate; and
- frequency of adjustments.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

8. Programs and Products - Section 248 Mortgages on Indian Land (09/14/2015)

g. Section 248 Mortgages on Indian Land (09/14/2015)

i. Definitions

A Section 248 Mortgage on Indian Land refers to a purchase or refinance Mortgage covering one- to four-family dwellings on Indian Lands.

Indian Land refers to those lands that are held by or for the benefit of Indian Tribes under some restriction or with some attribute peculiar to the legal status of its owners.

Indian Tribe refers to any Indian or Alaskan native tribe, band, nation, or other organized group or community of Indians or Alaskan natives recognized as eligible for the services provided to Indians or Alaskan natives by the Secretary of Interior because of its status as such an entity, or that was an eligible recipient under Chapter 67 of title 31, United States Code, prior to the repeal of this section.

ii. Eligibility

(A) Standard

The Mortgagee must obtain documentation from the Indian/Native American that the Indian Land/reservation has adopted eviction procedures acceptable to HUD.

(B) Required Documentation

The Mortgagee must obtain a certification from the Indian Tribe confirming the Indian Land/reservations compliance with HUD's requirements. The Mortgagee must include the certification in the mortgage file and take the following measures:

- certify to HUD that it has adopted eviction procedures and will enforce them;
- permit HUD access to tribal lands for the purpose of servicing Properties;
- agree to the lease form that HUD prescribes; and
- enact a law that grants the tribal government's court the jurisdiction to hear evictions and foreclosures so that FHA-insured and FHA-held Mortgages can be assured a first lien or provides that the law of the state in which the Property is located determines the priority of liens against the Property. If the reservation spans two or more states, the state in which the Property is located is the applicable state law.

(C) Borrower Eligibility

Only an Indian Tribe or a member of the Indian Tribe may be a Borrower. Where there is a co-Borrower, at least one Borrower must be an Indian Tribe or a member of the Indian Tribe. The Borrower must occupy the Property as their Principal Residence.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Section 248 Mortgages on Indian Land (09/14/2015)

(D) Property Eligibility

The Property must be located on land held by the Indian Tribe or held by the United States government for the benefit of the Indian Tribe.

Units in cooperatives are not eligible.

The Borrower must hold a Residential Lease for the Property.

(E) First Lien Status

The Mortgage must be secured by a first lien on the Property that has been filed with the state recording system and with the Bureau of Indian Affairs, U.S. Department of the Interior.

(F) Assumptions

The Mortgagee cannot approve an assumption of a Mortgage secured by a Property located on an Indian Land/reservation unless the Indian Tribe has approved the assumption or sale of the rights to the Property securing the Mortgage. The Mortgagee must comply with all requirements for assumptions.

(G) Lease and Mortgage

The [model Lease](#) and [model Mortgage Rider](#) must be used in connection with any Section 248 Mortgages. Modifications may be made to the Section 248 rider with ~~the~~ **FHA approval of the Jurisdictional HOC by emailing the FHA Resource Center at answers@hud.gov with the following subject line: Section 248 Lease Modification.**

The term of the lease must be 25 years with a provision for an automatic extension of an additional 25 years.

The lease must prohibit termination by either or both parties while the Leasehold is mortgaged under Section 248.

iii. Underwriting

(A) Tribal Leasehold and Taxes

The Mortgagee must obtain tax information on the Leasehold from the tribe and include the payment of such taxes in the calculation of the Borrower's Mortgage Payment as is done with local property taxes.

(B) Mortgage Insurance Premiums

The Section 248 program does not require an Upfront Mortgage Insurance Premium (UFMIP). Annual premiums are found in [Appendix 1.0 – Mortgage Insurance Premiums](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

8. Programs and Products - Section 247 Single Family Mortgage Insurance on Hawaiian Home Lands (11/07/2023)

h. Section 247 Single Family Mortgage Insurance on Hawaiian Home Lands (11/07/2023)

i. Definition

FHA insures Mortgages made to Native Hawaiians to purchase or refinance one- to four-family dwellings located on Hawaiian Home Lands, which are owned by the State of Hawaii, Department of Hawaiian Home Lands (DHHL) and leased to Native Hawaiians for 99 year lease terms.

ii. Eligibility Requirements

(A) Borrower Eligibility

(1) Native Hawaiian

A Borrower must be a native Hawaiian who is at least 18 years of age and certified as eligible to hold a Hawaiian Home Lands Lease, or possesses a lease of Hawaiian Home Lands issued under Section 207(a) of the Hawaiian Homes Commission Act, 1920, that has been certified by DHHL as being a valid current lease, and not in default.

Native Hawaiian means a descendant of not less than 50 percent part of the blood of the races inhabiting the Hawaiian Islands before January 1, 1778 (or, in the case of an individual who succeeds a spouse or parent in an interest in a lease of Hawaiian Home Lands, such lower percentage as may be established for such succession under Section 209 of the Hawaiian Homes Commission Act, 1920, or under the corresponding provision of the constitution of the State of Hawaii adopted under Section 4 of the Act entitled, “An Act to provide for the admission of the State of Hawaii into the Union,” approved March 18, 1959). 12 U.S.C. § 1715z-12(d)(1).

(2) Principal Residence

The Property must be the Borrower’s Principal Residence (leased land condominiums and townhomes are allowed).

(3) Co-Borrower

DHHL may be a co-Borrower on the Mortgage.

(B) Mortgaged Property Location

The mortgaged Property must be located within the Hawaiian Home Lands covered under a homestead lease issued under Section 207(a) of Hawaiian Homes Commission Act, 1920, or under the corresponding provision of the Constitution of

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Section 247 Single Family Mortgage Insurance on Hawaiian Home Lands (11/07/2023)

the State of Hawaii adopted under Section 4 of the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union,” approved March 18, 1959 (73 Stat. 5).

iii. Required Documentation

(A) Certificate of Eligibility

Certificates of Eligibility are issued by DHHL and certify that the Borrower possesses a homestead lease in good standing (not canceled or in default).

The Mortgagee must verify and obtain documentation that the Borrower has a Certificate of Eligibility for an existing Hawaiian Home Lands lease issued by DHHL, or possesses a lease of Hawaiian Home Lands issued under Section 207(a) of the Hawaiian Homes Commission Act, 1920 (42 Stat. 110).

Obtaining a Certificate of Eligibility

To obtain a Certificate of Eligibility, the Mortgagee must submit a [Request for Certification of Eligibility](#) form to the DHHL. DHHL will issue the Certification of Eligibility to the Mortgagee.

(B) Copy of Homestead Lease

The Mortgagee must obtain a recorded copy of either (1) the original homestead lease issued by DHHL that identifies the proposed Borrower as the lessee; or (2) the original homestead lease plus documentation of the chain of succession or assignment of the homestead lease to the Borrower and DHHL’s consent to each and every transfer of the homestead lease. If the lease was issued prior the development of the Hawaii State recording system, the Mortgagee must provide written confirmation from DHHL or provide other evidence that the lease was validly issued to the lessee.

The Mortgagee must document all amendments to the original homestead lease. All homestead lease documents must bear evidence of having been recorded at the DHHL.

(C) DHHL Mortgage Insurance Program Rider

The Mortgagee must obtain an executed copy of the DHHL [Mortgage Insurance Program Rider](#). The Mortgagee must certify and document that the rider has been recorded in DHHL’s recording system.

(D) DHHL Consent to Mortgage

The Mortgagee must obtain a “Consent to Mortgage” executed by the Chairman of the Hawaiian Homes Commission and recorded with DHHL. Mortgagees can obtain

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Section 247 Single Family Mortgage Insurance on Hawaiian Home Lands (11/07/2023)

this form by writing to the Department of Hawaiian Home Lands, Attn: Loan Services Branch.

iv. Appraisal

Mortgagees are required to obtain an appraisal for both Existing and New Construction with the cost approach to value developed. The sales comparison and income approaches to value may be excluded when the approaches are not necessary for credible results and the basis of the exclusion is explained.

The following statement may be included on the applicable [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*: “This appraisal has been completed for FHA mortgage insurance purposes, per HUD instructions for DHHL Properties.” For more information on appraisal requirements, refer to the [Appraiser](#) section.

v. Origination

(A) Loan-to-Value Limits for Cash-Out Refinances

The maximum LTV ratio for refinance loans is 75 percent.

The maximum LTV may be increased to 85 percent when the Borrower is paying off an existing Mortgage and all remaining proceeds are used for documented home improvements.

Cash-out refinancing for the purpose of debt consolidation is not allowed.

(B) Mortgage Insurance Premium

The Mortgage Insurance Premium (MIP) payment on a Section 247 Mortgage is a one-time upfront MIP of 380 Basis Points (bps).

Annual or periodic MIPs are not assessed on Section 247 Mortgages.

vi. Underwriting

For refinance transactions, for the purpose of consolidating debt, the Mortgagee must include all debt, including those being paid off through the refinance, when calculating the Borrower’s debt ratio.

vii. Closing

(A) Lien Position

The Section 247 Mortgage must give rise to a valid and secured interest in the mortgaged Property. However, the lien is not required to be in first position.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Section 247 Single Family Mortgage Insurance on Hawaiian Home Lands (11/07/2023)

(B) Recordation

The Mortgage must be recorded in DHHL's recording system upon closing of the Mortgage. The documents must **not** be recorded at the State of Hawaii Bureau of Conveyances or filed with the Office of Assistant Registrar of the Land Court. Recordation at either of these offices does not effectuate a lien on the Hawaiian Home Lands lease.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - New Construction (06/27/2025)

i. New Construction (06/27/2025)

i. Definitions [Updates to this section must be implemented for case numbers assigned on or after January 4, 2021]

New Construction refers to Proposed Construction, Properties Under Construction, and Properties Existing Less than One Year as defined below:

- Proposed Construction refers to a Property where no concrete or permanent material has been placed. Digging of footing is not considered permanent.
- Under Construction refers to the period from the first placement of permanent material to 100 percent completion with no Certificate of Occupancy (CO) or equivalent.
- Existing Less than One Year refers to a Property that is 100 percent complete and has been completed less than one year from the date of the issuance of the CO or equivalent. The Property must have never been occupied.

FHA treats the sale of an occupied Property that has been completed less than one year from the issuance of the CO or equivalent as an existing Property.

ii. Eligible Property Types [Updates to this section must be implemented for case numbers assigned on or after January 4, 2021]

The following property types are eligible for New Construction financing:

- Site Built Housing (one- unit, one-unit with an Accessory Dwelling Unit (ADU), or two- to four-units)
- Condominium units in Approved Projects or Legal Phases
- Manufactured Housing (one-unit or one-unit with an ADU)

iii. Required Inspections for New Construction Financing [Updates to this section must be implemented for case numbers assigned on or after January 4, 2021]

(A) Site Built Housing (By Construction Status at Time of Appraisal)

The Mortgagee must obtain:

(1) Proposed Construction

- copies of the building permit (or equivalent) and CO (or equivalent); or
- three inspections (footing, framing and final) performed by the local authority with jurisdiction over the Property or an ICC certified RCI or CI (for Modular Housing, footing and final only); or
- in the absence of such ICC certified RCI or CI, the Mortgagee may obtain three inspections (footing, framing and final) performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - New Construction (06/27/2025)

(2) Under Construction

- copies of the building permit (or equivalent) and CO (or equivalent); or
- a final inspection issued by the local authority with jurisdiction over the Property or by an ICC certified RCI or CI; or
- in the absence of such ICC certified RCI or CI, the Mortgagee may obtain a final inspection performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

(3) Existing Less than One Year

- a copy of the CO (or equivalent); or
- a final inspection issued by the local authority with jurisdiction over the Property or by an ICC certified RCI or CI; or
- in the absence of such ICC certified RCI or CI, the Mortgagee may obtain a final inspection performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

(B) Manufactured Housing (By Construction Status at Time of Appraisal) Inspection Requirements

The Mortgagee must obtain:

(1) Proposed Construction

- copies of the building permit, (or equivalent) and CO (or equivalent); or
- two inspections (initial and final) performed by the local authority with jurisdiction over the Property or an ICC certified RCI or CI; or
- in the absence of a local authority with building code jurisdiction or ICC certified RCI or CI, the Mortgagee may obtain two inspections (initial and final) performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

(2) Under Construction

- copies of the building permit, (or equivalent) and CO (or equivalent); or
- a final inspection performed by the local authority with jurisdiction over the Property or an ICC certified RCI or CI; or
- in the absence of a local authority with building code jurisdiction or ICC certified RCI or CI, the Mortgagee may obtain a final inspection

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - New Construction (06/27/2025)

performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

(3) Existing Less than One Year

- a copy of the CO (or equivalent); or
- a final inspection performed by the local authority with jurisdiction over the Property or an ICC certified RCI or CI; or
- in the absence of a local authority with building code jurisdiction or ICC certified RCI or CI, the Mortgagee may obtain a final inspection performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

(C) Units in Condominium Project or Legal Phase (Existing Less Than One Year)

The Mortgagee must obtain a CO or its equivalent.

iv. Required Documentation for New Construction Financing [Updates to this section must be implemented for case numbers assigned on or after January 4, 2021]

The Mortgagee must obtain and include the following documents in the case binder:

- form [HUD-92541](#), *Builder's Certification of Plans, Specifications, and Site*;
- form [HUD-92544](#), *Warranty of Completion of Construction*;
- required inspections, as applicable:
 - inspections performed by an ICC certified RCI or CI or a third-party, who is a registered architect, a structural engineer, or a qualified tradesperson or contractor must be reported on form [HUD-92051](#), *Compliance Inspection Report*, or on an appropriate state-sanctioned inspection form; and
 - when a third party, who is a registered architect, a structural engineer, or a qualified tradesperson or contractor, is relied upon for required inspections due to the absence of an ICC certified RCI or CI, a certification from such inspector that they are licensed and bonded under applicable state and local laws to perform the type of inspection completed must be included;
- Wood Infestation Report, unless the Property is located in a county listed as not required on HUD's "[Termite Treatment Exception Areas](#)" list:
 - Form [HUD-NPMA-99-A](#), *Subterranean Termite Protection Builder's Guarantee*, is required for all New Construction. If the building is constructed with steel, masonry or concrete building components with only minor interior wood trim and roof sheathing, no treatment is needed. The Mortgagee must

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - New Construction (06/27/2025)

ensure that the builder notes on the form that the construction is masonry, steel, or concrete.

- Form [HUD-NPMA-99-B](#), *New Construction Subterranean Termite Service Record*, is required when the New Construction Property is treated with one of the following: Termite Bait System, Field Applied Wood Treatment, soil chemical termiticide, or Physical Barrier System is installed, as reflected on form HUD-NPMA-99-A. The Mortgagee must reject the use of post construction soil treatment when the termiticide is applied only around the perimeter of the foundation.
- local health authority or qualified lab well water analysis; and
- septic report, where required by the local jurisdictional authority.

v. Documents to be Provided to Appraiser at Assignment

The Mortgagee must provide the Appraiser with a fully executed form [HUD-92541](#), signed and dated no more than 30 Days prior to the date the appraisal was ordered.

For Properties 90 percent completed or less, the Mortgagee must provide a copy of the floor plan, plot plan, and any other exhibits necessary to allow the Appraiser to determine the size and level of finish of the house they are appraising.

For Properties greater than 90 percent but less than 100 percent completed, the Mortgagee must provide the Appraiser with a list of components to be installed or completed after the date of inspection.

vi. Property Considerations

New Construction must meet HUD's Minimum Property Requirements (MPR) and Minimum Property Standards (MPS).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - New Construction (06/27/2025)

vii. Mortgagee Review of Appraisal

(A) Site Considerations

(1) Environmental

The Mortgagee must require corrective work to mitigate any condition that arises during construction that may affect the health and safety of the occupants, the Property's ability to serve as collateral, or the structural soundness of the improvements.

(2) Operating Oil or Gas Wells

If a New Construction dwelling is located within 75 feet of an operating oil or gas well, the Mortgagee must reject the Property unless mitigation measures are completed.

(3) Slush Pits

If a Property is Proposed Construction near an active or abandoned Slush Pit, the Appraiser must require a survey to locate the pit. The Mortgagee is to assess any impact on the subject Property.

(4) Special Airport Hazards

If a New Construction Property is located within Runway Clear Zones (also known as Runway Protection Zones) at civil airports or within Clear Zones at military airfields, the Mortgagee must reject the Property for insurance.

Properties located in Accident Potential Zone 1 (APZ 1) at military airfields may be eligible for FHA mortgage insurance provided that the Mortgagee determines that the Property complies with Department of Defense guidelines.

(5) Flood Hazard Areas

If any portion of the dwelling and related Structures or equipment essential to the Property Value is located in a Special Flood Hazard Area (SFHA), the Mortgagee must reject the Property, unless the Mortgagee:

- obtains a Federal Emergency Management Agency (FEMA)-issued final Letter of Map Amendment (LOMA) or final Letter of Map Revision (LOMR) that removes the Property from the SFHA; or
- obtains a FEMA National Flood Insurance Program (NFIP) Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)) that documents that the lowest floor of the residential building, including the basement, and all related Structures or equipment essential to the Property Value are built above the 100-year flood elevation in compliance with the NFIP criteria; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - New Construction (06/27/2025)

- ensures that the Elevation Certificate is completed based on finished construction.

The Mortgagee must include the LOMA, LOMR, or FEMA NFIP Elevation Certificate (FEMA Form FF-206-FY-22-152) with the case when it is submitted for endorsement.

The Mortgagee must ensure that Flood Insurance is obtained when a FEMA NFIP Elevation Certificate (FEMA Form FF-206-FY-22-152) documents that the Property remains located within an SFHA.

(6) Individual Water Supply Systems (Wells)

The Mortgagee must ensure that new wells are drilled and are no less than 20 feet deep and cased. Casing should be steel or other casing material that is durable, leak-proof, and acceptable to either the local health authority or the trade or profession licensed to drill and repair wells in the local jurisdiction.

A well located within the foundation walls of New Construction is not acceptable except in arctic or subarctic regions.

(a) Requirements for Well Water Testing

A well water test is required for all newly constructed Properties.

All testing must be performed by a disinterested third party. This includes the collection and transport of the water sample collected at the water supply source. The sample must be collected and tested by the local health authority, a commercial testing laboratory, a licensed sanitary engineer, or other party that is acceptable to the local health authority. At no time will the Borrower/owner or other Interested Party collect and/or transport the sample.

The following tables provide the minimum distance required between wells and sources of pollution:

Water Well Location Minimum Property Standards for New Construction 24 CFR § 200.926d(f)(3)(iv)*	
1	Property line/10 feet
2	Septic tank/50 feet
3	Absorption field/100 feet
4	Seepage pit or cesspool/100 feet
5	Sewer lines with permanent water tight joints/10 feet
6	Other sewer lines/50 feet
7	Chemically poisoned soil/25 feet (reduced to 15 feet where ground surface is protected by impervious strata of clay, hardpan or rock)
8	Dry well/50 feet

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - New Construction (06/27/2025)

Water Well Location Minimum Property Standards for New Construction 24 CFR § 200.926d(f)(3)(iv)*	
9	Other – refer to local health authority minimums
* distance requirements of local authority prevail if greater than stated above	

The following provides the minimum standards for Individual Water Supply Systems (wells):

Individual Water System Minimum Property Standards for New Construction 24 CFR § 200.926d(f)(1) and (2)	
1	Lead-free piping
2	If no local chemical and bacteriological water standards, state standards apply
3	Connection of public water whenever feasible
4	Wells must deliver water flow of five gallons per minute over at least a four-hour period

(b) Required Documentation

The Mortgagee must submit a valid water test from the local health authority or qualified lab.

The report may not be more than 180 Days old from the Disbursement Date.

(7) Shared Well

A Shared Well is permitted if the requirements in [Shared Wells](#) are met.

(B) Sales Comparison Approach: Comparable Selection

For Properties in new subdivisions, the selected comparable sales must include at least one sale outside the subdivision or project and at least one sale from within the subdivision or project.

viii. Completion of Construction

Regardless of the inspection process used, the Mortgagee must certify on form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, that the Property is 100 percent complete and meets HUD's MPR and MPS.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Construction to Permanent (09/20/2021)

j. Construction to Permanent (09/20/2021)

i. Definition

Construction to Permanent (CP) refers to the construction of a dwelling on land owned or being purchased by the Borrower. The CP program combines the features of a construction loan with that of a traditional long-term permanent residential Mortgage using a single mortgage closing prior to the start of construction.

A construction loan refers to a short-term interim loan for financing the cost of construction.

ii. General Eligibility

The Borrower must have contracted with a builder to construct the dwelling. The builder must be a licensed general contractor.

The Borrower may act as the general contractor, only if the Borrower is also a licensed general contractor.

iii. Property Eligibility

The Borrower must either be purchasing the land at the closing of the construction loan, or already own the land.

iv. Calculating Maximum Mortgage Amount

The Mortgagee must use the lesser of the appraised value or the documented Acquisition Cost to determine the Adjusted Value.

The maximum mortgage amount is calculated using the appropriate [purchase Loan-to-Value \(LTV\)](#) percentage of the lesser of the appraised value or the documented Acquisition Cost.

The documented Acquisition Cost of the Property includes:

- the builder's price (includes cost of land if being purchased from builder), or the sum of all subcontractor bids and materials (if land is already owned by the Borrower);
- Borrower-paid options and construction costs not included in the builder's price to build;
- closing costs associated with any interim financing of the land, and
- either of the following:
 - for land that is not yet purchased or has been owned six months or less at case number assignment, the lesser of the cost of the land or appraised value of the land; or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Construction to Permanent (09/20/2021)

- for land that has been owned for more than six months at case number assignment or was received as an acceptable Gift, the appraised value of the land.

For Manufactured Housing, the builder's price to build includes the sum of the cost of the unit(s), the cost to transport the unit from the dealer's lot to the installation site, and all on-site installation costs.

v. Minimum Required Investment

(A) Standard

The Borrower may utilize any cash investment in the Acquisition Cost of the Property or land equity to satisfy the Minimum Required Investment (MRI) in accordance with [Calculating Maximum Mortgage Amount](#).

(B) Required Documentation

The Mortgagee must document the cash investment was from an acceptable source of funds in accordance with [TOTAL](#) or [manual underwriting](#) requirements as applicable.

vi. Required Documentation

The Mortgagee must obtain the Closing Disclosure or similar legal document showing the cost of the land and the date of purchase.

The Mortgagee must obtain evidence that the funds used to pay Borrower-paid options were derived from an acceptable source. The Mortgagee must obtain an itemization of the options and expenses, and cost of each item.

If the land was given as a Gift to the Borrower, the Mortgagee must verify that the donor was not a prohibited source.

The Mortgagee must comply with New Construction requirements.

vii. Mortgage Interest Rate

During the construction period, the interest rate may be variable. The Mortgagee and the Borrower must enter into an agreement that:

- documents the range in which the interest rate may float during construction;
- documents the point of interest rate lock-in;
- specifies that the permanent Mortgage will not exceed a specific maximum interest rate; and
- permits the Borrower to lock in at a lower rate, if available and they have not already locked in a rate.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Construction to Permanent (09/20/2021)

The Mortgagee must qualify the Borrower for the Mortgage at the maximum rate at which the permanent Mortgage may be set.

viii. Required Documentation for Closing

In addition to standard FHA documents, the following documents must be used:

- (A) A Construction Rider to the Note, and Construction Loan Agreement.
These construction documents may be in any form acceptable to the Mortgagee, but they must provide that all special construction terms end when the construction loan converts to a permanent Mortgage. After conversion, only the permanent mortgage terms (based on standard documents) continue to be effective, making the permanent Mortgage eligible for FHA mortgage insurance.
- (B) A disclosure issued to the Borrower explaining that the Mortgage is not eligible for FHA mortgage insurance until after a final inspection, or the issuance of a Certificate of Occupancy (CO) by the local governmental jurisdiction, whichever is later.
- (C) Either a fully executed contract agreement between the builder and the Borrower, which includes the contractor's price to build; or documentation of the actual costs of construction where the Borrower is acting as the general contractor.
- (D) Documentation of land acquisition or land ownership.
- (E) A payoff statement and evidence of the actual payoff if mortgage proceeds are used to purchase or pay off debt on the land.

ix. Escrow Account

At closing, after funds are disbursed to cover the purchase of the land, the balance of the mortgage proceeds must be placed in an escrow account to be disbursed as construction progresses.

The Mortgagee must obtain the Borrower's written authorization for each draw prior to disbursing funds to the contractor.

After completion of construction, the construction escrow account must be fully extinguished, and any remaining funds must be applied to the outstanding principal balance of the permanent Mortgage.

x. Required Documentation for Endorsement

The Mortgagee must comply with [Required Documentation for New Construction Financing](#).

The following documentation is required for Mortgage endorsement:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Construction to Permanent (09/20/2021)

- The Mortgagee must obtain a title update after conversion to the permanent Mortgage to show that the mortgaged Property is free and clear of all liens other than the Mortgage.
- The Mortgagee must verify and document that the construction was fully drawn down and that any remaining funds were used to pay down the principal balance on the permanent Mortgage.

xi. Endorsement

The Mortgage must be endorsed within 60 Days of the final inspection or issuance of the Certificate of Occupancy (CO), whichever is later.

xii. Start of Amortization

Amortization of the permanent Mortgage must begin no later than the first of the month following 60 Days from the date of the final inspection or issuance of the CO.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Building on Own Land (06/17/2019)

k. Building on Own Land (06/17/2019)

i. Definition

Building on Own Land refers to the permanent financing of a newly constructed dwelling on land owned by the Borrower and may include the extinguishing of any construction loans.

ii. Eligibility

The Borrower must have contracted with a builder to construct the dwelling. The builder must be a licensed general contractor.

The Borrower may act as the general contractor, only if the Borrower is also a licensed general contractor.

iii. Calculating Maximum Mortgage Amount

The Mortgagee must use the lesser of the appraised value or the documented Acquisition Cost to determine the Adjusted Value.

The maximum mortgage amount is calculated using the appropriate purchase Loan-to-Value (LTV) percentage of the lesser of the appraised value or the documented Acquisition Cost.

The documented Acquisition Cost of the Property includes:

- the builder's price or the sum of all subcontractor bids and materials;
- Borrower-paid options and construction costs not included in the builder's price to build;
- interest and other costs associated with a construction loan obtained by the Borrower to fund construction, if applicable; and
- either of the following:
 - the lesser of the cost of the land, or appraised value of the land, if the land is owned six months or less at case number assignment; **or**
 - the appraised value of the land if the land has been owned for greater than six months at case number assignment or was received as an acceptable Gift.

For Manufactured Housing, the builder's price to build includes the sum of the cost of the unit(s), the cost to transport the unit from the dealer's lot to the installation site, and all on-site installation costs.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Building on Own Land (06/17/2019)

iv. Minimum Required Investment

(A) Standard

The Borrower may utilize any cash investment in the Acquisition Cost of the Property or land equity to satisfy the MRI in accordance with Calculating Maximum Mortgage Amount.

(B) Required Documentation

The Mortgagee must document that the cash investment was from an acceptable source of funds in accordance with [TOTAL](#) or [manual underwriting](#) requirements as applicable.

If the land was given as a Gift to the Borrower, the Mortgagee must verify that the donor was not a prohibited source.

The Mortgagee must obtain standard gift documentation with [TOTAL](#) or [manual underwriting](#) requirements for any Gift of land.

v. Borrower's Additional Equity in the Property

The Borrower may not receive cash back from the additional equity in the Property, but the Borrower may replenish their own cash expenditures for any Borrower-paid extras over and above the contract specifications and any out-of-pocket expenses not included in the builder's price. The Mortgagee must obtain an itemization of the extras and expenses and the cost of each item.

vi. Required Documentation

The Mortgagee must document the date of purchase of the land by obtaining the Closing Disclosure or similar legal document.

The Mortgagee must obtain evidence that the funds used to pay Borrower-paid options were derived from an acceptable source. The Mortgagee must obtain an itemization of the options, expenses, and cost of each item.

The Mortgagee must comply with [New Construction](#) requirements.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Weatherization (08/02/2018)

I. Weatherization (08/02/2018)

The weatherization product permits the Borrower to finance the cost of eligible energy-related weatherization improvements, in conjunction with a purchase or refinance.

i. Eligibility

(A) Eligible Programs and Transaction Types

Weatherization improvements may be financed in conjunction with the following:

- Section 203(b)
 - purchase transaction
 - no cash-out refinance transaction
- [Section 203\(h\) Mortgage Insurance for Disaster Victims](#)
- [Energy Efficient Mortgages \(EEM\)](#)

For financing of weatherization under the 203(k) Rehabilitation Mortgage Insurance Program, refer to [203\(k\) Rehabilitation Mortgage Insurance Program](#).

(B) Eligible Property Types

Weatherization improvements may be used on the following property types:

- existing Properties (one- to four-units)
- condominiums (one unit)
- Manufactured Housing (single unit)

(C) Eligible Weatherization Items

Eligible energy-related weatherization items include the following measures:

- air sealing (including weather-stripping doors, caulking window and plumbing penetrations)
- insulation (attic, floors, walls, basement)
- duct sealing and insulation
- smart thermostats and equipment controls
- windows and doors
- low flow water fixtures
- carbon monoxide monitors and other combustion appliance safety measures

(D) Maximum Dollar Amount

The maximum allowable cost of energy-related weatherization items that can be financed is:

- \$2,000 (not to exceed actual cost) without a separate value determination;
- \$3,500 (not to exceed actual cost) if supported by a value determination made by an FHA Roster Appraiser; or
- no limit (not to exceed actual cost) if:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Weatherization (08/02/2018)

- supported by a value determination made by an FHA Roster Appraiser; and
- a separate on-site inspection is made by an ICC RCI or CI.

(E) Required Documentation

The Mortgagee must document the cost of work including the weatherization materials and labor.

(F) Maximum Mortgage Amount Calculation

When determining the Adjusted Value, the dollar limit of the energy-related weatherization items may be added to both the sales price and the Property Value.

(G) Weatherization Combined with Energy Efficient Mortgage

For existing Properties, energy-related weatherization items may be combined with the EEM.

(H) Cash-Out

The Borrower may not receive cash back from the mortgage transaction. If an excess exists, funds must be applied to the principal Mortgage balance.

(I) Escrows

The Mortgagee must establish an escrow account for the remaining costs of the energy improvements if the installation of weatherization items is not complete by the time of closing for all Mortgages on existing Properties, except 203(k). The Mortgagee must establish an escrow account for the remaining cost of the energy improvements in accordance with the [Repair Completion Escrow Requirements](#).

If the costs of the energy improvements and weatherization items are part of a 203(k) Rehabilitation Mortgage, then the escrowed amounts of the energy improvements and weatherization items must be included in the rehabilitation escrow account.

Escrows may not include costs for labor or work performed by the Borrower (Sweat Equity).

(J) Form HUD-92300, *Mortgagee's Assurance of Completion*

When funds to complete weatherization improvements are escrowed, the Mortgagee must execute form [HUD-92300](#), *Mortgagee's Assurance of Completion*, to indicate that the escrow for weatherization improvements has been established.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Weatherization (08/02/2018)

ii. Completion Requirements for Weatherization Measures

(A) Time of Completion

Installation of weatherization improvements must be completed within:

- 30 Days of the mortgage Disbursement; or
- 90 Days of the mortgage Disbursement if the improvements are part of an energy package for an EEM.

The Mortgagee must apply the remaining weatherization escrow funds to a prepayment of the mortgage principal if the work is not completed within the required time frames.

Any funds remaining in the escrow account at the end of the improvement period must be applied to pay down the mortgage principal.

(B) Escrow Closeout Certification

After the repair or rehabilitation escrow account is closed, the Mortgagee must complete the Escrow Closeout Certification screen in [FHAC](#) within 30 Days after the escrow account is closed.

(C) Inspection

The Mortgagee or their agent must inspect the weatherization items or obtain evidence from a local authority that the system was installed in accordance with local requirements.

m. Solar and Wind Technologies (08/19/2024)

The solar and wind technologies policy allows the Mortgagee to increase the Base Loan Amount to cover the cost and installation of new solar or wind energy system improvements made, or to be made, to the Property at the time of a purchase or refinance.

i. Eligibility

(A) Eligible Property Types

The following property types are eligible for the solar and wind technologies policy:

- one- to four-unit Properties
- Manufactured Housing (one unit)

Installation of solar and wind technologies on Manufactured Housing must comply with [Additions to Manufactured Housing](#) requirements.

Condominium units are ineligible for solar and wind technologies.

(B) Eligible Programs and Transaction Types

Costs for new solar and wind energy systems may be added to an FHA-insured base Mortgage, for the following programs:

- Section 203(b)
 - purchase transaction
 - Rate and Term refinance and Simple Refinance
- [Section 203\(h\) Mortgage Insurance for Disaster Victims](#)
- [Section 203\(k\) Rehabilitation Mortgage Insurance Program](#)

ii. Eligible Solar and Wind Technologies

Active and passive solar systems, as well as wind-driven systems, are acceptable.

(A) Photovoltaic Systems

Photovoltaic systems must provide electricity for the residence, and must meet applicable fire and electrical code requirement.

(B) Wind Turbine for Residential Properties

A wind turbine must:

- have a nameplate capacity of no more than 100 kilowatts;
- have a performance and safety certification from:
 - the International Electrotechnical Commission (IEC) standards from an accredited product certification body; or

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Solar and Wind Technologies (08/19/2024)

- the American Wind Energy Association (AWEA) standards from the Small Wind Certification Council (SWCC) or a Nationally Recognized Testing Laboratory (NRTL); and
- be installed by an installer who has received either a North American Board of Certified Energy Practitioners Small Wind Installer Certification or small wind turbine installation training from an accredited training organization.

iii. Title to Systems

The Borrower must own, not lease, solar or wind energy systems for the systems to be considered eligible improvements. Leased equipment and Solar Power Purchase Agreements (SPPA) may not be financed under any FHA Title II programs.

iv. Maximum Mortgage Amount Calculation

(A) Maximum Mortgage Amount - Purchase

The Mortgagee must compute the Adjusted Value by using the purchase price excluding the cost and installation of the solar or wind technology system and the Property Value excluding the cost and installation of the solar or wind technology system.

The Mortgagee must add the lesser of:

- the cost and installation of the solar or wind technology system; or
- 20 percent of the Property Value to the Base Loan Amount.

The Mortgagee must exclude any rebates identified in the contract and assigned to the contractor in determining the cost and installation of the solar or wind technology system.

(B) Maximum Mortgage Amount - Refinance

The Mortgagee must compute the Adjusted Value by using the Property Value without the cost and installation of the solar or wind technology system.

The Mortgagee must add the lesser of:

- the cost and installation of the solar or wind technology system; or
- 20 percent of the Property Value to the Base Loan Amount.

The Mortgagee must exclude any rebates identified in the contract and assigned to the contractor in determining the cost and installation of the solar or wind technology system.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT
A. Title II Insured Housing Programs Forward Mortgages
8. Programs and Products - Solar and Wind Technologies (08/19/2024)

(C) Nationwide Mortgage Limit – Purchase and Refinance

The Base Loan Amount may exceed the [Nationwide Mortgage Limit](#) for the geographic area by no more than 20 percent. See [Maximum Mortgage Amounts](#).

v. Required Documentation

The Mortgagee must document the cost of work, including the energy systems' materials and labor.

vi. Cash-Out

The Borrower may not receive cash back from the mortgage transaction. If an excess exists, the Mortgagee must apply these funds to the principal Mortgage balance.

vii. Escrows

The Mortgagee must establish an escrow account in accordance with the [Repair Completion Escrow Requirements](#) for the remaining cost of the energy improvements if the installation of solar or wind energy systems is not complete by the time of closing.

If the energy package is part of a 203(k) Rehabilitation Mortgage, then the escrowed amounts of the energy package must be included in the rehabilitation escrow account.

Any funds remaining in the escrow account at the end of the improvement period must be applied to pay down the mortgage principal.

(A) Borrower Labor

Escrows may not include costs for labor or work performed by the Borrower (Sweat Equity).

(B) Required Documentation: Form HUD-92300, *Mortgagee's Assurance of Completion*

When funds to complete the solar or wind energy systems are escrowed, the Mortgagee must execute form [HUD-92300, Mortgagee's Assurance of Completion](#), to indicate that the escrow for the solar or wind improvements has been established.

viii. Completion Requirements for Solar and Wind Technology Installation

(A) Time of Completion

Installations of solar and wind energy systems must be completed within 120 Days of the mortgage Disbursement.

The Mortgagee must apply the remaining solar and wind escrow funds to a prepayment of the mortgage principal, if the work is not completed within the required time frames.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Solar and Wind Technologies (08/19/2024)

(B) Inspection

The Mortgagee or their agent must inspect the solar and wind improvement or obtain evidence from a local authority that the system was installed in accordance with local code.

(C) Escrow Closeout Certification

After the repair or rehabilitation escrow account is closed, the Mortgagee must complete the Escrow Closeout Certification screen in [FHAC](#) within 30 Days after the escrow account is closed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Assumptions (08/19/2024)

n. Assumptions (08/19/2024)

i. Definition

Assumption refers to the transfer of an existing mortgage obligation from an existing Borrower to the assuming Borrower.

ii. Occupancy Eligibility Requirements

If the original Mortgage was closed on or after December 15, 1989, the assuming Borrower must intend to occupy the Property as a Principal Residence or HUD-approved Secondary Residence.

If the original Mortgage was closed prior to December 15, 1989, the assuming Borrower may assume the Mortgage as a Principal Residence, HUD-approved Secondary Residence or Investment Property.

iii. Restrictions on Loan-to-Value Ratio

(A) Investment Property

The maximum Loan-to-Value (LTV) for an Investment Property assumption is 75 percent.

Either the original appraised value or new Property Value may be used to determine compliance with the 75 percent LTV limitation.

(B) HUD-Approved Secondary Residence

The maximum LTV for a HUD-approved Secondary Residence assumption is 85 percent.

Either the original appraised value or new Property Value may be used to determine compliance with the 85 percent LTV limitation.

iv. Processing of an Assumption

(A) Initiating Processing

The Mortgagee must notify HUD via [FHA Connection \(FHAC\)](#) of assumptions:

- within 15 Days of any change of Borrower; or
- within 15 Days of the date the Mortgagee receives actual or constructive knowledge of the transfer of ownership.

This notification does not formally release the original Borrower from personal liability for the mortgage Note.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Assumptions (08/19/2024)

(B) Release of Liability

The Mortgagee must prepare form [HUD-92210.1](#), *Approval of Purchaser and Release of Seller*, thereby releasing the original owner when they sell by assumption to the assuming Borrower who executes an agreement to assume the Mortgage and to pay the debt.

v. Underwriting Review

Assuming Borrowers must be underwritten in accordance with [Origination through Post-closing/Endorsement](#), except for the following sections:

- Ordering Case Numbers
- Ordering Appraisal
- Transferring Existing Appraisal
- Ordering Second Appraisal
- Ordering an Update to an Appraisal
- Property Eligibility and Acceptability Criteria
- National Housing Act's Statutory Limits
- Nationwide Mortgage Limits
- Underwriting the Property
- Underwriting the Borrower Using the TOTAL Mortgage Scorecard

(A) Exceptions in Case of Transfer by Devise or Descent

The Mortgagee may process an assumption without credit review of the assuming Borrower if the transfer is by devise or descent, or other circumstances in which the transfer cannot legally lead to exercise of the due-on-sale, such as a divorce in which the party remaining on title retains occupancy, and the assuming Borrower can demonstrate that they have made the Mortgage Payments for a minimum of six months prior to the date of application of the assumption.

(B) Exception to Minimum Required Investment

The assuming Borrower is not required to make a cash investment in the Property. The assuming Borrower may assume 100 percent of the outstanding principal balance of the Mortgage, subject to the restrictions on LTV ratio for Investment Properties and HUD-approved Secondary Residences.

(C) Responsibility of Direct Endorsement Underwriter

The holding or servicing Mortgagee is responsible for the underwriting review. The review must be completed by a Direct Endorsement (DE) underwriter registered by the Mortgagee in [FHAC](#). Where the holding or servicing Mortgagee does not originate Mortgages or is not approved under the Direct Endorsement Program, it may have an Authorized Agent perform the review.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Assumptions (08/19/2024)

(D) Use of TOTAL Mortgage Scorecard for Assumptions

The TOTAL Mortgage Scorecard must not be used for assumptions. The DE underwriter must manually underwrite the assumption.

vi. Allowable Fees and Charges

(A) Processing Fee and Other Costs

Mortgagees may charge the assuming Borrower a processing fee that is reasonable and customary not to exceed a maximum of \$1,800.

The Mortgagee may charge the assuming Borrower other costs in accordance with [Allowable Charges Separate from Assumption Processing Fees](#).

(B) Interested Party Contributions

The seller or other Interested Parties may make contributions toward the assuming Borrower's actual closing costs consistent with the requirements in [Interested Party Contributions](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - HUD Real Estate Owned Purchasing (09/20/2021)

o. HUD Real Estate Owned Purchasing (09/20/2021)

i. Definition

(A) HUD REO Property

A HUD Real Estate Owned (REO) Property, also known as a HUD Home or a HUD-owned home, refers to a one- to four-unit residential Property acquired by HUD as a result of a foreclosure or other means of acquisition on an FHA-insured Mortgage, whereby the Secretary of HUD becomes the property owner and offers it for sale to recover the mortgage insurance claim that HUD paid to the Mortgagee.

(B) Insured HUD REO Property Purchase

An Insured HUD REO Property Purchase refers to the purchase of a HUD REO Property by a Borrower with a new FHA-insured Mortgage.

(C) Insured HUD REO Property Purchase Programs

(1) Section 203(b)

The HUD REO Property meets HUD's Minimum Property Requirements (MPR) in its as-is condition with no repairs, alterations, or inspections required.

(2) Section 203(b) with Repair Escrow

The HUD REO Property does not meet HUD's MPR in its as-is condition, but if repairs of no more than \$10,000 are completed, the HUD REO Property would meet HUD's MPR. An escrow account to complete the repairs necessary to meet MPR after closing is required.

The Mortgagee must comply with the [Repair Completion Escrow Requirements](#).

(3) Section 203(k)

The HUD REO Property does not qualify for Section 203(b) or Section 203(b) with Repair Escrow, and is eligible for FHA-insured financing only under Section 203(k).

(D) Special Sales Incentives

(1) Good Neighbor Next Door

The Good Neighbor Next Door (GNND) sales incentive permits an Owner-Occupant Borrower who is a full-time law enforcement officer, teacher, firefighter, or emergency medical technician who meets HUD requirements to purchase a specifically designated HUD REO Property located in a HUD-designated Revitalization Area with FHA-insured financing at a 50 percent

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - HUD Real Estate Owned Purchasing (09/20/2021)

discount from the purchase price. When using FHA-insured financing, the Borrower may purchase the HUD REO Property with a minimum downpayment of \$100. In addition, the Borrower may include in the mortgage amount customary and reasonable closing costs.

GNND purchases may be processed as Section 203(b), Section 203(b) with Repair Escrow, or Section 203(k).

(2) \$100 Down

The \$100 Down sales incentive permits a Borrower to purchase a HUD REO Property with FHA-insured financing with a minimum downpayment of \$100.

\$100 Down purchases may be processed as Section 203(b), Section 203(b) with Repair Escrow, or Section 203(k).

ii. Sales Contract

(A) General Requirements

The Mortgagee must obtain form [HUD-9548](#), *Sales Contract Property Disposition Program*, and any applicable addenda, which will establish the purchase price, price discount, eligibility for GNND and eligibility for \$100 Down, and meet the requirements for the [Sales Contract](#).

(B) Contract Sales Terms

Line 4 of the sales contract will specify the Insured HUD REO Property Purchase Program under which the Borrower is applying, the downpayment, and the mortgage amount.

Regardless of the Insured HUD REO Property Purchase Program entered on Line 4 of form HUD-9548, the Mortgagee must determine the eligibility of the Property, the eligibility of the Borrower, and the specific Insured HUD REO Property Purchase Program that must be used to finance the purchase.

(C) Good Neighbor Next Door

Where the Borrower is approved for the GNND sales incentive, Line 8 will specify the discount that will be applied to the purchase price on Line 3. The amount of the cash downpayment specified on Line 4 will be \$100.

(D) Eligible Nonprofit or State or Local Government Agency Borrower

Under certain circumstances, eligible nonprofit or state and local government agency Borrowers may purchase Properties at a discount from the stated listing price. Line 8 will specify the discount that will be applied to the purchase price on Line 3.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - HUD Real Estate Owned Purchasing (09/20/2021)

(E) \$100 Down

Where the Borrower has been approved for the \$100 Down sales incentive, the amount of the cash downpayment specified on Line 4 will be \$100.

(F) Closing Costs and Sales Commissions Paid by HUD

The amount on Line 5 specifies the amount of closing costs that HUD will pay on behalf of the Borrower. The amounts on Line 6a and 6b represent the sales commissions HUD will pay to the selling and listing broker.

Contributions by HUD toward the Borrower's closing costs are not defined as Interested Party Contributions ([TOTAL](#) or [Manual](#)) or Inducements to Purchase ([TOTAL](#) or [Manual](#)).

iii. Ordering Case Numbers

(A) Section 203(b) and Section 203(b) with Repair Escrow

Mortgagees must order case numbers for Insured HUD REO Property Purchases in accordance with [Ordering Case Numbers](#).

Mortgagees must select "Real Estate Owned w/Appraisal" for Processing Type and enter the case number of the HUD REO Property in the Prior Case Number field. The HUD REO Property case number can be found on the top right-hand corner of form HUD-9548.

(B) Section 203(k)

Mortgagees must order case numbers for Insured HUD REO Property Purchases in accordance with [Case Number Assignment Data Entry Requirements](#).

Mortgagees must select "Real Estate Owned w/Appraisal" for Processing Type and enter the case number of the HUD REO Property in the Prior Case Number field. The HUD REO Property case number can be found on the top right-hand corner of form HUD-9548.

iv. Appraisals

(A) Ordering Appraisals

(1) Section 203(b) and Section 203(b) with Repair Escrow

Mortgagees must order appraisals in accordance with the requirements of [Ordering Appraisals](#).

(2) Section 203(k)

Mortgagees must order appraisals in accordance with the requirements of [Ordering Appraisals](#) and [Appraisals for Standard 203\(k\) and Limited 203\(k\)](#).

(B) Appraisal Review and Property Acceptability

The Mortgagee must review the appraisal and property conditions in accordance with the requirements of [Underwriting the Property](#).

v. Occupancy Types

(A) Principal Residence

An Owner-Occupant Borrower may purchase HUD REO Properties using Section 203(b), Section 203(b) with Repair Escrow, and Section 203(k).

(B) Investment Property

(1) Eligible Nonprofit or State or Local Government Agency Borrower

An eligible nonprofit or state or local government agency Borrower may purchase HUD REO Properties using Section 203(b), Section 203(b) with Repair Escrow, and Section 203(k).

(2) Investor Buyer

A Borrower may purchase HUD REO Properties as Investment Properties using Section 203(b) or Section 203(b) with Repair Escrow. These transactions must be scored through TOTAL Scorecard and then [manually underwritten](#). The Mortgagee must downgrade and manually underwrite any Mortgage that received an Accept recommendation through TOTAL.

vi. Maximum Mortgage Amounts

(A) Section 203(b)

Mortgagees must calculate the maximum mortgage amounts in accordance with the requirements of [Calculating Maximum Mortgage Amounts for Purchases](#), using the applicable Loan-To-Value ratio (LTV) from this section, subject to [LTV Limitations Based on Borrower's Credit Score](#).

(1) Owner-Occupant Borrower

The maximum LTV is 96.5 percent.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - HUD Real Estate Owned Purchasing (09/20/2021)

(2) Eligible Nonprofit or State or Local Government Agency Borrower

The maximum LTV is 96.5 percent.

Where the eligible nonprofit or state or local government agency Borrower purchases the HUD REO Property at a discount, Mortgagees must calculate the discounted purchase price in accordance with the requirements for calculating the discounted purchase price for GNND transactions. The discounted purchase price must be used when determining the Adjusted Value.

(3) Investor Buyer

The maximum LTV is 75.0 percent.

(B) Section 203(b) with Repair Escrow

Mortgagees must initially calculate the mortgage amount in accordance with the requirements for Section 203(b) above. Mortgagees must add to the amount resulting from that calculation the amount of an escrow account for the completion of repairs after closing.

The maximum escrow amount must be based on the sum of the repairs required to meet the intent of HUD's MPR, plus a 10 percent contingency. The total escrow amount, including the 10 percent contingency, must not exceed \$11,000.

The Mortgagee must comply with the [Repair Completion Escrow Requirements](#).

(C) Good Neighbor Next Door

(1) Discounted Purchase Price

Mortgagees must calculate the discounted purchase price and use that amount as the purchase price in determining the Adjusted Value for a 203(b) transaction or the Adjusted As-Is Value for a 203(k) transaction.

The discounted purchase price is calculated by reducing the contract sales price on Line 3 of form [HUD-9548](#) by the discount percentage on Line 8 of form HUD-9548. To that amount the Mortgagee must add:

- sales commissions from Line 6 of form HUD-9548; and
- any Borrower-paid closing costs (including prepaid items).

(2) Section 203(b)

Mortgagees must calculate the maximum mortgage amount by subtracting \$100 from the Adjusted Value.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - HUD Real Estate Owned Purchasing (09/20/2021)

(3) Section 203(b) with Repair Escrow

Mortgagees must calculate the maximum mortgage amount by subtracting \$100 from the sum of the Adjusted Value plus 110 percent of the estimated cost of repairs, not to exceed \$11,000.

(D) \$100 Down

(1) Section 203(b)

Mortgagees must calculate the maximum mortgage amount by subtracting \$100 from the Adjusted Value.

(2) Section 203(b) with Repair Escrow

Mortgagees must calculate the maximum mortgage amount by subtracting \$100 from the sum of the Adjusted Value plus 110 percent of the estimated cost of repairs, not to exceed \$11,000.

(E) Section 203(k)

(1) Owner-Occupant Borrower

Mortgagees must calculate the maximum mortgage amount in accordance with the requirements of [Section 203\(k\) Maximum Mortgage Amount for Purchases](#).

(2) Eligible Nonprofit and State and Local Government Agency Borrower

Mortgagees must calculate the maximum mortgage amount in accordance with the requirements of [Section 203\(k\) Maximum Mortgage Amount for Purchases](#).

Where the eligible nonprofit or state or local government agency Borrower purchases the HUD REO Property at a discount, Mortgagees must calculate the discounted purchase price in accordance with the requirements for calculating the discounted purchase price for GNND transactions. The discounted purchase price must be used when determining the Adjusted As-Is Value.

(3) GNND and \$100 Down

The maximum mortgage amount that FHA will insure on a GNND 203(k) purchase is the lesser of:

- the Adjusted As-is Value, plus:
 - Financeable Repair and Improvement Costs, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
 - Financeable Mortgage Fees, for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);
 - Financeable Contingency Reserves for [Standard 203\(k\)](#) or [Limited 203\(k\)](#);

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - HUD Real Estate Owned Purchasing (09/20/2021)

- other Borrower-paid closing costs, including prepaid items; and
- Financeable Mortgage Payment Reserves, for [Standard 203\(k\)](#) only;
- minus \$100; or
- 110 percent of the After Improved Value (100 percent for condominiums), minus \$100; or
- the [Nationwide Mortgage Limits](#).

vii. Additional Section 203(b) with Repair Escrow Requirements

(A) FHA Connection Insuring Application

The Mortgagee must check “Yes” in the Escrow Data field. The Mortgagee must enter the amount of the escrow, including the contingency, in the HUD REO Repair Amount field.

(B) Required Documentation

The Mortgagee must comply with the [Repair Completion Escrow Requirements](#).

viii. Additional GNND Requirements for FHAC Insuring Application

(A) Repair Escrow

If insured under Section 203(b) with Repair Escrow, the Mortgagee must check “Yes” in the Escrow Data field. The Mortgagee must enter the amount of the escrow, including the contingency, in the HUD REO Repair Amount field.

(B) Required Documentation

The Mortgagee must comply with the [Repair Completion Escrow Requirements](#).

(C) Sales Price

Mortgagees must enter the discounted purchase price.

(D) Secondary Financing

Mortgagees must complete information regarding secondary financing by entering:

- “Yes” in the Secondary Financing field;
- the amount of the discount by which the sales price was reduced in the Amount field;
- “Federal Government” in the Source of Funds field; and
- “HUD GNND” in the Source Name field.

(E) \$100 Down

In the \$100 REO Down Payment Program field, Mortgagees must enter “Yes.”

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - HUD Real Estate Owned Purchasing (09/20/2021)

ix. Additional \$100 Down Requirements for FHAC Insuring Application

In the \$100 REO Down Payment Program field, Mortgagees must enter “Yes.”

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

p. Condominiums (08/19/2024)

The Federal Housing Administration (FHA) will insure Mortgages on Condominium Units (Units) in [Approved Condominium Projects](#) that have been approved under the HUD Review and Approval Process (HRAP) or Direct Endorsement Lender Review and Approval Process (DELRAP). In addition, FHA will insure Mortgages on Units approved in accordance with the [Single-Unit Approval](#) section or that meet the definition and standards for a [Site Condominium](#).

i. Units Not Requiring Approval

(A) Real Estate Owned Mortgages

HUD Real Estate Owned (REO) Mortgage transactions do not require Condominium Project Approval or Single-Unit Approval. If the Unit is in a Condominium Project that has an FHA Condo ID, the Mortgagee must enter the FHA Condo ID when the FHA case number is requested.

(B) Streamline Refinances

Streamline Refinances do not require Condominium Project Approval or Single-Unit Approval. If the Unit is in a Condominium Project that has an FHA Condo ID, the Mortgagee must enter the FHA Condo ID when the FHA case number is requested.

ii. Requirements for Units in Approved Condominium Projects

The Mortgagee must verify the following requirements for individual Units located in an Approved Condominium Project or Legal Phase.

(A) Condominium Project Approval Status

The Mortgagee must confirm the Condominium Project is on the list of [FHA-Approved Condominium Projects](#) at the time of case number assignment and must enter the FHA Condo ID in the Federal Housing Administration Connection ([FHAC](#)) Case Assignment screen.

(B) FHA Insurance Concentration

(1) Definition

FHA Insurance Concentration refers to the number of FHA-insured Mortgages within a Condominium Project.

(2) Standard

FHA may suspend the issuance of new FHA case numbers for a Mortgage on a Unit in a Condominium Project where the FHA Insurance Concentration is greater than 50 percent of the total number of Units in the Condominium Project.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(C) Form HUD-9991, *FHA Condominium Loan Level/Single-Unit Approval Questionnaire*

(1) Definition

Form [HUD-9991](#), *FHA Condominium Loan Level/Single-Unit Approval Questionnaire*, refers to a set of questions designed to collect pertinent loan, Condominium Project, and Unit information for FHA insurance endorsement.

(2) Standard

The Mortgagee must submit a completed, signed, and dated form [HUD-9991](#).

(D) Owner Occupancy Percentage

(1) Definition

Owner Occupancy Percentage refers to the percentage of Units considered owner-occupied as shown in the calculation.

(2) Standard

The Mortgagee must determine the Approved Condominium Project has an Owner Occupancy Percentage of at least 35 percent of the total number of Units.

The Mortgagee must report the Owner Occupancy Percentage in [FHAC](#) when the functionality becomes available.

(3) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(4) Calculation

For the sole purposes of calculating the Owner Occupancy Percentage, the numerator of the calculation for a multi-phased Condominium Project includes the total number of the following Units in the first declared Legal Phase and cumulatively in subsequent Legal Phases, or for a single-phased Condominium Project, all of the following Units in the numerator of the calculation:

- any Unit that is occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year;
- any Unit listed for sale, and not listed for rent, that was previously occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year; or

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

- any Unit sold to an owner who intends to occupy the Unit as their place of abode for any portion of the calendar year and has no intent to rent the Unit for a majority of the calendar year.

For the sole purposes of calculating the Owner Occupancy Percentage, the following Units are included in the denominator of the calculation for a:

- multi-phased Condominium Project, the total number of Units in the first declared Legal Phase and cumulatively in subsequent Legal Phases; or
- single-phased Condominium Project, all Units.

A Unit owned by the builder/developer is not an owner-occupied Unit.

(E) Financial Condition

(1) Units in Arrears

(a) Definition

Units in Arrears refer to each Unit with Condominium Association dues or any special assessments that are more than 60 Days past due.

(b) Standard

The Mortgagee must verify that no more than 15 percent of the total Units are Units in Arrears (does not include late fees or administrative expenses).

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(2) Individual Owner Concentration

(a) Definition

Individual Owner Concentration refers to the percentage of Units owned by a single owner or Related Party.

Related Party includes, but is not limited to:

- an individual serving as the Unit owners' officer, director, or employee; or
- a Unit owner's direct parent company, subsidiary, or any related entity with which the Unit owner shares a common officer or director.

(b) Standard

The Mortgagee must determine that for Condominium Projects with 20 or more Units, the Individual Owner Concentration is 10 percent or less.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

The Mortgagee must determine that for Condominium Projects with fewer than 20 Units, the Unit owner may not own more than one Unit. No Related Party may own a Unit.

Exception

Affordable housing Units owned by an eligible governmental or nonprofit program defined in [24 CFR § 203.41](#) are not subject to the Individual Owner Concentration requirements. The affordable housing Units must be identified by recorded legal documents.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(d) Calculation

For the Individual Owner Concentration calculation:

- on a multi-phased Condominium Project, the Individual Owner Concentration is calculated based on the total number of Units in the first declared Legal Phase and cumulatively on subsequent Legal Phases; or
- for a single-phased Condominium Project, all Units are used in the denominator when calculating the Individual Owner Concentration, except that unoccupied and unsold Units owned by a builder/developer are excluded from the numerator and denominator in the Individual Owner Concentration calculation.

The Mortgagee must use the total number of declared Units in the Condominium Project for Complete Condominium Projects and Gut Rehab to calculate the Individual Owner Concentration.

(F) Insurance

(1) Walls-In (HO-6)

(a) Definition

Walls-In Insurance refers to insurance that covers the interior of the Unit and Personal Property inside the Unit.

(b) Standard

The Mortgagee must verify that the Borrower has obtained a Walls-In policy (HO-6) if the master or blanket policy does not include interior unit coverage, including replacement of interior improvements and betterment coverage to insure improvements that the Borrower may have made to the Unit.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and the certificate of insurance or complete copy of the insurance policy.

(2) Hazard Insurance

(a) Definition

Hazard Insurance refers to insurance coverage that compensates for physical damage by fire, wind, or natural occurrences.

(b) Standard

The Mortgagee must verify that the Condominium Association has a master or blanket Hazard Insurance policy in place for the entire Condominium Project. The Condominium Association's master or blanket Hazard Insurance policy must be in an amount to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Approved Condominium Project.

The Mortgagee must verify that any policy with a coinsurance clause includes an agreed amount endorsement, selection of the agreed value option, or an amount of coverage to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Approved Condominium Project.

The Mortgagee must verify that any pooled insurance policy satisfies the insurance coverage standard for each Condominium Project insured under the policy.

The insurance policies must list the Condominium Association as the named insured, or, in the case of an affiliated Approved Condominium Project or Condominium Association, the name of the affiliated Approved Condominium Project or Condominium Association may be listed as a named insured.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#), the certificate of insurance or complete copy of the insurance policy, and if applicable, acceptable evidence of the replacement cost value.

(3) Flood Insurance

(a) Standard

Flood Insurance for Condominiums must meet the requirements in [Flood Insurance](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

The Mortgagee must verify that the Approved Condominium Project located in a Special Flood Hazard Area (SFHA) continues to meet the [Flood Insurance requirements in the Condominium Project Approval section](#).

The insurance policies must list the Condominium Association as the named insured, or, in the case of an affiliated Approved Condominium Project or Condominium Association, the name of the affiliated Approved Condominium Project or Condominium Association may be listed as a named insured.

(b) Required Documentation

The Mortgagee must submit:

- form [HUD-9991](#);
- if applicable, the Letter of Map Amendment (LOMA), Letter of Map Revision (LOMR), or a FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)); and
- if applicable, the certificate of insurance or a complete copy of the Flood Insurance policy.

(4) Exception for FHA Insurance Requirements

This exception applies to Manufactured Home Condominium Projects, Detached Condominium Housing Projects, and Common Interest Housing Developments unable to satisfy the current insurance requirements.

(a) Definitions

A Manufactured Home Condominium Project (MHCP) refers to a Condominium Project that consists of two or more Manufactured Homes.

A Detached Condominium Housing Project (DCHP) refers to a Condominium Project that has individual detached Single Family Dwelling Units, garage, and onsite improvements that are owned and maintained by the homeowner. The ground beneath the residential improvements is owned by the Condominium Association or Homeowners' Association (HOA) or is under a long-term leasehold interest and considered common area or limited common area.

A Common Interest Housing Development (CIHD) refers to a planned residential community that may consist of Units within a two- to four-unit building and/or contain multiple housing types, structured with different ownership interests, managed by a common Condominium Association or HOA, and governed under one Declaration of Covenants, Conditions, and Restrictions (CC&Rs). The CIHD may share a variety of common amenities and services.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(b) Standard

The Mortgagee must verify that the Unit owners and the Condominium Association or HOA comply with FHA insurance coverage requirements.

(i) Manufactured Housing Condominium Project

If the governing documents require the Unit owners to maintain all applicable property insurance coverage for the dwelling, site area, and any Personal Property contained within, the MHCP is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance (Walls-In);
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; or
- a Flood Insurance policy, provided that the governing documents require the Unit owners to maintain individual Flood Insurance if the Unit has been identified as located in a [Special Flood Hazard Area \(SFHA\)](#).

The Condominium Association or HOA must carry master or blanket insurance for Structures/improvements that are considered common areas of the project outside the footprint of the individual site.

(ii) Detached Condominium Housing Project

If the governing documents require the Unit owners to maintain all applicable property insurance coverage for the dwelling, site area, and any Personal Property contained within, the DCHP Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must carry master or blanket insurance for Structures/improvements that are considered common areas of the project outside the footprint of the individual site.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(iii) Common Interest Housing Development

If the governing documents require the Unit owners of the detached Single Family homes, Site Condominiums, duplex, or two-to-four units within the project to maintain and carry property insurance for the dwelling, site area and any Personal Property contained therein, the Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must maintain and carry master/blanket Hazard, Liability, and Flood insurance for the Structures that contain the attached units and the common areas of the project.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and the certificates of insurance or complete copies of the insurance policies.

(G)Leasehold Interest

(1) Definition

Leasehold Interest refers to real estate where the residential improvements are located on land that is subject to long-term lease from the underlying fee owner, creating a divided estate in the Property.

(2) Standard

The Mortgagee must determine if the Unit is owned under a Leasehold Interest and complies with the leasehold guidance.

(3) Required Documentation

The Mortgagee must document verification of compliance and submit the required documentation in the [leasehold guidance](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(H) New Construction

(1) Definitions

New Construction refers to Proposed Construction, Properties (or Condominium Projects) Under Construction, and Properties Existing Less than One Year as defined below:

- Proposed Construction refers to a Property where no concrete or permanent material has been placed. Digging of footing is not considered permanent.
- Under Construction refers to the period from the first placement of permanent material to 100 percent completion with no Certificate of Occupancy (CO) or equivalent.
- Existing Less than One Year refers to a Property that is 100 percent complete and has been completed less than one year from the date of issuance of the CO or equivalent. The Property must have never been occupied.

Complete Condominium Project refers to a Condominium Project consisting of Units that are Existing Less than One Year and that are ready for occupancy, including completion of all the Infrastructure of the Condominium Project, and not subject to further rehabilitation or construction.

(2) Standard

For Complete Condominium Projects, the Mortgagee must comply with the [General Condominium Project Approval Requirements](#) and the [New Construction](#) guidance.

(3) Required Documentation

The Mortgagee must submit required documentation for New Construction under the guidance in [New Construction](#).

(I) Gut Rehabilitation

(1) Definition

Gut Rehabilitation (Gut Rehab) refers to the renovation of a Property down to the shell of the structure, including the replacement of all Heating, Ventilation and Air Conditioning (HVAC) and electrical components.

(2) Standard

For Gut Rehab conversion Condominium Projects, the Mortgagee must comply with the [General Condominium Project Approval Requirements](#) and the [New Construction](#) guidance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(3) Required Documentation

The Mortgagee must submit required documentation for Gut Rehab under the guidance in [New Construction](#).

(J) Manufactured Housing

(1) Definition

Manufactured Housing refers to Structures that are transportable in one or more sections and meet the additional definition standards prescribed in [Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages](#). They may be part of an Approved Condominium Project, provided the Condominium Project meets applicable FHA requirements.

A Manufactured Home refers to a single dwelling unit of Manufactured Housing.

(2) Standard

For a Manufactured Home, the Mortgagee must comply with the [General Condominium Project Approval Requirements](#) and the guidance in [Property Types - Manufactured Housing](#).

(3) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and the required documentation for Manufactured Housing under the guidance in [Property Types - Manufactured Housing](#).

iii. Single-Unit Approval

Single-Unit Approval refers to approval of a Unit in a Condominium Project that is not an Approved Condominium Project.

The Mortgagee must verify that the Unit and Condominium Project are in compliance with the following requirements.

(A) Condominium Project Approval Status

The Mortgagee must confirm the Condominium Project is not on the list of [FHA-Approved Condominium Projects](#) at the time of case number assignment.

(B) Borrower Eligibility

To be eligible for Single-Unit Approval, the Mortgagee must verify that the mortgage application receives an Accept from TOTAL Mortgage Scorecard or if manually underwritten, has a maximum Loan-to-Value (LTV) of 90 percent.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(C) Property Eligibility

The Mortgagee must confirm that the Condominium Project:

- has a CO or equivalent for all units in the Complete Condominium Project or [Complete Legal Phase](#);
- has a CO or equivalent for the subject Unit that was issued at least one year ago or has been occupied;
- has at least five Units;
- is not a Manufactured Home;
- does not have [Ineligible Characteristics](#); and
- is not located in an Approved Condominium Project or unapproved phase of a Condominium Project with an approved Legal Phase.

(D) Requirements for Eligible Properties

(1) FHA Insurance Concentration

(a) Definition

FHA Insurance Concentration refers to the number of FHA-insured Mortgages within a Condominium Project.

(b) Standard

FHA may suspend the issuance of new FHA case numbers for a Mortgage on a Unit in a Condominium Project when the FHA Insurance Concentration exceeds 10 percent of the total number of Units in the Condominium Project for Condominium Projects with 20 or more Units. For Condominium Projects with less than 20 Units, the number of FHA-insured Mortgages cannot exceed two.

(2) Single-Unit Approval Case Number Assignment

(a) Standard

After submitting the case number assignment to Holds Tracking in FHAC, the Mortgagee must submit required information for case number assignment by email to the FHA Resource Center at: answers@hud.gov. The issuance of an FHA case number for Single-Unit Approval processing is not a Condominium Project Approval of the Unit nor the Condominium Project. All required documents and verifications are to be reviewed and completed as loan level requirements by the Mortgagee.

(b) Required Documentation

The Mortgagee must submit an email to the FHA Resource Center with the information requested in form [HUD-9991](#) in the following Sections:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

Mortgagee Information, Condominium Project Information, Condominium Association, and Occupancy Requirements by Construction Type, including the total number of Units in the Condominium Project for a case number assignment. Separate emails with the subject line “SUA Holds Tracking: Condominium Project Name” must be submitted for each case number requested.

(3) Form HUD-9991, *FHA Condominium Loan Level/Single-Unit Approval Questionnaire*

(a) Definition

Form [HUD-9991](#), *FHA Condominium Loan Level/Single-Unit Approval Questionnaire*, refers to a set of questions designed to collect pertinent loan, Condominium Project, and Unit information for FHA insurance endorsement.

(b) Standard

The Mortgagee must submit a completed, signed, and dated form [HUD-9991](#).

(4) Owner Occupancy Percentage

(a) Definitions

Owner Occupancy Percentage refers to the percentage of Units considered owner-occupied as shown in the calculation.

(b) Standard

The Mortgagee must determine that the Condominium Project has an Owner Occupancy Percentage of at least 50 percent of the total number of Units.

The Mortgagee must report the Owner Occupancy Percentage in [FHAC](#) when the functionality becomes available.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(d) Calculation

For the sole purposes of calculating the Owner Occupancy Percentage, the numerator of the calculation for a multi-phased Condominium Project includes the total number of the following Units in the first declared Legal Phase and cumulatively in subsequent Legal Phases, or for a single-phased

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

Condominium Project, all of the following Units are included in the numerator of the calculation:

- any Unit that is occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year;
- any Unit listed for sale, and not listed for rent, that was previously occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year; or
- any Unit sold to an owner who intends to occupy the Unit as their place of abode for any portion of the calendar year and has no intent to rent the Unit for a majority of the calendar year.

For the sole purposes of calculating the Owner Occupancy Percentage, the following units are included in the denominator of the calculation for a:

- multi-phased Condominium Project, the total number of Units in the first declared Legal Phase and cumulatively on subsequent Legal Phases; or
- single-phased Condominium Project, all Units.

A Unit owned by the builder/developer is not an owner-occupied Unit.

(5) Recorded Documents

(a) Definition

Recorded Documents refer to the Condominium Project's legal, project, and governing documents that are required to operate legally as required by state and local law.

(b) Standard

The Condominium Project's Recorded Documents must be recorded in accordance with applicable state and local law to ensure the Condominium Project can be legally operated in the local jurisdiction.

(c) Required Documentation

The Mortgagee must submit evidence that the Recorded Documents have been recorded.

(6) Transfer of Control

(a) Definitions

Transfer of Control refers to the shift of existing control over the Condominium Association from the developer/builder to the Unit owners.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

Control of the Condominium Association refers to the ability to directly or indirectly control, direct, modify, or veto any action of the Condominium Association.

(b) Standard

The Mortgagee must verify Control of the Condominium Association has been transferred to the Unit owners and the Covenants, Conditions, and Restrictions (CC&R) have been recorded.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and recorded CC&Rs.

(7) Financial Condition

(a) Financial Stability

(i) Definitions

Financial Stability refers to the ability of the Condominium Association to meet the Condominium Project's needs in the future through positive cash flow and adequately funded reserves.

(ii) Standard

The Mortgagee must verify the Financial Stability of the Condominium Project and that:

- the Condominium Association maintains separate accounts for operating and reserve funds;
- a reserve account for capital expenditures and deferred maintenance that is funded with at least 10 percent of the aggregate of 12 months of Unit assessments, unless a lower amount is deemed sufficient based upon an acceptable reserve study; and
- no more than 15 percent of the total Units are Units in Arrears (does not include late fees or administrative expenses).

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(b) Financial Distress Event

(i) Definition

A Financial Distress Event refers to a Condominium Project or builder/developer that has:

- sought protection under bankruptcy laws;
- been placed into receivership (mandated or voluntary);
- been subject to foreclosure or any seizure of assets by creditors; or
- offered a Deed-in-Lieu (DIL) of Foreclosure.

(ii) Standard

The Mortgagee must verify that a Condominium Project has not experienced a Financial Distress Event within the last three years.

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

If applicable, the Mortgagee must submit a dated legal document evidencing Resolution of Financial Distress Event and a signed and dated explanation.

(c) Individual Owner Concentration

(i) Definition

Individual Owner Concentration refers to the percentage of Units owned by a single owner or Related Party.

Related Party includes, but is not limited to:

- an individual serving as the Unit owners' officer, director, or employee; or
- a Unit owner's direct parent company, subsidiary, or any related entity with which the Unit owner shares a common officer or director.

(ii) Standard

The Mortgagee must determine that for Condominium Projects with 20 or more Units, the Individual Owner Concentration is 10 percent or less.

The Mortgagee must determine that for Condominium Projects with fewer than 20 Units, the Unit owner may not own more than one Unit. No Related Party may own a Unit.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(iv) Calculation

For the Individual Owner Concentration calculation:

- on a multi-phased Condominium Project, the Individual Owner Concentration is calculated based on the total number of Units in the first declared Legal Phase and cumulatively on subsequent Legal Phases; or
- for a single-phased Condominium Project, all Units are used in the denominator when calculating the Individual Owner Concentration, except that unoccupied and unsold Units owned by a builder/developer are excluded from the numerator and denominator in the Individual Owner Concentration calculation.

The Mortgagee must use the total number of declared Units in the Condominium Project for Complete Condominium Projects and Gut Rehab to calculate the Individual Owner Concentration.

(d) Commercial/Nonresidential Financial Independence

(i) Definition

Commercial/Nonresidential Financial Independence refers to the ability of the Residential Space and Commercial/Nonresidential Space of the Condominium Project to be independently sustainable such that neither portion of the Condominium Project is financially reliant on the other.

(ii) Standard

For projects with [Commercial/Nonresidential Space](#), the Mortgagee must verify there is Commercial/Nonresidential Financial Independence.

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

For Condominium Projects with Commercial/Nonresidential Space, the Mortgagee must submit:

- a current year budget approved by the board(s);
- a year-to-date income and expense statement dated within 90 Days if the prior year to date actuals are more than 90 Days old;
- an income and expense statement for the previous year's actual year end results; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

- a current balance sheet dated within 90 Days prior to the date of submission.

(8) Insurance Coverage

The Condominium Project where the single Unit is located must be insured to FHA standards as well as any applicable state and local condominium requirements.

The insurance policies must list the Condominium Association as the named insured, or in the case of an affiliated Condominium Project or Condominium Association, the name of the affiliated Condominium Project or Condominium Association may be listed as a named insured.

(a) Walls-In (HO-6)

(i) Definition

Walls-In Insurance refers to insurance that covers the interior of the Unit and Personal Property inside the Unit.

(ii) Standard

The Mortgagee must verify that the Borrower has obtained a Walls-In policy (HO-6) if the master or blanket policy does not include interior Unit coverage, including replacement of interior improvements and betterment coverage to insure improvements that the Borrower may have made to the Unit.

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and a certificate of insurance or complete copy of the insurance policy.

(b) Hazard Insurance

(i) Definition

Hazard Insurance refers to insurance coverage that compensates for physical damage by fire, wind, or natural occurrences.

(ii) Standard

The Mortgagee must verify that the Condominium Association has a master or blanket Hazard Insurance policy in place for the entire Condominium Project. The Condominium Association's master or blanket Hazard Insurance policy must be in an amount to fully cover the insurable

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

replacement cost of all Units and all insurable Common Elements in the Condominium Project.

The Mortgagee must verify that any policy with a coinsurance clause includes an agreed amount endorsement, selection of the agreed value option, or an amount of coverage to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Condominium Project.

The Mortgagee must verify that any pooled insurance policy satisfies the insurance coverage standard for each Condominium Project insured under the policy.

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#), a certificate of insurance or complete copy of the insurance policy, and if applicable, acceptable evidence of the replacement cost value.

(c) Liability Insurance

(i) Definition

Liability Insurance refers to insurance that protects against legal claims.

(ii) Standard

The Mortgagee must verify that the Condominium Association maintains comprehensive Liability Insurance for the entire Condominium Project, including all common areas, elements, public ways, and all other areas that are under its supervision, in the amount of at least \$1 million for each occurrence.

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and a certificate of insurance or complete copy of the insurance policy.

(d) Fidelity Insurance

(i) Definition

Fidelity Insurance refers to insurance that protects the Condominium Association against employee dishonesty, crime, or other fraudulent acts conducted by one or more employees.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(ii) Standard

The Mortgagee must verify that for all Condominium Projects with more than 20 Units, the Condominium Association maintains Fidelity Insurance for all officers, directors, and employees of the Condominium Association and all other persons handling or responsible for funds administered by the Condominium Association.

The Mortgagee must verify that the insurance coverage is the greater of either:

- three months of aggregate (12-month) assessments on all Units plus reserve funds (up to the maximum permitted by state law); or
- the minimum amount required by state law.

For existing policies, an uninsured amount within 3 percent of the above calculation or \$10,000, whichever is less, is acceptable.

If the Condominium Project engages a management company, the policy or policies must demonstrate that they specifically meet the standard for both the Condominium Association and the management company.

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and the certificate of insurance or a complete copy of the insurance policy from the Condominium Association and/or from the management company.

(e) Flood Insurance

(i) Standard

The Mortgagee must ensure that the Flood Insurance for a Condominium Unit meets the requirements in/under [Flood Insurance](#) for an FHA-insured Mortgage.

The Mortgagee must verify that Units in a Condominium Project located in a SFHA meet the [Flood Insurance requirements in the Condominium Project Approval section](#).

(ii) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and the required documentation in [Condominium Project Approval](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(f) Exception for FHA Insurance Requirements

The Mortgagee must verify that the Unit owners and Condominium Association or HOA comply with FHA insurance coverage requirements.

(i) Detached Condominium Housing Project Eligibility

If the governing documents require the Unit owners to maintain all applicable property insurance coverage for the dwelling, site area, and any Personal Property contained within, the DCHP Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance (Walls-In);
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must carry master or blanket insurance for Structures/improvements that are considered common areas of the project outside the footprint of the individual site.

(ii) Common Interest Housing Development Project

If the governing documents require the Unit owners of the detached Single Family homes, Site Condominiums, duplex, or two- to-four units within the project to maintain and carry property insurance for the dwelling, site area, and any Personal Property contained therein, the Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must maintain and carry master/blanket Hazard, Liability, and Flood Insurance for the Structures that contain the attached units and the common areas of the project.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(iii) Required Documentation

The Mortgagee must submit form HUD-9991 and certificates of insurance or complete copies of the insurance policies.

(9) Projects in Coastal Barrier Resources System or Special Flood Hazard Areas

(a) Projects in Coastal Barrier Resources System

If any part of the Condominium Project is located within the Coastal Barrier Resources System (CBRS), the Condominium Project is [not eligible](#) for FHA Single-Unit Approval.

(b) Special Flood Hazard Areas

If any portion of the Structures or equipment essential to the value of the Condominium Project is located within an SFHA, then the Condominium Project is not eligible for Condominium Project Approval, unless the Condominium Project meets the [Special Flood Hazard Areas requirements in the Condominium Project Approval section](#).

(10) Commercial/Nonresidential Space

(a) Definitions

Commercial/Nonresidential Space refers to floor area allocated to:

- retail and commercial square footage (excludes [Live/Work Units](#));
- multilevel parking garage square footage that is separate from multilevel parking garage square footage allocated to residential Unit owners;
- building common areas not reserved for the exclusive use of residential Unit owners; and
- any square footage that is owned by a private individual or entity outside of the Condominium Association.

Residential Space refers to floor area allocated to:

- all Unit square footage;
- all building common area square footage exclusively for the use of residential Unit owners; and
- all parking garage square footage allocated to residential Unit owners.

Parking lot square footage is not considered Residential or Commercial/Nonresidential Space.

Total Floor Area refers to all Residential Space and Commercial/Nonresidential Space.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(b) Standard

The Mortgagee must verify that the Condominium Project's Commercial/Nonresidential Space does not exceed 35 percent of the Condominium Project's Total Floor Area.

(c) Required Documentation

The Mortgagee must submit the following documentation:

- form [HUD-9991](#);
- recorded condominium site plans; and
- recorded CC&Rs.

(11) Live/Work Unit

(a) Definitions

A Live/Work Condominium Project refers to a Condominium Project that allows space within the individual Unit to be used jointly for nonresidential and residential purposes.

A Live/Work Unit refers to a Unit in a Live/Work Condominium Project.

(b) Standard

The Mortgagee must verify that the Condominium Project governing documents allow Live/Work arrangements.

The Mortgagee must verify that the individual Live/Work Unit does not contain more than 49 percent Commercial/Nonresidential Space.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(12) Leasehold Interest

(a) Definition

Leasehold Interest refers to real estate where the residential improvements are located on land that is subject to long-term lease from the underlying fee owner, creating a divided estate in the Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

(b) Standard

The Mortgagee must determine if Condominium Projects with Units or Common Elements owned under a Leasehold Interest are eligible and meet the following requirements:

- The Condominium Association must be the lessee under the lease.
- The lease of the Common Elements provides that a default of the Condominium Association does not result in a disturbance of any rights of the Unit owners.
- The lease provides that the Mortgagee receives notice of any monetary or Non-Monetary Default by the Condominium Association and is given the right to cure any defaults on behalf of the Condominium Association.
- The lease provides for the payment of taxes and insurance related to the land, in addition to those being paid for the improvements.
- The Condominium Association must not be in default under any provisions of the lease.
- The lease does not include any default provisions that could result in forfeiture or termination of the lease except for nonpayment of lease rents.
- The Condominium Project must comply with the Title II or Home Equity Conversion Mortgage (HECM) [Leasehold guidance](#) as applicable.

(c) Required Documentation

The Mortgagee must submit the lease and comply with the required documentation in the [Leasehold guidance](#).

(13) Litigation

(a) Definition

Litigation refers to a current or pending lawsuit or proceedings in a court, arbitration, or mediation involving the Condominium Project or Condominium Association, or those concluded within 12 months of the application date. Litigation does not include foreclosure or actions to collect past due assessments brought by the Condominium Association or Condominium Project as plaintiff.

(b) Standard

The Mortgagee must verify that the Condominium Project or Condominium Association is not subject to Litigation that relates to the safety, structural soundness, habitability, or functional use of the Condominium Project.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

8. Programs and Products - Condominiums (08/19/2024)

The Mortgagee must verify that the Condominium Project or Condominium Association is not subject to any other Litigation risk not covered by insurance or that exceeds the amount of insurance coverage relating to the potential losses for that matter.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

iv. Site Condominium

(A) Definition

A Site Condominium refers to:

- a Condominium Project that consists entirely of Single Family detached dwellings that have no shared garages, or any other attached buildings; or
- a Condominium Project that:
 - consists of Single Family detached or horizontally attached (townhouse-style) dwellings where the Unit consists of the dwelling and land;
 - does not contain any Manufactured Housing Units; and
 - is encumbered by a declaration of condominium covenants or a condominium form of ownership.

(B) Standard

The Unit owner must be responsible for all required insurance and maintenance costs associated with the Unit dwelling, excluding landscaping, of the Site Condominium.

Site Condominiums do not require Condominium Project Approval or Single-Unit Approval.

(C) Required Documentation

The Mortgagee must submit the following documentation:

- [Condominium Rider](#);
- appraisal completed on [Fannie Mae Form 1073/Freddie Mac Form 465](#), *Individual Condominium Unit Appraisal Report*, evidencing that all Units satisfy the Site Condominium definition;
- certificate of Hazard Insurance or complete copy of the insurance policy evidencing coverage of the entire dwelling; and
- if required under the [Flood Insurance requirements in the Condominium Project Approval Section](#), certificate of Flood Insurance or complete copy of the insurance policy evidencing coverage of the entire dwelling.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

9. 203(k) Consultant Requirements

a. Overview (09/14/2015)

A Federal Housing Administration (FHA)-approved 203(k) Consultant is required for all Standard 203(k) Mortgages and may be used for Limited 203(k) Mortgages. Any Consultant who performs work on a 203(k) must be listed on the [FHA 203\(k\) Consultant Roster](#). The Consultant inspects the Property and prepares the architectural exhibits, the Work Write-Up and Cost Estimate.

For information on how to become an approved 203(k) Consultant, refer to [Doing Business with FHA](#).

b. Consultant Duties (04/18/2023)

The assigned Consultant must perform the following duties in accordance with the requirements set forth below.

i. Feasibility Study

If requested by the Borrower or Mortgagee to determine if a project is financially feasible, the Consultant must prepare a [Feasibility Study](#).

ii. Consultant Inspection

The Consultant must personally conduct an on-site property inspection to ensure:

- there are no rodents, dry rot, termites and other infestation on the Property;
- there are no defects that will affect the health and safety of the occupants;
- there exist adequate structural, heating, plumbing, electrical and roofing systems; and
- there are upgrades to the Structure's thermal protection (when necessary).

The Consultant must prepare a report on the current condition of the Property that categorically examines the Structure utilizing the [35 point checklist](#). The report must address any deficiencies that exist and certify the condition of all major systems: electrical, plumbing, heating, roofing and structural.

The Consultant must determine the repairs/improvements that are required to meet the U.S. Department of Housing and Urban Development (HUD)'s [Minimum Property Requirements \(MPR\)](#), [Minimum Property Standards \(MPS\)](#) and local requirements.

iii. Architectural Exhibits

The Consultant is responsible for identifying all required architectural exhibits. The Consultant must prepare the exhibits, or, if not qualified to prepare all of the necessary exhibits, must obtain the exhibits from a qualified subcontractor.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

iv. Work Write-Up and Cost Estimate

The Consultant must prepare an unbiased Work Write-Up and Cost Estimate without the use of the contractor's estimate. The Work Write-Up and Cost Estimate must be detailed as to work being performed per the project proposal, including the necessary reports described in the [Architectural Exhibit Review](#) section.

v. Draw Request Inspection

The Consultant must inspect the work for completion and quality of workmanship at each draw request.

vi. Change Order

At the Borrower's or Mortgagee's request, the Consultant must review the proposed changes to the Work Write-Up and prepare a change order.

vii. Work Stoppages or Deviations from the Approved Write-Up

The Consultant must inform the Mortgagee of the progress of the rehabilitation and of any problems that arise, including:

- work stoppages of more than 30 consecutive Days or work not progressing reasonably during the rehabilitation period;
- significant deviations from the Work Write-Up without the Consultant's approval;
- any issues that could affect adherence to the program requirements or property eligibility; or
- any issues that could affect the health and safety of the occupants or the security of the Structure.

c. Consultant Fee Schedule (11/04/2024)

Below are the maximum fees that may be charged by the Consultant.

i. Feasibility Study

If requested by the Borrower or Mortgagee to determine if a 203(k) Mortgage is feasible, the Consultant may charge an additional fee of \$375 for the preparation of a Feasibility Study.

ii. Work Write-Up

The Consultant may charge the fees listed below for the preparation of the Work Write-Up and review of architectural exhibits:

- Up to \$1,000 for repairs less than or equal to \$50,000
- Up to \$1,200 for repairs between \$50,001 and \$85,000
- Up to \$1,400 for repairs between \$85,001 and \$140,000

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

- Up to 1 percent of the repair costs or \$2,000, whichever is lower, for repairs over \$140,000

The Consultant may charge an additional \$25 per additional Dwelling Unit.

iii. Draw Inspection Fee

For each draw request, the Consultant may charge an inspection fee that is reasonable and customary for work performed in the area where the Property is located, provided the fee does not exceed a maximum of \$375.

iv. Change Order Fee

The Consultant may charge \$120 per change order request.

v. Reinspection Fee

The Consultant may charge a \$225 fee when reinspection of a Work Item is requested by the Borrower or Mortgagee.

vi. Mileage Fee

The Consultant may charge a mileage fee at the current Internal Revenue Service ([IRS](#)) [mileage rate](#) when the Consultant's place of business is more than 15 miles from the Property.

d. Improvements Standards (02/16/2021)

i. General Improvement Standards

The Consultant must ensure that the Property will comply with HUD's MPR or HUD's MPS after the improvements have been completed.

ii. Improvement Standards for Storm Shelters

When a storm shelter is part of the rehabilitation, the Consultant must ensure that its construction is consistent with guidelines issued by the Federal Emergency Management Agency ([FEMA](#)).

iii. Foundation Standards

(A) Existing Structure Moved to a New Foundation

Prior to placement of the existing Structure on the new foundation, the Consultant must obtain from the Borrower a report from a licensed structural engineer stating that the foundation is structurally sound and capable of supporting the Structure.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

After placement of the existing Structure on the new foundation, the Consultant must obtain from the Borrower a report from a licensed structural engineer stating that the Structure has been properly placed and secured to the new foundation.

(B) Structure is Reconstructed on the Existing Foundation

Prior to reconstruction of the Structure, the Consultant must obtain from the Borrower a report from a licensed structural engineer stating that the foundation is structurally sound and capable of supporting the proposed reconstruction of the Structure.

(C) Existing Structure will be Elevated

Prior to elevation of the existing Structure, the Consultant must obtain from the Borrower a report from a licensed structural engineer stating that the foundation is structurally sound and capable of supporting the Structure.

After elevation of the existing Structure, the Consultant must obtain from the Borrower a report from a licensed structural engineer stating that the Structure has been properly placed and secured to the new foundation.

e. Consultant 35 Point Checklist (09/14/2015)

The Consultant must inspect the Property and address the following 35 points, if applicable, in the Work Write-Up and Cost Estimate:

1. **Masonry.** Describe masonry work to be performed, such as: point brickwork; stucco; construction of brick walls; construction/repair of brick, masonry or stone chimney; etc. Most estimates must be based on square footage projections.
2. **Siding.** Describe siding work to be performed, such as: replacement of defective siding, fascia and soffits; installation of new vinyl siding with aluminum window trim; etc. Most estimates must be based on square footage, lineal footage and length projections.
3. **Gutters and Downspouts.** Describe gutter and downspout work to be performed, such as: replacement of bad or missing gutters and downspouts; cleaning and opening downspouts; installation of splash block; etc. Most estimates must be based on lineal footage projections.
4. **Roof.** Describe roof work to be performed, such as: installation of a new built-up roof, with new metal gravel stops; installation of 240 Sealtab asphalt shingles on all roofs with a 3:12 pitch or greater; etc. Roofs that already have two layers of shingles should not be roofed again. Remove the existing shingles, then roof with new shingles. Most estimates must be based on square footage projections.
5. **Shutters.** Describe shutter work to be performed, such as: installation of shutters at windows; etc. Most estimates must be based on pair pricing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

6. **Exteriors.** Describe exterior work to be performed, such as: removal of defective, buckled wood members; providing a structurally sound porch floor, properly finished; replacement of existing porch with masonry steps and stoops; providing ornamental iron or wood railing or parts; etc. Most estimates must be based on lineal or square footage projections.
7. **Walks.** Describe walk work to be performed, such as: installation of new concrete walks; installation of concrete steps at (____); etc. Most estimates must be based on square and lineal footage projections.
8. **Driveways.** Describe driveway work to be performed, such as: remove old driveway and apron; install blacktop asphalt drive (minimum two feet) over existing drive and apron; install new concrete driveway (minimum four feet) and apron with wire mesh; etc. Most estimates must be based on square and lineal footage projections.
9. **Painting (Exterior).** Describe exterior painting work to be performed, such as: scrape, sand smooth and paint a minimum of two coats of good quality paint on all exterior woodwork and metal; etc. Most estimates must be based on square and lineal footage projections. If the Property was built before 1978, a U.S. Environmental Protection Agency (EPA) or [state-certified lead-safe renovation contractor](#) must be used for the painting work; machine sanding and use of propane or gasoline torches (open flame methods) are not permitted, and just washing and repainting without thorough removal or covering with siding does not constitute adequate treatment.

Required Work Items: All defective (cracking, scaling, chipping, peeling, loose, or flaking paint and paint that is to be disturbed by this Painting (Exterior) point or other points in the Work Write-Up must be scraped, primed and double coated. Because of the concern for lead paint ingestion, all peeling paint conditions must include scraping, priming and double coating of surface areas. If the Property was built before 1978, paint mitigation must be in compliance with EPA's [Renovation, Repair and Painting Rule](#) and HUD's lead-based paint regulations regarding paint mitigation at [24 CFR 200.810\(c\)](#). Some states may require more specific treatment.

10. **Caulking.** Describe caulking to be performed, such as: caulk all windows and door frames; etc. Most estimates must be based on lineal footage or lump sum projections.

Required Work Item: Caulk all openings, cracks or joints in the building envelope to reduce air infiltration.

11. **Fencing.** Describe fencing work to be performed, such as: installation of new fencing; resetting existing fencing; etc. Most estimates must be based on lineal footage projections.
12. **Grading.** Describe grading work to be performed, such as: removal of debris from yards; application of finish earth; grade and seed; etc. Most estimates must be based on square yard and lump sum projections.

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

13. **Windows.** Describe window work to be performed, such as: installation of new metal replacement windows; replacement of rotted or defective sash; replacement of rotted sills at exterior; replacement of basement windows; replacement of cracked/broken glass; replacement of missing glazing putty; repair or replacement of screens; etc. If a particular manufactured window is used, then the Work Write-Up should specify to justify the cost of the windows. Most estimates must be based on per window projections.

14. **Weather-stripping.** Describe weather-stripping to be performed, such as: installation of new weather-stripping at all exterior doors; weather-strip all windows; install metal interlocking thresholds at exterior doors; etc. Most estimates must be based on per unit and linear footage projections.

Required Work Item: Weather-strip all doors and windows in living areas to reduce infiltration of air when existing weather-stripping is inadequate or nonexistent.

15. **Doors (Exterior).** Describe door work to be performed, such as: install new 1 3/4" exterior solid core wood door(s); install 1 3/4" metal insulated door; install three new door butts; install new exterior door trim; install new lockset with deadbolt; etc. Most estimates must be based on per unit and linear footage projections. Address weather-stripping and caulking of all replacement doors and trim.

16. **Doors (Interior).** Describe interior door work to be performed, such as: replacement of defective doors; installation of new doors with locksets; installation of locksets where missing or malfunctioning; readjusting all doors for proper closing; installation of bedroom closet doors; installation of bifold doors at (____); installation of door trim at (____); etc. Most estimates must be based on per unit projections.

17. **Partitions** (Do not include drywall costs). Describe partitioning work to be performed, such as: framing of new walls and partitions; framing for new closet; etc. Most estimates must be based on lineal or square footage projections.

18. **Plaster/Drywall.** Describe plaster and drywall work to be performed, such as: patch all defective plaster/drywall; finish smooth with existing wall/ceiling finish; install drywall at (____); etc. Most estimates must be based on lump sum and square footage projections.

19. **Decorating.** Describe painting work to be performed, such as: paint interior walls; remove all existing wallpaper at (____); wallpaper walls at (____); treat defective (cracking, scaling, chipping, peeling, loose, or flaking) paint and paint that is to be disturbed by this Decorating point or other points in the Work Write-Up, and refinish surfaces at (____); etc. Most estimates must be based on square and lineal footage projections.

Required Work Items: All defective (cracking, scaling, chipping, peeling, loose, or flaking) paint and paint to be disturbed by this Decorating point or other points in the Work Write-Up must be scraped, primed and double coated. Because of the concern

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

for lead paint ingestion, all peeling paint conditions must include scraping, priming and double coating of surface areas. If the Property was built before 1978, paint mitigation must be in compliance with [EPA's Renovation, Repair and Painting Rule](#) and HUD's lead-based paint regulations regarding paint mitigation at 24 CFR 200.810(c). Some states may require more specific treatment.

20. **Wood Trim.** Describe wood trim work to be performed, such as: replace all cracked, broken, mismatched trim, jambs, etc.; remove all unused hinges, curtain rod hangers, nails, screws, etc.; replace all wood trim at interior door units, base, shoe & other trim; replace defective wall paneling at (____); etc. Most estimates must be based on square and lineal footage, per unit, and lump sum projections.
21. **Stairs.** Describe stair work to be performed, such as: replace bad basement treads and risers; replace main stairs, treads and risers; replace broken and/or missing baluster; provide handrails; install new stairs at (____); etc. Most estimates must be based on lump sum and lineal footage projections.
22. **Closets.** Describe closet work to be performed, such as: install new shelves, clothing rods; etc. Most estimates must be based on lineal footage projections.
23. **Wood Floors.** Describe wood floor work to be performed, such as: replace all defective flooring, holes in floors, etc., with wood flooring to match existing floors; sand, fill and refinish wood floors; install new hardwood floors at (____); etc. Most estimates must be based on square footage projections.
24. **Finish Floors.** Describe finish floor work to be performed, such as: install vinyl tile or sheet goods with 1/4" underlayment at (____); install carpet and pad at (____); etc. Specify nonstandard type flooring to justify the cost estimate. Most estimates must be based on square yard projections.
25. **Ceramic Tile.** Describe ceramic tile work to be performed, such as: install ceramic tile wainscot in bathtub area for shower height; install ceramic tile floor at (____); install Marlite wainscot in bathtub area for shower height; replace defective tile in bath; replace defective tile in kitchen; etc. Most estimates must be based on square footage or lump sum projections.
26. **Bath Accessories.** Describe bath accessory work to be performed, such as: replace medicine cabinet in bath; install towel bar(s); install soap dish; install grab bar in tub/shower; etc. Most estimates must be based on per unit projections.
27. **Plumbing.** Describe plumbing work to be performed, such as: install new hot and cold water piping; install 30 gallon (minimum) glass-lined gas hot water heater (52 gallon if electric); install new kitchen stainless steel sink; install three-piece bathroom with shower over tub; install laundry tray with faucet; replace washers at faucets; replace defective sewer lines; connect to public sewer line; replace defective faucet at (____); etc. Most estimates must be based on per unit, lump sum and lineal footage projections.

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

Required Work Item: When feasible, connect to public sewer system where available.

28. **Electrical.** Describe electrical work to be performed, such as: install 100 amp service; replace frayed exterior wire from service to main and into exterior panel box; install new ceiling light wall switches; install new lighting fixtures at (____); install new exterior lighting; replace wall receptacles; install three-way switch; install smoke detectors; install exterior wall exhaust fan(s); etc. Most estimates must be based on per unit and lump sum projections.

Required Work Items: The amp service must be upgraded to the greater of 100 amp or local code. Each sleeping area must be provided with a minimum of one approved, listed and labeled smoke detector installed adjacent to the sleeping area. Smoke detectors may be battery powered when installed in existing or rehabilitated Structures. However, where new construction is being added to an existing building, the smoke detector must receive its primary power from the building wiring, in conformance to local codes and ordinances.

29. **Heating.** Describe heating and air conditioning work to be performed, such as: install new forced warm air heater; install new hot water boiler; install automatic flow control valve; install temp control valve at boiler; install heat supply outlet in each room; install high performance items such as geothermal heating and cooling, wind energy systems or photovoltaic systems; etc. Most estimates must be based on per unit and lump sum projections.

Required Work Items: If a new heating/cooling system is proposed, the Consultant must ensure that the contractor properly sizes the system. New heating systems, burners and air conditioning systems must be no greater than 15 percent oversized, except to satisfy the manufacturer's next closest nominal size.

30. **Insulation.** Describe insulation work to be performed, such as: install insulation in crawl space, (R-____); install insulation batts in attic, (R-____); install insulation batts in exterior walls, (R-____); etc. Most estimates must be based on square footage projections.

Required improvements:

- Insulate all openings in exterior walls where the cavity has been exposed as a result of the rehabilitation.
- Insulate ceiling areas where necessary.
- Replacement heating, ventilating, and air conditioning systems supply and return pipes and ducts must be insulated whenever they run through unconditioned spaces.

31. **Cabinetry.** Describe cabinetry work to be performed, such as: install new base cabinets at (____); install new kitchen countertop; install new vanity at (____); replace vanity countertop at (____); etc. It may be necessary to provide cabinet

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

elevations to show proper placement of cabinets. Most estimates must be based on lump sum and linear footage projections.

32. **Appliances.** Describe new appliances to be installed, such as: install new range at (____); install new refrigerator at (____); install new dishwasher at (____); etc. Most estimates will involve per unit projections.

Required Work Item: Appliances must be new to be included in the Mortgage. The Borrower may provide used appliances; however, the cost cannot be included in the Mortgage.

33. **Basements.** Describe basement work to be performed, such as: install minimum three feet thick concrete floor; cement parge basement walls; provide dry basement; install new sump pump; replace termite (or other wood-boring insect) damaged joists; etc. Most estimates must be based on lump sum, per unit, and square footage projections.

34. **Cleanup.** Describe cleanup work to be performed, such as: remove debris from property exterior; remove debris from property interior; broom clean all floors, clean all windows; clean all plumbing fixtures and appliances; rental for dumpster; etc. Most estimates must be based on lump sum projections.

35. **Miscellaneous.** Describe any other work to be performed, such as: demolition of existing house or garage; repair of detached outbuildings; move existing house onto mortgaged lot; installation of new foundation; landscaping; repair of swimming pools; etc.

f. Architectural Exhibit Review (04/10/2025)

The Consultant must prepare or obtain and review all applicable architectural exhibits. Architectural exhibits may include, but are not limited to, the following:

- well certification;
- septic certification;
- termite report (including all outbuildings);
- proposed plot plans for new additions;
- foundation certification by a licensed structural engineer if:
 - the existing Structure will be moved to a new foundation;
 - the Structure is being reconstructed on the existing foundation; or
 - the existing Structure will be elevated.
- cabinetry plans and elevations;
- construction exhibits to obtain a building permit for an addition;
- grading and drainage plans; or
- engineering and soil/geotechnical reports.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

g. Preparing the Work Write-Up and Cost Estimate (09/14/2015)

The Consultant must prepare a Work Write-Up that identifies each Work Item. The Work Write-Up must be prepared in a categorical manner that addresses each of the 35 point checklist items. The Consultant must indicate which Work Items require permits.

The Consultant must also prepare a Cost Estimate for each Work Item in the Work Write-Up. The Cost Estimate must separately identify labor costs and itemize the cost of materials per Work Item. Work Item refers to a specific repair or improvement that will be performed. The Consultant must use Cost Estimates that are reasonable for the area in which the Property is located. Lump sum costs are permitted only in line items where a lump sum estimate is reasonable and customary.

i. Conformance with Minimum Property Requirements or Minimum Property Standards

The Work Write-Up must specifically identify whether the Work Item is required to meet MPS or MPR, will involve structural changes, or is a Borrower elective.

ii. Health and Safety

The Consultant must ensure that all health and safety concerns and any appraiser requirements are addressed in the Work Write-Up before the addition of any other Work Items.

h. Feasibility Study (09/14/2015)

If requested by the Borrower or Mortgagee, the Consultant must perform a Feasibility Study that consists of a preliminary inspection of the Property and an estimate of the materials and cost for the work that will be necessary to comply with HUD requirements.

i. Draw Request Inspection (09/14/2015)

The Consultant must perform draw request inspections when requested by the Mortgagee. The Consultant must ensure that all building permits are onsite for the work that was performed. The Consultant must ensure that the work:

- has been completed satisfactorily; and
- conforms to all local codes and ordinances.

j. Change Order (09/14/2015)

When requested by the Mortgagee or the Borrower, the Consultant must review the proposed changes or additions to the Work Write-Up. The Consultant must evaluate any costs and adjust other Work Items, if necessary, to complete the change order. The Consultant must provide all costs for labor and materials as a result of the change order on form [HUD-92577](#), *Request for Acceptance of Changes in Approved Drawings and Specifications*. The proposed work per the change order is not permissible to proceed until approved by the Mortgagee.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

k. Additional Required Documentation (09/14/2015)

The Consultant must provide the Mortgagee with the following documentation.

i. 203(k) Consultant's Certification

All Consultants are required to sign the following certification after preparing/reviewing the Work Write-Up and Cost Estimate, stating:

"I hereby certify that I have carefully inspected this property for compliance with the general acceptability requirements (including health and safety) in HUD's Minimum Property Requirements or Minimum Property Standards. I have required as necessary and reviewed the architectural exhibits, including any applicable engineering and termite reports, and the estimated rehabilitation cost and they are acceptable for the rehabilitation of this property. I have no personal interest, present or prospective, in the property, applicant, or proceeds of the mortgage. I also certify that I have no identity-of-interest or conflict-of-interest with the borrower, seller, mortgagee, real estate agent appraiser, plan reviewer, contractor, or subcontractor or any party with a financial interest in the transaction. To the best of my knowledge, I have reported all items requiring correction and the rehabilitation proposal now meets all HUD requirements for 203(k) Rehabilitation Mortgage Insurance."

Warning: HUD will prosecute false claims and statements. Conviction may result in criminal and/or civil penalties. (18 U.S.C 1001, 1010, 1012; 31 U.S.C 3729, 3802).

Consultant's Signature

Date

ii. Consultant/Borrower Agreement

The Consultant and Borrower must sign a written agreement that fully explains the services to be performed and the fees to be charged for each service. The written agreement must disclose to the Borrower that any inspection performed by the Consultant is not a "Home Inspection" as detailed in the disclosure form [HUD-92564-CN](#), *For Your Protection: Get a Home Inspection*.

iii. Inspections and Draw Requests

(A) Draw Request Form

At each draw inspection, the Consultant must complete form [HUD-9746-A](#), *Draw Request Section 203(k)*, to indicate completion of the repairs in compliance with the Work Write-Up and architectural exhibits. The Consultant must ensure all repairs meet all local codes and ordinances, including any required permits and inspections. The Consultant must ensure that both the Borrower and the contractor sign the form to certify that the work has been completed in a workmanlike manner before authorizing payments.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

A. Title II Insured Housing Programs Forward Mortgages

9. 203(k) Consultant Requirements

Generally, a release of funds may not be requested for materials that have been paid for but not yet installed.

(B) Exception

The Consultant may request a release of funds for:

- materials costs for items, prepaid by the Borrower in cash or by the contractor, where a contract is established with the supplier and an order is placed with the manufacturer for delivery at a later date; or
- up to 50 percent of materials costs for items, not yet paid for by the Borrower or contractor, where a contract is established with the supplier and an order is placed with the manufacturer for delivery at a later date.

To request release of funds for these items, the Consultant must provide the Mortgagee with a copy of the contract and order with the draw request.

iv. Change Order Requests

The Consultant must complete a change order request on form [HUD-92577](#) for contingency items and other changes that may increase or decrease the cost of rehabilitation or the value of the Property.

Work must be 100 percent complete on each change order item before the Consultant may authorize release of funds for the work noted on the change order. The Consultant must ensure that all repairs meet all local codes and ordinances, including any required permits and inspections.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

1. Origination/Counseling Requirements

B. TITLE II INSURED HOUSING PROGRAMS REVERSE MORTGAGES

The Title II Insured Housing Programs Home Equity Conversion Mortgages (HECM) Origination/Counseling Requirements through Post-closing and Endorsement sections in this *FHA Single Family Housing Policy Handbook* (Handbook 4000.1) provide the origination, property underwriting, financial assessment, closing, post-closing, and endorsement standards and procedures applicable to HECMs insured under Section 255 of Title II of the National Housing Act.

The Mortgagee must fully comply with all of the following standards and procedures in originating, underwriting the Property, conducting the financial assessment, and closing for obtaining Federal Housing Administration (FHA) mortgage insurance on all HECM transactions.

If there are any exceptions or program-specific standards or procedures that differ from those set forth below, the exceptions or alternative program or product specific standards and procedures are explicitly stated in [Programs and Products](#). Terms and acronyms used in this Handbook 4000.1 have their meanings defined in the [Glossary and Acronyms](#) and in the specific section of Handbook 4000.1 in which the definitions are located.

1. Origination/Counseling Requirements

A HECM refers to a non-recourse, reverse mortgage that allows a HECM Borrower (Borrower) access to equity secured by the Principal Residence with no corresponding monthly mortgage payment.

a. Required Referral for HECM Counseling (04/29/2024)

i. Definition

HECM Borrower refers to the original Borrower under a Note and Mortgage. The term does not include successors or assigns of a Borrower.

Participating Agency refers to all housing counseling and intermediary organizations participating in HUD's Housing Counseling program, including HUD-approved agencies, and affiliates and branches of HUD-approved intermediaries, HUD-approved multi-state organizations, and state housing finance agencies.

ii. Standard

The Mortgagee must provide each prospective Borrower with a list of the names, addresses, and telephone numbers of the [Participating Agencies](#) eligible to provide HECM counseling that includes:

- all HUD-approved intermediaries listed on the [HUD Intermediaries Providing HECM Origination Counseling Nationwide](#);
- Participating Agencies that provide telephone counseling; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

1. Origination/Counseling Requirements

- at least five Participating Agencies located in the prospective Borrower's state or locality, including at least one local agency within a reasonable driving distance of the prospective Borrower's residence for [face-to-face counseling](#).

In cases where HECM counseling is not available in the local area or state, Mortgagees must determine which Participating Agencies are most conveniently located to the Borrower and provide a listing of at least five Participating Agencies.

Mortgagees must inform Borrowers that it is the Borrower's responsibility to initiate communication with a Participating Agency to schedule counseling without the assistance of the Mortgagee.

If the prospective Borrower has already received HECM counseling and provides the Mortgagee with an unexpired, signed and dated form [HUD-92902](#), *Certificate of HECM Counseling*, then the Mortgagee does not need to provide the prospective Borrower with the list of Participating Agencies.

iii. Required Documentation

The Mortgagee must enter the date the prospective Borrower received the list of Participating Agencies in the [FHA Connection \(FHAC\)](#) HECM Referral List Update screen prior to closing. If the Mortgagee did not provide the list of Participating Agencies because the prospective Borrower provided evidence of counseling, the Mortgagee must select the "Not Referred" box in FHAC.

b. Restrictions on Processing of Applications Before Completion of HECM Counseling (04/29/2024)

i. Definition

A Third-Party Originator (TPO) is an entity that originates FHA Mortgages for an FHA-approved Mortgagee acting as its sponsor. A TPO may be an FHA-approved Mortgagee or a non-FHA-approved entity.

ii. Standard

Before HECM counseling has been completed by all individuals required to receive counseling, the Mortgagee and/or sponsored TPO may only perform the functions listed below:

- accept the [Fannie Mae Form 1009](#), *Residential Loan Application for Reverse Mortgages (RLARM)*, and provide required disclosures;
- lock in the [Expected Average Mortgage Interest Rate](#) (Expected Rate);
- explain the HECM program to the Borrower;
- discuss whether the Borrower is eligible for HECM financing;
- provide information regarding the fees and charges associated with the HECM product;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

1. Origination/Counseling Requirements

- describe the potential financial implications of a HECM for the Borrower;
- provide the Borrower with sample copies of the HECM Note, Mortgage, and loan agreement;
- order preliminary title search;
- order Automated Valuation Model (AVM); and
- order credit report to perform a preliminary credit review of the Borrower's financial obligations.

The Mortgagee and sponsored TPO may not collect any fee or the Borrower's banking account and credit card information before closing, or in connection with any function permitted above if the function is performed before receipt of a signed and dated *Certificate of HECM Counseling* for each individual required to receive counseling.

If the Borrower obtains the HECM, Mortgagees may only collect the cost of the credit report and the preliminary title search at loan closing; the cost of the AVM must be paid from the loan origination fee. If the HECM does not close, the Borrower may not be charged for any of these services.

c. Individuals Required to Receive HECM Counseling (04/29/2024)

i. Definitions

Non-Borrowing Spouse (NBS) refers to the spouse of a HECM Borrower who is also not a Borrower.

Eligible Non-Borrowing Spouse (Eligible NBS) refers to an NBS who meets all Qualifying Attributes for a Deferral Period.

Non-Borrowing Owner refers to someone who is:

- not a Borrower;
- not the spouse of a Borrower; and
- on the title as an owner to the Property that will serve as collateral for the HECM.

ii. Standard

The Mortgagee must ensure all Borrowers, NBSs, and Non-Borrowing Owners, with legal competency, have received HECM counseling from a counselor on the HECM Roster before processing the loan application or obtaining an FHA case number.

The Mortgagee must ensure HECM counseling is completed by an agent or attorney-in-fact that holds a durable Power of Attorney (POA) if they execute the *RLARM* or closing documents on behalf of a legally competent Borrower or Eligible NBS.

For any Borrower, NBS, or Non-Borrowing Owner lacking legal competency, HECM counseling must be completed by:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

1. Origination/Counseling Requirements

- the person holding a POA; or
- a court-appointed conservator or guardian.

For additional information on HECM Counseling for individuals with a Living Trust or Life Estate see [Eligibility Requirements for Property Held in Living Trusts](#) and [Eligibility Requirements for Borrowers Holding Only Life Estates](#).

For additional information on HECM Counseling see [HUD Handbook 7610.1](#).

d. *Certificate of HECM Counseling* (04/29/2024)

i. Standard

The HECM counselor must provide the Borrower, NBS, Non-Borrowing Owner, and legal representative with a *Certificate of HECM Counseling* once counseling is successfully completed. A *Certificate of HECM Counseling* must be signed and dated by the HECM counselor and the individual(s) required to receive counseling. The *Certificate of HECM Counseling* may bear the name of one or more individuals required to receive counseling.

(A) Handling of *Certificate of HECM Counseling*

Mortgagees may accept a copy of the signed and dated *Certificate of HECM Counseling*, from the HECM counselor or the individual(s) required to receive counseling that has been faxed, mailed, or electronically transmitted.

The Mortgagee may merge two separately signed and dated copies of the *Certificate of HECM Counseling* that are received via fax, mail, or electronically from the HECM counselor and/or the individual(s) required to receive counseling to create one document.

(B) Age of *Certificate of HECM Counseling*

The *Certificate of HECM Counseling* remains valid for a period of 180 Days from the date that counseling was completed.

(C) Restrictions on Beginning Loan Processing and Ordering the FHA Case Number

Mortgagees may not charge the Borrower any fees or proceed with processing the HECM loan application until they receive the *Certificate of HECM Counseling*, signed and dated by the HECM counselor and all individuals required to receive HECM counseling.

The Mortgagee and sponsored TPOs may only request corrections to the *Certificate of HECM Counseling* up until the HECM is endorsed. The Mortgagee must contact the HECM counselor regarding corrections to the *Certificate of HECM Counseling*.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

Mortgagees may not request the FHA case number until they receive the *Certificate of HECM Counseling*. See [Ordering Case Numbers](#) for additional information.

ii. Required Documentation

The Mortgagee must obtain a copy of the *Certificate of HECM Counseling* signed and dated by each individual required to receive counseling and the HECM counselor.

e. Counseling Prohibited Practices (04/29/2024)

i. Definition

Counseling Prohibited Practices refers to steering, directing, recommending, or otherwise encouraging any individual to seek the services of any one particular Participating Agency or HECM counselor.

Interested Parties refer to sellers, real estate agents, builders, developers, Mortgagees, TPO, or other parties with an interest in the transaction.

ii. Prevention of Undue Influence in HECM Counseling

Interested Parties to the transaction must not:

- be present during HECM counseling; or
- provide Borrowers with advance copies of the HECM counselor's review questions with answers.

iii. Prohibited Steering and Payment of HECM Counseling Fees

The Mortgagee must not engage in Counseling Prohibited Practices.

The Mortgagee must not:

- discuss a Borrower's personal information, including the timing or scheduling of the counseling; or
- request information regarding the topics covered in a counseling session.

The Mortgagee must not pay a Participating Agency or HECM counselor, directly or indirectly, for HECM counseling services.

2. Origination/Processing

a. Applications and Disclosures (03/19/2025)

The Mortgagee must obtain a completed [Fannie Mae Form 1009](#), *Residential Loan Application for Reverse Mortgages (RLARM)*, from the Borrower and must capture additional required information using Parts IV, V, and VI of Fannie Mae Form 1003/Freddie Mac Form 65, *Uniform Residential Loan Application (URLA)*, or an alternative form that captures the same information. In addition, the Mortgagee must provide all required federal

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

and state disclosures to begin the origination process. Regardless of the form used, Mortgagees must ensure that the Borrower certifies to the accuracy and completeness of the financial information. The Mortgagee is responsible for using the most recent version of all forms as of the date of completion of the form.

i. Contents of the HECM Application Package

The Mortgagee must maintain all information and documentation that is relevant to its approval decision in the HECM file. All information and documentation that is required in this Handbook 4000.1, and any incidental information or documentation related to those requirements, is relevant to the Mortgagee's approval decision.

If after obtaining all documentation required below, the Mortgagee has reason to believe it needs additional support for the approval decision, the Mortgagee must obtain additional explanation and documentation, consistent with information in the HECM file, to clarify or supplement the information and documentation submitted by the Borrower.

(A) General Requirements

(1) Maximum Age of HECM Documents

(a) General Document Age

Documents used in the origination and financial assessment of a HECM may not be more than 120 Days old at the Disbursement Date, except for appraisals, which are subject to separate validity period requirements. Documents whose validity for financial assessment purposes is not affected by the passage of time, such as divorce decrees or Tax Returns, may be more than 120 Days old at the Disbursement Date.

For purposes of counting Days for periods provided in this Handbook 4000.1, day one is the Day after the effective or issue date of the document, whichever is later.

(b) Appraisal Validity

(i) Initial Appraisal Validity

The initial appraisal validity period is 180 Days from the effective date of the appraisal report. See [Ordering Appraisals](#).

(ii) Appraisal Update

Where the initial appraisal report will be more than 180 Days at Disbursement Date, an appraisal update may be performed to extend the appraisal validity period. See [Ordering an Update to an Appraisal](#). Where

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

the initial appraisal is updated, the updated appraisal is valid for one year after the effective date of the initial appraisal report that is being updated.

(2) Handling of Documents

Mortgagees must not accept or use documents relating to the employment, income, assets, or credit of Borrowers that have been handled by or transmitted from or through unknown parties or Interested Parties. Mortgagees may not accept or use any Third Party Verifications (TPV) that have been handled by or transmitted from or through unknown parties, Interested Parties, or the Borrower.

Exception for Mortgagees and TPOs

The Mortgagee and TPO are permitted to handle documents relating to the employment, income, assets, credit, or occupancy of Borrowers.

(a) Information Sent to the Mortgagee Electronically

The Mortgagee must authenticate all documents received electronically by examining the source identifiers (e.g., the fax banner header or the sender's email address) or contacting the source of the document by telephone to verify the document's validity. The Mortgagee must document the name and telephone number of the individual with whom the Mortgagee verified the validity of the document.

(b) Information Obtained via Internet

The Mortgagee must authenticate documents obtained from an internet website and examine portions of printouts downloaded from the internet.

Documentation obtained through the internet must contain the same information as would be found in an original hard copy of the document.

(c) Confidentiality Policy for Credit Information

Mortgagees must not divulge sources of credit information, except as required by a contract or by law. All personnel with access to credit information must ensure that the use and disclosure of information from a credit report complies with:

- the Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the Fair Credit Reporting Act (FCRA), 15 U.S.C. §§ 1681a–1681x;
- the Right to Privacy Act, 5 U.S.C. § 552a;
- the Right to Financial Privacy Act, 12 U.S.C. §§ 3401–3423; and
- the Equal Credit Opportunity Act (ECOA), 15 U.S.C. §§ 1691a–1691f.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(3) Signature Requirements for All Application Forms

(a) Borrowers with Legal Competency

All Borrowers must sign and date the initial and final [RLARM](#). All Borrowers must sign and date pages one and two of the initial form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, and sign and date the complete final form HUD-92900-A.

The Mortgagee may accept the *RLARM* and closing documents executed by a person holding a durable POA specifically designed to survive incapacity and avoid the need for court proceedings, provided the attorney-in-fact has specific authority to obligate the Borrower and has received HECM counseling by a Participating Agency.

(b) Borrowers Lacking Legal Competency

The Borrower may not sign and date the initial and final *RLARM*. The Borrower may not sign and date pages one and two of the initial form HUD-92900-A nor sign and date the complete final form HUD-92900-A.

The Mortgagee may accept any application form executed by:

- a court-appointed conservator or guardian with documented authority to obligate the Borrower; or
- a person holding a durable POA specifically designed to survive incapacity and avoid the need for court proceedings, provided the attorney-in-fact has specific authority to obligate the Borrower and has received HECM counseling by a Participating Agency.

Refer to [Use of Power of Attorney at Closing](#) for further guidance.

Refer to [Use of Court-Appointed Conservator or Guardian](#) for further guidance.

Prohibition on Documents Signed in Blank

Mortgagees are not permitted to require signatories to sign documents in blank, incomplete documents, or blank sheets of paper.

(4) Policy on Use of Electronic Signatures

(a) Definition

An Electronic Signature refers to any electronic sound, symbol, or process attached to or logically associated with a contract or record and executed or adopted by a person with the intent to sign the contract or record. FHA does

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

not accept an electronic signature that is solely voice or audio. Digital signatures are a subset of electronic signatures.

(b) Use of Electronic Signatures

An electronic signature conducted in accordance with the Electronic Signature Performance Standards (Performance Standards) is accepted on FHA documents requiring signatures to be included in the case binder for mortgage insurance, unless otherwise prohibited by law.

Electronic signatures meeting the Performance Standards are treated as equivalent to handwritten signatures.

(c) Electronic Signature Performance Standards

The Performance Standards are the set of guidelines that govern FHA acceptance of an electronic signature. The use of electronic signatures is voluntary. However, Mortgagees choosing to use electronic signatures must fully comply with the Performance Standards.

(i) The Electronic Signatures in Global and National Commerce Act (ESIGN Act) Compliance and Technology

A Mortgagee's electronic signature technology must comply with all requirements of the ESIGN Act, including those relating to disclosures, consent, signature, presentation, delivery, and retention, and with any state law applicable to the transaction.

(ii) Third Party Documents

Third Party Documents are those documents that are originated and signed outside of the control of the Mortgagee, such as the sales contract. FHA will accept electronic signatures on Third Party Documents included in the case binder for mortgage insurance endorsement in accordance with the ESIGN Act and the Uniform Electronic Transactions Act (UETA). An indication of the electronic signature and date must be clearly visible when viewed electronically and in a paper copy of the electronically signed document.

(iii) Authorized Documents

Authorized Documents refer to the documents on which FHA accepts electronic signatures provided that the Mortgagee complies with the Performance Standards:

- **Mortgage Insurance Endorsement Documents:** Electronic signatures will be accepted on all documents requiring signatures included in the HECM case binder for mortgage insurance except

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

the Note. FHA will not accept electronic signatures on HECM Notes.

- **Servicing and Loss Mitigation Documentation:** Electronic signatures will be accepted on any documents associated with servicing or loss mitigation services for HECMs.
- **FHA Insurance Claim Documentation:** Electronic signatures will be accepted on any documents associated with the filing of a claim for FHA insurance benefits, including form [HUD-27011](#), *Single Family Application for Insurance Benefits*.
- **HUD Real Estate Owned (REO) Documents:** Electronic signatures will be accepted on the HUD REO Sales Contract and related addenda.

(iv) Associating an Electronic Signature with the Authorized Document

The Mortgagee must ensure that the process for electronically signing authorized documents provides for the document to be presented to the signatory before an electronic signature is obtained. The Mortgagee must ensure that the electronic signature is attached to, or logically associated with, the document that has been electronically signed.

(v) Intent to Sign

The Mortgagee must be able to prove that the signer certified that the document is true, accurate, and correct at the time signed. Electronic signatures are only valid under the E-SIGN Act if they are “executed or adopted by a person with the intent to sign the record.” Establishing intent includes:

- identifying the purpose for the Borrower signing the electronic record;
- being reasonably certain that the Borrower knows which electronic record is being signed; and
- providing notice to the Borrower that their electronic signature is about to be applied to, or associated with, the electronic record.

Intent to use an electronic signature may be established by, but is not limited to:

- an online dialog box or alert advising the Borrower that continuing the process will result in an electronic signature;
- an online dialog box or alert indicating that an electronic signature has just been created and giving the Borrower an opportunity to confirm or cancel the signature; or
- a click-through agreement advising the Borrower that continuing the process will result in an electronic signature.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(vi) Single Use of Signature

Mortgagees must require a separate action by the signer, evidencing intent to sign, in each location where a signature or initials are to be applied.

This provision does not apply to documents signed by Mortgagee employees or Mortgagee contractors provided the Mortgagee obtains the consent of the individual for the use of their electronic signature. The Mortgagee must document the employee's or contractor's consent.

(vii) Authentication

Definition

Authentication refers to the process used to confirm a signer's identity as a party in a transaction.

Standard for Authentication

Before a Mortgagee submits the case for endorsement, the Mortgagee must confirm the identity of the signer by authenticating data provided by the signer with information maintained by an independent source.

Independent sources include, but are not limited to:

- national commercial credit bureaus;
- commercially available data sources or services;
- state motor vehicle agencies; or
- government databases.

The Mortgagee must verify a signer's name and date of birth, and either their Social Security Number (SSN) or driver's license number.

(viii) Attribution

Definition

Attribution is the process of associating the identity of a signer with their signature.

Standard for Attribution

The Mortgagee must maintain evidence sufficient to establish that the electronic signature may be attributed to the individual purported to have signed.

The Mortgagee must use one of the following methods, or combinations of methods, to establish attribution:

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

- selection by or assignment to the individual of a Personal Identification Number (PIN), password, or other shared secret, that the individual uses as part of the signature process;
- delivery of a credential to the individual by a trusted third party, used either to sign electronically or to prevent undetected alteration after the electronic signature using another method;
- knowledge base authentication using “out of band/wallet” information;
- measurement of some unique biometric attribute of the individual and creation of a computer file that represents the measurement, together with procedures to protect against disclosure of the associated computer file to unauthorized parties; or
- public key cryptography.

(ix)Credential Loss Management

Mortgagees must have a system in place to ensure the security of all issued credentials. One or a combination of the following loss management controls is acceptable:

- maintaining the uniqueness of each combined identification code and password, such that no two individuals have the same combination of identification code and password;
- ensuring that identification code and password issuances are periodically checked, recalled, or revised;
- following loss management procedures to electronically deauthorize lost, stolen, missing, or otherwise compromised identification code or password information, and to issue temporary or permanent replacements using suitable, rigorous controls;
- using transaction safeguards to prevent unauthorized use of passwords or identification codes; or
- detecting and reporting any attempts at unauthorized use of the password or identification code to the system security unit.

(d) Required Documentation and Integrity of Records

Mortgagees must ensure that they employ industry-standard encryption to protect the signer’s signature and the integrity of the documents to which it is affixed. Mortgagees must ensure that their systems will detect and record any tampering with the electronically signed documents. FHA will not accept documents that show evidence of tampering.

If changes to the document are made, the electronic process must be designed to provide an “audit trail” showing all alterations, the date and time they were made, and identify who made them.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

The Mortgagee's system must be designed so that the signed document is designated as the Authoritative Copy. The Authoritative Copy of an electronically signed document refers to the electronic record that is designated by the Mortgagee or Holder as the controlling reference copy.

(B) HECM Application and Initial Supporting Documentation

(1) *RLARM* and *HUD Addendum to the Uniform Residential Loan Application*

Unless otherwise noted, [RLARM](#) and *HUD Addendum to Uniform Residential Loan Application* (form HUD-92900-A) refer to both initial and final applications.

The Mortgagee must obtain the Borrower's initial complete, signed *RLARM* and pages one and two of form [HUD-92900-A](#) before underwriting the HECM application.

The loan originator identified on the *RLARM* must be the actual licensed loan originator regardless of whether the loan originator is employed by a sponsored TPO or the Mortgagee. The *RLARM* must contain the loan originator's name, Nationwide Mortgage Licensing System and Registry (NMLS) identification number, telephone number, and signature.

(2) HECM Application Name Requirements

(a) Standard

All HECM applications must be executed in the legal names of all applicants.

All HECM applications must be executed in the name of one or more individuals.

(b) Required Documentation

The Mortgagee must include a statement that it has verified the Borrower's and Eligible NBS's identity using valid government-issued photo identification prior to closing of the HECM or the Mortgagee may choose to include a copy of such photo identification as documentation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(C) Borrower, Eligible Non-Borrowing Spouse, and Other Non-Borrowing Household Member Authorizations

(1) Authorization to Verify Information

(a) Definition

Other Non-Borrowing Household Member refers to a person who occupies the Property to be secured with the HECM who is not the spouse of the Borrower and who is also not a Borrower.

(b) Standard

The Mortgagee must obtain the Borrower's authorization to verify the information needed to process the HECM application. The Mortgagee must obtain an Eligible NBS's and Other Non-Borrowing Household Member's consent and authorization to [verify their SSN](#) with the Social Security Administration (SSA) when it is necessary to process the HECM application using their income as a [Compensating Factor](#) or in reducing family size when determining if the Borrower meets the applicable standard for [Residual Income](#).

(c) Required Documentation

For each individual, Borrower, Eligible NBS, and Other Non-Borrowing Household Member, authorization may be accomplished through a blanket authorization form.

(2) Form HUD-92900-A Part II: Borrower and Non-Borrowing Spouse Consent for Social Security Administration to Verify Social Security Number

The Mortgagee must obtain the Borrower's and NBS's signatures on Part II of form [HUD-92900-A](#) to verify the Borrower's and NBS's SSNs with the SSA. Mortgagees may attach an addendum the NBS in lieu of form HUD-92900-A which includes the required language in Part II of form HUD-92900-A.

(3) Tax Verification Form or Equivalent

The Mortgagee must obtain the Borrower's signature on the appropriate Internal Revenue Service (IRS) form to obtain Tax Returns directly from the IRS for all credit-qualifying Mortgages at the time the final *RLARM* is executed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(D) Borrower's and Eligible Non-Borrowing Spouse's Authorization for Use of Information Protected under the Privacy Act

(1) Standard

The Mortgagee must obtain the Borrower's and Eligible NBS's consent for use of the Borrower's information for any purpose relating to the origination, servicing, loss mitigation, and disposition of the HECM or Property securing the HECM and relating to any insurance claim and ultimate resolution of such claims by the Mortgagee and FHA.

(2) Required Documentation

The Mortgagee must obtain a signed statement from the Borrower and Eligible NBS that clearly expresses their consent for the use of the Borrower's and Eligible NBS's information.

ii. Disclosures and Legal Compliance

The Mortgagee must provide or ensure the Borrower is provided the following disclosures.

(A) HECM Required Disclosures

(1) Standard

The Mortgagee must provide Borrowers with a HECM Program Description disclosure describing all products, options, and features of the HECM program that FHA will insure, regardless of the products they offer. The Mortgagee must provide a disclosure that is written in clear, consistent, and concise language.

The Mortgagee must not mislead or otherwise cause a Borrower to believe that the HECM product contains any features or limitations that are inconsistent with FHA's requirements. Mortgagees are prohibited from seeking any agreement from the Borrower that is inconsistent with the ability of the Borrower to exercise their rights to the fullest extent permitted by law.

The Mortgagee's HECM Program Description disclosure must explain:

For all HECMs:

- the HECM is not assumable;
- the HECM is a non-recourse loan;
- the Property must be the Principal Residence:
 - o the Borrower will be required to provide a written annual occupancy certification; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

- o the Borrower is responsible for notifying the Mortgagee of absences from the Property in excess of two months to avoid determinations that the Borrower's Principal Residence has changed;
- FHA insures fixed rate HECMs, as well as annual and monthly adjustable rate HECMs;
- the amount of funds made available to the Borrower is based on the age of the youngest Borrower or Eligible NBS;
- principal limit growth for all payment plan options;
 - o the Principal Limit may increase monthly but there are restrictions for disbursing those funds during the First 12-Month Disbursement Period;
- the Initial Mortgage Insurance Premium (IMIP) payment methods and the formula used to calculate the IMIP amount;
- the costs of obtaining the HECM:
 - o provide the Borrower with a [Good Faith Estimate \(GFE\)](#), giving the Borrower an estimate of closing costs and explaining which charges are required to obtain the HECM and which charges are not required to obtain the HECM, including the disclosure of third-party fees; and
 - o inquire whether the HECM proceeds will be used to pay any cost associated with estate planners and inform the Borrower that such services are unnecessary to obtain a HECM and are ineligible for payment from HECM proceeds;
- the Borrower may incur the cost of a second appraisal, if required by the collateral risk assessment, which is used to determine whether additional support for the collateral value is required;
- the Property must meet FHA's Minimum Property Requirements (MPR) or Minimum Property Standards (MPS) and the provisions for completing required repairs either prior to or after closing;
- insurance is required for all improvements on the Property that serves as collateral for the HECM, whether in existence at the time of origination or subsequently erected, against any hazards, casualties, and contingencies, including fire and flood, for which the Mortgagee requires insurance. Such insurance must be maintained in the amount and for the period of time that is necessary to protect the Mortgagee's investment;
- the Borrower and NBS, if any, will be required to disclose and certify their marital status at closing:
 - o an NBS may be eligible for the deferral of the Due and Payable status upon the death of the last surviving Borrower if the NBS meets and continues to meet the Qualifying Attributes or the NBS continues to reside in the home as their Principal Residence despite the Borrower remaining in a health care facility for a period that exceeds 12 consecutive months; and
 - o an NBS and Non-Borrowing Owners must sign the Mortgage as Borrowers evidencing their commitment of the Property as security for the Mortgage, and sign a certification consenting to their spouse or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

other Borrower obtaining the HECM and acknowledging the terms and conditions of the Mortgage;

- repayment and prepayment features; and
- the Borrower's rights, obligations, and remedies with respect to temporary absences from the home, late payments, and payment default by the Mortgagee and all conditions requiring satisfaction of the HECM.

For fixed rate HECMs, Mortgagees must also explain:

- the Borrower is limited to the single lump sum payment option, which provides a single Disbursement at closing with no opportunity for future Disbursements to or on behalf of the Borrower, except as allowed from a Set-Aside established at closing; and
- Disbursement of HECM proceeds during the First 12-Month Disbursement Period is limited to the amount of the Borrower's Advance, plus Disbursements from a Set-Aside that was established at closing.

For adjustable rate HECMs:

- the Borrower may choose from five, flexible payment options, allowing for future Disbursements, and the Borrower may change payment plans to one of the other available payment options at any time provided funds are available;
- the frequency of annual and monthly adjustable rate changes; and
- Disbursement of HECM proceeds during the First 12-Month Disbursement Period is subject to an Initial Disbursement Limit.

(2) Required Documentation

At initial application, the Mortgagee must obtain the HECM Program Description disclosure signed and dated by the Borrower.

(B) Compliance with All Applicable Laws, Rules, and Requirements

The Mortgagee is required to comply with all federal, state, and local laws, rules, and requirements applicable to the HECM transaction, including all applicable disclosure requirements and the requirements of the Consumer Financial Protection Bureau (CFPB), including those related to:

- Truth in Lending Act (TILA); and
- Real Estate Settlement Procedures Act (RESPA).

(C) Nondiscrimination Policy

The Mortgagee must fully comply with all applicable provisions of:

- the Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the Fair Credit Reporting Act, 15 U.S.C. §§ 1681–1681x; and
- the Equal Credit Opportunity Act, 15 U.S.C. §§ 1691–1691f.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

The Mortgagee must make all determinations with respect to the adequacy of the Borrower's income in a uniform manner without regard to race, color, religion, sex, national origin, familial status, disability, marital status, source of income of the Borrower, or location of the Property.

iii. Application Document Processing

(A) Mortgagee Responsibilities

The Mortgagee must use [FHAC](#) to order the FHA case number and perform any associated tasks. The Mortgagee must also use the Home Equity Reverse Mortgage Information Technology (HERMIT) to remit mortgage insurance premiums and to perform all loan servicing activities. For a Single-Unit Approval, the Mortgagee must follow the Single-Unit Approval case number assignment process. The Mortgagee may use nonemployees in connection with its origination of FHA-insured HECMs only as described below. The Mortgagee ultimately remains responsible for the quality of the HECM and for strict compliance with all applicable FHA requirements, regardless of the Mortgagee's relationship to the person or Affiliate performing any particular service or task.

(1) Sponsored Third-Party Originator

The Mortgagee is responsible for dictating the specific application and processing tasks to be performed by the sponsored TPO. Only FHA-approved Mortgagees acting in the capacity of a sponsored TPO may have direct access to [FHAC](#).

(2) Other Contract Service Providers

The Mortgagee may utilize Eligible Contractors to perform the following administrative and clerical functions: typing of mortgage documents, mailing out and collecting verification forms, ordering credit reports, and/or preparing for endorsement and shipping HECMs to investors.

(3) Excluded Parties

The Mortgagee may not contract with Affiliates or persons that are suspended, debarred, or otherwise excluded from participation in HUD programs, or under a [Limited Denial of Participation \(LDP\)](#) that excludes their participation in FHA programs. The Mortgagee must ensure that no sponsored TPO or contractor engages such an Affiliate or person to perform any function relating to the origination of a HECM. The Mortgagee must check the [System for Award Management \(SAM\)](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(B) Initial Document Processing

The Mortgagee begins processing the HECM by obtaining an initial *RLARM* and Part III of form [HUD-92900-A](#).

(1) Ordering Case Numbers

The Mortgagee must use [FHAC](#) to order FHA case numbers. A case number can be obtained only when the Mortgagee has an active HECM application for the subject Borrower and Property.

In order to obtain a case number, the Mortgagee must:

- provide the subject Borrower's name, SSN, and date of birth;
- provide the property address;
- certify that the Mortgagee has an active HECM application for the subject Borrower and Property; and
- obtain a copy of the *Certificate of HECM Counseling* for each individual required to receive counseling.

The Mortgagee is not required to input appraiser information at the time the case number is ordered.

The Mortgagee must order a case number prior to the expiration of the *Certificate of HECM Counseling* for the last Borrower or legal representative who is required to receive counseling. The Mortgagee is not required to close on the HECM prior to the expiration of the *Certificate of HECM Counseling*.

(a) Automated Data Processing Codes

FHA Automated Data Processing (ADP) Codes are derived from the section of the National Housing Act under which the HECM is to be insured. The Mortgagee must select the correct ADP Code for each HECM in [FHAC](#).

(b) Case Numbers on Sponsored Originations

The Mortgagee will not be able to order case numbers for sponsored originations unless the sponsored TPO has been registered in [FHAC](#).

(c) Certificate of HECM Counseling Identification Number

The Mortgagee must enter the HECM counseling certificate identification number belonging to the last Borrower or legal representative counseled when there are multiple certificates. See [Individuals Required to Receive HECM Counseling](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(2) Holds Tracking

If FHAC detects that a case number currently exists for the Property, a case number will not be assigned. The Mortgagee will receive notification that the case number assignment has been placed in Holds Tracking. The Mortgagee must review the Holds Tracking screen in FHAC to determine the necessary actions to obtain a case number.

(3) Canceling and Reinstating Case Numbers

(a) Canceling a Case Number

The Mortgagee may request cancellation of a case number by submitting a request to FHAC.

(b) Automatic Case Number Cancellations

Case numbers without an appraisal logged into FHAC are automatically canceled after six months if one of the following actions is not performed as a last action:

- form [HUD-92900.4](#), *Firm Commitment*, issued by FHA;
- insurance application received and subsequent updates; or
- Notices of Return (NOR) or resubmissions.

Cases with an appraisal logged are not subject to automatic cancellation for one year from the appraisal effective date.

Updates to the Borrower's name or property address, an appraisal update, or a transmission of the IMIP do not constitute Last Action Taken.

(c) Reinstatement of Case Numbers

The Mortgagee may request reinstatement of canceled case numbers by submitting a request to FHAC.

Case numbers that were automatically canceled will be reinstated only if the Mortgagee provides evidence that the subject HECM closed prior to cancellation of the case number, such as a Settlement Statement or similar legal document.

(4) Transferring Case Numbers

(a) Requirements for the Transferring Mortgagee

The original Mortgagee must assign the case number to the new Mortgagee using the Case Transfer function in [FHAC](#) immediately upon the Borrower's request.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

The original Mortgagee may provide processing documents but is not required to do so.

The original Mortgagee may not charge the Borrower for the transfer of any documents, but the original Mortgagee may negotiate a fee with the new Mortgagee for providing the processing documents.

(b) Case Number Transfer Involving a Sponsored Third-Party Originator

Where a case number is transferred to a new approved Mortgagee or sponsored TPO, the original Mortgagee, its authorized agent, or sponsored TPO that is also an FHA-approved Mortgagee must complete the appropriate sections in [FHAC](#) as described in the [FHAC Guide – Case Processing Support Functions](#).

(5) Preliminary Review of Borrower Eligibility Requirements

Before any charges may be incurred by the prospective Borrower, the Mortgagee must preliminarily review whether:

- the Borrower will be at least 62 years of age by closing;
- the Borrower has any unresolved delinquent Federal Debt – see [Delinquent Federal Tax Debt](#) and [Borrower Ineligibility Due to Delinquent Federal Non-Tax Debt](#); and
- the Property securing the HECM will be the Borrower's Principal Residence.

If, after a review of these requirements, the Mortgagee finds that the Borrower is ineligible, the Mortgagee must notify the Borrower in writing of their ineligibility and cease processing of the application. The Mortgagee can charge the Borrower for any services performed after this determination.

(6) Ordering Title Commitments

The Mortgagee must order a title commitment to ensure the Property will be properly titled and the HECM secured in accordance with FHA requirements.

(7) Ordering Appraisals

The Mortgagee must order a new appraisal for each HECM case number assignment and may not reuse an appraisal that was performed under another active or endorsed case number, even if the prior appraisal is not yet more than 180 Days old.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(a) Appraisal Integrity

The Mortgagee is responsible for identifying any problems or potential problems with the integrity, accuracy, and thoroughness of an appraisal submitted to FHA for mortgage insurance purposes.

Appraisers must comply with the [Uniform Standards of Professional Appraisal Practice \(USPAP\)](#), including the Competency Rule, when conducting appraisals of Properties intended as security for FHA-insured financing. In appraising any Property for the purpose of obtaining FHA mortgage insurance, the Appraiser must certify that they are capable of performing the appraisal because they have the necessary qualifications and access to all necessary data.

The Mortgagee must ensure that FHA is listed on the appraisal report as an intended user of the appraisal.

(b) Selection of a Qualified Appraiser

The Mortgagee must order an appraisal from an Appraiser who is listed on the [FHA Appraiser Roster](#) and is qualified and knowledgeable in the specific market area in which the Property is located. The Mortgagee must evaluate the Appraiser's education, training, and actual field experience to determine whether the Appraiser has sufficient qualifications to perform the appraisal before assignment.

The Mortgagee may not discriminate on the basis of race, color, religion, sex, national origin, familial status, disability, or marital status in the selection of an Appraiser.

(c) Use of Appraisal Management Company or Third-Party Contractors

The Mortgagee may engage an Appraisal Management Company (AMC) to perform services related to the obtaining of an appraisal. The Mortgagee remains responsible for the acts of its AMC or third-party contractors.

The Mortgagee may not pay the AMC and other third-party contractors fees in excess of what is customary and reasonable for such services in the market area where the Property being appraised is located. Any management fees must be for actual services related to the ordering, process, or review of an appraisal for FHA financing.

(d) Appraiser Independence

The Mortgagee must ensure it does not compromise the Appraiser's independence.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

The Mortgagee, or any third party specifically authorized by the Mortgagee, is responsible for selecting, retaining, and providing for payment of all compensation to the Appraiser. The Mortgagee or authorized third party may not allow the Appraiser to be selected, retained, managed, or compensated by a mortgage broker or any member of a Mortgagee's or authorized third party's staff who is compensated on a commission basis tied to the successful completion of a HECM, or who is not independent of the Mortgagee's HECM production staff or processes or the authorized third party's staff or processes.

The Mortgagee must ensure that it does not:

- compensate the Appraiser at a rate that is not commensurate in the market area of the Property being appraised with the assignment type, complexity, and scope of work required for the appraisal services performed;
- withhold or threaten to withhold timely payment or partial payment for an appraisal report;
- prohibit the Appraiser from recording the fee paid for the performance of the appraisal in the appraisal report;
- condition the ordering of an appraisal report or the payment of an appraisal fee, salary, or bonus on the opinion, conclusion, or valuation to be reached, or on a preliminary value estimate requested from an Appraiser;
- provide to the Appraiser, appraisal company, AMC or any entity or person related to the Appraiser, appraisal company or AMC, stock or other financial or nonfinancial benefits;
- order, obtain, use, or pay for a second or subsequent appraisal or AVM in connection with a HECM transaction unless:
 - o required by FHA's collateral risk assessment;
 - o there is a reasonable basis to believe that the initial appraisal was flawed or tainted and such belief is clearly and appropriately noted in the HECM file; or
 - o such appraisal or AVM was completed pursuant to written, preestablished bona fide pre- or post-Disbursement appraisal review or quality control process or underwriting guidelines and the Mortgagee adheres to a policy of selecting the most reliable appraisal, rather than the appraisal that states the highest value;
- withhold or threaten to withhold future business from an Appraiser, or demote or terminate or threaten to demote or terminate an Appraiser in order to influence an Appraiser to arrive at a predetermined or desired value;
- make expressed or implied promises of future business, promotions, or increased compensation for an Appraiser in order to influence an Appraiser to arrive at a predetermined or desired value;
- allow the removal of an Appraiser from a list of qualified Appraisers or the addition of an Appraiser to an exclusionary list of qualified

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

Appraisers, used by any entity, without prompt written notice to such Appraiser. The notice must include written evidence of the Appraiser's illegal conduct, violation of [USPAP](#) or state licensing standards, improper or unprofessional behavior, or other substantive reason for removal;

- request that an Appraiser provide an estimated, predetermined, or desired valuation in an appraisal report prior to the completion of the appraisal report, or request that an Appraiser provide estimated values or comparable sales at any time prior to the Appraiser's completion of an appraisal report;
- provide to the Appraiser an anticipated, estimated, encouraged, or desired value for a subject Property or a proposed, or target amount to be loaned to the Borrower, except that a copy of the sales contract for purchase and any addendum must be provided; or
- perform any other act or practice that impairs or attempts to impair an Appraiser's independence, objectivity, or impartiality, or that violates any applicable law, regulation, or requirement.

(e) Additional Requirements When Ordering an Appraisal

The Mortgagee must provide to the selected Appraiser the FHA case number, land lease, surveys, and other legal documents contained in the HECM file necessary to analyze the Property.

The Mortgagee must disclose all known information regarding any environmental hazard that is in or on the subject Property, or in the vicinity of the Property, whether obtained from the Borrower, the real estate broker, or any other party to the transaction.

Where the Mortgagee determines that the Property is subject to a PACE obligation, it must notify the Appraiser that the PACE obligation will be paid off as a condition of loan approval.

(8) Appraisal Effective Date

(a) Standard

The effective date of the appraisal cannot be before the FHA case number assignment date unless the Mortgagee certifies, via the certification field in the Appraisal Logging Screen in FHAC, that the appraisal was ordered for conventional financing, or other government-guaranteed loan purposes and was performed by an FHA Roster Appraiser, or the previous FHA case number was canceled.

The Mortgagee must ensure that the appraisal was performed in accordance with FHA appraisal reporting instructions as detailed in this Handbook 4000.1

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

and the [Appraisal Report and Data Delivery Guide](#). The intended use of the appraisal must indicate that it is solely to assist FHA in assessing the risk of the Property securing the HECM. Additionally, FHA and the Mortgagee must be indicated as the intended users of the appraisal report.

(b) Required Documentation

The Mortgagee must retain documentation in the case binder substantiating conversion of the Mortgage to FHA.

(9) Transferring Existing Appraisals

In cases where the Borrower has switched Mortgagees, the first Mortgagee must, at the Borrower's request, transfer the appraisal to the second Mortgagee within five business days. The Appraiser is not required to provide the appraisal to the new Mortgagee. The client name on the appraisal does not need to reflect the new Mortgagee. If the original Mortgagee has not been reimbursed for the cost of the appraisal, the Mortgagee is not required to transfer the appraisal until it is reimbursed.

The second Mortgagee may not request the Appraiser to readdress the appraisal. If the second Mortgagee finds deficiencies in the appraisal, the Mortgagee must order a new appraisal.

Where a Mortgagee uses an existing appraisal for a different Borrower, the Mortgagee must enter the new Borrower's information in [FHAC](#). The Mortgagee must collect an appraisal fee from the new Borrower and refund the fee to the original Borrower.

If a [Case Transfer](#) is involved, the new Mortgagee must enter the Borrower's information in [FHAC](#). The new Mortgagee must collect an appraisal fee from the Borrower and send the fee to the original Mortgagee, who, in turn, must refund the fee to the original Borrower.

(10) Ordering Second Appraisal

(a) Collateral Risk Assessment

(i) Definition

Closing Date refers to the date on which the Borrower signs the Note.

Collateral Risk Assessment refers to FHA's automated process that is used to establish the appraised value of the property that will serve as collateral for the HECM.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

Electronic Appraisal Delivery (EAD) refers to a web-based platform where Mortgagees or their designated technology service providers electronically deliver FHA Single Family appraisal reports prior to endorsement.

(ii) Standard

If FHA's collateral risk assessment determines a second appraisal is required, the Mortgagee must order the second appraisal from an Appraiser not associated with the same appraisal company as the first appraisal. The Mortgagee must allot adequate time prior to the planned Closing Date to allow for obtaining a second appraisal, if required.

The cost of the second appraisal is eligible to be financed as part of the closing costs.

(b) Ordering Second Appraisal

The Mortgagee is prohibited from ordering an additional appraisal to achieve an increase in value for the Property and/or the elimination or reduction of deficiencies and/or repairs required.

(i) Second Appraisal by Original Mortgagee

A second appraisal may only be ordered if:

- FHA's collateral risk assessment determines a second appraisal is required. The cost of the second appraisal may be financed as part of the closing costs; or
- the Direct Endorsement (DE) underwriter (underwriter) determines the first appraisal is materially deficient and the Appraiser is unable to resolve or uncooperative in resolving the deficiency. The Mortgagee must fully document the deficiency and status of the appraisal in the mortgage file. The Mortgagee must pay for the second appraisal.

Material deficiencies on appraisals are those deficiencies that have a direct impact on value and marketability. Material deficiencies include, but are not limited to:

- failure to report readily observable defects that impact the health and safety of the occupants and/or structural soundness of the house;
- reliance upon outdated or dissimilar comparable sales when more recent and/or comparable sales were available as of the effective date of the appraisal; and
- fraudulent statements or conclusions when the Appraiser had reason to know or should have known that such statements or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

conclusions compromise the integrity, accuracy, and/or thoroughness of the appraisal submitted to the client.

(ii) Second Appraisal by Second Mortgagee

A second appraisal may only be ordered by the second Mortgagee under the following limited circumstances:

- the first appraisal contains material deficiencies as determined by the underwriter for the second Mortgagee;
- the Appraiser performing the first appraisal is prohibited from performing appraisals for the second Mortgagee; or
- the first Mortgagee fails to provide a copy of the appraisal to the second Mortgagee in a timely manner, and the failure would cause a delay in closing and harm to the Borrower, including loss of interest rate lock, violation of sales contract deadline, occurrence of foreclosure proceedings, and imposition of late fees.

(iii) Use of Second Appraisal

For the first two cases outlined above, the Mortgagee must rely only on the second appraisal and ensure that copies of both appraisals are retained in the case binder. For the third case above, the first appraisal must be added to the case binder if it is received.

(iv) Required Documentation

The Mortgagee must document why a second appraisal was ordered and retain the explanation and all appraisal reports in the case binder.

(11) Ordering an Update to an Appraisal

The Mortgagee may only order an update if (1) it is a Mortgagee listed as an intended user of the original appraisal or (2) it has received permission from the original client and the Appraiser. The Appraiser incorporates the original appraisal report being updated by attachment rather than by reference per Advisory Opinion 3 of the [USPAP](#).

The Mortgagee may use an appraisal update only if:

- it is performed by an FHA Appraiser who is currently in good standing on the FHA Appraiser Roster;
 - o if a substitute Appraiser is used due to the lack of the original Appraiser availability, the substitute Appraiser must state they concur with the analysis and conclusions in the original appraisal report, and the Mortgagee must document in the case binder why the original Appraiser was not used;
- the Property has not declined in value;

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

- the building improvements that contribute value to the Property can be observed from the street or a public way;
- the Property meets Minimum Property Requirements (MPR) and Minimum Property Standards (MPS) based on the original appraisal conditions;
- the appraisal update was performed by the Appraiser within one year from the effective date of the initial appraisal being updated; and
- the appraisal update is performed before the Disbursement Date.

(12) Appraisal Delivery – Electronic Appraisal Delivery

(a) Definition

The Electronic Appraisal Delivery (EAD) refers to a web-based platform where Mortgagees or their designated technology service providers electronically deliver FHA Single Family appraisal reports prior to endorsement.

(b) Standard

Mortgagees or their designated technology service providers must deliver appraisals through FHA's EAD portal.

(c) Required Documentation

Appraisals submitted through FHA's EAD portal are the appraisals required for endorsement.

b. General HECM Insurance Eligibility (05/25/2025)

i. HECM Purpose

FHA insures mortgages secured by HECM Properties under section 255 of the National Housing Act. The intent of the HECM program is to provide elderly homeowners the option of using the equity in their homes to address economic hardship caused by the increasing costs of health, housing, and subsistence needs at a time of reduced income.

(A) HECM Traditional

HECM Traditional refers to a transaction where a Borrower with legal title, leasehold interest, or possessory interest obtains a HECM to access equity in their current Principal Residence.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(B) HECM for Purchase

HECM for Purchase refers to a transaction where the Borrower uses the HECM to finance the purchase of an existing one- to four-unit residence where the Borrower will occupy one unit as their Principal Residence.

The Borrower may use a HECM for Purchase transaction to satisfy an outstanding payment obligation associated with a land contract, contract for deed, or other similar purchase arrangement that will ensure the Property will meet FHA's title requirements. For additional requirements that are applicable to a HECM for Purchase transaction, see [HECM for Purchase](#).

(C) HECM-to-HECM Refinance

HECM-to-HECM Refinance (HECM Refinance) refers to a new HECM where the proceeds will be used to pay off the property indebtedness of the current HECM and any existing eligible lien. For additional requirements that are applicable to a Refinance transaction, see [HECM Refinance](#).

ii. Borrower Eligibility

(A) General Borrower Eligibility Requirements

In order to obtain FHA-insured financing, all Borrowers must meet the eligibility criteria in this section.

(1) Minimum Age Requirement

All Borrowers must be at least 62 years of age as of the Closing Date. There is no maximum age limit for a Borrower.

(2) Principal Residence

(a) Definition

A Non-Borrowing Spouse (NBS) refers to the spouse of a HECM Borrower who is also not a Borrower.

Eligible Non-Borrowing Spouse (NBS) refers to an NBS who meets all Qualifying Attributes for a Deferral Period.

Principal Residence refers to the dwelling where the Borrower and, if applicable, an NBS maintain their permanent place of abode, and typically spend the majority of the calendar year. A person may have only one Principal Residence at any one time and the Property is considered to be the Principal Residence:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

- of any Borrower who is temporarily in a health care institution provided the Borrower's confinement to a health care institution does not exceed 12 consecutive months;
- of any NBS who is temporarily in a health care institution, as long as the Property is the Principal Residence of their Borrower spouse, who physically resides in the Property;
- of any NBS who occupies the Property as their Principal Residence, when the Borrower resides in a health care institution for a length of time; and
- during a Deferral Period of the NBS, who is temporarily in a health care institution, provided the Eligible NBS physically occupied the Property immediately prior to entering the health care institution and such confinement does not exceed 12 consecutive months. See [Mortgagee Optional Election Assignment](#) for more information.

(b) Standard

The Property must be the Principal Residence of each Borrower and a Borrower may have only one Principal Residence at any one time.

(3) Citizenship and Immigration Status

U.S. citizenship is not required for HECM eligibility.

(4) Residency Requirements

The Mortgagee must determine the residency status of the Borrower based on information provided on the mortgage application and other applicable documentation. A Social Security card is not sufficient to prove immigration or work status. The following categories of individuals are eligible for FHA-insured financing in accordance with the requirements set forth below:

(a) Permanent Residents

(i) Standard

A Borrower with lawful permanent resident status may be eligible for FHA-insured financing provided the Borrower satisfies the same requirements, terms, and conditions as those for U.S. citizens.

(ii) Required Documentation

The HECM file must include evidence of lawful permanent residence and indicate that the Borrower is a lawful permanent resident on the *RLARM*.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

The U.S. Citizenship and Immigration Services (USCIS) within the Department of Homeland Security provides evidence of lawful permanent resident status.

(b) Citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau

(i) Standard

A Borrower with citizenship in the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau may be eligible for FHA-insured financing provided the Borrower satisfies the same requirements, terms, and conditions as those for U.S. citizens.

(ii) Required Documentation

For Borrowers who are citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau, the HECM file must include evidence of such citizenship.

(5) Borrower Ownership and Obligation Requirements

To be eligible, all Borrowers must hold title, leasehold interest, or possessory interest to the Property in their own name or in the name of a [living trust](#) at closing, be obligated on the Note or credit instrument, and sign all security instruments.

In community property states, the Borrower's [spouse](#) is not required to be a Borrower. However, the Mortgage must be executed by all parties necessary to make the lien valid and enforceable under state law.

(a) Eligibility Requirements for Property Held in Living Trusts

(i) Definitions

Living Trust refers to a type of trust that is created and takes effect during the creator's lifetime.

Trustee refers to the person charged with the administration of the Living Trust.

Primary Beneficiary refers to a person that is first in line to receive the benefits of the Living Trust.

Contingent Beneficiary refers to a person who is entitled to the benefits of the trust only upon the death of the primary beneficiary.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(ii) Standard

The Mortgagee may originate a HECM that is held by a Living Trust, either revocable or irrevocable, provided the following requirements are met:

- primary beneficiaries of the Living Trust are 62 years of age as of the Closing Date;
- primary beneficiaries attend and complete HECM counseling;
- primary beneficiaries must be an eligible Borrower;
- primary beneficiaries occupy the subject Property as their Principal Residence until the mortgage lien is released or will occupy the subject Property as their Principal Residence within 60 Days of Closing for a HECM for Purchase transaction;
- new beneficiaries must not be added to the Living Trust;
- primary beneficiaries must sign the loan agreement;
- the trustee and primary beneficiaries must sign the Note;
- the Mortgage, and other legal documents, are signed by all parties necessary to create a valid first Mortgage and second Mortgage, if applicable, which may include:
 - o the trustee; and
 - o primary and contingent beneficiaries; and
- the Mortgagee has determined that the Living Trust:
 - o is valid and enforceable;
 - o provides each beneficiary with a legal right to occupy the Property for the remainder of their life; and
 - o provides for a Notice to the Mortgagee of any changes to the trust, including occupancy status of the Property, or any transfer of beneficial interest in the Property.

Contingent beneficiaries do not need to meet eligible Borrower requirements and do not need to attend HECM counseling unless the contingent beneficiary is an individual otherwise required to receive counseling, e.g., an Eligible or Ineligible NBS or Non-Borrowing Owner.

The trustee is not required to attend HECM counseling unless the trustee is also a primary beneficiary or an individual otherwise required to receive counseling, e.g., an Eligible or Ineligible NBS or Non-Borrowing Owner.

(iii) Living Trusts and Security Instruments

The name of the Living Trust must appear on the security instrument, such as the Mortgage, deed of trust, or security deed.

The name of the Borrower must appear on the security instrument when required to create a valid lien under state law. The name of the Borrower

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

must also be the same name on the Note and the trust or trust documentation.

The name of the Borrower is not required to appear on the property deed or title.

(iv) Required Documentation

The Mortgagee must obtain a copy of the trust agreement or the Declaration of Trust to ensure all Living Trust eligibility requirements are met.

(b) Transfer of the Property into a Living Trust

The Borrower under an insured HECM may transfer the Property to a Living Trust without causing the Mortgage to become Due and Payable if the Mortgagee finds that the Living Trust meets all [Eligibility Requirements for Property Held in Living Trusts](#) that would have applied if the trust owned the Property at Closing.

The Mortgagee may require the trust to formally assume the Borrower's obligation to repay the debt as stated in the Note if considered advisable to avoid difficulty in enforcement of the Note and Mortgage.

(c) Transferring of the Property from a Living Trust

If the Living Trust is terminated or the Property is otherwise transferred from an eligible trust that is holding the Property, the Mortgage will not become Due and Payable, provided that one or more of the original Borrowers:

- continue to occupy the Property as a Principal Residence; and
- continue to retain title to the Property in Fee Simple or on a Leasehold Interest.

(d) Eligibility Requirements for Borrowers Holding Only Life Estates

(i) Standard

A Borrower who holds only a life estate is eligible for a HECM, only if all holders of any reversionary or remainder interest will also execute the Mortgage and attend HECM counseling.

(ii) Required Documentation

For life estates, the Mortgagee must obtain a copy of the document granting the Borrower a life estate.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(6) Marital Status

The Mortgagee must require all Borrowers to state whether they are legally married at the time of initial application and confirm this information at closing by signing the appropriate certification.

(7) Social Security Number

(a) Standard

Each Borrower must provide evidence of their valid SSN to the Mortgagee.

Exception

Individuals employed by the World Bank, a foreign embassy, or equivalent employer identified by HUD are not required to provide an SSN.

(b) Required Documentation

The Mortgagee must:

- validate and document an SSN for each Borrower by:
 - o entering the Borrower's name, date of birth, and SSN in the Borrower/address validation screen through [FHAC](#); and
 - o examining the Borrower's original pay stubs, IRS Form W-2s, *Wage and Tax Statement*, valid Tax Returns obtained directly from the IRS; or other document relied upon to process the HECM; and
- resolve any inconsistencies or multiple SSNs for individual Borrowers that are revealed during HECM processing using a service provider to verify the SSN with the SSA.

(8) Borrower Minimum Decision Credit Score

(a) Definition

The Minimum Decision Credit Score (MDCS) refers to the credit score reported on the Borrower's credit report when all reported scores are the same. Where three differing scores are reported, the middle score is the MDCS. Where two differing scores are reported, the MDCS is the lowest score. Where only one score is reported, that score is the MDCS.

(b) Standard

There is no MDCS for a HECM. Credit scores are not a criterion for processing or evaluating a HECM.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(9) Delinquent FHA-insured Mortgages

(a) Principal Residences

Borrowers delinquent on an FHA-insured Mortgage on their Principal Residence must pay off the Delinquent Mortgage prior to or at closing of the HECM.

(b) Other FHA-Insured Mortgages

Borrowers delinquent on an FHA-insured Mortgage that is not their Principal Residence are ineligible for a new FHA-insured HECM unless the delinquency is resolved.

(10) Delinquent Federal Tax Debt

(a) Standard

Borrowers with delinquent Federal Tax Debt are ineligible.

Federal tax liens may remain unpaid if the Borrower has entered into a valid repayment agreement with the federal agency owed to make regular payments on the debt and the Borrower has made timely payments for at least three months of scheduled payments. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Mortgagee must include the payment amount in the agreement in the calculation of the Borrower's monthly expenses.

Delinquent federal debt or tax liens may also be paid off prior to obtaining a HECM using the Borrower's own funds or paid off as a Mandatory Obligation at closing.

(b) Verification

Mortgagees must check public records and credit information to verify that the Borrower is not presently delinquent on any Federal Tax Debt and does not have a tax lien placed against their Property for a tax debt owed to the federal government.

(c) Required Documentation

The Mortgagee must include documentation from the IRS evidencing the repayment agreement and verification of payments made, if applicable. The Mortgagee must include documentation from the IRS evidencing the payoff of the tax lien, if applicable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(11) Borrower Ineligibility Due to Delinquent Federal Non-Tax Debt

(a) Definition

Judgment refers to any debt or monetary liability of the Borrower created by a court or other adjudicating body.

(b) Standard

Mortgagees are prohibited from processing an application for an FHA-insured HECM for Borrowers with delinquent federal non-tax debt, including deficiency Judgments and other debt associated with past FHA-insured Mortgages. Mortgagees must suspend processing of the application until the debt has been resolved with the creditor agency. Mortgagees are required to determine whether the Borrowers have delinquent federal non-tax debt. Mortgagees may obtain information on delinquent Federal Debts from public records, credit reports or equivalent, and must check all Borrowers against the [Credit Alert Verification Reporting System \(CAIVRS\)](#).

(c) Verification

If a delinquent Federal Debt is reflected in a public record, credit report or equivalent, or CAIVRS or an Equivalent System, the Mortgagee must verify the validity and delinquency status of the debt by contacting the creditor agency to whom the debt is owed. If the debt was identified through CAIVRS, the Mortgagee must contact the creditor agency using the contact phone number and debt reference number reflected in the Borrower's CAIVRS report.

If the creditor agency confirms that the debt is valid and in delinquent status as defined by the [Debt Collection Improvement Act](#), then the Borrower is ineligible for an FHA-insured HECM until the Borrower resolves the debt with the creditor agency.

The Mortgagee may not deny a HECM solely based on the CAIVRS information that has not been verified by the Mortgagee. If resolved either by determining that the information in CAIVRS is no longer valid or by resolving the delinquent status as stated above, the Mortgagee may continue to process the HECM application.

(d) Resolution

For a Borrower with verified delinquent Federal Debt to become eligible, the Borrower must resolve their federal non-tax debt in accordance with the [Debt Collection Improvement Act](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

The creditor agency that is owed the debt can verify that the debt has been resolved in accordance with the Debt Collection Improvement Act.

(e) Required Documentation

The Mortgagee must include documentation from the creditor agency to support the verification and resolution of the debt. For debt reported through CAIVRS, the Mortgagee may obtain evidence of resolution by obtaining a clear CAIVRS report.

(12) Valid First and Second Liens

The Mortgagee must ensure that the mortgaged Property will be free and clear of all liens or that any permissible liens are subordinated to the first HECM lien and any second lien held by the Commissioner. The Mortgagee must ensure there are no restrictions on conveyance, unless such restrictions are permitted by FHA regulations.

An existing lien of record, unless prohibited, may be subordinated to the first HECM lien and any second lien held by the Commissioner if the following two conditions are satisfied:

- the subordinate lien does not intervene between the first and second HECM liens; and
- the subordinate lien must not arise or be made in connection with obtaining HECM financing. FHA regulations at 24 CFR 206.32 provide that there must not be any outstanding or unpaid obligations incurred by the Borrower in connection with the HECM transaction.

(a) Tax Liens

Tax liens may remain unpaid if the Borrower has entered into a valid repayment agreement with the lien holder to make regular payments on the debt and the Borrower has made timely scheduled payments for at least three consecutive months. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments. Except for federal tax liens, the lien holder must subordinate the tax lien to the FHA-insured HECM. For more on federal tax liens, see [Delinquent Federal Tax Debt](#).

(b) Court Judgment Liens

Liens against the Property resulting from outstanding court Judgments must be paid in full prior to or at closing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(c) Secondary Financing

A pre-existing Mortgage lien securing secondary financing that was provided by a Governmental Entity (federal, state, or local) or by an organization acting on behalf of a Governmental Entity must be paid in full prior to closing. If the lien is in connection with a real estate tax deferral program, then see [Real Estate Tax Deferral Program](#).

(d) Real Estate Tax Deferral Program

(i) Definitions

Real Estate Tax Deferral Program refers to a taxing authority deferring the payment of property taxes, i.e., liability for taxes remains, but payment is deferred until a certain point in the future.

(ii) Standard

The Mortgagee must ensure the Borrower is not a participant in a real estate tax deferral program unless such liens securing payment of deferred taxes are subordinate to the first and second HECM liens, and:

- the real estate tax deferral period will be in place until the death of the Borrower or the sale of the Property, whichever occurs first; and
- a lien superior to the first and second HECM liens will not be created upon the termination of the real estate tax deferral period resulting in any obligation for the deferred tax obligation to be repaid at the death or move-out of the Borrower, or any other maturity event.

(iii) Required Documentation

The Mortgagee must obtain evidence documenting the deferred taxes and lien priority.

(B) General Non-Borrowing Spouse Requirements

(1) Definitions

An Ineligible Non-Borrowing Spouse refers to an NBS who does not meet all Qualifying Attributes for a Deferral Period.

Qualifying Attributes refer to the criteria an NBS must meet to be eligible for the Deferral Period. An Eligible NBS must:

- have been the spouse of a HECM Borrower at the time of closing and have remained the spouse of such HECM Borrower for the duration of the HECM Borrower's lifetime;

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

- have been properly disclosed to the Mortgagee at origination and specifically named as an NBS in the HECM documents; and
- have occupied, and continue to occupy, the Property securing the HECM as the Principal Residence of the NBS.

A Deferral Period refers to the period of time following the death of the last surviving Borrower for a HECM with an FHA case number assigned on or after August 4, 2014, during which the Due and Payable status of a HECM is deferred for an Eligible NBS or Eligible Surviving NBS provided that the Qualifying Attributes and all other FHA requirements continue to be satisfied.

(2) Marital Status

(a) Standard

At initial application, the Mortgagee must:

- verify the name and age of any NBS on the Borrower's application; and
- determine if the spouse is an Eligible or Ineligible NBS.

An Eligible NBS may not elect to be ineligible for the Deferral Period. An Eligible NBS becomes an Ineligible NBS and ineligible for the Deferral Period when any of the Qualifying Attributes cease to be met.

(b) Required Documentation

The Mortgagee must obtain the following:

- a marriage certificate, legal opinion certifying the validity of the marriage, or other evidence sufficient to establish the legal validity of the marriage;
- the NBS's SSN; and
- either the Ineligible NBS or Eligible NBS certification.

(3) Social Security Number

(a) Standard

Each NBS must have a valid SSN.

(b) Required Documentation

The Mortgagee must:

- validate and document an SSN for each NBS by:
 - o entering the NBS's name, date of birth, and SSN in the Borrower/address validation screen through [FHAC](#); and

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

- o examining the Eligible NBS's original pay stubs, IRS Form W-2s, valid Tax Returns obtained directly from the IRS, or other document relied upon to process the HECM; and
- resolve any inconsistencies or multiple SSNs for individual Eligible NBS that are revealed during HECM processing using a service provider to verify the SSN with the SSA.

Exception

Individuals employed by the World Bank, a foreign embassy, or equivalent employer identified by HUD are not required to provide an SSN.

(4) Non-Borrowing Spouse Age Limits

The NBS does not have to be 62 years old for an eligible Borrower to obtain a HECM.

(5) Principal Residence

The Mortgagee must determine whether the Property serves as the [Principal Residence](#) of each NBS.

(C) Excluded Parties

The Mortgagee must establish that the Borrower and Eligible NBS are not Excluded Parties and document the determination as required below.

(1) Borrower and Eligible NBS

(a) Standard

A Borrower and Eligible NBS are not eligible to participate in FHA-insured mortgage transactions if they are suspended, debarred, or otherwise excluded from participating in HUD programs.

(b) Required Documentation

The Mortgagee must check the HUD [LDP List](#) to confirm the Borrower's and Eligible NBS' eligibility to participate in an FHA-insured mortgage transaction.

The Mortgagee must check [SAM](#) and follow appropriate procedures defined by that system to confirm eligibility for participation.

The Mortgagee must print the results of the check of the HUD LDP and SAM to confirm eligibility of participation in the HECM program.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(2) Other Parties to the Transaction

(a) Standard

A HECM is not eligible for FHA insurance if anyone participating in the HECM transaction is listed on HUD's [LDP List](#) or in SAM as being excluded from participation in HUD transactions. This may include but is not limited to:

- seller (except where selling the Principal Residence)
- listing and selling real estate agent
- loan originator
- loan processor
- underwriter
- Appraiser
- Closing Agent
- title company

(b) Required Documentation

The Mortgagee must check the HUD [LDP List](#) and [SAM](#) and follow appropriate procedures defined by that system to confirm eligibility for all participants involved in the transaction.

(D) Limitation on Number of HECMs

(1) Standard

A Borrower with an existing HECM is eligible to obtain a new HECM if the Borrower provides legal documentation evidencing release of the Borrower's financial obligation to satisfy the existing HECM.

A Borrower with an existing HECM is eligible to use the HECM for Purchase program to obtain a new Principal Residence if they pay off the existing HECM before the HECM for Purchase transaction is insured.

(2) Required Documentation

The Borrower must provide a copy of:

- a final divorce decree or court order evidencing the vacating Borrower is released from their financial obligation to satisfy the indebtedness of the existing HECM and recorded quit claim deed or other equivalent; or
- evidence that the existing HECM outstanding balance is repaid in full, such as:
 - o a copy of the fully executed Closing Disclosure, HUD-1 Settlement Statement or similar legal document;
 - o a payoff statement and copy of the canceled check or its equivalent;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

- o a credit report with a zero balance; or
- o a copy of the canceled check or its equivalent and a copy of the lien release.

iii. Property Eligibility and Acceptability Criteria

The Property must meet FHA's definition of a HECM Property.

In order to obtain FHA-insured financing, the Property must meet the eligibility criteria in this section.

(A) General Property Eligibility

(1) Definitions

HECM Property refers to a Property that is either Existing Construction or New Construction which will serve as collateral for the HECM.

Existing Construction refers to a Property that has been 100 percent complete for over one year or has been completed for less than one year and was previously occupied.

New Construction refers to Proposed Construction, Properties Under Construction, and Properties Existing Less than One Year as defined below:

- Proposed Construction refers to a Property where no concrete or permanent material has been placed. Digging of footing is not considered permanent.
- Under Construction refers to the period from the first placement of permanent material to 100 percent completion with no Certificate of Occupancy (CO) or equivalent.
- Existing Less than One Year refers to a Property that is 100 percent complete and has been completed less than one year from the date of issuance of the CO or equivalent. The Property must have never been occupied.

(2) Location of HECM Property

The HECM Property must be located within a state, District of Columbia, Puerto Rico, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or American Samoa.

(3) Hazard Insurance

The Borrower must insure all improvements on the HECM Property, whether in existence at the time of origination or subsequently erected, against any hazards, casualties, and contingencies, including fire and flood, for which the Mortgagee requires insurance. Hazard Insurance must be maintained in the amount and for

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

the period of time that is necessary to protect the Mortgagee's investment. Refer to the Condominium product sheet of this section of Handbook 4000.1 for additional [insurance](#) requirements.

(4) Special Flood Hazard Areas

The Mortgagee must determine if a Property is located in a Special Flood Hazard Area (SFHA) as designated by the Federal Emergency Management Agency (FEMA). The Mortgagee must obtain flood zone determination services, independent of any assessment made by the Appraiser, to cover the Life of the Loan Flood Certification.

A Property is not eligible for FHA insurance if:

- a residential building and related improvements to the Property are located within any SFHA Zone beginning with the letter A, an SFHA, or any Zone beginning with the letter V, a Coastal High Hazard Area, and insurance under the National Flood Insurance Program (NFIP) is not available in the community; or
- the improvements are, or are proposed to be, located within the Coastal Barrier Resources System (CBRS).

To be eligible for FHA insurance, a Property located in an SFHA must be in a community that participates in the NFIP and has NFIP available, regardless of whether the Borrower obtains NFIP coverage.

(a) Flood Insurance

(i) Definitions

Flood Insurance refers to insurance provided by an NFIP or a Private Flood Insurance (PFI) policy that covers physical damage by floods.

An NFIP policy refers to insurance managed by the Federal Emergency Management Agency (FEMA) that covers physical damage by floods.

A PFI policy refers to insurance provided by a private insurance carrier that covers physical damage by floods.

(ii) Standard

Eligible Properties

If any portion of the dwelling and related Structures or equipment essential to the Property Value is located in an SFHA and NFIP insurance is available in that community, the Mortgagee must ensure the Borrower obtains and maintains Flood Insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

Required Flood Insurance Coverage

For Properties located within an SFHA, Flood Insurance must be maintained for the life of the HECM in an amount at least equal to the lowest of the following:

- 100 percent replacement cost of the insurable value of the improvements, which consists of the development or project cost less estimated land cost;
- the maximum amount of NFIP insurance available with respect to the particular type of Property; or
- the outstanding principal balance of the Mortgage.

Where the outstanding principal balance of the Mortgage is used to determine the amount of Flood Insurance coverage, Flood insurance must be adjusted each renewal cycle to cover an amount at least equal to the outstanding principal balance at the end of the insurance coverage period.

Requirements for PFI

If the Borrower purchases a PFI policy in lieu of an NFIP policy, the Mortgagee must ensure the PFI policy meets the following requirements:

- is issued by an insurance company that is licensed, admitted, or otherwise approved to engage in the business of insurance in the state or jurisdiction in which the Property to be insured is located, by the insurance regulator of the state or jurisdiction; or, in the case of a policy of difference in conditions, multiple peril, all risk, or other blanket coverage insuring nonresidential commercial property, is recognized, or not disapproved, as a surplus lines insurer by the insurance regulator of the state or jurisdiction where the Property to be insured is located;
- provides Flood Insurance coverage that is at least as broad as the coverage provided under a standard Flood Insurance policy under the NFIP for the particular type of Property, including when considering exclusions and conditions offered by the insurer;
- includes deductibles that are no higher than the specified maximum, and includes similar non-applicability provisions, as under a standard Flood Insurance policy under the NFIP;
- includes a requirement for the insurer to provide written notice 45 Days before cancellation or nonrenewal of Flood Insurance coverage to the Borrower and the Mortgagee. In cases where the Mortgagee has assigned the loan to HUD, the insurer must provide notice to HUD and, where applicable, to the Borrower;
- includes information about the availability of Flood Insurance coverage under the NFIP;
- includes a mortgage interest clause similar to the clause contained in a standard Flood Insurance policy under the NFIP;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

- includes a provision requiring the Borrower to file suit no later than one year after the date of a written denial for all or part of a claim under the policy; and
- contains cancellation provisions that are as restrictive as the provisions contained in a standard Flood Insurance policy under the NFIP.

(iii) Private Flood Insurance Policy Compliance Aid

Definition

The Private Flood Insurance (PFI) Policy Compliance Aid is the statement: “This policy meets the definition of private flood insurance contained in 24 CFR 203.16a(e) for FHA-insured mortgages.”

Standard

The PFI Policy Compliance Aid may be made by the insurance provider, attesting that a PFI policy meets the [requirements of Flood Insurance](#). The Mortgagee may rely on the PFI Policy Compliance Aid to determine whether a PFI policy meets the Flood Insurance requirements. In the absence of the PFI Policy Compliance Aid within the policy, a Mortgagee may review the policy to determine if it meets FHA requirements or rely on the insurance agent or carrier to separately provide the PFI Policy Compliance Aid language.

(iv) Required Documentation

For Properties located within an SFHA, the Mortgagee must include in the case binder:

- a Life of Loan Flood Certification for all Properties;
- if applicable, include a:
 - o FEMA Letter of Map Amendment (LOMA);
 - o FEMA Letter of Map Revision (LOMR); or
 - o FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)); and
- a copy of the certificate of Flood Insurance or complete copy of the Flood Insurance policy, if required.

(v) Required Reporting

The Mortgage must report the required Flood Insurance information in the insurance application screen in FHAC.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(b) Eligibility for New Construction in SFHAs

If any portion of the dwelling and related Structures, or equipment essential to the Property Value is located in an SFHA, the Property is not eligible for FHA mortgage insurance, unless the Mortgagee:

- obtains a FEMA-issued final LOMA or LOMR that removes the Property from the SFHA; or
- obtains a FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)). The Elevation Certificate must document that the lowest floor of the residential building, including the basement, and all related Structures or equipment essential to the Property Value are built above the 100-year flood elevation in compliance with the NFIP criteria; and
- ensures the Borrower obtains Flood Insurance.

See the HECM for Purchase product sheet for [additional requirements](#).

(c) Eligibility for Existing Construction in SFHAs

When any portion of the residential improvements is determined to be located within an SFHA, Flood Insurance must be obtained.

(d) Eligibility for Condominiums in SFHAs

The Mortgagee must ensure the Condominium Association obtains Flood Insurance on buildings located within the SFHA. The Flood Insurance coverage must protect the interest of the Borrowers who hold title to an individual unit, as well as the common areas of the Condominium Project. See [Flood Insurance \(Existing Construction\)](#).

(e) Eligibility for Manufactured Housing in SFHAs

The finished grade level beneath the Manufactured Home must be at or above the 100-year return frequency flood elevation. If any portion of the dwelling and related Structures or equipment essential to the Property Value for both new and existing Manufactured Homes is located in an SFHA, the Property is not eligible for FHA mortgage insurance, unless the Mortgagee:

- obtains a FEMA-issued LOMA or LOMR that removes the Property from the SFHA; or
- obtains a FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)) showing that the finished grade beneath the Manufactured Home is at or above the 100-year return frequency flood elevation; and
- ensures the Borrower obtains Flood Insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(f) Restrictions on Property Locations within Coastal Barrier Resources System

In accordance with the [Coastal Barrier Resources Act](#), a Property is not eligible for FHA mortgage insurance if the improvements are located within the [Coastal Barrier Resources System](#).

(5) Mixed Use of Property

Mixed Use refers to a Property suitable for a combination of uses including any of the following: commercial, residential, retail, office, or parking space. Mixed Use one- to four-unit Single Family Properties are eligible for FHA insurance, provided:

- a minimum of 51 percent of the entire building square footage is for residential use; and
- the commercial use will not affect the health and safety of the occupants of the residential Property.

(6) Homeowners' and Condominium Associations

For Properties that are located within a Homeowners' Association (HOA) or Condominium Association, the Mortgagee must conduct a review of the recorded Declaration and/or recorded Covenants, Conditions, and Restrictions (CC&R) which are in place for the association. When conducting the review, the Mortgagee must determine whether the recorded Declaration and/or CC&Rs require prior approval by the association of any non-purchase money mortgage that will encumber the Property. In those situations where such a requirement exists, the Mortgagee must obtain the approval of the association in writing prior to origination of the HECM. Documentation concerning this approval must be maintained by the Mortgagee and made available to HUD upon request.

(7) Property Assessed Clean Energy

(a) Definition

Property Assessed Clean Energy (PACE) refers to an alternative means of financing energy and other PACE-allowed improvements to residential properties using financing provided by private enterprises in conjunction with state and local governments. Generally, the repayment of the PACE obligation is collected in the same manner as a special assessment tax; it is collected by the local government rather than paid directly by the Borrower to the party providing the PACE financing. Generally, the PACE obligation is also secured in the same manner as a special assessment against the property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(b) Standard

Properties which will remain encumbered with a PACE obligation are not eligible for an FHA-insured HECM. To be eligible for FHA insurance, the PACE obligation must be paid off in full prior to or at closing. The Borrower may use HECM proceeds to satisfy the PACE obligation. For HECM for Purchase transactions, see the [Property Assessed Clean Energy](#) section of the product sheet.

(B) Property Types

FHA's programs differ from one another primarily in terms of what types of Properties and financing are eligible. Except as otherwise stated in this Handbook 4000.1, HECMs are limited to one- to four-unit Single Family Properties where the Borrower occupies one unit as their Principal Residence. FHA insures HECM financing on Real Property secured by:

- detached or semi-detached dwellings
- Manufactured Housing
- townhouses or row houses
- Condominium Units and Site Condominiums

FHA will not insure HECMs secured by:

- commercial enterprises
- cooperative units
- boarding houses
- hotels, motels, and condotels
- tourist houses
- private clubs
- bed and breakfast establishments
- other transient housing
- Vacation Homes
- fraternity and sorority houses

(1) One-Unit

A one-unit Property is a Single Family residential Property with a single Dwelling Unit, or with a single Dwelling Unit and a single ADU.

(2) Two-Unit

(a) Definition

A two-unit Property is a Single Family residential Property with two individual dwellings.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(b) Standard

The Mortgagee must obtain a completed form [HUD-92561](#).

(3) Three- to Four-Unit

A three- to four-unit Property is either:

- a Single Family residential Property with three to four individual Dwelling Units; or
- a Single Family residential Property with two individual Dwelling Units and one ADU or three individual Dwelling Units and one ADU.

The Mortgagee must obtain a completed form [HUD-92561](#).

(4) Accessory Dwelling Unit

(a) Definition

An Accessory Dwelling Unit (ADU) refers to a single habitable living unit with means of separate ingress and egress that meets the minimum requirements for a living unit. An ADU is a private space that is subordinate in size and within, or detached from a primary one-unit Single Family dwelling, which together constitute a single interest in real estate.

(b) Standard

A Single Family residential one-unit Property with a single ADU remains a one-unit Property. For any Single Family residential Property with two or more units, a separate additional Dwelling Unit must be considered as an additional unit.

(5) Condominium Unit

(a) Definitions

A Condominium Unit refers to real estate consisting of a one-family Dwelling Unit in a Condominium Project.

Condominium Project refers to a project in which one-family Dwelling Units are attached, semi-detached, detached, or Manufactured Home units, and in which owners hold an undivided interest in Common Elements.

(b) Standard

A [Condominium Unit](#) must be either located within an FHA-approved Condominium Project, meet FHA's definition of a Site Condominium, or have

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

completed the FHA Single-Unit Approval process before a Mortgage can be insured.

(6) Site Condominiums

(a) Definition

A Site Condominium refers to:

- a Condominium Project that consists entirely of Single Family detached dwellings that have no shared garages, or any other attached buildings; or
- a Condominium Project that:
 - o consists of Single Family detached or horizontally attached (townhouse-style) dwellings where the Unit consists of the dwelling and land;
 - o does not contain any Manufactured Housing Units; and
 - o is encumbered by a declaration of condominium covenants or a condominium form of ownership.

(b) Standard

Manufactured Housing condominium units may not be processed as Site Condominiums.

The Unit owner must be responsible for all required insurance and maintenance costs associated with the Unit dwelling, excluding landscaping, of the Site Condominium.

Site Condominiums do not require Condominium Project Approval or Single-Unit Approval.

(7) Manufactured Housing

(a) Definition

Manufactured Housing is a Structure that is transportable in one or more sections. It may be part of a [Condominium Project](#), provided the project meets applicable FHA requirements.

(b) Standard

To be eligible for FHA mortgage insurance as a Single Family Title II HECM, all Manufactured Housing must:

- be designed as a one-family dwelling;
- have a floor area of not less than 400 square feet;
- have the HUD Certification Label affixed or have obtained a [letter of label verification](#) issued on behalf of HUD, evidencing the house was

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

constructed on or after June 15, 1976, in compliance with the [Federal Manufactured Home Construction and Safety Standards](#);

- be classified as real estate (but need not be treated as real estate for purposes of state taxation);
- be built and remain on a permanent chassis;
- be designed to be used as a dwelling with a permanent foundation built in accordance with the [Permanent Foundations Guide for Manufactured Housing \(PFGMH\)](#); and
- have been directly transported from the manufacturer or the dealership to the site.

(c) Required Documentation

(i) HUD Certification Label

If the appraisal indicates the HUD Certification Label is missing from the Manufactured Housing unit, the Mortgagee must obtain label verification from the [Institute for Building Technology and Safety \(IBTS\)](#).

(ii) PFGMH Certification

The Mortgagee must obtain a certification by an engineer or architect, who is licensed/registered in the state where the Manufactured Home is located, attesting to compliance with the PFGMH.

The Mortgagee may obtain a copy of the foundation certification from a previous FHA-insured Mortgage, showing that the foundation met the guidelines published in the PFGMH that were in effect at the time of certification, provided there are no alterations and/or observable damage to the foundation since the date of the original certification.

If the Appraiser notes additions or alterations to the Manufactured Housing unit, the Mortgagee must ensure the addition was addressed in the foundation certification.

If the additions or alterations were not addressed in the foundation certification, the Mortgagee must obtain:

- an inspection by the state administrative agency that inspects Manufactured Housing for compliance; or
- certification of the structural integrity from a licensed structural engineer if the state does not employ inspectors.

(C) Property Valuation

The Mortgagee is responsible for obtaining an appraisal to verify the value of the Property and the Property's compliance with HUD's [MPR or MPS](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

(1) Integrity of Valuation Process: Communications with Mortgagees

The Mortgagee must ensure the integrity of the valuation process by ensuring the valuation process is free from conflicts of interest and the appearance of conflicts of interest.

(a) Standard

The Mortgagee must prevent its staff, or any person who is compensated on a commission basis upon the successful completion of a HECM, or who reports, ultimately, to any officer of the Mortgagee not independent of the HECM production staff and process, from having substantive communications with an Appraiser relating to or having an impact on valuation, including ordering or managing an appraisal assignment. Normal communications necessary to processing of a case is permissible but cannot attempt to influence the Appraiser.

The underwriter who has responsibility for the quality of the appraisal report is allowed to request clarifications and discuss with the Appraiser components of the appraisal that influence its quality.

(b) Exception for Smaller Mortgagees

When absolute lines of independence cannot be achieved because of the Mortgagee's small size and limited staff, the Mortgagee must clearly demonstrate that it has prudent safeguards to isolate its collateral evaluation process from influence or interference from its HECM production process.

(2) Communications with Third Parties

The underwriter may request a clarification or reconsideration of value from the Appraiser, following the requirements in [Reconsideration of Value](#). The Mortgagee may not discuss the contents of an appraisal with anyone other than the Borrower.

(3) Verifying HUD's Minimum Property Standards/Minimum Property Requirements

As the onsite representative for the Mortgagee, the Appraiser provides preliminary verification that a Property meets the Property Acceptability Criteria, which include HUD's MPR or MPS.

When examination of a Property reveals noncompliance with the Property Acceptability Criteria, the Appraiser must note all repairs necessary to make the Property comply with HUD's Property Acceptability Criteria, together with the estimated cost to cure.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

2. Origination/Processing

iv. Legal Restrictions on Conveyance (Free Assumability)

The Mortgagee must determine that any legal restrictions on conveyance conform with the requirements in [24 CFR § 206.45\(e\)](#).

In accordance with [24 CFR § 203.41\(d\)\(1\)\(ii\)](#), FHA considers a reasonable share of appreciation to be at least 50 percent. HUD does not object to affordable housing programs whereby the homeowner's share of appreciation is on a sliding scale beginning at zero, provided that within two years the homeowner would be permitted to retain 50 percent of the appreciation. If the program sets a maximum sales price restriction, the Borrower must be permitted to retain 100 percent of the appreciation.

A Property that contains leased equipment, or operates with a leased energy system or Power Purchase Agreement (PPA), may be eligible for FHA-insured financing but only when such agreements are free of restrictions that prevent the Borrower from freely transferring the Property.

Such agreements are acceptable, provided they do not cause a conveyance (ownership transfer) of the insured Property by the Borrower to:

- be void, or voidable by a third party;
- be the basis of contractual liability of the Borrower (including rights of first refusal, preemptive rights or options related to a Borrower's efforts to convey);
- terminate or be subject to termination all or part of the interest held by the Borrower;
- be subject to the consent of a third party;
- be subject to limits on the amount of sales proceeds a Borrower can retain (e.g., due to a lien, "due on sale" clause, etc.);
- be grounds for accelerating the insured HECM; or
- be grounds for increasing the interest rate of the insured HECM.

Any restrictions resulting from provisions of the lease or PPA do not conflict with FHA regulations unless they include provisions encumbering the Real Property or restricting the transfer of the Real Property.

Legal restrictions on conveyance of Real Property (i.e., the house) that could require the consent of a third party (e.g., energy provider, system owner, etc.), include but are not limited to, credit approval of a new purchaser before the seller can convey the Real Property, unless such provisions may be terminated at the option of, and with no cost to, the owner.

If an agreement for an energy system lease or PPA could cause restriction upon transfer of the house, the Property is subject to impermissible legal restrictions and is generally ineligible for FHA insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

3. Allowable Mortgage Parameters

3. Allowable Mortgage Parameters

The Mortgagee must determine the Borrower's creditworthiness, financial capacity, and available capital to support the HECM. The Mortgagee must also examine the Property to ensure it provides sufficient collateral for the HECM.

For each HECM the FHA insures, the Mortgagee must fully comply with the following underwriting procedures.

a. Maximum Mortgage Amounts (04/29/2024)

A maximum mortgage amount is not required to be stated in the Mortgage. However, where state law requires the Mortgage to reflect a maximum mortgage amount, the Mortgagee must use an amount that is at least equal to 150 percent of the Maximum Claim Amount (MCA).

The Mortgagee may not disburse payments which will cause the outstanding loan balance to exceed the maximum mortgage amount stated in the Mortgage after the payment is disbursed. If the outstanding mortgage balance reaches the maximum mortgage amount, payments to the Borrower would cease. Payments may be reinstated only in the event the Borrower executes a modification to the Mortgage.

For each HECM FHA insures, the Mortgagee must fully comply with the following requirements.

i. National Housing Act's Statutory Limits

The National Housing Act establishes the [national mortgage limit](#) for HECMs.

ii. Nationwide Mortgage Limits

The [national mortgage limit](#) for HECMs is governed by the maximum claim amount limitation in sections 255(g) and 255(m) of the National Housing Act, which contains cross-references to section 305(a)(2) of the Federal Home Loan Mortgage Corporation Act. FHA publishes updated limits effective for each calendar year.

b. Maximum Claim Amount (04/29/2024)

i. Definition

The Maximum Claim Amount (MCA) is the lesser of the:

- appraised value as determined by the [Collateral Risk Assessment](#);
- national mortgage limit; or
- sales contract price (applicable only to HECM for Purchase).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

3. Allowable Mortgage Parameters

ii. Standard

The Mortgagee must determine the MCA at origination. When the collateral risk assessment determines that a second appraisal is required, the Mortgagee must use the lower of the two appraised values. The IMIP must not be taken into account in the calculation of the MCA. Closing costs must not be taken into account in determining appraised value.

c. Interest Rate Options (04/29/2024)

i. Definitions

Fixed Rate refers to an interest rate that is fixed over the life of the HECM.

Annually Adjustable Interest Rate refers to an interest rate that adjusts annually with a 2 percent annual cap and a 5 percent lifetime cap.

Monthly Adjustable Interest Rate refers to an interest rate that adjusts monthly. The maximum lifetime Note rate may not be more than ten percent higher than the initial Note rate.

ii. Standard

The Mortgagee and Borrower must agree upon the interest rate. The Mortgagee may offer a fixed rate HECM and/or an adjustable rate HECM.

The Mortgagee may only offer a monthly adjustable rate when the Mortgagee also offers an annually adjustable rate HECM.

Periodic adjustments in the Note rate must correspond to the upward and downward change in the index, except that downward changes in the current index will not result in an index figure that is less than zero.

The Mortgagee must provide the Borrower with a written explanation of any adjustable rate features of a HECM. The explanation must include the following items:

- circumstances under which the rate may increase;
- any limitations on the increase and the effect of an increase; and
- Truth in Lending Act (TILA) pre-loan disclosures.

d. Principal Limit (04/29/2024)

i. Definitions

Principal Limit refers to the maximum amount of proceeds that a Borrower may receive from the HECM before any Disbursements are made, taking into account the age of the youngest Borrower or Eligible NBS, the Expected Rate, and the MCA.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

3. Allowable Mortgage Parameters

Principal Limit Factor refers to a multiplier supplied by FHA used to calculate the initial Principal Limit and is available on the [HUD website](#).

Expected Average Mortgage Interest Rate (Expected Rate) refers to the interest rate used to calculate the Principal Limit at closing.

Mortgagee's Margin refers to the amount that is determined by the Mortgagee and is added to the index value to compute the Expected Rate and is the same margin used to determine the initial mortgage interest rate (Note rate) and the periodic adjustments to the Note rate.

Index Type refers to the interest rate index used to calculate the Expected Rate.

ii. Standard

The Mortgagee is responsible for calculating the Principal Limit to determine the amount of HECM proceeds that will be available to the Borrower. The Principal Limit is calculated by multiplying the MCA by the Principal Limit Factor.

The Principal Limit for a fixed rate HECM will increase each month by one-twelfth of the sum of the Note interest rate, plus the annual mortgage insurance rate, but no further HECM proceeds may be made available to the Borrower to draw against after the Borrower's Advance.

The Principal Limit for an adjustable rate HECM will increase each month by one-twelfth of the sum of the Note interest rate, plus the annual mortgage insurance rate.

The Mortgagee must ensure the Borrower is given an analysis of the cost of a HECM versus the benefits of the HECM in order to make an informed decision pertaining to whether a HECM would meet their individual needs.

iii. Principal Limit Factor

The Mortgagee must determine the appropriate Principal Limit Factor based on the age of the youngest Borrower or Eligible NBS and the Expected Rate.

The Mortgagee must use the Principal Limit Factor based on the age of the youngest Borrower or Eligible NBS, rounded up to the nearest whole year if the next birthday is less than 183 Days after closing.

The Mortgagee must also calculate the Principal Limit using the Principal Limit Factor based on the age of the youngest Ineligible NBS solely for the purpose of disclosing the amount of Principal Limit that would have been available under the HECM if they were an Eligible NBS.

The Mortgagee must advise prospective Borrowers and NBSs to discuss with the HECM counselor whether Principal Limit Factors below 20 percent may improve their financial

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

3. Allowable Mortgage Parameters

situation, or meet any special needs, and that, given the costs of obtaining the HECM, they should give significant consideration to its potential benefits.

The Mortgagee must use the [*HECM Principal Limit Factor Tables*](#).

iv. Expected Rate

For fixed rate HECMs, the Expected Rate is the same as the Note rate and is set simultaneously with the Note rate. See [Establishing the Note Rate](#) for additional guidance.

For adjustable rate HECMs, the Expected Rate is the sum of the mortgagee's margin plus the weekly average yield for U.S. Treasury securities adjusted to a constant maturity of 10 years (10-year CMT index) and published in the [Federal Reserve Board Statistical Release H.15](#).

v. Expected Rate and Mortgagee's Margin Lock In

(A) Optional Expected Rate Lock-In Agreement

Mortgagees, with the agreement of the Borrower, may simultaneously lock in the Expected Rate and the mortgagee's margin, if applicable, at any time between initial application and the date of closing. The lock-in period starts on the day that the FHA case number is assigned for a period of up to 120 Days.

When the Expected Rate and mortgagee's margin are not simultaneously locked in, the Expected Rate and mortgagee's margin will be set at closing.

If the Expected Rate lock-in agreement includes a float down option, the [Principal Limit](#) may be recalculated at closing if the Expected Rate in effect on the date of closing is now lower than the stated Expected Rate in the lock-in agreement.

Mortgagees are not permitted to charge a fee for the lock-in rate or the float down option.

(B) Expected Rate Lock-In Extension

If the initial Expected Rate lock-in agreement has expired, the Mortgagee may extend the previous lock-in period up to an additional 120 Days, with the agreement of the Borrower.

If the initial Expected Rate lock-in agreement has expired and the Mortgagee has not extended the previous lock-in period, the Expected Rate and mortgagee's margin will be set at closing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

3. Allowable Mortgage Parameters

(C) Case Number Transfer and Expected Rate Lock-In

When a case number is transferred to a new Mortgagee, the Expected Rate and mortgagee's margin, if applicable, may be locked in by the new Mortgagee with the agreement of the Borrower for a period of up to 120 Days.

e. Payment Plan (04/29/2024)

i. Definition

Payment Plan Option refers to the manner that HECM proceeds are disbursed to the Borrower.

ii. Standard

The Borrower may choose from among six different payment plans on how HECM proceeds are to be disbursed. The Mortgagee is prohibited from requiring, as a condition of the HECM, that any payments or draws exceed a minimum amount.

For adjustable rate HECMs, the Borrower may change payment plans to one of the other available payment options at any time, provided funds are available.

(A) Single Lump Sum Payment Option

The single lump sum payment option is only available for fixed rate HECMs. The Borrower is limited to a single Disbursement at closing with no opportunity for future Disbursements to or on behalf of the Borrower, except as allowed from a Set-Aside established at closing.

(B) Tenure Payment Option

The tenure payment option is available for adjustable rate HECMs. The Borrower receives fixed monthly payments so long as the HECM is not prepaid in full or becomes Due and Payable, or the payments do not exceed any maximum mortgage amount stated in the security instrument or would otherwise exceed the amount secured by the first HECM lien.

(C) Term Payment Option

The term payment option is available for adjustable rate HECMs. The Borrower receives equal monthly payments for a term of months selected by the Borrower.

(D) Line of Credit Payment Option

The line of credit payment option is available for adjustable rate HECMs. The Borrower receives unscheduled payments at times and in amounts of the Borrower's choosing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

3. Allowable Mortgage Parameters

(E) Modified Tenure Payment Option

The modified tenure payment option is available for adjustable rate HECMs. The Borrower must set aside a portion of the Principal Limit as a line of credit from which to draw at times and in amounts of their choosing, and receives the rest in equal monthly payments.

(F) Modified Term Payment Option

The modified term payment option is available for adjustable rate HECMs. The Borrower must set aside a portion of the Principal Limit as a line of credit from which to draw at times and in amounts of their choosing, and receives the rest in equal monthly payments for a term of months selected by the Borrower.

f. HECM Calculator Software (04/29/2024)

i. Definition

[HECM Calculator Software](#) refers to FHA's technology software that is used to calculate the Principal Limit and for comparison analysis of different payment options.

ii. Standard

Mortgagees and HECM counselors must use computer printouts generated by FHA's [HECM Calculator Software](#), or similar software that generates the same information, for calculating the Principal Limit and providing the Borrower with a comparison of various payment plan options.

g. Disbursement Limits (04/29/2024)

i. Definitions

First 12-Month Disbursement Period refers to the period beginning on the day of closing and ending on the day before the anniversary date of closing. When the day before the anniversary date of closing falls on a federally observed holiday, Saturday, or Sunday, the end period will be on the next business day.

Initial Disbursement Limit refers to the maximum amount of funds that can be advanced to the Borrower of an adjustable rate HECM at closing and during the First 12-Month Disbursement Period.

Borrower's Advance refers to the funds advanced to the Borrower at the closing of a fixed rate HECM.

Net Principal Limit (NPL) refers to the amount of HECM funds available to, or to be paid on behalf of, the Borrower after deducting all fees and charges that are required as a condition of the Mortgage and prior disbursements from the Principal Limit.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

3. Allowable Mortgage Parameters

Mandatory Obligations refer to fees and/or charges incurred in connection with the origination of the HECM that are requirements for loan approval and which will be paid at closing or during the First 12-Month Disbursement Period.

ii. Standard

The Mortgagee must determine the Borrower's Initial Disbursement Limit or Borrower's Advance at closing.

The Initial Disbursement Limit, Borrower's Advance, or the amount disbursed to the Borrower at any point in time may not exceed the Principal Limit.

The following items must be included in the Initial Disbursement Limit and Borrower's Advance.

Adjustable rate HECMs must include:

- the amount of Mandatory Obligations;
- the amount disbursed to the Borrower at closing; and
- the amount of the available Initial Disbursement Limit not taken by the Borrower at closing.

Fixed rate HECMs must include:

- the amount of Mandatory Obligations; and
- the amount disbursed to the Borrower at closing.

(A) Initial Disbursement Limit Calculation

The Initial Disbursement Limit during the First 12-Month Disbursement Period is the lesser of (1) or (2) below:

1. the greater of:
 - 60 percent of the Principal Limit; or
 - the sum of Mandatory Obligations plus [10 percent](#) of the Principal Limit, if applicable; or
2. the Principal Limit less the sum of the funds in the Life Expectancy Set-Aside (LESA) for payment beyond the First 12-Month Disbursement Period and the [Servicing Fee Set-Aside](#).

The Borrower must notify the Mortgagee of the amount of the additional percentage of the Principal Limit beyond Mandatory Obligations that will be drawn or the amount that will remain available to be drawn during the First 12-Month Disbursement Period. The Borrower may not increase or decrease this election after closing.

(B) Borrower's Advance Calculation

The Mortgagee must determine the Borrower's Advance at closing. The Borrower's Advance must not exceed the lesser of (1) or (2) below:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

3. Allowable Mortgage Parameters

1. the greater of:
 - 60 percent of the Principal Limit; or
 - the sum of Mandatory Obligations plus [10 percent](#) of the Principal Limit, if applicable; or
2. the Principal Limit less the sum of the funds in the LESA for payment beyond the First 12-Month Disbursement Period and the [Servicing Fee Set-Aside](#).

The Borrower must notify the Mortgagee of the amount of the additional percentage of the Principal Limit beyond Mandatory Obligations that will be drawn.

iii. Eligibility for an Additional 10 Percent of the Principal Limit

The Borrower is eligible for up to an additional 10 percent of the Principal Limit when Mandatory Obligations exceed 50 percent of the Principal Limit. The Borrower must notify the Mortgagee of the amount of the additional 10 percent of the Principal Limit that they intend to draw at the time of closing or during the First 12-Month Disbursement Period.

iv. Net Principal Limit Calculation

The Mortgagee must determine the NPL by subtracting from the Principal Limit any initial payments to or on behalf of the Borrower, such as the IMIP, closing costs, or cash payment to the Borrower, and if applicable, any funds set aside from the Principal Limit for monthly servicing fees, repairs to be completed after closing, a LESA, or first-year Property Charges.

h. Maximum Mortgage Term (04/29/2024)

The HECM does not have a fixed maturity date.

i. Mortgage Insurance Premiums (04/29/2024)

FHA collects a one-time IMIP and an annual insurance premium, also referred to as the monthly Mortgage Insurance Premium (MIP), which is collected in monthly installments.

i. Initial Mortgage Insurance Premium

(A) Definition

Late Charges refer to charges assessed if the IMIP payment is received more than twenty Days after the Closing Date.

(B) Standard

The IMIP is the responsibility of the Borrower and must be financed or paid in cash by the Borrower. Any amount not paid in cash must be financed. Any IMIP amount paid in cash is added to the total cash requirements due at closing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

Mortgagees may pay a portion or the full amount of IMIP on behalf of the Borrower.

(1) Initial Mortgage Insurance Premium Payment Due Date

The Mortgagee must remit the IMIP within 15 Days of the Closing Date and as a condition of endorsement. See [IMIP Late Charge and Interest](#) for additional information.

(2) Initial Mortgage Insurance Premium Amount

FHA charges an IMIP of 2 percent of the MCA.

The IMIP must be financed or paid in cash by the Borrower or Mortgagee. The Borrower and/or Mortgagee may pay a portion or the full amount of the IMIP. Any amount not paid in cash must be financed. Any IMIP amounts paid in cash are added to the total cash requirements due at closing.

See the [Initial Mortgage Insurance Premium Amount](#) section in the HECM for Purchase product sheet.

ii. Annual Mortgage Insurance Premium

The annual MIP is payable monthly. FHA charges an annual MIP of 0.50 percent on the outstanding mortgage balance. The amount of the annual MIP will begin to accrue on the outstanding mortgage balance from the Closing Date.

4. Underwriting the Property

The Mortgagee must underwrite the completed appraisal report to determine if the Property provides sufficient collateral for the FHA-insured HECM. The appraisal and Property must comply with the requirements in the [Appraiser and Property Requirements for Title II Forward and Reverse Mortgages](#). The appraisal must be reported in accordance with the [Acceptable Reporting Forms and Protocols](#).

a. Property Acceptability Criteria (04/10/2025)

i. Definitions

HECM Property refers to a Property that is either Existing Construction or New Construction which will serve as collateral for the HECM.

[Minimum Property Requirements \(MPR\)](#) refer to general requirements that all homes insured by FHA be safe, sound, and secure.

Minimum Property Standards (MPS) refer to regulatory requirements relating to the safety, soundness, and security of New Construction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

Combination Inspector (CI) or Residential Combination Inspector (RCI) refers to an inspector that has met certification requirements as determined by the International Code Council (ICC).

Shared Well refers to a well that services two to four homes where there is a binding Shared Well Agreement between the property owners that meets FHA requirements.

ii. Standard

The Mortgagee must evaluate the appraisal and any supporting documentation to determine if the Property complies with HUD's Property Acceptability Criteria. HECM Properties must comply with [Application of Minimum Property Requirements and Minimum Property Standards by Construction Status](#). See [HECM for Purchase](#) product sheet for additional Property Acceptability Requirements.

(A) Defective Conditions

The Mortgagee must evaluate the appraisal in accordance with the requirements for [defective conditions](#). When defective conditions exist and correction is not feasible, the Mortgagee must reject the Property. The Mortgagee may only approve a Property after the Mortgagee confirms that all defects reported by the Appraiser have been corrected or a Repair Set-Aside is established in accordance with HECM [Repair Set-Aside Requirements](#).

(B) Minimum Property Requirements and Minimum Property Standards

As the onsite representative for the Mortgagee, the Appraiser provides preliminary verification that a Property meets the Property Acceptability Criteria, which includes HUD's [MPR and MPS](#).

When the Appraiser's observation of a Property reveals noncompliance with the Property Acceptability Criteria, the Appraiser must note all repairs necessary to make the Property comply with HUD's Property Acceptability Criteria, together with the estimated cost to cure. If the Appraiser cannot determine that a Property meets HUD's MPR or MPS, the Mortgagee may obtain an inspection from a qualified entity to make the determination. Mortgagees must use professional judgment in determining when inspections are necessary to determine that a Property meets MPR or MPS. Mortgagees must also use professional judgment in determining when a property condition poses a threat to the health and safety of the occupant and/or jeopardizes the soundness and structural integrity of the Property, such that additional inspections and/or repairs are necessary.

The Mortgagee must confirm that the Property complies with the following eligibility criteria.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

(1) Encroachment

The Mortgagee must ensure the subject's dwelling, garage, or other improvements do not encroach onto an adjacent Property, right-of-way, utility Easement, or building restriction line. The Mortgagee must also ensure a neighboring dwelling, garage, or other improvements do not encroach onto the subject Property. Encroachment by the subject or adjacent Property fences is acceptable provided such Encroachment does not affect the marketability of the subject Property.

(2) Overhead Electric Power

The Mortgagee must confirm that any Overhead Electric Power Transmission Lines do not pass directly over any dwelling, Structure, or related property improvement, including pools. The power line must be relocated for a Property to be eligible for an FHA-insured HECM.

The residential service drop line may not pass directly over any pool, spa, or water feature.

If the dwelling or related property improvements are located within the Easement area, the Mortgagee must obtain a certification from the appropriate utility company or local regulatory agency stating that the relationship between the improvements and Local Distribution Lines conforms to local standards and is safe.

(3) Access to Property

The Mortgagee must confirm that the Property is provided with a safe pedestrian access and Adequate Vehicular Access from a public or private street. Streets must either be dedicated to public use and maintenance or retained as private streets protected by permanent recorded Easements.

Private streets, including shared driveways, must be protected by permanent recorded Easements, ownership interest, or be owned and maintained by an HOA. Private streets and shared driveways do not require a joint maintenance agreement.

(4) Onsite Hazards and Nuisances

The Mortgagee must require corrective work to mitigate potential adverse effects from any onsite hazards or nuisances reported by the Appraiser.

(5) Abandoned Gas and Oil Well

If the Property contains any abandoned gas or oil wells, the Mortgagee must obtain a letter from the local jurisdiction or appropriate state agency stating that the subject well was permanently abandoned in a safe manner.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

If the Property contains any abandoned petroleum product wells, the Mortgagee must ensure that a qualified petroleum engineer has inspected the Property and assessed the risk, and the appropriate state authorities have concurred on clearance recommendations.

(6) Minimum Requirements for Living Unit

The Mortgagee must confirm that each living unit contains:

- a continuing and sufficient supply of safe and potable water under adequate pressure and of appropriate quality for all household uses;
- sanitary facilities and a safe method of sewage disposal. Every living unit must have at least one bathroom, which must include, at a minimum, a water closet, lavatory, and a bathtub or shower;
- space adequate for healthful and comfortable living conditions;
- heating adequate for healthful and comfortable living conditions;
- domestic hot water;
- electricity adequate for lighting and mechanical equipment used in the living unit; and
- kitchen facilities adequate for the preparation and cooking of food. Every living unit must have at least one area with kitchen facilities, which must include, at a minimum, a sink with potable running water and a stove utility hookup.

The Mortgagee must ensure that [Appliances](#) that are to remain and that contribute to the market value opinion are operational.

FHA does not have a minimum size requirement for one- to four-family dwellings and Condominium Units. For Manufactured Housing requirements, see the [Manufactured Housing](#) section.

(7) Swimming Pools

The Mortgagee must confirm that any swimming pools comply with all local ordinances.

(8) Structural Conditions

The Mortgagee must confirm that the Structure of the Property will be serviceable for the life of the HECM.

The Mortgagee must confirm that all foundations will be serviceable for the life of the HECM and adequate to withstand all normal loads imposed.

(9) Environmental

The Mortgagee must confirm that the Property is free of all known environmental and safety hazards and adverse conditions that may affect the health and safety of

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

the occupants, the Property's ability to serve as collateral, and the structural soundness of the improvements.

(10) Lead-Based Paint

For properties built before 1978 with lead-based paint hazards, the Mortgagee must confirm whether any child under six years of age resides or is expected to reside in the home and comply with the following:

- If a child under six years of age resides or is expected to reside in the home, the Mortgagee must confirm that the Property is free of lead-based paint hazards in accordance with the requirements of the Lead-Based Paint Poisoning Prevention Act (LPPPA).
- If no children under six years of age resides or is expected to reside in the home, the Mortgagee must obtain certification from the Borrower that no child under six years of age resides, or is expected to reside, in the home. In accordance with the requirements of the LPPPA, the mitigation of defective lead-based paint surfaces will not be required. The Mortgagee must notify the Appraiser of the LPPPA exemption, provide a copy of the Borrower certification, and ensure the appraisal reflects the "As-Is" value of the subject Property's defective lead-based paint surfaces.

(11) Defective Exterior Paint Surfaces

The Mortgagee must confirm that the exterior of the Property is free from any defective paint that exposes the dwelling subsurface to the elements (e.g., cracking, chipping, peeling, flaking, scaling paint, etc.).

(12) Methamphetamine Contamination

If the Mortgagee or the Appraiser identifies a Property as contaminated by the presence of methamphetamine (meth), either by its manufacture or by consumption, the Property is ineligible due to this environmental hazard until the Property is certified safe for habitation.

(13) Repair Requirements

The Mortgagee must determine which repairs must be made for a HECM Property to be eligible for an FHA-insured HECM.

(14) Utility Services

If utilities are not located on Easements that have been permanently dedicated to the local government or appropriate public utility body, the Mortgagee must confirm that this information is recorded on the deed record.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

(15) Water Supply Systems

(a) Public Water Supply System

The Mortgagee must confirm that a connection is made to a public or Community Water System whenever feasible and available at a reasonable cost. If connection costs to the public or community system are not reasonable, the existing onsite systems are acceptable, provided they are functioning properly and meet the requirements of the local health department.

When a public water supply system is present, the water quality is considered to be safe and potable and to meet the requirements of the health authority with jurisdiction unless:

- the Appraiser indicates deficiencies with the water or notifies the Mortgagee that the water is unsafe; or
- the health authority with jurisdiction issues a public notice indicating that the water is unsafe.

(b) Individual Water Supply Systems (Wells)

When an Individual Water Supply System is present, the Mortgagee must ensure that the water quality meets the requirements of the health authority with jurisdiction.

If there are no local (or state) water quality standards, then water quality must meet the standards set by the Environmental Protection Agency (EPA), as presented in the National Primary Drinking Water regulations in [40 CFR §§ 141–142](#).

If the subject Property has a water source that includes a mechanical chlorinator or is served by springs, lakes, rivers, sand-point wells, or artesian wells, the Property is not eligible for FHA mortgage insurance.

(i) Requirements for Well Water Testing

A well water test is required for, but not limited to, Properties:

- that are newly constructed;
- where an Appraiser has reported deficiencies with a well or the well water;
- where water is reported to be unsafe or known to be unsafe; or
- located in close proximity to dumps, landfills, industrial sites, farms (pesticides), or other sites that could contain hazardous wastes.

All testing must be performed by a disinterested third party. This includes the collection and transport of the water sample collected at the water

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

supply source. The sample must be collected and tested by the local health authority, a commercial testing laboratory, a licensed sanitary engineer, or other party that is acceptable to the local health authority. At no time will the Borrower/owner, or other Interested Party collect and/or transport the sample.

Requirements for the location of wells for FHA-insured Properties are located in [24 CFR § 200.926d\(f\)\(3\)](#).

The following tables provide the minimum distance required between wells and sources of pollution for an Existing Construction:

Individual Water Supply System for Minimum Property Requirements for Existing Construction*	
1	Property line/10 feet
2	Septic tank/50 feet
3	Drain field/100 feet
4	Septic tank drain field reduced to 75 feet if allowed by local authority
5	If the subject Property line is adjacent to a residential Property, then local well distance requirements prevail. If the subject Property is adjacent to a nonresidential Property or roadway, there needs to be a separation distance of at least 10 feet from the property line.
* distance requirements of local authority prevail if greater than stated above	

The following provides the minimum requirements for water wells:

Water Wells Minimum Property Standards for New Construction 24 CFR § 200.926d(f)(1)	
1	Lead-free piping
2	If no local chemical and bacteriological water standards, state standards apply
3	Connection of public water whenever feasible
4	Wells must deliver a continuous water flow of five gallons per minute over at least a four-hour period

Water Wells Minimum Property Requirements for Existing Construction	
1	Existing wells must deliver a continuous water flow at a minimum of three to five gallons per minute
2	No exposure to environmental contamination
3	Continuing supply of safe and potable water
4	Domestic hot water
5	Water quality must meet requirements of local jurisdiction or the EPA if no local standard

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

(ii) Required Documentation

The Mortgagee must obtain a valid water test from the local health authority or a lab qualified to conduct water testing in the jurisdictional state or local authority. When a well test is required, the report may not be more than 180 Days old from the Disbursement Date.

(c) Shared Wells

The Mortgagee must confirm that a Shared Well:

- serves Properties that cannot feasibly be connected to an acceptable public or Community Water Supply System;
- is capable of providing a continuous supply of water to involved Dwelling Units so that each Existing Construction Property simultaneously will be assured of at least three gallons per minute (five gallons per minute for Proposed Construction) over a continuous four-hour period. (The well itself may have a lesser yield if pressurized storage is provided in an amount that will make 720 gallons of water available to each connected existing dwelling during a continuous four-hour period or 1,200 gallons of water available to each proposed dwelling during a continuous four-hour period. The shared well system yield must be demonstrated by a certified pumping test or other means acceptable to all agreeing parties.);
- provides safe and potable water. An inspection is required under the same circumstances as an individual well. This may be evidenced by a letter from the health authority having jurisdiction or, in the absence of local health department standards, by a certified water quality analysis demonstrating that the well water complies with the EPA's National Interim Primary Drinking Water Regulations;
- has a valve on each dwelling service line as it leaves the well so that water may be shut off to each served dwelling without interrupting service to the other Properties; and
- serves no more than four living units or Properties.

(i) Requirements for Well Water Testing

A well water test is required for, but not limited to, Properties:

- that are newly constructed;
- where an Appraiser has reported deficiencies with a well or the well water;
- where water is reported to be unsafe or known to be unsafe; or
- located in close proximity to dumps, landfills, industrial sites, farms (pesticides) or other sites that could contain hazardous wastes.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

All testing must be performed by a disinterested third party. This includes the collection and transport of the water sample collected at the water supply source. The sample must be collected and tested by the local health authority, a commercial testing laboratory, a licensed sanitary engineer, or other party that is acceptable to the local health authority. At no time will the Borrower/owner or other Interested Party collect and/or transport the sample.

For both New and Existing Construction, the Mortgagee must ensure that the shared well agreement complies with the guidance provided in the following table.

Item	Provisions that must be reflected in any acceptable shared well agreement include the following:
1	Require that the agreement is binding upon signatory parties and their successors in title, recorded in local deed records when executed and recorded, and reflects joinder by any Mortgagee holding a Mortgage on any Property connected to the Shared Well.
2	Permit well water sampling and testing by the local authority at the request of any party at any time.
3	Require that corrective measures be implemented if testing reveals a significant water quality deficiency, but only with the consent of a majority of all parties.
4	Ensure continuity of water service to “supplied” parties if the “supplying” party has no further need for the Shared Well system. (“Supplied” parties normally should assume all costs for their continuing water supply.)
5	Prohibit well water usage by any party for other than bona fide domestic purposes.
6	Prohibit connection of any additional living unit to the Shared Well system without: • the consent of all parties; • the appropriate amendment of the agreement; and • compliance with item 3.
7	Prohibit any party from locating or relocating any element of an individual sewage disposal system within 75 feet (100 feet for Proposed Construction) of the Shared Well.
8	Establish Easements for all elements of the system, ensuring access and necessary working space for system operation, maintenance, improvement, inspection, and testing.
9	Specify that no party may install landscaping or improvements that will impair use of the Easements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

Item	Provisions that must be reflected in any acceptable shared well agreement include the following:
10	Specify that any removal and replacement of preexisting site improvements, necessary for system operation, maintenance, replacement, improvement, inspection, or testing, will be at the cost of their owner, except for costs to remove and replace common boundary fencing or walls, which must be shared equally between or among parties.
11	Establish the right of any party to act to correct an emergency in the absence of the other parties onsite. An emergency must be defined as failure of any shared portion of the system to deliver water upon demand.
12	Permit an agreement amendment to ensure equitable readjustment of shared costs when there may be significant changes in well pump energy rates or the occupancy or use of an involved Property.
13	Require the consent of a majority of all parties upon cost sharing, except in emergencies, before actions are taken for system maintenance, replacement, or improvement.
14	Require that any necessary replacement or improvement of a system element(s) will at least restore original system performance.
15	Specify required cost sharing for: • the energy supply for the well pump; • system maintenance, including repairs, testing, inspection, and disinfection; • system component replacement due to wear, obsolescence, incrustation, or corrosion; and • system improvement to increase the service life of a material or component to restore well yield or to provide necessary system protection.
16	Specify that no party is responsible for unilaterally incurred shared well debts of another party, except for correction of emergency situations. Emergency correction costs must be equally shared.
17	Require that each party be responsible for: • prompt repair of any detected leak in this water service line or plumbing system; • repair costs to correct system damage caused by a resident or guest at their Property; and • necessary repair or replacement of the service line connecting the system to the dwelling.
18	Require equal sharing of repair costs for system damage caused by persons other than a resident or guest at a Property sharing the well.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

Item	Provisions that must be reflected in any acceptable shared well agreement include the following:
19	Ensure equal sharing of costs for abandoning all or part of the shared system so that contamination of ground water or other hazards will be avoided.
20	Ensure prompt collection from all parties and prompt payment of system operation, maintenance, replacement, or improvement costs.
21	Specify that the recorded agreement may not be amended during the term of a federally-insured or -guaranteed Mortgage on any Property served, except as provided in items 5 and 11 above.
22	Provide for binding arbitration of any dispute or impasse between parties with regard to the system or terms of agreement. Binding arbitration must be through the American Arbitration Association or a similar body and may be initiated at any time by any party to the agreement. Parties to the agreement must equally share arbitration costs.

(ii) Required Documentation

The Mortgagee must obtain a valid water test from the local health authority or a lab qualified to conduct water testing in the jurisdictional state or local authority. When a well test is required, the report may not be more than 180 Days old from the Disbursement Date.

(16) Individual Residential Water Purification Systems

(a) Definition

An Individual Residential Water Purification System refers to equipment, either point-of-entry or point-of-use, installed on Properties that otherwise do not have access to a continuous supply of safe and potable water.

(b) Standard

If a Property does not have access to a continuous supply of safe and potable water without the use of a water purification system, the Mortgagee must ensure that the Property has an individual residential water purification system as well as a service contract for the ongoing maintenance of the system, a plan approved by the local or state health authority.

(i) Approved Equipment for Individual Residential Water Purification Systems

Water purification equipment must be approved by a nationally recognized testing laboratory acceptable to the local or state health authority. The

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

Mortgagee must obtain a certification from a local or state health authority which certifies that:

- A point-of-entry or point-of-use water purification system is on the Property. If the system employs point-of-use equipment, the purification system must be employed on each water supply source (faucet) serving the Property. Where point-of-entry systems are used, separate water supply systems carrying untreated water for flushing toilets may be constructed.
- The system is sufficient to ensure an uninterrupted supply of safe and potable water adequate to meet household needs.
- The water supply, when treated by the equipment, meets the requirements of the local or state health authority, and has been determined to meet local or state quality standards for drinking water. If neither state nor local standards are applicable, then quality must be determined in accordance with standards set by the EPA pursuant to the Safe Drinking Water Act in [40 CFR Parts 141–142](#).
- A plan exists that provides for the monitoring, servicing, maintenance, and replacement of the water equipment, and the plan meets the service contract requirements.

(ii) Borrower Notice of Water Purification System

The Mortgagee must provide written notification to the Borrower that the Property has a hazardous water supply that requires treatment in order to remain safe and acceptable for human consumption. The notification to the Borrower must identify specific contaminants in the water supply serving the Property, and the related health hazard arising from the presence of those contaminants.

The Mortgagee must ensure that the Borrower has received a written estimate of the maintenance and replacement costs of the equipment necessary to ensure continuous safe drinking water.

(iii) Service Contract for Individual Residential Water Purification Systems

Before mortgage closing, the Mortgagee must ensure that the Borrower has entered into a service contract with an organization or individual specifically approved by the local or state health authority to carry out the provisions of the required plan for the servicing, maintenance, repair, and replacement of the water purification equipment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

***(iv)* Approved Plan for Individual Residential Water Purification Systems**

An approved plan is a contract entered into by the Borrower and Mortgagee and approved by the local or state health authority, and that sets out conditions as described below that must be met by the parties as a condition to insurance of the HECM by HUD.

The plan must set forth the respective responsibilities to be assumed by the Borrower and the Mortgagee, as well as the other entities who will implement the plan, such as the health authority and the service contractor. In particular:

- The plan must set out the responsibilities of the health authority for monitoring and enforcing the performance of the service contractor, including any successor contractor that the health authority may later have occasion to name. By its approval of the plan, the health authority documents its acceptance of these responsibilities, and the plan should so indicate.
- The plan must provide for the monitoring of the operation of the water purification equipment, as well as for servicing (including disinfecting) and repairing and replacing the system as frequently as necessary, taking into consideration the system's design, anticipated use, and the type and level of contaminants present. Installation, servicing, repair, and replacement of the water purification system must be performed by an individual or organization approved for this purpose by the local or state health authority and identified in the plan. The plan must refer to specific terms and conditions of the required service contract.
- Under the plan, responsibility for monitoring the performance of the service contractor and for ensuring that the water purification system is properly serviced, repaired, and replaced rests with the local or state health authority that approved the plan. The plan must confer on the health authority all powers necessary to effect compliance by the service contractor. The health authority's powers must include the authority to notify the Borrower of any noncompliance by the service contractor. The plan must provide that upon any notification of noncompliance received from the health authority, the Borrower may discharge the service contractor for cause and appoint a successor organization or individual as service contractor.
- The Mortgagee must ensure that any plan developed in accordance with this section must provide that an analysis of the water supply must be obtained from the local or state health authority no less frequently than annually, but more frequently if determined at any time to be necessary by the health authority or by the service contractor.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

The plan must provide that if the dwelling served by the water purification system is refinanced, or is sold or otherwise transferred with a HUD-insured Mortgage, the plan will:

- continue in full force and effect;
- impose an obligation on the Borrower to notify any subsequent purchaser or transferee of the necessity for the water purification system and for its proper maintenance; and
- require the Borrower to furnish the purchaser with a copy of the plan before any sales contract is signed.

(c) Required Documentation

***(i)* Borrower Notice of Water Purification System**

A copy of the notification statement (including cost estimates), dated before the date of the sales contract and signed by the prospective Borrower to acknowledge its receipt, must accompany the submission for insurance endorsement. If a sales contract is signed in advance of the disclosure required by this paragraph, an addendum must be executed after the information is provided to the prospective Borrower and after they have acknowledged receipt of the disclosure.

***(ii)* Borrower's Certification of Water Purification System**

At the time the application is signed, the Borrower must sign a [certification](#) acknowledging that the Property has a water purification system that must be maintained.

***(iii)* Approved Plan for Individual Residential Water Purification Systems**

The Mortgagee must ensure a copy of the approved plan is provided to HUD.

***(iv)* Service Contract for Individual Residential Water Purification Systems**

The Mortgagee must ensure a copy of the service contract signed by the Borrower is provided to HUD.

***(v)* Water Purification Equipment Rider for Individual Residential Water Purification Systems**

The Mortgagee must ensure a copy of the Water Purification Equipment Rider is provided to HUD.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

(17) Sewage System

The Mortgagee must confirm that a connection is made to a public or community sewage disposal system whenever feasible and available at a reasonable cost. If connection costs to the public or community system are not reasonable, the existing Onsite Sewage Disposal Systems are acceptable provided they are functioning properly and meet the requirements of the local health department.

When the Onsite Sewage Disposal System is not sufficient and an off-site system is available, the Mortgagee must confirm connection to an off-site sewage system. When the Onsite Sewage Disposal System is not sufficient and an off-site system is not available, the Mortgagee must reject the Property unless the Onsite Sewage Disposal System is repaired or replaced and complies with local health department standards.

(18) Termites

The Mortgagee must confirm that the Property is free of wood destroying insects and organisms. If the appraisal is made subject to inspection by a qualified pest control specialist, the Mortgagee must obtain such inspection and evidence of any required treatment to confirm the Property is free of wood destroying insects and organisms.

Soil poisoning is an unacceptable method for treating termites unless the Mortgagee obtains satisfactory assurance that the treatment will not endanger the quality of the water supply.

(19) Special Airport Hazards

If a Property is Existing Construction and is located within Runway Clear Zones (also known as Runway Protection Zones) at civil airports or within Clear Zones at military airfields, the Mortgagee must obtain a Borrower's acknowledgment of the hazard.

Properties located in Accident Potential Zone 1 (APZ 1) at military airfields may be eligible for FHA mortgage insurance provided that the Mortgagee determines that the Property complies with Department of Defense guidelines.

(C) Minimum Required Repairs

When the appraisal report or inspection from a qualified entity indicates that repairs are required to make the Property meet HUD's MPR, the Mortgagee must comply with [Repair Requirements](#). Where major property deficiencies threaten the health and safety of the homeowner and/or jeopardize the soundness and security of the Property, all repairs must be completed prior to closing.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

If repairs for the HECM Property can be completed after closing, the Mortgagee may establish a Set-Aside account in accordance with HECM [Repair Set-Aside Requirements](#).

(1) Estimate of Required Repairs

An estimate of the cost of required repairs must be provided by the Appraiser. If the Appraiser cannot determine that a Property meets HUD's MPR or MPS, an inspection by a qualified individual or entity may be required. For more information, see [Inspection by a Qualified Individual or Entity](#).

The Borrower may obtain the services of a general contractor to complete the repairs.

(2) Repair Set-Aside Requirements

(a) Definition

Repair Set-Aside refers to an amount withheld from the HECM proceeds to fund repairs required to bring the mortgaged Property into compliance with Minimum Property Standards (MPS).

(b) Standard

The Borrower must establish a Repair Set-Aside equal to 150 percent of the cost of the repairs, plus the repair administration fee, when the required repairs will be completed after closing. The Mortgagee may charge a repair administration fee for this agreement not to exceed the greater of \$50 or 1 ½ percent of the amount advanced for repairs. This fee is paid to the Mortgagee and is independent of the fees paid by the Borrower for compliance inspections.

HECM proceeds placed in a Repair Set-Aside must not be held in an escrow account.

The Borrower must complete the required repairs in a satisfactory manner, within the time frame specified in the [Repair Rider](#), but not to exceed 12 months from the date of closing.

The Borrower may have the repairs completed with the intention of paying the contractors with HECM proceeds, Borrower funds, or a combination of HECM proceeds and Borrower funds. However, any amounts owed must be paid at closing and all mechanic's liens removed at closing. Any amount owed must not exceed the Initial Disbursement Limit or Borrower's Advance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

4. Underwriting the Property

(3) Required Repairs Estimated to Cost No More Than 15 Percent of Maximum Claim Amount

The Borrower may complete the required repairs after closing when the estimated repairs cost no more than 15 percent of the MCA using a [Repair Set-Aside](#).

(4) Required Repairs Estimated to Exceed 15 Percent of the Maximum Claim Amount

The Borrower must complete the required repairs before closing when the estimated repair cost exceeds 15 percent of the MCA. The Mortgagee must include required repairs on form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, as a condition of closing.

(D) Leased Equipment

The Mortgagee must ensure that the Property Value does not include the value of any equipment, including an energy system, that is not fully owned by the Borrower. The Mortgagee must review the terms of the lease on any equipment to ensure they do not contain any unacceptable [Legal Restrictions on Conveyance \(Free Assumability\)](#).

(E) Appraisal Review ~~{Text was deleted in this section.}~~

The Mortgagee must review the appraisal and ensure that it is complete, accurate, and provides a credible analysis of the marketability and value of the Property.

When there are multiple appraisals, the underwriter must confirm the appraisal selected by the HECM collateral risk assessment is used to complete form [HUD-92800.5B](#).

(F) Quality of Appraisal

The Mortgagee must evaluate the appraisal and ensure it complies with the requirements in [Valuation and Reporting Protocols](#), and any additional appraisal requirements that are specific to the subject Property.

(G) Opinion of Market Value

The Mortgagee must ensure the Market Value of the Property is sufficient to adequately secure the FHA-insured HECM.

(H) Reconsideration of Value

The underwriter may request a reconsideration of value when the Appraiser did not consider information that was relevant on the effective date of the appraisal. The underwriter must provide the Appraiser with all relevant data that is necessary for a reconsideration of value.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

The Appraiser may charge an additional fee if the relevant data was not available on the effective date of the appraisal. If the unavailability of data is not the fault of the Borrower, the Borrower must not be held responsible for the additional costs. The effective date of the appraisal is the date the Appraiser inspected the Property.

b. Required Documentation for Underwriting the Property (08/19/2024)

If additional inspections, repairs, or certifications are noted by the appraisal or are required to demonstrate compliance with Property Acceptability Criteria, the Mortgagee must obtain evidence of completion of such inspections, repairs, or certifications, and include the repair cost estimate.

If the Appraiser is being utilized to provide evidence of completion of repair(s) or condition(s) noted in the original appraisal report, Fannie Mae Form 1004D/Freddie Mac Form 442, *Appraisal Update and/or Completion Report*, Certification of Completion must be used.

c. Form HUD-92800.5B, *Conditional Commitment Direct Endorsement Statement of Appraised Value* (08/19/2024)

Form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, provides the terms upon which the commitment/direct endorsement statement of appraised value is made and the specific conditions that must be met before HUD can endorse a *Firm Commitment* for mortgage insurance. The underwriter must complete form HUD-92800.5B as directed in the form instructions.

The Mortgagee must provide a copy of the completed form [HUD-92800.5B](#) to the Borrower.

5. Performing the Financial Assessment of the Borrower

a. Definition (04/29/2024)

Financial Assessment refers to the Mortgagee's evaluation, performed by an underwriter, of the Borrower's willingness and capacity to meet their financial obligations in a timely manner, comply with the mortgage requirements, and determine if the HECM will be a sustainable solution to the Borrower's financial circumstances.

b. Credit History Review Requirements (04/29/2024)

The Mortgagee must determine if the Borrower has demonstrated the willingness to timely meet their financial obligations by analyzing the Borrower's credit history. The Mortgagee must take into consideration that some Borrowers seek a HECM due to financial difficulties, which may be reflected on the Borrower's credit report. The Mortgagee must also consider to what extent the proceeds of the HECM could provide a solution to any such financial difficulties.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

Mortgagees must pay particular attention to situations where serious derogatory credit, such as foreclosures, bankruptcies, defaults, late Mortgage Payments, or late payments for [Property Charges](#), are on the Borrower's record. Where the Borrower has not demonstrated the willingness to meet their financial obligations and no Extenuating Circumstances can be documented, such circumstances must be viewed as especially significant events that call into question the ability of the Borrower to manage their financial obligations.

i. General Credit Requirements

(A) Borrower

(1) Standard

The Mortgagee must analyze the Borrower's credit history, liabilities, and debts to determine the willingness of the Borrower to meet their financial obligations. The Mortgagee must obtain either a Tri-Merged Credit Report (TRMCR) or a Residential Mortgage Credit Report (RMCR) from an independent consumer reporting agency.

(2) Required Documentation

The Mortgagee must obtain a credit report for each Borrower who will be obligated on the mortgage Note. The Mortgagee may obtain a joint report for individuals with joint accounts.

(B) Eligible Non-Borrowing Spouse and Other Non-Borrowing Household Member

(1) Standard

The Mortgagee must only obtain a credit report for an Eligible NBS or [Other Non-Borrowing Household Member](#) when their income will be used as a [Compensating Factor](#) or in reducing family size when determining if the Borrower meets the applicable standard for [Residual Income](#).

The credit report for an Other Non-Borrowing Household Member must indicate the Other Non-Borrowing Household Member's SSN, where an SSN exists, was matched with the SSA, or the Mortgagee must provide either separate documentation indicating that the SSN was matched with the SSA, or a statement that the Other Non-Borrowing Household Member does not have an SSN. Where an SSN does not exist for an Other Non-Borrowing Household Member, the credit report must contain, at a minimum, the Other Non-Borrowing Household Member's full name, date of birth, and previous addresses for the last two years.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Required Documentation

The Mortgagee must obtain a credit report for an Eligible NBS or Other Non-Borrowing Household Member, if applicable.

ii. Credit History

If a traditional credit report is available, the Mortgagee must use a traditional credit report.

If a traditional credit report is not available, and the Borrower is applying for a Traditional or Refinance HECM, the Mortgagee is not required to develop the Borrower's credit history using the requirements for [non-traditional and insufficient credit](#). The Borrower may be deemed to have an acceptable credit history.

If the TRMCR or RMCR generates a credit score, the Mortgagee must utilize traditional credit history.

(A) Requirements for the Credit Report

Credit reports must obtain all information from at least two credit repositories pertaining to credit, residence history, and public records information; be in an easy to read and understandable format; and not require code translations. The credit report may not contain whiteouts, erasures, or alterations. The Mortgagee must retain copies of all credit reports.

The credit report must include:

- the name of the Mortgagee ordering the report;
- the name, address, and telephone number of the consumer reporting agency;
- the name and SSN of each Borrower; and
- the primary repository from which any particular information was pulled, for each account listed.

A truncated SSN is acceptable for FHA mortgage insurance purposes, provided that the mortgage application captures the full nine-digit SSN.

The credit report must also include:

- all inquiries made within the last 90 Days;
- all credit and legal information not considered obsolete under the Fair Credit Reporting Act (FCRA), including information for the last seven years, which consumer reporting agencies have reported as verified and currently accurate, regarding:
 - o bankruptcies;
 - o Judgments;
 - o lawsuits;
 - o foreclosures; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

- o tax liens; and
- for each Borrower debt listed:
 - o the date the account was opened;
 - o high credit amount;
 - o required monthly payment amount;
 - o unpaid balance; and
 - o payment history.

(B) Updated Credit Report or Supplement to the Credit Report

The Mortgagee must obtain an updated credit report or supplement if the underwriter identifies inconsistencies between any information in the HECM file and the original credit report.

(C) Credit Information Not Listed on Credit Report

A Mortgagee must develop credit information separately for any open debt listed on the HECM application but not referenced in the credit report by using the procedures below for [Independent Verification of Non-traditional Credit Providers](#).

(D) Specific Requirements for Residential Mortgage Credit Report

In addition to meeting the general credit report requirements, the RMCR must:

- provide a detailed account of the Borrower's employment history;
- verify each Borrower's current employment and income through an interview with the Borrower's employer or explain why such an interview was not completed;
- contain a statement attesting to the certification of employment for each Borrower and the date the information was verified; and
- report a credit history for each trade line within 90 Days of the credit report for each account with a balance.

(E) Independent Verification of Non-Traditional Credit Providers

The Mortgagee may independently verify the Borrower's credit references by documenting the existence of the credit provider and that the provider extended credit to the Borrower.

To verify the existence of each credit provider, the Mortgagee must review public records from the state, county, or city or other documents providing a similar level of objective information.

To verify credit information, the Mortgagee must:

- use a published address or telephone number for the credit provider and not rely solely on information provided by the applicant; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

- obtain the most recent 12 months of canceled checks, or equivalent proof of payment, demonstrating the timing of payment to the credit provider.

To verify the Borrower's rental payment history, the Mortgagee must obtain a rental reference from the appropriate rental management company, provided the Borrower is not renting from a Family Member, demonstrating the timing of payment of the most recent 12 months in lieu of 12 months of canceled checks or equivalent proof of payment.

iii. Evaluating Credit History

(A) General Credit

The underwriter must examine the Borrower's overall pattern of credit behavior, not just isolated unsatisfactory or slow payments, to determine the Borrower's ability to manage their financial obligations.

The Mortgagee does not need to consider the credit history of an Eligible NBS or [Other Non-Borrowing Household Member](#).

(B) Types of Payment Histories

The underwriter must evaluate the Borrower's payment histories in the following order: (1) previous housing expenses and related expenses, including utilities; (2) installment debts; and (3) Revolving Charge Accounts.

(1) Satisfactory Credit History

The underwriter may consider a Borrower to have an acceptable payment history if the Borrower has made all housing and installment debt payments on time for the previous 12 months and has no more than two 30-Day late Mortgage Payments or installment payments in the previous 24 months.

The underwriter may approve the Borrower with an acceptable payment history if the Borrower has no major derogatory credit on Revolving Charge Accounts in the previous 12 months.

Major derogatory credit on Revolving Charge Accounts must include any payments made more than 90 Days after the due date, or three or more payments made more than 60 Days after the due date.

(2) Credit Payment History Requiring Additional Analysis

If a Borrower's credit history does not reflect satisfactory credit as stated above, the Borrower's payment history requires additional analysis.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

The Mortgagee must analyze the Borrower's delinquent accounts to determine whether late payments were based on a disregard for financial obligations, an inability to manage debt, or [Extenuating Circumstances](#). The Mortgagee must document this analysis in the HECM file. Any explanation or documentation of delinquent accounts must be consistent with other information in the file.

Where the Borrower has not met the requirements for satisfactory credit above, and no [Extenuating Circumstances](#) can be documented, the Mortgagee must, at a minimum, require a [Fully Funded Life Expectancy Set-Aside](#).

Where a Fully Funded LESA is required, Mortgagees must still determine if the Borrower's credit history provides reasonable assurance that the Borrower can effectively manage financial obligations even when real estate taxes and insurance are paid directly by the Mortgagee through the LESA. See [Final HECM Decision](#) for additional information.

(3) Extenuating Circumstances

(a) Definition

Extenuating Circumstances refer to factors a Mortgagee may cite when the Borrower's credit and/or property charge payment history does not meet the criteria described in the [Satisfactory Credit History](#) and [Satisfactory Property Charge Payment History](#) sections.

(b) Standard

Mortgagees must consider any Extenuating Circumstances that led to the credit or property charge issues.

In order to be used to make a determination that credit and/or property charge payment history is acceptable, documentation of Extenuating Circumstances must demonstrate:

- the connection between the specific occurrence(s) and the measurable impact of the occurrence(s) on the Borrower's finances;
- that no other actions, directly or indirectly related to the financial problem, were taken by the Borrower that contributed to the derogatory incident(s);
- the likelihood that these circumstances will not recur. In assessing the likelihood that the circumstances will not recur, Mortgagees must consider the impact of the HECM on the Borrower's circumstances through the elimination of financial obligations and/or through an increase in Borrower income; and
- that the Borrower demonstrates financial liquidity through non-HECM assets, additional sources of income not considered in the financial

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

assessment, or other documented factors that enhance their ability to endure financial challenges.

Extenuating Circumstances may include, but are not limited to:

- loss of income due to the death or divorce of a spouse that directly resulted in late payment of obligations;
- loss of income due to the Borrower's or spouse's unemployment, reduced work hours or furloughs, or emergency medical treatment or hospitalization that directly resulted in late payments of obligations; or
- increase in financial obligations due to emergency medical treatment or hospitalization for the Borrower or spouse, emergency property repairs not covered by homeowners or Flood Insurance, divorce, or other causes that directly resulted in late payments of obligations.

Unemployment as an Extenuating Circumstance

If a Borrower cited loss of income due to unemployment as the cause of late payments or other derogatory information, the Mortgagee must document the actual reduction in income to determine the degree to which the Borrower's ability to meet their financial obligations was impacted.

The documentation must include the following:

- the Borrower's documented satisfactory credit and/or property charge payment history prior to being unemployed;
- the Borrower's documented income, including any unemployment compensation received, was insufficient to make timely payments on all outstanding accounts;
- the credit report indicates that the Borrower did not incur new debt, unrelated to the financial problem, that contributed to the Borrower's inability to meet all obligations in a timely manner; and
- the Borrower is employed again and/or has alternate sources of income.

(c) Required Documentation

The Mortgagee must provide the following documentation:

- the credit report, evidencing satisfactory credit prior to the period of unemployment;
- evidence of a satisfactory property charge payment history prior to the period of unemployment;
- income Tax Returns for the year prior to and during the period of unemployment, evidencing the total available income during the period of unemployment, including any unemployment compensation;
- verification the Borrower is receiving income from re-employment and/or has other replacement sources of income, which, when combined with other uninterrupted pre-existing income, are sufficient

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

to allow the Borrower to meet their financial obligations in a timely manner;

- supporting explanations from the Borrower; and
- any additional documentation upon which the Mortgagee relied to support the loss of income, its impact on the Borrower's credit history and subsequent financial recovery.

(C) Housing Obligations/Mortgage Payment History

(1) Definition

A Housing Obligation/Mortgage Payment/Loan Payment refers to the monthly payment due for rental or Properties owned. For the purposes of servicing the Mortgage, Mortgage Payment refers to the total monthly payment on the FHA-insured Mortgage.

(2) Standard

A Mortgage Payment is considered delinquent if not paid within the month due.

A Borrower who was granted a mortgage payment forbearance and continues to make payments as agreed under the terms of the original Note is not considered delinquent or late and shall be treated as if not in forbearance provided the Forbearance Plan is terminated at or prior to closing.

The Mortgagee must determine the Borrower's Housing Obligation/Mortgage Payment history for their Principal Residence through:

- the credit report;
- verification of rent received directly from the landlord (for landlords with no Identity of Interest with the Borrower);
- verification of Mortgage Payments received directly from the Servicer; or
- a review of canceled checks that cover the most recent 12-month period.

The Mortgagee must verify and document the previous 12 months of housing payment history for the 12 months prior to case number assignment. For Borrowers who indicate they are living rent-free, the Mortgagee must obtain verification from the property owner where they are residing that the Borrower has been living rent-free and the amount of time the Borrower has been living rent-free.

An existing or prior Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments.

A Mortgage that was subject to mortgage payment forbearance must utilize the Mortgage Payment history in accordance with the Forbearance Plan for the time period of the forbearance in determining late housing payments.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

Any Borrower who is granted a forbearance and is otherwise performing under the terms of the Forbearance Plan is not considered to be delinquent for purposes of analyzing credit history.

(3) Required Documentation

Where a Mortgage reflects payments under a modification or Forbearance Plan within the 12 months prior to case number assignment, the Mortgagee must obtain:

- a copy of the modification or Forbearance Plan; and
- evidence of the payment amount and date of payments during the forbearance term.

A Forbearance Plan is not required if the forbearance was due to the impacts of the COVID-19 National Emergency.

(D) Collection Accounts

(1) Definition

A Collection Account refers to a Borrower's loan or debt that has been submitted to a collection agency by a creditor.

(2) Standard

The Mortgagee must determine if collection accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- [Extenuating Circumstances](#).

(3) Required Documentation

The Mortgagee must document reasons for approving a HECM when the Borrower has any collection accounts.

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding collection account. The explanation and supporting documentation must be consistent with other credit information in the file.

(E) Charge Off Accounts

(1) Definition

Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Standard

The Mortgagee must determine if Charge Off Accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- [Extenuating Circumstances](#).

(3) Required Documentation

The Mortgagee must document reasons for approving a HECM when the Borrower has any Charge Off Accounts.

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding Charge Off Account. The explanation and supporting documentation must be consistent with other credit information in the file.

(F) Disputed Derogatory Credit Accounts

(1) Definition

Disputed Derogatory Credit Account refers to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

(2) Standard

The Mortgagee must analyze the documentation provided for consistency with other credit information to determine if the Disputed Derogatory Credit Account should be considered in the credit history review.

The following items may be excluded from consideration in the credit history review:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft, or unauthorized use.

(3) Required Documentation

If the credit report indicates that the Borrower is disputing derogatory credit accounts, the Borrower must provide a letter of explanation and documentation supporting the basis of the dispute.

If the disputed derogatory credit resulted from identity theft, credit card theft, or unauthorized use balances, the Mortgagee must obtain a copy of the police report or other documentation from the creditor to support the status of the accounts.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(G)Judgments

(1) Definition

Judgment refers to any debt or monetary liability of the Borrower created by a court or other adjudicating body.

(2) Standard

The Mortgagee must verify that court-ordered Judgments are paid off prior to or at closing.

Regardless of the amount of outstanding Judgments, the Mortgagee must determine if the Judgment was a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- [Extenuating Circumstances](#).

(3) Required Documentation

The Mortgagee must provide the following documentation:

- evidence of payment in full, if paid prior to settlement; or
- the payoff statement, if paid at settlement.

c. Property Charge Payment History Review Requirements (04/29/2024)

i. Definition

Property Charges refer to obligations of the Borrower that include:

- property taxes;
- Hazard Insurance premiums;
- applicable Flood Insurance premiums;
- Ground Rents;
- Condominium Fees;
- Planned Unit Development (PUD) fees;
- Homeowners' Association (HOA) Fees; and
- other special assessments that may be levied by municipalities or state law.

ii. Standard

The Mortgagee must determine if the Borrower has demonstrated the willingness to timely meet their financial obligations by analyzing the Borrower's property charge payment history. The Mortgagee must analyze each applicable Property Charge for the preceding 24 months from the time of loan application, except for Hazard and Flood Insurance. The Mortgagee must take into consideration that some Borrowers seek a HECM due to financial difficulties, which may be reflected on the Borrower's property

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

charge payment history. The Mortgagee must also consider to what extent the proceeds of the HECM could provide a solution to any such financial difficulties.

Where the Borrower owns no other real estate and has changed their Principal Residence within the last 24 months, the Mortgagee must review the property charge payment history for the current Principal Residence and the most recent prior Principal Residence(s) for a combined 24 months.

(A) Property Taxes

The Borrower's property tax payment history from all taxing authorities, including school, city, county, state, etc., must be verified for the preceding 24 months for all owned real estate. Verification may be in the form of written statements or online printouts from the taxing authority or through copies of bills and canceled checks or other equivalent proof of payment. Alternatively, the Mortgagee may obtain verification from a third-party vendor.

Where the Mortgagee can document that property taxes were paid by the servicing Mortgagee through an escrow account, Mortgagees may rely upon monthly mortgage payment history reported on the credit report to establish property tax payment history.

(1) Manufactured Homes Taxed as Personal Property

The Mortgagee is not required to verify the Borrower's personal property tax payment history for a Manufactured Home that is not taxed as real estate.

(2) Waiver or Deferral of Property Taxes

Where a taxing authority has permanently waived or otherwise permanently exempted the Borrower from payment of property taxes (i.e., taxes are not Due and Payable and do not accrue or result in a first lien against the Property), such taxes may be excluded from the expense analysis. Documentation for the waiver or exemption must be placed in the case binder.

Where a Borrower is participating in a [Real Estate Tax Deferral Program](#), such taxes may be excluded from the expense analysis. Documentation for the Real Estate Deferral Program that supports the exclusion of property tax expenses from the expense analysis must be placed in the case binder.

(B) Hazard Insurance and Flood Insurance

Mortgagees must determine whether the Property has Hazard Insurance and Flood Insurance, if applicable. The Mortgagee must review the insurance payment history to ensure continuous coverage for the preceding 12 months. Copies of bills and canceled checks or equivalent proof of payment may be utilized.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(C) Ground Rent

For all Properties subject to ground rents, Mortgagees must obtain from the lessor or its management agent a written statement documenting payments, or copies of bills and canceled checks for the preceding 24 months.

(D) Condominium, PUD, and HOA Fees

The Mortgagee must obtain verification of the Borrower's Condominium, PUD, or HOA fee payment history for all owned real estate for the preceding 24 months from the entity levying the fee or its authorized agent. In lieu of direct verification, copies of bills and canceled checks or equivalent proof of payment may be utilized.

(E) Other Special Assessments

Mortgagees must obtain for all owned real estate from the party levying the assessment or its management agent a written statement documenting payments, or copies of bills and canceled checks, or equivalent proof of payment for the preceding 24 months.

iii. Satisfactory Property Charge Payment History

The Mortgagee may consider the Borrower to have a satisfactory property charge payment history where, at the time of loan application, all property taxes, HOA, condominium, and PUD fees for all owned real estate are current and there were no property charge ~~arrears~~delinquencies in the previous 24 months.

If Hazard Insurance and Flood Insurance, if applicable, were not in place for the Borrower's Principal Residence for the previous 12 months, the Borrower must obtain coverage and prepay for 12 months at or before mortgage closing.

iv. Property Charge Payment History Requiring Further Analysis

If a Borrower's property charge payment history is not satisfactory, the Borrower's property charge payment history requires additional analysis.

The Mortgagee must determine whether late payments and/or the assessment of late fees or penalties were based on a disregard for financial obligations, an inability to manage debt, or Extenuating Circumstances. If the Mortgagee can document the late payments and/or the assessment of late fees or penalties were solely due to the servicing Mortgagee's untimely payment from an escrow account, then the Mortgagee may consider the Borrower to have a satisfactory property charge payment history. As such, the late payment by the servicing Mortgagee is not considered an Extenuating Circumstance.

Where the Borrower has not demonstrated the willingness to meet their financial obligations as stated in Satisfactory Property Charge Payment History and no

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

[Extenuating Circumstances](#) can be documented, the Mortgagee must, at a minimum, require a [Fully Funded LESA](#).

Where a Fully Funded LESA is required, the Mortgagee must still determine, through the financial assessment, that the HECM will provide the Borrower with a sustainable solution, permitting the satisfaction of financial obligations in a timely manner. See [Final HECM Decision](#) for additional information.

v. Required Documentation

The Mortgagee must document the property charge payment history analysis in the HECM file. Any explanation or documentation of late payments must be consistent with other information in the file.

d. Monthly Expense Analysis (04/10/2025)

Monthly Expense Analysis refers to the analysis of the Borrower's monthly expenses required to calculate [Residual Income](#).

i. Monthly Expenses

The Mortgagee must determine the Borrower's monthly expenses for the following:

- federal and state income taxes;
- Federal Insurance Contributions Act (FICA);
- [Property Charges](#) for the subject Property;
- estimated utility and maintenance expenses;
- installment account payments;
- any other owned property mortgage obligations (debt and Property Charges);
- revolving credit account payments;
- Alimony and Child Support payments;
- Judgments under payment plans against the Borrower; and
- payments required under any bankruptcy plans.

Where the Borrower benefits from federal, state, or local benefit programs that reduce Borrower expenses, the reduced amounts may be used to calculate monthly expenses, provided that the Mortgagee complies with the documentation requirements of [Government Assistance Non-Cash Benefits Income](#).

ii. Liens Paid Off at Closing

When a lien against the Property is paid off at closing, the monthly payment associated with that lien is not included in the Borrower's monthly expenses.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

iii. General Liabilities and Debts

(A) Standard

The Mortgagee must determine the Borrower's monthly expenses by reviewing all debts listed on the credit report, Fannie Mae Form 1009, part VI of the *Uniform Residential Loan Application (URLA)*, and other required documentation.

All applicable monthly expenses must be considered in the monthly expense analysis. Closed-end debts do not have to be included if they will be paid off within 10 months and the cumulative payments of all such debts are less than or equal to 5 percent of the Borrower's gross monthly income. The Borrower may not pay down the balance in order to meet the 10-month requirement.

Accounts for which the Borrower is an authorized user must be included in a Borrower's monthly expenses unless the Mortgagee can document that the primary account holder has made all required payments on the account for the previous 12 months. If less than three payments have been required on the account in the previous 12 months, the payment amount must be included in the Borrower's monthly expenses.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset and these funds are not included in calculating the Borrower's assets, are not required to be included in monthly expenses.

(B) Required Documentation

The Mortgagee must document that the funds used to pay off debts prior to closing came from an [acceptable source](#) and the Borrower did not incur new debts that were not included in the monthly expenses.

(C) Undisclosed Debt and Inquiries

(1) Standard

When a debt or obligation is revealed during the application process that was not listed on the mortgage application and/or credit report, the Mortgagee must:

- verify the actual monthly payment amount;
- include the payment amount in the agreement in the Borrower's monthly liabilities and debt; and
- determine that any unsecured funds borrowed were not/will not be used for the Borrower's settlement requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

The Mortgagee must obtain a written explanation from the Borrower for all inquiries shown on the credit report that were made in the last 90 Days.

(2) Required Documentation

The Mortgagee must document all undisclosed debt and support for its analysis of the Borrower's debt.

(D) Federal Debt

(1) Definition

Federal Debt refers to debt owed to the federal government for which regular payments are being made.

(2) Standard

The amount of the required payment must be included in the calculation of the Borrower's monthly expenses.

(3) Required Documentation

The Mortgagee must include documentation from the federal agency evidencing the repayment agreement and verification of payments made, if applicable.

(E) Alimony, Child Support, and Maintenance

(1) Definition

Alimony, Child Support, and Maintenance are court-ordered or otherwise agreed upon payments.

(2) Standard

For Alimony, if the Borrower's income was not reduced by the amount of the monthly alimony obligation in the Mortgagee's calculation of the Borrower's gross income, the Mortgagee must verify and include the monthly obligation in its calculation of the Borrower's monthly expenses.

Child Support and Maintenance are to be treated as a recurring liability and the Mortgagee must include the monthly obligation in the Borrower's liabilities and monthly expenses.

(3) Required Documentation

The Mortgagee must obtain the official signed divorce decree, separation agreement, maintenance agreement, or other legal order.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

The Mortgagee must also obtain the Borrower's pay stubs covering no less than 28 consecutive Days to verify whether the Borrower is subject to any order of garnishment relating to the Alimony, Child Support, and Maintenance.

(4) Calculation of Monthly Obligation

The Mortgagee must calculate the Borrower's monthly obligation from the greater of:

- the amount shown on the most recent decree or agreement establishing the Borrower's payment obligation; or
- the monthly amount of the garnishment.

(F) Deferred Obligations

(1) Definition

Deferred Obligations (excluding Student Loans) refer to liabilities that have been incurred but where payment is deferred or has not yet commenced, including accounts in forbearance.

(2) Standard

The Mortgagee must verify and include deferred obligations in the calculation of the Borrower's monthly expenses.

(3) Required Documentation

The Mortgagee must obtain written documentation of the deferral of the liability from the creditor and evidence of the outstanding balance and terms of the deferred liability. The Mortgagee must obtain evidence of the actual monthly payment obligation, if available.

(4) Calculation of Monthly Obligation

The Mortgagee must use the actual monthly payment to be paid on a deferred liability, whenever available.

If the actual monthly payment is not available for installment debt, the Mortgagee must utilize the terms of the debt or 5 percent of the outstanding balance to establish the monthly payment.

(G) Student Loans

(1) Definition

Student Loan refers to liabilities incurred for educational purposes.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Standard

The Mortgagee must include all Student Loans in the Borrower's monthly expenses, regardless of the payment type or status of payments.

(3) Required Documentation

If the payment used for the monthly obligation is less than the monthly payment reported on the Borrower's credit report, the Mortgagee must obtain written documentation of the actual monthly payment, the payment status, and evidence of the outstanding balance and terms from the creditor or student loan servicer.

The Mortgagee may exclude the payment amount from the monthly debt calculation where written documentation from the student loan program, creditor, or student loan servicer indicates that the loan balance has been forgiven, canceled, discharged, or otherwise paid in full.

(4) Calculation of Monthly Obligation

For outstanding Student Loans, regardless of the payment status, the Mortgagee must use:

- the payment amount reported on the credit report or the actual documented payment, when the payment amount is above zero; or
- 0.5 percent of the outstanding loan balance, when the monthly payment reported on the Borrower's credit report is zero.

Exception

Where a student loan payment has been suspended in accordance with COVID-19 emergency relief, the Mortgagee may use the payment amount reported on the credit report or the actual documented payment prior to suspension, when that payment amount is above \$0.

(H) Installment Loans

(1) Definition

Installment Loans (excluding Student Loans) refer to loans, not secured by real estate, that require the periodic payment of Principal and Interest (P&I). A loan secured by an interest in a timeshare must be considered an Installment Loan.

(2) Standard

The Mortgagee must include the monthly payment shown on the credit report, loan agreement, or payment statement to calculate the Borrower's monthly expenses.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

If the credit report does not include a monthly payment for the loan, the Mortgagee must use the amount of the monthly payment shown in the loan agreement or payment statement.

(3) Required Documentation

If the monthly payment shown on the credit report is utilized to calculate the monthly expenses, no further documentation is required.

If the credit report does not include a monthly payment for the loan, or the payment reported on the credit report is greater than the payment on the loan agreement or payment statement, the Mortgagee must use the loan agreement or payment statement to document the amount of the monthly payment. If the credit report, loan agreement, or payment statement shows a deferred payment arrangement for an Installment Loan, refer to the [Deferred Obligations](#) section.

(I) Revolving Charge Accounts

(1) Definition

A Revolving Charge Account refers to a credit arrangement that requires the Borrower to make periodic payments but does not require full repayment by a specified point of time.

(2) Standard

The Mortgagee must include the monthly payment shown on the credit report for the Revolving Charge Account. Where the credit report does not include a monthly payment for the account, the Mortgagee must use the payment shown on the current account statement or 5 percent of the outstanding balance.

(3) Required Documentation

The Mortgagee must use the credit report to document the terms, balance, and payment amount on the account, if available.

Where the credit report does not reflect the necessary information on the charge account, the Mortgagee must obtain a copy of the most recent charge account statement or use 5 percent of the outstanding balance to document the monthly payment.

(J) 30-Day Accounts

(1) Definition

A 30-Day Account refers to a credit arrangement that requires the Borrower to pay off the outstanding balance on the account every month.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Standard

The Mortgagee must verify the Borrower paid the outstanding balance in full on every 30-Day Account each month for the past 12 months. 30-Day Accounts that are paid monthly are not included in the Borrower's monthly expenses. If the credit report reflects any late payments in the last 12 months, the Mortgagee must utilize 5 percent of the outstanding balance as the Borrower's monthly debt to be included in the monthly expenses.

(3) Required Documentation

The Mortgagee must use the credit report to document that the Borrower has paid the balance on the account monthly for the previous 12 months. The Mortgagee must use the credit report to document the balance and must document that funds are available to pay off the balance.

(K) Business Debt in Borrower's Name

(1) Definition

Business Debt in Borrower's Name refers to liabilities reported on the Borrower's personal credit report, but payment for the debt is attributed to the Borrower's business.

(2) Standard

When business debt is reported on the Borrower's personal credit report, the debt must be included in the monthly expenses, unless the Mortgagee can document that the debt is being paid by the Borrower's business, and the debt was considered in the cash flow analysis of the Borrower's business. The debt is considered in the cash flow analysis where the Borrower's business Tax Returns reflect a business expense related to the obligation, equal to or greater than the amount of payments documented as paid out of company funds. Where the Borrower's business Tax Returns show an interest expense related to the obligation, only the interest portion of the debt is considered in the cash flow analysis.

(3) Required Documentation

When a self-employed Borrower states debt appearing on their personal credit report is being paid by their business, the Mortgagee must obtain documentation that the debt is paid out of company funds and that the debt was considered in the cash flow analysis of the Borrower's business.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(L) Disputed Derogatory Credit Accounts

(1) Definition

Disputed Derogatory Credit Accounts refer to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

(2) Standard

If the Borrower has \$1,000 or more collectively in Disputed Derogatory Credit Accounts, the Mortgagee must include a monthly payment in the Borrower's monthly expenses calculation.

The following items are excluded from the cumulative balance:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft, or unauthorized use.

Disputed Derogatory Credit Accounts of an NBS in a community property state are not included in the cumulative balance.

(M) Non-derogatory Disputed Account and Disputed Accounts Not Indicated on the Credit Report

(1) Definition

Non-derogatory Disputed Accounts include the following types of accounts:

- disputed accounts with zero balance;
- disputed accounts with late payments aged 24 months or greater; or
- disputed accounts that are current and paid as agreed.

(2) Standard

If a Borrower is disputing non-derogatory accounts, or is disputing accounts which are not indicated on the credit report as being disputed, the Mortgagee must analyze the effect of the disputed accounts on the Borrower's ability to repay the loan. If the dispute results in the Borrower's monthly debt payments utilized in computing the monthly expenses being less than the amount indicated on the credit report, the Borrower must provide documentation of the lower payments.

(N) Contingent Liabilities

(1) Definition

A Contingent Liability is a liability that may result in the obligation to repay only where a specific event occurs. For example, a contingent liability exists when an

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

individual can be held responsible for the repayment of a debt if another legally obligated party defaults on the payment. Contingent liabilities may include cosigner liabilities and liabilities resulting from a mortgage assumption without release of liability.

(2) Standard

The Mortgagee must include monthly payments on contingent liabilities in the calculation of the Borrower's monthly expenses unless the Mortgagee verifies that there is no possibility that the debt holder will pursue debt collection against the Borrower, should the other party default or the other legally obligated party has made 12 months of timely payments. When a contingent liability is created by a divorce decree or other court order, evidence that the other legally obligated party has made 12 months of timely payments is not required.

(3) Required Documentation

(a) Mortgage Assumptions

The Mortgagee must obtain the agreement creating the contingent liability or assumption agreement and deed showing transfer of title out of the Borrower's name.

(b) Cosigned Liabilities

If the cosigned liability is not included in the monthly obligation, the Mortgagee must obtain documentation to evidence that the other party to the debt has been making regular on-time payments during the previous 12 months.

(c) Court-Ordered Divorce Decree or Other Court Order

The Mortgagee must obtain a copy of the divorce decree or other court order ordering the spouse or other legally obligated party to make payments.

(4) Calculation of Monthly Obligation

The Mortgagee must calculate the monthly payment on the contingent liability based on the terms of the agreement creating the contingent liability.

(O)Collection Accounts

(1) Definition

A Collection Account refers to a Borrower's loan or debt that has been submitted to a collection agency by a creditor.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Standard

If the credit reports used in the analysis show cumulative outstanding collection account balances of \$2,000 or greater, the Mortgagee must:

- verify that the debt is paid in full at the time of or prior to settlement using an [acceptable source of funds](#);
- verify that the Borrower has made payment arrangements with the creditor; or
- if a payment arrangement is not available, calculate the monthly payment using 5 percent of the outstanding balance of each collection and include the monthly payment in the Borrower's monthly expenses.

(3) Required Documentation

The Mortgagee must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with creditor, if not paid prior to or at settlement.

If the Mortgagee uses 5 percent of the outstanding balance, no documentation is required.

(P) Charge Off Accounts

(1) Definition

Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

(2) Standard

Charge Off Accounts do not need to be included in the Borrower's monthly expenses.

(Q) Obligations Not Considered Debt

Obligations not considered debt include:

- medical collections;
- automatic deductions from savings, when not associated with another type of obligation;
- retirement contributions, such as 401(k) accounts;
- collateralized loans secured by depository accounts;
- child care;
- commuting costs;
- union dues;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

- insurance, other than property insurance;
- open accounts with zero balances; and
- voluntary deductions, when not associated with another type of obligation.

(R) Private Savings Clubs

(1) Definition

Private Savings Club refers to a non-traditional method of saving by making deposits into a member-managed resource pool.

(2) Standard

If the Borrower is obligated to continue making ongoing contributions under the pooled savings agreement, this obligation must be counted in the Borrowers' monthly expenses.

The Mortgagee must verify and document the establishment and duration of the Borrower's membership in the club and the amount of the Borrower's required contribution to the club.

(3) Required Documentation

The Mortgagee must also obtain the club's account ledgers and receipts, and verification from the club treasurer that the club is still active.

(S) Federal, State, and Local Income Taxes

(1) Definition

Federal, State, and Local Income Taxes refer to taxes imposed by the federal, state, and local governments on the Borrower's Effective Income.

(2) Standard

Federal, state, and local income taxes must be included in monthly expenses.

(3) Required Documentation

If available, Mortgagees must use federal, state, and local tax returns from the most recent tax year to document federal, state, and local income taxes. If tax returns are not available, Mortgagees may rely upon current pay stubs and tax tables.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(T) Utilities and Maintenance Expenses

Mortgagees must rely on the formula established by Department of Veterans Affairs (VA) for estimated maintenance and utilities in all states. Mortgagees should multiply the living area of the Property (square feet) by \$0.14.

Mortgagees must use the figure for square feet from the Improvements section on page 1 of the appraisal under Square Feet of Gross Living Area Above Grade.

iv. Property Charges

(A) Property Taxes

Mortgagees must document the amount of current year property taxes, or personal property taxes for Manufactured Homes not taxed as real estate, due from all taxing authorities. Verification of real estate property taxes may be in the form of written statements or online printouts from the taxing authorities, or copies of bills.

Verification of personal property taxes for Manufactured Homes not taxed as real estate may be in the form of online printouts from the taxing authority or through copies of bills and canceled checks or other equivalent proof of payment obtained from the Borrower or taxing authority. If the current year's property tax bill is not available, Mortgagees shall calculate monthly expenses based on 1.04 percent of the prior year's tax bill.

Where property taxes are [deferred or waived](#), the amount of the property taxes may be excluded from monthly expenses.

(B) Hazard Insurance

Mortgagees must obtain the current year's declaration sheet of the insurance policy. If the current year's declaration sheet is not available, Mortgagees shall calculate monthly expenses based on 1.04 percent of the prior year's premium.

Where no Hazard Insurance policy was previously in place, Mortgagees shall base the cost of Hazard Insurance upon the insurance quote provided to the Borrower for the cost of Hazard Insurance under the HECM.

(C) Flood Insurance

Mortgagees must obtain the current year's declaration sheet of the insurance policy. If the current year's declaration sheet is not available, Mortgagees shall calculate monthly expenses based on 1.04 percent of the prior year's premium.

Where no Flood Insurance policy was previously in place, Mortgagees shall base the cost of Flood Insurance upon the insurance quote provided to the Borrower for the cost of Flood Insurance under the HECM.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(D) Condominium, PUD, and HOA Fees

Mortgagees must obtain from the appraisal, or from a written statement from the association or its management agent, documentation on the amount of the monthly fees.

(E) Ground Rents

Mortgagees must obtain from the deed, the lessor, or its management agent a written statement documenting the amount of the ground rent payment.

(F) Other Assessments

Mortgagees must obtain from the party levying the assessment or its management agent a written statement documenting the amount of any other assessments.

e. Effective Income Analysis (04/10/2025)

i. Definition

Effective Income refers to income that may be used to evaluate a Borrower for a HECM.

Effective Income Analysis refers to the calculation of Effective Income used to calculate [Residual Income](#). Effective Income must be reasonably likely to continue through at least the first three years of the HECM, and meet the specific requirements described below.

Tax Return refers to a U.S. federal income tax return or, for Borrowers who reside in Puerto Rico, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or American Samoa and who are not required to file U.S. federal income taxes, the Mortgagee must obtain the equivalent tax filing for the territory (a territory tax return).

ii. General Income Requirements

The Mortgagee must document the Borrower's income and employment history, verify the accuracy of the amounts of income reported, and determine if the income can be considered as Effective Income in accordance with the requirements listed below.

The Mortgagee may only consider income if it is legally derived and, when required, properly reported as income on the Borrower's Tax Returns.

Negative income must be subtracted from the Borrower's gross monthly income and not treated as a recurring monthly liability unless otherwise noted.

If the Mortgagee can determine that the Borrower's Residual Income meets the [applicable standard](#) for their family size and geographic region based on documentation for one or more specific sources described below, it need not pursue documentation for additional sources of income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

If FHA requires Tax Returns as required documentation for any type of Effective Income, the Mortgagee must also analyze the Tax Returns in accordance with [Appendix 2.0 – Analyzing IRS Forms](#).

If the income documents are not received in English, the Mortgagee must provide a complete and accurate translation for each document.

(A) Employment Income

(1) Definition

Employment Income refers to income received as an employee of a business that is reported on IRS Form W-2, *Wage and Tax Statement*.

(2) Standard

The Mortgagee may use Employment Income as Effective Income in accordance with the standards provided for each type of Employment Income.

(3) Required Documentation

For all Employment Income, the Mortgagee must verify the Borrower's most recent two years of employment and income, and document current employment using either the [traditional](#) or [alternative](#) method, and [past employment](#) as applicable.

(a) Traditional Current Employment Documentation

The Mortgagee must obtain one of the following to verify current employment and income:

- the most recent pay stubs covering a minimum of 30 consecutive Days (if paid weekly or biweekly, pay stubs must cover a minimum of 28 consecutive Days) that show the Borrower's year-to-date earnings, and a written Verification of Employment (VOE) covering two years; or
- direct electronic verification of employment by a TPV vendor covering two years, subject to the following requirements:
 - o the Borrower has authorized the Mortgagee to verify income and employment; and
 - o the date of the data contained in the completed verification conforms with FHA requirements at [Maximum Age of HECM Documents](#).

Reverification of employment must be completed within 10 Days prior to mortgage Disbursement. Verbal or electronic reverification of employment is acceptable. Electronic reverification employment data must be current within 30 days of the date of the verification.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(b) Alternative Current Employment Documentation

If using alternative documentation, the Mortgagee must:

- obtain copies of the pay stubs covering the most recent 30 consecutive Days (if paid weekly or bi-weekly, pay stubs must cover a minimum of 28 consecutive Days) that show the Borrower's year-to-date earnings;
- obtain copies of the original IRS Form W-2s from the previous two years; and
- document current employment by telephone, sign and date the verification documentation, and note the name, title, and telephone number of the person with whom employment was verified.

Reverification of employment must be completed within 10 Days prior to the date of the Note. Verbal or electronic reverification of employment is acceptable. Electronic reverification employment data must be current within 30 days of the date of the verification.

(c) Past Employment Documentation

Direct verification of the Borrower's employment and income history for the previous two years is not required if all of the following conditions are met:

- the current employer confirms a two-year employment history, or a paystub reflects a hiring date;
- only base pay is used to qualify (no Overtime, Bonus, or Tip Income); and
- the Borrower executes [IRS Form 4506](#), *Request for Copy of Tax Return*, [IRS Form 4506-T](#), *Request for Transcript of Tax Return*, or [IRS Form 8821](#), *Tax Information Authorization*, for the previous two tax years.

If the applicant has not been employed with the same employer for the previous two years and/or not all conditions immediately above can be met, then the Mortgagee must obtain one or a combination of the following for the most recent two years to verify the applicant's employment history:

- IRS Form W-2(s);
- written VOE(s);
- direct verification of employment by a TPV vendor, subject to the following requirements:
 - o the Borrower has authorized the Mortgagee to verify income and employment;
 - o the date of the data contained in the completed verification conforms with FHA requirements at [Maximum Age of HECM Documents](#); and/or
- evidence supporting enrollment in school or the military during the most recent two full years.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(B) Primary Employment

(1) Definition

Primary Employment is the Borrower's principal employment, unless the income falls within a specific category identified below. Primary employment is generally full-time employment and may be either salaried or hourly.

(2) Standard

The Mortgagee may use primary Employment Income as Effective Income.

(3) Calculation of Effective Income

(a) Salary

For employees who are salaried and whose income has been and will likely be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(b) Hourly

For employees who are paid hourly and whose hours do not vary, the Mortgagee must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must use the average of the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use the most recent 12-month average of hours at the current pay rate.

(C) Part-Time Employment

(1) Definition

Part-Time Employment refers to employment that is not the Borrower's primary employment and is generally performed for less than 40 hours per week.

(2) Standard

The Mortgagee may use Employment Income from Part-Time Employment as Effective Income if the Borrower has worked a part-time job uninterrupted for the past two years and the current position is reasonably likely to continue.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(3) Calculation of Effective Income

The Mortgagee must average the income over the previous two years. If the Mortgagee can document an increase in pay rate, the Mortgagee may use a 12-month average of hours at the current pay rate.

(D) Overtime, Bonus, or Tip Income

(1) Definition

Overtime, Bonus, or Tip Income refers to income that the Borrower receives in addition to the Borrower's normal salary.

(2) Standard

The Mortgagee may use Overtime, Bonus, or Tip Income as Effective Income if the Borrower has received this income for the past two years and it is reasonably likely to continue.

Periods of Overtime, Bonus, or Tip Income less than two years may be considered Effective Income if the Mortgagee documents that the Overtime, Bonus, or Tip Income has been consistently earned over a period of not less than one year and is reasonably likely to continue.

(3) Calculation of Effective Income

For employees with Overtime, Bonus or Tip Income, the Mortgagee must calculate the Effective Income by using the lesser of:

- the average Overtime, Bonus or Tip Income earned over the previous two years, or, if less than two years, the length of time Overtime, Bonus or Tip Income has been earned; or
- the average Overtime, Bonus or Tip Income earned over the previous year.

(E) Seasonal Employment

(1) Definition

Seasonal Employment refers to employment that is not year round, regardless of the number of hours per week the Borrower works on the job.

(2) Standard

The Mortgagee may consider Employment Income from Seasonal Employment as Effective Income if the Borrower has worked the same line of work for the past two years and is reasonably likely to be rehired for the next season. The Mortgagee may consider unemployment income as Effective Income for those with Effective Income from Seasonal Employment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(3) Required Documentation

For seasonal employees with unemployment income, the Mortgagee must document the unemployment income for two full years and there must be reasonable assurance that this income will continue.

(4) Calculation of Effective Income

For employees with Employment Income from Seasonal Employment, the Mortgagee must average the income earned over the previous two full years to calculate Effective Income.

(F) Employer Housing Subsidy

(1) Definition

Employer Housing Subsidy refers to employer-provided mortgage assistance.

(2) Standard

The Mortgagee may utilize Employer Housing Subsidy as Effective Income.

(3) Required Documentation

The Mortgagee must verify and document the existence and the amount of the housing subsidy.

(4) Calculation of Effective Income

For employees receiving an Employer Housing Subsidy, the Mortgagee may add the Employer Housing Subsidy to the total Effective Income.

(G) Employed by Family-Owned Business

(1) Definition

Family-Owned Business Income refers to Employment Income earned from a business owned by the Borrower's family, but in which the Borrower is not an owner.

(2) Standard

The Mortgagee may consider Family-Owned Business Income as Effective Income if the Borrower is not an owner in the family-owned business.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(3) Required Documentation

The Mortgagee must verify and document that the Borrower is not an owner in the family-owned business by using official business documents showing the ownership percentage.

Official business documents include corporate resolutions or other business organizational documents, business Tax Returns or [Schedule K-1 \(IRS Form 1065\)](#), *U.S. Return of Partnership Income*, or an official letter from a certified public accountant on their business letterhead.

In addition to traditional or alternative documentation requirements, the Mortgagee must obtain copies of signed personal Tax Returns or tax transcripts.

(4) Calculation of Effective Income

(a) Salary

For employees who are salaried and whose income has been and will likely continue to be consistently earned, the Mortgagee must use the current salary to calculate Effective Income.

(b) Hourly

For employees who are paid hourly and whose hours do not vary, the Mortgagee must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Mortgagee must average the income over the previous two years. If the Mortgagee can document an increase in pay rate the Mortgagee may use the most recent 12-month average of hours at the current pay rate.

(H) Commission Income

(1) Definition

Commission Income refers to income that is paid contingent upon the conducting of a business transaction or the performance of a service.

(2) Standard

The Mortgagee may use Commission Income as Effective Income if the Borrower earned the income for at least one year in the same or similar line of work and it is reasonably likely to continue.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(3) Required Documentation

For all Commission Income, the Mortgagee must use traditional or alternative employment documentation.

(4) Calculation of Effective Income

The Mortgagee must calculate Effective Income for commission by using the lesser of:

- the average Commission Income earned over either:
 - o the previous two years; or
 - o the length of time Commission Income has been earned if less than two years; or
- the average Commission Income earned over the previous one year.

(I) Self-Employment Income

(1) Definition

Self-Employment Income refers to income generated by a business in which the Borrower has a 25 percent or greater ownership interest.

There are four basic types of business structures. They include:

- sole proprietorships;
- corporations;
- limited liability or “S” corporations; and
- partnerships.

(2) Standard

(a) Minimum Length of Self-Employment

The Mortgagee may consider Self-Employment Income if the Borrower has been self-employed for at least two years.

If the Borrower has been self-employed between one and two years, the Mortgagee may only consider the income as Effective Income if the Borrower was previously employed in the same line of work in which the Borrower is self-employed or in a related occupation for at least two years.

(b) Stability of Self-Employment Income

Income obtained from businesses with annual earnings that are stable or increasing is acceptable. If the income from businesses shows a greater than 20 percent decline in Effective Income over the analysis period, the Mortgagee must document that the business income is now stable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

A Mortgagee may consider income as stable after a 20 percent reduction if the Mortgagee can document the reduction in income was the result of an Extenuating Circumstance, and the Borrower can demonstrate the income has been stable or increasing for a minimum of 12 months.

(3) Required Documentation

(a) Individual and Business Tax Returns

The Mortgagee must obtain complete individual Tax Returns for the most recent two years, including all schedules.

In lieu of signed individual or business Tax Returns from the Borrower, the Mortgagee may obtain a signed [IRS Form 4506](#), [IRS Form 4506-C](#), or [IRS Form 8821](#), and tax transcripts directly from the IRS.

(b) Profit & Loss Statements and Balance Sheets

The Mortgagee must obtain a year-to-date Profit and Loss (P&L) statement and balance sheet if more than a calendar quarter has elapsed since the date of the most recent calendar or fiscal year-end tax period. A balance sheet is not required for self-employed Borrowers filing Schedule C income.

If income used to qualify the Borrower exceeds the two-year average of Tax Returns, an audited P&L or signed quarterly Tax Return obtained from the IRS is required.

(c) Business Credit Reports

The Mortgagee must obtain a business credit report for all corporations and “S” corporations.

(4) Calculation of Effective Income

The Mortgagee must analyze the Borrower’s Tax Returns to determine gross Self-Employment Income. Requirements for analyzing self-employment documentation are found in [Analyzing IRS Forms](#).

The Mortgagee must calculate gross Self-Employment Income by using the lesser of:

- the average gross Self- Employment Income earned over either:
 - o the previous two years; or
 - o the length of time Self-Employment Income has been earned if less than two years (where permitted); or
- the average gross Self-Employment Income earned over the previous one year.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(J) Additional Required Analysis of Stability of Employment Income

(1) Frequent Changes in Employment

If the Borrower has changed employers more than three times in the previous 12-month period, or has changed lines of work, the Mortgagee must take additional steps to verify and document the stability of the Borrower's Employment Income. Additional analysis is not required for fields of employment that regularly require a Borrower to work for various employers (such as Temp Companies or Union Trades). The Mortgagee must obtain:

- transcripts of training and education demonstrating qualification for a new position; or
- employment documentation evidencing continual increases in income and/or benefits.

(2) Addressing Gaps in Employment

For Borrowers with gaps in employment of six months or more (an extended absence), the Mortgagee may consider the Borrower's current income as Effective Income if it can verify and document:

- the Borrower has been employed in the current line of work for at least six months at the time of case number assignment; and
- a two-year work history prior to the absence from employment using standard or alternative employment verification.

(3) Returning to Work After Retirement

Mortgagees may consider the income of Borrowers who have returned to work after retirement of more than two years if it can verify and document that:

- the Borrower has been employed in the current job for at least six months at the time of case number assignment;
- the Borrower intends to continue working; and
- the Borrower's employer expects the Borrower's employment to continue.

(4) Addressing Temporary Reduction in Income

For Borrowers with a temporary reduction of income due to a short-term disability or similar temporary leave, the Mortgagee may consider the Borrower's current income as Effective Income if it can verify and document that:

- the Borrower intends to return to work;
- the Borrower has the right to return to work; and
- the Borrower meets the applicable [Residual Income standard](#) for their family size and geographic region, taking into account any reduction of income due to the circumstance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

For federal, state, tribal, or local government employees temporarily out of work due to a government shutdown or other similar, temporary events (where lost income is anticipated to be recovered), income preceding the shutdown can be considered as Effective Income.

Required Documentation

The Mortgagee must provide the following documentation for Borrowers on temporary leave:

- a written statement from the Borrower confirming the Borrower's intent to return to work, and the intended date of return;
- documentation generated by current employer confirming the Borrower's eligibility to return to current employer after temporary leave; and
- documentation of sufficient liquid assets, in accordance with [Acceptable Sources of Funds](#) used to supplement the Borrower's income through intended date of return to work with current employer.

(K) Other Sources of Effective Income

(1) Disability Benefits

(a) Definition

Disability Benefits refer to benefits received from the SSA, VA, or a private disability insurance provider.

(b) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of benefits from the SSA, VA, or private disability insurance provider. The Mortgagee must obtain documentation that establishes award benefits to the Borrower.

If any disability income is due to expire within three years from the date of mortgage application, that income cannot be used as Effective Income. If the Notice of Award or equivalent document does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue. The Mortgagee may not rely upon a pending or current re-evaluation of medical eligibility for benefit payments as evidence that the benefit payment is not reasonably likely to continue.

Under no circumstance may the Mortgagee inquire into or request documentation concerning the nature of the disability or the medical condition of the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(i) Social Security Disability

For Social Security Disability income, including Supplemental Security Income (SSI), the Mortgagee must obtain a copy of the last Notice of Award letter, or an equivalent document that establishes award benefits to the Borrower, and one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a “Budget Letter” or “Benefits Letter” that evidences income from the SSA; or
- a copy of the Borrower’s form [SSA-1099/1042S](#), *Social Security Benefit Statement*.

(ii) Department of Veterans Affairs Disability

For VA disability benefits, the Mortgagee must obtain from the Borrower a copy of the veteran’s last Benefits Letter showing the amount of the assistance, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the VA.

If the Benefits Letter does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue for at least three years.

(iii) Private Disability

For private disability benefits, the Mortgagee must obtain documentation from the private disability insurance provider showing the amount of the assistance and the expiration date of the benefits, if any, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the insurance provider.

(c) Calculation of Effective Income

The Mortgagee must use the most recent amount of benefits received to calculate Effective Income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Alimony, Child Support, and Maintenance Income

(a) Definition

Alimony, Child Support, and Maintenance Income refers to income received from a former spouse or partner or from a noncustodial parent of the Borrower's minor dependent.

(b) Required Documentation

The Mortgagee must obtain a fully executed copy of the Borrower's final divorce decree, legal separation agreement, court order, or voluntary payment agreement with documented receipt.

When using a final divorce decree, legal separation agreement, or court order, the Mortgagee must obtain evidence of receipt using deposits on bank statements, canceled checks, or documentation from the child support agency for the most recent three months that supports the amount used in qualifying.

The Mortgagee must document the voluntary payment agreement with 12 months of canceled checks, deposit slips, or Tax Returns.

The Mortgagee must provide evidence that the claimed income will continue for at least three years. The Mortgagee may use the front and pertinent pages of the divorce decree, settlement agreement, or court order showing the financial details.

(c) Calculation of Effective Income

When using a final divorce decree, legal separation agreement, or court order, if the Borrower has received consistent Alimony, Child Support, and Maintenance Income for the most recent three months, the Mortgagee may use the current payment to calculate Effective Income.

When using evidence of voluntary payments, if the Borrower has received consistent Alimony, Child Support, and Maintenance Income for the most recent six months, the Mortgagee may use the current payment to calculate Effective Income.

If the Alimony, Child Support, and Maintenance Income have not been consistently received for the most recent three months if court ordered or six months if voluntary, the Mortgagee must use the average of the income received over the previous two years to calculate Effective Income. If Alimony, Child Support, and Maintenance Income have been received for less than two years, the Mortgagee must use the average over the time of receipt.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(3) Military Income

(a) Definition

Military Income refers to income received by military personnel during their period of active, Reserve, or National Guard service, including:

- base pay
- Basic Allowance for Housing
- clothing allowances
- flight or hazard pay
- Basic Allowance for Subsistence
- proficiency pay

The Mortgagee may not use education benefits as Effective Income.

(b) Required Documentation

The Mortgagee must obtain a copy of the Borrower's military Leave and Earnings Statement (LES). The Mortgagee must verify the Expiration Term of Service date on the LES. If the Expiration Term of Service date is within the first 12 months of the HECM, Military Income may only be considered Effective Income if the Borrower represents their intent to continue military service.

(c) Calculation of Effective Income

The Mortgagee must use the current amount of Military Income received to calculate Effective Income.

(4) Other Public Assistance

(a) Definition

Public Assistance refers to income received from government assistance programs.

(b) Required Documentation

Mortgagees must verify and document the income received from the government agency.

If any Public Assistance income is due to expire within three years from the date of mortgage application, that income cannot be used as Effective Income. If the documentation does not have a defined expiration date, the Mortgagee may consider the income effective and reasonably likely to continue.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(c) Calculation of Effective Income

The Mortgagee must use the current rate of Public Assistance received to calculate Effective Income.

(5) Automobile Allowances

(a) Definition

Automobile Allowance refers to the funds provided by the Borrower's employer for automobile related expenses.

(b) Required Documentation

The Mortgagee must verify and document the Automobile Allowance received from the employer for the previous two years.

(c) Calculation of Effective Income

The Mortgagee must use the full amount of the Automobile Allowance to calculate Effective Income.

(6) Retirement Income

Retirement Income refers to income received from Pensions, 401(k) distributions, and Social Security.

(a) Social Security Income

(i) Definition

Social Security Income or Supplemental Security Income (SSI) refers to income received from the SSA other than disability income.

(ii) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of income from the SSA.

For SSI, the Mortgagee must obtain any one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a "Budget Letter" or "Benefits Letter" that evidences income from the SSA; or
- a copy of the Borrower's form [SSA-1099/1042S](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

In addition to verification of income, the Mortgagee must document the continuance of this income by obtaining from the Borrower (1) a copy of the last Notice of Award letter which states the SSA's determination on the Borrower's eligibility for SSA income, or (2) equivalent documentation that establishes award benefits to the Borrower (equivalent document). If any income from the SSA is due to expire within three years from the date of case number assignment, that income may not be used for qualifying.

If the Notice of Award or equivalent document does not have a defined expiration date, the Mortgagee must consider the income effective and reasonably likely to continue. The Mortgagee may not request additional documentation from the Borrower to demonstrate continuance of SSA income.

If the Notice of Award letter or equivalent document specifies a future start date for receipt of income, this income may only be considered effective on the specified start date.

***(iii)* Calculation of Effective Income**

The Mortgagee must use the current amount of Social Security Income received to calculate Effective Income.

(b) Pension

***(i)* Definition**

Pension refers to income received from the Borrower's former employer(s).

***(ii)* Required Documentation**

The Mortgagee must verify and document the Borrower's receipt of periodic payments from the Borrower's Pension and that the payments are likely to continue for at least three years.

The Mortgagee must obtain any one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the former employer; or
- a copy of the Borrower's Pension/retirement letter from the former employer.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

***(iii)* Calculation of Effective Income**

The Mortgagee must use the current amount of Pension income received to calculate Effective Income. If the source of the Pension income is a municipal, state, or the federal government, the Mortgagee must consider the income reasonably likely to continue. The Mortgagee is not required to request additional documentation from the Borrower to demonstrate continuance of income from government Pension income.

(c) Individual Retirement Account and 401(k)

***(i)* Definition**

Individual Retirement Account (IRA)/401(k) Income refers to income received from an IRA.

***(ii)* Required Documentation**

The Mortgagee must verify and document the Borrower's receipt of recurring IRA/401(k) distribution Income and that it is reasonably likely to continue for three years.

The Mortgagee must obtain the most recent IRA/401(k) statement and any one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income.

***(iii)* Calculation of Effective Income**

For Borrowers with IRA/401(k) Income that has been and will be consistently received, the Mortgagee must use the current amount of IRA Income received to calculate Effective Income. For Borrowers with fluctuating IRA/401(k) Income, the Mortgagee must use the average of the IRA/401(k) Income received over the previous two years to calculate Effective Income. If IRA/401(k) Income has been received for less than two years, the Mortgagee must use the average over the time of receipt.

(7) Rental Income

(a) Definition

Rental Income refers to income received or to be received from the subject Property or other real estate holdings.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(b) Rental Income Received from the Subject Property

(i) Standard

The Mortgagee may consider Rental Income from existing and prospective renters if documented in accordance with the following requirements.

Rental Income from the subject Property may be considered Effective Income when the Property is a one-unit dwelling with an ADU or two- to four-unit dwelling.

No income from commercial space may be included in Rental Income calculations.

(ii) Required Documentation

Required documentation varies depending upon the length of time the Borrower has owned the Property.

Limited or No History of Rental Income

Where the Borrower does not have a history of Rental Income from the subject since the previous tax filing:

Two- to Four-Units

The Mortgagee must verify and document the proposed Rental Income by obtaining an appraisal showing fair market rent (use [Fannie Mae Form 1025/Freddie Mac Form 72](#), *Small Residential Income Property Appraisal Report*) and, if available, the prospective leases.

One-Unit

The Mortgagee must verify and document the proposed Rental Income by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form 1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective leases.

One-Unit with an Accessory Dwelling Unit

The Mortgagee must verify and document the proposed Rental Income by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form 1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective leases.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

History of Rental Income

Where the Borrower has a history of Rental Income from the subject Property since the previous tax filing, the Mortgagee must verify and document the existing Rental Income by obtaining the existing lease, rental history over the previous 24 months that is free of unexplained gaps greater than three months (such gaps could be explained by student, seasonal or military renters, or property rehabilitation), and the Borrower's most recent Tax Returns, including Schedule E, from the previous two years.

For Properties owned less than two years, the Mortgagee must document the date of acquisition by providing the deed, Closing Disclosure, or other legal document.

***(iii)*Calculation of Effective Income**

The Mortgagee must add the net subject Property Rental Income to the Borrower's gross income to calculate Effective Income.

Limited or No History of Rental Income

To calculate the Effective Income from the subject Property where the Borrower does not have a history of Rental Income from the subject Property since the previous tax filing, the Mortgagee must use 75 percent of the lesser of:

- fair market rent reported by the Appraiser; or
- the rent reflected in the lease or other rental agreement.

One-Unit with an Accessory Dwelling Unit

The amount of the Rental Income from an ADU used as Effective Income must not exceed 30 percent of the total monthly Effective Income.

History of Rental Income

The Mortgagee must calculate the Rental Income by averaging the amount shown on the Schedule E.

Depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E may be added back to the net income or loss.

If the Property has been owned for less than two years, the Mortgagee must annualize the Rental Income for the length of time the Property has been owned.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(c) Rental Income from Other Real Estate Holdings

(i) Standard

Rental Income from other real estate holdings may be considered Effective Income if the documentation requirements listed below are met.

If Rental Income is being derived from the Property being vacated by the Borrower, the Borrower must be relocating to an area more than 100 miles from the Borrower's current Principal Residence.

(ii) Required Documentation

The Mortgagee must obtain a lease agreement of at least one year's duration after the HECM is closed and evidence of the payment of the security deposit or first month's rent.

Limited or No History of Rental Income

Where the Borrower does not have a history of Rental Income for the Property since the previous tax filing, including Property being vacated by the Borrower, the Mortgagee must obtain an appraisal evidencing market rent and that the Borrower has at least 25 percent equity in the Property. The appraisal is not required to be completed by an FHA Roster Appraiser.

Two- to Four-Units

The Mortgagee must verify and document the proposed Rental Income by obtaining an appraisal showing fair market rent (use [Fannie Mae Form 1025/Freddie Mac Form 72](#), *Small Residential Income Property Appraisal Report*) and, if available, the prospective leases.

One Unit or One-Unit with an Accessory Dwelling Unit

The Mortgagee must verify and document the proposed Rental Income by obtaining a [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*, and a [Fannie Mae Form 1007/Freddie Mac Form 1000](#), *Single-Family Comparable Rent Schedule*, showing fair market rent and, if available, the prospective lease.

History of Rental Income

The Mortgagee must obtain the Borrower's last two years' Tax Returns with Schedule E.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

***(iii)* Calculation of Effective Net Rental Income**

Limited or No History of Rental Income

To calculate the effective net Rental Income from other real estate holdings where the Borrower does not have a history of Rental Income since the previous tax filing, the Mortgagee must deduct the Principal, Interest, Taxes, and Insurance (PITI) from 75 percent of the lesser of:

- fair market rent reported by the Appraiser; or
- the rent reflected in the lease or other rental agreement.

History of Net Rental Income

The Mortgagee must calculate the net Rental Income by averaging the amount shown on the Schedule E, provided the Borrower continues to own all Properties included on the Schedule E.

Depreciation, mortgage interest, taxes, insurance, and any HOA dues shown on Schedule E may be added back to the net income or loss.

Positive net Rental Income must be added to the Borrower's Effective Income. Negative net Rental Income must be included as a debt/liability.

If the Property has been owned for less than two years, the Mortgagee must:

- annualize the Rental Income for the length of time the Property has been owned; and
- document the date of acquisition by providing the deed, Closing Disclosure, or other legal document.

(d) Borders of the Subject Property

***(i)* Definition**

Boarder refers to an individual renting space inside the Borrower's Dwelling Unit. A renter of an ADU is not a Boarder.

***(ii)* Standard**

Rental Income from Boarders is only acceptable if the Borrower has a two-year history of receiving income from Boarders that is shown on the Tax Return and the Borrower is currently receiving Boarder income.

***(iii)* Required Documentation**

The Mortgagee must obtain two years of the Borrower's Tax Returns evidencing income from Boarders and the current lease.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

***(iv)* Calculation of Effective Income**

The Mortgagee must calculate the Effective Income by using the lesser of the two-year average or the current lease.

(8) Investment Income

(a) Definition

Investment Income refers to interest and dividend income received from assets such as certificates of deposits, mutual funds, stocks, bonds, money markets, and savings and checking accounts.

(b) Required Documentation

The Mortgagee must verify and document the Borrower's Investment Income by obtaining Tax Returns for the previous two years and the most recent account statement.

(c) Calculation of Effective Income

The Mortgagee must calculate Investment Income by using the lesser of:

- the average Investment Income earned over the previous two years; or
- the average Investment Income earned over the previous one year.

The Mortgagee must subtract any of the assets used for the Borrower's required funds to close to purchase the subject Property or where the Borrower is otherwise required to bring cash to closing from the Borrower's liquid assets prior to calculating any interest or dividend income.

(9) Capital Gains and Losses

(a) Definitions

Capital Gains refer to a profit that results from a disposition of a capital asset, such as a stock, bond, or real estate, where the amount realized on the disposition exceeds the purchase price.

Capital Losses refer to a loss that results from a disposition of a capital asset, such as a stock, bond, or real estate, where the amount realized on the disposition is less than the purchase price.

(b) Standard

Capital gains or losses must be considered when determining Effective Income, when the individual has a constant turnover of assets resulting in gains or losses.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(c) Required Documentation

Three years' Tax Returns are required to evaluate an earnings trend. If the trend:

- results in a gain, it may be added as Effective Income; or
- consistently shows a loss, it must be deducted from the total income.

(10) Expected Income

(a) Definition

Expected Income refers to income from cost-of-living adjustments, performance raises, a new job, or retirement that has not been, but will be received within 60 Days of mortgage closing.

(b) Standard

The Mortgagee may consider Expected Income as Effective Income except when Expected Income is to be derived from a family-owned business.

(c) Required Documentation

The Mortgagee must verify and document the existence and amount of Expected Income with the employer in writing and that it is guaranteed to begin within 60 Days of mortgage closing. For expected Retirement Income, the Mortgagee must verify the amount and that it is guaranteed to begin within 60 Days of the mortgage closing.

(d) Calculation of Effective Income

Income is calculated in accordance with the standards for the type of income being received. The Mortgagee must also verify that the Borrower will have sufficient income or Cash Reserves to meet their obligations between HECM closing and the beginning of the receipt of the income.

(11) Trust Income

(a) Definition

Trust Income refers to income that is regularly distributed to a Borrower from a trust.

(b) Required Documentation

The Mortgagee must verify and document the existence of the Trust Agreement or other trustee statement. The Mortgagee must also verify and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

document the frequency, duration, and amount of the distribution by obtaining a bank statement or transaction history from the bank.

The Mortgagee must verify that regular payments will continue for at least the first three years of the mortgage term.

(c) Calculation of Effective Income

The Mortgagee must use the income based on the terms and conditions in the Trust Agreement or other trustee statement to calculate Effective Income.

(12) Annuities or Similar

(a) Definition

Annuity Income refers to a fixed sum of money periodically paid to the Borrower from a source other than employment.

(b) Required Documentation

The Mortgagee must verify and document the legal agreement establishing the annuity and guaranteeing the continuation of the annuity for the first three years of the HECM. The Mortgagee must also obtain a bank statement or a transaction history from a bank evidencing receipt of the annuity.

(c) Calculation of Effective Income

The Mortgagee must use the current rate of the annuity to calculate Effective Income.

The Mortgagee must subtract any of the assets used for the Borrower's required funds to close to purchase the subject Property from the Borrower's liquid assets prior to calculating any Annuity Income.

(13) Notes Receivable Income

(a) Definition

Notes Receivable Income refers to income received by the Borrower as payee or holder in due course of a promissory Note or similar credit instrument.

(b) Required Documentation

The Mortgagee must verify and document the existence of the Note. The Mortgagee must also verify and document that payments have been consistently received for the previous 12 months by obtaining Tax Returns, deposit slips or canceled checks and that such payments are guaranteed to continue for the first three years of the HECM.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(c) Calculation of Effective Income

For Borrowers who have been and will be receiving a consistent amount of Notes Receivable Income, the Mortgagee must use the current rate of income to calculate Effective Income. For Borrowers whose Notes Receivable Income fluctuates, the Mortgagee must use the average of the Notes Receivable Income received over the previous year to calculate Effective Income.

(14) Nontaxable Income

(a) Definition

Nontaxable Income refers to types of income not subject to federal taxes, which includes, but is not limited to:

- some portion of Social Security Income;
- some federal government employee Retirement Income;
- Railroad Retirement benefits;
- some state government Retirement Income;
- certain types of disability and Public Assistance payments;
- Child Support;
- Section 8 Housing Choice Vouchers;
- military allowances; and
- other income that is documented as being exempt from federal income taxes.

(b) Required Documentation

The Mortgagee must document and support the amount of income from nontaxable sources.

(c) Calculation of Effective Income

Mortgagees may add the amount of Nontaxable Income to Effective Income. However, because the Residual Income analysis will take into account federal taxes, it will be reflected in the expense analysis for Residual Income. Nontaxable Income, therefore, may not be “Grossed Up.”

The Mortgagee may not make any additional adjustments or allowances based on the number of the Borrower’s dependents.

(15) Government Assistance Non-Cash Benefits Income

(a) Definition

Government Assistance Non-Cash Benefits Income refers to non-cash benefits being received by the Borrower through federal, state, or local government

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

programs, e.g., Supplemental Nutrition Assistance Program (SNAP), energy assistance, etc.

(b) Required Documentation

In determining whether such benefits may be counted as income, the Mortgagee must:

- verify that the benefits are being received at the time of loan application, or that an award letter has been issued, and benefits will begin to be received within 60 Days. Mortgagees may not count benefits for which the Borrower is potentially eligible and intends to apply;
- verify that the benefits are not subject to any stated termination date other than one related to the death of the Borrower or the sale of the Property; and
- verify that approval of the HECM will not jeopardize continued eligibility for the benefits, e.g., HECM proceeds would trigger disqualification based on program income or asset requirements.

(c) Calculation of Effective Income

Mortgagees may add the amount of the monthly non-cash benefits to Effective Income.

(16) Foster Care Payment

(a) Definition

Foster Care Payment refers to payment received from a state- or county-sponsored organization for providing temporary care for one or more individuals.

(b) Standard

Foster care payment may be considered acceptable and stable income if the Borrower has a two-year history of providing foster care services and receiving foster care payment and that the foster care payment is reasonably likely to continue.

(c) Required Documentation

The Mortgagee must obtain a written verification of foster care payment from the organization providing it, verify and document that the Borrower has a two-year history of providing foster care services and receiving foster care payment, and that the foster care payment is reasonably likely to continue.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(d) Calculation of Effective Income

The Mortgagee must calculate foster care payment by using the lesser of:

- average foster care payment received over the previous two years; or
- average foster care payment received over the previous year.

(17) Foreign Income

(a) Definition

Foreign Income refers to income received by a Borrower from sources located outside of the United States by a foreign corporation or a foreign government and is paid in foreign currency.

(b) Standard

The Mortgagee may use Foreign Income as Effective Income if the Borrower has received this income for the previous two years and it is reasonably likely to continue.

(c) Required Documentation

The Mortgagee must obtain complete individual Tax Returns showing Foreign Income for the most recent two years, including all schedules.

For all Foreign Income, the Mortgagee must satisfy the requirements listed based on source and type of income as outlined in [Effective Income Analysis](#).

If the Foreign Income documents are not received in English, the Mortgagee must provide a complete and accurate translation for each document and convert foreign currency to U.S. dollars.

(d) Calculation of Effective Income

The Mortgagee must analyze the Borrower's Tax Returns to determine gross Foreign Income. The Mortgagee must average the Foreign Income over the previous two years to calculate Effective Income.

(18) Imputed Income from Asset Dissipation

(a) Definitions

Imputed Income from Asset Dissipation refers to the amount of monthly income that could be generated if liquid assets were dissipated and converted to cash.

Liquid Assets refers to assets that can be converted to cash within one year without payment of an IRS penalty.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(b) Required Documentation

Mortgagees must document the source of the asset in accordance with [Asset Requirements](#). Mortgagees may not count the same asset twice, i.e., as a source of interest or other income and as imputed income from the dissipation of the asset. The Mortgagee must also subtract any funds from the Borrower's liquid assets that the Borrower is required to bring to closing prior to calculating any imputed income from asset dissipation.

If the asset is jointly held with any other party not obligated on the Mortgage, the asset may be counted provided that the Borrower provides documentation that the Borrower has unrestricted access to that asset.

(c) Calculation of Effective Income

Mortgagees must calculate the combined value of assets and calculate income from these sources by:

- calculating the value of the assets by reducing any taxable assets by the lesser of the Borrower's actual tax rate based on Tax Returns from the prior tax year or 15 percent. No adjustment is required if the Borrower does not have a federal tax obligation; and
- dividing the total value by the remaining life expectancy of the youngest Borrower (in months) from the loan period to the [Assumed Loan Periods for Computations of Total Annual Loan Cost Rates](#). If the youngest Borrower's next birthday is less than 183 Days after the estimated date of closing, round up the age to the nearest whole year.

f. Residual Income Analysis (04/29/2024)

i. Definition

Residual Income refers to the total monthly Effective Income from all sources described in [Effective Income Analysis](#) for the Borrowers obligated on the Mortgage, minus the total monthly expenses from all sources described in [Monthly Expense Analysis](#) for the Borrowers obligated on the Mortgage.

ii. Standard

The Borrower must have Residual Income at least equal to the applicable amount for the Borrower's family size and geographic region on the [Table of Residual Incomes by Region](#). Where a Borrower's Residual Income is less than the applicable standard, see the [Residual Income Shortfall](#) section.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(A) Calculating Family Size

Count all members of the household, without regard to the nature of the relationship, when determining family size, including an Eligible NBS and Other Non-Borrowing Household Members.

(1) Reducing Family Size

An Eligible NBS or Other Non-Borrowing Household Member may be eliminated from family size provided that:

- they [authorize the Mortgagee](#) to collect information on their Effective Income and Monthly Expenses;
- they provide consent to the Mortgagee to verify their SSN and obtain [tax verification forms](#);
- the Mortgagee meets the requirements associated with the Privacy Act; and
- the excluded household members' Residual Income meets the standard for a one-person family size.

(2) Limitations on the Use of the One-Person Family Size

The one-person family size may only be used for a Borrower where:

- the *RLARM* indicates that the Borrower is single or unmarried;
- for Borrowers required to file Tax Returns:
 - the results of an IRS Form 4506-C, or verification or copies of Tax Returns confirm that the Borrower files as a single person; or
- for Borrowers not required to file Tax Returns:
 - the property title, credit report, or other information supports the marital status claimed by the Borrower; and
- the Borrower identifies as unmarried in the certification regarding marital status.

This documentation is not required where the Eligible NBS or Other Non-Borrowing Household Member has been excluded from family size based on the criteria defined in this section.

(3) Residual Income of Eligible Non-Borrowing Spouse Used as Compensating Factor

If income from an Eligible NBS is cited as a [Compensating Factor](#), the Mortgagee may not eliminate the Eligible NBS when calculating family size. See [Reducing Family Size](#).

Where income from an Eligible NBS will be used as a [Compensating Factor](#) or to reduce family size, the Eligible NBS must also be required to sign the appropriate IRS form to obtain Tax Returns directly from the IRS.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(B) Required Documentation

To reduce family size, the Residual Income for the Eligible NBS or Other Non-Borrowing Household Member must meet the same documentation and verification standards as required for the Borrower's [Effective Income Analysis](#), [Monthly Expense Analysis](#), and Residual Income analysis.

Imputed income from asset dissipation may not be included.

iii. Table of Residual Incomes by Region

To determine the Residual Income standard, Mortgagees must select the applicable family size and region from the table below.

Table of Residual Incomes by Region				
Family Size	Northeast	Midwest	South	West
1	\$540	\$529	\$529	\$589
2	\$906	\$886	\$886	\$998
3	\$946	\$927	\$927	\$1,031
4 or more	\$1,066	\$1,041	\$1,041	\$1,160

The regions on the Table of Residual Incomes by Region include the following states:

Region	States
Northeast	CT, MA, ME, NH, NJ, NY, PA, RI, VT
Midwest	IA, IL, IN, KS, MI, MN, MO, ND, NE, OH, SD, WI
South	AL, AR, DC, DE, FL, GA, KY, LA, MD, MS, NC, OK, PR, SC, TN, TX, VA, VI, WV
West	AK, AZ, CA, CO, HI, ID, MT, NM, NV, OR, UT, WA, WY

iv. Residual Income Shortfall

Where a Borrower's Residual Income is less than the applicable standard, the underwriter must document that the Borrower satisfies one of the criteria below. The Borrower:

- effectively meets the applicable Residual Income standard with the use of one or more acceptable [Income Compensating Factors](#); or
- meets the standard for citing one or more [Non-income Compensating Factors](#).

If the Borrower does not meet the criteria above, then the Mortgagee must require a Partially Funded LESA.

[Extenuating Circumstances](#) may not be used to compensate for a Residual Income shortfall.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

v. Acceptable Compensating Factors

(A) Definitions

Compensating Factors refer to factors that may be used to justify approval of HECMs where the Borrower does not meet the Residual Income standard.

Income Compensating Factors refer to income from the following sources: (1) Overtime, Bonus, or Tip Income or Seasonal and Part-Time Employment; (2) Eligible NBS income; (3) expected SSI or pension income; and (4) imputed income from the HECM.

Non-income Compensating Factors refer to other Borrower financial characteristics and include the following: (1) property charge payment history, (2) access to other credit, (3) assets equal to [Projected Life Expectancy Property Charges](#), and (4) HECM sufficient to pay off debts.

(B) Standard

When citing a Compensating Factor, the Mortgagee must document the applicable requirements below.

(1) Income Compensating Factors

Mortgagees may combine one or more income Compensating Factors.

To use income Compensating Factors, the Mortgagee must verify the cited income Compensating Factor(s) will result in the Borrower effectively meeting the Residual Income standard. If applicable, the Mortgagee must take into consideration the impact of a Fully Funded LESA that may effectively reduce the Borrower's monthly expenses when determining whether the Borrower will effectively meet the Residual Income standard.

Mortgagees may not use income Compensating Factors to reach 80 percent or more of the Residual Income standard in order to cite non-income Compensating Factors.

(a) Overtime, Seasonal, Part-Time, Bonus, or Tip Income

To cite Overtime, Bonus, or Tip Income, or Part-Time or Seasonal Employment that is not reflected in Effective Income as a Compensating Factor, the Mortgagee must verify and document that the Borrower has received this income for at least six months, and it will likely continue.

Overtime, Bonus, or Tip Income, or Part-Time or Seasonal Employment from an Eligible NBS may not be used for this Compensating Factor.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(b) Eligible Non-Borrowing Spouse Income

To cite income from an Eligible NBS that is not reflected in Effective Income as a Compensating Factor, the Mortgagee must:

- verify and obtain the Eligible NBS' signature on the appropriate IRS form to obtain Tax Returns directly from the IRS; and
- verify and document that the Eligible NBS has received this income for at least six months, and it will likely continue.

(c) Expected SSI or Pension Income

To cite income from Expected SSI or Pension that is not reflected in Effective Income as a Compensating Factor, the Mortgagee must verify and document that the Borrower has received an award letter stating that the Borrower will begin receiving Pension or SSI within the next 12 months.

(d) Imputed Income from HECM

To cite Imputed Income from a HECM that is not reflected in Effective Income as a Compensating Factor, the Mortgagee must verify and document the additional income that would result from dissipating available HECM proceeds remaining after closing, based on the original Principal Limit less any required Repair Set-Aside, LESA, Servicing Fee Set-Aside, and Disbursements for Mandatory Obligations.

(2) Non-income Compensating Factors

To cite non-income Compensating Factors, the Mortgagee must determine that the Borrower's Residual Income is 80 percent or more of the applicable [Residual Income standard](#) and document that the specific criteria described for the individual Compensating Factor have been met.

(a) Property Charge Payment History

To cite property charge payment history as a Compensating Factor, the Mortgagee must determine that:

- the Borrower has paid their own Property Charges directly for at least the last 24 months (i.e., the Property Charges were not paid by a Mortgagee from an escrow account or by another party) and meets the standard in [Satisfactory Property Charge Payment History](#);
- the Borrower has made all property charge payments without incurring penalties during the last 24 months; and
- the Borrower's current income is not less than the income during the previous 24 months.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(b) Access to Other Credit

To cite access to other credit as a Compensating Factor, the Mortgagee must determine that:

- the Borrower's housing payment for the Property to secure the HECM is the only open account with an outstanding balance that is not paid off monthly;
- the credit report shows established credit lines in the Borrower's name open for at least six months; and
- the Borrower has paid off all these accounts and credit lines in full monthly for at least the past six months.

Borrowers who have no established credit other than their housing payment, who have no other credit lines in their own name open for at least six months, or who cannot document that all other accounts are paid off in full monthly for at least the past six months do not qualify under these criteria. Credit lines not in the Borrower's name but for which they are an authorized user do not qualify under these criteria.

(c) Assets Equal to Life Expectancy Property Charges

To cite assets equal to life expectancy property charges as a Compensating Factor, the Mortgagee must determine that the Borrower has assets (excluding HECM proceeds) equivalent to the [Projected Life Expectancy Property Charges](#) that were not dissipated or considered in the Residual Income calculation.

(d) HECM Sufficient to Pay Off Debts

To cite HECM sufficient to pay off debts as a Compensating Factor, the Mortgagee must determine that HECM proceeds remaining after closing (based on the original Principal Limit less any required Repair Set-Aside, LESA, Servicing Fee Set-Aside, and Disbursements for Mandatory Obligations) that were not dissipated and counted as income are sufficient to pay off revolving and installment debt, including revolving and installment accounts in collection, that would reduce monthly payments to the extent that Residual Income would meet the Residual Income standard.

g. Asset Requirements (08/19/2024)

i. General Asset Requirements

When calculating sources of funds available to meet closing requirements, the Mortgagee may only consider assets derived from acceptable sources in accordance with the requirements outlined below.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

The Mortgagee must document all funds that are used to calculate borrower funds that are required to close a HECM, including those to pay:

- Mandatory Obligations;
- costs outside of closing;
- other required cash from the Borrower to close the transaction; or
- additional funds the Borrower brings to closing to reduce Mandatory Obligations.

(A) Determining the Amount Needed for Closing

The amount of cash needed by the Borrower to close an FHA-insured HECM is the difference between Mandatory Obligations and the [Principal Limit](#).

(B) Mortgagee Responsibility for Estimating Closing Cost Requirements

The Mortgagee must determine the total amount of cash that the Borrower must provide at HECM closing.

(1) Loan Origination Fees and Other Closing Costs

The Mortgagee may charge a reasonable loan origination fee.

The Mortgagee may charge and collect from Borrowers those [customary and reasonable closing costs](#) and prepaid items necessary to close the HECM. Charges may not exceed the actual costs.

(2) Initial Mortgage Insurance Premium Amounts

Any IMIP amounts paid in cash are added to the total cash closing requirements.

(3) Real Estate Agent Fees

If a Borrower is represented by a real estate agent and must pay any fee directly to the agent, that expense must be included in the total of the Borrower's closing requirements.

(4) Types of Prepaid Items

Prepaid items may include flood and hazard insurance premiums, MIPs, and real estate taxes. They must comply with the requirements of the CFPB.

ii. Acceptable Sources of Funds

The Mortgagee must verify liquid assets from acceptable sources used to calculate availability of funds required to close. Mortgagees may not count the same asset twice (i.e., as a source of imputed income to support Residual Income and as a source of cash to close).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(A) Checking and Savings Accounts

(1) Definition

Checking and Savings Accounts refer to funds from Borrower-held accounts in a financial institution that allows for withdrawals and deposits.

(2) Standard

The Mortgagee must verify and document the existence of and amounts in the Borrower's checking and savings accounts. The Mortgagee must verify and document the source of deposits for recently opened accounts and recent individual deposits of more than 1 percent of the MCA.

(3) Required Documentation

If the Borrower does not hold the deposit account solely, all non-Borrower parties on the account must provide a written statement that the Borrower has full access and use of the funds.

(a) Traditional Documentation

The Mortgagee must obtain:

- a written Verification of Deposit (VOD) and the Borrower's most recent statement for each account; or
- direct verification by a TPV vendor of the Borrower's account covering activity for a minimum of the most recent available month for a minimum of one month, subject to the following requirements:
 - o the Borrower has authorized the Mortgagee to use a TPV vendor to verify assets; and
 - o the date of the data contained in the completed verification is current within 30 days of the date of the verification.

(b) Alternative Documentation

If a VOD is not obtained, a statement showing the previous month's ending balance for the most recent month is required. If the previous month's balance is not shown, the Mortgagee must obtain statement(s) for the most recent two months.

(B) Cash on Hand

(1) Definition

Cash on Hand refers to cash held by the Borrower outside of a financial institution.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Standard

The Mortgagee must verify that the Borrower's Cash on Hand is deposited in a financial institution or held by the escrow/title company.

(3) Required Documentation

The Mortgagee must verify and document the Borrower's Cash on Hand by obtaining an explanation from the Borrower describing how the funds were accumulated and the amount of time it took to accumulate the funds.

The Mortgagee must also determine the reasonableness of the accumulation based on the time period during which the funds were saved and the Borrower's:

- income stream;
- spending habits;
- documented expenses; and
- history of using financial institutions.

(C) Retirement Accounts

(1) Definition

Retirement Accounts refer to assets accumulated by the Borrower for the purpose of retirement.

(2) Standard

The Mortgagee may include the value of assets from the Borrower's retirement accounts, which includes IRAs, thrift savings plans, 401(k) plans, and Keogh accounts. If the Borrower has an existing loan, the Mortgagee must deduct the outstanding loan balance from the value of the retirement accounts.

(3) Required Documentation

The Mortgagee must obtain the most recent monthly or quarterly statement to verify and document the existence and amounts in the Borrower's retirement accounts, the Borrower's eligibility for withdrawals, and the terms and conditions for withdrawal from any retirement account.

If any portion of the asset is required for funds to close, evidence of liquidation is required.

(D) Stocks and Bonds

(1) Definition

Stocks and Bonds are investment assets accumulated by the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Standard

The Mortgagee must determine the value of the stocks and bonds from the most recent monthly or quarterly statement.

If the stocks and bonds are not held in a brokerage account, the Mortgagee must determine the current value of the stocks and bonds through TPV. Government-issued savings bonds are valued at the original purchase price unless the Mortgagee verifies and documents that the bonds are eligible for redemption when cash to close is calculated.

(3) Required Documentation

The Mortgagee must verify and document the existence of the Borrower's stocks and bonds by obtaining brokerage statement(s) for each account for the most recent two months. Evidence of liquidation is not required.

For stocks and bonds not held in a brokerage account, the Mortgagee must obtain a copy of each stock or bond certificate.

(E) Private Savings Clubs

(1) Definition

Private Savings Club refers to a non-traditional method of saving by making deposits into a member-managed resource pool.

(2) Standard

The Mortgagee may consider Private Savings Club funds that are distributed to and received by the Borrower as an acceptable source of funds.

The Mortgagee must verify and document the establishment and duration of the club, and the Borrower's receipt of funds from the club. The Mortgagee must also determine that the received funds were reasonably accumulated, and not borrowed.

(3) Required Documentation

The Mortgagee must obtain the club's account ledgers and receipts, and a verification from the club treasurer that the club is still active.

(F) Gifts

(1) Definition

Gifts refer to the contributions of cash with no expectation of repayment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(2) Standards for Gifts

(a) Acceptable Sources of Gifts Funds

Gifts may be provided by:

- the Borrower's Family Member;
- the Borrower's employer or labor union;
- a close friend with a clearly defined and documented interest in the Borrower;
- a charitable organization; or
- a governmental agency or that has a program providing homeownership assistance to:
 - o low- or moderate-income families; or
 - o first-time homebuyers.

(b) Donor's Source of Funds

Cash on Hand is not an acceptable source of donor gift funds.

(3) Required Documentation

The Mortgagee must obtain a gift letter signed and dated by the donor and Borrower that includes the following:

- the donor's name, address, and telephone number;
- the donor's relationship to the Borrower;
- the dollar amount of the Gift; and
- a statement that no repayment is required.

Documenting the Transfer of Gifts

The Mortgagee must verify and document the transfer of Gifts from the donor to the Borrower in accordance with the requirements below.

- For Gifts that will be verified prior to settlement, the Mortgagee must obtain one of the following:
 - o the donor's bank statement showing the withdrawal and evidence of the deposit into the Borrower's account;
 - o a copy of the donor's canceled check and evidence of deposit into the Borrower's account;
 - o a copy of the donor's withdrawal receipt and evidence of deposit into the Borrower's account; or
 - o evidence of the electronic transfer of funds from the donor's account to the Borrower's account.
- For Gifts that will be verified at settlement, the Mortgagee must obtain one of the following evidencing payment to the settlement agent:
 - o evidence of electronic transfer of funds from the donor's account;

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

- o bank certified check;
 - o cashier's check; or
 - o other official bank check .
- For Gifts of land, the Mortgagee must obtain:
 - o proof of ownership by the donor; and
 - o evidence of the transfer of title to the Borrower.

Regardless of when gift funds are made available to a Borrower or settlement agent, the Mortgagee must be able to make a reasonable determination that the gift funds were not provided by an unacceptable source.

(G)Sale of Real Property

(1) Definition

The Sale of Real Property refers to the sale of Property currently owned by the Borrower.

(2) Standard

Net proceeds from the Sale of Real Property may be used as a source of acceptable funds.

(3) Required Documentation

The Mortgagee must verify and document the actual sale and the Net Sale Proceeds by obtaining a fully executed Closing Disclosure or similar legal document.

The Mortgagee must also verify and document that it is an Arm's Length Transaction, and that the Borrower is entitled to the Net Sale Proceeds.

(H)Sale of Personal Property

(1) Definition

Personal Property refers to tangible property, other than Real Property, such as cars, recreational vehicles, stamps, coins, or other collectibles.

(2) Standard

The Mortgagee must use the lesser of the estimated value or actual sales price when determining the sufficiency of assets to close.

(3) Required Documentation

Borrowers may sell Personal Property to obtain cash for closing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

The Mortgagee must obtain a satisfactory estimate of the value of the item, a copy of the bill of sale, evidence of receipt, and deposit of proceeds. A value estimate may take the form of a published value estimate issued by organizations such as automobile dealers, philatelic or numismatic associations, or a separate written appraisal by a qualified Appraiser with no financial interest in the mortgage transaction.

(I) Disaster Relief Grants

(1) Definition

Disaster Relief Grants refer to grants from a Governmental Entity that provide immediate housing assistance to individuals displaced due to a natural disaster.

(2) Required Documentation

The Mortgagee must verify and document the Borrower's receipt of the grant and terms of use.

(J) Employer Assistance

(1) Definition

Employer Assistance refers to benefits provided by an employer to relocate the Borrower or assist in the Borrower's housing purchase, including closing costs, MIP, or any portion of the monetary investment. Employer Assistance does not include benefits provided by an employer through secondary financing.

A salary advance cannot be considered as assets to close.

(2) Standard

(a) Relocation Guaranteed Purchase

The Mortgagee may allow the net proceeds (the relocation guaranteed purchase price minus the outstanding liens and expenses) to be used as cash to close.

(b) Employer Assistance Plans

The amount received under Employer Assistance Plans may be used as cash to close.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(3) Required Documentation

(a) Relocation Guaranteed Purchase

If the Borrower is being transferred by their company under a guaranteed sales plan, the Mortgagee must obtain an executed buyout agreement signed by all parties and a receipt of funds indicating that the employer or relocation service takes responsibility for the outstanding mortgage debt.

The Mortgagee must verify and document the agreement guaranteeing employer purchase of the Borrower's previous residence and the net proceeds from sale.

(b) Employer Assistance Plans

The Mortgagee must verify and document the Borrower's receipt of assistance. If the employer provides this benefit after settlement, the Mortgagee must verify and document that the Borrower has sufficient cash for closing.

h. Required Documentation (04/29/2024)

The Mortgagee must document its assessment of required financial information on a [Financial Assessment Worksheet](#) that has been signed by the underwriter. The Mortgagee must submit all documentation used to perform the financial assessment in the HECM case binder.

i. Final HECM Decision (04/29/2024)

The underwriter is ultimately responsible for making a HECM decision on behalf of their Direct Endorsement Mortgagee in compliance with HUD requirements.

In making the final HECM decision, the underwriter must evaluate the results of the financial assessment and determine whether, and under what conditions, the Borrower meets FHA eligibility criteria.

To determine whether the HECM represents a sustainable solution for the Borrower's financial circumstances, the underwriter must evaluate whether the Borrower meets Residual Income, credit history, and property charge history requirements, including the use of Extenuating Circumstances and Compensating Factors.

The Mortgagee must not use FHA's Technology Open To Approved Lenders (TOTAL) Mortgage Scorecard to perform the financial assessment for HECMs.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

i. Duty of Care/Due Diligence

The underwriter must exercise the same level of care that would be used in approving a HECM entirely dependent on the Property as security. Compliance with FHA requirements is deemed to be the minimum standard of due diligence required in originating and underwriting an FHA-insured HECM.

ii. Specific Underwriter Responsibilities

The underwriter must review each HECM as a separate and unique transaction, recognizing that there may be multiple factors that demonstrate a Borrower's ability and willingness to meet their financial obligations and comply with the terms of the HECM. The underwriter must evaluate the totality of the Borrower's circumstances and the impact of layering risks on the probability that a Borrower will be able to meet their financial obligations and comply with the terms of the HECM.

As the responsible party, the underwriter must:

- review appraisal reports, compliance inspections, and credit analyses to ensure reasonable conclusions, sound reports, and compliance with HUD requirements regardless of who prepared the documentation;
- determine the acceptability of the appraisal, the inspections, the Borrower's ability to meet their financial obligations and comply with the terms of the HECM, and the overall acceptability of the HECM for FHA insurance;
- identify any inconsistencies in information obtained by the Mortgagee in the course of reviewing the Borrower's application regardless of the materiality of such information to the origination and processing of a HECM; and
- resolve all inconsistencies identified before approving the Borrower's application, and document the inconsistencies and their resolutions of the inconsistencies in the file.

The underwriter must identify and report any misrepresentations, violations of HUD requirements, and fraud to the appropriate party within their organization.

iii. Credit and Property Charge Payment History

The underwriter must determine the creditworthiness of the Borrower, which includes analyzing the Borrower's overall pattern of credit behavior and the credit report. See [Credit History Review Requirements](#) and [Property Charge Payment History Review Requirements](#).

The lack of traditional credit history or the Borrower's decision to not use credit may not be used as the basis for denying the HECM application.

Where the Borrower's credit and/or property charge payment history does not meet the criteria described in [Satisfactory Credit History](#) and [Satisfactory Property Charge Payment History](#), the Mortgagee must either document [Extenuating Circumstances](#), or require a Fully Funded LESA.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

[Compensating Factors](#) cannot be used to compensate for any derogatory credit.

The underwriter must ensure that there are no other unpaid obligations incurred in connection with the HECM transaction.

iv. Monthly Expenses

The underwriter must calculate the Borrower's monthly expenses and verify that they have been supported with proper documentation. See [Monthly Expense Analysis](#).

v. Effective Income

The underwriter must review the income of a Borrower and verify that it has been supported with the proper documentation. See [Effective Income Analysis](#).

vi. Residual Income

The underwriter must calculate the Borrower's Residual Income and verify that it is supported with proper documentation. See [Residual Income Analysis](#).

vii. Life Expectancy Property Charges

(A) Definitions

Projected Life Expectancy Property Charges refer to the amount of HECM proceeds necessary to pay property taxes, Hazard Insurance, and Flood Insurance, if applicable, based on the life expectancy of the youngest Borrower.

Life Expectancy Set-Aside (LESA) refers to a Set-Aside account that is established for the payment of property taxes, Hazard Insurance, and, if applicable, Flood Insurance until expended or while the HECM is not in Due and Payable status. LESA funds cannot be held in an escrow account.

Property Charge Set-Aside refers to a portion of a Borrower's Principal Limit that is designated for payment of Property Charges. A Property Charge Set-Aside can result from a Borrower being required to establish a Life Expectancy Set-Aside (LESA) or when a Borrower elects to have the Mortgagee pay Property Charges on their behalf.

Fully Funded Life Expectancy Set-Aside (LESA) refers to a portion of the Borrower's Principal Limit that is designated for payment of property taxes, including special assessments levied by municipalities or state law, Hazard Insurance, and, if applicable, Flood Insurance for the estimated remainder of the Borrower's life expectancy. With a Fully Funded LESA, the Mortgagee makes payments directly to the billing agency. A Borrower can voluntarily elect to have a Property Charge Set-Aside created at closing. If the Borrower chooses this option, the Property Charge Set-Aside will function as though it were a Fully Funded LESA.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

Partially Funded Life Expectancy Set-Aside (LESA) refers to a portion of the Borrower's Principal Limit that is designated for partial payment of property taxes, Hazard Insurance, and, if applicable, Flood Insurance for the estimated remainder of the Borrower's life expectancy. With a Partially Funded LESA, the Mortgagee makes payments to the Borrower who is responsible for the remaining amounts owed and delivering the full payment to the billing agency.

(B) Standard

The underwriter must calculate the Projected Life Expectancy Property Charges for all HECMs, regardless of whether a LESA is required or not. The underwriter must determine if the Borrower is required to use HECM proceeds to pay for Property Charges from a Fully Funded or Partially Funded LESA.

Where the Mortgagee will pay Property Charges from a Fully Funded LESA, there will be an effective reduction in the Borrower's monthly expenses. Where the amount of Property Charges to be paid through the Fully Funded LESA is such that the Borrower will still fall significantly short of the Residual Income standard, the approval of a HECM, even with a Fully Funded LESA, may not represent a sustainable solution for the Borrower's financial circumstances.

(1) Fully Funded LESA

Where the Mortgagee determines the Borrower has not demonstrated the willingness to meet their financial obligations as stated in [Satisfactory Credit History](#) and [Satisfactory Property Charge Payment History](#) and no [Extenuating Circumstances](#) can be documented, the Mortgagee must, at a minimum, require a [Fully Funded LESA](#).

Through the Fully Funded LESA the Mortgagee will use HECM proceeds to pay property taxes and insurance premiums on behalf of the Borrower. The Borrower remains responsible for timely payment of all other Property Charges.

(2) Partially Funded LESA

Where the Mortgagee determines the Borrower has demonstrated the willingness to meet their financial obligations as stated in [Satisfactory Credit History](#) and [Satisfactory Property Charge Payment History](#) but does not meet the [Residual Income Standard](#) and no [Compensating Factors](#) can be documented, the Mortgagee must, at a minimum, require a Partially Funded LESA.

The Mortgagee must determine whether the Partially Funded LESA will provide sufficient funds that will result in the Borrower meeting the Residual Income standard. If the establishment of the Partially Funded LESA will not result in the Borrower meeting the Residual Income standard, then the HECM is not a sustainable solution.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

A Partially Funded LESA is not required if the Borrower voluntarily requests a Fully Funded LESA.

If the amount of the Partially Funded LESA is greater than 75 percent of the Projected Life Expectancy Property Charges, a Fully Funded LESA must be required.

Through the Partially Funded LESA, the Borrower will receive semiannual payments from HECM proceeds to pay property taxes and insurance premiums. The Borrower remains responsible for timely payment of all Property Charges.

(3) Voluntary Fully Funded LESA

If a Partially or Fully Funded LESA is not required, the Borrower may voluntarily request a Fully Funded LESA to pay their property taxes and insurance premiums. If a Partially Funded LESA is required, the Borrower may voluntarily request a Fully Funded LESA. See [Voluntary Property Charge Funding Options](#).

(4) Calculation for Projected Life Expectancy Property Charges

Mortgagees must calculate Projected Life Expectancy Property Charges for each HECM using:

- 120 percent of the projected sum of:
 - o [current property taxes](#);
 - o [Hazard Insurance premiums](#); and
 - o [Flood Insurance premiums](#);
- the [HECM Expected Rate](#);
- the annual MIP rate; and
- the life expectancy of the youngest Borrower, with the Borrower age rounded up to the nearest whole year if the next birthday is less than 183 Days after the estimated date of closing.

The formula used to calculate Projected Life Expectancy Property Charges is:

$$\{1.2 \times (PC \div 12)\} \times \{(1 + c)^{m+1} - (1 + c)\} \div \{c \times (1 + c)^m\}$$

PC (Property Charges) divided by 12 is the current total monthly Property Charge for property taxes, Hazard Insurance, and Flood Insurance.

The current total monthly Property Charge is multiplied by 1.2 to take into account expected increases in property taxes and Hazard and Flood Insurance over the life expectancy of the youngest Borrower.

c is the monthly compounding rate which is defined as the Expected Rate plus the annual MIP rate divided by 12. The Expected Rate must be the same rate that is used to determine the Principal Limit.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

m is the Total Annual Loan Cost (TALC) life expectancy in total years of the youngest Borrower, with the Borrower age rounded up to the nearest whole year if the next birthday is less than 183 Days after the estimated date of closing, multiplied by 12 (e.g., for a 74-year-old Borrower whose birthday is more than 183 Days after the estimated date of closing, TALC life expectancy is 12 years multiplied by 12 months, which equals 144).

(5) Calculation for Fully Funded LESA

The formula to calculate the amount of the Fully Funded LESA is the same as the [Projected Life Expectancy Property Charges](#).

(6) Calculation for Partially Funded LESA

The formula used to calculate the amount of a Partially Funded LESA is:

$$(1.2 \times \text{MRIS}) \times \{(1 + c)^{m+1} - (1 + c)\} \div \{c \times (1 + c)^m\}$$

Monthly Residual Income Shortfall (MRIS) is the difference between the Borrower's monthly Residual Income and the applicable amount of Residual Income for the Borrower's geographic region and family size, based on the [Table of Residual Incomes by Region](#).

m is the TALC life expectancy in total years of the youngest Borrower, with the Borrower age rounded up to the nearest whole year if the next birthday is less than 183 Days after the estimated date of closing, multiplied by 12 (e.g., for a 75-year-old Borrower whose birthday is less than 183 Days from the estimated date of closing, TALC life expectancy equals 132, which is 11 years multiplied by 12 months).

c is the monthly compounding rate which is defined as the Expected Rate plus the annual MIP rate divided by 12. The Expected Rate must be the same rate that is used to determine the Principal Limit.

The MRIS is multiplied by 1.2 to take into account expected increases in property taxes and Hazard and Flood Insurance over the life expectancy of the youngest Borrower.

(7) Life Expectancy Set-Aside Growth Rate

All LESAs increase each month at a rate equal to one-twelfth of the sum of the Note rate plus the annual MIP rate from the date the loan is funded.

The LESA amount is determined at origination and the remaining LESA balance is adjusted monthly by applying the following formula:

$$LESA\ Balance_{current\ month} = LESA\ Balance_{prior\ month}(1 + d) - TMLD$$

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

$$d = \frac{(\text{Note rate} + \text{Annual MIP})}{12}$$

LESA Balance_{current month} is the LESA balance in the current month.

LESA Balance_{prior month} is the LESA balance in the prior month.

d is the LESA growth rate, which is one-twelfth of the sum of the Note rate plus the annual MIP rate.

TMLD is the LESA monthly distribution in the current month.

(8) Fully Funded LESA Information to the Borrower

The Mortgagee must inform the Borrower of the following:

- funds will be used to pay the taxing authority or insurance carrier directly;
- the Mortgagee is responsible for making timely payments to the taxing authority or insurance carrier when funds are sufficient;
- the projected amount of funds required to cover the LESA charges over the estimated life expectancy of the youngest Borrower may be insufficient to cover LESA charges for the full length of that specified amount of time;
- no funds will be available during any applicable Deferral Period for an Eligible NBS; and
- the Borrower is responsible for the payment of all Property Charges, including the LESA charges, over the life of the HECM when funds are insufficient or the balance of the LESA is zero.

For additional Property Charge Set-Aside requirements, see [Property Charge Set-Aside](#) in the HECM Servicing and Loss Mitigation section.

(9) Partially Funded LESA Information to the Borrower

The Mortgagee must inform the Borrower of the following:

- the Borrower will receive semiannual payments from the Set-Aside, which must be used to pay the taxing authority and/or insurance carrier;
- the Borrower is responsible for making timely payments to the taxing authority and/or insurance carrier over the life of the HECM;
- the projected amount of funds required to cover defined Property Charges over the estimated life expectancy of the youngest Borrower and the income assumptions used to project semiannual distributions to the Borrower may be insufficient to cover LESA charges for the full length of that specified amount of time;
- no funds will be available during any applicable Deferral Period for an Eligible NBS; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

- the Borrower will no longer receive semiannual payments and will continue to be responsible for the payment of all Property Charges, including the LESA charges, over the life of the HECM when funds are insufficient or the balance of the LESA is zero.

For additional Property Charge Set-Aside requirements, see [Property Charge Set-Aside](#) in the HECM Servicing and Loss Mitigation section.

(10) Voluntary Property Charge Funding Options

For adjustable rate HECMs, if the Mortgagee does not require a LESA, the Borrower must inform the Mortgagee of the manner in which to pay Property Charges. The Borrower may:

- elect to have a Fully Funded LESA;
- elect to have the Mortgagee pay such charges by withholding funds from monthly payments due to the Borrower or by charging such funds to a line of credit; or
- elect to be responsible for independent payment of all Property Charges.

For fixed rate HECMs, if the Mortgagee does not require a LESA, the Borrower must inform the Mortgagee of the manner in which to pay Property Charges. The Borrower may:

- elect to have a Fully Funded LESA; or
- elect to be responsible for independent payment of all Property Charges.

The Borrower may not cancel any voluntary election property charge payment option. If the HECM proceeds are insufficient to pay Property Charges, the Borrower must pay all Property Charges, even though the Borrower elected payment to be made by the Mortgagee. For additional Property Charge Set-Aside requirements, see [Property Charge Set-Aside](#) in the HECM Servicing and Loss Mitigation section.

(C) Required Documentation

Mortgagees must provide documented reasons for the amount a LESA has been funded and for approving the HECM when Borrowers do not meet the standards for [Satisfactory Credit History](#), [Satisfactory Property Charge Payment History](#), and [Residual Income](#).

viii. Assets

The underwriter must review the assets of a Borrower and verify that they have been supported with the proper documentation. See [Asset Requirements](#).

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

ix. Verifying Initial Mortgage Insurance Premium and Maximum Claim Amount

The underwriter must review the IMIP and MCA and verify that they have been supported with the proper documentation.

x. Servicing Fees

(A) Definitions

Servicing Fee refers to the monthly amount charged by the Mortgagee when the cost of servicing is not included in the Note rate.

Servicing Fee Set-Aside refers to an amount withheld from the HECM proceeds for the payment of the monthly servicing fee.

(B) Standard

The maximum servicing fee that may be charged on a fixed rate or an annually adjustable rate HECM is \$30 per month. The maximum servicing fee that may be charged on a monthly adjustable rate HECM is \$35 per month.

If the Mortgagee chooses to assess a servicing fee, they must establish a Servicing Fee Set-Aside based on payment of the monthly servicing fee calculated for the life expectancy of the youngest Borrower or Eligible NBS, if applicable.

Formula for Servicing Fee

$$S_k = FEE \times [(1+i)^{(m+1)} - (1+i)] / [i \times (1+i)^m]$$

S_k is the Servicing Fee Set-Aside required in the k th month of the HECM, where k at time of loan origination is equal to 1, for future payment of flat monthly loan servicing fees from the Borrower's account, and this amount is constant for the entire month.

i is the monthly compounding rate calculated as one-twelfth of the sum of the mortgage interest rate (Note rate) and the annual MIP rate.

m is the number of remaining months that the servicing fee could be collected, i.e., the remaining term on a tenure mortgage in the k th month of the HECM:

$$m = 12 \times (100 - \text{Borrower's Age}) - k + 1$$

Borrower's Age is the Borrower's age used to calculate the Principal Limit, and FEE is the monthly loan servicing fee charged to the Borrower's account.

Where loan servicing charges are included in the mortgage interest rate (Note rate) and are paid as a percentage of the outstanding loan balance, then FEE is zero, and the calculation of S_k results in a zero Set-Aside amount for all months.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

For all other cases, the Servicing Fee Set-Aside, S_k , will decrease as k increases, reaching zero for:

$$k = 12 \times (100 - \text{Borrower's Age})$$

xi. Borrower Approval or Denial

(A) Re-processing

The Mortgagee must re-evaluate a HECM when any data element of the HECM changes and/or new Borrower information becomes available. This includes information that may impact the:

- credit history review;
- property charge payment history review;
- monthly expense analysis;
- Effective Income analysis; and
- Residual Income analysis.

(B) Documentation of Final HECM Decision

The underwriter must complete the following documents to evidence their final HECM decision. The Mortgagee is responsible for providing well-documented reasons for approving the HECM when the Borrower does not meet the standards for [Residual Income](#), [Satisfactory Credit History](#), and [Satisfactory Property Charge Payment History](#), and all other financial assessment policies. The Mortgagee must complete the following documentation requirements.

(1) Financial Assessment Worksheet

The underwriter must record the following items on the [HECM Financial Assessment Worksheet](#):

- their decision;
- any [Extenuating Circumstances](#) and [Compensating Factors](#);
- any approval; and
- their Direct Endorsement Identification Number and signature.

(2) Form HUD-92800.5B, *Conditional Commitment Direct Endorsement Statement of Appraised Value*

The underwriter must confirm that form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, is completed as directed in the form instructions.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

5. Performing the Financial Assessment of the Borrower

(3) Form HUD-92051, *Compliance Inspection Report*, or Fannie Mae Form 1004D/Freddie Mac Form 442, *Appraisal Update and/or Completion Report*

The underwriter must confirm that form [HUD-92051](#), *Compliance Inspection Report*, or Part B of [Fannie Mae Form 1004D/Freddie Mac Form 442](#), *Appraisal Update and/or Completion Report*, is completed when required repairs must be completed before closing.

(4) Form HUD-92900-A, *HUD Addendum to Uniform Residential Loan Application*

The underwriter must complete form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, as directed in the form instructions.

An authorized officer of the Mortgagee, Borrower, Eligible NBS, and the underwriter must execute form HUD-92900-A, as indicated in the instructions.

(C) Test Case Phase

For cases involving Mortgagees that receive a Direct Endorsement Program Test Case Phase approval letter from ~~FHA a Homeownership Center (HOC)~~, the Mortgagee must complete and submit the processed HECM application and [Documentation of Final HECM Decision](#) post-closing to FHA for review and issuance of a *Firm Commitment* or Rejection Notice. See [Test Case Phase](#).

(D) Conditional Approval

The underwriter must condition the approval of the Borrower on the completion of the final *RLARM* and form [HUD 92900-A](#) at or before closing if the underwriter relied on an initial *RLARM* and form HUD-92900-A in processing the HECM.

(E) Notification of Borrower of Approval and Term of the Approval

The Mortgagee must timely notify the Borrower of their approval. The underwriter's approval or the *Firm Commitment* is valid for the greater of 90 Days or the remaining life of the:

- Conditional Commitment Direct Endorsement Statement of Appraised Value issued by HUD; or
- underwriter's approval date of the Property, indicated as the Action Date on form [HUD-92800.5B](#).

(F) Borrower and Seller Inspection of the HUD-1 Settlement Statement

The Mortgagee must prepare the HUD-1 Settlement Statement (HUD-1) at least one business day before closing. The Mortgagee must provide a copy of the HUD-1 to the Borrower and seller at least one business day prior to closing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

Mortgagees are responsible for the accuracy of the HUD-1. Errors reported by the seller or Borrower must be resolved prior to the date of closing.

(G) Responsibilities upon Denial

When a HECM is denied, the Mortgagee must comply with all requirements of the [FCRA](#), and the [Equal Credit Opportunity Act \(ECOA\)](#), as implemented by Regulation B ([12 CFR Part 1002](#)).

6. Closing

a. Mortgagee Closing Requirements (04/10/2025)

The case binder must contain the required documents identified on the [HECM Required Documents for Endorsement](#) stacking order and include all documentation that has been relied upon in support of the Mortgagee's decision to approve the HECM.

i. Title

The Mortgagee must ensure that all objections to title have been cleared and any discrepancies have been resolved to ensure that the HECM liens are the first and second (if applicable) lien(s) of record.

(A) Good and Marketable Title

(1) Standard

The Mortgagee must determine if there are any exceptions to good and marketable title not covered by the General Waiver. See [General HECM Insurance Eligibility](#) and [24 CFR § 203.389](#).

The Mortgagee must review any exceptions discovered during the title search and decide whether such title exceptions affect the Property's value and/or marketability.

If the Mortgagee determines that any exception affects the Property's value and/or marketability, the Mortgagee must request a waiver.

(2) Required Documentation

The Mortgagee must obtain Title Evidence demonstrating good and marketable title.

(B) Requests for Title Exceptions Not Covered by the General Waiver

The Mortgagee must [submit](#) a request for a waiver when the Title Exception is not covered by the General Waiver to the ~~attention of the Processing and Underwriting Division Director at the Jurisdictional HOC~~ **FHA Resource Center at**

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

answers@hud.gov prior to endorsement. The request must include the case number, the specific guideline, and the reason the Mortgagee is asking for the waiver. If the ~~Jurisdictional HOC grants the requested~~ waiver ~~is granted~~, the HOC ~~FHA~~ will notify the Mortgagee in writing. The Mortgagee must place the notice of approval in the mortgage file.

If the waiver request is denied and good and marketable title is not obtained, the HECM is not eligible for FHA insurance.

(C) Evidence of Hazard Insurance Policy

Mortgagees must verify evidence of a Hazard Insurance policy that is at least equal to the value of insurable property improvements.

For condominiums, see the Condominiums – [Insurance](#) section.

(D) Evidence of Title Insurance Policy or Commitment

The Mortgagee must verify evidence of a title insurance policy at least equal to the MCA. The title insurance policy must show that:

1. the Borrower owns or, for purchase transactions, will own the Property:
 - in Fee Simple; or
 - on a Leasehold that is under a lease with a duration lasting until the later of:
 - o a renewable lease for not less than 99 years; or
 - o a lease with the actuarial life expectancy of the Mortgagor; and
2. the Mortgage will be a first lien of record when recorded.

(E) Manufactured Housing

Good and marketable title showing the Manufactured Home and land are classified as real estate at the time of closing is required.

If there were two existing titles at the time the housing unit was purchased, the Mortgagee must ensure that all state or local requirements for proper purging of the title (chattel or equivalent debt instrument) have been met, and the subject Property is classified as real estate prior to endorsement. The Manufactured Home need not be taxed as Real Property.

ii. Legal Restrictions on Conveyance (Free Assumability)

The Mortgagee must determine that there are no legal restrictions on conveyance in accordance with [24 CFR § 206.45\(e\)](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

iii. Closing in Compliance with Mortgage Approval

The Mortgagee must instruct the settlement agent to close the HECM in the same manner in which it was approved.

The Mortgagee must ensure that the conditions listed on form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, and/or form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, are satisfied.

iv. Principal Limit Calculation at Closing

(A) Definition

Float Down Option refers to the calculation of the Principal Limit at closing when the Expected Rate in effect on the date of closing is lower than the Expected Rate used when the lock-in agreement was signed by the Borrower.

(B) Standard

The Mortgagee must calculate the Principal Limit at closing if there is no lock-in agreement. In accordance with the lock-in agreement terms and conditions, if the lock-in agreement includes a float down option, the Mortgagee may recalculate the Principal Limit if the Expected Rate in effect on the date of closing has declined and is now lower than the Expected Rate used for the lock-in agreement.

The Mortgagee is not permitted to charge a fee for recalculating the Principal Limit.

The Mortgagee must verify the Principal Limit Factor is based on the age of the youngest Borrower or Eligible NBS, rounded up to the nearest whole year if the next birthday is less than 183 Days after closing.

v. Establishing the Note Rate

The Mortgagee must use indices in effect on the date of closing to calculate the first year accrual rate. For adjustable interest rate HECMs, the Mortgagee must use the same mortgagee's margin that was used to calculate the Principal Limit amount for the initial Note rate and the periodic adjustments to the Note rate.

For all interest rate options, the index value used to determine the initial Note rate and periodic adjustments must not be below zero.

In the event the current index for an adjustable interest rate HECM falls below zero, the current index will be deemed to be zero for purposes of calculating the Borrower's Note rate.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

(A) Constant Maturity Treasury Index

The weekly averages of the one-month, one-year, and Constant Maturity Treasury (CMT) indices are published in the [Federal Reserve Board Statistical Release H.15](#). The weekly averages of the 1-month and 1-year CMT are available in the “Treasury constant maturities” section of the H.15.

Mortgagees closing a HECM on Monday must use the index from the Statistical Release issued the previous Monday (one week earlier).

(B) Secured Overnight Financing Rate (SOFR) Index

The Federal Reserve Bank of New York publishes the [30-day average SOFR index](#) each business day on their website. The Mortgagee must use the rate published on the first business day of each week and which is in effect the next day after the index is published. The rate remains in effect until the subsequent index rate becomes effective the following week. The published 30-Day Average SOFR index figure shall be rounded to three digits to the right of the decimal point.

Mortgagees closing a HECM on Monday must use the index issued the previous Monday (one week earlier).

vi. Assignment Insurance Option

(A) Definition

Assignment Insurance Option refers to a Mortgagee’s right to assign the HECM to HUD when the outstanding balance is equal to or greater than 98 percent of the MCA, or when a request for a line of credit draw will cause the outstanding balance to equal or exceed 98 percent of the MCA.

(B) Standard

The Mortgagee must designate the assignment insurance option.

vii. Closing in the Mortgagee’s Name

A HECM may close in the name of the Mortgagee or the sponsoring Mortgagee, the principal, or the authorized agent. TPOs that are not FHA-approved Mortgagees may not close in their own names or perform any functions in [FHAC](#).

viii. Required Forms

The Mortgagee must use the [forms and/or language](#) prescribed by FHA in the legal documents used for closing the HECM.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

(A) Mortgage and Note

The Mortgagee must complete a first Mortgage and first Note (fixed or adjustable rate) to secure any payments made by the Mortgagee to the Borrower.

(B) Second Mortgage and Note

For adjustable rate HECMs, the Mortgagee must complete a second Mortgage and second Note to secure any payments that may be made by HUD to the Borrower.

For fixed rate HECMs, a second Mortgage and Note are optional.

(C) Condominium

If the HECM to be insured is secured by a Condominium Unit, the appropriate mortgage rider must be used. The Mortgagee must obtain the certificate of insurance or complete copy of the insurance policy.

(D) HECM Repair Rider

The Mortgagee must verify the amount of the Repair Set-Aside is equal to 150 percent of the cost of the required repairs, plus the repair administration fee.

The Mortgagee must obtain a Repair Rider, signed and dated by the Borrower, when the required repairs will be completed after closing.

(E) Payment of Property Charges

The Mortgagee must verify the loan agreement includes the Borrower's designation for payment of Property Charges.

ix. HECM Borrower, Non-Borrowing Spouse, and Non-Borrowing Owner Certifications

(A) Standard

The Mortgagee must obtain the Borrower's and NBS's signatures on form [HUD-92900-A](#).

The Mortgagee must confirm whether all Borrowers are legally married and obtain the appropriate certification from each Borrower and any NBS. The required certifications, if applicable, are:

- unmarried Borrower;
- married Borrower with Eligible NBS;
- married Borrower with Ineligible NBS;
- Eligible NBS; or
- Ineligible NBS.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

The Mortgagee must obtain certifications from the NBS and any Non-Borrowing Owner that show:

- consent to the Borrower to obtain HECM financing;
- acknowledgement of the terms and conditions of the Mortgage; and
- acknowledgement that the Property will serve as collateral for the HECM as evidenced by the first and second HECM liens.

(B) Required Documentation

At closing, Mortgagees must obtain all required certifications from each Borrower, NBS, and Non-Borrowing Owner.

x. Designation of Alternate Individual

(A) Definition

The Home Equity Reverse Mortgage Information Technology (HERMIT) System refers to HUD's HECM Servicing platform for collecting MIP, managing all servicing activities and paying insurance claims. See the [HERMIT User Guide](#) for detailed information regarding using the platform.

(B) Standard

Prior to or at closing, the Mortgagee must request that the Borrower designate an alternate individual for the purpose of communicating with the Mortgagee if the Mortgagee is unable to reach the Borrower for any reason, including death or incapacitation. The designation of the alternate individual is at the discretion of the Borrower.

The Mortgagee must use the [HERMIT](#) System to enter contact information for the alternate individual, if provided.

If the Mortgagee is unable to make contact or communicate with the Borrower for any reason, including death or incapacitation, the Mortgagee must communicate with the alternate individual, if one has been designated by the Borrower.

xi. Principal Residence Verification

The Mortgagee must ensure the Property is the Principal Residence of each Borrower and Eligible NBS.

xii. Required Closing Certifications

(A) Borrower Certification

The Borrower must sign the certification to the [Addendum to HUD-1](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

(B) Settlement Agent Certification

The settlement agent must sign the certification to the [Addendum to HUD-1](#).

(C) Lender Certification

The Mortgagee must sign the certifications on form [HUD-92900-A](#) in accordance with the instructions provided on the form.

xiii. Inspection and Repair Requirements for HECMs Pending Closing in Presidentially-Declared Major Disaster Areas

(A) Standard

All Properties with HECMs pending closing in areas under a Presidentially-Declared Major Disaster Area (PDMDA) designated for individual assistance must have an onsite damage inspection report that identifies and quantifies any dwelling damage, which includes interior and exterior photographs. The damage inspection report must be completed by an FHA Roster Appraiser even if the inspection shows no damage to the Property, and the report must be dated after the Incident Period (as defined by [FEMA](#)) or 14 Days from the Incident Period start date, whichever is earlier. The Appraiser may, at their discretion, perform a Remote Observation of the Property. If the effective date of the appraisal is on or after the date required above for an inspection, a separate damage inspection report is not necessary.

FHA does not require the Appraiser to ensure utilities are on at the time of this inspection if they have not yet been restored for the area.

Damage inspections may be completed by any FHA Roster Appraiser in good standing with geographic competence in the affected market. If the Mortgagee uses a different Appraiser than the Appraiser that did the original inspection of the Property, the Appraiser performing the damage inspection must be provided with a complete copy of the original appraisal.

All damages must be repaired by licensed contractors or according to local jurisdictional requirements. All damages, regardless of amount, must be repaired and the Property restored to pre-loss condition with appropriate and applicable documentation.

Based on the damage amount, repairs may be:

- completed prior to closing; or
- completed after closing provided that required repairs are included in a Repair Rider, if sufficient funds are available for a Repair Set-Aside, and repair costs do not exceed permissible thresholds. See [Pending HECM Closing](#) table.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

For HECM for Purchase transactions, see the [Inspection and Repair Requirements for HECMs Pending Closing in Presidentially-Declared Major Disaster Areas](#) section in the HECM for Purchase product sheet.

(B) Required Documentation

Mortgagees must include the damage inspection report in the case binder for all Properties. The following table shows additional required documentation based on the extent of damages.

Pending HECM Closing	
If...	Then...
No damage exists,	Close HECM and provide initial damage inspection report.
Damages are below \$5,000 and Property is habitable,	Complete repairs prior to closing and provide initial damage inspection report; or Establish Repair Set-Aside prior to closing and provide initial damage inspection report and Repair Rider. See Required Repairs in the HECM for Purchase product sheet.
Damages are \$5,000 or above and the Property is habitable,	Do not close the HECM. Repairs must be completed prior to closing. Provide initial and final damage inspection report.
The Property is not habitable,	Do not close the HECM. Repairs must be completed prior to closing. Provide initial and final damage inspection report.

(C) Pre-closing Appraisal Validity in Disaster Areas

For HECMs that are not closed prior to the Incident Period, as defined by [FEMA](#), in PDMDAs where a damage inspection report reveals property damage, the appraisal validity period is extended from 180 Days to a maximum of one year from the effective date of the original appraisal.

In no instance will an appraisal be acceptable for a mortgage closing that has an effective date beyond one year. HECMs with appraisals having effective dates in excess of one year require a new appraisal.

xiv. Closing Costs and Fees

(A) Standard

The Mortgagee must ensure that all fees charged to the Borrower comply with all applicable federal, state, and local laws and disclosure requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

The Mortgagee must ensure, after the initial payment of HECM proceeds, that there will be no outstanding or unpaid obligations incurred by the Borrower in connection with the HECM transaction, except in cases involving loan servicing charges and any Repair Set-Aside.

(1) Mandatory Obligations

(a) Definition

Mandatory Obligations refer to fees and/or charges incurred in connection with the origination of the HECM that are requirements for loan approval and which will be paid at closing or during the First 12-Month Disbursement Period.

(b) Standard

The Mortgagee must ensure the Borrower's Mandatory Obligations are paid off.

Mandatory Obligations are limited to:

- IMIP;
- loan origination fee;
- HECM counseling fee;
- reasonable and customary amounts, but not more than the amount actually paid by the Mortgagee for any of the following items:
 - o recording fees and recording taxes or other charges incident to the recordation of the HECM;
 - o credit report;
 - o survey, if required by the Mortgagee or the Borrower;
 - o title examination;
 - o Mortgagee's title insurance;
 - o fees paid to an Appraiser for the appraisal of the Property; and
 - o flood certification;
- repair administration fee;
- Repair Set-Asides;
- delinquent Federal Debt;
- amounts required to discharge any existing liens on the Property:
 - o judgment liens recorded against the Property secured by the HECM;
- customary fees and charges for warranties, inspections, surveys, and engineer certifications;
- funds to pay contractors who performed repairs as a condition of closing, in accordance with standard FHA requirements for repairs required by the Appraiser;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

- property tax, Flood and Hazard Insurance payments required by the Mortgagee to be paid at closing;
- for fixed rate HECMs: the total amount of Property Charges scheduled for payment during the First 12-Month Disbursement Period from a Fully Funded LESA. Mortgagees must use the actual insurance premium and actual tax amount; and
- for adjustable rate HECMs:
 - o the total amount of property charge payments scheduled for payment from the Borrower-authorized option as set forth in [24 CFR § 206.205](#) during the First 12-Month Disbursement Period;
 - o the total amount of semiannual Disbursements scheduled to be made during the First 12-Month Disbursement Period to the Borrower from a Partially Funded LESA; and
 - o the total amount of Property Charges scheduled for payment during the First 12-Month Disbursement Period from a Fully Funded LESA. Mortgagees must use the actual insurance premium and actual tax amount.

(2) Seasoning Requirements for Existing Non-HECM Liens

(a) Standard

The Mortgagee must determine the age of the lien and, if necessary, the amount of funds provided to the Borrower. The Mortgagee may use HECM proceeds to pay off existing non-HECM liens if:

- the liens have been in place for longer than 12 months prior to the date of the HECM closing;
- the lien resulted in the Borrower receiving \$500 or less in cash, whether at closing or through cumulative draws prior to the date of the HECM closing; or
- the lien has been in place for 12 months or less prior to the date of the HECM closing, but funds were used exclusively for the purpose of making required repairs needed to satisfy MPR or MPS.

For a Home Equity Line of Credit (HELOC) that does not meet the seasoning requirements above, the Mortgagee may pay off the Borrower's HELOC using Borrower funds, the HECM proceeds, or a combination of HECM proceeds and Borrower funds, as long as the Initial Disbursement Limit or Borrower's Advance remains at or under 60 percent of the Principal Limit.

(b) Required Documentation

To document the age of the lien, the Mortgagee must use the HUD-1, Closing Disclosure, or other documents, such as a title report, credit reports, or documents related to the transaction that contain the required information.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

To document the Borrower received \$500 or less in cash, the Mortgagee must review the HUD-1 or equivalent document from the transaction that resulted in a lien that is to be paid off using HECM proceeds, the payoff statement, or documents related to the transaction.

To document the use of funds from a lien in place for 12 months or less, where more than \$500 was received by and/or disbursed to the Borrower, and such funds were utilized for home improvements, the Mortgagee must collect documentation, such as canceled checks, paid contractor invoices, or other documents evidencing actual use of loan funds.

For HELOCs, the Mortgagee must obtain the most recent HELOC statement or its equivalent.

(3) Third-Party Fees

The Mortgagee may charge the Borrower third-party fees incurred to originate the HECM. ~~The local HOC~~ **FHA** may authorize or reject any other charge, or the amount of any charge, based on what is reasonable and customary in the area.

(a) Appraisal Fee and Inspection Fee

The Mortgagee may charge reasonable and customary amounts, but not more than the amount actually paid by the Mortgagee. The Borrower may finance the cost of a second appraisal required by the collateral risk assessment.

(b) Credit Report

The Mortgagee may charge the actual cost for a merged-in file report, which contains the information currently available from three consumer credit information repositories.

(c) Deposit Verification Charge

The Mortgagee may charge the actual charge imposed by the depository institution or TPV.

(d) Document Preparation Fee

The Mortgagee may charge a document preparation fee if this service is performed by a third party who is not controlled by the Mortgagee. The Mortgagee may not charge a fee if it performs this service itself.

(e) Property Survey

The Mortgagee may charge a property survey fee if a survey is required by the Mortgagee. A survey is not required by FHA.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

(f) Title Examination and Title Insurance Policy

A title insurance policy at least equal to the MCA must be submitted in the closing package, and the Borrower may pay for these items.

(g) Attorney's Fees

The Mortgagee may charge Attorney's Fees only if the attorney is not an employee of the Mortgagee or is not an attorney who routinely receives referrals from a particular Mortgagee and issues the title insurance. If an attorney who is not an employee of the Mortgagee is routinely used on referral from the Mortgagee to close loans and issue title insurance, the Borrower may only be charged a notary fee.

(h) Settlement Fees

The Mortgagee may charge settlement fees only if the closing agent is not an employee of the Mortgagee. A fee may be charged if the settlement agent is an independent company or a subsidiary of the Mortgagee that regularly closes loans for several different Mortgagees.

(i) Sponsored Third-Party Originator

The Mortgagee may pay fees for services performed by a sponsored TPO from the loan origination fee.

(j) Tax Service Fee

The Mortgagee may charge the Borrower a tax service fee to verify the Borrower's [property tax payment history](#) from all taxing authorities and the annual amount of property taxes due. The maximum fee must be a reasonable and customary amount and may not exceed the actual amount paid by the Mortgagee.

(k) Recording Fees and Taxes

The Mortgagee may charge recording fees on the first and second Mortgages that are customary or required in the area, and recording taxes on the first Mortgage that are required. The second Mortgage is not subject to any state or local recording taxes, or stamp taxes, because the second Mortgage is a Mortgage to the federal government.

(l) Tests or Treatments

The Mortgagee may charge for tests or treatments required by FHA such as tests of water supplies, soil percolation tests for individual septic systems, or testing for or treating insect infestation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

(m) Courier Fees

Upon Borrower request, the Mortgagee may charge a courier fee for delivery of a mortgage Payoff to a lien holder and for closing documents to and from the settlement agent. If this arrangement will take place, a written agreement between the Borrower and the Mortgagee must be executed before closing.

Online processing and delivery of a mortgage Payoff to a lien holder and for closing documents to and from the settlement agent are the sole responsibility of the Mortgagee and must be paid from the loan origination fee.

(4) Property Assessed Clean Energy

The PACE obligation must be paid off in full at closing. The Borrower may use HECM proceeds to satisfy the PACE obligation. For HECM for Purchase transactions, see the [Property Assessed Clean Energy](#) section of the product sheet.

(5) Prohibition on Non-Mandatory Obligations

Judgments that appear on the credit report or on public records that are not liens against the Property secured by the HECM are not Mandatory Obligations and may not be paid off at closing using HECM proceeds.

Uniform Commercial Code liens placed against leased equipment or a leased energy system is not a Mandatory Obligation and may not be paid off at closing using HECM proceeds.

(6) Collecting Customary and Reasonable Fees

The Mortgagee may collect customary and reasonable amounts, but not more than the amount actually paid by the Mortgagee, for any of the following items:

- recording fees and recording taxes, or other charges incident to the recordation of the insured Mortgage;
- credit report;
- survey, if required by the Mortgagee or the Borrower;
- title examination;
- Mortgagee's title insurance;
- fees paid to an Appraiser for the initial appraisal of the Property;
- flood certifications;
- third-party property tax verification fee; and
- repair administration fee.

If the Property requires repairs after closing in order to meet FHA requirements, the Mortgagee must collect the repair administration fee by adding it to the mortgage balance.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

(7) Loan Origination Fees

(a) Definition

Loan Origination Fee refers to charges and fees incurred in connection with the origination, processing, and closing of the HECM.

(b) Loan Origination Fee Calculation

The Mortgagee may charge an origination fee which is the greater of:

- \$2,500; or
- 2 percent of the MCA of \$200,000, plus 1 percent of any portion of the MCA that is greater than \$200,000.

The total amount of the loan origination fee may not exceed \$6,000. Mortgagees may accept a lower origination fee.

Mortgagees may pay fees for services performed by a sponsored TPO and these fees may be included as part of the loan origination fee. The loan origination fee may be fully financed with the Mortgage.

(B) Required Documentation

The Mortgagee must obtain the final HUD-1 Settlement Statement or similar legal document from the settlement agent.

xv. Payment of Initial Mortgage Insurance Premium

Payment of IMIP is processed automatically once the originating Mortgagee or servicing Mortgagee completes loan setup in [HERMIT](#). Mortgagees may pay a portion or full amount of IMIP. For HECM for Purchase transactions, see the [Initial Mortgage Insurance Premium Amount](#) section of the product sheet.

xvi. Annual Mortgage Insurance Premium

The Mortgagee must remit the monthly MIP on the outstanding balance from the latter of the date of closing or the day after the expiration of the rescission period.

xvii. Closing Date

The Mortgagee must enter the Closing Date in block I on page 1 of the HUD-1.

xviii. Disbursement Date

(A) Definition

The Disbursement Date refers to the date the proceeds of the HECM are made available to the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

(B) Standard

The Disbursement Date must occur before the expiration of the FHA-issued *Firm Commitment* or Direct Endorsement approval and credit documents. The Mortgagee must enter the Disbursement Date in block I on page 1 of the HUD-1.

xix. Upload of Marriage Documentation in HERMIT for Eligible Non-Borrowing Spouse

Once the originating Mortgagee or servicing Mortgagee completes loan setup in [HERMIT](#), the Mortgagee must upload a copy of the Borrower and Eligible NBS's marriage certificate, legal opinion certifying the validity of the marriage, or other evidence sufficient to establish the legal validity of the marriage in HERMIT.

xx. Right of Rescission and Interest Accruals

HECM proceeds may not be disbursed until after the expiration of the three-day rescission period under 12 CFR Part 1026, if applicable.

The interest charged on the outstanding loan balance must begin to accrue from the Disbursement Date and must be added to the outstanding loan balance monthly. Mortgagees are prohibited from charging interest on funds held available for the Borrower during the three-day rescission period.

xxi. Signatures

The Mortgagee must ensure that the Mortgage, Note, and all closing documents are signed by all required parties in accordance with [Borrower Eligibility](#).

The Mortgagee must ensure that the signatures block on the Mortgage follows the Fannie Mae/Freddie Mac format, with the following exceptions: witness signatures are only required if witnesses are required by state law; and the Borrower's SSN may be omitted.

xxii. Use of Power of Attorney at Closing

(A) Standard

A Borrower, NBS, or Non-Borrowing Owner may designate an attorney-in-fact to use a POA (durable or otherwise) to sign documents on their behalf at closing.

Unless required by applicable state law, or as stated in the Exception below, or they are a Family Member of the Borrower, NBS, or Non-Borrowing Owner, none of the following persons connected to the transaction may sign the security instrument or Note as the attorney-in-fact under a POA:

- Mortgagee or any employee or Affiliate;
- HECM originator or employer or employee;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

- title insurance company providing the title insurance policy, the title agent closing the HECM, or any of their Affiliates; or
- any real estate agent or any person affiliated with such real estate agent.

(B) Exception

Closing documents may be signed by an individual who is connected to the transaction provided they are listed as an attorney-in-fact in a POA expressly authorizing them to execute the required documents on behalf of a Borrower, NBS, or Non-Borrowing Owner. Acceptance of such an attorney-in-fact's signature is further conditioned upon the attorney-in-fact obtaining, in a recorded interactive session conducted via the internet, a statement that the Borrower, NBS, or Non-Borrowing Owner has:

- confirmed their identity; and
- reaffirmed, after an opportunity to review the required mortgage documents, their agreement to the terms and conditions of the required mortgage documents evidencing such transaction and to the execution of such required Mortgage by such attorney-in-fact.

(C) Required Documentation

The Mortgagee must obtain copies of the signed initial and final *RLARM*, loan agreement, *Certificate of HECM Counseling*, and Part IV of the initial form HUD-92900-A signed by the Borrower or attorney-in-fact in accordance with [Signature Requirements for All Application Forms](#).

xxiii. Use of Court-Appointed Conservator or Guardian

(A) Standard

A court-appointed conservator or guardian may execute any necessary documents of any Borrower, NBS, or Non-Borrowing Owner lacking legal competency.

(B) Required Documentation

The Mortgagee must obtain a copy of the court order granting the conservator or guardian the authority to act for and/or obligate the Borrower, NBS, or Non-Borrowing Owner.

b. Mortgage and Note (04/29/2024)

i. Definitions

Mortgage refers to any form of security instrument that is commonly used in a jurisdiction in connection with a loan secured by a one- to four-family residential Property and the land on which it is situated, such as a deed of trust or security deed or land contract.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

6. Closing

Note refers to any form of credit instrument commonly used in a jurisdiction to evidence a Mortgage.

ii. Standard

The Mortgagee must develop or obtain a separate Mortgage and Note that conforms generally to the Freddie Mac and Fannie Mae forms in both form and content, but that includes the specific modification required by FHA set forth in the applicable [Model Note and Mortgage](#). The Mortgagee must ensure that the Mortgage and Note comply with all applicable federal, state, and local requirements for creating a recordable and enforceable Mortgage, and an enforceable Note.

All Borrowers obligated on the Note must be on the title to the Property. The HECM must be executed by all parties necessary to make the lien valid and enforceable under state law.

Mortgagees originating a HECM in escrow closing states must arrange to have the Borrower sign the Note while the same interest rates are in effect as when the mortgage documents are drawn.

(A) Maximum Mortgage Amount

FHA policy does not require a maximum mortgage amount to be stated in the Mortgage. Where state law requires the Mortgage to reflect a maximum mortgage amount, the Mortgagee must use an amount that is at least equal to 150 percent of the MCA. When a maximum mortgage amount is stated in the Mortgage, the Mortgagee is not secured for payments to the Borrower beyond the stated amount. Where state law does not require the Mortgage to reflect a maximum mortgage amount, the Mortgagee may use an amount that is at least equal to 150 percent of the MCA.

(B) Rounding Interest Rates

The Mortgagee may round the Expected Rate or the initial Adjustable Rate Mortgage (ARM) Note rate to the nearest one-eighth of one percentage point. The Mortgagee may round both rates, only one rate, or none of the rates.

The Mortgagee must maintain the same rounding throughout the life of the HECM.

(C) Commingling of Index Types

Commingling of index types between the Expected Rate and Note rate is only allowed for annual adjustable rate HECMs.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

c. Adaptation of Loan Documents (04/29/2024)

Mortgagees must make the necessary and appropriate modifications to the Mortgage, Note, and the loan agreement to ensure compliance with FHA requirements as well as other federal, state, and local laws. Mortgagees may make adaptations without HUD approval.

d. Disbursement of HECM Proceeds (04/29/2024)

The Mortgagee must verify that HECM proceeds are disbursed in the proper amount to the Borrower or to the debt holder. At closing, the HECM proceeds disbursed by the Mortgagee and any funds received from, or on behalf of, the Borrower must equal the total required for closing.

The sum of all advances permitted under the HECM must not exceed the Principal Limit. The Borrower may bring available funds to closing to bring the sum of all anticipated advances within the Principal Limit. See [Insufficient HECM Proceeds](#).

i. Insufficient HECM Proceeds

If there are insufficient funds for Disbursement, the Mortgagee must ensure the Borrower brings funds to closing to satisfy all obligations in excess of the Initial Disbursement Limit or Borrower's Advance, which cannot exceed the Principal Limit.

ii. Required Documentation

The Mortgagee must obtain a signed and dated [Payment Plan Exhibit](#) from the Borrower.

7. Post-closing and Endorsement

a. Pre-endorsement Review (04/29/2024)

The Mortgagee must complete a pre-endorsement review of the mortgage file to ensure all applicable documents as described in the [Assembly of Case Binder for Electronic Submission](#) are included in the endorsement submission. The Mortgagee must exercise due diligence in performing its pre-endorsement responsibilities. This review must be conducted by staff not involved in the originating, processing, or financial assessment of the HECM. The case binder must contain all documentation relied upon by the Mortgagee to justify its decision to approve the HECM.

b. Mortgagee Pre-endorsement Review Requirements (08/19/2024)

When conducting the pre-endorsement review, the Mortgagee must review and verify data entered in FHA Connection is accurate and correct based on documentation contained in the case binder. The Mortgagee must also review and verify the following items, as applicable. All documents must be legible.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

i. HECM Late Submission Letter

The Mortgagee must confirm that the [Late Submission](#) Letter is completed, if necessary.

ii. Financial Assessment Worksheet or Equivalent

The Mortgagee must confirm that the form is completed, containing all information for HECM approval and LESA requirements. The form must be signed and dated by the underwriter.

iii. Borrower and Non-Borrowing Spouse Certifications

The Mortgagee must confirm any required certification is completed in accordance with FHA requirements.

iv. Evidence of Age

The Mortgagee must confirm evidence of the Borrower's age and the NBS's age, if applicable, is included.

v. Evidence of the Social Security Number

The Mortgagee must confirm that the HECM file contains evidence of the Borrower's and any Eligible NBS's SSN.

vi. HECM Counseling Certificate

The Mortgagee must confirm that the HECM file contains the *Certificate of HECM Counseling*, received from a Participating Agency and signed by the HECM counselor and all individuals required to complete HECM counseling.

The Mortgagee must confirm that the HECM file contains evidence of lack of Borrower, NBS, and Non-Borrowing Owner competency if HECM counseling is not provided directly to any HECM Borrower, NBS, or Non-Borrowing Owner.

vii. Note (Including HECM Second Note, if Applicable)

The Mortgagee must confirm that the Note is the Authoritative Copy, the Borrower name on the Note matches that on the *RLARM*, and the required language from the [Model Note](#) is present. The Mortgagee must also confirm that:

- the Note has been executed;
- the maximum principal amount, if required by state law, is not higher than the amount referenced on the security instrument; and
- all applicable allonges, agreements, and riders are properly executed.

The Mortgagee must confirm that the HECM file contains a copy of the HECM First Note and HECM Second Note, if applicable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

The Mortgagee must ensure that the HECM Second Note, if applicable, is mailed directly to HUD's HECM servicing contractor.

viii. HECM Security Instrument

The Mortgagee must confirm that the security instrument:

- is the Authoritative Copy;
- has been executed (along with all riders indicated on the last page of the security instrument);
- includes, as applicable, a mortgage amount that is at least equal to 150 percent of the MCA;
- lists the same property address as the *RLARM* (Fannie Mae Form 1009); and
- lists the FHA case number.

After closing, the Mortgagee must record the first Mortgage.

ix. HECM Second Security Instrument, if Applicable

After closing, the Mortgagee must record the second Mortgage. The second Mortgage is not subject to any state or local recording taxes or stamp taxes because the second Mortgage is a Mortgage to the federal government. Recording fees, which are a charge for a service, may be imposed by the local recording office.

The Mortgagee must confirm that the HECM file contains a copy of the second security instrument, if applicable.

The Mortgagee must ensure that the recorded HECM second security instrument is mailed directly to HUD's HECM servicing contractor.

x. Settlement Statement and Settlement Certification

Mortgagees are responsible for the accuracy of the Settlement Statement or similar legal document.

The Mortgagee must confirm that the Settlement Statement or similar legal document and the Settlement Certification, if applicable, are complete and signed by the Borrower, seller, as applicable, and settlement agent. If the HUD-1 Settlement Statement or similar legal document is provided separately, the Mortgagee must obtain from the Closing Agent a copy of the final statement provided to the seller to keep in the case binder.

The Settlement Statement or similar legal document must indicate that all existing mortgage liens have been fully satisfied or are subordinate to the first and second HECM liens.

The [Settlement Certification](#) must contain certification language.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

Mortgagees may not change or alter the certification language; exact wording must be used. A Notice of Rejection will be issued when the certification is missing from the FHA case binder.

xi. Payoff Demands

The Mortgagee must confirm the most recent payoff demand for any mortgage debt paid off using HECM proceeds is included.

xii. Notice to Borrower

The Mortgagee must confirm the notice is included.

xiii. Loan Agreement and Related Exhibits

The Mortgagee must confirm the original loan agreement and the following related exhibits are accurate:

- schedule of closing costs and liens;
- payment plan; and
- Repair Rider, if applicable.

The Mortgagee must confirm that the HECM file contains a copy of the loan agreement and related exhibits.

The Mortgagee must ensure the original HECM loan agreement and exhibits are mailed directly to HUD's HECM servicing contractor.

xiv. Final Residential Loan Application for Reverse Mortgages

The Mortgagee must confirm the *RLARM* is signed and dated by the Mortgagee and all Borrowers and/or, if applicable, attorney-in-fact. If the final *RLARM* is not signed by the Mortgagee, the initial application signed by the Mortgagee is acceptable.

xv. Form HUD-92900-A, *HUD Addendum to Uniform Residential Loan Application*

The Mortgagee must confirm that form [HUD-92900-A](#), *HUD Addendum to Uniform Residential Loan Application*, is completed as instructed by FHA and *RLARM*.

xvi. Seasoning Documentation

The Mortgagee must confirm documentation supporting compliance with seasoning requirements for existing non-HECM liens is included, if applicable.

xvii. Financial Assessment Documentation

The Mortgagee must confirm that documentation verifying and supporting the following is included:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

- credit history, including a credit report;
- evidence of CAIVRS authorization code;
- evidence that the SAM Excluded Parties List and HUD's [Limited Denial of Participation List](#) was checked;
- income verification;
- asset verification;
- property charge verification;
- Residual Income analysis worksheet;
- tax deferral waiver or exemption;
- HECM for Purchase transactions must include documentation to indicate the Borrower's recent debts were not borrowed to meet the monetary investment requirement;
- cited Extenuating Circumstances and/or Compensating Factors;
- Mortgagee's decision to require a Fully Funded or Partially Funded LESA; and
- calculation of the amount of any LESA.

Mortgagees must ensure that the Borrower certifies the accuracy and completeness of the financial information.

xviii. Good Faith Estimate

The Mortgagee must confirm the initial and any revised [GFEs](#) are included.

xix. Credit Report(s)

The Mortgagee must confirm that the HECM file contains a credit report for each Borrower. If there are multiple credit reports, all credit reports must be submitted in the case binder.

xx. CAIVRS Report

The Mortgagee must confirm that the HECM file contains a clear CAIVRS report or documentation from the creditor agency to support the verification and resolution of the debt.

xxi. Asset Verification

The Mortgagee must confirm that the HECM file contains the VOD and/or bank statements.

xxii. Income Verification

The Mortgagee must confirm that the HECM file contains verification of the Borrower's income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

xxiii. Gift Letter

The Mortgagee must confirm that the HECM file contains a gift letter, if applicable.

xxiv. Total Annual Loan Cost Documentation

The Mortgagee must ensure the TALC documentation is included.

xxv. Evidence of Calculations

The Mortgagee must confirm evidence of calculations is included for:

- Principal Limit;
- monthly payment; and
- line of credit.

A screen print is acceptable.

xxvi. Life Expectancy Set-Aside

The Mortgagee must ensure [LESA calculations](#) are included, if applicable.

A screen print is acceptable.

xxvii. Power of Attorney, Conservator or Guardian

The Mortgagee must ensure a durable POA or legal document appointing a conservator or guardian, if applicable, is included.

xxviii. Assignment Insurance Option

The Mortgagee must ensure selection of the assignment insurance option.

xxix. Form HUD-92800.5B, *Conditional Commitment Direct Endorsement Statement of Appraised Value*

The Mortgagee must ensure form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, is included.

xxx. Form HUD-92051, *Compliance Inspection Report*, or Fannie Mae Form 1004D/Freddie Mac Form 442, *Appraisal Update and/or Completion Report*, if Applicable

(A) Form HUD-92051, *Compliance Inspection Report*

The Mortgagee must confirm that form [HUD-92051](#), *Compliance Inspection Report*, is completed, signed, and dated by an approved inspector. Local government inspection with the underwriter certification may be accepted.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

(B) Fannie Mae Form 1004D/Freddie Mac Form 442, *Appraisal Update and/or Completion Report*

The Mortgagee must confirm that Fannie Mae Form 1004D/Freddie Mac Form 442, *Appraisal Update and/or Completion Report*, Part B, is completed, signed, and dated by an FHA Appraiser in good standing on the FHA Appraiser Roster.

xxxi. Other Property Inspections and Reports, if Applicable

The Mortgagee must ensure the HECM file contains property inspections and reports to address deficiencies noted by the Appraiser or otherwise required by the Mortgagee to meet MPR.

xxxii. Appraisal Report

The Mortgagee must ensure that Fannie Mae Form 1004/Freddie Mac Form 70, *Uniform Residential Appraisal Report (URAR)*, or other appropriate appraisal form, including all attachments and addenda, is complete, and contains the Appraiser's signature and date.

xxxiii. Flood Certification

The Mortgagee must ensure the Life of Loan Flood Certification is included. If applicable, the Mortgagee must also obtain a:

- FEMA LOMA;
- FEMA LOMR; or
- FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)).

xxxiv. Specialized Eligibility Documents

The Mortgagee must ensure that the HECM file contains all required program-specific documents.

xxxv. Existing Properties Exhibits

The Mortgagee must confirm that the documentation requirements found in the [Property Acceptability Criteria](#) section are in the mortgage file.

xxxvi. Hazard Insurance

The Mortgagee must ensure the Hazard Insurance policy is equal to the value of the property improvements.

xxxvii. Title Insurance

The Mortgagee must ensure the HECM file contains a Title Insurance Commitment or other acceptable evidence of title insurance, in an amount not less than the MCA. The title insurance policy must show the Borrower owns the Property in Fee Simple or on a

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

Leasehold that complies with FHA requirements, and that the Mortgage will be a first lien of record when recorded.

c. Inspection and Repair Requirements for HECMs Pending Endorsement in Presidentially-Declared Major Disaster Areas (08/19/2024)

i. Standard

All Properties with HECMs pending endorsement in areas under a PDMDA designated for individual assistance must have an onsite damage inspection report that identifies and quantifies any dwelling damage, which includes interior and exterior photographs. The damage inspection report must be completed by an FHA Roster Appraiser even if the inspection shows no damage to the Property, and the report must be dated after the Incident Period (as defined by [FEMA](#)) or 14 Days from the Incident Period start date, whichever is earlier. The Appraiser may, at their discretion, perform a Remote Observation of the Property. If the effective date of the appraisal is on or after the date required above for an inspection, a separate damage inspection report is not necessary.

FHA does not require the Appraiser to ensure utilities are on at the time of this inspection if they have not yet been restored for the area.

Damage inspections may be completed by any FHA Roster Appraiser in good standing with geographic competence in the affected market. If the Mortgagee uses a different Appraiser than the Appraiser that did the original inspection of the Property, the Appraiser performing the damage inspection must be provided with a complete copy of the original appraisal.

All damages must be repaired by licensed contractors or according to local jurisdictional requirements. All damages, regardless of amount, must be repaired and the Property restored to pre-loss condition with appropriate and applicable documentation.

Based on the damage amounts shown in the Pending HECM Endorsement table below, repairs may be:

- completed prior to submitting for endorsement; or
- completed after endorsement provided that a repair escrow is established, and repair costs do not exceed permissible thresholds.

The terms and conditions of establishing a repair escrow are not under FHA's purview and must be negotiated between the Borrower and Mortgagee.

ii. Required Documentation

Mortgagees must include the initial damage inspection report in the case binder for all Properties. The following table shows additional required documentation for Properties that have closed but have not been endorsed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

Pending HECM Endorsement	
If...	Then...
No damage exists,	Submit the HECM for endorsement and provide the initial damage inspection report.
Damages are below \$5,000 and the Property is habitable,	Complete repairs prior to submitting for endorsement and provide the initial damage inspection report; or Establish a repair escrow prior to submitting for endorsement and provide the initial damage inspection report and repair escrow statement.
Damages are \$5,000 or above and the Property is habitable,	Do not submit the HECM for endorsement. Repairs must be completed prior to endorsement. Provide the initial and final damage inspection report.
The Property is not habitable,	Do not submit the HECM for endorsement. Repairs must be completed prior to endorsement. Provide the initial and final damage inspection report.

d. Procedures for Endorsement (08/19/2024)

The Mortgagee must remit the IMIP before endorsement of the HECM. To initiate the insurance endorsement process, the originating or servicing Mortgagee must complete loan setup in [HERMIT](#) within 15 Days of closing to initiate HUD's collection of IMIP. Mortgagees may access HERMIT for the IMIP that must be remitted. Once IMIP is remitted, the Mortgagee must complete the Insurance Application function in [FHAC](#) and compile the uniform case binder with all of the necessary documents.

Instructions for specific requirements for data format and delivery to FHAC are found in the [FHA Connection Guide](#).

Either the sponsoring Mortgagee, principal, or authorized agent must:

- submit evidence of assignment of the case for endorsement in the name of the originating Mortgagee; and
- transfer the case number to another Mortgagee prior to closing, complete the Lender Transfer screen in [FHAC](#), and complete the assignment of the HECM after endorsement to a new holding or servicing Mortgagee via FHAC.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

i. Late Initial Mortgage Insurance Premium Payments

(A) IMIP Late Charge and Interest

If the IMIP is paid more than 20 Days after the Closing Date, the Mortgagee will be assessed a one-time Late Charge of 4 percent of the amount owed, plus interest. The interest rate is determined in accordance with the requirements set forth in the U.S. Department of the Treasury's Financial Manual in effect when the initial payment is received. The Mortgagee must pay the IMIP Late Charge and interest before FHA will endorse the HECM for insurance.

The Mortgagee must not add the amount of the Late Charge and interest to the Borrower's outstanding loan balance.

The Mortgagee may submit a request to appeal a paid Late Charge or interest payment. For specific information on how to submit an appeal, see the [HERMIT User Guide](#).

(B) Refund and Credit of Initial Mortgage Insurance Premium

The Mortgagee must use [HERMIT](#) to submit a request for an IMIP refund, stating the amount of refund requested, the reason for the request, and to whom the refund is to be paid. See the [HERMIT User Guide](#) for refund instructions.

The IMIP may be refunded only under the following circumstances:

- the Mortgagee remitted too much money;
- the HECM was never endorsed and is not eligible for endorsement;
- an appeal of Late Charges or interest, or both, was approved; or
- an erroneous Closing Date was entered and later corrected.

ii. Assembly of Case Binder for Electronic Submission

The Mortgagee must prepare and submit a uniform case binder through FHA Catalyst: Case Binder Module in accordance with the *FHA Catalyst: Case Binder Module User Guide*.

The Mortgagee must ensure that all case binders are complete, meet FHA specifications, contain all required documents, and are submitted electronically according to the document order designated below. All documents that are submitted electronically to FHA are considered complete and accurate copies of the original documents.

All appraisals must be submitted through FHA's legacy EAD portal or FHA Catalyst: EAD Module prior to endorsement. Complete instructions and data delivery format requirements for each appraisal form are found in the [Appraisal Report and Data Delivery Guide](#).

iii. Case Binder Submission – Direct Endorsement

The case binder must be received by ~~the Jurisdictional HOC~~ **FHA** no later than 60 Days after the Disbursement Date.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

(A) Late Submission

If the case binder is submitted more than 60 Days after the Disbursement Date, the Mortgagee must submit a late endorsement request, certifying that:

- at the time of certification, all payments to the Borrowers have been made in accordance with time frames specified by the payment option;
- the MIP, Late Charge, and interest due have been remitted;
- the Borrower is current in paying their Property Charges, i.e., taxes, Ground Rent, Flood and Hazard Insurance premiums, and special assessments; and
- the Mortgagee or its agent did not provide funds to bring and/or keep the Property Charges current or to bring about the appearance that the Borrower has complied with the obligations of the HECM.

FHA will not insure a HECM that does not comply with FHA requirements when submitted for endorsement.

Each late endorsement request must:

- list the FHA case number;
- list the Borrower's name;
- be dated and signed by the Mortgagee's representative; and
- be printed on company letterhead with the Mortgagee's address and telephone number.

(B) Assignee Mortgagee **[Text was deleted in this section.]**

The assignee Mortgagee of a HECM may submit the HECM for endorsement in its name or the name of the originating Mortgagee. ~~The assignee must also notify the Jurisdictional HOC of the assignment, and verify that the originating Mortgagee completed all certifications.~~

The Purchasing Mortgagee may pay any required IMIP, Late Charge, and interest.

(C) After Receipt of a Notice of Return

Notice of Return (NOR) refers to a notification to the Mortgagee specifying the reason a Mortgage is not currently eligible for endorsement.

If ~~the Jurisdictional HOC~~ **FHA** issues a NOR, the Mortgagee may request reconsideration for insurance endorsement. All requests for reconsideration must be received by ~~the Jurisdictional HOC~~ **FHA** within the 60-Day endorsement submission period or within 30 Days of the issuance of the NOR, whichever is longer. If the request for reconsideration is submitted after this time period, the Mortgagee must follow the guidelines for late submission.

Mortgagees must resubmit additional documentation for reconsideration and resolution of the NOR.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

iv. Ineligible for Endorsement

(A) Notice of Return

If the HECM is ineligible for insurance endorsement, FHAC issues an electronic NOR, which states the reasons for non-endorsement and any corrective actions that the Mortgagee must take.

If the HECM is permanently rejected for insurance endorsement, the Mortgagee must notify the Borrower that they do not have an FHA-insured HECM and of the circumstances that made the HECM ineligible for FHA insurance.

(B) Additional Requirements for Permanently Rejected HECMs

The Mortgagee must request a cancellation of the case number from the ~~Jurisdictional HOE~~ **FHA Resource Center at answers@hud.gov** to obtain a refund of MIP paid by or on behalf of the Borrower.

v. Mortgagee with Conditional Direct Endorsement Approval (Test Case)

For Mortgagees who receive a HECM Direct Endorsement Program Test Case phase approval letter from ~~HUD's HOE~~ **FHA** must follow the Test Case Phase [Case Binder Submission](#) process.

e. Endorsement and Post-endorsement (04/29/2024)

i. Endorsement

Upon successful completion of a pre-endorsement review by FHA, an electronic Mortgage Insurance Certificate (MIC) will be issued.

The HECM becomes insured on the date the MIC is issued.

ii. Post-endorsement

(A) Confirming Status of the Mortgage Insurance Certificate

The Mortgagee can confirm the endorsement status of a HECM using [FHAC](#) or the FHA Connection Business to Government (FHAC-B2G) application.

(B) Obtaining the Mortgage Insurance Certificate

When requesting the MIC, the Mortgagee must specify whether it is to be prepared in the name of the originator (principal) or authorized agent, as it appears in HUD systems.

The MIC will be issued electronically. The Mortgagee can download and print copies of the MIC as needed from FHAC.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

7. Post-closing and Endorsement

(C) Corrections to the Mortgage Insurance Certificate

To obtain a correction to the MIC, the Mortgagee must submit the [MIC Correction Request Template](#) to the FHA Resource Center. This form may be used to correct the property address, Borrower name, ADP Code, interest rate, SSN, FHA case number, MCA, Principal Limit amount, or other information contained in the MIC.

(D) Corrections to Original Instruments

The Mortgagee must follow applicable local law when making corrections to the original instruments.

If new instruments are executed as required by local law, the Mortgagee must submit the new instruments prior to insurance endorsement.

(E) Partial Release of Security

FHA approval for partial release of security is required except in limited circumstances. See the [Servicing and Loss Mitigation](#) section of Handbook 4000.1 for more information.

iii. HECM File Retention

The Mortgagee must retain their HECM file, including the case binder, in either hard copy or electronic format for a period of two years from the date of endorsement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

8. Programs and Products

a. HECM For Purchase (04/10/2025)

The HECM for Purchase program was designed to allow Borrowers to finance a new Principal Residence and obtain a HECM within a single transaction. Title to the Property must be transferred to the Borrower and the first and, if applicable, second liens are the only liens against the Property at the time of closing.

HECMs to be insured under the HECM for Purchase program must be processed and underwritten in accordance with the requirements in Origination through Post-closing/Endorsement, except where noted otherwise in this section.

i. Definition

HECM for Purchase refers to a transaction where the Borrower uses the HECM to finance the purchase of an existing one- to four-unit residence where the Borrower will occupy one unit as their Principal Residence.

Existing Construction refers to a Property that has been 100 percent complete for over one year or has been completed for less than one year and was previously occupied.

New Construction refers to Proposed Construction, Properties Under Construction, and Properties Existing Less than One Year as defined below:

- Proposed Construction refers to a Property where no concrete or permanent material has been placed. Digging of footing is not considered permanent.
- Under Construction refers to the period from the first placement of permanent material to 100 percent completion with no Certificate of Occupancy (CO) or equivalent.
- Existing Less than One Year refers to a Property that is 100 percent complete and has been completed less than one year from the date of the issuance of the CO or equivalent. The Property must have never been occupied.

ii. Initial Application Processing

The Mortgagee may take initial application either before or after the completion of HECM counseling.

iii. Principal Residence Requirements

HECM Borrowers may have only one Principal Residence at any one time. Current Borrowers that plan to sell their existing residence and use the HECM for Purchase program to obtain a new Principal Residence must pay off the existing HECM before the HECM for Purchase transaction can be insured.

Borrowers and Eligible NBSs, if applicable, must occupy the Property within 60 Days from the date of closing.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

iv. Initial Mortgage Insurance Premium Amount

The Initial Mortgage Insurance Premium (IMIP) must be financed or paid in cash. Any IMIP amount paid in cash is added to the total cash requirements due at closing.

v. Maximum Claim Amount

(A) Definition

The Maximum Claim Amount (MCA) is the lesser of the:

- appraised value as determined by the [Collateral Risk Assessment](#);
- national mortgage limit; or
- sales contract price.

(B) Standard

The Mortgagee must determine the MCA at origination. When the collateral risk assessment determines that a second appraisal is required, the Mortgagee must use the lower of the two appraised values. The IMIP must not be taken into account in the calculation of the MCA. Closing costs must not be taken into account in determining the appraised value.

vi. Property Eligibility and Acceptability Criteria

(A) Types of Eligible Properties

The Borrower may finance the purchase of a one- to four-unit residence that will be used as their Principal Residence. The Property may be Existing Construction or New Construction. The following property types are eligible for HECM financing:

- Site Built Housing (one- to four-units, one-unit with an Accessory Dwelling Unit (ADU), or two- to four-units);
- Condominium units in Approved Projects or Legal Phases; and
- Manufactured Housing (one-unit or one-unit with an ADU).

Properties previously acquired through a contract for deed, land contract, or other similar arrangements must be treated as a purchase transaction when HECM funds will be used to satisfy outstanding payment obligations.

For Condominium Units seeking Single-Unit Approval, see [Property Eligibility](#) in Single-Unit Approval.

FHA treats the sale of an occupied Property that has been completed less than one year from the issuance of the CO or equivalent as an Existing Construction Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(B) Construction and Inspection Requirements for New Construction HECM Properties

Mortgagees must ensure New Construction HECM Properties are inspected to ensure compliance with FHA's MPS and MPR. The construction status at the time of appraisal will determine the inspections that must be completed.

(1) Site Built Housing

(a) Proposed Construction

For Properties in the Proposed Construction status at time of appraisal, the Mortgagee must obtain one of the following prior to closing and provide the applicable documentation in the case binder:

- copies of the building permit (or equivalent) and CO (or equivalent); or
- three inspections (footing, framing, and final) performed by the local authority with jurisdiction over the Property or an ICC certified RCI or CI (for Modular Housing, footing and final only); or
- in the absence of such ICC certified RCI or CI, the Mortgagee may obtain three inspections (footing, framing, and final) performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

(b) Under Construction

For Properties in the Under Construction status at time of appraisal, the Mortgagee must obtain one of the following prior to closing and provide the applicable documentation in the case binder:

- copies of the building permit (or equivalent) and CO (or equivalent); or
- a final inspection issued by the local authority with jurisdiction over the Property or by an ICC certified RCI or CI; or
- in the absence of such ICC certified RCI or CI, the Mortgagee may obtain a final inspection performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

(c) Existing Less than One Year

For Properties in the Existing Less than One Year status at time of appraisal, the Mortgagee must obtain one of the following prior to closing and provide the applicable documentation in the case binder:

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

- a copy of the CO (or equivalent); or
- a final inspection issued by the local authority with jurisdiction over the Property or by an ICC certified RCI or CI; or
- in the absence of such ICC certified RCI or CI, the Mortgagee may obtain a final inspection performed by a disinterested third-party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the State in which the property is located.

(2) Manufactured Housing

(a) Proposed Construction

For Properties in the Proposed Construction status at time of appraisal, the Mortgagee must obtain one of the following prior to closing and provide the applicable documentation in the case binder:

- copies of the building permit (or equivalent) and CO (or equivalent); or
- two inspections (initial and final) performed by the local authority with jurisdiction over the Property or an ICC certified RCI or CI; or
- in the absence of a local authority with building code jurisdiction or ICC certified RCI or CI, the Mortgagee may obtain two inspections (initial and final) performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

(b) Under Construction

For Properties in the Under Construction status at time of appraisal, the Mortgagee must obtain one of the following prior to closing and provide the applicable documentation in the case binder:

- copies of the building permit (or equivalent) and CO (or equivalent); or
- a final inspection performed by the local authority with jurisdiction over the Property or an ICC certified RCI or CI; or
- in the absence of a local authority with building code jurisdiction or ICC certified RCI or CI, the Mortgagee may obtain a final inspection performed by a disinterested third party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the state in which the Property is located.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(c) Existing Less than One Year

For Properties in the Existing Less than One Year status at time of appraisal, the Mortgagee must obtain one of the following prior to closing and provide the applicable documentation in the case binder:

- a copy of the CO (or equivalent); or
- a final inspection performed by the local authority with jurisdiction over the Property or an ICC certified RCI or CI; or
- in the absence of a local authority with building code jurisdiction or ICC certified RCI or CI, the Mortgagee may obtain a final inspection performed by a disinterested third-party, who is a registered architect, a structural engineer, or a qualified trades person or contractor, and has met the licensing and bonding requirements of the State in which the property is located.

(3) Units in Condominium Project or Legal Phase (Existing Less Than One Year)

The Mortgagee must obtain a CO or its equivalent.

(4) Required Documentation for New Construction Properties

The Mortgagee must obtain and include the following documents in the case binder:

- form [HUD-92541](#), *Builder's Certification of Plans, Specifications, and Site*;
- form [HUD-92544](#), *Warranty of Completion of Construction*;
- a copy of the CO (or equivalent), if applicable;
- required inspections, as applicable:
 - o inspections performed by an ICC certified RCI or CI or a third-party, who is a registered architect, a structural engineer, or a qualified trades person or contractor must be reported on form [HUD-92051](#), *Compliance Inspection Report*, or on an appropriate state-sanctioned inspection form; and
 - o when a third party, who is a registered architect, a structural engineer, or a qualified tradesperson or contractor, is relied upon for required inspections due to the absence of an ICC certified RCI or CI, a certification from such inspector that they are licensed and bonded under applicable state and local laws to perform the type of inspection completed must be included;
- a Wood Infestation Report, unless the Property is located in a county listed as not required on HUD's "[Termite Treatment Exception Areas](#)" list:
 - o form [HUD-NPMA-99-A](#), *Subterranean Termite Protection Builder's Guarantee*, is required for all New Construction. If the building is constructed with steel, masonry, or concrete building components with only minor interior wood trim and roof sheathing, no treatment is

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

needed. The Mortgagee must ensure that the builder notes on the form that the construction is masonry, steel, or concrete.

- o form [HUD-NPMA-99-B](#), *New Construction Subterranean Termite Service Record*, is required when the New Construction Property is treated with one of the following: Termite Bait System, Field Applied Wood Treatment, soil chemical termiticide, or Physical Barrier System is installed, as reflected on form HUD-NPMA-99-A. The Mortgagee must reject the use of post construction soil treatment when the termiticide is applied only around the perimeter of the foundation; and
- local Health Authority well water analysis and/or septic report, where required by the local jurisdictional authority.

(C) Documents to be Provided to Appraiser at Assignment

The Mortgagee must provide the Appraiser with a fully executed form [HUD-92541](#), signed and dated no more than 30 Days prior to the date the appraisal was ordered.

For Properties 90 percent completed or less, the Mortgagee must provide a copy of the floor plan, plot plan, and any other exhibits necessary to allow the Appraiser to determine the size and level of finish of the house they are appraising.

For Properties greater than 90 percent but less than 100 percent completed, the Mortgagee must provide the Appraiser with a list of components to be installed or completed after the date of inspection.

(D) Property Considerations

New Construction must meet HUD's Minimum Property Requirements (MPR) and Minimum Property Standards (MPS).

(E) Mortgagee Review of Appraisal

(1) Site Considerations

(a) Environmental

The Mortgagee must require corrective work to mitigate any condition that arises during construction that may affect the health and safety of the occupants, the Property's ability to serve as collateral, or the structural soundness of the improvements.

(b) Operating Oil or Gas Wells

If a New Construction dwelling is located within 75 feet of an operating oil or gas well, the Mortgagee must reject the Property unless mitigation measures are completed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(c) Slush Pits

If a Property is Proposed Construction near an active or abandoned Slush Pit, the Appraiser must require a survey to locate the pit. The Mortgagee is to assess any impact on the subject Property.

(d) Special Airport Hazards

If a New Construction Property is located within Runway Clear Zones (also known as Runway Protection Zones) at civil airports or within Clear Zones at military airfields, the Mortgagee must reject the Property for insurance.

Properties located in Accident Potential Zone 1 (APZ 1) at military airfields may be eligible for FHA mortgage insurance provided that the Mortgagee determines that the Property complies with Department of Defense guidelines.

(e) Flood Hazard Areas

If any portion of the dwelling and related Structures or equipment essential to the Property Value is located in a Special Flood Hazard Area (SFHA), the Mortgagee must reject the Property, unless the Mortgagee:

- obtains a Federal Emergency Management Agency (FEMA)-issued final Letter of Map Amendment (LOMA) or final Letter of Map Revision (LOMR) that removes the Property from the SFHA; or
- obtains a FEMA National Flood Insurance Program (NFIP) Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)) that documents that the lowest floor of the residential building, including the basement, and all related Structures or equipment essential to the Property Value are built at or above the 100-year flood elevation in compliance with the NFIP criteria; and
- ensures that the Elevation Certificate is completed based on finished construction.

The Mortgagee must include the LOMA, LOMR, or FEMA NFIP Elevation Certificate (FEMA Form FF-206-FY-22-152) with the case when it is submitted for endorsement.

The Mortgagee must ensure that Flood Insurance is obtained when a FEMA NFIP Elevation Certificate (FEMA Form FF-206-FY-22-152) documents that the Property remains located within an SFHA.

(f) Individual Water Supply Systems (Wells)

The Mortgagee must ensure that new wells are drilled and are no less than 20 feet deep and cased. Casing should be steel or other casing material that is durable, leak-proof, and acceptable to either the local health authority or the trade or profession licensed to drill and repair wells in the local jurisdiction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

A well located within the foundation walls of New Construction is not acceptable except in arctic or subarctic regions.

(i) Requirements for Well Water Testing

A well water test is required for all newly constructed Properties.

All testing must be performed by a disinterested third party. This includes the collection and transport of the water sample collected at the water supply source. The sample must be collected and tested by the local health authority, a commercial testing laboratory, a licensed sanitary engineer, or other party that is acceptable to the local health authority. At no time will the Borrower/owner or other Interested Party collect and/or transport the sample.

The following tables provide the minimum distance required between wells and sources of pollution:

Water Well Location Minimum Property Standards for New Construction <u>24 CFR § 200.926d(f)(3)(iv)*</u>	
1	Property line/10 feet
2	Septic tank/50 feet
3	Absorption field/100 feet
4	Seepage pit or cesspool/100 feet
5	Sewer lines with permanent water-tight joints/10 feet
6	Other sewer lines/50 feet
7	Chemically poisoned soil/25 feet (reduced to 15 feet where ground surface is protected by impervious strata of clay, hardpan, or rock)
8	Dry well/50 feet
9	Other – refer to local health authority minimums
* distance requirements of local authority prevail if greater than stated above	

The following provides the minimum standards for Individual Water Supply Systems (wells):

Individual Water System Minimum Property Standards for New Construction <u>24 CFR § 200.926d(f)(1) and (2)</u>	
1	Lead-free piping
2	If no local chemical and bacteriological water standards, state standards apply
3	Connection of public water whenever feasible
4	Wells must deliver water flow of five gallons per minute over at least a four-hour period

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(ii) Required Documentation

The Mortgagee must submit a valid water test from the local health authority or qualified lab.

The report may not be more than 180 Days old from the Disbursement Date.

(g) Shared Well

(i) Definition

Shared Well refers to a well that services two to four homes where there is a binding Shared Well Agreement between the property owners that meets FHA requirements.

(ii) Standard

A Shared Well is permitted if the requirements in [Shared Wells](#) are met.

(F) Sales Comparison Approach: Comparable Selection

For Properties in new subdivisions, the selected comparable sales must include at least one sale outside the subdivision or project and at least one sale from within the subdivision or project.

(G) Seller Must Be Owner of Record

(1) Standard

To be eligible for a HECM insured by FHA, a Property must be purchased from the owner of record. The transaction may not involve any sale or assignment of the sales contract.

(2) Required Documentation

The Mortgagee must obtain documentation verifying that the seller is the owner of record.

Such documentation may include, but is not limited to:

- a property sales history report;
- a copy of the recorded deed from the seller; or
- other documentation, such as a copy of a property tax bill, title commitment, or binder demonstrating the seller's ownership of the Property and the date it was acquired.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(H) Restrictions on Property Flipping

Property Flipping is indicative of a practice whereby recently acquired Property is resold for a considerable profit with an artificially inflated value.

(1) Definition

Property Flipping refers to the purchase and subsequent resale of a Property in a short period of time.

Seller's Date of Acquisition refers to the date the seller acquired legal ownership of that Property.

Resale Date refers to the date all parties have executed the sales contract that will result in the FHA-insured HECM for the resale of the Property.

(2) Standard

(a) Time Restriction on Transfers of Title

The eligibility of a Property for a HECM insured by FHA is determined by the time that has elapsed between the date the seller has acquired title to the Property and the resale date.

(b) Restriction on Resales Occurring 90 Days or Fewer after Acquisition

A Property that is being resold 90 Days or fewer following the seller's date of acquisition is not eligible for an FHA-insured HECM.

(c) Exceptions to Time Restrictions on Resale

Exceptions to the 90-Day resale restriction are:

- Properties acquired by an employer or relocation agency in connection with the relocation of an employee;
- resales by HUD under its REO program;
- sales by other U.S. government agencies of Single Family Properties pursuant to programs operated by these agencies;
- sales of Properties by nonprofits approved to purchase HUD-owned Single Family Properties at a discount with resale restrictions;
- sales of Properties that are acquired by the seller by inheritance;
- sales of Properties by state and federally chartered financial institutions and Government-Sponsored Enterprises (GSEs);
- sales of Properties by local and state government agencies; and
- sales of Properties within Presidentially-Declared Major Disaster Areas (PMDA), only upon issuance of a notice of an exception from HUD.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

The restrictions listed above and those in 24 CFR § 206.52(b) do not apply to a builder selling a newly built house or building a house for a Borrower planning to use FHA-insured financing.

(3) Required Documentation

The Mortgagee must obtain a 12-month chain of title documenting compliance with time restrictions on resales.

vii. Completion of Construction

Regardless of the inspection process used, the Mortgagee must certify on form [HUD-92800.5B](#), *Conditional Commitment Direct Endorsement Statement of Appraised Value*, that the Property is 100 percent complete and meets HUD's MPR and MPS.

viii. Minimum Required Repairs

For HECM for Purchase transactions, the seller must complete all repairs necessary to:

- maintain the safety, security, and soundness of the Property;
- preserve the continued marketability of the Property; and
- protect the health and safety of the occupants.

The Appraiser must complete the appraisal as "Subject To" the completion of all required repairs.

ix. Sales Contract and Supporting Documentation

(A) Standard

The Mortgagee must not originate an insured HECM for the purchase of a Property if any provision of the sales contract violates FHA requirements.

The Mortgagee must ensure that (1) all purchasers listed on the sales contract are Borrowers, and (2) only those Borrowers may sign the sales contract. The Mortgagee may also list a Non-Borrowing Spouse (NBS) on the sales contract, but the NBS is not required to sign the sales contract.

An addendum or modification may be used to remove or correct any provisions of the sales contract that do not conform to these requirements.

(1) Amendatory Clause

If the Borrower does not receive form [HUD-92800.5B](#) before signing the sales contract, the sales contract must include or be amended before closing to include an amendatory clause that contains the following language:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

“It is expressly agreed that notwithstanding any other provisions of this contract, the purchaser shall not be obligated to complete the purchase of the property described herein or to incur any penalty by forfeiture of earnest money deposits or otherwise, unless the purchaser has been given, in accordance with HUD/FHA or VA requirements, a written statement by the Federal Housing Commissioner, Department of Veterans Affairs, or a Direct Endorsement lender setting forth the appraised value of the property of not less than \$_____.*. The purchaser shall have the privilege and option of proceeding with consummation of the contract without regard to the amount of the appraised valuation. The appraised valuation is arrived at to determine the maximum mortgage the Department of Housing and Urban Development will insure. HUD does not warrant the value or condition of the property. The purchaser should satisfy himself/herself that the price and condition of the property are acceptable.”

Mortgagees must ensure the actual dollar amount of the sales price stated in the contract has been inserted in the amendatory clause. Increases to the sales price require a revised amendatory clause.

An amendatory clause is not required in connection with:

- HUD Real Estate Owned (REO) sales; or
- sales in which the seller is:
 - o Fannie Mae;
 - o Freddie Mac;
 - o U.S. Department of Veterans Affairs (VA);
 - o United States Department of Agriculture (USDA) Rural Housing Services;
 - o other federal, state, and local government agencies;
 - o a Mortgagee disposing of REO assets; or
 - o a seller at a foreclosure sale.

(2) Real Estate Certification

The Borrower, seller, and real estate agent or broker involved in the sales transaction must certify, to the best of their knowledge and belief, that (1) the terms and conditions of the sales contract are true and (2) any other agreement entered into by any parties in connection with the real estate transaction is part of, or attached to, the sales agreement.

A separate certification is not needed if the sales contract contains a statement that (1) there are no other agreements between parties and the terms constitute the entire agreement between the parties, and (2) all parties are signatories to the sales contract submitted at the time the financial assessment is performed.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(3) Property Assessed Clean Energy

Where the subject Property is encumbered with a Property Assessed Clean Energy (PACE) obligation, the sales contract must include a clause specifying that the PACE obligation will be satisfied by the seller at, or prior to, closing.

(B) Required Documentation

The Mortgagee must obtain all signed copies of sales contract(s), including a complete copy of the final sales contract with any modifications or revisions agreed upon by the Borrower and seller.

The documentation must also include the amendatory clause executed by all parties, Real Estate Certification executed by all parties, and all other contract addenda.

(C) Ordering a Second Appraisal

The Mortgagee is prohibited from ordering an additional appraisal to achieve an increase in value for the Property and/or the elimination or reduction of deficiencies and/or repairs required.

The Mortgagee may order a second appraisal for transactions that are in accordance with requirements on [Property Flipping](#).

x. HUD Required Disclosures

(A) Lead-Based Paint

If the Property was built before 1978, the seller must disclose any information known about lead-based paint and lead-based paint hazards before selling the house, in accordance with the [HUD-EPA Lead Disclosure Rule \(24 CFR 35, subpart A\)](#), and the identical [40 CFR 745, subpart F](#)). For such Properties, the Mortgagee must ensure that:

- the Borrower has been provided the EPA-approved information pamphlet on identifying and controlling lead-based paint hazards (“[Protect Your Family from Lead in Your Home](#)”);
- the Borrower was given a 10-Day period before becoming obligated to purchase the home to conduct a lead-based paint inspection or risk assessment to determine the presence of lead-based paint or lead-based paint hazards, or the Borrower waived the opportunity;
- the sales contract contains an attachment in the language of the contract (e.g., English, Spanish) signed and dated by both the seller and purchaser:
 - o containing a lead warning statement as set forth in 24 CFR § 35.92(a)(1);
 - o providing the seller’s disclosure of the presence of any known lead-based paint and/or lead-based paint hazards in the target housing being sold, or indication of no knowledge of such presence;

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

- o listing any records or reports available to the seller pertaining to lead-based paint and/or lead-based paint hazards in property housing being sold, or indication by the seller that no such records or reports exist; and
- o affirming that the Borrower received the pamphlet, disclosure, and records or reports above; and
- when any agent is involved in the transaction on behalf of the seller, the sales contract includes a statement that the agent has informed the seller of the seller's Lead Disclosure Rule obligations, and the agent is aware of their duty to ensure compliance with the requirements of the Rule, and the agent has signed and dated the contract.

(B) Form HUD-92564-CN, *For Your Protection: Get A Home Inspection*

Mortgagees are required to provide form [HUD-92564-CN](#), *For Your Protection: Get a Home Inspection*, to prospective homebuyers at initial application.

xi. Underwriting the Property

(A) Required Repairs

Where major property [deficiencies](#) threaten the health and safety of the homeowner and/or jeopardize the soundness and security of the Property, all repairs must be completed by the seller prior to closing. A Repair Set-Aside is not permitted.

(B) Chain of Title

The Mortgagee must review the appraisal to determine if the subject Property was sold within 12 months prior to the case number assignment date. If the subject Property was sold within the previous 12 months, the Mortgagee must review evidence of prior ownership and for compliance with [Restrictions on Property Flipping](#).

xii. Performing the Financial Assessment

(A) Credit History Requirements

(1) Types of Credit History

If a traditional credit report is available, the Mortgagee must use a traditional credit report.

If a traditional credit report is not available, the Mortgagee must develop the Borrower's credit history using the requirements for non-traditional and insufficient credit.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(a) Non-Traditional Credit Requirements

For Borrowers without a credit score, the Mortgagee must either obtain a Non-Traditional Mortgage Credit Report (NTMCR) from a credit reporting company or independently develop the Borrower's credit history using the requirements outlined below.

(b) Non-Traditional Mortgage Credit Report

(i) Definition

A Non-Traditional Mortgage Credit Report (NTMCR) is designed to access the credit history of a Borrower who does not have the types of trade references that appear on a traditional credit report and is used either as:

- a substitute for a Tri-Merged Credit Report (TRMCR) or a Residential Mortgage Credit Report (RMCR); or
- a supplement to a traditional credit report that has an insufficient number of trade items reported to generate a credit score.

(ii) Standard

Mortgagees may use an NTMCR developed by a credit reporting agency that verifies the following information for all non-traditional credit references:

- the existence of the credit providers;
- that the credit was actually extended to the Borrower; and
- the creditor has a published address or telephone number.

The NTMCR must not include subjective statements such as "satisfactory" or "acceptable," must be formatted in a similar fashion to traditional references, and provide:

- creditor's name;
- date of opening;
- high credit;
- current status of the account;
- 12-month history of the account;
- required monthly payment;
- unpaid balance; and
- payment history in the delinquency categories (for example, 0x30 and 0x60).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

***(iii)*Independent Verification of Non-Traditional Credit**

The Mortgagee may independently verify the Borrower's credit references by documenting the existence of the credit provider and that the provider extended credit to the Borrower.

- To verify the existence of each credit provider, the Mortgagee must review public records from the state, county, or city or other documents providing a similar level of objective information.
- To verify credit information, the Mortgagee must:
 - o use a published address or telephone number for the credit provider and not rely solely on information provided by the Borrower; and
 - o obtain the most recent 12 months of canceled checks, or equivalent proof of payment, demonstrating the timing of payment to the credit provider.
- To verify the Borrower's rental payment history, the Mortgagee must obtain a rental reference from the appropriate rental management company, provided the Borrower is not renting from a Family Member, demonstrating the timing of payment of the most recent 12 months in lieu of 12 months of canceled checks or equivalent proof of payment.

***(iv)*Sufficiency of Credit References**

To be sufficient to establish the Borrower's credit, the credit history must include three credit references. The Borrower's credit history must include at least one of the following:

- rental housing payments (subject to independent verification if the Borrower is a renter);
- telephone service; or
- utility company reference (if not included in the rental housing payment), including:
 - o gas;
 - o electricity;
 - o water;
 - o television service; or
 - o internet service.

If the Mortgagee cannot obtain all three credit references from the list above, the Mortgagee may use the following sources of unreported recurring debt to obtain the remaining one or two credit references needed:

- insurance premiums not payroll deducted (for example, medical, auto, life, or renter's insurance);
- payment to child care providers made to businesses that provide such services;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

- school tuition;
- retail store credit cards (for example, from department, furniture, appliance stores, or specialty stores);
- rent-to-own (for example, furniture, appliances);
- payment of that part of medical bills not covered by insurance;
- a documented 12-month history of savings evidenced by regular deposits resulting in an increased balance to the account that:
 - o were made at least quarterly;
 - o were not payroll deducted; and
 - o caused no Insufficient Funds (NSF) checks;
- an automobile lease;
- a personal loan from an individual with repayment terms in writing and supported by canceled checks to document the payments; or
- a documented 12-month history of payment by the Borrower on an account for which the Borrower is an authorized user.

(2) Bankruptcy

(a) Chapter 7

A Chapter 7 bankruptcy (liquidation) does not disqualify a Borrower from consideration for a HECM for Purchase if, at the time of case number assignment, at least two years have elapsed since the date of the bankruptcy discharge. During the most recent two years, the Borrower must have:

- reestablished good credit; or
- chosen not to incur new credit obligations.

An elapsed period of less than two years, but not less than 12 months, may be acceptable, if the Borrower:

- can show that the bankruptcy was caused by Extenuating Circumstances beyond the Borrower's control; and
- has since exhibited a documented ability to manage their financial affairs in a responsible manner.

(b) Chapter 13

A Chapter 13 bankruptcy does not disqualify a Borrower from consideration for a HECM for Purchase, if at the time of case number assignment, the bankruptcy has been discharged or at least 12 months of the payout period under the bankruptcy has elapsed.

If the bankruptcy has not been discharged, the Mortgagee must determine that, during the most recent 12 months, the Borrower's payment performance has been satisfactory, all required payments have been made on time, and the Borrower has received written permission from the bankruptcy court to enter into the mortgage transaction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

The Mortgagee must include the payment amount in the court-approved payment plan in the Borrower's expenses when calculating Residual Income.

(c) Required Documentation

If the credit report does not verify the discharge date or additional documentation is necessary to determine if any liabilities were discharged in the bankruptcy, the Mortgagee must obtain the bankruptcy and discharge documents.

The Mortgagee must also document that the Borrower's current situation indicates that the events that led to the bankruptcy are not likely to recur.

(B) Other Sources of Effective Income

Boarders of the Subject Property

The Mortgagee must obtain a copy of the executed written agreement documenting the intent of the Boarders to continue boarding with the Borrower.

(C) Asset Requirements – Acceptable Sources of Funds

(1) Earnest Money Deposit

The Mortgagee must verify and document the deposit amount and source of funds if the amount of the earnest money deposit exceeds 1 percent of the sales price or is excessive based on the Borrower's history of accumulating savings, by obtaining:

- a copy of the Borrower's canceled check;
- certification from the deposit-holder acknowledging receipt of funds;
- a Verification of Deposit (VOD) or bank statement showing that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit; or
- direct verification by a Third Party Verification (TPV) vendor, subject to the following requirements:
 - o the Borrower has authorized the Mortgagee to verify assets;
 - o the date of the completed verification conforms with FHA requirements in [Maximum Age of HECM Documents](#); and
 - o the information shows that the average balance was sufficient to cover the amount of the earnest money deposit at the time of the deposit.

If the source of the earnest money deposit was a Gift, the Mortgagee must verify that the Gift is in compliance with [Standards for Gifts](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(2) Monetary Investment

(a) Definition

Monetary Investment refers to the amount Borrowers must provide to satisfy the difference between the Principal Limit and the sale price for the Property, plus any HECM-related fees that are not financed into the HECM, minus the amount of the earnest deposit.

(b) Source Requirements for the Borrower's Monetary Investment

(i) Acceptable Monetary Investment Funding Sources

To satisfy the required monetary investment, Borrowers may use:

- Cash on Hand;
- cash from the sale or liquidation of the Borrower's assets;
- HECM proceeds;
- Interested Party Contributions; and
- other [Acceptable Sources of Funds](#).

A Family Member entitled to the commission may also provide it as a Gift, in compliance with standard gift requirements.

A Borrower who also serves as the licensed real estate agent on a HECM for Purchase transaction may use the real estate commission to satisfy the required monetary investment.

The Borrower may choose to provide a larger investment amount in order to retain a portion of the available HECM proceeds for future draws.

(ii) Unacceptable Monetary Investment Funding Sources

The Borrower may not use the following funding sources to satisfy the required monetary investment:

- Sweat Equity;
- Trade Equity;
- rent credit; or
- Premium Pricing.

(iii) Required Documentation

The Mortgagee must document that the Borrower's monetary investment is from an acceptable monetary investment funding source and there will be no outstanding or unpaid obligations incurred by the Borrower in connection with the HECM for Purchase transaction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

The Mortgagee must verify and document that the Borrower, or Family Member giving the commission as a Gift, is a licensed real estate agent, and is entitled to a Real Estate Commission from the Sale of the Subject Property being purchased.

(3) Interested Party Contributions

(a) Definitions

Interested Parties refer to sellers, real estate agents, builders, developers, Mortgagees, Third-Party Originators (TPO), or other parties with an interest in the transaction.

Interested Party Contribution refers to a payment by an Interested Party or combination of parties, toward the Borrower's loan origination fees, other closing costs including any items Paid Outside Closing (POC), and prepaid items.

(b) Standard

Interested Parties, excluding Mortgagees and TPOs, may contribute up to 6 percent of the sales price toward the following items:

- loan origination fees;
- other closing costs;
- [prepaid items](#); and
- payment of the IMIP.

No other items may be paid for by an Interested Party.

Mortgagees and TPOs are prohibited from making any Interested Party Contributions.

Exceptions

Fees required to be paid by a seller under [state](#) or local law or customarily paid by a seller in the subject property locality, including real estate agent commissions or fees, and the purchase of the Home Warranty policy by the seller are already permitted under 24 CFR § 206.44(c)(1) and will be excluded from the six percent interested party contribution limit.

Mortgagees may pay for services performed by a sponsored TPO if allowed under the Loan Origination Fee Calculation requirements.

The satisfaction of a PACE lien or obligation against the Property by the property owner is not considered an Interested Party Contribution.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(c) Required Documentation

The Mortgagee must accurately document the total amount of Interested Party Contributions on the HUD-1 Settlement Statement, and reflected on the sales contract or applicable legally binding document. When a legally binding document other than the sales contract is used to document the Interested Party Contributions, the Mortgagee must provide a copy of this document to the assigned Appraiser.

xiii. Closing

(A) HUD-1 Addendum Closing Certifications

The Mortgagee must obtain the final HUD-1 Settlement Statement or similar legal document from the settlement agent. If the seller's HUD-1 Settlement Statement or similar legal document is provided separately, the Mortgagee must obtain from the Closing Agent a copy of the final disclosure provided to the seller to keep in the case binder.

(B) Seller Certification

The seller must sign the certification to the Addendum to HUD-1 Settlement Statement.

(C) Inspection and Repair Requirements for HECMs Pending Closing in Presidentially-Declared Major Disaster Areas

For HECM for Purchase transactions that have not closed, repairs must be completed prior to closing and the cost of repairs is the responsibility of the seller.

(D) Closing Costs and Fees

(1) Mandatory Obligations

The Mortgagee may use HECM proceeds to satisfy the Borrower's Mandatory Obligations.

Mandatory Obligations include:

- IMIP;
- loan origination fee;
- HECM counseling fee;
- reasonable and customary amounts, but not more than the amount actually paid by the Mortgagee for any of the following items:
 - o recording fees and recording taxes or other charges incident to the recordation of the insured HECM;
 - o credit report;
 - o survey, if required by the Mortgagee or the Borrower;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

- o title examination;
 - o Mortgagee's title insurance; and
 - o fees paid to an Appraiser for the initial appraisal of the Property;
- delinquent Federal Debt;
- fees and charges for real estate sales contracts, warranties, inspections, surveys, and engineer certifications;
- the total amount of property tax and Flood and Hazard Insurance charges scheduled for payment during the First 12-Month Disbursement Period from a Fully Funded LESA. Mortgagees must use the actual insurance premium and actual tax amount;
- property tax and Flood and Hazard Insurance payments required by the Mortgagee to be paid at closing;
- the amount of the principal that is advanced toward the purchase price of the subject Property;
- other charges as authorized by the Secretary; and
- for adjustable rate HECMs:
 - o the total amount of property charge payments scheduled for payment through the optional Borrower authorized option during the First 12-Month Disbursement Period; and
 - o the total amount of semiannual Disbursements scheduled to be made during the First 12-Month Disbursement Period to the Borrower from a Partially Funded LESA.

(2) Property Assessed Clean Energy

The PACE obligation must be paid off in full by the seller prior to or at closing.

(3) Discount Points and Interest Rate Buydowns

The Mortgagee may not charge Discount Points.

Temporary and permanent interest rate buydowns are not permitted.

(4) Interested Party Contributions on the HUD-1 Settlement Statement

The Mortgagee may apply permissible [Interested Party Contributions](#) toward the Borrower's closing costs and other fees required to obtain a HECM.

The Mortgagee must identify the total Interested Party Contributions on the front page of the HUD-1 Settlement Statement or similar legal document or in an addendum, and on Exhibit 2 – Schedule of Closing Costs. The Mortgagee must identify each item and fee paid by an Interested Party Contribution.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM For Purchase (04/10/2025)

(E) Mortgage and Note

All Borrowers and co-Borrowers must take title to the Property in their own name or a living trust at settlement, be obligated on the Note or credit instrument, and sign all security instruments. In community property states, the Borrower's spouse is not required to be a Borrower or a Co-signer. However, the Mortgage must be executed by all parties necessary to make the lien valid and enforceable under state law.

(F) Certificate of Occupancy

(1) Standard

The Mortgagee must obtain a copy of the CO, or its equivalent, if the date of the issuance of the CO or equivalent is less than one year before closing and the Property has never been occupied.

(2) Required Documentation

The Mortgagee must obtain a copy of the CO or its equivalent issued by the local jurisdiction, ICC RCI, or CI.

xiv. Post-closing and Endorsement

(A) Settlement Statement and Settlement Certification

If the HUD-1 Settlement Statement or similar legal document is provided separately, the Mortgagee must obtain from the Closing Agent a copy of the final statement provided to the seller to keep in the case binder.

(B) Form NPMA-33, *Wood Destroying Insect Inspection Report*

The Mortgagee must confirm that the HECM file contains the National Pest Management Association (NPMA) form NPMA-33, *Wood Destroying Insect Inspection Report*, or the state mandated infestation report, as applicable.

(C) Local Health Authority's Approval for Individual Water and Sewer Systems

The Mortgagee must confirm that the HECM file contains the Local Health Authority's approval for Individual Water Supply Systems and sewer systems, if applicable.

(D) HECM for Purchase New Construction Exhibits

The Mortgagee must confirm that the documentation requirements found in the HECM for Purchase product sheet are in the HECM file.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM Refinance (04/29/2024)

b. HECM Refinance (04/29/2024)

HECMs to be insured under the HECM Refinance program must be processed and underwritten in accordance with the requirements in Origination through Post-closing/Endorsement, except where noted otherwise in this section.

i. Definition

HECM-to-HECM Refinance (HECM Refinance) refers to a new HECM where the proceeds will be used to pay off the property indebtedness of the current HECM and any existing eligible lien.

Original HECM refers to the first HECM that was endorsed by FHA.

Mortgagee Optional Election (MOE) Assignment refers to an assignment option available to Mortgagees for cases where an FHA case number was assigned prior to August 4, 2014, and is associated with an Eligible Surviving NBS.

ii. Standard

The Borrower must pay off any [existing non-HECM lien](#) on the subject Property that cannot be subordinated to the first and second HECM liens, and costs associated with the refinance transaction.

When the HECM is in a deferred Due and Payable status, due to the death of all Borrowers, and the Eligible Non-Borrowing Spouse (NBS) seeks to obtain a HECM as a Borrower on the Property serving as collateral for the existing HECM, the transaction cannot be originated as a HECM Refinance, but must be originated as a traditional transaction provided that all [Borrower eligibility requirements](#) are met.

iii. Counseling Requirements

Waiver of Counseling on HECM Refinances

The Borrower and NBS may elect not to receive counseling in a HECM Refinance if the following conditions are met:

- (i) the original HECM was assigned a case number on or after August 4, 2014, and the Borrower and NBS, if applicable, received HECM counseling; or the original HECM was assigned a case number prior to August 4, 2014, and there is no NBS as determined by the [MOE Assignment policies](#);
- (ii) the Borrower has received form HUD-92901, *Home Equity Conversion Mortgage (HECM) Anti-Churning Disclosure*. See [HECM Anti-Churning Disclosure](#);
- (iii) the increase in the Borrower's Principal Limit (block 2 of form HUD-92901) exceeds the total cost of the refinancing by an amount equal to five times the cost of the transaction (block 1 of form HUD-92901); and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM Refinance (04/29/2024)

- (iv) the time between the date of closing on the original HECM (i.e., the first time the Borrower obtains an FHA-insured HECM) and the application for refinancing does not exceed five years, even if less than five years have passed since a previous refinancing.

The five-year period in bullet (iv) above does not restart with each new refinance, even when the Borrower has received HECM counseling since the original HECM. Mortgagees are responsible for obtaining documentation to confirm the date of closing of the original HECM.

iv. Processing of a HECM Refinance

(A) Churning

(1) Definition

Churning refers to a practice whereby Mortgagees engage in multiple refinances to generate additional profit from fees and charges. The churned HECMs are not made in the interest of the Borrower and provide no financial benefit to the Borrower.

(2) Standard

The Mortgagee must provide the Borrower with a completed form [HUD-92901](#), within three Days of taking initial loan application, disclosing:

- their best estimate of the total cost of the mortgage transaction;
- the increase or decrease in the Borrower's Principal Limit; and
- the amount of any additional HECM funds that will be available to the Borrower as a result of the refinancing.

If the Principal Limit of the HECM Refinance is lower than the Borrower's current Principal Limit, the change must be entered as a negative number.

(3) Required Documentation

HECM Anti-Churning Disclosure

Confirm the original form [HUD-92901](#) is signed and dated by the Borrower.

The Settlement Statement or similar legal document must indicate that all existing mortgage liens have been fully satisfied or are subordinate to the first and second HECM liens.

(B) Ordering a Case Number

The Mortgagee must enter the FHA case number of the existing HECM being refinanced. FHAC will not issue a case number if the existing case number is

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - HECM Refinance (04/29/2024)

“terminated” or Due and Payable. The Mortgagee must terminate the existing case number in [HERMIT](#) after closing and once the outstanding loan balance of the existing HECM is satisfied.

v. Property Eligibility

Condominium Refinances

HECM Refinance transactions do not require Condominium Project Approval or Single-Unit Approval. If the Unit is in a Condominium Project that has an FHA Condo ID, the Mortgagee must enter the FHA Condo ID when the FHA case number is requested.

vi. Allowable Mortgage Parameters

(A) Reduction of Initial Mortgage Insurance Premium

At least one Borrower from the original HECM must be a Borrower on the HECM Refinance for the transaction to be eligible for reduced Initial Mortgage Insurance Premium (IMIP).

(B) Calculation of Initial Mortgage Insurance Premium

Mortgagees must use the formula below to determine IMIP due ($IMIP_{due}$) to HUD:

$$(1) \quad IMIP_{new} = MCA_{new} \times IMIP \text{ rate}_{new}$$

$$(2) \quad IMIP_{old} = MCA_{old} \times IMIP \text{ rate}_{old}$$

or, if this HECM has previously been refinanced:

$$IMIP_{old} = MCA_{old} \times IMIP \text{ rate}_{old} - \text{previous IMIP credit}$$

$$(3) \quad IMIP_{limit} = [(MCA_{new} - MCA_{old}) \times 0.03] - IMIP_{old}$$

$$(4) \quad IMIP_{due} = \min_{x \geq 0}(IMIP_{limit}, IMIP_{new})$$

$IMIP_{new}$ is calculated by multiplying the new IMIP rate by the new MCA of the property being refinanced.

For HECMs being refinanced for the first time, $IMIP_{old}$ is calculated by multiplying the original IMIP rate by the original MCA of the property being refinanced.

For HECMs previously refinanced, $IMIP_{old}$ is calculated by multiplying the prior IMIP rate by the prior MCA of the property being refinanced, then subtracting IMIP credit previously applied.

$IMIP_{limit}$ is calculated by multiplying 0.03 by the difference between the new MCA and old MCA, then subtracting the value calculated for $IMIP_{old}$.

$IMIP_{due}$ is the lesser of $IMIP_{limit}$ or $IMIP_{new}$, but cannot be less than zero.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

If IMIP paid on the existing HECM is greater than the new IMIP due, there will be no refunds. No additional credit is given for the IMIP paid on the last HECM transaction.

(C) Calculation of Monthly Mortgage Insurance Premium

Mortgagees must use the formula of one-twelfth of 0.50 percent multiplied by the outstanding mortgage balance to calculate the monthly Mortgage Insurance Premium (MIP). The amount of the annual MIP will begin to accrue on the outstanding mortgage balance from the day after the expiration of the rescission period.

c. Condominiums (04/10/2025)

The Federal Housing Administration (FHA) will insure HECMs on Condominium Units (Units) in [Approved Condominium Projects](#) that have been approved under the HUD Review and Approval Process (HRAP) or Direct Endorsement Lender Review and Approval Process (DELRAP). In addition, FHA will insure HECMs on Units approved in accordance with the [Single-Unit Approval](#) section or that meet the definition and standards for a [Site Condominium](#).

i. Units Not Requiring Approval

(A) Real Estate Owned Mortgages

HUD Real Estate Owned (REO) HECM transactions do not require Condominium Project Approval or Single-Unit Approval. If the Unit is in a Condominium Project that has an FHA Condo ID, the Mortgagee must enter the FHA Condo ID when the FHA case number is requested.

(B) HECM-to-HECM Refinances

HECM Refinances do not require Condominium Project Approval or Single-Unit Approval. If the Unit is in a Condominium Project that has an FHA Condo ID, the Mortgagee must enter the FHA Condo ID when the FHA case number is requested.

ii. Requirements for Units in Approved Condominium Projects

The Mortgagee must verify the following requirements for individual Units located in an Approved Condominium Project or Legal Phase.

(A) Condominium Project Approval Status

The Mortgagee must confirm the Condominium Project is on the list of [FHA-Approved Condominium Projects](#) at the time of case number assignment and must enter the FHA Condo ID in the Federal Housing Administration Connection ([FHAC](#)) Case Assignment screen.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(B) FHA Insurance Concentration

(1) Definition

FHA Insurance Concentration refers to the number of FHA-insured Mortgages within a Condominium Project.

(2) Standard

FHA may suspend the issuance of new FHA case numbers for a HECM on a Unit in a Condominium Project where the FHA Insurance Concentration is greater than 50 percent of the total number of Units in the Condominium Project.

(C) Form HUD-9991, *FHA Condominium Loan Level/Single-Unit Approval Questionnaire*

(1) Definition

Form [HUD-9991](#), *FHA Condominium Loan Level/Single-Unit Approval Questionnaire*, refers to a set of questions designed to collect pertinent loan, Condominium Project, and Unit information for FHA insurance endorsement.

(2) Standard

The Mortgagee must submit a completed, signed, and dated form [HUD-9991](#).

(D) Owner Occupancy Percentage

(1) Definitions

Owner Occupancy Percentage refers to the percentage of Units considered owner-occupied as shown in the calculation.

(2) Standard

The Mortgagee must determine the Approved Condominium Project has an Owner Occupancy Percentage of at least 35 percent of the total number of Units.

The Mortgagee must report the Owner Occupancy Percentage in [FHAC](#) when the functionality becomes available.

(3) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(4) Calculation

For the sole purpose of calculating the Owner Occupancy Percentage, the numerator of the calculation for a multi-phased Condominium Project includes the total number of the following Units in the first declared Legal Phase and cumulatively in subsequent Legal Phases, or for a single-phased Condominium Project, all of the following Units in the numerator of the calculation:

- any Unit that is occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year;
- any Unit listed for sale, and not listed for rent, that was previously occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year; or
- any Unit sold to an owner who intends to occupy the Unit as their place of abode for any portion of the calendar year and has no intent to rent the Unit for a majority of the calendar year.

For the sole purpose of calculating the Owner Occupancy Percentage, the following Units are included in the denominator of the calculation for a:

- multi-phased Condominium Project, the total number of Units in the first declared Legal Phase and cumulatively in subsequent Legal Phases; or
- single-phased Condominium Project, all Units.

A Unit owned by the builder or developer is not an owner-occupied Unit.

(E) Financial Condition

(1) Units in Arrears

(a) Definition

Units in Arrears refer to each Unit with Condominium Association dues or any special assessments that are more than 60 Days past due.

(b) Standard

The Mortgagee must verify that no more than 15 percent of the total Units are Units in Arrears (does not include late fees or administrative expenses).

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(2) Individual Owner Concentration

(a) Definition

Individual Owner Concentration refers to the percentage of Units owned by a single owner or Related Party.

Related Party includes, but is not limited to:

- an individual serving as the Unit owner's officer, director, or employee; or
- a Unit owner's direct parent company, subsidiary, or any related entity with which the Unit owner shares a common officer or director.

(b) Standard

The Mortgagee must determine that for Condominium Projects with 20 or more Units, the Individual Owner Concentration is 10 percent or less.

The Mortgagee must determine that for Condominium Projects with fewer than 20 Units, the Unit owner may not own more than one Unit. No Related Party may own a Unit.

Exception

Affordable housing Units owned by an eligible governmental or nonprofit program defined in [24 CFR § 203.41](#) are not subject to the Individual Owner Concentration requirements. The affordable housing Units must be identified by recorded legal documents.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(d) Calculation

For the Individual Owner Concentration calculation:

- on a multi-phased Condominium Project, the Individual Owner Concentration is calculated based on the total number of Units in the first declared Legal Phase and cumulatively on subsequent Legal Phases; or
- on a single-phased Condominium Project, all Units are used in the denominator when calculating the Individual Owner Concentration, except unoccupied and unsold Units owned by a builder or developer, which are excluded from the numerator and denominator in the Individual Owner Concentration calculation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

The Mortgagee must use the total number of declared Units in the Condominium Project for Complete Condominium Projects and Gut Rehabilitation (Gut Rehab) to calculate the Individual Owner Concentration.

(F) Insurance

(1) Walls-In (HO-6)

(a) Definition

Walls-In Insurance refers to insurance that covers the interior of the Unit and Personal Property inside the Unit.

(b) Standard

The Mortgagee must verify that the Borrower has obtained a Walls-In policy (HO-6) if the master or blanket policy does not include interior unit coverage, including replacement of interior improvements and betterment coverage to insure improvements that the Borrower may have made to the Unit.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and the certificate of insurance or complete copy of the insurance policy.

(2) Hazard Insurance

(a) Definition

Hazard Insurance refers to insurance coverage that compensates for physical damage by fire, wind, or natural occurrences.

(b) Standard

The Mortgagee must verify that the Condominium Association has a master or blanket Hazard Insurance policy in place for the entire Condominium Project. The Condominium Association's master or blanket Hazard Insurance policy must be in an amount to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Approved Condominium Project.

The Mortgagee must verify that any policy with a coinsurance clause includes an agreed amount endorsement, selection of the agreed value option, or an amount of coverage to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Approved Condominium Project.

The Mortgagee must verify that any pooled insurance policy satisfies the insurance coverage standard for each Condominium Project insured under the policy.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

The insurance policies must list the Condominium Association as the named insured, or, in the case of an affiliated Approved Condominium Project or Condominium Association, the name of the affiliated Approved Condominium Project or Condominium Association may be listed as a named insured.

Hazard Insurance must be maintained over the lifecycle of the HECM.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#), the certificate of insurance or complete copy of the insurance policy, and if applicable, acceptable evidence of the replacement cost value.

(3) Flood Insurance

(a) Standard

Flood Insurance for Condominiums must meet the requirements in [Flood Insurance](#).

The Mortgagee must verify that the Approved Condominium Project located in a Special Flood Hazard Area (SFHA) continues to meet the [Flood Insurance](#) requirements in the Condominium Project Approval section.

The insurance policies must list the Condominium Association as the named insured, or, in the case of an affiliated Approved Condominium Project or Condominium Association, the name of the affiliated Approved Condominium Project or Condominium Association may be listed as a named insured.

(b) Required Documentation

The Mortgagee must submit:

- form [HUD-9991](#);
- if applicable, the Letter of Map Amendment (LOMA), Letter of Map Revision (LOMR), or a FEMA NFIP Elevation Certificate (FEMA Form FF-206-FY-22-152); and
- if applicable, the certificate of insurance or a complete copy of the Flood Insurance policy.

(4) Exception for FHA Insurance Requirements

This exception applies to Manufactured Home Condominium Projects, Detached Condominium Housing Projects, and Common Interest Housing Developments unable to satisfy the current insurance requirements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(a) Definitions

A Manufactured Home Condominium Project (MHCP) refers to a Condominium Project that consists of two or more Manufactured Homes.

A Detached Condominium Housing Project (DCHP) refers to a Condominium Project that has individual detached Single Family Dwelling Units, garage, and onsite improvements that are owned and maintained by the homeowner. The ground beneath the residential improvements is owned by the Condominium Association or Homeowners' Association (HOA) or is under a long-term leasehold interest and considered common area or limited common area.

A Common Interest Housing Development (CIHD) refers to a planned residential community that may consist of Units within a two- to four-unit building and/or contain multiple housing types, structured with different ownership interests, managed by a common Condominium Association or HOA, and governed under one Declaration of Covenants, Conditions, and Restrictions (CC&Rs). The CIHD may share a variety of common amenities and services.

(b) Standard

The Mortgagee must verify that the Unit owners and the Condominium Association or HOA comply with FHA insurance coverage requirements.

(i) Manufactured Housing Condominium Project

If the governing documents require the Unit owners to maintain all applicable property insurance coverage for the dwelling, site area, and any Personal Property contained within, the MHCP is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance (Walls-In);
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; or
- a Flood Insurance policy, provided that the governing documents require the Unit owners to maintain individual Flood Insurance if the Unit has been identified as located in a Special Flood Hazard Area (SFHA).

The Condominium Association or HOA must carry master or blanket insurance for Structures/improvements that are considered common areas of the project outside the footprint of the individual site.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(ii) Detached Condominium Housing Project

If the governing documents require the Unit owners to maintain all applicable property insurance coverage for the dwelling, site area, and any Personal Property contained within, the DCHP Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must carry master or blanket insurance for Structures/improvements that are considered common areas of the project outside the footprint of the individual site.

(iii) Common Interest Housing Development

If the governing documents require the Unit owners of the detached Single Family homes, Site Condominiums, duplex, or two- to four-units within the project to maintain and carry property insurance for the dwelling, site area, and any Personal Property contained therein, the Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must maintain and carry master/blanket Hazard, Liability, and Flood insurance for the Structures that contain the attached units and the common areas of the project.

(c) Required Documentation

The Mortgagee must submit form HUD-9991 and the certificates of insurance or complete copies of the insurance policies.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(G)Leasehold Interest

(1) Definition

Leasehold Interest refers to real estate where the residential improvements are located on land that is subject to long-term lease from the underlying fee owner, creating a divided estate in the Property.

(2) Standard

The Mortgagee must determine if the Unit is owned under a Leasehold Interest and complies with the [leasehold guidance](#).

(3) Required Documentation

The Mortgagee must document verification of compliance and submit the required documentation in the [leasehold guidance](#).

(H)Existing Less than One Year

(1) Definitions

Existing Less than One Year refers to a Property that is 100 percent complete and has been completed less than one year from the date of issuance of the CO or equivalent. The Property must have never been occupied.

Complete Condominium Project refers to a Condominium Project consisting of Units that are Existing Less than One Year and that are ready for occupancy, including completion of all the Infrastructure of the Condominium Project, and not subject to further rehabilitation or construction.

(2) Standard

For Complete Condominium Projects, the Mortgagee must comply with the [General Condominium Project Approval Requirements](#) and the guidance in [Construction and Inspection Requirements for New Construction HECM Properties](#).

(3) Required Documentation

The Mortgagee must submit required documentation for Existing Less than One Year under the guidance in [Required Documentation for New Construction Properties](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(I) Manufactured Housing

(1) Definition

Manufactured Housing refers to Structures that are transportable in one or more sections and meet the additional definition standards prescribed in [Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages](#). They may be part of an Approved Condominium Project, provided the Condominium Project meets applicable FHA requirements.

A Manufactured Home refers to a single dwelling unit of Manufactured Housing.

(2) Standard

For a Manufactured Home, the Mortgagee must comply with the [General Condominium Project Approval Requirements](#) and the guidance in [Property Types - Manufactured Housing](#).

For HECM for Purchase transactions, the Mortgagee must comply with the guidance in [Construction and Inspection Requirements for New Construction HECM Properties](#).

(3) Required Documentation

The Mortgagee must submit form HUD-9991 and the required documentation for Manufactured Housing under the guidance in [Property Types - Manufactured Housing](#).

iii. Single-Unit Approval

Single-Unit Approval refers to approval of a Unit in a Condominium Project that is not an Approved Condominium Project.

The Mortgagee must verify that the Unit and Condominium Project are in compliance with the following requirements.

(A) Condominium Project Approval Status

The Mortgagee must confirm the Condominium Project is not on the list of [FHA-Approved Condominium Projects](#) at the time of case number assignment.

(B) Borrower Eligibility

To be eligible for Single-Unit Approval, the Mortgagee must verify that the HECM Borrower:

- meets the applicable [Residual Income standard](#) without the use of Compensating Factors; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

- has a [Satisfactory Property Charge Payment History](#) without the use of [Extenuating Circumstances](#).

(C) Property Eligibility

The Mortgagee must confirm that the Condominium Project:

- has a CO or equivalent for all units in the Complete Condominium Project or Complete Legal Phase;
- has a CO or equivalent for the subject Unit that was issued at least one year ago or has been occupied;
- has at least five Units;
- is not a Manufactured Home;
- does not have [Ineligible Characteristics](#); and
- is not located in an Approved Condominium Project or unapproved phase of a Condominium Project with an approved Legal Phase.

(D) Requirements for Eligible Properties

(1) FHA Insurance Concentration

(a) Definition

FHA Insurance Concentration refers to the number of FHA-insured Mortgages within a Condominium Project.

(b) Standard

FHA may suspend the issuance of new FHA case numbers for a HECM on a Unit in a Condominium Project when the FHA Insurance Concentration exceeds 10 percent of the total number of Units in the Condominium Project for Condominium Projects with 20 or more Units. For Condominium Projects with less than 20 Units, the number of FHA-insured Mortgages cannot exceed two.

(2) Single-Unit Approval Case Number Assignment

(a) Standard

After submitting the case number assignment to Holds Tracking in FHAC, the Mortgagee must submit required information for case number assignment by email to the FHA Resource Center at: answers@hud.gov. The issuance of an FHA case number for Single-Unit Approval processing is not a Condominium Project Approval of the Unit nor the Condominium Project. All required documents and verifications are to be reviewed and completed as loan level requirements by the Mortgagee.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(b) Required Documentation

The Mortgagee must submit an email to the FHA Resource Center with the information requested in form [HUD-9991](#) in the following Sections: Mortgagee Information, Condominium Project Information, Condominium Association, and Occupancy Requirements by Construction Type, including the total number of Units in the Condominium Project for a case number assignment. Separate emails with the subject line “SUA Holds Tracking: Condominium Project Name” must be submitted for each case number requested.

(3) Form HUD-9991, *FHA Condominium Loan Level/Single-Unit Approval Questionnaire*

(a) Definitions

Form [HUD-9991](#), *FHA Condominium Loan Level/Single-Unit Approval Questionnaire*, refers to a set of questions designed to collect pertinent loan, Condominium Project, and Unit information for FHA insurance endorsement.

Condominium Information Fee refers to a fee charged by a Condominium Association when requested to provide information and documentation used to determine eligibility for FHA-insured financing.

(b) Standard

The Mortgagee must submit a completed, signed, and dated form [HUD-9991](#). If a condominium information fee is charged by the Condominium Association to complete form HUD-9991, the condominium information fee may be financed or paid in cash by the Borrower or Mortgagee.

(4) Owner Occupancy Percentage

(a) Definition

Owner Occupancy Percentage refers to the percentage of Units considered owner-occupied as shown in the calculation.

(b) Standard

The Mortgagee must determine that the Condominium Project has an Owner Occupancy Percentage of at least 50 percent of the total number of Units.

The Mortgagee must report the Owner Occupancy Percentage in [FHAC](#) when the functionality becomes available.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(d) Calculation

For the sole purposes of calculating the Owner Occupancy Percentage, the numerator of the calculation for a multi-phased Condominium Project includes the total number of the following Units in the first declared Legal Phase and cumulatively in subsequent Legal Phases, or for a single-phased Condominium Project, all of the following Units are included in the numerator of the calculation:

- any Unit that is occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year;
- any Unit listed for sale, and not listed for rent, that was previously occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year; or
- any Unit sold to an owner who intends to occupy the Unit as their place of abode for any portion of the calendar year and has no intent to rent the Unit for a majority of the calendar year.

For the sole purposes of calculating the Owner Occupancy Percentage, the following units are included in the denominator of the calculation for a:

- multi-phased Condominium Project, the total number of Units in the first declared Legal Phase and cumulatively on subsequent Legal Phases; or
- single-phased Condominium Project, all Units.

A Unit owned by the builder/developer is not an owner-occupied Unit.

(5) Recorded Documents

(a) Definition

Recorded Documents refer to the Condominium Project's legal, project, and governing documents that are required to operate legally as required by state and local law.

(b) Standard

The Condominium Project's Recorded Documents must be recorded in accordance with applicable state and local law to ensure the Condominium Project can be legally operated in the local jurisdiction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(c) Required Documentation

The Mortgagee must submit evidence that the Recorded Documents have been recorded.

(6) Transfer of Control

(a) Definitions

Transfer of Control refers to the shift of existing control over the Condominium Association from the developer/builder to the Unit owners.

Control of the Condominium Association refers to the ability to directly or indirectly control, direct, modify, or veto any action of the Condominium Association.

(b) Standard

The Mortgagee must verify Control of the Condominium Association has been transferred to the Unit owners and the Covenants, Conditions, and Restrictions (CC&R) have been recorded.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#) and recorded CC&Rs.

(7) Financial Condition

(a) Financial Stability

(i) Definition

Financial Stability refers to the ability of the Condominium Association to meet the Condominium Project's needs in the future through positive cash flow and adequately funded reserves.

(ii) Standard

The Mortgagee must verify the Financial Stability of the Condominium Project and that:

- the Condominium Association maintains separate accounts for operating and reserve funds;
- a reserve account for capital expenditures and deferred maintenance that is funded with at least 10 percent of the aggregate of 12 months of Unit assessments, unless a lower amount is deemed sufficient based upon an acceptable reserve study; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

- no more than 15 percent of the total Units are Units in Arrears (does not include late fees or administrative expenses).

***(iii)* Required Documentation**

The Mortgagee must submit form [HUD-9991](#).

(b) Financial Distress Event

***(i)* Definition**

A Financial Distress Event refers to a Condominium Project or builder/developer that has:

- sought protection under bankruptcy law;
- been placed into receivership (mandated or voluntary);
- been subject to foreclosure or any seizure of assets by creditors; or
- offered a Deed-in-Lieu (DIL) of Foreclosure.

***(ii)* Standard**

The Mortgagee must verify that a Condominium Project has not experienced a Financial Distress Event within the last three years.

***(iii)* Required Documentation**

The Mortgagee must submit form [HUD-9991](#).

If applicable, the Mortgagee must submit a dated legal document evidencing Resolution of Financial Distress Event and a signed and dated explanation.

(c) Individual Owner Concentration

***(i)* Definition**

Individual Owner Concentration refers to the percentage of Units owned by a single owner or Related Party.

Related Party includes, but is not limited to:

- an individual serving as the Unit owner's officer, director, or employee; or
- a Unit owner's direct parent company, subsidiary, or any related entity with which the Unit owner shares a common officer or director.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(ii) Standard

The Mortgagee must determine that for Condominium Projects with 20 or more Units, the Individual Owner Concentration is 10 percent or less.

The Mortgagee must determine that for Condominium Projects with fewer than 20 Units, the Unit owner may not own more than one Unit. A Related Party may own a Unit, only if the Unit is owner-occupied and meets FHA's principal residency requirements.

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(iv) Calculation

For the Individual Owner Concentration calculation:

- on a multi-phased Condominium Project, the Individual Owner Concentration is calculated based on the total number of Units in the first declared Legal Phase and cumulatively on subsequent Legal Phases; or
- for a single-phased Condominium Project, all Units are used in the denominator when calculating the Individual Owner Concentration, except that unoccupied and unsold Units owned by a builder/developer are excluded from the numerator and denominator in the Individual Owner Concentration calculation.

The Mortgagee must use the total number of declared Units in the Condominium Project for Complete Condominium Projects and Gut Rehab to calculate the Individual Owner Concentration.

(d) Commercial/Nonresidential Financial Independence

(i) Definition

Commercial/Nonresidential Financial Independence refers to the ability of the Residential Space and Commercial/Nonresidential Space of the Condominium Project to be independently sustainable such that neither portion of the Condominium Project is financially reliant on the other.

(ii) Standard

For projects with [Commercial/Nonresidential Space](#), the Mortgagee must verify there is Commercial/Nonresidential Financial Independence.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

***(iii)*Required Documentation**

The Mortgagee must submit form [HUD-9991](#).

For Condominium Projects with Commercial/Nonresidential Space, the Mortgagee must submit:

- a current year budget approved by the board(s);
- a year-to-date income and expense statement dated within 90 Days if the prior year to date actuals are more than 90 Days old;
- an income and expense statement for the previous year's actual year end results; and
- a current balance sheet dated within 90 Days prior to the date of submission.

(8) Insurance Coverage

The Condominium Project where the single Unit is located must be insured to FHA standards as well as any applicable state and local condominium requirements.

The insurance policies must list the Condominium Association as the named insured, or in the case of an Affiliated Condominium Project or Condominium Association, the name of the Affiliated Condominium Project or Condominium Association may be listed as a named insured.

(a) Walls-In (HO-6)

***(i)* Definition**

Walls-In Insurance refers to insurance that covers the interior of the Unit and Personal Property inside the Unit.

***(ii)* Standard**

The Mortgagee must verify that the Borrower has obtained a Walls-In coverage policy (HO-6) if the master or blanket policy does not include interior Unit coverage, including replacement of interior improvements and betterment coverage to insure improvements that the Borrower may have made to the Unit.

***(iii)*Required Documentation**

The Mortgagee must submit form [HUD-9991](#) and a certificate of insurance or complete copy of the insurance policy.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(b) Hazard Insurance

(i) Definition

Hazard Insurance refers to insurance coverage that compensates for physical damage by fire, wind, or natural occurrences.

(ii) Standard

The Mortgagee must verify that the Condominium Association has a master or blanket hazard insurance policy in place for the entire Condominium Project. The Condominium Association's master or blanket Hazard Insurance policy must be in an amount to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Condominium Project.

The Mortgagee must verify that any policy with a coinsurance clause includes an agreed amount endorsement, selection of the agreed value option, or an amount of coverage to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Condominium Project.

The Mortgagee must verify that any pooled insurance policy satisfies the insurance coverage standard for each Condominium Project insured under the policy.

Hazard Insurance must be maintained over the lifecycle of the HECM.

(iii) Required Documentation

The Mortgagee must submit form [HUD-9991](#), a certificate of insurance or complete copy of the insurance policy, and if applicable, acceptable evidence of the replacement cost value.

(c) Liability Insurance

(i) Definition

Liability Insurance refers to insurance that protects against legal claims.

(ii) Standard

The Mortgagee must verify that the Condominium Association maintains comprehensive Liability Insurance for the entire Condominium Project, including all common areas, elements, public ways, and all other areas that are under its supervision, in the amount of at least \$1 million for each occurrence.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

Liability Insurance must be maintained over the lifecycle of the HECM.

(iii)Required Documentation

The Mortgagee must submit form [HUD-9991](#) and a certificate of insurance or complete copy of the insurance policy.

(d) Fidelity Insurance

(i) Definition

Fidelity Insurance refers to insurance that protects the Condominium Association against employee dishonesty, crime, or other fraudulent acts conducted by one or more employees.

(ii) Standard

The Mortgagee must verify that for all Condominium Projects with more than 20 Units, the Condominium Association maintains Fidelity Insurance for all officers, directors, and employees of the Condominium Association and all other persons handling or responsible for funds administered by the Condominium Association.

The Mortgagee must verify that the insurance coverage is the greater of either:

- three months of aggregate (12-month) assessments on all Units plus reserve funds (up to the maximum permitted by state law); or
- the minimum amount required by state law.

For existing policies, an uninsured amount within 3 percent of the above calculation or \$10,000, whichever is less, is acceptable.

If the Condominium Project engages a management company, the policy or policies must demonstrate that they specifically meet the standard for both the Condominium Association and the management company.

(iii)Required Documentation

The Mortgagee must submit form [HUD-9991](#) and the certificate of insurance or a complete copy of the insurance policy from the Condominium Association and/or from the management company.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(e) Flood Insurance

(i) Standard

The Mortgagee must ensure that the Flood Insurance for a Condominium Unit meets the requirements in/under [Flood Insurance](#) for an FHA-insured Mortgage.

The Mortgagee must verify that Units in a Condominium Project located in a SFHA meet the [Flood Insurance](#) requirements in the Condominium Project Approval section.

(ii) Required Documentation

The Mortgagee must submit form HUD-9991 and the [required documentation](#) in the Condominium Project Approval section.

(f) Exception for FHA Insurance Requirements

The Mortgagee must verify that the Unit owners and Condominium Association or HOA comply with FHA insurance coverage requirements.

(i) Detached Condominium Housing Project Eligibility

If the governing documents require the Unit owners to maintain all applicable property insurance coverage for the dwelling, site area, and any Personal Property contained within, the DCHP Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance (Walls-In);
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must carry master or blanket insurance for Structures/improvements that are considered common areas of the project outside the footprint of the individual site.

(ii) Common Interest Housing Development Project

If the governing documents require the Unit owners of the detached Single Family homes, Site Condominiums, duplex, or two- to four-units within the project to maintain and carry property insurance for the dwelling, site

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

area, and any Personal Property contained therein, the Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must maintain and carry master/blanket Hazard, Liability, and Flood Insurance for the Structures that contain the attached units and the common areas of the project.

(iii) Required Documentation

The Mortgagee must submit form HUD-9991 and certificates of insurance or complete copies of the insurance policies.

(9) Projects in Coastal Barrier Resources System or Special Flood Hazard Areas

(a) Projects in Coastal Barrier Resources System

If any part of the Condominium Project is located within the Coastal Barrier Resources System (CBRS), the Condominium Project is [not eligible](#) for FHA Single-Unit Approval.

(b) Special Flood Hazard Areas

If any portion of the Structures or equipment essential to the value of the Condominium Project is located within an SFHA, then the Condominium Project is not eligible for Condominium Project Approval, unless the Condominium Project meets the [Special Flood Hazard Areas](#) requirements in the Condominium Project Approval section.

(10) Commercial/Nonresidential Space

(a) Definitions

Commercial/Nonresidential Space refers to floor area allocated to:

- retail and commercial square footage (excludes [Live/Work Units](#));
- multilevel parking garage square footage that is separate from multilevel parking garage square footage allocated to residential Unit owners;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

- building common areas not reserved for the exclusive use of residential Unit owners; and
- any square footage that is owned by a private individual or entity outside of the Condominium Association.

Residential Space refers to floor area allocated to:

- all Unit square footage;
- all building common area square footage exclusively for the use of residential Unit owners; and
- all parking garage square footage allocated to residential Unit owners.

Parking lot square footage is not considered Residential or Commercial/Nonresidential Space.

Total Floor Area refers to all Residential Space and Commercial/Nonresidential Space.

(b) Standard

The Mortgagee must verify that the Condominium Project's Commercial/Nonresidential Space does not exceed 35 percent of the Condominium Project's Total Floor Area.

(c) Required Documentation

The Mortgagee must submit the following documentation:

- form [HUD-9991](#);
- recorded condominium site plans; and
- recorded CC&Rs.

(11) Live/Work Unit

(a) Definitions

A Live/Work Condominium Project refers to a Condominium Project that allows space within the individual Unit to be used jointly for nonresidential and residential purposes.

A Live/Work Unit refers to a Unit in a Live/Work Condominium Project.

(b) Standard

The Mortgagee must verify that the Condominium Project governing documents allow Live/Work arrangements.

The Mortgagee must verify that the individual Live/Work Unit does not contain more than 49 percent Commercial/Nonresidential Space.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

(12) Leasehold Interest

(a) Definition

Leasehold Interest refers to real estate where the residential improvements are located on land that is subject to long-term lease from the underlying fee owner, creating a divided estate in the Property.

(b) Standard

The Mortgagee must determine if Condominium Projects with Units or Common Elements owned under a Leasehold Interest are eligible and meet the following requirements:

- The Condominium Association must be the lessee under the lease.
- The lease of the Common Elements provides that a default of the Condominium Association does not result in a disturbance of any rights of the Unit owners.
- The lease provides that the Mortgagee receives notice of any monetary or Non-Monetary Default by the Condominium Association and is given the right to cure any defaults on behalf of the Condominium Association.
- The lease provides for the payment of taxes and insurance related to the land, in addition to those being paid for the improvements.
- The Condominium Association must not be in default under any provisions of the lease.
- The lease does not include any default provisions that could result in forfeiture or termination of the lease except for nonpayment of lease rents.
- The Condominium Project must comply with the Title II [Leasehold guidance](#) as applicable.

(c) Required Documentation

The Mortgagee must submit the lease and comply with the required documentation in the [Leasehold guidance](#).

(13) Litigation

(a) Definition

Litigation refers to a current or pending lawsuit or proceedings in a court, arbitration, or mediation involving the Condominium Project or Condominium Association, or those concluded within 12 months of the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

B. Title II Insured Housing Programs Reverse Mortgages

8. Programs and Products - Condominiums (04/10/2025)

application date. Litigation does not include foreclosure or actions to collect past due assessments brought by the Condominium Association or Condominium Project as plaintiff.

(b) Standard

The Mortgagee must verify that the Condominium Project or Condominium Association is not subject to Litigation that relates to the safety, structural soundness, habitability, or functional use of the Condominium Project.

The Mortgagee must verify that the Condominium Project or Condominium Association is not subject to any other Litigation risk not covered by insurance or that exceeds the amount of insurance coverage relating to the potential losses for that matter.

(c) Required Documentation

The Mortgagee must submit form [HUD-9991](#).

iv. Site Condominium

(A) Definition

A Site Condominium refers to:

- a Condominium Project that consists entirely of Single Family detached dwellings that have no shared garages, or any other attached buildings; or
- a Condominium Project that:
 - o consists of Single Family detached or horizontally attached (townhouse-style) dwellings where the Unit consists of the dwelling and land;
 - o does not contain any Manufactured Housing Units; and
 - o is encumbered by a declaration of condominium covenants or a condominium form of ownership.

(B) Standard

The Unit owner must be responsible for all required insurance and maintenance costs associated with the Unit dwelling, excluding landscaping, of the Site Condominium.

Site Condominiums do not require Condominium Project Approval or Single-Unit Approval.

(C) Required Documentation

The Mortgagee must submit the following documentation:

- [Condominium Rider](#);

- certificate of Hazard Insurance or complete copy of the insurance policy evidencing coverage of the entire dwelling; and
- if required under the [Flood Insurance](#) requirements in the Condominium Project Approval Section, certificate of Flood Insurance or complete copy of the insurance policy evidencing coverage of the entire dwelling.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

1. Definitions (10/15/2019)

C. CONDOMINIUM PROJECT APPROVAL

Condominium Project Approval can be issued by FHA staff through the [HUD Review and Approval Process \(HRAP\)](#) or by an FHA-approved Mortgagee through the [Direct Endorsement Lender Review and Approval Process \(DELRAP\)](#). Mortgagees with Unconditional DELRAP Authority are authorized to review condominium documentation, determine Condominium Project eligibility, and certify to compliance with section 203(b) of the National Housing Act and [24 CFR Part 203](#) of FHA's regulations as part of the Condominium Project Approval process.

1. Definitions (10/15/2019)

Condominium Project refers to a project in which one-family Dwelling Units are attached, semi-detached, detached, or Manufactured Home units, and in which owners hold an undivided interest in Common Elements.

Common Elements refer to the Condominium Project's common areas and facilities including underlying land and buildings, driveways, parking areas, elevators, outside hallways, recreation and landscaped areas, and other elements described in the condominium declaration.

Condominium Unit (Unit) refers to real estate consisting of a one-family Dwelling Unit in a Condominium Project.

Infrastructure refers to the Condominium Project's streets, storm water management, water and sewage systems, and utilities, along with the Condominium Project's Common Elements and any similar items, called for in the Condominium Project or [Legal Phase](#).

Condominium Project Approval refers to the process to determine a Condominium Project's compliance with FHA's [Condominium Project Approval requirements](#).

Approved Condominium Project refers to a Condominium Project that meets FHA Condominium Project Approval requirements as determined by review under DELRAP or HRAP.

Condominium Association refers to the organization, regardless of its formal legal name, that consists of homeowners within a Condominium Project for the purpose of managing the financial and common-area assets.

2. Project Eligibility

a. Classifications and Ineligible Characteristics (10/15/2019)

i. Classifications

Condominium classifications eligible for Condominium Project Approval include:

- Existing Construction;
- Complete Condominium Project;
- Conversions:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

- Gut Rehab (completed)
- Non-Gut Rehab
- Two- to Four-Unit Condominium Project;
- Manufactured Housing; and
- Leasehold Interest.

ii. Ineligible Characteristics

FHA will not approve Condominium Projects with the following characteristics:

- cooperative ownership;
- condominium hotel or condotel;
- mandatory rental pooling agreements that require Unit owners to either rent their Units or give a management firm control over the occupancy of the Units;
- timeshare or segmented ownership projects;
- multi-dwelling condominiums (more than one dwelling per Condominium Unit);
- houseboat project;
- continuing care facility;
- [Coastal Barrier Resources System location](#); or
- subject to adverse determination for significant issues as identified by FHA.

b. Phasing (10/15/2019)

i. Definition

Phasing refers to Condominium Projects that are legally declared in separate stages by amending and recording the governing documents.

Legal Phases refer to specific phases of a Condominium Project that allow additions to the Condominium Project and are defined by state authority.

ii. Standard

Condominium Projects may be approved in stages as Legal Phases are completed; however, all completed Legal Phases must be evaluated.

Each Legal Phase must be complete as demonstrated by the Certificate of Occupancy (CO) or its equivalent prior to submission of a Legal Phase.

Legal Phases may be submitted for New Construction and Conversion (both Gut and Non-Gut Rehabilitation) Condominium Projects.

The submitted Legal Phases must be independently sustainable without future planned Legal Phases, as demonstrated by the budget and financial documentation, such that the submitted Legal Phases of the Condominium Project will not be jeopardized by the failure to complete additional Legal Phases.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(A) Vertical Buildings

For vertical buildings, legal Phasing is acceptable if:

- all Units in the phase are built out; and
- at least a temporary CO or its equivalent has been obtained for the Units.

(B) Detached and Semi-detached Buildings

For a detached or semi-detached development, Phasing is acceptable if:

- all Units in the phase are built out; and
- at least a temporary CO or its equivalent has been obtained for the Units.

(C) Required Documentation

Form [HUD-9992](#), *FHA Condominium Project Approval Questionnaire*, must be submitted along with:

- the CO or its equivalent for each Unit in the Legal Phase; or
- a temporary CO or its equivalent.

c. General Condominium Project Approval Requirements (08/19/2024)

These general requirements apply to all construction types, including Existing Construction Condominium Projects. Additional or different standards may apply for certain construction types.

To be eligible for Condominium Project Approval, the Condominium Project must:

- be primarily residential in nature and not be intended for Rental for Transient or Hotel Purposes;
- consist only of one-family Dwelling Units;
- be in full compliance with all applicable federal, state, and local laws with respect to zoning, fair housing, and accessibility;
- be complete and ready for occupancy; and
- be reviewed and approved by the local jurisdiction.

In addition, the Condominium Project must also meet the following requirements in this section.

i. Form HUD-9992, *FHA Condominium Project Approval Questionnaire*

(A) Definition

Form [HUD-9992](#), *FHA Condominium Project Approval Questionnaire*, refers to a set of questions designed to collect pertinent Condominium Project and Unit information for Condominium Project Approval and FHA insurance endorsement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(B) Standard

Form [HUD-9992](#) must be completed, signed, and dated by an [eligible submission source](#) or a DELRAP Mortgagee.

ii. Recorded Documents

(A) Definition

Recorded Documents refer to the Condominium Project's legal, project, and governing documents that are required to operate legally as required by state and local law.

(B) Standard

The Condominium Project's Recorded Documents must be recorded in accordance with applicable state and local law to ensure the Condominium Project meets the legal and operational requirements in the local jurisdiction.

(C) Required Documentation

Copies of Recorded Documents must be submitted.

iii. FHA Insurance Concentration

(A) Definition

FHA Insurance Concentration refers to the number of FHA-insured Mortgages within a Condominium Project.

(B) Standard

FHA may suspend project eligibility of Condominium Projects where the FHA Insurance Concentration is greater than 50 percent of the total number of Units in the Condominium Project.

iv. Owner Occupancy Percentage

(A) Definition

Owner Occupancy Percentage refers to the percentage of Units considered owner-occupied as shown in the calculation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(B) Standard

(1) Existing Construction

The acceptable level of Owner Occupancy Percentage is at least 50 percent of the total number of Units.

(2) New Construction - Complete Condominium Projects

For Complete Condominium Projects and Gut Rehab conversions, the acceptable level of Owner Occupancy Percentage is at least 30 percent of the total number of declared Units in the Condominium Project.

(C) Exception for Existing Construction

Existing Construction Condominium Projects that are greater than 12 months old, with an Owner Occupancy Percentage of at least 35 percent and less than 50 percent are eligible for approval with the following conditions:

- applications must be submitted for processing and review under the HRAP option; and
- no more than 10 percent of the total Units are Units in Arrears (does not include late fees or other administrative expenses).

(D) Required Documentation

Form [HUD-9992](#) must be submitted.

(E) Calculation

For the sole purposes of calculating the Owner Occupancy Percentage, the numerator of the calculation for a multi-phased Condominium Project includes the total number of the following Units in the first declared Legal Phase and cumulatively in subsequent Legal Phases, or for a single-phased Condominium Project, all of the following Units in the numerator of the calculation:

- any Unit that is occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year;
- any Unit listed for sale, and not listed for rent, that was previously occupied by the owner as their place of abode for any portion of the calendar year and that is not rented for a majority of the calendar year; or
- any Unit sold to an owner who intends to occupy the Unit as their place of abode for any portion of the calendar year and has no intent to rent the Unit for a majority of the calendar year.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

For the sole purposes of calculating the Owner Occupancy Percentage, the following Units are included in the denominator of the calculation for a:

- multi-phased Condominium Project, the total number of Units in the first declared Legal Phase and cumulatively on subsequent Legal Phases; or
- single-phased Condominium Project, all Units.

A Unit owned by the builder/developer is not an owner-occupied Unit.

v. Transfer of Control

(A) Definition

Transfer of Control refers to the shift of existing control over the Condominium Association from the developer/builder to the Unit owners.

Control of the Condominium Association refers to the ability to directly or indirectly control, direct, modify, or veto any action of the Condominium Association.

(B) Standard

The legal documents must:

- require Transfer of Control from the developer/builder to the Unit owners;
- specify the conditions for Transfer of Control;
- indicate the number of Units in the Condominium Project; and
- be recorded, as applicable, in the CC&R, declaration, master deed, condominium plat, and/or condominium site plans.

The developer/builder must relinquish control to the Condominium Association no later than the latest of the following events:

- 120 Days after the date 75 percent of the Units in the Condominium Project have been conveyed to Unit owners; or
- three years after completion of the Condominium Project as evidenced by the first conveyance to a Unit owner.

Any time frame regarding Transfer of Control established under state or local condominium laws takes precedence.

Any [contracts](#) entered into by the builder/developer prior to the Transfer of Control and subsequently assigned to the Condominium Association, must give the right to Condominium Association to terminate the contracts with no more than 90 Days' notice.

(C) Required Documentation

The following documentation must be submitted for Transfer of Control:

- form [HUD-9992](#);
- recorded CC&Rs, declaration, and/or master deed, and all amendments;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

- signed and adopted bylaws; and
- articles of incorporation, articles of association, declaration of trust, or other governing documents, if applicable and in accordance with state law.

vi. Financial Stability and Controls

(A) Definitions

Financial Stability refers to the ability of the Condominium Association to meet the Condominium Project's needs in the future through positive cash flow and adequately funded reserves.

Financial Controls refer to the financial policies and procedures that a Condominium Association has in place to protect its funds from fraud and mismanagement.

A Financial Distress Event refers to a Condominium Project or builder/developer that has:

- sought protection under bankruptcy laws;
- been placed into receivership (mandated or voluntary);
- been subject to foreclosure or any seizure of assets by creditors; or
- offered a DIL of Foreclosure.

Resolution of Financial Distress Event refers to:

- bankruptcy discharge;
- termination of receivership;
- issuance of foreclosure judgment; or
- execution of DIL of Foreclosure.

(B) Standard

(1) All Projects

To demonstrate Financial Stability, FHA requires Condominium Projects to have financial documents that itemize and address income and expenditures that are sufficient and pertinent to the Condominium Project including:

- an operating income that demonstrates a stable income stream over the past two years with decreases of no higher than 15 percent;
- ability to cover the cost of insurance coverage and deductibles;
- a reserve account for capital expenditures and deferred maintenance that is funded with at least 10 percent of the aggregate of 12 months of Unit assessments, unless a lower amount is deemed sufficient based upon an acceptable reserve study;
- evidence that the budget provides for the periodic funding to maintain the reserve account balance of at least 10 percent of the aggregate of 12 months of Unit assessments, unless a lower amount is deemed sufficient based upon an acceptable reserve study;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

- evidence that no more than 15 percent of the total Units are Units in Arrears (does not include late fees or other administrative expenses); and
- financial records that are consistent with the application package, including special assessments, loans, or other financial variations.

If a reserve study is required to justify a reserve account funded less than 10 percent, it must:

- be 36 months old or less;
- include a site visit;
- demonstrate that the Condominium Project has adequate funded reserves that provide financial protection for the Condominium Project equivalent to the reserve requirements;
- demonstrate that the Condominium Project's funded reserves meet or exceed the recommendations included in the reserve study; and
- be prepared by an independent third party that has demonstrated knowledge of and experience in completing reserve studies.

The Condominium Project demonstrates Financial Controls by:

- maintaining separate accounts for operating and reserve funds;
- requiring the Condominium Association's management company to maintain separate records and bank accounts for the Condominium Association; and
- restricting the management company from drawing checks on, or transferring funds from, the reserve account of the Condominium Association without approval from the Condominium Association.

(2) Financial Distress

A Condominium Project or builder/developer that has completed a Resolution of Financial Distress Event within 12 months prior to the application date is not eligible for initial approval or recertification. If the Resolution of Financial Distress Event was completed more than 12 months but less than 36 months, the application package must be submitted through HRAP for evaluation.

If there has been a Resolution of Financial Distress Event within the last 36 months, the Condominium Project or builder/developer must demonstrate the cause has been resolved and a Financial Distress Event is unlikely to recur.

(3) Individual Owner Concentration

(a) Definition

Individual Owner Concentration refers to the percentage of Units owned by a single owner or Related Party.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

Related Party includes, but is not limited to:

- an individual serving as the Unit owners' officer, director, or employee; or
- a Unit owner's direct parent company, subsidiary, or any related entity with which the Unit owner shares a common officer or director.

(b) Standard

For Condominium Projects with 20 or more Units, the Individual Owner Concentration must be 10 percent or less.

For Condominium Projects with fewer than 20 Units, the Unit owner may not own more than one Unit. No Related Party may own a Unit.

Exception

Affordable housing Units owned by an eligible governmental or nonprofit program defined in [24 CFR § 203.41](#) are not subject to the Individual Owner Concentration requirements. The affordable housing Units must be identified by recorded legal documents.

(c) Calculation

For the Individual Owner Concentration calculation:

- on a multi-phased Condominium Project, the Individual Owner Concentration is calculated based on the total number of Units in the first declared Legal Phase and cumulatively on subsequent Legal Phases; or
- for a single-phased Condominium Project, all Units are used in the denominator when calculating the Individual Owner Concentration, except that unoccupied and unsold Units owned by a builder/developer are excluded from the numerator and denominator in the Individual Owner Concentration calculation.

The total number of declared Units in the Condominium Project for Complete Condominium Projects and Gut Rehab must be used to calculate the Individual Owner Concentration.

(d) Required Documentation

Form [HUD-9992](#) and if applicable, the recorded legal documents identifying the affordable housing Units must be submitted.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(4) Phasing

For Condominium Projects that are subject to additional Phasing, the Condominium Project must contain arrangements that guarantee the future completion of all facilities and Common Elements.

The Condominium Project must demonstrate positive cash flow from the revenue and expenditures of the completed Legal Phases and Common Elements.

(5) Projects with Commercial/Nonresidential Space

(a) Definition

Commercial/Nonresidential Financial Independence refers to the ability of the Residential Space and Commercial/Nonresidential Space of the Condominium Project to be independently sustainable such that neither portion of the Condominium Project is financially reliant on the other.

(b) Standard

For projects with [Commercial/Nonresidential Space](#), the Mortgagee must verify there is Commercial/Nonresidential Financial Independence.

(C) Required Documentation

The following documentation must be submitted:

- form [HUD-9992](#);
- current year's budget approved by the Condominium Association board;
- year-to-date income and expense statement dated within 90 Days if the prior year-to-date actuals are more than 90 Days old;
- income and expense statement(s) for the previous two years actual year end results;
- current balance sheet dated within 90 Days prior to the date of submission;
- if applicable, documentation supporting any loans or special assessments, including information regarding the purpose, term, payment status, total amount of the assessment, amount of the assessment per Unit and overall impact on marketability and value of the Property;
- if applicable, a dated legal document evidencing Resolution of Financial Distress Event and a letter of explanation describing the cause of the event and measures taken by the Condominium Association to prevent a future Financial Distress Event; and
- evidence of financial arrangements that guarantee the future completion of all facilities and Common Elements, as applicable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

vii. Insurance Coverage

The Condominium Project must be insured to FHA standards as well as any applicable state and local condominium requirements.

The insurance policies must list the Condominium Association as the named insured, or in the case of an affiliated Condominium Project or Condominium Association, the name of the affiliated Condominium Project or Condominium Association may be listed as a named insured.

(A) Hazard Insurance

(1) Definition

Hazard Insurance refers to insurance coverage that compensates for physical damage by fire, wind, or natural occurrences.

(2) Standard

The Condominium Association must have a master or blanket Hazard Insurance policy in place for the entire Condominium Project. The Condominium Association's master or blanket Hazard Insurance policy must be in an amount to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Approved Condominium Project.

Any policy with a coinsurance clause must include an agreed amount endorsement, selection of the agreed value option, or an amount of coverage to fully cover the insurable replacement cost of all Units and all insurable Common Elements in the Approved Condominium Project.

Any pooled insurance policy must satisfy the insurance coverage standard for each Condominium Project insured under the policy.

(3) Required Documentation

The following documentation must be submitted:

- form [HUD-9992](#);
- certificate of insurance or a complete copy of the insurance policy; and
- if applicable, acceptable evidence of the replacement cost value.

(B) Liability Insurance

(1) Definition

Liability Insurance refers to insurance that protects against legal claims.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(2) Standard

The Condominium Association must maintain comprehensive Liability Insurance for the entire Condominium Project, including all Common Elements and areas, public ways, and other areas that are under its supervision, in the amount of at least \$1 million for any single occurrence.

(3) Required Documentation

The following documentation must be submitted:

- form [HUD-9992](#); and
- certificate of insurance or a complete copy of the insurance policy.

(C) Fidelity Insurance

(1) Definition

Fidelity Insurance refers to insurance that protects the Condominium Association against employee dishonesty, crime, or other fraudulent acts conducted by one or more employees.

(2) Standard

For all Condominium Projects with more than 20 Units, the Condominium Association must maintain Fidelity Insurance for all officers, directors, and employees of the Condominium Association and all other persons handling or responsible for funds administered by the Condominium Association.

This insurance coverage must be the greater of either:

- three months of aggregate (12-month) assessments on all Units plus reserve funds (up to the maximum permitted by state law); or
- the minimum amount required by state law.

For existing policies, an uninsured amount within 3 percent of the above calculation or \$10,000, whichever is less, is acceptable.

If the Condominium Project engages a management company, it must have a policy that covers both or separate policies. The policy or policies must demonstrate that they specifically meet the standard for both the Condominium Association and the management company.

(3) Required Documentation

The following documentation must be submitted:

- form [HUD-9992](#); and
- certificate of insurance or a complete copy of the insurance policy from the Condominium Association and/or from the management company.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(D) Flood Insurance (Existing Construction)

(1) Standard

Flood Insurance for Condominiums must meet the requirements in [Flood Insurance](#).

The Condominium Association must have Flood Insurance in place for property improvements in the Condominium Project that are located within Special Flood Hazard Areas (SFHA) including “A” or “V” zones, which are determined by the Federal Emergency Management Agency (FEMA).

The Condominium Association must have Flood Insurance for all Condominium Units in buildings that are located in an SFHA.

The Condominium Project must be located in a community that participates in the National Flood Insurance Program (NFIP) and has NFIP available, regardless of whether the Condominium Association obtains NFIP coverage. Coverage must be equal to the replacement cost of the covered improvements or the NFIP maximum per Condominium Unit multiplied by the number of Condominium Units, whichever is less.

(2) Required Documentation

The following documentation must be submitted:

- form [HUD-9992](#);
- FEMA flood map with the Condominium Project location clearly marked;
- if applicable, the Letter of Map Amendment (LOMA), Letter of Map Revision (LOMR), or FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)); and
- if applicable, the certificate of insurance or a complete copy of the Flood Insurance policy.

(E) Exception for FHA Insurance Requirements

This exception applies to Manufactured Home Condominium Projects, Detached Condominium Housing Projects, and Common Interest Housing Developments unable to satisfy the current insurance requirements.

(1) Standard

The Unit owners and Condominium Association or HOA of the Condominium Project must comply with FHA insurance coverage requirements.

(a) Manufactured Housing Condominium Project

[MHCPs](#) are eligible for this exception if the:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

- governing documents designate the insurance coverage maintained by the Unit owners and the Condominium Association; and
- MHCP is unable to satisfy FHA insurance requirements.

If the governing documents require the Unit owners to maintain all applicable property insurance coverage for the dwelling, site area, and any Personal Property contained within, the MHCP is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided that the governing documents require the Unit owners to maintain individual Flood Insurance if the Unit has been identified as located in a Special Flood Hazard Area (SFHA).

(b) Detached Condominium Housing Project

If the governing documents require the Unit owners to maintain all applicable property insurance coverage for the dwelling, site area and any Personal Property contained within, the DCHP Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

The Condominium Association or HOA must carry master or blanket insurance for Structures/improvements that are considered common areas of the project outside the footprint of the individual site.

(c) Common Interest Housing Development

If the governing documents require the Unit owners of the detached Single Family homes, Site Condominiums, duplex, or two- to-four units within the project to maintain and carry property insurance for the dwelling, site area and any Personal Property contained therein, the Condominium Association or HOA is not required to maintain:

- a blanket Hazard Insurance policy, provided the governing documents require the Unit owners to maintain individual Hazard Insurance;
- a Liability Insurance policy, provided the governing documents require the Unit owners to maintain individual Liability Insurance; and
- a Flood Insurance policy, provided the governing documents require the Unit owners to maintain individual Flood Insurance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

The Condominium Association or HOA must maintain and carry master/blanket Hazard, Flood, and Liability Insurance for the Structures that contain the attached units and the common areas of the project.

(2) Required Documentation

The Condominium Project must have form HUD-9992 and certificates of insurance or complete copies of the insurance policies from the Unit owners and Condominium Association.

viii. Projects in the Coastal Barrier Resources System and Special Flood Hazard Areas

(A) All Projects in the Coastal Barrier Resources System

If any part of the Condominium Project is located within the Coastal Barrier Resources System ([CBRS](#)), the Condominium Project is [not eligible](#) for FHA project approval.

(B) Special Flood Hazard Areas

(1) Complete Condominium Project

If any portion of the Structures or equipment essential to the value of the Condominium Project is located within an SFHA, then the Condominium Project is not eligible for Condominium Project Approval, unless the Condominium Project:

- obtains a final LOMA or final LOMR from FEMA that removes the Property from the SFHA; or
- obtains a FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)). The Elevation Certificate must document that the lowest floor, including the basement of the residential building(s), and all related improvements/equipment essential to the value of the Property is built at or above the 100-year flood elevation in compliance with the NFIP criteria, and Flood Insurance is obtained.

(2) Manufactured Housing

If any portion of the Structures or equipment essential to the value of the Manufactured Housing Condominium Project for both new and existing Manufactured Homes is located within an SFHA, the Property is not eligible for FHA mortgage insurance unless the following is submitted:

- a FEMA issued LOMA or LOMR that removes the Property from the SFHA; or
- a FEMA NFIP Elevation Certificate ([FEMA Form FF-206-FY-22-152](#)) showing that the finished grade beneath the Manufactured Home is at or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

above the 100-year return frequency flood elevation, and Flood Insurance is obtained.

(3) Required Documentation

The following documentation must be submitted:

- if applicable, FEMA LOMA;
- if applicable, FEMA LOMR; or
- if applicable, FEMA NFIP Elevation Certificate [FEMA Form FF-206-FY-22-152](#).

ix. Commercial/Nonresidential Space

(A) Definitions

Commercial/Nonresidential Space refers to floor area allocated to:

- retail and commercial square footage (excludes [Live/Work Units](#));
- multilevel parking garage square footage that is separate from multilevel parking garage square footage allocated to residential Unit owners;
- building common areas not reserved for the exclusive use of residential Unit owners; and
- any square footage that is owned by a private individual or entity outside of the Condominium Association.

Residential Space refers to floor area allocated to:

- all Unit square footage;
- all building common area square footage exclusively for the use of residential Unit owners; and
- all parking garage square footage allocated to residential Unit owners.

Parking lot square footage is not considered Residential or Commercial/Nonresidential Space.

Total Floor Area refers to all Residential Space and Commercial/Nonresidential Space.

(B) Standard

The Condominium Project's Commercial/Nonresidential Space must not exceed 35 percent of the Condominium Project's Total Floor Area.

(C) Exception

The Condominium Project's Commercial/Nonresidential Space may exceed 35 percent of the Condominium Project's Total Floor Area up to a maximum of 49 percent if it is determined that the residential character of the Condominium Project is maintained. To determine that the residential character is maintained, the economy

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

for the locality of the Condominium Project or specific to the Condominium Project and the total number of residential Units in the Condominium Project must be considered.

The following documentation must be reviewed and analyzed by the Mortgagee under DELRAP to support its decision or submitted for HRAP:

- an opinion from a certified residential appraiser that addresses market acceptance of the Condominium Project as residential in character;
- a current market study performed by an independent third party that addresses factors relating to the economy for the locality of the Condominium Project or specific to the Condominium Project; and
- the total number of residential Units in the Condominium Project.

(D) Required Documentation

The following documentation must be submitted for Commercial/Nonresidential Space:

- form [HUD-9992](#);
- budget and financials;
- recorded condominium site plans;
- CC&Rs; or
- if applicable, exception documentation.

x. Live/Work Units

(A) Definitions

A Live/Work Condominium Project refers to a Condominium Project that allows space within the individual Unit to be used jointly for nonresidential and residential purposes.

A Live/Work Unit refers to a Unit in a Live/Work Condominium Project.

(B) Standard

The Condominium Project's governing documents must allow Live/Work arrangements.

All individual Live/Work Units must not contain more than 49 percent Commercial/Nonresidential Space.

(C) Required Documentation

The following documentation must be submitted:

- form [HUD-9992](#); and
- recorded CC&Rs.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

xi. Leasehold Interest

(A) Definition

Leasehold Interest refers to real estate where the residential improvements are located on land that is subject to long-term lease from the underlying fee owner, creating a divided estate in the Property.

(B) Standard

Condominium Projects with Common Elements owned under a Leasehold Interest are eligible if the Condominium Project meets the following requirements:

- the Condominium Association must be the lessee under the lease;
- the lease of the Common Elements provides that a default of the Condominium Association does not result in a disturbance of any rights of the Unit owners;
- the lease provides that the Mortgagees receive notice of any monetary or Non-Monetary Default by the Condominium Association and be given the right to cure any defaults on behalf of the Condominium Association;
- the lease provides for the payment of taxes and insurance related to the land, in addition to those being paid for the improvements;
- the Condominium Association must not be in default under any provisions of the lease; and
- the lease does not include any default provisions that could result in forfeiture or termination of the lease except for nonpayment of the lease rents.

(C) Required Documentation

The lease must be submitted.

xii. Additional Requirements

(A) Management Agreement

(1) Definition

A Management Agreement refers to an agreement between a third-party company and the Condominium Association to manage the Condominium Project.

(2) Standard

If the Condominium Association employs the services of a management company, the Management Agreement must give the Condominium Association the right to terminate the Management Agreement with no more than 90 Days' notice.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(3) Required Documentation

The current, executed Management Agreement must be submitted.

(B) Existing Contracts

(1) Definition

Existing Contracts refer to contracts executed prior to the Transfer of Control to the Condominium Association.

(2) Standard

Any contracts entered into by the builder/developer prior to the [Transfer of Control](#) and subsequently assigned to the Condominium Association, must give the Condominium Association the right to terminate the contracts with no more than 90 Days' notice. This does not apply to ground leases or contracts in which the Condominium Association or Unit owners are granted a possessory or ownership interest in real estate.

(3) Required Documentation

The following documents must be submitted:

- form [HUD-9992](#); and
- copies of contracts entered into by the builder/developer prior to the [Transfer of Control](#).

(C) Recreational Leases/Easement

(1) Definitions

Recreational Leases refer to separate ownership of recreational facilities at a Condominium Project with the owner leasing its use to the Unit owners.

An Easement refers to an interest in land owned by another person, consisting of the right to use or control the land, or an area above or below it, for a specific limited purpose.

(2) Standard

Condominium Projects with Recreational Leases/Easements are acceptable under the following circumstances:

- if the Recreational Lease or Easement holder is a nonprofit entity under the Control of the Condominium Association; or
- if each Unit owner has the right to cancel the membership with no more than 90 Days' notice and without penalty.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(3) Required Documentation

The following documents must be submitted:

- form [HUD-9992](#); and
- Recreational Leases, Easements, or contracts for use of recreational facilities.

(D) Litigation

(1) Definition

Litigation refers to a current or pending lawsuit or proceedings in a court, arbitration, or mediation involving the Condominium Project or Condominium Association, or those concluded within 12 months of the application date. Litigation does not include foreclosure or actions to collect past due assessments brought by the Condominium Association or Condominium Project as plaintiff.

(2) Standard

The Condominium Project or Condominium Association must not be subject to pending Litigation in which the project sponsor is named as a party that relates to the safety, structural soundness, habitability, or functional use of the Condominium Project.

The Condominium Project or Condominium Association must not be subject to any other Litigation risk not covered by insurance or that exceeds the amount of insurance coverage relating to the potential losses for that matter.

(3) Required Documentation

The following documents must be submitted:

- form [HUD-9992](#);
- a signed and dated explanation from the Condominium Association, management company, or an attorney representing the Condominium Association that includes at least the following information:
 - reason(s) for the Litigation;
 - risk of the Litigation;
 - anticipated settlement/judgment date, if any;
 - sufficiency of insurance coverage to pay out a settlement/judgment, if applicable; and
 - impact of the Litigation on the future solvency of the Condominium Association; and
- the following documents, which must be attached to the signed and dated explanation, if applicable:
 - complaint filed with the court, arbitrator, or mediator; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

- all engineering or expert reports commissioned by the Condominium Association or their attorneys, which must include evidence of the safety, structural soundness, habitability, or functional use of the Condominium Project and evidence of the cost of the repair of any construction defect and status of the repairs.

(E) Legal Restrictions on Conveyance (Free Assumability)

(1) Definitions

Legal restrictions on conveyance have the same meaning as defined in [24 CFR § 203.41](#).

(2) Standard

The Condominium Project must not contain Units encumbered by restrictions on conveyance in violation of the requirements contained in [24 CFR § 203.41](#), subject to certain enumerated exceptions provided below. The Condominium Project's organizing documents may contain one or more of the following provisions:

- All leases must be in writing and subject to the declaration and bylaws of the Condominium Project.
- The Condominium Association may request and receive a copy of the sublease or rental agreement.
- The Condominium Association may request the name(s) of all tenants including the tenants' Family Members who will occupy the Unit.
- Unit owners are prohibited from leasing their Units for an initial term of less than 30 Days.
- The Condominium Association may establish a maximum allowable lease term.
- The Condominium Association may establish a maximum number of rental Units within the project; however, the percentage of rental Units may not exceed the current FHA Condominium Project owner-occupancy requirement.
- The Condominium Association may not require that a prospective tenant be approved by the Condominium Association and/or its agent(s), including but not limited to meeting creditworthiness standards.
- The Condominium Association may have the right of first refusal to purchase or lease any Unit only if it does not violate discriminatory conduct prohibitions under the Fair Housing Act regulations at [24 CFR Part 100](#). It is the responsibility of the submitter to address any questions regarding eligibility issues with their attorney or the appropriate agency.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

(a) Exceptions for Affordable Housing Units

Legal restrictions on conveyance for eligible government or nonprofit affordable housing programs are acceptable if:

- the government or eligible nonprofit program restriction meets the exceptions defined in [24 CFR § 203.41\(c\)–\(d\)](#); and
- the affordable housing units are identified by recorded legal documents, specifying the Units that are covered under the program.

In accordance with [24 CFR § 203.41\(d\)\(1\)\(ii\)](#), FHA considers a reasonable share of appreciation to be at least 50 percent. HUD does not object to affordable housing programs whereby the homeowner's share of appreciation is on a sliding scale beginning at zero, provided that within two years the homeowner would be permitted to retain 50 percent of the appreciation. If the program sets a maximum sales price restriction, the Borrower must be permitted to retain 100 percent of the appreciation.

(b) Exceptions for Private Transfer Fees

Notwithstanding the policy of free assumability with no exceptions contained in [24 CFR § 203.41](#), properties with private transfer fee covenants are acceptable provided such covenants are Excepted Transfer Fee Covenants as provided in [12 CFR § 1228](#).

(3) Required Documentation

The following documents must be submitted:

- form [HUD-9992](#); and
- recorded legal documents.

d. Construction Types (02/16/2021)

i. New Construction

(A) Definition

New Construction refers to Proposed Construction, Properties (or Condominium Projects) Under Construction, and Properties Existing Less than One Year as defined below:

- Proposed Construction refers to a Property where no concrete or permanent material has been placed. Digging of footing is not considered permanent.
- Under Construction refers to the stage from the first placement of permanent material to 100 percent completion with no CO or equivalent.
- Existing Less than One Year refers to a Property that is 100 percent complete and has been completed less than one year from the date of issuance of the CO or equivalent. The Property must have never been occupied.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

Complete Condominium Project refers to a Condominium Project consisting of Units that are Existing Less than One Year and that are ready for occupancy, including completion of all the Infrastructure of the Condominium Project, and not subject to further rehabilitation or construction.

Complete Legal Phase refers to a Legal Phase in which all Units are built out and all Units have a CO or the equivalent.

(B) Standard

The Condominium Project, or Legal Phase, as applicable, must be either a Complete Condominium Project or a Complete Legal Phase.

Form [HUD-92541](#), *Builder's Certification of Plans, Specifications, and Site*, must be signed and dated. The completed form must show any issues noted by the builder/developer and proposed mitigation plans.

(C) New Construction Additional Requirements

(1) Financial Condition

If no Units have closed in the Condominium Project, a proposed budget is required.

All [Financial Condition – Required Documentation](#) is required if any Unit has closed.

Financial condition documentation for Condominium Projects operating less than one year must cover the operating period since the sale of the first Unit.

(2) Minimum Insurance Coverage

If no Units have closed in the Condominium Project, a builder's policy is acceptable in lieu of Hazard Insurance, Liability Insurance, and Fidelity Insurance.

All minimum [Insurance Coverage](#) is required if any Unit has closed.

(D) Required Documentation

The following documents must be submitted:

- form [HUD-92541](#), signed and dated;
- additional documentation demonstrating mitigation of any issues noted in form HUD-92541 including the State Licensed engineers' (soil and structural) reports, designs, and/or certifications to ensure the structural soundness of the improvements and the health and safety of the occupants;

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

- a copy of the builder's policy or the required documentation in [Insurance Coverage](#);
- a CO or its equivalent; and
- photographs of each building.

ii. Newly Converted

A Condominium Project is considered newly converted if the Date of Conversion is within 24 months of the time of Condominium Project submission.

Date of Conversion refers to the date that the legal documents were recorded.

Newly converted Condominium Projects can only be processed under the HRAP option.

(A) Gut Rehabilitation Conversion

(1) Definition

Gut Rehabilitation (Gut Rehab) refers to the renovation of a Property down to the shell of the structure, including the replacement of all Heating, Ventilation and Air Conditioning (HVAC) and electrical components.

(2) Standard

Gut Rehabs must meet the general FHA Condominium Project [approval requirements](#) and [New Construction](#) standards.

(3) Required Documentation

The following documents must be submitted:

- form [HUD-9992](#);
- an engineering or architectural inspection, dated within 12 months, evidencing all rehabilitation work/repairs have been completed; and
- a CO or its equivalent.

(B) Non-Gut Rehabilitation

(1) Definition

Non-Gut Rehabilitation (Non-Gut Rehab) refers to rehabilitation work that is not structural and is limited to minor property repairs and improvements.

(2) Standards

Non-Gut Rehabs must meet the standards for Existing Construction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

2. Project Eligibility

A reserve study must be 36 months old or less and have been prepared by an independent third party that has demonstrated knowledge of and experience in completing reserve studies. The reserve study must include analysis of the Non-Gut Rehab.

All Non-Gut Rehab work/repairs must be completed.

(3) Required Documentation

The following documents must be submitted:

- form [HUD-9992](#);
- reserve study; and
- evidence that all rehabilitation work/repairs have been completed.

e. Two- to Four-Unit Condominium Project (10/15/2019)

i. Definition

A Two- to Four-Unit Condominium Project refers to a Condominium Project that comprises of at least two, but no more than four, one-family dwelling Units that are each separately owned with separate legal descriptions.

ii. Standard

All general FHA Condominium Project Approval requirements are applicable except:

- if state law does not require the creation of an annual budget or annual financial statements, a signed and recorded memorandum of understanding may be provided in lieu of the financial documents. The memorandum of understanding must define the individual Unit owner's responsibilities for maintenance/repair/replacement of common areas including sidewalks, driveways, and common walls (includes side by side or vertical type Units) and must provide for a procedure for splitting any shared maintenance costs;
- the project must have an Owner Occupancy Percentage of 75 percent owner-occupied; and
- no Units in Arrears.

iii. Required Documentation

The following documents must be submitted:

- documentation of the verification of compliance with the Two-to Four Unit Condominium Project requirements;
- annual budget, financial statements or memorandum of understanding if applicable; and
- documented evidence that each Unit is separately owned with a separate legal description.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

3. Project Approval Submission

f. Manufactured Home Condominium Projects (10/15/2019)

i. Definition

A Manufactured Home Condominium Project (MHCP) refers to a Condominium Project that consists of two or more Manufactured Homes.

ii. Standard

To be eligible, MHCPs must:

- be processed under the HRAP option; and
- comply with the general FHA Condominium Project Approval requirements.

iii. Required Documentation

Form [HUD-9992](#) must be submitted for MHCPs.

3. Project Approval Submission

To be eligible for Condominium Project Approval, the application must establish that the Condominium Project meets the requirements listed in the [Project Eligibility](#) section and complies with state and local law.

a. Condominium Project Approval (10/15/2019)

There are three types of review processes:

- Full Review;
- Recertification Review; and
- Phasing Review.

i. Definitions

Full Review refers to the verification and analysis of all required Condominium Project Approval documentation.

Recertification Review refers to the verification and analysis of updated Condominium Project Approval documentation.

Phasing Review refers to the review of an additional Legal Phase of a previously Approved Condominium Project.

ii. Standard

The application must indicate the review type as a Full, Recertification or Phasing Review.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

3. Project Approval Submission

(A) Full Review

Full Review is required for a Condominium Project that has never been approved by FHA, or that has been previously approved, but the Condominium Project Approval has been expired for more than six months.

All required documentation must be submitted as specified in [Condominium Project Approval](#).

(B) Recertification Review

Recertification Review is performed no earlier than six months prior to the Approved Condominium Project expiration date or no later than six months after the Approved Condominium Project expiration date.

If not submitted within the stated time frames, the Condominium Project is not eligible for recertification but must re-apply for Full Review.

All required documentation must be submitted as specified in [Condominium Project Approval](#), except the following documents:

- recorded CC&Rs, declaration, and/or master deed, and all amendments;
- recorded plat map or condominium site plans;
- signed and adopted bylaws; and
- articles of incorporation, articles of association, declaration of trust, or other governing documents, if applicable and as required by state law.

If amendments have been made to the foregoing documents, they must be submitted.

(C) Phasing

All required documentation must be submitted as specified in [Phasing](#).

b. HUD Review and Approval Process (11/07/2023)

i. Definition

HUD Review and Approval Process (HRAP) refers to the submission of project applications to FHA for approval.

ii. Standard

HRAP may be used for Full Review, Recertification Review, or Phasing Review. HRAP must be used for newly converted Condominium Projects, MHCPs or any Condominium Projects that have completed a Resolution of Financial Distress Event within the past 36 months.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

3. Project Approval Submission

iii. Eligible Submission Sources

Requests for Condominium Project approval must be submitted to ~~the Jurisdictional Homeownership Center (HOC)~~ **FHA** by one of the following:

- Mortgagee;
- builder;
- developer;
- Condominium Association;
- management company;
- project consultant; or
- attorney acting as an agent for the developer/builder, Condominium Association or management company.

FHA will not pay for any fees associated with the Condominium Project Approval process.

iv. Submission Process

The application package must be submitted to **FHA** ~~the Jurisdictional HOC~~ as a single Portable Document Format (PDF) file via email to the FHA Resource Center at answers@hud.gov. Emails must be broken into 25 MB or less. Multiple emails may be sent and subject lines should include the name of the project. Incomplete packages will not be processed.

All application packages must be submitted in English. If the original document was drafted in a language other than English, the original may be submitted accompanied by an English translation.

The Condominium Project Approval application must be arranged in the stacking order as presented in the chart below.

Condominium Project Approval Stacking Order	
#	Documentation
1	Cover Letter
2	form HUD-9992 , <i>FHA Condominium Project Approval Questionnaire</i>
3	Legal Documents
4	Financial Documents
5	Contracts
6	Insurance
7	Flood Insurance and Related Documentation
8	Special Flood Hazard Area
9	Commercial/Nonresidential
10	Live/Work
11	Litigation
12	Other Required Documents

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

3. Project Approval Submission

c. Direct Endorsement Lender Review and Approval Process (10/15/2019)

i. Definition

Direct Endorsement Lender Review and Approval Process (DELRAP) refers to the review of a Condominium Project by a Mortgagee that has been granted DELRAP authority.

ii. Standard

DELRAP may be used for the Full Review, Recertification Review, or Phasing Review. The Recertification Review or Phasing Review must be completed by the same Mortgagee that previously approved the Condominium Project. DELRAP may not be used for MHCPs, newly converted Condominium Projects or any project that has completed a Resolution of Financial Distress Event within the past 36 months.

If the DELRAP review indicates that the Condominium Project is ineligible, the Mortgagee must complete the review and enter the denial decision and data into FHAC.

If the Mortgagee starts a review for a Condominium Project, the Mortgagee must complete review.

A Mortgagee with DELRAP authority may submit a Condominium Project for approval under HRAP.

iii. Submission Process

FHAC is the system used to record, list and track all data for Condominium Projects that have been processed. FHAC is used for data entry, processing and reporting.

Mortgagees must use [FHAC](#) to:

- determine the existing approval status of a Condominium Project;
- enter the Condominium Project information;
- assign the approval status after the Condominium Project has been reviewed; and
- upload required Condominium Project documents in a PDF.

The Mortgagee must retain all documentation related to the Condominium Project's DELRAP review for a period of seven years and must provide the Condominium Project information and documentation to HUD/FHA upon request.

Mortgagees with Conditional DELRAP Authority must also follow the guidance in [Conditional DELRAP Authority](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

C. Condominium Project Approval

3. Project Approval Submission

d. Reconsideration of Rejected or Withdrawn Condominium Projects (10/15/2019)

If the Condominium Project was rejected or withdrawn under HRAP within the previous 12 months, FHA will reconsider the Condominium Project upon submission of corrected or updated documentation.

If the Condominium Project was rejected or withdrawn ~~under HRAP~~ more than 12 months ago, a Full Review is required under HRAP.

If the Condominium Project was rejected under DELRAP, a Full Review is required under HRAP.

If the Condominium Project was subject to adverse determination for significant issues as identified by FHA, ~~(link to new FHA website identifying Condominium Projects that have been reviewed and are not eligible)~~ a Full Review is required under HRAP.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

1. Commencement of the Appraisal

D. APPRAISER AND PROPERTY REQUIREMENTS FOR TITLE II FORWARD AND REVERSE MORTGAGES

The appraisal process provides the Mortgagee with necessary information to determine if a property meets the minimum requirements and eligibility standards for a Federal Housing Administration (FHA)-insured Mortgage and will serve as adequate security for a specific FHA-insured Mortgage. Mortgagees bear primary responsibility for determining eligibility and the sufficiency of collateral; however, the Appraiser provides preliminary verification that the Property Acceptability Criteria have been met and an appraised value for the property.

Property refers to the real estate entity that will serve as adequate security for a specific FHA-insured Mortgage.

The requirements in this section of the *FHA Single Family Housing Policy Handbook* (Handbook 4000.1) contain the Property Acceptability Criteria for FHA mortgage insurance, which include [Minimum Property Requirements \(MPR\)](#) and [Minimum Property Standards \(MPS\)](#), and include by reference, associated rules and regulations. The criteria apply to residential Properties containing one- to four-family housing units, individual Condominium Units, and Manufactured Housing units, and related property improvements and the sites on which they are located, as well as the immediate environment for the dwelling, including streets and other services or facilities associated with the site. Manufactured Housing Properties have additional requirements contained in the [Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages](#) section. This section also provides requirements for Appraisers in establishing a credible appraised value for a Property that is to serve as security for an FHA-insured Mortgage.

1. Commencement of the Appraisal

a. Information Required before Commencement of Appraisal (04/10/2025)

The Appraiser must obtain all of the following from the Mortgagee before beginning an appraisal:

- a complete copy of the executed sales contract for the subject, if a purchase transaction;
- the land lease, if applicable (see [Leasehold Interest](#));
- surveys or legal descriptions, if available;
- any other property-related legal documents contained in the loan file; and
- a point of contact and contact information for the Mortgagee so that the Appraiser can communicate any noncompliance issues.

The effective date of the appraisal cannot be before the FHA case number assignment date unless the Mortgagee certifies that the appraisal was ordered for conventional lending or government-guaranteed loan purposes and was performed pursuant to FHA guidelines.

When using an appraisal ordered originally for conventional lending or government-guaranteed loan purposes before the case number assignment date:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

1. Commencement of the Appraisal

- The appraisal must be in full compliance with the Uniform Standards of Professional Appraisal Practice (USPAP), which requires that this be classified as a new assignment. The intended use of the appraisal must indicate that it is solely to assist FHA in assessing the risk of the Property securing the FHA-insured Mortgage. Additionally, FHA and the Mortgagee must be indicated as the intended users of the appraisal report.
- If the Appraiser determines that the scope of work is met with regard to FHA policy including MPR, MPS, and USPAP compliance, and further determines that a reinspection of the Property is not necessary, the effective date of the appraisal may be the date of the original inspection.
- If an FHA-compliant inspection is required, the date of the new inspection will become the effective date of the new appraisal.

b. Additional Information Required before Commencement of an Appraisal on New Construction (09/14/2015)

The Appraiser must obtain, from the Mortgagee, a fully executed form [HUD-92541, Builder's Certification of Plans, Specifications, and Site](#), dated no more than 30 Days prior to the date of the appraisal order and documents related to New Construction, including plans, specifications, and any exhibits provided that will assist the Appraiser in determining what is to be built, or, if now Under Construction, what will be built when finished.

c. Additional Information Required before Commencement of an Appraisal on a Property with an Exception from the Lead-Based Paint Poisoning Prevention Act (HECM Only) (04/29/2024)

A Property's ability to serve as collateral for the HECM program may qualify for an exception from the remediation of defective lead-based paint surfaces. To qualify for the exception under the Lead-Based Paint Poisoning Prevention Act (LPPPA), as amended by the Residential Lead-Based Paint Hazard Reduction Act of 1992, the Mortgagee must obtain the Borrower's certification that the Property qualifies as housing for the elderly and that no child under six years of age resides, or is expected to reside, in the home.

When performing an appraisal for a Property that meets the LPPPA exception requirements:

- the Appraiser must receive from the Mortgagee a copy of the Borrower certification that the Property qualifies for the exception;
- the repair of defective interior and exterior lead-based paint surfaces is not required to meet MPR and the appraisal report must reflect the impact of the Property's defective lead-based paint surfaces; and
- the appraisal report must prominently include the statement: "The mortgagee has identified that they have obtained borrower certification that this property qualifies for the exception from mitigating lead-based paint hazards under the Lead-Based Paint Poisoning Prevention Act."

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

2. General Appraiser Requirements (03/19/2025) [Text was deleted in this section.]

2. General Appraiser Requirements (03/19/2025) ~~[Text was deleted in this section.]~~

The Appraiser must follow FHA guidance and comply with the [Uniform Standards of Professional Appraisal Practice \(USPAP\)](#) when completing appraisals of Property used as security for FHA-insured Mortgages. The Appraiser must observe, analyze, and report whether the Property meets HUD's Property Acceptability Criteria, including Minimum Property Requirements (MPR) and Minimum Property Standards (MPS).

MPR refers to general requirements that all homes insured by FHA be safe, sound, and secure.

MPS refers to regulatory requirements relating to the safety, soundness, and security of New Construction.

Every Property must be safe, sound, and secure so that the Mortgagee can determine eligibility. The Appraiser must note every instance where the Property is not safe, sound, and secure and does not comply with HUD's MPR and MPS, or they must clearly state when no deficiencies with HUD's Property Acceptability Criteria have been observed or are known.

When performing an appraisal, the Appraiser must review and analyze all the documents under the [Information Required before Commencement of Appraisal](#). For new construction assignments, the Appraiser must also review and analyze all the documents related to New Construction, including plans, specifications, and any exhibits provided that will assist the Appraiser in determining what is to be built or, if now Under Construction, what will be built when finished.

The Appraiser must report the results of their analysis in the appraisal report.

In a purchase transaction, if the seller is not the owner of record, the Appraiser must include an explanation in the appraisal report.

3. Acceptable Reporting Forms and Protocols (04/10/2025)

FHA only accepts appraisals in the Mortgage Information Standards Maintenance Organization (MISMO) 2.6 with embedded PDF format, as created directly by the appraiser (first generation). FHA does not accept private or proprietary data formats or appraisal reports that have been manipulated or "translated" by anyone or any process.

Forms to be used in the completion of an FHA appraisal are as follows:

Property/Assignment Type	Acceptable Reporting Form
Single Family, Detached, Attached or Semi-Detached Residential Property (One-Unit Property or a One-Unit Property with a Single Accessory Dwelling Unit (ADU))	Fannie Mae Form 1004 / Freddie Mac Form 70 , <i>Uniform Residential Appraisal Report (URAR)</i>
Single Family Comparable Market Rent Analysis	Fannie Mae Form 1007 / Freddie Mac Form 1000 , <i>Single Family Comparable Rent Schedule</i>

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

Property/Assignment Type	Acceptable Reporting Form
Single Unit Condominium	Fannie Mae Form 1073 / Freddie Mac Form 465 , <i>Individual Condominium Unit Appraisal Report</i>
Manufactured (HUD Code) Housing (One-Unit Property or a One-Unit Property with a Single ADU)	Fannie Mae Form 1004C / Freddie Mac Form 70B , <i>Manufactured Home Appraisal Report</i>
Small Residential Income Properties (Two- to Four-Units)	Fannie Mae Form 1025 / Freddie Mac Form 72 , <i>Small Residential Income Property Appraisal Report</i>
Appraisal Update (All Property Types)	Summary Appraisal Update Report Section of Fannie Mae Form 1004D / Freddie Mac Form 442 , <i>Appraisal Update and/or Completion Report</i>
Certification of Completion	Certification of Completion Section of Fannie Mae Form 1004D / Freddie Mac Form 442 , <i>Appraisal Update and/or Completion Report</i>

Instructions for reporting the results of the appraisal, including data and file format and delivery, are found in the [FHA Single Family Housing Appraisal Report and Data Delivery Guide](#).

a. Application of Minimum Property Requirements and Minimum Property Standards by Construction Status (02/16/2021)

i. Existing Construction

(A) Definition

Existing Construction refers to a Property that has been 100 percent complete for over one year or has been completed for less than one year and was previously occupied.

(B) Standard

For Existing Construction, the Appraiser must notify the Mortgagee of the deficiencies when the Property does not comply with HUD's MPR.

ii. New Construction

(A) Definition

New Construction refers to Proposed Construction, Properties Under Construction, and Properties Existing Less than One Year as defined below:

- Proposed Construction refers to a Property where no concrete or permanent material has been placed. Digging of footing is not considered permanent.
- Under Construction refers to the period from the first placement of permanent material to 100 percent completion with no Certificate of Occupancy (CO) or equivalent.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

- Existing Less than One Year refers to a Property that is 100 percent complete and has been completed less than one year from the date of the issuance of the CO or equivalent. The Property must have never been occupied.

(B) Standard

For New Construction, the Appraiser must notify the Mortgagee of the deficiencies when the Property does not comply with HUD's MPR and MPS, including [24 CFR §§ 200.926a–200.926e](#).

iii. Determination of Defective Conditions

(A) Definition

Defective Conditions refer to defective construction, evidence of continuing settlement, excessive dampness, leakage, decay, termites, environmental hazards or other conditions affecting the health and safety of occupants, collateral security or structural soundness of the dwelling.

(B) Standard

The Appraiser must identify readily observable defective conditions.

Defective Conditions Requiring Repair

The Appraiser must identify defective conditions that are curable and will make the Property comply with HUD's MPR or MPS when cured, and provide an estimated cost to cure.

iv. Inspection by a Qualified Individual or Entity

If the Appraiser cannot determine that a Property meets HUD's MPR or MPS, an inspection by a qualified individual or entity may be required.

Conditions that require an inspection by qualified individuals or entities include:

- standing water against the foundation and/or excessively damp basements;
- hazardous materials on the site or within the improvements;
- faulty or defective mechanical systems (electrical, plumbing or heating/cooling);
- evidence of possible structural failure (e.g., settlement or bulging foundation wall, unsupported floor joists, cracked masonry walls or foundation);
- evidence of possible pest infestation;
- leaking or worn-out roofs; or
- any other condition that in the professional judgment of the Appraiser warrants inspection.

Appraisers may not recommend inspections only as a means of limiting liability. The reason or indication of a particular problem must be given when requiring an inspection.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

Required Analysis and Reporting

The Appraiser must observe, analyze and report defective conditions and must also provide photographic documentation of those conditions in the appraisal report.

If inspection is required, the Appraiser must cite the reason for requiring an inspection.

b. Minimum Property Requirements and Minimum Property Standards (08/19/2024)

MPR and MPS form the basis for identifying the deficiencies of the Property that the Appraiser must note within the appraisal report.

i. Legal Requirements

(A) Real Estate Entity

The Appraiser must contact the Mortgagee if the subject Property is not a single, marketable real estate entity, and/or does not consist of a primary plot with a secondary plot contributing to the use and marketability of the Property as a single marketable real estate entity.

(B) Property Rights

(1) Definition

Fee Simple refers to an absolute ownership unencumbered by any other interest or estate.

Leasehold refers to the right to hold or use Property for a fixed period of time at a given price, without transfer of ownership, on the basis of a lease contract.

(2) Standard

An Appraiser must contact the Mortgagee if the property rights to be appraised are not on real estate held in Fee Simple or Leasehold that comply with HUD's requirements below.

(C) Planned Unit Development

(1) Definition

A Planned Unit Development (PUD) refers to a residential development that contains, within the overall boundary of the subdivision, common areas and facilities owned by a Homeowners' Association (HOA), to which all homeowners must belong and to which they must pay lien-supported assessments. A unit in a PUD consists of the fee or leasehold title to the real estate represented by the land and the improvements thereon plus the benefits arising from ownership of an interest in the HOA.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(2) Required Analysis and Reporting

The Appraiser must identify the name of the PUD and indicate that the subject is located in a PUD by checking the PUD box on the appraisal form. The Appraiser must also enter the dollar amount of the HOA fee and mark the box indicating if the fees are paid “per year” or “per month.”

(D) Leasehold Interest

(1) Definition

Leasehold Interest refers to real estate where the residential improvements are located on land that is subject to long-term lease from the underlying fee owner, creating a divided estate in the Property.

(2) Standard

(a) Forward Mortgage Requirements

A Mortgage secured by real estate under Leasehold requires a renewable lease with a term of not less than 99 years, or a lease that will extend not less than 10 years beyond the maturity date of the Mortgage.

(b) Reverse Mortgage (HECM) Requirements

A reverse mortgage, or Home Equity Conversion Mortgage (HECM), secured by real estate on a Leasehold that is under a renewable lease for not less than 99 years, or a lease with the actuarial life expectancy of the Mortgagor. Sub-Leasehold Estates are not eligible for FHA mortgage insurance.

(3) Required Analysis and Reporting

An Appraiser must contact the Mortgagee if the Leasehold Interest does not meet this requirement.

ii. Legal and Land Use Considerations

(A) Party or Lot Line Wall

(1) Standard

A building constructed on or next to a property line must be separated from the adjoining building by a wall extending the full height of the building from the foundation to the ridge of the roof.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(2) Required Analysis and Reporting

The Appraiser must note if the party or lot line wall does not extend to the ridge of the roof or beyond.

(B) Nonresidential Use of Property

(1) Standard

The nonresidential portion of the Total Floor Area may not exceed 49 percent.

Any nonresidential use of the Property must be subordinate to its residential use, character and appearance. Nonresidential use may not impair the residential character or marketability of the Property. The nonresidential use of the Property must be legally permitted and conform to current zoning requirements.

(2) Required Analysis and Reporting

The Appraiser must calculate the nonresidential portion of any residential Property. Storage areas or similar spaces that are integral parts of the nonresidential portion must be included in the calculation of the nonresidential area.

The Appraiser must comment on any nonresidential use within the Property and state the percentage of the Total Floor Area that is utilized as nonresidential. The Appraiser must report whether the nonresidential usage is legal and in compliance with current zoning requirements.

The Appraiser must contact the Mortgagee if the nonresidential portion of the Property exceeds 49 percent.

(C) Zoning

(1) Standard

FHA requires the Property to comply with all applicable zoning ordinances.

(2) Required Analysis and Reporting

The Appraiser must determine if current use complies with zoning ordinances.

If the existing Property does not comply with all of the current zoning ordinances but is accepted by the local zoning authority, the Appraiser must report the Property as “Legal Non-Conforming” and provide a brief explanation. The Appraiser must analyze and report any adverse effect that the nonconforming use has on the Property’s value and marketability, and state whether the Property may be legally rebuilt if destroyed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(D) Encroachments

(1) Definition

An Encroachment refers to an interference with or intrusion onto another's property.

(2) Standard

The Appraiser must report the presence of any Encroachments so that the Mortgagee can determine eligibility.

(3) Required Analysis and Reporting

The Appraiser must identify any Encroachments of the subject's dwelling, garage, or other improvement onto an adjacent Property, right-of-way, utility Easement, or building restriction line. The Appraiser must also identify any Encroachments of a neighboring dwelling, garage, other physical Structure or improvements onto the subject Property.

The Appraiser must notify the Mortgagee if, upon observation, it appears that an Encroachment affects the subject Property.

(E) Easements and Deed Restrictions

(1) Definition

An Easement refers to an interest in land owned by another person, consisting of the right to use or control the land, or an area above or below it, for a specific limited purpose.

A Deed Restriction refers to a private agreement that restricts the use of real estate in some way, and is listed in the deed.

(2) Standard

The Appraiser must note the presence of any Easements and Deed Restrictions to assist the Mortgagee in determining eligibility.

(3) Required Analysis and Reporting

The Appraiser must analyze and report the effect that Easements and other legal restrictions, such as Deed Restrictions, may have on the use, value and marketability of the Property. The Appraiser must review recorded subdivision plats when available through the normal course of business.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

iii. Externalities

(A) Definition

Externalities refer to off-site conditions that affect a Property's value.

(B) Standard

The Appraiser must report the presence of Externalities so that the Mortgagee can determine eligibility.

(C) Required Analysis and Reporting

The Appraiser must consider how Externalities affect the marketability and value of the Property, report the issue and the market's reaction, and address any positive or negative effects on the value of the subject Property within the approaches to value.

(1) Heavy Traffic

The Appraiser must analyze and report if close proximity to heavily traveled roadways or railways has an effect on the marketability and value of a site because of excess noise and safety issues.

(2) Airport Noise and Hazards

The Appraiser must identify if the Property is affected by noise and hazards of low flying aircraft because it is near an airport. The Appraiser must review airport contour maps and analyze accordingly. The Appraiser must determine and report the marketability of the Property based on this analysis.

(3) Special Airport Hazards

The Appraiser must identify if the Property is located within a Runway Clear Zone (also known as a Runway Protection Zone) at a civil airport or Clear Zone military airfield and consider the effect of the airport hazards on the marketability when valuing the subject Property.

For Properties located in an Accident Potential Zone 1 (APZ 1) at military airfields, including New Construction, the Appraiser must report the hazard and consider the effect on the marketability when valuing the subject Property and must require compliance with the Department of Defense (DoD) Guidelines.

If the Property is New Construction and is located within a Runway Clear Zone (also known as a Runway Protection Zone) at a civil airport or Clear Zone military airfield, the Appraiser must note that the Property is ineligible for FHA insurance and notify the Mortgagee.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(4) Proximity to High Pressure Gas Lines

The Appraiser must identify if the dwelling or related property improvement is near high-pressure gas or liquid petroleum pipelines or other volatile and explosive products, both aboveground and subsurface. The Appraiser must determine and report the marketability of the Property based on this analysis.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the dwelling or related property improvement is not located more than 10 feet from the nearest boundary of the pipeline Easement.

(5) Overhead Electric Power Transmission and Local Distribution Lines

(a) Definitions

Overhead Electric Power Transmission Lines refer to electric lines that supply power from power generation stations to Local Distribution Lines.

Local Distribution Lines refer to electric lines that commonly supply power to residential housing developments, similar facilities and individual Properties.

(b) Required Analysis and Reporting

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the Overhead Electric Power Transmission Lines or the Local Distribution Lines pass directly over any dwelling, Structure or related property improvement, including pools, spas, or water features.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the dwelling or related property improvements are located within an Easement or if they appear to be located within an unsafe distance of any power line or tower.

The Appraiser must note and comment on the effect on marketability resulting from the proximity to such site hazards and nuisances. The Appraiser must also determine if the guidelines for [Encroachments](#) apply.

(6) Smoke, Fumes, and Offensive or Noxious Odors

The Appraiser must notify the Mortgagee if excessive smoke, chemical fumes, noxious odors, stagnant ponds or marshes, poor surface drainage or excessive dampness threaten the health and safety of the occupants or the marketability of the Property.

The Appraiser must consider the effect of the condition in the valuation of the Property if the conditions exist but do not threaten the occupants or marketability.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(7) Stationary Storage Tanks

If the subject property line is located within 300 feet of an aboveground, stationary storage tank with a capacity of more than 1,000 gallons of flammable or explosive material, then the Property is ineligible for FHA insurance, and the Appraiser must notify the Mortgagee of the deficiency of MPR or MPS.

iv. Site Conditions

(A) Access to Property

(1) Definition

Adequate Vehicular Access to Property refers to an all-weather road surface over which emergency and typical passenger vehicles can pass at all times.

(2) Required Analysis and Reporting

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the Property does not have safe pedestrian access and Adequate Vehicular Access from a public street or private street that is protected by a permanent recorded Easement, ownership interest, or is owned and maintained by an HOA. Shared driveways that are not part of an HOA must also meet these requirements.

The Appraiser must note whether there is safe pedestrian access and Adequate Vehicular Access to the site and analyze any effect on value or marketability.

The Appraiser must report evidence of a permanent Easement.

The Appraiser must ask if a maintenance agreement exists and comment on the condition of the private road or lane.

(B) Onsite Hazards and Nuisances

(1) Definition

Onsite Hazards and Nuisances refer to conditions that may endanger the health and safety of the occupants or the structural integrity or marketability of the Property.

(2) Standard

The Appraiser must report the presence of all onsite hazards and nuisances so that the Mortgagee can determine eligibility and any corrective work that may be necessary to mitigate potential adverse effects from the special conditions.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(3) Required Analysis and Reporting

The Appraiser must note and comment on all onsite hazards and nuisances affecting the Property. The Appraiser must also provide photographs of potential problems or issues to assist the Mortgagee in understanding the problem.

Proposed and Under Construction

The Appraiser must report any special conditions that may exist or arise during construction and necessitate precautionary or hazard mitigation measures.

(C) Topography

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the surface and subsurface water is not diverted from the dwelling to ensure positive drainage away from the foundation.

The Appraiser must make the appraisal subject to an inspection by a qualified individual or entity if the sales contract or any other documentation indicates, or if the Appraiser observes dampness because of a foundation issue.

The Appraiser must report to the Mortgagee any danger due to topographic conditions (e.g., earth and mudslides from adjoining properties, falling rocks and avalanches) to the subject Property or the adjoining land.

(D) Grading and Drainage

The Appraiser must check for readily observable evidence of grading and drainage problems. Proper drainage control measures may include gutters and downspouts or appropriate grading or landscaping to divert the flow of water away from the foundation.

The Appraiser must make the appraisal subject to repair if the grading does not provide positive drainage away from the improvements. The Appraiser must note any readily observable evidence of standing water adjacent to the foundation that indicates improper drainage. The Appraiser must report this in the “Site” section of the report, if the standing water is problematic.

(E) Suitability of Soil

The Appraiser must consider the readily observable soil and subsoil conditions of the site, including the type and permeability of the soil, the depth of the water table, surface drainage conditions, compaction, rock formations and other physical features that affect the value of the site, or its suitability for development or support of the existing improvements.

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

The Appraiser should also consider events and published reports regarding the instability of the soil and surface support of the land as related to the subject and proximate properties.

The Appraiser must analyze and report how this would affect the Property.

(F) Land Subsidence and Sinkholes

(1) Definition

Land Subsidence refers to the lowering of the land-surface elevation from changes that take place underground, including damage caused by sinkholes.

(2) Standard

Danger of Land Subsidence may be encountered where buildings are constructed on uncontrolled fill or unsuitable soil containing foreign matter such as a high percentage of organic material, areas of mining activity or extraction of subsurface minerals, or where the subsoil or subsurface is unstable and subject to slippage or expansion. Typical signs include fissures or cracks in the terrain, damaged foundations, sinkholes or settlement problems.

(3) Required Analysis and Reporting

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if there is probable or imminent danger of Land Subsidence so that the Mortgagee can determine eligibility or the need to require the purchase of subsidence insurance.

The Appraiser must analyze and report any readily observable conditions of the surface of the land that indicate potential problems from subsidence or the potential for lack of support for the surface of the land or building foundations.

In mining areas, the Appraiser must analyze and report the depth or extent of mining operations and the site of operating or abandoned shafts or tunnels to determine if the danger is imminent, probable or negligible.

(G) Oil or Gas Wells

(1) Operating or Proposed

The Appraiser must examine the site for the existence of any readily observable evidence of an oil or gas well and report the distance from the dwelling.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the dwelling is located within 75 feet of an operating or proposed well. The distance is measured from the dwelling to the site boundary, not to the actual well site.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(2) Abandoned

If the Appraiser notes an abandoned gas or oil well on the subject site or an adjacent Property, the Appraiser must stop work and notify the Mortgagee.

The Appraiser may resume work when the Mortgagee provides a letter from local jurisdiction or the appropriate state agency, stating that the subject well was permanently abandoned in a safe manner.

The Appraiser may only complete the appraisal on a Property located near a gas well that emits hydrogen sulfide if the minimum clearance has been established by a petroleum engineer. The Appraiser must assess any impact that the location of the well has on the value and marketability of the Property.

Hydrogen Sulfide

Hydrogen sulfide gas emitted from petroleum product wells is toxic and extremely hazardous. Minimum clearance from sour gas wells may be established only after a petroleum engineer has assessed the risk and state authorities have concurred on clearance recommendations for petroleum industry regulation and for public health and safety.

The Appraiser may only complete an appraisal on a Property if the Mortgagee has required an inspection by a qualified person and provided evidence that the minimum clearance has been established.

(H) Slush Pits

(1) Definition

A Slush Pit refers to a basin in which drilling “mud” is mixed and circulated during drilling to lubricate and cool the drill bit and to flush away rock cuttings.

(2) Required Analysis and Reporting

If the Property has a Slush Pit, the Appraiser must make the appraisal subject to the removal of all unstable and toxic materials and the site made safe.

(I) Property Eligibility in Special Flood Hazard Areas

The Appraiser must review the Federal Emergency Management Agency (FEMA) [Flood Insurance Rate Map \(FIRM\)](#) and make appropriate notations on the applicable appraisal reporting form. If the Property appears to be located within a [Special Flood Hazard Area \(SFHA\)](#), the Appraiser must attach a copy of the flood map panel to the appraisal report.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

The Appraiser must enter the FEMA zone designation on the reporting form, and identify the map panel number and map date. If the Property is not shown on any map, the Appraiser must enter “not mapped.” The Appraiser must quantify the effect on value, if any, for Properties situated within a designated SFHA.

(J) Coastal Barrier Resources System

The Appraiser must stop work and notify the Mortgagee of the deficiency of MPR or MPS if the Property is located within a [Coastal Barrier Resources System \(CBRS\)](#) designated area.

The Appraiser must review the FEMA FIRM to determine if a Property is located within a CBRS. The FIRM will identify CBRS boundaries through patterns of backward-slanting diagonal lines, both solid and broken. If it appears that the Property is located in a CBRS, the Appraiser must review [CBRS location maps](#) to confirm.

(K) Lava Zones

When a Property is located in Hawaii, the Appraiser must review the U.S. Geological Survey (USGS) [Lava Flow Hazard Zone maps](#). The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the Property is located in Zones 1 or 2.

The Appraiser must report in the “Comments” section that the Property is in the Lava Flow Hazard Zone and provide the Zone Number.

(L) Mineral, Oil, and Gas Reservations or Leases

The Appraiser must analyze and report the degree to which the residential benefits may be impaired or the Property damaged by the exercise of the rights set forth in oil, gas, and mineral reservations or leases.

The Appraiser should consider the following:

- the infringement on the property rights of the fee owner caused by the rights granted by the reservation or lease; and
- the hazards, nuisances, or damages that may arise or accrue to the subject Property from exercise of reservation or lease privileges on neighboring properties.

(M) Soil Contamination

(1) Definition

Soil Contamination refers to the presence of manmade chemicals or other alterations to the natural soil environment.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(2) Standard

Conditions that indicate Soil Contamination include the existence of underground storage tanks used for heating oil, pools of liquid, pits, ponds, lagoons, stressed vegetation, stained soils or pavement, drums or odors.

(3) Required Analysis and Reporting

The Appraiser must check readily observable evidence of Soil Contamination and hazardous substances in the soil. The Appraiser must report the proximity to dumps, landfills, industrial sites or other sites that could contain hazardous wastes that may have a negative influence on the marketability and/or value of the subject Property.

(N) Residential Underground Storage Tanks

The Appraiser must note any readily observable surface evidence of residential underground storage tanks, such as fill pipes, pumps, ventilation caps, etc. If there is readily observable evidence of leakage or onsite contamination, the Appraiser must make a requirement for further inspection.

v. New Construction Site Analysis

The Appraiser must obtain a fully executed form [HUD-92541](#), *Builder's Certification of Plans, Specifications, and Site*, signed and dated no more than 30 Days prior to the date the appraisal was ordered, before performing the appraisal on Proposed Construction, Properties Under Construction or Properties Existing Less than One Year.

The Appraiser must review the form and analyze and report any discrepancies between the information provided by the builder and the Appraiser's observations.

vi. Excess and Surplus Land

(A) Definition

Excess Land refers to land that is not needed to serve or support the existing improvement. The highest and best use of the Excess Land may or may not be the same as the highest and best use of the improved parcel. Excess Land may have the potential to be sold separately.

Surplus Land refers to land that is not currently needed to support the existing improvement but cannot be separated from the Property and sold off. Surplus Land does not have an independent highest and best use and may or may not contribute to the value of the improved parcels.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(B) Required Analysis and Reporting

The Appraiser must include the highest and best use analysis in the appraisal report to support the Appraiser's conclusion of the existence of Excess Land. The Appraiser must include Surplus Land in the valuation.

If the subject of an appraisal contains two or more legally conforming platted lots under one legal description and ownership, and the second vacant lot is capable of being divided and/or developed as a separate parcel where such a division will not result in a nonconformity in zoning regulations for the remaining improved lot, the second vacant lot is Excess Land. The value of the second lot must be excluded from the final value conclusion of the appraisal and the Appraiser must provide a value of only the principal site and improvements under a hypothetical condition.

vii. Characteristics of Property Improvements

(A) Minimum Requirements for Living Unit

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if each living unit does not contain any one of the following:

- a continuing and sufficient supply of safe and potable water under adequate pressure and of appropriate quality for all household uses;
- sanitary facilities and a safe method of sewage disposal. Every living unit must have at least one bathroom, which must include, at a minimum, a water closet, lavatory, and a bathtub or shower;
- space adequate for healthful and comfortable living conditions;
- heating adequate for healthful and comfortable living conditions;
- domestic hot water;
- electricity adequate for lighting and for mechanical equipment used in the living unit; and
- kitchen facilities adequate for the preparation and cooking of food. Every living unit must have at least one area with kitchen facilities, which must include, at a minimum, a sink with potable running water and a stove utility hookup.

FHA does not have a minimum size requirement for one- to four-family dwellings and Condominium Units. For Manufactured Housing requirements, see the [Manufactured Housing](#) section.

(B) Access to Living Unit

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if access to the living unit is not provided without passing through any other living unit or access to the rear yard is not provided without passing through any other living unit. For attached dwellings, the access may be by means of alley, Easement, common area or passage through the dwelling.

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

The Appraiser must report when the Property has security bars on bedroom windows or doors.

(C) Nonstandard House Styles

(1) Definition

Nonstandard House Style refers to unique Properties in the market area, including log houses, earth sheltered housing, dome houses, houses with lower than normal ceiling heights, and other houses that in the Appraiser's professional opinion, are unique.

(2) Required Analysis and Reporting

The Appraiser must provide a comment that the nonstandard house style appears structurally sound and readily marketable and must apply appropriate techniques for analysis and evaluation. In order for such a Property to be fully marketable, the Appraiser must demonstrate that it is located in an area of other similar types of construction and blend in with the landscape.

The Appraiser may require additional education, experience, or assistance for these types of Properties.

(D) Modular Housing

(1) Definition

Modular Housing refers to Structures constructed according to state and local codes off-site in a factory, transported to a building lot, and assembled by a contractor into a finished house. Although quality can vary, all of the materials – from framing, roofing and plumbing to cabinetry, interior finish and electrical – are identical to what is found in comparable quality conventional “stick-built” housing.

(2) Required Analysis and Reporting

The Appraiser must treat Modular Housing the same as stick-built housing, including reporting the appraisal on the same form. The Appraiser must select and analyze appropriate comparable sales, which may include conventionally built housing, Modular Housing or Manufactured Housing.

(E) Accessory Dwelling Unit

(1) Identification of an Accessory Dwelling Unit

An [Accessory Dwelling Unit \(ADU\)](#) is subordinate in size, location, and appearance to the primary Dwelling Unit and may or may not have separately

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

metered utilities. The ADU must comport with zoning requirements, which may include a legal nonconforming use.

(2) Required Analysis and Reporting Protocols

As part of the highest and best use analysis, the Appraiser must make the determination to classify the Property as a Single Family dwelling with an ADU, or a two-family dwelling. The conclusion of the highest and best use analysis will then determine the classification of the Property and the required analysis reporting.

(a) One-Unit Single Family Dwelling with an Accessory Dwelling Unit

When the highest and best use analysis determines the Property to be a Single Family dwelling with an ADU, the Appraiser must:

- provide a description of the ADU characteristics;
- summarize the ADU's market acceptance;
- report the [Gross Living Area](#) of the ADU separate from the primary dwelling;
- state whether the ADU can be legally rented without restrictions; and
- report the current ADU occupancy and the relevant details of any known lease agreements.

(b) Optional Accessory Dwelling Unit Market Rent Analysis

The Mortgagee may request an opinion of the ADU market rent in the scope of work. The Appraiser may provide the ADU market rent only if:

- the highest and best use is determined to be a one-unit Single Family dwelling with an ADU;
- the ADU is legally rentable without restrictions; and
- the Appraiser determines that a non-transient (see [Restriction on Investment Properties for Hotel and Transient Use](#)) monthly market rent can be credibly developed.

The analysis of the rental data must include support for the ADU comparable rental selections, the adjustments applied, and the opinion of the ADU market rent. The Appraiser must include the ADU opinion of market rent on [Fannie Mae Form 1007/Freddie Mac Form 1000](#), *Single Family Comparable Rent Schedule*, as an attachment to the appraisal and include the following supplemental statement:

“This form is completed to provide FHA an opinion of the market rent of the subject’s legally rentable Accessory Dwelling Unit (ADU). Sufficient competitive market data exists to develop credible results.”

Appraisers completing the optional ADU market rent analysis must comply with FHA’s [Appraiser Competency Requirement](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

The Appraiser must contact the Mortgagee if unable to fulfill a request for ADU market rent analysis.

(c) Comparable Selection for Optional Accessory Dwelling Unit Market Rent Analysis

The Appraiser must include a sufficient number of comparable rents to produce a credible ADU market rent estimate. The comparables used to develop the ADU market rent must not include properties rented for hotel or transient purposes, or for periods less than 30 Days. The Appraiser must include at least one comparable rental that is a Single Family dwelling with a rented ADU. If a Single Family dwelling with a rented ADU is not available, the Appraiser must supplement with the most appropriate rental available and summarize the reason for the selection and how the marketability of the ADU was determined.

(F) Additional Manufactured Home on Property

The Appraiser may consider a Manufactured Home to be an ADU if it meets the highest and best use and FHA requirements.

The Appraiser may value a Manufactured Home on the Property that physically or legally may not be used as a dwelling and does not pose any health and safety issues by its continued presence as a storage unit.

(G) Leased Equipment, Components, and Mechanical Systems

The Appraiser must not include the value of leased mechanical systems and components in the Market Value of the subject Property. This includes furnaces, water heaters, fuel or propane storage tanks, solar or wind systems (including power purchase agreements), and other mechanical systems and components that are not owned by the property owner. The Appraiser must identify such systems in the appraisal report.

c. Gross Living Area (04/18/2023)

i. Definition

Gross Living Area (GLA) refers to the total area of finished, above-grade residential space calculated by measuring the outside perimeter of the Structure. It includes only finished, habitable, above-grade living space.

ii. Required Analysis and Reporting

The Appraiser must:

- identify noncontiguous living area and analyze its effect on functional utility;

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

- ensure that finished basements and unfinished attic areas are not included in the total GLA; and
- use the same measurement techniques for the subject and comparable sales, and report the building dimensions in a consistent manner.

When any part of a finished level is below grade, the Appraiser must report all of that level as below-grade finished area, and report that space on a different line in the appraisal report, unless the market considers it to be Partially Below-Grade Habitable Space.

In the case of nonstandard Properties and floor plans, the Appraiser must observe, analyze, and report the market expectations and reactions to the unique Property.

The Appraiser may apply a supplemental measurement standard if it does not conflict with these requirements and the Appraiser discloses the use of the standard.

iii. Additions and Converted Space

The Appraiser must treat room additions and garage conversions as part of the GLA of the dwelling, provided that the addition or conversion space:

- is accessible from the interior of the main dwelling in a functional manner;
- has a permanent and sufficient heat source; and
- was built in keeping with the design, appeal, and quality of construction of the main dwelling.

Room additions and garage conversions that do not meet the criteria listed above are to be addressed as a separate line item in the Sales Comparison Approach (SCA) Grid, not in the GLA. The Appraiser must address the impact of inferior quality garage conversions and room additions on marketability as well as Contributory Value, if any.

The Appraiser must analyze and report differences in functional utility when selecting comparable properties of similar total GLA that do not include converted living space. If the Appraiser chooses to include converted living spaces as GLA, the Appraiser must include an explanation detailing the composition of the GLA reported for the comparable sales, functional utility of the subject and comparable properties, and market reaction.

Alternatively, the Appraiser may consider and analyze converted living spaces on a separate line within the SCA Grid, including the functional utility line to demonstrate market reaction.

The Appraiser must not add an ADU or secondary living area to the GLA.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

iv. Partially Below-Grade Habitable Space

(A) Definition

Partially Below-Grade Habitable Space refers to living area constructed partially below grade, but has the full utility of GLA.

(B) Required Analysis and Reporting

The Appraiser must report the design and measurements of the subject, the market acceptance or preference, how the levels and areas of the dwelling are being calculated and compared, and the effect that this has on the analysis.

Regardless of the description of the rooms, bedrooms or baths as above grade or below grade, the Appraiser must analyze all components of the subject Property in the valuation process.

v. Bedrooms

The Appraiser must not identify a room as a bedroom that cannot accommodate ingress or egress in the event of an emergency, regardless of location above or below grade.

d. Appliances (09/14/2015)

i. Definition

Appliances refer to refrigerators, ranges/ovens, dishwashers, disposals, microwaves, and washers/dryers.

ii. Standard

Appliances that are to remain and that contribute to the market value opinion must be operational.

iii. Required Analysis and Reporting

The Appraiser must note all appliances that remain and contribute to the Market Value.

e. Swimming Pools (09/14/2015)

The Appraiser must report readily observable defects in a noncovered pool that would render the pool inoperable or unusable. If the pool water contains algae and is aesthetically unappealing, but the Appraiser has no evidence that the pool is otherwise contaminated, no cleaning is required. Swimming pools must be operational to provide full Contributory Value.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

The Appraiser must condition the appraisal report for pools with unstable sides or structural issues to be repaired or permanently filled in accordance with local guidelines, and the surrounding land regraded if necessary.

If the swimming pool has been winterized, or the Appraiser cannot determine if the pool is in working order, the Appraiser must complete the appraisal with the extraordinary assumption that the pool and its equipment can be restored to full operating condition at normal costs.

f. Utilities – Mechanical Components (02/16/2021)

The Appraiser must notify the Mortgagee if mechanical systems do not appear:

- to have reasonable future utility, durability, and economy;
- to be safe to operate;
- to be protected from destructive elements; or
- to have adequate capacity.

The Appraiser must observe the physical condition of the plumbing, heating and electrical systems. The Appraiser must operate the applicable systems and observe their performance. If the systems appear to be damaged or do not appear to function properly, the Appraiser must condition the appraisal for repair or further inspection.

If the Property is vacant, the Appraiser must note in the report whether the utilities were on or off at the time of the appraisal.

If the utilities are off at the time of the inspection, the Appraiser must ask to have them turned on and complete all requirements under Mechanical Components. However, if it is not feasible to have the utilities turned on, then the appraisal must be completed without the utilities turned on or the mechanical systems functioning.

If the utilities are not on at the time of observation and the systems could not be operated, the Appraiser must:

1. render the appraisal as subject to reobservation;
2. condition the appraisal upon further observation to determine if the systems are in proper working order once the utilities are restored; and
3. complete the appraisal under the extraordinary assumption that utilities and mechanical systems, and appliances are in working order.

The Appraiser must note that the reobservation may result in additional repair requirements once all the utilities are on and fully functional.

If systems could not be operated due to weather conditions, the Appraiser must clearly note this in the report. The Appraiser should not operate the systems if doing so may damage equipment or when outside temperatures will not allow the system to operate.

Electrical, plumbing, or heating/cooling certifications may be required when the Appraiser cannot determine if one or all of these systems are working properly.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

i. Heating and Cooling Systems

The Appraiser must examine the heating system to determine if it is adequate for healthful and comfortable living conditions, regardless of design, fuel or heat source.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the permanently installed heating system does not:

- automatically heat the living areas of the house to a minimum of 50 degrees Fahrenheit in all GLAs, as well as in non-GLAs containing building or system components subject to failure or damage due to freezing;
- provide healthful and comfortable heat or is not safe to operate;
- rely upon a fuel source that is readily obtainable within the subject's geographic area;
- have market acceptance within the subject's marketplace; and
- operate without human intervention for extended periods of time.

Central air conditioning is not required but, if installed, must be operational. If the air conditioning system is not operational, the Appraiser must indicate the level of deferred maintenance, analyze and report the effect on marketability, and include the cost to cure.

ii. Electrical System

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the electrical system is not adequate to support the typical functions performed in the dwelling without disruption, including appliances adequate for the type and size of the dwelling.

The Appraiser must examine the electrical system to ensure that there is no visible frayed wiring or exposed wires in the dwelling, including garage and basement areas, and report if the amperage and panel size appears inadequate for the Property. The Appraiser must operate a sample of switches, lighting fixtures, and receptacles inside the house and garage, and on the exterior walls, and report any deficiencies. The Appraiser is not required to insert any tool, probe or testing device inside the electrical panel or to dismantle any electrical device or control.

iii. Plumbing System

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the plumbing system does not function to supply water pressure, flow and waste removal.

The Appraiser must flush the toilets and operate a sample of faucets to observe water pressure and flow, to determine that the plumbing system is intact, that it does not emit foul odors, that faucets function appropriately, that both cold and hot water run, and that there are no readily observable evidence of leaks or structural damage under fixtures.

The Appraiser must examine the water heater to ensure that it has a temperature and pressure-relief valve with piping to safely divert escaping steam or hot water.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

If the Property has a septic system, the Appraiser must visually observe it for any signs of failure or surface evidence of malfunction. If there are readily observable deficiencies, the Appraiser must require repair or further inspection.

g. Roof Covering (09/14/2015)

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the roof covering does not prevent entrance of moisture or provide reasonable future utility, durability and economy of maintenance and does not have a remaining physical life of at least two years.

The Appraiser must observe the roof to determine whether there are deficiencies that present a health and safety hazard or do not allow for reasonable future utility. The Appraiser must identify the roofing material type and the condition observed in the “Improvements” section of the report.

The Appraiser must report if the roof has less than two years of remaining life, and make the appraisal subject to inspection by a professional roofer.

When the Appraiser is unable to view the roof, the Appraiser must explain why the roof is unobservable and report the results of the assessment of the underside of the roof, the attic, and the ceilings.

h. Structural Conditions (09/14/2015)

The Appraiser must report on structural conditions so that the Mortgagee can determine if the foundation and Structure of the Property will be serviceable for the life of the Mortgage.

The Appraiser must perform a visual observation of the foundation and Structure of the improvements and report those results. If the Appraiser notes any structural issues, the Appraiser must address the nature of the deficiency in the appraisal where physical deficiencies or adverse conditions are reported and require inspection.

i. Defective Paint (04/10/2025)

If the dwelling or related improvements were built before 1978, refer to [Lead-Based Paint](#).

If the dwelling or related improvements were built in or after 1978, the Appraiser must report all defective paint surfaces on the exterior and require repair of any defective paint that exposes the subsurface to the elements. Unpainted surfaces intended to withstand the elements, such as stained or pressure-treated wood, do not require repair.

j. Attic Observation Requirements (04/18/2023)

The Appraiser must visually observe the interiors of attic spaces to the extent these areas are safely accessible. The Appraiser is not required to disturb insulation or move items that obstruct access or visibility.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

If the observation reveals evidence of a deficient condition (such as a water-stained ceiling, insufficient ventilation, or smell of mold, etc.), the Appraiser must report this condition, and render the appraisal subject to inspection or subject to repairs in compliance with the [Repair Requirements](#).

The Appraiser must report when the attic space is not safely accessible. The Appraiser must complete the appraisal subject to inspection by a qualified third party only if further observation of inaccessible attic area(s) is necessary to determine compliance with MPR and MPS.

k. Foundation (04/10/2025)

The Appraiser must examine the foundation for readily observable evidence of safety or structural deficiencies that may require repair. If a deficiency is noted, the Appraiser must describe the nature of the deficiency and report necessary repairs, alterations or required inspections in the appraisal where physical deficiencies or adverse conditions are reported.

i. Basement

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the basement is not free of dampness, wetness, or obvious structural problems that might affect the health and safety of occupants or the soundness of the Structure.

ii. Sump Pumps

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the sump pump is not properly functioning at the time of appraisal. A sump pump may be hard-wired by an acceptable wiring method or may have a factory electrical cord that is to be connected to a receptacle suitable for such use.

l. Crawl Space Observation Requirements (04/18/2023)

The Appraiser must visually observe areas of the crawl space to the extent these areas are safely accessible. The Appraiser is not required to disturb insulation or move items that obstruct access or visibility.

If the observation reveals evidence of a deficient condition (such as excessive dampness, insufficient ventilation, or smell of mold, etc.), the Appraiser must render the appraisal subject to inspection or subject to repairs, in compliance with the [Repair Requirements](#).

The Appraiser must report when the crawl space is not safely accessible. The Appraiser must complete the appraisal subject to inspection by a qualified third party only if further observation of inaccessible crawl space area is necessary to determine compliance with MPR and MPS.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

m. Environmental and Safety Hazards (01/24/2022)

The Appraiser must report known environmental and safety hazards and adverse conditions that may affect the health and safety of the occupants, the Property's ability to serve as collateral, and the structural soundness of the improvements.

Environmental and safety hazards may include defective lead-based paint, mold, toxic chemicals, radioactive materials, other pollution, hazardous activities, and potential damage to the Structure from soil or other differential ground movements, subsidence, flood, and other hazards.

i. Lead-Based Paint

(A) Improvements Built Before 1978

The Appraiser must note the condition and location of all defective paint and require repair in compliance with [24 CFR § 200.810\(c\)](#) and any applicable EPA requirements. The Appraiser must observe all interior and exterior surfaces, including common areas, stairs, deck, porch, railings, windows and doors, for defective paint (cracking, scaling, chipping, peeling, or loose). Exterior surfaces include those surfaces on fences, detached garages, storage sheds, and other outbuildings and appurtenant Structures.

(B) Condominium Units Built Before 1978

The Appraiser must observe the interior of the unit, common unit and exterior surfaces and appurtenant Structures of the specific unit being appraised; and address the overall condition, maintenance and appearance of the Condominium Project. The Appraiser must note the condition and location of all defective paint in the unit, common area and exterior, and require repair in compliance with [24 CFR § 200.810\(c\)](#) and any applicable EPA requirements.

ii. Methamphetamine Contaminated Property

If the Mortgagee notifies the Appraiser or the Appraiser has evidence that a Property is contaminated by the presence of methamphetamine (meth), either by its manufacture or by consumption, the Appraiser must render the appraisal subject to the Property being certified safe for habitation.

If the effective date of the appraisal is prior to certification that the Property (site and dwelling) is safe for habitation, the Appraiser will complete the appraisal subject to certification that the Property is safe for habitation.

If the effective date of the appraisal is after certification that the Property (site and dwelling) is safe for habitation, and the Mortgagee has provided a copy of the certification by the certified hygienist, the Appraiser must include a copy of the certification in the appraisal report.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

The Appraiser must analyze and report any long-term stigma caused by the Property's contamination by meth and the impact on value or marketability.

iii. Wood Destroying Insects/Organisms/Termites

The Appraiser must observe the foundation and perimeter of the buildings for evidence of wood destroying pests. The Appraiser's observation is not required to be at the same level as a qualified pest control specialist.

If there is evidence or notification of infestation, including a prior treatment, the Appraiser must mark the evidence of infestation box in the "Improvements" section of the appraisal and make the appraisal subject to inspection by a qualified pest control specialist.

n. Repair Requirements (09/14/2015)

When examination of New or Existing Construction reveals noncompliance with MPR and MPS, the Appraiser must report the repairs necessary to make the Property comply, provide an estimated cost to cure, provide descriptive photographs, and condition the appraisal for the required repairs.

If compliance can only be effected by major repairs or alterations, the Appraiser must report all readily observable property deficiencies, as well as any adverse conditions discovered performing the research involved in completion of the appraisal, within the reporting form.

Regardless of the Appraiser's suggested repairs, the Mortgagee will determine which repairs are required.

i. Limited Required Repairs

The Appraiser must limit required repairs to those repairs necessary to:

- maintain the safety, security and soundness of the Property;
- preserve the continued marketability of the Property; and
- protect the health and safety of the occupants.

ii. As-Is Condition and Cosmetic Repairs

The Appraiser may complete an as-is appraisal for existing Properties when minor property deficiencies, which generally result from deferred maintenance and normal wear and tear, do not affect the health and safety of the occupants or the security and soundness of the Property. Cosmetic or minor repairs are not required, but the Appraiser must report and consider them in the overall condition when rating and valuing the Property. Cosmetic repairs include missing handrails that do not pose a threat to safety, holes in window screens, cracked window glass, defective interior paint surfaces in housing constructed after 1978, minor plumbing leaks that do not cause damage (such as a dripping faucet), and other inoperable or damaged components that in the Appraiser's professional judgment do not pose a health and safety issue to the occupants of the house.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

If an element is functioning well but has not reached the end of its useful life, the Appraiser should not recommend replacement because of age.

iii. Defective Conditions Requiring Repair

The nature and degree of any noted deficiency will determine whether the Appraiser must address the deficiency in the narrative comments area of the report under “condition of the property” or “physical deficiencies” affecting livability or structural soundness.

iv. Conditions Requiring Inspection by a Qualified Individual or Entity

The Appraiser must notify the Mortgagee and make the appraisal subject to an inspection by a qualified individual or entity when the observation reveals evidence of a potential safety, soundness, or security issue beyond the Appraiser’s ability to assess. The Appraiser must report and describe the indication of a particular problem when requiring an inspection of any mechanical system, structural system, or other component requiring a repair.

o. Utility Services (04/18/2023)

i. Definition

Utility Services refer to those services consumed by the public such as individual electric, water, natural gas, sewage, and telephone.

ii. Required Analysis and Reporting

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the subject Property is an attached, detached, or manufactured Single Family dwelling and the utilities are not independent for each living unit. This does not apply to ADUs.

The Appraiser must also notify the Mortgagee of the deficiency of MPR or MPS if utilities are not located on Easements that have been permanently dedicated to the local government or appropriate public utility body.

(A) Multiple Living Units Under Single Ownership

A Property may contain multiple living units under a single Mortgage or ownership (two- to four-family Properties) that utilize common services, such as water, sewer, gas and electricity and is served by one meter in jurisdictions that allow single meter rental properties. In such cases, the Appraiser should note a deficiency of MPR or MPS if separate utility service shut-offs are not provided for each living unit.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if utilities or services are not provided with independent shut-offs for each living unit, except common services such as laundry, storage space or heating, in two- to four-living unit buildings under a single Mortgage.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(B) Living Units Under Separate Ownership

The Appraiser should not note the deficiency of MPR or MPS if the Property contains living units under separate ownership and part of a larger planned community, that utilize common utility services provided from the main to the building line when protected by an Easement or covenant and maintenance agreement, unless individual utilities serving a living unit pass over, under, or through another living unit without provision for repair and maintenance of utilities without trespass on adjoining properties, or legal provision for permanent right of access for maintenance and repair of utilities.

If a single drain line in the building serves more than one unit, and the building drain clean-outs are not accessible from the exterior, the Appraiser must note the deficiency of MPR or MPS to the Mortgagee.

iii. Public Water Supply Systems

(A) Definition

A Public Water Supply System refers to a system that is owned by a governmental authority or by a utility company that is controlled by a governmental authority.

(B) Standard

When a public water supply system is present, the water quality is considered to be safe and potable and to meet the requirements of the health authority with jurisdiction unless:

- the Appraiser indicates deficiencies with the water or notifies the Mortgagee that the water is unsafe; or
- the health authority with jurisdiction issues a public notice indicating the water is unsafe.

(C) Required Analysis and Reporting

The Appraiser must:

- report any readily observable or known deficiencies with the water;
- notify the Mortgagee when water is determined to be unsafe, report, and provide a cost to cure; and
- address any impact on value and marketability, and make the appropriate adjustments.

iv. Community Water Systems

(A) Definition

A Community Water System refers to a central system that is owned, operated, and maintained by a private corporation or a nonprofit property owners' association.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

(B) Standard

A Community Water System must comply with local jurisdiction requirements.

(C) Required Analysis and Reporting

If the Property is on a Community Water System, the Appraiser must note the name of the water company on the appraisal report.

v. Individual Water Supply Systems

(A) Definition

An Individual Water Supply System refers to a potable water source providing water to an individual Property.

(B) Standard

When an Individual Water Supply System is present, water quality must meet the requirements of the health authority with jurisdiction. If there are no local (or state) water quality standards, then water quality must meet the standards set by the EPA, as presented in the National Primary Drinking Water regulations in [40 CFR §§ 141–142](#).

(C) Required Analysis and Reporting

The Appraiser must report on the availability of connection to a public and/or Community Water System and any jurisdictional conditions requiring connection.

When the Appraiser obtains evidence that any of the water quality requirements are not met, the Appraiser must notify the Mortgagee and provide an estimated cost to cure.

The Appraiser must note the deficiency of MPR or MPS if the subject Property contains a well located within the foundation walls of an existing dwelling, unless there is evidence that:

- the local jurisdiction recognizes and permits such a location;
- it is common for the market area; and
- it does not adversely affect marketability.

A well located within the foundation walls of a dwelling is not acceptable for New Construction except in arctic or subarctic regions.

The Appraiser must report when water to a Property is supplied by dug wells, cisterns, or holding tanks used in conjunction with water purchased and hauled to the site. The Appraiser must report whether such systems are readily accepted by local market participants.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

3. Acceptable Reporting Forms and Protocols (04/10/2025)

The Appraiser must note the deficiency of MPR or MPS if the subject Property has a water source that includes a mechanical chlorinator or is served by springs, lakes, rivers, sand-point wells, or artesian wells.

A pressure tank with a minimum capacity of 42 gallons must be provided. However, pre-pressured tanks and other pressurizing devices are acceptable if delivery between pump cycles equal or exceed that of a 42-gallon tank. Tanks must be equipped with a clean-out plug at the lowest point and a suitable pressure relief valve.

The Appraiser must note any readily observable deficiencies regarding the well and require test or inspection if any of the following apply:

- the water supply relies upon a water purification system due to the presence of contaminants;
- corrosion of pipes (plumbing);
- areas of intensive agricultural uses within one quarter mile;
- coal mining or gas drilling operations within one quarter mile;
- a dump, junkyard, landfill, factory, gas station, or dry cleaning operation within one quarter mile; or
- an unusually objectionable taste, smell, or appearance of well water.

The Appraiser must also be familiar with the [minimum distance requirements](#) between private wells and sources of pollution and, if discernible, comment on them. The Appraiser is not required to sketch or note distances between the well, property lines, septic tanks, drain fields, or building Structures but may provide estimated distances where they are comfortable doing so. When available, the Appraiser should obtain from the homeowner or Mortgagee a copy of a survey or other documents attesting to the separation distances between the well and septic system or other sources of pollution.

vi. Shared Wells

(A) Definition

A Shared Well refers to a well that services two to four homes where there is a binding [Shared Well Agreement](#) between the property owners that meets FHA requirements.

(B) Required Analysis and Reporting

If the Property has a Shared Well, the Appraiser must report it and note any readily observable deficiencies. The Appraiser must also obtain a Shared Well Agreement and include it in the appraisal report so that the Mortgagee may review the agreement to determine eligibility. The Appraiser must also require an [inspection and water testing under the same circumstances as an individual well](#).

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

vii. Individual Residential Water Purification Systems

(A) Definition

An Individual Residential Water Purification System refers to equipment, either point-of-entry or point-of-use, installed on Properties that otherwise do not have access to a continuous supply of safe and potable water.

(B) Required Analysis and Reporting

If a Property is served by an individual residential water purification system, the Appraiser must indicate which type of system is installed on the Property, either point-of-entry or point-of-use.

The Appraiser must report on the conditions requiring connection of the individual residential water purification system.

p. Onsite Sewage Disposal Systems (09/14/2015)

i. Definition

An Onsite Sewage Disposal System refers to wastewater systems designed to treat and dispose of effluent on the same Property that produces the wastewater.

ii. Required Analysis and Reporting

The Appraiser must note the deficiency of MPR or MPS and notify the Mortgagee if the Property is not served by an off-site sewer system and any living unit is not provided with an Onsite Sewage Disposal System adequate to dispose of all domestic wastes in a manner that will not create a nuisance, or in any way endanger the public health.

The Appraiser must visually observe the Onsite Sewage Disposal System and its surrounding area. The Appraiser must require an inspection to ensure that the system is in proper working order if there are readily observable signs of system failure. The Appraiser must report on the availability of public sewer to the site.

The Appraiser must note the deficiency of MPR or MPS and notify the Mortgagee if the Appraiser has evidence that the Onsite Sewage Disposal System is not sufficient.

4. Valuation and Reporting Protocols

a. Photograph, Exhibits, and Map Requirements (06/27/2025) ~~{Text was deleted in this section.}~~

The Appraiser must include a legible street map showing the location of the subject and each of the comparable properties, including sales, rentals, listings, and other data points utilized. If substantial distance exists between the subject and comparable properties, additional legible maps must be included.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

The Appraiser must include a building sketch showing the GLA, all exterior dimensions of the house, patios, porches, decks, garages, breezeways, and any other attachments or outbuildings contributing value. The Appraiser must show the calculations used to arrive at the estimated GLA. The Appraiser must provide an interior sketch or floor plan for Properties exhibiting functional obsolescence attributable to the floor plan design.

The Appraiser must provide photographs as required in the table below and any additional exterior and interior photographs, reports, studies, analysis, or copies of prior listings in support of the Appraiser's observation and analysis.

FHA Minimum Photograph Requirements	
Photograph Exhibit	Minimum Photograph Requirements
Subject Property Exterior	• Front and rear of the dwelling • Improvements with Contributory Value not captured in the front or rear photographs • Street scene • For Proposed Construction, a photograph that shows the grade of the vacant lot
Subject Property Interior	• Kitchen, main living area, bathrooms, and bedrooms • Any other rooms representing overall condition • Basement • Recent updates, such as restoration, remodeling, and renovation
Comparable Sales, Listings, and Pending Sales	• Front view of each comparable utilized
View	• Photographs of any negative or positive view influences that substantially affect value or marketability
Subject Property Deficiencies	• Photographs of the deficiency or condition requiring inspection or repair

b. Intended Use and Intended Users of Appraisal (09/14/2015)

The intended use of the appraisal is solely to assist FHA in assessing the risk of the Property securing the FHA-insured Mortgage ([24 CFR § 200.145\(b\)](#)).

FHA and the Mortgagee are the intended users of the appraisal report.

The FHA Appraiser does not guarantee that the Property is free from defects. The appraisal establishes the value of the Property for mortgage insurance purposes only.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

c. Development of the Market Value (06/27/2025)

i. Value Required

(A) Definition of Market Value

Market Value refers to the most probable price which a Property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what they consider their own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the Property sold unaffected by special or creative financing or Sales Concessions granted by anyone associated with the sale.

Adjustments to the comparables must be made for special or creative financing or Sales Concessions. No adjustments are necessary for those costs, which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable Property by comparisons to financing terms offered by a third-party institutional lender that is not already involved in the Property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the Appraiser's judgment.

(B) Standard

The Appraiser must determine the Market Value of the subject Property.

(C) Required Analysis and Reporting

The Appraiser must analyze all data researched and collected prior to reporting the value. The Appraiser must include all components of the real estate in the analysis. The Appraiser must not include the value of Personal Property in the appraisal.

ii. Appraisal Conditions

(A) Definition

Appraisal Conditions refer to anything the Appraiser requires to occur or be known before the value of conclusion can be considered valid.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

(B) Standard

Conclusions about the observed conditions of the Property provide the rationale for the opinion of Market Value.

The completed appraisal form, together with the required exhibits, constitutes the reporting instrument for FHA-insured Mortgages. Conditions of the Property, mortgage type and the market will determine if the appraisal is to be performed as-is, or if the value opinion needs to be conditioned upon an extraordinary assumption(s), a hypothetical condition(s), subject to an additional inspection, or completion of construction, repairs or alterations.

(C) Required Analysis and Reporting

The Appraiser must state in the appraisal report whether repairs, alterations or inspections are necessary to eliminate conditions threatening the continued use, security, and marketability of the Property.

The following table illustrates property conditions under which an Appraisal Condition must be made.

Report Conclusion	Appraisal Condition
1. There is/are no repair(s), alteration(s) or inspection condition(s) noted by the Appraiser. 2. Establishing the As-Is Value for a 203(k). 3. The Property is being recommended for rejection. 4. Intended use is for Pre-Foreclosure Sale (PFS) in accordance with 24 CFR § 203.370 or Claims Without Conveyance of Title (CWCOT) in accordance with 24 CFR § 203.368. 5. Intended use is for Real Estate Owned (REO) in accordance with 24 CFR § 291.100.	“As-is”
1. Proposed Construction where construction has not started. 2. Under Construction but not yet complete (less than 90%). 3. Certain Section 203(k) Rehabilitation Mortgages depending on scope of work.	“Subject to completion per plans and specifications”
1. Repair or Alteration Condition(s) noted by the Appraiser to: • protect the health and safety of the occupants; • protect the security of the Property; • correct physical deficiencies or conditions affecting structural integrity. 2. Certain Section 203(k) Rehabilitation Mortgages depending on scope of work. 3. Under Construction, 90% or more complete with only minor finish work remaining (buyer preference items e.g., floor coverings, appliances, fixtures, landscaping, etc.). This eliminates the need for plans and specifications.	“Subject to the following repairs or alterations”

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

Report Conclusion	Appraisal Condition
Required inspection(s) to meet HUD's Minimum Property Requirements and Minimum Property Standards , as noted by the Appraiser.	"Subject to the following required inspection"

When New Construction is less than 90 percent complete at the time of the appraisal, the Appraiser must document the floor plan, plot plan, and exhibits necessary to determine the size and level of finish.

When New Construction is 90 percent or more complete, the Appraiser must document a list of components to be installed or completed after the date of appraisal.

iii. Valuation Development

(A) Standard

There are three valuation approaches as applied to one-to four-residential unit Properties:

- sales comparison approach;
- cost approach; and
- income approach to value.

(B) Required Analysis and Reporting

The Appraiser must obtain credible and verifiable data to support the application of the three approaches to value.

The Appraiser must perform a thorough analysis of the characteristics of the market, including the supply of properties that would compete with the subject and the corresponding demand.

The Appraiser must perform a highest and best use of the Property, using all four tests and report the results of that analysis.

(C) FHA Data Requirements for the Subject and Comparable Properties

The Appraiser must verify the characteristics of the transaction (such as sale price, date, seller concessions, conditions of sale) and the characteristics of the comparable property at the time of sale through reliable data sources.

The Appraiser must verify transactional data via public records and the parties to the transaction: agents, buyers, sellers, Mortgagees, or other parties with relevant information. If the sale cannot be verified by a party to the transaction, the Appraiser may rely on public records or another verifiable impartial source.

MLS records and property site visits alone are not acceptable verification sources.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

(D) Effective Age ~~{Text was deleted in this section.}~~

Standard

The effective age reflects the condition of a Property relative to similar competitive properties. The effective age may be greater than, less than, or equal to the actual age. Any significant difference between the actual and effective ages requires an explanation.

(E) Approaches to Value

The Appraiser must consider and attempt all approaches to value and must develop and reconcile each approach that is relevant.

(1) Cost Approach to Value

The Appraiser may use any of the credible and recognized methods to complete the cost approach (unit in place, segregated costs, price per unit, detailed builder's cost method, or any other credible source that can be duplicated by the reader).

If the Appraiser uses cost estimates provided by the contractor or builder of the Property, the cost estimates must be reasonable and independently verified.

(a) Land Valuation

(i) Standard

If the cost approach is applicable, the Appraiser must estimate the site value. Acceptable methodology used to estimate land value include sales comparison, allocation, and extraction.

(ii) Required Analysis and Reporting

The Appraiser must include a summary of the supporting documentation and analysis in the appraisal. The Appraiser must maintain comparable land sales data and analysis or other supporting information in the Appraiser's file and include it by reference in the appraisal. [For Properties with Excess Land](#), the Appraiser must include all comparable land sale data and analysis in the report.

(b) Estimate of Cost New for Housing

(i) Standard

The Appraiser may use either the replacement cost or the reproduction cost.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

(ii) Required Analysis and Reporting

The Appraiser must state the method used and the source of the data.

The Appraiser must use the current version of a published cost data source recognized by the industry. The Appraiser must report the quality rating selected and utilized, as well as identify the source of the data, and its publication and/or effective date. The Appraiser is expected to be aware of local cost data from builders, contractors, building supply firms, and other building industry participants as a check against the published cost data.

The Appraiser must also provide a supporting explanation when applying adjustments to the published cost data, such as adjustments for:

- transportation and labor in remote areas;
- entrepreneurial profit; or
- fees and charges unique to the area.

Instructions for the cost approach as applied to Manufactured Homes are addressed in the Manufactured Home Appraisal Report section of the [FHA Single Family Housing Appraisal Report and Data Delivery Guide](#).

(2) Income Approach to Value for Residential Properties

(a) Standard

The Appraiser should apply the income approach to a Single Family residential Property when there is evidence of recently rented and then sold data pairs.

The Appraiser must verify if the subject or the comparable rentals and sales are subject to rent control restrictions. If comparable sales do not have rent control restrictions similar to those of the subject, an appropriate adjustment should be applied.

(b) Required Analysis and Reporting

The Appraiser must analyze rental data and provide support for the estimated market rents and adjustments applied to the comparable rentals in the reconciliation of this approach.

The Appraiser must derive the Gross Rent Multiplier (GRM) factor from market data and support it prior to applying it to the market rent for the subject.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

(3) Sales Comparison Approach

(a) Standard

The sales comparison approach is required for all appraisals.

(b) Required Analysis and Reporting

The Appraiser must present the data, points of comparison, and analysis; provide support for the Appraiser's choice of comparable properties, and the adjustments for dissimilarities to the subject; and include sufficient description and explanation to support the facts, analyses and the Appraiser's conclusion.

If the data from the market area is insufficient to support some of these requirements, the Appraiser must provide the best information available and include an explanation of the issue, the data available, the conclusions reached and the steps taken by the Appraiser to attempt to meet the guidelines.

(c) Comparable Sale Selection

(i) Characteristics of the Property

Comparable sale selection must be based on properties having the same or similar locational characteristics, physical characteristics and the priority the market assigns to each factor, including:

- site;
- site view;
- location;
- design;
- appeal;
- style;
- age;
- size;
- utility;
- quality;
- condition; and
- any other factor that in the Appraiser's professional judgment is recognized as relevant in the subject market.

(ii) Characteristics of the Transaction

Definition

An Arm's Length Transaction refers to a transaction between unrelated parties and meets the requirements of Market Value.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

Standard

The Appraiser must utilize Arm's Length Transactions for comparable properties except when there is evidence that REO sales or short sale/Pre-Foreclosure Sale (PFS) transactions are so prevalent that normal Arm's Length Transactions are not present or supported by the market trend.

A transaction involving a foreclosure transfer to a Mortgagee is not evidence of the Market Value, and is not a valid type of comparable sale for an FHA-insured Mortgage.

The common types of property transfers listed below require investigation and analysis to ensure that they meet the definition of an Arm's Length Transaction:

- REO sale – transfer from Mortgagee to new owner;
- short sale/PFS;
- estate sale;
- court-ordered sale;
- relocation sale; and
- flip transactions.

Required Analysis and Reporting

The Appraiser must include as many comparable properties as are necessary to support the Appraiser's analysis and conclusion. At a minimum, the Appraiser must include the most recent and relevant sales, preferably within the last six months. The Appraiser must include at least three sales that settled no longer than 12 months prior to the effective date of the appraisal. The Appraiser must provide additional support by including more sales, offerings, offerings now under contract, or relevant sales that settled more than 12 months prior to the effective date of the appraisal.

The Appraiser must analyze the whole market, including when there are a number of sales that may or may not be classified as arm's length sales or may not be classified as directly similar to the Property.

(d) Adjusting Comparable Properties

(i) Standard

Calculation of the Contributory Value includes methods based on the:

- direct sales comparison approach;
- cost approach; and
- income approach.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

(ii) Required Analysis and Reporting

The Appraiser must apply all appropriate techniques and methods, conduct an analysis, and report the results. The Appraiser must include the reasoning that supports the analyses, opinions, and conclusions in the report.

(e) Comparable Selection in Diverse Real Estate Markets

(i) Standard

Comparable sales should be selected based on similar locational and physical characteristics, not sales price.

Subdivisions, Condominiums or Planned Unit Development Projects

Arm's length resale activity from within the established subdivision, condominium or PUD project is often the best indicator of value.

(ii) Required Analysis and Reporting

The Appraiser must include an analysis of the comparable properties that includes an explanation. The analysis must reflect typical Borrower expectations and behavior.

Subdivisions, Condominiums or Planned Unit Development Projects

If the Appraiser uses sales of comparable properties that are located outside of the subject's subdivision or project, the analysis must reflect typical Borrower expectations and behavior.

For Properties in new subdivisions, or units in new (or recently converted) Condominium Projects, the Appraiser must include, for comparison, properties in the subject market area as well as properties within the subject subdivision or project. Whenever possible, the Appraiser must select at least one sale from a competing subdivision or project and one sale from within the subject subdivision or project so that this market acceptance may be directly compared. If the new project is mature enough to have experienced arm's length resales, the Appraiser must also analyze and report those properties.

(f) Comparable Sale Selection in Rural and Slow Growth Markets

If insufficient comparable sales have occurred within the previous six months, the Appraiser must include at least three sales that occurred less than 12 months prior to the date of appraisal.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

Where there is a scarcity of recent comparable sales data, the Appraiser may include sales older than 12 months as additional sales in markets. The Appraiser must report the most recent and relevant sales, and include a thorough explanation of the market conditions, the levels of supply and demand, and a reason for the lack of recent sales data.

(g) Sales Concessions

(i) Definition

Sales Concessions refer to non-realty items, upgraded features in newly constructed houses, or special financing incentives.

(ii) Standard

Adjustments are not calculated on a dollar for dollar cost of the financing or Sales Concession. However, the dollar amount of any adjustment should approximate the market's reaction to the Sales Concessions based on the Appraiser's analysis of observable and supportable market trends and expectations. The adjustment should reflect the difference between the sales price with the Sales Concessions, and what the Property would have sold for without the concessions under typical market conditions.

(iii) Required Analysis and Reporting

The Appraiser must verify all comparable sales transactions for Sales Concessions and report those findings in the appraisal. The Appraiser must clearly state how and to what extent the sale was verified. If the sale cannot be verified with someone who has first-hand knowledge of the transaction (buyers, sellers, real estate agents involved in the transaction, or one of their representatives), the Appraiser must report the lack of verification.

The Appraiser must make market-based adjustments to the comparable sales for any sales or financing concessions that may have affected the sales price. The Sales Concessions of the comparable properties are adjusted to typical market expectations, not to the specific terms or conditions of the sale of the subject. The Appraiser must include an explanation of the effect of the Sales Concessions on the sale price of the comparable.

(h) Bracketing

(i) Definition

Bracketing refers to selecting comparable properties with features that are superior to and inferior to the subject features.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

(ii) Standard

Comparable properties must be selected based on the principle of substitution, and the analysis will reveal the relevance of that data. Comparable properties should not be chosen only because their prices bracket a desired or estimated value.

(iii) Required Analysis and Reporting

In analyzing the comparable pool to determine the best comparable sales to display and compare in the SCA Grid, the Appraiser must use Bracketing techniques when possible and appropriate.

(i) Market Condition (Time) Adjustments

(i) Definition

Market Condition Adjustments refer to adjustments made to reflect value changes in the market between the date of the contract for the comparable sale and the effective date of the appraisal.

(ii) Standard

Within the SCA Grid, the selected comparable properties may be adjusted if they were contracted for sale during a market period different from that of the date of valuation. If a market-to-market (time) adjustment is warranted, it must be applied to the date of contract rather than the date of closing or deed recordation, when the date of the contract is known.

(iii) Required Analysis and Reporting

The Appraiser must provide a summary comment and support for all conclusions relating to the trend of the current market and the adjustment.

(F) FHA Appraisal Requirements for Market Conditions and Changing Markets

(1) Definitions

Increasing Market refers to any neighborhood or market area that demonstrates an increasing property value trend.

Decreasing Market refers to any neighborhood or market area that demonstrates a declining property value trend.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

(2) Standard

An analysis of market trends for at least the past 12 to 24 months preceding the effective date of the appraisal is necessary in order to establish a benchmark for reporting present market conditions.

The analysis and valuation of properties to be used as collateral for FHA-insured financing must consider and properly address market trends in the subject's market. The Appraiser must determine if the market property value trends are increasing, stable, or declining.

The final conclusion must be based on the reconciliation of all data.

(a) Increasing Markets

In an Increasing Market, positive Market Condition Adjustments should be applied if there is sufficient proof of the trend from a credible source based on a thorough analysis of specific market trends and as evidenced by a sale and resale comparison.

(b) Decreasing Markets

In a Decreasing Market, negative Market Condition Adjustments should be applied if there is sufficient proof of the trend from a credible source based on a thorough analysis of specific market trends and as evidenced by a sale and resale comparison.

(3) Required Analysis and Reporting ~~[Text was deleted in this section.]~~

The Appraiser must analyze the broad market area first (neighborhood analysis), then analyze the specific market (direct sales comparison), and then report how the subject relates to its market area.

The Appraiser must provide support for conclusions regarding housing trends and overall market conditions as reported in the "Neighborhood" section of the appraisal report form.

The Appraiser must accurately report market conditions and determine when property value trends are increasing, stable, or declining. If the Appraiser bases the adjustment on a published source, the Appraiser must include a copy of which must be included in the addendum.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

4. Valuation and Reporting Protocols

(G) Final Reconciliation and Conclusion

(1) Definition

Final Reconciliation refers to the process by which an Appraiser evaluates and selects from among alternative conclusions to reach a final value estimate, and reports the results of the analysis.

(2) Standard

After the approaches to value are completed, the Appraiser must check the data, calculations and conclusions. The Appraiser must reconcile each approach to value, and must reconcile all approaches into a final estimate of value for the Property.

(3) Required Analysis and Reporting

If the appraisal has no conditions, the Appraiser must render an as-is value opinion.

If the Appraiser must conclude the report under a hypothetical condition or extraordinary assumption, the Appraiser must report the issues and requirements as one of the following:

- “subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed;”
- “subject to the following repairs or alterations (list them) on the basis of a hypothetical condition that the repairs or alterations have been completed;” or
- “subject to a required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair.”

(H) Signature

(1) Standard

The FHA Roster Appraiser must sign the certification of the appraisal and perform all parts of the analysis and reconciliation. Appraiser trainees or licensees may not sign the appraisal report.

A trainee or licensee may assist in any part of the appraisal, but the opinions and analysis must be performed by the FHA Roster Appraiser. A trainee or licensee may accompany the FHA Roster Appraiser on the observations but may not perform the observations in place of the FHA Roster Appraiser.

The FHA Roster Appraiser must select the comparable properties and perform all critical analyses contained in the appraisal report. The FHA Roster Appraiser

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

5. Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages

must also inspect the subject Property and at least the exterior of the comparable properties.

(2) Required Analysis and Reporting

If another appraiser or trainee appraiser provided assistance or participated in the preparation of the appraisal, the FHA Roster Appraiser must disclose the name of the appraiser or trainee appraiser in the report and their role in developing the appraisal.

d. Reporting Prior Sales (04/10/2025)

The Appraiser must provide an analysis of all prior sales or transfers of the subject Property that occurred within three years of the effective date of the appraisal and comparable sales that occurred within one year prior to the date of sale.

e. Remote Observation (08/19/2024)

i. Definition

Remote Observation is a technology-based method that allows the Appraiser to directly observe the Property characteristics, concurrently and in coordination with another individual at the Property. The technology must provide data capture of the observation and include metadata with geocoding for location confirmation.

ii. Required Analysis and Reporting

All required visual exhibits and photograph images for the applicable scope of work must be included. A Remote Observation option is only available in connection with:

- damage inspections in a [Presidentially-Declared Major Disaster Area \(PDMDA\)](#); or
- completing the Certification of Completion section of Fannie Mae Form 1004D/Freddie Mac Form 442, *Appraisal Update and/or Completion Report*, for the reobservation of a Property.

When using a Remote Observation technology, the appraisal report must include a certification that states the visual inspection was performed with Remote Observation and the technology verified the location of the Property.

5. Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages

a. Definitions (09/14/2015)

Manufactured Housing refers to Structures that are transportable in one or more sections. They are designed to be used as a dwelling when connected to the required utilities, which include the plumbing, heating, air conditioning, and electrical systems contained therein.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

5. Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages

Manufactured Housing is designed and constructed to the federal Manufactured Home Construction and Safety Standards (MHCSS) as evidenced by an affixed HUD Certification Label. Manufactured Housing may also be referred to as mobile housing, sectionals, multi-sectionals, double-wide, triple-wide, or single-wide.

A Manufactured Home refers to a single dwelling unit of Manufactured Housing.

b. Standard (09/14/2015)

The Appraiser must notify the Mortgagee and report a deficiency of MPR or MPS if a Manufactured Home does not comply with the following:

- have a floor area of not less than 400 square feet;
- was constructed on or after June 15, 1976, in conformance with the federal MHCSS, as evidenced by an affixed HUD Certification Label in accordance with [24 CFR § 3280.11](#) (Manufactured Homes produced prior to that date are ineligible for insured financing) ;
- the Manufactured Home and site exist together as a real estate entity in accordance with state law (but need not be treated as real estate for taxation purposes);
- was moved from the factory or dealer directly to the site;
- was designed to be used as a dwelling with a permanent foundation built to comply with the [PFGMH](#);
- the finished grade elevation beneath the Manufactured Home or, if a basement is used, the grade beneath the basement floor is at or above the 100-year return frequency flood elevation;
- the Structure is designed for occupancy as a Principal Residence by a single family; or
- the lease meets the requirements of [Valuation of Leasehold Interest](#).

c. Foundation Systems (02/16/2021)

i. New Construction for Manufactured Housing

(A) Definition

New Construction for Manufactured Housing refers to a Manufactured Home that has been permanently erected on a site for less than one year prior to the case number assignment date.

(B) Standard

The space beneath the house must be enclosed by a continuous foundation type construction designed to resist all forces to which it is subject without transmitting forces to the building superstructure. The enclosure must be adequately secured to the perimeter of the house and be constructed of materials that conform, accordingly, to HUD MPS (such as concrete, masonry or treated wood) and the [PFGMH](#) for foundations.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

5. Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages

(C) Required Analysis and Reporting

If the Manufactured Home foundation does not meet the requirements for New Construction, the Appraiser must notify the Mortgagee and report the deficiency of the MPR or MPS.

ii. Existing Construction for Manufactured Housing

(A) Definition

Existing Construction for Manufactured Housing refers to a Manufactured Home that has been permanently installed on a site for one year or more prior to the case number assignment date.

(B) Standard

If the perimeter enclosure is non-load bearing skirting comprised of lightweight material, the entire surface area of the skirting must be permanently attached to backing made of concrete, masonry, treated wood or a product with similar strength and durability.

(C) Required Analysis and Reporting

If the Manufactured Home foundation does not meet the requirements for Existing Construction, the Appraiser must notify the Mortgagee and report the deficiency in the MPR.

d. Running Gear (09/14/2015)

i. Definition

Running Gear refers to a mechanical system designed to allow the Manufactured Housing unit to be towed over public roads.

ii. Standard

The towing hitch and Running Gear must be removed.

iii. Required Analysis and Reporting

The Appraiser must notify the Mortgagee and report deficiency of MPR or MPS if the Running Gear or towing hitch are still attached to the Manufactured Housing unit.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

5. Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages

e. Perimeter Enclosure (02/16/2021)

i. Definitions

Perimeter Enclosure refers to a continuous wall that is adequately secured to the perimeter of the unit and allows for proper ventilation of the crawl space.

Skirting refers to a nonstructural enclosure of a foundation crawl space intended to ensure the crawl space is free from exposure to the elements and free from vermin, trash, and debris. Typically, but not always, it is a lightweight material such as vinyl or metal attached to the side of the Structure, extending to the ground (generally, not installed below frost depth).

ii. Standard

The space beneath Manufactured Homes must be properly enclosed. The perimeter enclosure must be a continuous wall that is adequately secured to the perimeter of the unit and allows for proper ventilation of the crawl space.

Skirting, when applicable, must extend from the bottom of the Manufactured Home to the permanent foundation, or to the perimeter enclosure, whichever is appropriate for the situation. This skirting must be permanently affixed to both the Manufactured Home and the foundation or perimeter enclosure, as appropriate.

iii. Required Analysis and Reporting

The Appraiser must notify the Mortgagee and report a deficiency of MPR or MPS if the Manufactured Housing unit is not properly enclosed or the skirting is not properly affixed and/or is not serving its intended purpose. The Appraiser must call for repairs or further inspection, when warranted.

f. HUD Certification Label (09/14/2015)

i. Definition

HUD Certification Label, also known as a HUD seal or HUD tag, refers to a two inch by four inch aluminum plate permanently attached to Manufactured Housing.

ii. Standard

Manufactured Homes must have an affixed HUD Certification Label located at one end of each section of the house, approximately one foot up from the floor and one foot in from the road side, or as near that location on a permanent part of the exterior of the house as practicable. Etched on the HUD Certification Label is the certification label number, also referred to as the HUD label number. Label numbers are not required to be sequential on a multi-section house.

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

5. Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages

iii. Required Analysis and Reporting

The Appraiser must report the HUD label number for all sections, or report that the HUD Certification Label is missing or that the Appraiser was unable to locate it.

g. Data Plate (09/14/2015)

i. Definition

Data Plate refers to a paper document located on the interior of the Property that contains specific information about the unit and its manufacturer.

ii. Standard

Manufactured Homes have a Data Plate affixed in a permanent manner, typically adjacent to the electric service panel, the utility room or within a cabinet in the kitchen.

iii. Required Analysis and Reporting

The Appraiser must report the information on the Data Plate within the appraisal, including the manufacturer name, serial number, model and date of manufacture, as well as wind, roof load and thermal zone maps.

If the Data Plate is missing or the Appraiser is unable to locate it, the Appraiser must report this in the appraisal and is not required to secure the Data Plate information from another source.

h. Flood Zone (09/14/2015)

The Appraiser must stop work and contact the Mortgagee if the Appraiser determines that a Manufactured Home is located in FEMA Flood Zones A or V. The Appraiser may continue to work on the assignment if the Mortgagee provides a Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR) or flood elevation certification. If the Appraiser is provided with a LOMA or LOMR that removes the Property from the flood zone, the Appraiser does not need to indicate that the Property is in a flood zone. If provided with an elevation certificate, the Appraiser must indicate the Property is in a flood hazard area on the appraisal report.

i. Additions to Manufactured Housing (09/14/2015)

If the Appraiser observes additions or structural changes to the original Manufactured Home, the Appraiser must condition the appraisal upon inspection by the state or local jurisdiction administrative agency that inspects Manufactured Housing for compliance, or a licensed structural engineer may report on the structural integrity of the manufactured dwelling and the addition if the state does not employ inspectors.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

6. Condominium Projects

j. Measurement Protocols (09/14/2015)

The Appraiser must calculate GLA based on the overall length, including living areas and other projections that are at least seven feet in height. The Appraiser must not include bay windows, roof overhangs, drawbars, couplings or hitches in the length and width measurements.

k. Sales Comparison Approach for Manufactured Housing (11/02/2023)

i. Required Analysis and Reporting

The Appraiser must include a sufficient number of sales to produce a credible value. The Appraiser must include at least two Manufactured Homes in the Sales Comparison Approach (SCA) Grid.

ii. Exception

For a Manufactured Home certified based on the construction requirements of Fannie Mae's MH Advantage® or Freddie Mac's CHOICEHome® program, the Appraiser must include at least two comparable sales with similar certification, when available. If fewer than two comparable MH Advantage® or CHOICEHome® sales are available, the Appraiser must use the most appropriate site-built comparable sales available, and must provide detailed justification to support the Appraiser's selection of comparable Properties and the adjustments made for dissimilarities to the subject Property.

A Manufactured Home certified based on the construction requirements of Fannie Mae's MH Advantage® or Freddie Mac's CHOICEHome® programs must have Fannie Mae's MH Advantage® Sticker or Freddie Mac's CHOICEHome® Label affixed near the HUD data plate. The Appraiser must include photos of the Fannie Mae's MH Advantage® Manufacturer Sticker or Freddie Mac's CHOICEHome® Label in the appraisal report for the Manufactured Home to meet the documentation requirement.

l. Estimate of Cost for New Construction for Manufactured Housing (02/16/2021)

The Appraiser must apply the cost approach for New Construction for Manufactured Housing.

6. Condominium Projects

a. Definitions (10/15/2019)

Condominium Project refers to a project in which one-family Dwelling Units are attached, semi-detached, or detached, or are Manufactured Home units, and in which owners hold an undivided interest in Common Elements.

Common Elements refer to the Condominium Project's common areas and facilities including underlying land and buildings, driveways, parking areas, elevators, outside

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

6. Condominium Projects

hallways, recreation and landscaped areas, and other elements described in the condominium declaration.

b. Required Analysis and Reporting (02/16/2021)

The Appraiser must report the appraisal on [Fannie Mae Form 1073](#)/[Freddie Mac Form 465](#), *Individual Condominium Unit Appraisal Report*.

c. Site Condominium (08/19/2024)

i. Definition

A Site Condominium refers to:

- a Condominium Project that consists entirely of Single Family detached dwellings that have no shared garages, or any other attached buildings; or
- a Condominium Project that:
 - consists of Single Family detached or horizontally attached (townhouse-style) dwellings where the Unit consists of the dwelling and land;
 - does not contain any Manufactured Housing Units; and
 - is encumbered by a declaration of condominium covenants or a condominium form of ownership.

ii. Required Analysis and Reporting

The Appraiser must report the appraisal on [Fannie Mae Form 1073](#)/[Freddie Mac Form 465](#), *Individual Condominium Unit Appraisal Report*.

d. Manufactured Housing Condominium Projects (09/14/2015)

i. Standard

Individual Manufactured Housing units in Condominium Projects are eligible for FHA insurance, on both HECM and forward Mortgages.

ii. Required Analysis and Reporting

The Appraiser must report the appraisal on [Fannie Mae Form 1004C](#)/[Freddie Mac Form 70B](#), *Manufactured Home Appraisal Report*.

In addition to the requirements for analysis and reporting of the Manufactured Home, the Appraiser must inspect the Condominium Project and provide the project information data as an addendum to the appraisal report. Required data includes all data elements as found in the Project Information Section of Fannie Mae Form 1073/Freddie Mac Form 465, *Individual Condominium Unit Appraisal Report*.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

7. Valuation of Leasehold Interest

7. Valuation of Leasehold Interest

a. Definitions (09/14/2015)

Leasehold Interest refers to real estate where the residential improvements are located on land that is subject to long-term lease from the underlying fee owner, creating a divided estate in the Property.

Ground Rent refers to the rent paid for the right to use and occupy the land. Improvements made by the ground lessee typically revert to the ground lessor at the end of the lease term.

b. Standard (09/14/2015)

Eligible Leasehold terms must meet the requirements included in [Leasehold Interest](#).

c. Required Analysis and Reporting (01/24/2022)

The Appraiser must obtain a copy of the lease from the Mortgagee. The Appraiser must analyze and report the terms of the ground lease, including the amount of the Ground Rent, the term of the lease, if the lease is renewable, if the lessee has the right of redemption (the right to obtain a Fee Simple title by paying the value of the Leased Fee to the lessor, thereby canceling the Ground Rent), and if the Ground Rent can increase or decrease over the life of the lease term.

The Appraiser must estimate and report the value of the Leasehold Interest.

In valuing the Leasehold Interest, the Appraiser must apply the appropriate techniques to each of the approaches to value included in the analysis.

- In the cost approach, the value of the land reported must be its Leasehold Interest.
- In the GRM income approach, the sales used to derive the GRM factor must be based on properties under similar Ground Rent terms (or be adjusted to similar Ground Rent terms).
- In the sales comparison analysis, the comparable sales must be adjusted for their lack of similarity to the subject in the “Ownership Rights” section of the Sales Comparison Approach (SCA) Grid.

8. Unimproved Property Appraisal

a. Definition (09/14/2015)

Unimproved Property Appraisal refers to the valuation of an interest in land without human made Structures.

b. Standard (09/14/2015)

An Unimproved Property Appraisal may be warranted when:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

8. Unimproved Property Appraisal

- the Property does not include building improvements;
- the prior improvements on the Property were demolished;
- the improvements are in such deteriorated condition as to provide no Contributory Value to the Property; or
- condemnation proceedings by the local authority have acquired the improvements in part or in their entirety.

c. Required Analysis and Reporting (09/14/2015)

The Appraiser must provide a written narrative format or a commercially available reporting form. The appraisal report must include, at minimum, the following:

- property address;
- legal description;
- owner of record;
- occupancy;
- assessment and tax information;
- property rights appraised;
- site size;
- zoning;
- highest and best use;
- shape;
- topography;
- drainage;
- availability of utilities;
- if it is located within a FEMA-designated SFHA;
- a Sales Comparison Approach (SCA) Grid, including:
 - detailed information on at least three comparable sales;
 - a quantitative comparison of those property attributes to the subject; and
 - a comparison of the number of comparable unimproved properties sold with the number of offered and listed for sale to determine supply and demand, absorption rate, and other market data required so that the report is not misleading;
- certification and limiting conditions as included in [Fannie Mae Form 1004/Freddie Mac Form 70](#), *Uniform Residential Appraisal Report (URAR)*; and
- any other forms and documentation necessary to comply with [USPAP](#) Standard 2.

When completing the SCA Grid, the Appraiser must compare and appropriately adjust the sales of comparable unimproved building lots or sites for differences in location, size, zoning, utility connection or availability of utility connection, site improvement and any other pertinent factors. The Appraiser must then reconcile the adjusted sales into a value conclusion.

The Appraiser must calculate and extract any costs to be incurred from razing the existing improvements and cleaning up the site from the value of the supporting land to arrive at a final conclusion of value of the site as if vacant and ready to be put to its highest and best use.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

9. Update of Appraisal (09/14/2015)

9. Update of Appraisal (09/14/2015)

Appraisers may perform an update of a previously completed appraisal using the [Fannie Mae Form 1004D/Freddie Mac Form 442](#), *Appraisal Update and/or Completion Report*, when requested by the Mortgagee.

The Appraiser must adhere to the Scope of Work and Appraiser's Certification listed on the form, which includes an exterior inspection of the subject Property from, at least, the street; and research, analyze and verify current market data to determine whether the Property has or has not declined in value since the effective date of the appraisal report being updated.

If the Appraiser concurs with the original appraisal report and determines that the value has not declined, the Appraiser must indicate this on the form, provide any necessary comments, and provide a photo of the front of the subject Property taken from the public street. If the Appraiser does not concur with the original data report or the Property Value has declined, the Appraiser must indicate this on the form and a photo is not required.

10. RESERVED FOR FUTURE USE

RESERVED FOR FUTURE USE

Previous content from this section is deleted and this section is reserved for future use.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

11. Programs and Products

a. Section 248 Indian Land Program (09/14/2015)

i. Property Rights to be Appraised

The Appraiser must identify the interest to be appraised based on the type of ownership.

(A) Fee Simple Unrestricted

Fee Simple Unrestricted ownership refers to ownership in Real Property that may be bought, sold and transferred between Native American and non-Native American purchasers without review by the tribe or the Bureau of Indian Affairs (BIA).

(B) Tribal Trust Lands, Restricted Trust Land

(1) Standard

The FHA Section 248 program insures Mortgages on houses that are located on Indian tribal trust land or Restricted Trust Lands. For these Properties, leased ownership of the underlying land remains with the tribe and will be subject to a long-term, 50-year ground lease (or a 25-year lease with a 25-year renewable term).

(2) Required Analysis and Reporting

The Appraiser must determine the value for the Leasehold Estate using the analysis and reporting guidance on [Leasehold](#) in this Handbook 4000.1.

ii. Access to Property

Tribally owned and maintained streets and utilities are considered publicly owned. The Appraiser must report Easements and maintenance agreements for nonpublic, common ownership interests that affect the access and utility of the Property.

iii. Approaches to Value

The Appraiser must be familiar with the applicable ownership and use restrictions and develop a credible value for the Property. The supply of comparable sales and rental transactions varies by site and by tribe. Until sufficient sales exist on a reservation or within the specific Indian area to provide a reasonable sales comparison approach for determining the value of tribal trust Leaseholds or allotted land sales, the Appraiser must rely on other value indicators. The appraisal process must be documented more thoroughly than a typical market appraisal. [USPAP](#) Standards 1 and 2 are effective in allowing the Appraiser to “correctly employ those recognized methods and techniques that are necessary to produce a credible appraisal.” In addition, “in reporting the results of a Real Property appraisal an appraiser must communicate each analysis, opinion and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

conclusion in a manner that is not misleading.” An appraisal on trust land may rely more on the cost approach or data developed from other tribes. HUD will accept the report if the Appraiser has documented the research, information developed and conclusions clearly for the intended users to understand.

iv. Cost Approach to Value

The cost approach is often the primary indication of value based on the unique nature of land rights in the reservation. The value of the site as vacant will depend on the property rights held by an individual. If the Appraiser’s analysis indicates that the value of the site may be zero or a small Leasehold value, the Appraiser must enter this information in the “Cost Approach” section of the form and enter the statement “subject is on Tribal Trust Land with annual rent not capitalized” in the “Comments” section. If a market exists and an interest in the land was purchased, the value is estimated via traditional [cost approach methods](#) described in this Handbook 4000.1.

(A) Cost Approach for New Construction

The following are instructions specific to New Construction on tribal lands.

In addition to including the cost of water, septic, and any other onsite costs in the cost approach, for lands within the reservation the Appraiser may provide an allowance for off-site development costs. The lesser of actual pro-rated costs or up to 15 percent of the cost of the construction of the subject house may be added for off-site infrastructure associated with development of the subject lot. This policy applies principally to New Construction where such charges are assessed by tribally approved entities, such as housing entities or housing authorities, or agreements with other federal or local government bodies for providing power, utilities, sewer, water or road construction. The costs to bring utilities, including public water, sewer, electricity and telephone, to sites represent significant development costs. The traditional tract development of residential houses may not be a part of the local culture. Therefore, the utility costs to hook up to any form of a public system in a more rural area can exceed local standards.

In remote areas, the construction costs in construction cost manuals may have to be adjusted for transportation, labor or other costs not included in the basic estimate. Architect fees are not typically reflected in the base building costs. Due to special circumstances, the normal allocation for this fee may not automatically reflect the above actual cost. The Appraiser must provide a supporting explanation for the adjustments to the construction costs.

(B) Cost Approach for Existing Construction

Where market sales are limited, FHA requires the cost approach to be completed on all tribal trust appraisals, including a credible estimate of depreciation. In addition to developing the [cost approach](#) described in this Handbook 4000.1 the Appraiser must report the following:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

- the name of the cost service;
- the source and date, if electronic version. Upload as an exhibit into the report when available;
- the page numbers of cost tables or factors, if paper version. The reviewer or reader must be able to replicate;
- all current multipliers applicable to locale and time as updated and published by the cost service used; and
- depreciation due to normal aging, which may be derived from the tables in the cost service book.

A computer-generated cost analysis is acceptable in place of the above as long as the printout contains sufficient information to verify that all significant property features have been properly addressed in the cost analysis.

v. Sales Comparison Approach to Value

The Appraiser must follow the [Sales Comparison Approach](#) instructions outlined in this Handbook 4000.1. In addition to the typical data sources the Appraiser must obtain sales information from the local tribal or BIA realty office if available. The Appraiser may consider sales from other reservations within the region if appropriate.

The order of selection preferences for sales depends upon the type of interest in the land being appraised:

- tribal trust Leasehold sales (market sales between tribal members);
- sales of allotted land trust between tribal members;
- Fee Simple within the reservation (residual value of the improvements by adjusting out the land contribution); or
- Fee Simple proximate to the reservation.

The Appraiser must report the property rights in the “Ownership” line of the SCA Grid and apply an appropriate adjustment (if any). In addition, the Appraiser must explain the differences in ownership rights of the comparable properties as compared to the subject, and the basis for any adjustment.

vi. Income Approach to Value

If the Appraiser determines that this approach can be credibly completed, refer to the [income approach](#) section in this Handbook 4000.1. If the Property includes a rental unit(s), the Appraiser must provide an estimate of monthly rent for each unit and note if the rent is limited to the tribal sub-market.

vii. Final Reconciliation of Value

The Appraiser must follow the [final reconciliation of value](#) instructions outlined in this Handbook 4000.1. Where market information is limited and the support for the sales

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

comparison analysis is weaker, the Appraiser may need to place greater consideration on the cost approach.

b. Section 247 Hawaiian Home Lands Program (09/20/2021)

Due to the nature of the title and property rights, the Appraiser must develop the cost for both Existing and New Construction. When appropriate, the Appraiser must attempt to apply the income and sales comparison approaches.

The Appraiser must include the following language in the appraisal report: *“The value defined for this appraisal is not ‘Market Value’ as defined in the standard documents of form appraisal reports. This appraisal has been completed for FHA mortgage insurance purposes, per HUD instructions for Department of Hawaiian Home Lands (DHHL) properties.”*

The Appraiser must develop a cost approach from a published cost service in addition to developing the [cost approach](#) described in this Handbook 4000.1. The appraisal report must include:

- photocopies of all pages used to derive the cost figures, except as noted below;
- application of all current multipliers necessary and published by the cost service;
- no marketing expense to the cost analysis of a DHHL property appraisal because these Properties are not freely marketable;
- entrepreneurial venture may only be included if reasonable profit and overhead are not already included in all costs; and
- depreciation due to normal aging, which may be derived from the tables in the cost service book. Depreciation from incurable external or functional obsolescence should be based on verifiable market extractions, by paired-sales analysis and capitalized rent loss.

The Appraiser may use a computer-generated cost analysis provided it contains sufficient information to verify that all significant property features have been properly addressed in the cost analysis. Accordingly, the Appraiser will not be required to supplement a computer-generated cost analysis with photocopies from the cost service book.

c. Standard 203(k) and Limited 203(k) Rehabilitation Mortgages (09/14/2015)

The Appraiser may be asked to perform two separate types of valuation by the Mortgagee for Standard 203(k) and Limited 203(k) Rehabilitation Mortgages. The Mortgagee may order both reports from the same Appraiser or select two different Appraisers for the two valuation assignments.

If a Mortgagee requires both an as-is and an after-improved value of the Property, the case will require two separate appraisal assignments and reports:

- an analysis to provide the as-is value; and
- a separate analysis performed under the hypothetical condition that the repairs have been completed.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

i. Appraisal of the Property “As Is”

(A) Standard

Assignment conditions for this appraisal are the same as in all FHA appraisal assignments, except that the value of the Property is to be estimated “as is” even though the Property may not meet the Property Acceptability Criteria required for FHA-insured Properties.

(B) Required Analysis and Reporting

The Appraiser must provide an analysis and report of the value of the subject Property “as is.” If the Appraiser observes property conditions that do not meet the Property Acceptability Criteria, the Appraiser must report those items or conditions and note that the Property, in its “as is” condition, does not meet the Property Acceptability Criteria for an FHA-insured Mortgage. This appraisal must not be rendered “subject to repairs.”

ii. After Improved Value of the Property

(A) Definition

After Improved Value refers to the value as determined by the Appraiser based on a hypothetical condition that the repairs or alterations have been completed.

(B) Standard

The Appraiser must provide an “After Improved Value.” The Appraiser must make the appraisal “subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed.”

(C) Required Analysis and Reporting

The Appraiser must review the 203(k) Consultant’s Work Write-Up or the contractor’s proposal and Cost Estimates. The Appraiser must notify the Mortgagee of any health and safety issues in the Property that are not addressed in the Work Write-Up or proposal. When the Consultant or contractor has modified the Work Write-Up or proposal, the Appraiser must complete the appraisal based on the final Work Write-Up or the contractor’s final proposal and Cost Estimates.

The Appraiser must include the Work Write-Up or proposal as an exhibit to the appraisal report.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

d. Special Energy-Related Building Components (01/06/2018)

i. Special Energy Components

(A) Definition

A Special Energy System refers to any addition, alteration, or improvement to an existing or new Structure that is designed to utilize wind, geothermal, or solar energy to produce energy to support the habitability of the Structure.

(B) Standard

Active, passive, and photovoltaic solar energy systems are permitted in this program. Solar collectors must be located where they will be free from natural or man-made obstructions to the sun. Special Energy Systems not part of the real estate must not be included in the appraised value.

(C) Required Analysis and Reporting

The Appraiser must analyze and report the local market acceptance of special energy-related building components and equipment, including solar energy components, high-energy efficiency housing features and components, geothermal systems, and wind powered components.

ii. Other Energy-Related Building Components

(A) Definition

Other Energy Related Building Components refer to components in the Property designed to reduce energy requirements.

(B) Required Analysis and Reporting

The Appraiser must note which features are installed in a house and calculate how each component affects the value of the Property.

iii. Measurement and Reporting of Contribution to Value

(A) Definition

Contributory Value refers to the change in the value of a Property as a whole, whether positive or negative, resulting from the addition or deletion of a property component.

(B) Standard

Measurement of the Contributory Value of the component is accomplished by the application of techniques based on one or more of the recognized three approaches to value: cost approach, income approach, and sales comparison approach. Each of these

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

recognized methods and techniques requires the Appraiser to collect, verify, and analyze all information necessary for credible assignment results.

(C) Required Analysis and Reporting

The Appraiser must apply all appropriate methods and techniques necessary for credible assignment results.

(D) Sales Comparison Based Extraction Method

If there is sufficient data based on direct sales comparison to produce credible results, the Appraiser must calculate the adjustment and explain the methodology and analysis supporting the method and results in the appraisal report. The Appraiser must apply the extracted adjustment to the comparable sales and include the reasoning that supports the analyses, opinions, and conclusions in the report.

If there is insufficient data to perform a matched pairs analysis the Appraiser must analyze and report one of the approaches below to calculate an appropriate adjustment.

(E) Cost Approach Based Method

The Appraiser must include the details of the item(s) being valued and measure the Contributory Value of the component(s) to the whole by calculating the cost of the item less accrued depreciation. The Appraiser must include consideration of physical depreciation, functional obsolescence (including superadequacies) and external obsolescence in the estimate of accrued depreciation and apply the resulting calculation of the Contributory Value to the comparable sales.

(F) Income Approach Based Methods

(1) Gross Rent Multiplier Method

If the Property is located in a market where the Appraiser can calculate a GRM, and rental data for properties with similar special energy components is available, the Appraiser must extract an adjustment relevant to the rental value of the feature from the analysis of those similar rentals and apply the appropriate GRM factor to calculate an adjustment for the comparable sales.

(2) Net Income/Savings Capitalization Method

The Appraiser may use an income approach solution based on capitalization of savings attendant to the alternative energy source. The Appraiser may estimate the present value of the future benefit using the discounted cash flow technique or commercially available tools; however, the Appraiser must be competent to use them and provide an explanation of the analysis.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

(G) Reconciliation of the Approaches

The Appraiser may elect to utilize some of the tools and training available from professional organizations and energy-related firms. The Appraiser must provide a credible analysis and reconciliation explaining the methodology and support for the adjustment.

As related to special building components, the Appraiser must provide an analysis of the information and conclusions supporting the application of adjustments.

The Appraiser must reconcile all the methods utilized and resolve to a final opinion of the adjustment, analyzing both the quantity and quality of available data.

iv. Property Assessed Clean Energy

(A) Definition

Property Assessed Clean Energy (PACE) refers to programs that may provide an alternative means of financing energy and other PACE-allowed improvements for residential Properties using financing provided by private enterprises in conjunction with state and local governments. Generally, the repayment of the PACE obligation is collected in the same manner as a special assessment tax; it is collected by the local government, rather than paid directly by the Borrower to the party providing the PACE financing.

Generally, the PACE obligation is also secured in the same manner as a special assessment tax against the Property. In the event of a sale, including a foreclosure sale, of the Property with outstanding PACE financing, the obligation will continue with the Property causing the new homeowner to be responsible for the payments on the outstanding PACE amount. In cases of foreclosure, priority collection of delinquent payments for the PACE assessment may be waived or relinquished.

(B) Required Analysis and Reporting

The Appraiser must review the sales contract and property tax records for the Property to determine the amount of any outstanding PACE obligation:

- if the Mortgagee notifies the Appraiser that the subject Property is subject to a PACE obligation;
- when the Appraiser observes that the property taxes for the subject Property are higher than average for the neighborhood and type of dwelling; or
- when the Appraiser observes energy-related building components or equipment or is aware of other PACE-allowed improvements during the inspection process.

The Appraiser must report the outstanding amount of the PACE obligation for the subject Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

Where energy and other PACE-allowed improvements have been made to the Property through a PACE program, the Appraiser must analyze and report the impact on the value of the Property from the PACE-related improvements subject to the PACE assessments being extinguished.

e. HUD Real Estate Owned Properties (08/19/2024)

i. Definition

A HUD REO Property, also known as a HUD home or a HUD-owned home, refers to a one- to four-unit residential Property acquired by HUD as a result of a foreclosure on an FHA-insured Mortgage or other means of acquisition, whereby the Secretary of HUD becomes the property owner and offers it for sale to recover the mortgage insurance claim that HUD paid to the Mortgagee.

ii. Standard

An appraisal may be ordered on a HUD REO Property as one of one or more evaluation tools to establish list price or subsequent price adjustments.

(A) Assignment Type

Under “Assignment Type” in the “Subject” section of the appraisal reporting form, the Appraiser must mark the box labeled “other” and indicate that the Property is a HUD REO Property.

(B) Intended Use of Appraisal

The intended use of the appraisal for a HUD REO Property is as one of one or more evaluation tools to establish list price or subsequent price adjustments.

(C) Intended User

The intended user of an appraisal of a HUD REO Property is HUD/FHA or its contractors.

iii. Required Analysis and Reporting

(A) Appraiser’s Inspection

The Appraiser must inspect the interior and exterior of the Property. The Appraiser must describe any differences found between the information contained in the Property Condition Report (PCR) and the Appraiser’s observations. The Appraiser must support this description with photographs when warranted.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

(B) Utilities - Mechanical Components

If the utilities are off at the time of inspection, the Appraiser must ask to have them turned on and complete all requirements under [Utilities – Mechanical Components](#). However, if it is not feasible to have the utilities turned on, then the appraisal must be completed without the utilities turned on or the mechanical systems functioning.

(C) Sales Comparison Approach, Use of Real Estate Owned Sales as Comparable Sales

When considering sales to be utilized as comparables, the Appraiser must note the conditions of the sale and the motivation of the sellers and purchasers.

In some markets, non-arm's length sales constitute the majority of recent transactions of similar properties and thus are significant in the analysis of the subject. This assignment is to estimate Market Value, so REO sales, short sales and other non-arm's length transactions must not automatically be chosen as comparables. If there is compelling evidence in the market to warrant their use, the Appraiser must provide additional explanation and support in the "Analysis" section of the sales comparison approach.

Transfers to a Mortgagee or entity that owns the Mortgage by deed of trust, through foreclosure sale or sheriff's sale, are not acceptable as comparable sales.

Appraisers must exercise due diligence and care in the research and validation of REO sales to ensure similarity to the subject, especially in physical condition.

(D) Appraisal Conditions

The Appraiser must provide an analysis and report of the value of the subject Property "as is." The appraisal report must include the applicable property specific appraisal reporting form, all required exhibits, and a copy of the PCR.

For Manufactured Housing, the Appraiser must **not** require a certification that the foundation complies with the PFGMH.

(E) Extraordinary Conditions

The as-is value can be impacted by extraordinary conditions. If the Property has an illegal use or an extraordinary condition, the Appraiser must estimate the cost to bring the Property into compliance with zoning or typical marketability. The Appraiser must report whether any legal non-conforming use is allowed. The Appraiser may contact the Asset Management (AM) contractor for guidance and clarification when appraising a HUD home that is impacted by extraordinary circumstances.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

(F) Statement of Insurability

The Appraiser must include a Statement of Insurability in the “Comments” section of the appraisal report.

(1) Insurable

The Appraiser must state that the Property is insurable if, at the time of the appraisal, the Property meets MPR and MPS without needing repairs.

(2) Insurable with Repair Escrow

If the Property requires no more than \$10,000 in repair, the Appraiser must state that the Property is insurable with a repair escrow.

(3) Uninsurable

If the cost of repairs is greater than \$10,000, the Appraiser must state that the Property is uninsurable.

(G) Submitting the Appraisal

The submission of the appraisal report and data is uploaded in HUD’s P260 web-based internet portal or subsequent system.

The Appraiser must obtain a completed copy of the PCR from the contractor and submit the PCR with the appraisal report.

(H) Claims Without Conveyance of Title Properties

(1) Assignment Type

Under “Assignment Type” in the “Subject” section of the appraisal reporting form, the Appraiser must mark the box labeled “other” and indicate that the Property is a HUD Claims Without Conveyance of Title (CWCOT) Property.

(2) Intended Use of Appraisal

The intended use of the appraisal is to develop the as-is Market Value, which is a Mortgagee’s tool for calculating the Commissioner’s Adjusted Fair Market Value (CAFMV) ([24 CFR § 203.368](#)).

(3) Intended User

FHA is the intended user of a CWCOT appraisal.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

11. Programs and Products

(4) Appraiser's Inspection

The Appraiser must inspect the interior and exterior of the Property. If the Appraiser cannot enter the Property, the Appraiser may perform the valuation based on an exterior-only inspection on the [Fannie Mae Form 2055/Freddie Mac Form 2055](#), *Exterior-Only Inspection Residential Appraisal Report*, dated March 2005, or the [Fannie Mae Form 1075/Freddie Mac Form 466](#), *Exterior-Only Inspection Individual Condominium Unit Appraisal Report*, for a condominium Property. The Appraiser must indicate that the Property could not be entered and identify the sources of the factual property data employed by the Appraiser in determining the value.

(5) Appraisal Conditions

CWCOT Properties are to be appraised “as is,” in the condition as it exists on the effective date of the appraisal. The value to be determined is Market Value. The Appraiser must provide an analysis and report of the value of the subject Property “as is.”

Under “Reconciliation” in the “This appraisal is made” segment, the Appraiser must mark the box labeled “as is.”

(I) Pre-Foreclosure Sale Program

(1) Assignment Type

Under “Assignment Type” in the “Subject” section of the appraisal reporting form, the Appraiser must mark the box labeled “other” and indicate that the Property is a HUD Pre-Foreclosure Sale (PFS) Property.

(2) Intended Use of Appraisal

The intended use of the appraisal is to develop the as-is Market Value, which is a Mortgagee's tool for determining the list price of a HUD PFS Property ([24 CFR § 203.370](#)).

(3) Intended User

FHA is the intended user of a PFS appraisal.

(4) Sales Comparison Approach

Sales selection requirements for PFS are the same as the [Sales Comparison Approach](#) in the REO section of this Handbook 4000.1.

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

D. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

12. Mixed Use One- to Four-Unit Single Family Properties

(5) Appraisal Conditions

PFS Properties are to be appraised “as is,” in the condition as it exists on the effective date of the appraisal. The value to be determined is Market Value. The Appraiser must provide an analysis and report of the value of the subject Property “as is.”

Under “Reconciliation” in the “This appraisal is made” segment, the Appraiser must mark the box labeled “as is.”

iv. Appraisals for HUD Real Estate Owned Properties Purchased with a New FHA-Insured Mortgage

A new appraisal must be prepared for all transactions involving the purchase of a HUD REO Property with a new FHA-insured Mortgage. The appraisal must be prepared in accordance with [HUD Appraisal](#) protocols except as noted.

(A) Property Meets HUD’s Minimum Property Requirements

If the appraisal reveals that the Property meets HUD’s MPR, the Appraiser must complete the appraisal report “as is.”

(B) Property Requires Repairs

If the appraisal reveals that the Property requires repairs in order to meet HUD’s MPR, the Appraiser must provide an estimate of the cost to cure and complete the report “Subject to the following repairs or alterations on the basis of the hypothetical condition that the repairs or alterations have been completed.”

12. Mixed Use One- to Four-Unit Single Family Properties

a. Definition (09/09/2019)

Mixed Use refers to a Property suitable for a combination of uses including any of the following: commercial, residential, retail, office, or parking space.

b. Required Analysis and Reporting (09/09/2019)

The Appraiser must include all components of the real estate in the analysis. The Appraiser must not include business valuation or the value of Personal Property or business fixtures in the appraisal.

The Appraiser must provide measurements and calculations of the building area on the building sketch to show what portion of the Property is allocated to residential use, and what portion is allocated to nonresidential use.

The Appraiser must provide a statement as to whether the commercial use will or will not affect the health and safety of the occupants of the residential Property.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT
E. Title I Insured Programs
1. Direct and Dealer Loan Process for Property Improvement Loan Program

E. TITLE I INSURED PROGRAMS

1. Direct and Dealer Loan Process for Property Improvement Loan Program

Loans insured under FHA's Property Improvement Loan program are categorized by either of two origination processes: Direct Loans or Dealer Loans.

A Dealer refers to, in the case of Property Improvement Loans, a seller, contractor, or supplier of goods or services. A Dealer can be used in either the Direct Loan or Dealer Loan processes.

a. Direct Loan (05/09/2022)

i. Definition

A Direct Loan process refers to where the Borrower applies directly to the Lender or its sponsored TPO for the Loan without assistance from a Dealer, contractor, or third party that has a financial interest in the loan transaction.

A Dealer's recommendation of a Lender to a Borrower is not considered a Dealer Loan.

ii. Standard

The credit application, signed by the Borrower, must be filled out by the Borrower or by a person acting at the direction of the Borrower who is not a Dealer, contractor, or third party that has a financial interest in the loan transaction.

b. Dealer Loan (05/09/2022)

i. Definition

A Dealer Loan process refers to a Loan where a Dealer assists the Borrower in preparing the credit application or otherwise assists the Borrower in obtaining the Loan from the Lender. This may include completing the loan application for the Borrower, and collecting any other documentation or information as required by the Lender that is necessary to support the lending decision.

When the seller, contractor or supplier of goods and services does not assist the Borrower in obtaining the Loan from the Lender, then the transaction is not considered a Dealer Loan.

ii. Standard

The credit application, signed by the Borrower, is filled out by the Borrower with assistance from the Dealer, contractor, or third party that has a financial interest in the loan transaction.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

1. Direct and Dealer Loan Process for Property Improvement Loan Program

iii. Dealer Approval and Monitoring

The Lender is responsible for approving Dealers prior to the Dealer's participation in the Dealer Loan process. The Lender must complete an investigation of the Dealer and document the Findings for approval before the Dealer may begin originating Title I Loans through the Lender.

(A) Dealer Eligibility for Participation in HUD Programs

The Dealer must not be suspended, debarred, or excluded from participation in FHA programs as listed in an [LDP](#), or [SAM Excluded Parties List](#), or [Credit Alert Verification Reporting System \(CAIVRS\)](#).

The Dealer, if acting as a Lender, must comply with all laws, rules, and requirements applicable to the loan transaction, including full compliance with the requirements applicable to the following under the purview of the Consumer Financial Protection Bureau (CFPB):

- Truth in Lending Act (TILA)
- Real Estate Settlement Procedures Act (RESPA)
- Fair Credit Reporting Act (FCRA), and the Equal Credit Opportunity Act (ECOA), as implemented by Regulation B (12 CFR Part 1002)

(B) Net Worth Requirement

A Dealer must have and maintain a net worth of not less than \$32,000 in assets acceptable to HUD.

The following asset types and sources are not eligible for inclusion toward the minimum net worth:

- i. Any assets of the Dealer that are pledged to secure obligations of another person or entity.
- ii. Any asset due from either officers or stockholders of the Dealer or related entities, in which the Dealer's officers and stockholders have a personal interest (unrelated to their position as an officer or stockholder). "Personal interest" refers to a relationship between the Dealer and a person or entity in which that specified person (e.g., spouse, parent, grandparent, child, brother, sister, aunt, uncle, or in-law) has a financial interest in or is employed in a management position by the Dealer.
- iii. Any investment in related entities in which the Dealer's officer or stockholders have a personal interest unrelated to their position as an officer or stockholder or the Dealer.
- iv. That portion of an investment in joint ventures, subsidiaries, Affiliates and/or other related entities which is carried at a value greater than equity, as

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

1. Direct and Dealer Loan Process for Property Improvement Loan Program

adjusted. “Equity as adjusted” means the book value on the books of the related entity reduced by the amount of unacceptable assets carried by the related entity.

- v. All intangibles, such as goodwill, covenants not to compete, franchisee fees, organization costs, etc. except unamortized servicing costs carried at a value established by an Arm’s Length Transaction and presented in accordance with Generally Accepted Accounting Principles (GAAP).
- vi. That portion of an asset not readily marketable and for which appraised values are very subjective carried at a value in excess of a substantially discounted appraised value.
- vii. Any asset which is principally used for the personal enjoyment of an officer or stockholder and not for normal business purposes.

(C) Business Experience of the Dealer

All Dealers must have demonstrated business experience as a Property Improvement contractor or supplier of goods and services. The Lender must evaluate the Dealer on the basis of experience and approve only those Dealers that the Lender considers to be reliable, financially responsible, and qualified to satisfactorily perform their contractual obligations.

(D) Approval Procedure for the Dealer

Lenders must follow the procedures listed below to approve a Dealer to participate in the Title I Property Improvement Loan program.

(1) Application Form

A prospective Dealer must complete form [HUD-55013](#), *Dealer/Contractor Application: Title I Property Improvement and Manufactured Home Loans*. The Lender must retain form HUD-55013 and all supporting documentation in the Dealer’s file for each Dealer.

(2) Financial Statement

The Lender must obtain and review the Dealer’s most recent annual financial statement to confirm that the Dealer meets HUD’s minimum net worth requirement. The financial statement need not be prepared by a licensed accountant, but the Lender must take into consideration that the financial statement must be prepared by someone who is independent of the Dealer and is qualified by education and experience to prepare such statements.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

1. Direct and Dealer Loan Process for Property Improvement Loan Program

(3) Credit Report

A Lender must obtain and evaluate a commercial credit report on the dealership. The Lender must also obtain and evaluate an individual credit report on the Principal Owner(s) of the dealership to ensure that the owner(s) does not exhibit a disregard for credit.

(4) Required Documentation of Approval

Upon completion of the Lender's thorough review and investigation of a Dealer, an authorized official of the Lender must sign the bottom of form [HUD-55013](#) to document the Lender's decision to approve the Dealer. The Lender must retain the approved application and all supporting documentation obtained during the application review.

(5) Annual Renewal

A Dealer is approved for a period of one year. To retain their approval status with the Lender, a Dealer must provide the Lender with a new form [HUD-55013](#) and their most recent financial statement.

In addition to the steps outlined above for the initial approval, the Lender must also evaluate its experience with the Dealer during the prior year. This evaluation must address performance factors such as:

- the Dealer's approval and rejection rates;
- the collection history for Loans purchased from the Dealer; and
- the Dealer's complaint resolution practices.

(E) Monitoring the Dealer

The Lender is responsible for supervising and monitoring each approved Dealer's activities with respect to Loans insured under Title I.

(1) Standard

As part of the monitoring duties, Lenders are required to visit each approved Dealer's place of business at least once every six months to review their Title I performance and compliance. Lenders must take prompt action to resolve any dealer deficiencies discovered. Lenders must verify that Title I Dealers/contractors meet and maintain a net worth in assets that is acceptable to the Secretary. Lenders must maintain a file on each approved Dealer which contains the executed dealer approval for and supporting documentation required under [24 CFR § 201.27\(a\)\(2\)](#).

(2) Requirements

In addition to the initial and annual dealer approval reviews, the Lender must monitor each approved Dealer's activities with respect to Loans insured by HUD on an ongoing basis addressing the following review components.

(a) Quality of Borrower Applicants

The Lender must monitor the quality of applicants submitted by the Dealer. If a Dealer's rejection rate is too high, the Lender should meet with the Dealer to review the Dealer's marketing and borrower qualification practices.

(b) Quality of Required Loan Documentation

The Lender must monitor the quality and completeness of the loan documentation submitted by the Dealer.

(c) Dealer Advertising

The Lender must monitor dealer advertising and other marketing material to ensure against misleading or false claims. The Lender must ensure that advertising and other marketing material does not include prohibited practices or convey the impression that the Dealer has a special relationship or affiliation with the federal government. The Dealer must include a [fair housing poster](#) in its marketing materials, and display in any office that deals with Borrowers and the general public. Lenders are prohibited from advertising or marketing in a way that restricts lending services to persons on a protected basis or that conveys exclusion of persons on a protected basis. Copies of dealer advertisements and other marketing materials issued by the Dealer must be maintained in the Dealer's file with the other required documents.

(d) Borrower Complaints against Dealers

The Lender must monitor complaints received on Loans originated by the Dealer. Documentation for all complaints and their resolution must be maintained in the Dealer's file. Particular attention should be focused on the quality of service offered, whether warranties are honored in a timely manner, and the general manner in which the Dealer resolves complaints and conducts their business.

(e) Irregular Business Practices

All credible allegations of irregularities (inducements, disallowed payments to the Borrower, false statements, etc.) must be promptly reported to either

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

1. Direct and Dealer Loan Process for Property Improvement Loan Program

[HUD's Office of the Inspector General](#) located in the nearest [HUD Field Office](#) or HUD's Quality Assurance Division (QAD) at:

U.S. Department of Housing and Urban Development
Quality Assurance Division
451 Seventh St., SW
Washington, DC 20410

(f) Material Changes of Dealer

A Lender must require each approved Dealer to provide written notification of any material change in their trade name, places of business, type of ownership, type of business, or principal individuals who control or manage the business. The Dealer must furnish such notification to the Lender within 30 Days after the date of any material change.

Upon discovery of any material change, the Lender must determine that the eligibility of the Dealer has not changed.

(g) Dealer's File

The Lender is to maintain a separate file for each approved Dealer. The file is to include the initial application and documentation used for approval and any information regarding the Lender's experience with Title I Loans involving the Dealer. Each file must consist of information regarding borrower Default rates, records of inspections of properties delivered and installed by the Dealer, copies of letters concerning borrower complaints and their resolution, material changes, copies of dealer advertisements and other marketing materials, and records of the Lender's visits to the Dealer's premises.

(F) Termination of the Dealer

A Dealer's approval will be terminated if a Dealer does not satisfactorily perform its contractual obligations to Borrowers, does not comply with Title I program requirements, or is unresponsive to inquiries pertaining to Lender supervision and monitoring requirements. The Lender is required to notify HUD immediately with written documentation of the reason(s) for termination. A Dealer whose approval is terminated as a result of these circumstances may not be re-approved by a Lender without prior written approval from HUD.

Notices of termination for cause and requests for permission to re-approve a terminated Dealer must be in writing and sent to HUD's [QAD](#). A Lender may, at its discretion, terminate the approval of a Dealer for other reasons at any time.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

2. Property Improvement Loan Program

The Title I Property Improvement Loan Program Origination/Processing through Post-closing and Insurance sections in this Handbook 4000.1 is applicable to all Property Improvement Loans insured under Title I of the National Housing Act. The Lender must fully comply with all of the following standards and procedures for obtaining FHA loan insurance on a Loan.

HUD insures private Lenders against loss on Property Improvement Loans they make. Both large and small improvements can be financed. Loans on Single Family homes may be used for alterations, repairs and site improvements. Loans on multifamily structures may be used only for building alteration and repairs. A property owner may apply at any Lender that is approved to make Title I Loans.

a. Origination/Processing (05/25/2025)

i. Application Packages and Disclosures

(A) Borrower Eligibility

(1) Definition

Borrower refers to one who applies for and receives a Loan insured under this part. The term may also include any co-maker or Co-signer or any assumptor who is obligated for the repayment of a loan obligation insured under this part.

(2) Contents of the Loan Application Package

The Lender must maintain all information and documentation that is relevant to its approval decision in the Lender's case binder. All information and documentation that is required in this Handbook 4000.1, and any incidental information or documentation related to these requirements, is relevant to the Lender's approval decision.

If, after obtaining all documentation required below, the Lender has reason to believe it needs additional support for the approval decision, the Lender must obtain additional explanation and documentation, consistent with information in the case binder, to clarify or supplement the information and documentation submitted by the Borrower.

(a) Maximum Age of Loan Application Documents

Documents used in the origination and underwriting of a Loan may not be more than 120 Days old at the Disbursement Date. Only documents whose validity for underwriting purposes is not affected by the passage of time, such as divorce decrees or Tax Returns, may be more than 120 Days old at the Disbursement Date.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

For counting purposes, Day one is the Day after the effective or issue date of the document, whichever is later.

(b) Handling of Documents

Lenders, including sponsored TPOs, must not accept or use documents relating to the employment, income, assets, or credit of Borrowers that have been handled by, or transmitted from or through, the equipment of unknown or Interested Parties, including the Borrower, the Dealer or its agent, or sponsored TPOs.

The documents referred to in this section are Lender-generated direct verification documents, which are used to verify and supplement documentation submitted by the Borrower at application. These verifications are to be sent directly from the Lender to the requested responder to obtain independent, written verification of employment, income, rent, or financial accounts.

(i) Information Sent to the Lender Electronically

The Lender must authenticate all documents received electronically by examining the source identifiers (e.g., fax banner header or the sender's email address) and contacting the source by telephone to verify the document's validity. The Lender must document the name and telephone number of the individual with whom the Lender verified the validity of the document.

(ii) Information Obtained via Internet

The Lender must authenticate documents obtained from an Internet website and examine portions of printouts downloaded from the Internet including the Uniform Resource Locator (URL) address, as well as the date and time the documents were printed. The Lender must verify that the website exists.

Documentation obtained through the Internet must contain the same information as would be found in an original hard copy of the document.

(iii) Confidentiality Policy for Credit Information

Lenders must not divulge sources of credit information, except as required by a contract or by law. All personnel with access to credit information must ensure that the use and disclosure of information from a credit report complies with:

- Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the Fair Credit Reporting Act (FCRA), Public Law 91-508;
- the Privacy Act, Public Law 93-579;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- the Financial Privacy Act, Public Law 95-630; and
- the Equal Credit Opportunity Act (ECOA), Public Law 94-239 and [12 CFR Part 202](#).

(c) Signature Requirements for All Application Forms

All Borrowers must sign and date ~~form HUD-56001, Credit Application for Property Improvement Loan.~~ the Fannie Mae Form 1003/Freddie Mac Form 65, Uniform Residential Loan Application (URLA), and form HUD-92900-TI, HUD Addendum to the Uniform Residential Loan Application for Title I Loans.

The application may not be signed by any party who will not be on the Note.

A Power of Attorney (POA) may not be used unless the Lender verifies and documents that all of the following requirements have been satisfied:

- For military personnel, a POA may only be used when all of the following apply:
 - when the service member is on overseas duty or on an unaccompanied tour;
 - when the Lender is unable to obtain the absent Borrower's signature on the application by mail or fax; and
 - where the attorney-in-fact has specific authority to encumber the Property and to obligate the Borrower.
- For incapacitated Borrowers, a POA may only be used:
 - where a Borrower is incapacitated and unable to sign the application; and
 - where the attorney-in-fact has specific authority to encumber the Property and to obligate the Borrower.

For guidance on use of POA on closing documents refer to [Use of Power of Attorney at Closing](#).

(d) Prohibition on Documents Signed in Blank

Lenders are not permitted to have Borrowers sign documents in blank, incomplete documents, or blank sheets of paper.

(e) Policy on Use of Electronic Signatures

(i) Definition

An Electronic Signature refers to any electronic sound, symbol, or process attached to or logically associated with a contract or record and executed or adopted by a person with the intent to sign the record. FHA does not accept an electronic signature that is solely voice or audio. Digital signatures are a subset of electronic signatures.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(ii) Use of Electronic Signatures

An electronic signature conducted in accordance with the Electronic Signature Performance Standards (Performance Standards) is accepted on FHA documents requiring signatures to be included in the case binder for loan insurance, unless otherwise prohibited by law.

Electronic signatures meeting the Performance Standards are treated as equivalent to handwritten signatures.

(iii) Electronic Signature Performance Standards

The Performance Standards are the set of guidelines that govern FHA acceptance of an electronic signature. The use of electronic signatures is voluntary. However, Lenders choosing to use electronic signatures must fully comply with the Performance Standards.

The Electronic Signatures in Global and National Commerce Act (ESIGN Act) Compliance and Technology

A Lender's electronic signature technology must comply with all requirements of the ESIGN Act, including those relating to disclosures, consent, signature, presentation, delivery, retention and any state law applicable to the transaction.

Third Party Documents

Third Party Documents refer to those documents that are originated and signed outside of the control of the Lender, such as the sales contract.

FHA will accept electronic signatures on Third Party Documents included in the case binder for loan insurance endorsement in accordance with the ESIGN Act and the Uniform Electronic Transactions Act (UETA). An indication of the electronic signature and date should be clearly visible when viewed electronically and in a paper copy of the electronically signed document.

Authorized Documents

Authorized Documents refer to the documents on which FHA accepts electronic signatures provided that the Lender complies with the Performance Standards.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- **Loan Insurance Endorsement Documents:** Electronic signatures will be accepted on all documents requiring signatures included in the case binder for loan insurance.
- **Servicing and Loss Mitigation Documentation:** Electronic signatures will be accepted on any documents associated with servicing or loss mitigation services for FHA-insured Loans.
- **FHA Insurance Claim Documentation:** Electronic signatures will be accepted on any documents associated with the filing of a claim for FHA insurance benefits, including form [HUD-637](#), *Title I Claim for Loss*.

Associating an Electronic Signature with the Authorized Document

The Lender must ensure that the process for electronically signing authorized documents provide for the document to be presented to the signatory before an electronic signature is obtained. The Lender must ensure that the electronic signature is attached to, or logically associated with, the document that has been electronically signed.

Intent to Sign

The Lender must be able to prove that the signer certified that the document is true, accurate, and correct at the time signed. Electronic signatures are only valid under the E-SIGN Act if they are “executed or adopted by a person with the intent to sign the record.” Establishing intent includes:

- identifying the purpose for the Borrower signing the electronic record;
- being reasonably certain that the Borrower knows which electronic record is being signed; and
- providing notice to the Borrower that their electronic signature is about to be applied to, or associated with, the electronic record.

Intent to use an electronic signature may be established by, but is not limited to:

- an online dialog box or alert advising the Borrower that continuing the process will result in an electronic signature;
- an online dialog box or alert indicating that an electronic signature has just been created and giving the Borrower an opportunity to confirm or cancel the signature; or
- a click-through agreement advising the Borrower that continuing the process will result in an electronic signature.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Single Use of Signature

Lenders must require a separate action by the signer, evidencing intent to sign, in each location where a signature or initials are to be applied.

This provision does not apply to documents signed by Lender employees or Lender contractors provided the Lender obtains the consent of the individual for the use of their electronic signature. The Lender must document the Borrower's consent.

Authentication - Definition

Authentication refers to the process used to confirm a signer's identity as a party in a transaction.

Authentication - Standard

Before a Lender reports the Loan for insurance, the Lender must confirm the identity of the signer by authenticating data provided by the signer with information maintained by an independent source. Independent sources include, but are not limited to:

- national commercial credit bureaus;
- commercially available data sources or services;
- state motor vehicle agencies; or
- government databases.

The Lender must verify a signer's name and date of birth, and either their Social Security Number (SSN) or driver's license number.

Attribution - Definition

Attribution is the process of associating the identity of a signer with their signature.

Attribution - Standard

The Lender must maintain evidence sufficient to establish that the electronic signature may be attributed to the individual purported to have signed.

The Lender must use one of the following methods, or combinations of methods, to establish attribution:

- selection by or assignment to the individual of a Personal Identification Number (PIN), password, or other shared secret, that the individual uses as part of the signature process;

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- delivery of a credential to the individual by a trusted third party, used either to sign electronically or to prevent undetected alteration after the electronic signature using another method;
- knowledge base authentication using “out of band/wallet” information;
- measurement of some unique biometric attribute of the individual and creation of a computer file that represents the measurement, together with procedures to protect against disclosure of the associated computer file to unauthorized parties; or
- public key cryptography.

Credential Loss Management

Lenders must have a system in place to ensure the security of all issued credentials. One or a combination of the following loss management controls is acceptable:

- maintaining the uniqueness of each combined identification code and password, such that no two individuals have the same combination of identification code and password;
- ensuring that identification code and password issuances are periodically checked, recalled, or revised;
- following loss management procedures to electronically deauthorize lost, stolen, missing, or otherwise compromised identification code or password information, and to issue temporary or permanent replacements using suitable, rigorous controls;
- using transaction safeguards to prevent unauthorized use of passwords or identification codes; or
- detecting and reporting any attempts at unauthorized use of the password or identification code to the system security unit.

(f) Required Documentation and Integrity of Records

Lenders must ensure that they employ industry-standard encryption to protect the signer’s signature and the integrity of the documents to which it is affixed. Lenders must ensure that their systems will detect and record any tampering with the electronically signed documents. FHA will not accept documents that show evidence of tampering.

If changes to the document are made, the electronic process must be designed to provide an “audit trail” showing all alterations, the date and time they were made, and identify who made them.

The Lender’s system must be designed so that the signed document is designated as the Authoritative Copy. The Authoritative Copy of an

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

electronically signed document refers to the electronic record that is designated by the Lender or holder as the controlling reference copy.

(3) Credit Application and Required Supporting Documentation

The Lender must obtain a completed ~~form HUD-56001~~ **URLA (Fannie Mae Form 1003/Freddie Mac Form 65)** and **form HUD-92900-TI** from the Borrower in order to begin the origination process.

(a) Interview with Borrower

The Lender must conduct a telephone or face-to-face interview with the Borrower and any co-maker or Co-signer to resolve any material discrepancies, and ensure that the information, including listed debts and obligations, is accurate and complete.

(b) Contractor Certification

If the Loan is originated as a [Dealer Loan](#), the person selling the improvements must sign the Note to Salesperson certification provided on form ~~HUD-56001~~ **HUD-92900-TI**.

(c) Credit Application Name Requirements

(i) Standard

All credit applications *must* be executed in the legal names of one or more individuals on the application.

Credit applications from a corporation, partnership, sole proprietorship, nonprofit or trust (including living or non-revocable trusts) are not permitted under Title I.

A multifamily dwelling (two or more units) may be owned by a corporation, partnership, or trust with prior approval from the Secretary. Loan applications from a corporation, partnership, or trust must be in the name of the entity and also be in the name of one or more individuals.

(ii) Required Documentation

The Lender must include a statement that it has verified the Borrower's identity using a valid government-issued photo identification at or prior to closing the Loan, or the Lender may choose to include a copy of such photo identification as documentation.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(d) Disclosure of Improvements to be Made

The improvements to be made must be specified on ~~form HUD-56001~~ **the URLA.**

(4) Borrower's Authorization

The Lender must obtain the Borrower's authorization to verify the information needed to process the loan application.

(5) Borrower's Authorization for Use of Information Protected under the Privacy Act

(a) Standard

The Lender must obtain the Borrower's consent for use of the Borrower's information for any purpose relating to the origination, servicing, loss mitigation, and disposition of the Loan or, if applicable, the Property securing the Loan, and relating to any insurance claim and ultimate resolution of such claims by the Lender and FHA.

(b) Required Documentation

The Lender must obtain a signed statement from the Borrower that clearly expresses the Borrower's consent for the use of the Borrower's information as required above.

(6) Improvement Contract and Required Documentation

(a) Standard

The Lender must not originate a Title I Property Improvement Loan if any provision of a contract or agreement to perform property improvements violates FHA requirements. An addendum or modification may be used to remove or correct nonconforming provisions.

The Lender must ensure that at least one individual who signed the improvement proposal or contract is a Borrower.

(b) Required Documentation

The Lender must obtain supporting documentation to determine if all improvements are eligible for Title I financing and also to determine the reasonableness of the cost for the material and labor described.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(i) Contractor Improvements

If a Borrower plans to use a contractor, a Lender must obtain a copy of a proposal or contract that describes in detail the work to be performed and the estimated or actual cost.

(ii) Borrower Acting as Own Contractor

If a [Borrower is Acting as Own Contractor](#), the Lender must obtain a detailed written description of the work to be performed including the materials to be furnished and their estimated cost.

(iii) Split Financing

If a contract or work estimate exceeds the amount of the Title I Loan, the Lender must verify the source of the additional funds. If the funds are from an additional Loan, this Loan Payment must be considered in the Borrower's debt ratio.

(B) Disclosures and Legal Compliance

The Lender must provide or ensure the Borrower is provided with the following disclosure.

(1) Notice to Borrower of HUD's Role in Title I Loans

(a) Standard

The Lender must provide a written notice to clearly inform each Borrower that the Loan will be insured against Default by HUD and about the actions that HUD will take to collect the Loan if the Borrower defaults. This notice also serves to document the Borrower's agreement to pay any penalties and administrative costs that may be assessed by HUD.

(b) Required Documentation – Borrower Acknowledgment

The Lender must have each Borrower sign a copy of the notice prior to closing. The copy signed by the Borrower(s) must be retained in the case binder.

(c) Required Documentation – Wording of the Notice

On any newly originated dealer Property Improvement Loan, and on any refinanced or assumed Property Improvement Loan, the Lender must prepare the notice on the Lender's letterhead. The notice must read as follows:

We have approved your application for a property improvement loan that is to be insured by the Department of Housing and Urban

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Development. If you fail to repay this loan as agreed, we may assign the loan and any mortgage to HUD for collection.

Failure to pay this debt to HUD may result in offset of Federal payments due you (including Federal income tax refunds, Social Security benefit payments, and Federal employee wages or retirement) or may result in the administrative garnishment of your wages. In addition, failure to pay may result in the referral of the debt for collection by the Department of Justice, by the Department of the Treasury, or by private collection agencies. In addition to principal and interest on the debt, you will be liable for the payment of any penalties or administrative costs that may be imposed by HUD as authorized by Section 3717 to Title 31 of the United States Code.

Your signature below indicates that you have read and understand this notice, and that you consent to pay any penalties, administrative costs, and interest that may be assessed by HUD.

On any newly originated direct Property Improvement Loan, the text of the notice must read as follows:

We have approved your application for a property improvement loan that is to be insured by the Department of Housing and Urban Development. As one of the conditions of loan approval, you have agreed to furnish us with a form [HUD-56002](#), Completion Certificate for Property Improvements, after the work is completed, and to permit us, or our agent, to inspect the completed improvements. If you fail to repay this loan as agreed, we may assign the loan and any mortgage to HUD for collection.

Failure to pay this debt to HUD may result in offset of Federal payments due you (including Federal income tax refunds, Social Security benefit payments, and Federal employee wages or retirement) or may result in the administrative garnishment of your wages. In addition, failure to pay may result in the referral of the debt for collection by the Department of Justice, by the Department of the Treasury, or by private collection agencies. In addition to principal and interest on the debt, you will be liable for the payment of any penalties or administrative costs that may be imposed by HUD as authorized by Section 3717 to Title 31 of the United States Code.

Your signature below indicates that you have read and understand this notice, and that you consent to pay any penalties, administrative costs, and interest that may be assessed by HUD.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(2) Compliance with All Applicable Laws, Rules, and Requirements

The Lender must comply with all federal, state, and local laws, and requirements applicable to the loan transaction, including full compliance with the applicable disclosure requirements of the Consumer Financial Protection Bureau (CFPB), including those related to:

- Truth in Lending Act (TILA);
- Real Estate Settlement Procedures Act (RESPA); and
- the FCRA and the ECOA, as implemented by Regulation B (12 CFR Part 1002).

(3) Nondiscrimination Policy

The Lender must fully comply with all applicable provisions of nondiscrimination and equal opportunity laws, regulations, and contract provisions including, but not limited to:

- Fair Housing Act, 42 U.S.C. §§ 3601–3619;
- the FCRA, 15 U.S.C. §§ 1681a–1681x; and
- the ECOA, 15 U.S.C. §§ 1691a–1691f.

The Lender must make all determinations with respect to the adequacy of the Borrower's income in a uniform manner without regard to race, color, religion, sex, age, national origin, familial status, disability, marital status, receipt of public assistance, because an applicant has in good faith exercised any right under the Consumer Credit Protection Act, or location of the Property.

(C) Application Document Processing

The Lender must [report the Loan](#) and perform any associated tasks in FHA Connection (FHAC). The Lender may use nonemployees in connection with its origination of FHA-insured Loans only as described below.

The Lender ultimately remains responsible for the quality of the Loan and for strict compliance with all applicable FHA requirements, regardless of the Lender's relationship to the person or entity performing any particular service or task.

(1) Sponsored Third-Party Originator

The Lender is responsible for dictating the specific application and processing tasks to be performed by the sponsored TPO. Only HUD-approved Lenders acting in the capacity of a sponsored TPO may have direct access to FHAC.

(2) Dealer

The Lender is responsible for [approving and monitoring a Dealer](#) and dictating the specific application and processing tasks that the Dealer performs.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(3) Contract Service Providers

A Lender may use qualified contractors to perform the administrative and clerical loan processing functions, provided the contractors do not have an interest in the transaction. These contractors perform the following functions: typing loan documents, mailing out and collecting verification forms, ordering credit reports, and/or preparing for insuring and shipping Loans to Investors.

(4) Excluded Parties

The Lender may not contract with entities or persons that are suspended, debarred, or otherwise excluded from participation in HUD programs, or under a [Limited Denial of Participation \(LDP\)](#) that excludes their participation in FHA programs. The Lender must ensure that no sponsored TPO or contractor engages such an entity or person to perform any function relating to the origination of an FHA-insured Loan.

The Lender must check the [System for Award Management \(SAM\)](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

(5) Underwriter Qualifications

HUD does not approve nor require Direct Endorsement certification for Title I underwriters. Title I Lenders approve the underwriter based on demonstrated capabilities and knowledge in loan underwriting.

The Lender must ensure that the underwriter meets the necessary qualifications to underwrite Title I Property Improvement Loans. The Lender that closes or reports the Loan for insurance in FHAC must employ the underwriter in a full-time position.

(D) Initial Document Processing

The Lender begins processing the Loan by obtaining ~~form HUD-56001~~ [the completed URLA \(Fannie Mae Form 1003/Freddie Mac Form 65\) and form HUD-92900-TI](#).

(E) Case Number Assignment

The case number is assigned when the Loan is reported for insurance in FHAC.

A Lender reports all prospective Title I Property Improvement Loans to HUD via the [FHAC](#) portal web site. Once the Lender's submission passes all data entry validations, it is accepted for overnight processing.

This process verifies the submitted data against a series of system validations. Once completed, the system will issue a Title I case number that will be specific to the loan

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

transaction. The system will advise the Lender if additional information is required or if corrections are needed.

ii. Property Improvement Loan Eligibility and Purpose

(A) Definition

A Property Improvement Loan refers to a Loan made to finance actions or items that substantially protect or improve the basic livability or utility of a Property. Unless otherwise indicated, the term includes:

- Single Family, Multifamily and Nonresidential Property Improvement Loans;
- Manufactured Home Improvement Loans classified as real estate or as Personal Property;
- Historic Preservation Loans; and
- Fire Safety Equipment Loans in existing Health Care Facilities.

(B) Standard

The loan proceeds may be used for the following loan types and purposes.

(1) Single Family Property Improvement Loan

A Single Family Property Improvement Loan refers to a Loan to finance alterations, repairs, and improvements to or in connection with an Existing Structure used or to be used as a Single Family residence.

Existing Structure refers to a dwelling, including a Manufactured Home, which was completed and occupied at least 90 Days prior to an application for a Title I Loan, or a nonresidential Structure that was a completed building with a distinctive functional use prior to an application for a Title I Loan. However, these occupancy and completion requirements shall not apply to:

- Loans having a principal obligation of \$1,000 or less; or
- residential Structures which have been damaged by conditions determined by the President to warrant relief under the provisions of title 42, chapter 68, of the United States Code.

(2) Multifamily Property Improvement Loan

A Multifamily Property Improvement Loan refers to a Loan to finance the alteration, repair, improvement, or conversion of an Existing Structure used or to be used as an apartment house or a dwelling for two or more families. The multifamily Structure may not be owned by a corporation, partnership, or trust, unless prior approval from the Secretary is obtained for an exception to this requirement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(3) Nonresidential Property Improvement Loan

A Nonresidential Property Improvement Loan refers to a Loan made to finance the construction of a new, exclusively nonresidential Structure or the alteration, repair, or improvement of an Existing Structure that is nonresidential. Such a Structure may be temporarily used for residential purposes while the Borrower constructs a new dwelling to replace a dwelling previously occupied by the Borrower that was destroyed or damaged by conditions determined by the President to warrant relief under the provisions of 42 U.S.C. Chapter 68, provided that the credit application is filed within one year from the date of such a determination.

(4) Manufactured Home Improvement Loan (Real Estate)

A Manufactured Home Improvement Loan refers to a Loan made to finance the alteration, repair, or improvement of an Existing Manufactured Home, which is classified as Real Property in that the home is placed on a permanent foundation, the home and lot are classified as realty by the state or locality in which the Property is located, and any Loans on the Property are secured by Loans or deeds of trust covering the home and lot. The proceeds of a Manufactured Home Improvement Loan may also be used for improvements to the home site, as long as the Borrower is the owner of the home and the underlying real estate.

An owner is a person, including a Borrower, who has title in whole or in part to the Property which is the subject of a loan transaction.

(5) Manufactured Home Improvement Loan (Chattel/Personal Property)

A Manufactured Home Improvement Loan refers to a Loan made to finance the alteration, repair, or improvement of an Existing Manufactured Home, which is classified as Personal Property by the state or locality in which the Property is located. The proceeds of a Manufactured Home Improvement Loan may also be used for improvements to the home site, as long as the Borrower is the owner of the home and the underlying real estate.

(6) Historic Preservation Loan

A Historic Preservation Loan refers to a Loan to finance the preservation (restoration or rehabilitation) of an historic residential Structure, which is listed on the National Register of Historic Places, or certified by the Secretary of the Interior as conforming to National Register criteria.

Restoration is the process of accurately recovering the form and details of a historic residential structure as it appeared at a particular period of time by removing later work and by replacing missing original work.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Rehabilitation refers to the process of returning a historic residential structure to a state of utility, through repair or alteration, which makes possible an efficient contemporary use. In rehabilitation, those portions of the Property important in illustrating historic, architectural and cultural values are preserved or restored.

(7) Fire Safety Equipment Loan for Health Care Facility

A Fire Safety Equipment Loan refers to a Loan made to finance the purchase and installation of any device or construction feature which is recognized in the latest edition of HUD's Minimum Property Standards for Care Type Housing (HUD Handbook 4920.1) or the Fire Safety Code of the National Fire Protection Association, and is designed to reduce the risk of death, personal injury, or property damage resulting from a fire in a Health Care Facility.

A Health Care Facility refers to a proprietary facility or a facility of a private nonprofit corporation or association licensed or regulated by the state or by the municipality or other political subdivision in which the facility is located, and operated as one or more of the following:

- a nursing home for the accommodation of convalescents or other persons who are not acutely ill and not in need of hospital care, but who require skilled nursing care and related medical services performed under the general direction of persons licensed by the law of the state where the facility is located to provide such care or services;
- an intermediate Health Care Facility for the accommodation of persons who, because of incapacitating infirmities, require minimum but continuous care, but not continuous medical care or nursing services;
- an extended Health Care Facility for inpatient care for convalescents or chronic disease patients who require skilled nursing care and related medical services; or
- another comparable Health Care Facility.

(C) Refinance

A refinance transaction establishes a new Loan to pay off the existing debt for a Borrower with legal title to the subject Property. The existing debt to be paid off must be a Title I Property Improvement Loan. The refinance Loan may also advance funds for additional improvements.

FHA insures three types of Title I Property Improvement [refinance transactions](#):

1. Simple Title I Property Improvement Refinance
2. Streamline Title I Property Improvement Refinance (Non-credit Qualifying)
3. Title I Property Improvement Refinance With Advance of Funds

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(D) General Borrower Eligibility Requirements

In order to obtain FHA-insured financing, all Borrowers must meet the eligibility criteria in this section.

The Borrower who is also the Dealer or contractor must comply with Title I [Borrower Acting as Own Contractor](#) policy.

(1) Social Security Number

(a) Standard

Each Borrower must provide evidence of their valid Social Security Number (SSN) to the Lender, except for individuals employed by the World Bank, a foreign embassy, or equivalent employer identified by HUD, who are not required to provide an SSN.

(b) Required Documentation

The Lender must:

- validate and document an SSN for each Borrower, co-Borrower, or Co-signer on the Loan by:
 - entering the Borrower's name, date of birth, and SSN in the Borrower/address validation screen through [FHAC](#); and
 - examining the Borrower's Social Security Card; original pay stubs; IRS Form W-2s, *Wage and Tax Statement*; valid Tax Returns obtained directly from the Internal Revenue Service (IRS); or other document relied upon to underwrite the Loan; and
- resolve any inconsistencies or multiple SSNs for individual Borrowers that are revealed during loan processing and underwriting using a service provider to verify the SSN with the SSA.

(2) Borrower Age Limits

The Borrower must be old enough to enter into a loan Note that can be legally enforced under the laws of the state or other jurisdiction where the Property is located. There is no maximum age limit for a Borrower.

(3) Borrower and Co-Borrower Ownership and Obligation Requirements

The Borrower must have at least a one-half interest in the Property that is being improved in one of the following forms:

- Fee Simple title to the Real Property, including a Manufactured Home that qualifies as Real Property;
- lease of the Real Property for a fixed term, which expires not less than six calendar months after the final maturity of the proposed Title I Loan;
- a recorded land installment contract for the purchase of the Property; or

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- title to a Manufactured Home that is the Principal Residence of the Borrower.

To be eligible, all Borrowers and co-Borrowers must have title to the Property at settlement, be obligated on the Note or credit instrument, and sign all security instruments.

Not all individuals with an interest in the Property are required to be Borrowers. However, the security instrument must be executed by all parties necessary to make the lien valid and enforceable under state law.

(4) Citizenship and Immigration Status

U.S. citizenship is not required for loan eligibility.

(5) Residency Requirements

The Lender must determine the residency status of the Borrower based on information provided on the loan application and other applicable documentation. In no case is a Social Security card sufficient to prove immigration or work status.

(a) Permanent Residents

(i) Standard

A Borrower with lawful permanent resident ~~alien~~ status may be eligible for FHA-insured financing provided the Borrower satisfies the same requirements, terms, and conditions as those for U.S. citizens.

(ii) Required Documentation

For persons with lawful permanent resident status, the Lender must document the file with evidence of permanent residency and indicate that the Borrower is a lawful permanent resident on [Fannie Mae Form 1003/Freddie Mac Form 65](#), *Uniform Residential Loan Application (URLA)*.

The U.S. Citizenship and Immigration Services (USCIS) within the Department of Homeland Security provides evidence of lawful, permanent residency status.

(b) Citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau

(i) Standard

A Borrower with citizenship in the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau may be eligible

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

for FHA-insured financing provided the Borrower satisfies the same requirements, terms, and conditions as those for U.S. citizens.

(ii) Required Documentation

For Borrowers who are citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, or the Republic of Palau, the file must include evidence of such citizenship.

(c) Non-U.S. Citizens without Lawful Residency

Non-U.S. citizens without lawful residency in the U.S. are not eligible for FHA-insured Loans.

(6) Borrower Ineligibility due to Delinquent Federal Non-tax Debt

(a) Standard

Lenders are prohibited from processing an application for an FHA-insured Loan for Borrowers with delinquent federal non-tax debt, including deficiencies and other debt associated with past FHA-insured Loans. Lenders are required to determine if the Borrowers have delinquent federal non-tax debt. Lenders may obtain information on delinquent Federal Debts from public records, credit reports or equivalent, and must check all Borrowers against the [Credit Alert Verification Reporting System \(CAIVRS\)](#).

(b) Verification

If a delinquent Federal Debt is reflected in a public record, credit report or equivalent, or CAIVRS or an Equivalent System, the Lender must verify the validity and delinquency status of the debt by contacting the creditor agency to whom the debt is owed. If the debt was identified through CAIVRS, the Lender must contact the creditor agency using the contact phone number and debt reference number reflected in the Borrower's CAIVRS report.

If the creditor agency confirms that the debt is valid and in delinquent status as defined by the [Debt Collection Improvement Act of 1996](#), then the Borrower is ineligible for an FHA-insured Loan until the Borrower resolves the debt with the creditor agency.

The Lender may not deny a Loan solely on the basis of CAIVRS information that has not been verified by the Lender. If resolved either by determining that the information in CAIVRS is no longer valid or by resolving the delinquent status as stated above, the Lender may continue to process the loan application.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(c) Resolution

In order for a Borrower with verified delinquent Federal Debt to become eligible, the Borrower must resolve their federal non-tax debt in accordance with the [Debt Collection Improvement Act of 1996](#).

The creditor agency that is owed the debt can verify that the debt has been resolved in accordance with the Debt Collection Improvement Act.

(d) Required Documentation

The Lender must include documentation from the creditor agency to support the verification and resolution of the debt. For debt reported through CAIVRS, the Lender may obtain evidence of resolution by obtaining a clear CAIVRS report.

(7) Eligibility Period for Borrowers Delinquent on FHA-Insured Loans

If a Borrower is currently Delinquent on an FHA-insured Loan, they are ineligible for insurance on a new FHA Loan unless the delinquency is resolved.

(8) Delinquent Federal Tax Debt

(a) Standard

Borrowers with delinquent Federal Tax Debt are ineligible.

Tax liens may remain unpaid if the Borrower has entered into a valid repayment agreement with the federal agency owed to make regular payments on the debt, and the Borrower has made timely payments for at least three months of scheduled payments prior to the date of application. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Lender must include the payment amount in the agreement in the calculation of the Borrower's Debt-to-Income (DTI) ratio.

(b) Verification

Lenders must check public records and credit information to verify that the Borrower is not presently delinquent on any Federal Debt and does not have a tax lien placed against their Property for a debt owed to the federal government.

(c) Required Documentation

The Lender must include documentation from the IRS evidencing the repayment agreement and verification of payments made, if applicable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(9) Valid Lien Requirements

(a) Unsecured Loan

A Property Improvement Loan amount less than or equal to \$7,500 may be unsecured.

A Manufactured Home Improvement Loan on a unit classified as Personal Property need not be secured and any/combined Title I Loans must not exceed \$7,500.

(b) Secured Lien

Any Property Improvement Loan in excess of \$7,500 must be secured against the subject Property.

If there are other Title I Loans on the same Property, a Property Improvement Loan of \$7,500 or less must be secured if the combination of outstanding balances on the Title I Loans will exceed \$7,500.

(c) Lien Priority

(i) Standard

The secured Title I Property Improvement Loan need not be in first lien position. The lien may be in either the first or the second lien position.

(ii) Exception

A third lien position may be accepted under the following circumstances:

- where the existing first and second mortgages were made at the same time for a purchase;
- where an existing second mortgage was provided by a state or local government agency in conjunction with a downpayment assistance program;
- with a two lien purchase where the second lien expires after a period of occupancy; or
- when the Borrower used a two lien transaction to purchase the Property, but refinanced the first trust as a no cash-out or for a lower interest rate. The refinanced first mortgage may include closing costs and reasonable financing fees, but must not have financed additional funds for improvements, debt consolidation, and delinquent taxes, and must not result in cash to the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

A third lien position is not acceptable when:

- an existing second mortgage encumbering the Property is a home equity line of credit, or a Home Equity Conversion Mortgage (HECM), or any reverse mortgage; or
- the Property is secured by any partial claim event.

(iii) Required Documentation

Lenders must document concurrent loan dates of the Loans secured by a first and second lien.

If the Borrower refinanced the original first mortgage, documentation must be obtained to evidence:

- the date of the first mortgage, and date of refinance;
- the second lien had been subordinated so that it retained second position; and
- the refinanced first mortgage was not greater than the Payoff of the unpaid balance, plus closing costs and reasonable financing fees, and no cash to the Borrower.

(10) Eligibility Requirements for Living Trusts

(a) Property Held in Living Trust

The Lender may originate a Loan for a living trust for a Property held by the living trust, provided the beneficiary of the living trust is a Co-signer and will occupy the Property as their Principal Residence, and the trust provides reasonable means to ensure that the Lender will be notified of any changes to the trust, including transfer of beneficial interest and any changes in occupancy status of the Property.

(b) Living Trusts and Security Instruments

(i) Standard

The name of the living trust must appear on the security instrument, such as the mortgage, deed of trust, or security deed.

The name of the individual Borrower must appear on the security instrument when required to create a valid lien under state law. The names of the Owner-Occupant and other Borrowers, if any, must also appear on the Note with the trust.

The name of the individual Borrower is not required to appear on the property deed or title.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(ii) Required Documentation

The Lender must obtain a copy of the trust documentation.

(E) Excluded Parties

The Lender must establish that no participants are Excluded Parties and document the determination on the Title I loan summary/underwriter's worksheet.

(1) Borrower

(a) Standard

A Borrower of a new Loan or assumption is not eligible to participate in FHA-insured loan transactions if they are suspended, debarred, or otherwise excluded from participating in HUD programs.

Exception

Establishing Excluded Parties is not required for an existing Borrower being evaluated under [Loss Mitigation Tools](#).

(b) Required Documentation

The Lender must check the HUD [Limited Denial of Participation \(LDP\) List](#) to confirm the Borrower's eligibility to participate in an FHA-insured loan transaction.

The Lender must check the [System for Award Management \(SAM\)](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

(2) Other Parties to the Transaction

(a) Standard

A Loan is not eligible for FHA insurance if anyone participating in the loan transaction is found on HUD's LDP List or in SAM. This may include but is not limited to:

- Borrower
- Dealer involved in a Dealer Loan
- loan officer
- loan processor
- underwriter

II. ORIGATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(b) Required Documentation

The Lender must check HUD's LDP List and SAM, and must follow appropriate procedures defined by that system to confirm eligibility for participants involved in the transaction.

(F) Policy Limiting the Number of Title I Property Improvement Loans

(1) Standard

Multiple Title I Loans may be issued for the same Property, provided that the sum of the outstanding balances on all Title I Loans on the same Property do not exceed the maximum loan amount outlined above (based on the type of Property).

(2) Required Documentation

The Lender must include in the case binder verification of the outstanding balances of all Title I Loans.

(G)Occupancy Requirements

(1) Standard

For all property types except Manufactured Homes, the Borrower is not required to occupy the Property.

(2) Manufactured Home Improvement Loan Standard

The Borrower must own and occupy a Manufactured Home as a Principal Residence.

(a) Definition of Principal Residence

A Principal Residence refers to a dwelling where the Borrower maintains or will maintain their permanent place of abode, and which the Borrower typically occupies or will occupy for the majority of the calendar year. A person may have only one Principal Residence at any one time.

Exception

A Borrower who is serving in the United States military and is temporarily deployed or assigned from their permanent duty station near the Manufactured Home is considered to be in a temporary duty status and qualifies as meeting the occupancy requirement.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(b) Required Documentation

When improvements to a Manufactured Home are financed by a Title I insured Loan, the Borrower must certify that the Manufactured Home is occupied as a Principal Residence.

~~Form HUD-56001~~ **The URLA (Fannie Mae Form 1003/Freddie Mac Form 65)** and other loan documents must consistently evidence that the Borrower occupies the Manufactured Home. If the Borrower owns other Property, ~~an attachment to form HUD-56001~~ **the URLA** must identify the property address, expenses for debt, taxes and insurance, and its use as either a Secondary Residence or for investment.

When a Borrower does not occupy a Manufactured Home because of temporary deployment or assignment in the United States military, the case binder must contain documentation to evidence the orders or assigned duty station that is not within reasonable commuting distance from the Manufactured Home.

(H) General Property Eligibility

(1) Eligible Geographic Locations

The Property must be located within the U.S., Puerto Rico, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or American Samoa.

(2) Restrictions on Property Locations within Coastal Barrier Resources System

In accordance with the Coastal Barrier Resources Act, a Property is not eligible for FHA loan insurance if the improvements are in or are proposed to be located within the Coastal Barrier Resources System (CBRS).

(3) Hazard Insurance

Hazard insurance is not required for Title I Property Improvement Loans.

(4) Special Flood Hazard Areas (Secured Liens)

(a) Standard

For [Secured Liens](#), the Lender must determine if it is located in a Special Flood Hazard Area (SFHA) as designated by the Federal Emergency Management Agency (FEMA). The Lender must obtain flood zone determination services to cover the Life of the Loan Flood Certification.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Lenders must ensure that Borrowers maintain adequate Flood Insurance during the life of the Loan.

Insurance must be obtained on the secured Loan if the Lender or Servicer becomes aware that the home site involved subsequently becomes part of an SFHA due to a Flood Insurance Rate Map (FIRM) revision. The insurance must be maintained by the Borrower for the remaining term of the Loan.

Coverage must meet minimum federal requirements for the type of Property under the National Flood Insurance Program (NFIP). At their discretion, Lenders may require more insurance than those set by the NFIP.

Flood maps and other information about FEMA designated flood hazard areas may be obtained from [FEMA's website](#) or by contacting the FEMA office for the geographic area in question.

(b) Required Documentation

When the Property is secured by a Title I lien, the Lender must obtain the Life of the Loan Flood Certification indicating whether or not the property site is located within an SFHA.

(5) Flood Insurance

(a) Standard

Flood Insurance is required if the Property to be improved is secured and is located in a FEMA designated flood hazard area.

The amount of insurance must be no less than the unpaid balance due on the Title I Loan, and the Lender must be named as the loss payee.

Prior to closing, Lenders must inform Borrowers of the requirement to have or obtain adequate Flood Insurance as a condition of closing for Properties where any portion of the Property is located in an SFHA.

Flood Insurance must be maintained for the life of the insured Loan.

(b) Required Documentation

When the property site is located in an SFHA, the Lender must provide a copy of the pages from the Flood Insurance policy showing coverage amount equal to or greater than the unpaid principal balance due on the Title I Loan and reflecting the Lender as loss payee.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(i) Requirements for Private Flood Insurance

If the Borrower purchases a Private Flood Insurance (PFI) policy in lieu of an NFIP policy, the Mortgagee must ensure the PFI policy meets the following requirements:

- is issued by an insurance company that is licensed, admitted, or otherwise approved to engage in the business of insurance in the state or jurisdiction in which the Property to be insured is located, by the insurance regulator of the state or jurisdiction; or, in the case of a policy of difference in conditions, multiple peril, all risk, or other blanket coverage insuring nonresidential commercial property, is recognized, or not disapproved, as a surplus lines insurer by the insurance regulator of the state or jurisdiction where the Property to be insured is located;
- provides Flood Insurance coverage that is at least as broad as the coverage provided under a standard Flood Insurance policy under the NFIP for the particular type of Property, including when considering exclusions and conditions offered by the insurer;
- includes deductibles that are no higher than the specified maximum, and includes similar nonapplicability provisions, as under a standard Flood Insurance policy under the NFIP;
- includes a requirement for the insurer to provide written notice 45 Days before cancellation or nonrenewal of Flood Insurance coverage to the Borrower and the Mortgagee. In cases where the Mortgagee has assigned the loan to HUD, the insurer must provide notice to HUD and, where applicable, to the Borrower;
- includes information about the availability of Flood Insurance coverage under the NFIP;
- includes a mortgage interest clause similar to the clause contained in a standard Flood Insurance policy under the NFIP;
- includes a provision requiring the Borrower to file suit no later than one year after the date of a written denial for all or part of a claim under the policy; and
- contains cancellation provisions that are as restrictive as the provisions contained in a standard Flood Insurance policy under the NFIP.

(ii) Private Flood Insurance Policy Compliance Aid

Definition

The Private Flood Insurance (PFI) Policy Compliance Aid is the statement: “This policy meets the definition of private flood insurance contained in 24 CFR 203.16a(e) for FHA-insured mortgages.”

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Standard

The PFI Policy Compliance Aid may be made by the insurance provider, attesting that a PFI policy meets the [requirements of Flood Insurance](#). The Mortgagee may rely on the PFI Policy Compliance Aid to determine whether a PFI policy meets the Flood Insurance requirements. A Mortgagee may not reject a policy solely because it is not accompanied by a PFI Policy Compliance Aid.

(6) Property Types

Title I insures the following eligible property types:

- Single Family Dwelling (1 unit)
- multifamily dwelling (2 or more units)
- nonresidential Property
- Manufactured Home (real estate)
- Manufactured Home (Chattel/Personal Property)
- historic Property (listed on the National Register of Historic Places or certified by the Secretary of the Interior as conforming to National Register criteria)

(a) Single Family Dwelling

A Single Family Dwelling refers to a one-unit residential Structure that was completed and occupied for a time period of at least 90 Days prior to loan application.

This 90-Day occupancy requirement need not be:

- satisfied by the Borrower; nor
- during the 90 Days immediately prior to the loan application.

A newly constructed dwelling that has not been occupied for at least 90 Days is not eligible for a Title I Property Improvement Loan.

A vacant residence is eligible so long as it was previously occupied at some point in the past (for at least 90 Days).

(b) Multifamily Dwelling

A Multifamily Property refers to an Existing Structure used or to be used as an apartment house or dwelling for two or more families.

(c) Nonresidential Property

A Nonresidential Property refers to a Structure that is used or will be used exclusively for nonresidential purposes.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(d) Manufactured Home

A Manufactured Home refers to a transportable Structure, comprised of one or more modules, each built on a permanent chassis, with or without a permanent foundation, designed for occupancy as a Principal Residence by a single family.

A Manufactured Home being improved may have been constructed at any time, including construction prior to June 15, 1976. The Title I Property Improvement Loan program does not require that Manufactured Homes comply with the [National Manufactured Housing Construction and Safety Standards Act](#) of 1974 (42 U.S.C. §§ 5401–5426) at 24 CFR Part 3280. The Borrower must occupy the Property as their Principal Residence.

(i) Manufactured Home (Real Estate)

A Manufactured Home refers to a one-unit Manufactured Home that qualifies as real estate in that:

- the home is placed on a permanent foundation;
- the home and the lot are classified as real estate by the state or the locality in which the Property is located; and
- any Loans on the Property are secured by Mortgages or deeds of trust covering the home and lot.

(ii) Manufactured Home (Chattel/Personal Property)

A Manufactured Home refers to an Existing Manufactured Home unit classified as Personal Property in the state or locality where the Property is located, whether the Manufactured Home is on a permanent foundation or not.

(e) Historic Property

A Historic Property refers to a residential Structure that is listed on the National Register of Historic Places or is certified by the Secretary of the Interior as conforming to National Register criteria.

b. Allowable Loan Parameters (05/09/2022)

i. Maximum Loan Amounts

The principal amount for a Property Improvement Loan must not exceed the actual cost of the [Eligible Improvements](#) in the project plus [Financeable Fees and Charges](#), up to the Title I Property Improvement Nationwide Loan Limits.

The Nationwide Loan Limits are based on the [property type and loan purpose](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(A) Title I Property Improvement Nationwide Loan Limits

A Title I Property Improvement Loan must not exceed the Nationwide Loan Limits published by HUD, including any [Financeable Fees and Charges](#).

The Title I Property Improvement Nationwide Loan Limits for the Property Improvement program are statutorily mandated.

For Title I Property Improvement Loans, the loan amount is limited to the lesser of the cost of eligible improvements, plus any financeable fees, or the amount shown in the charts below for the property type or loan purpose.

Single Family and Multifamily Residential Property Types		
Number of Units	Secured Maximum Loan Amount	Unsecured Maximum Loan Amount
One	\$25,000	\$7,500
Two	\$24,000	
Three	\$36,000	
Four	\$48,000	
Five or more units	\$60,000	
Manufactured Home classified as Real Property	\$25,090	
Manufactured Home classified as Chattel or Personal Property	\$7,500 Lien is optional	

Other Property Types and Loan Purposes		
Type or Purpose	Secured Maximum Loan Amount	Unsecured Maximum Loan Amount
Nonresidential Property	\$25,000	\$7,500
Historic preservation for residential dwelling(s)	Lesser of: \$15,000 per Dwelling Unit; or \$45,000.	
Fire Safety Equipment Loans	\$50,000	

If the Borrower has more than one Loan, the combination of the outstanding balances on a particular Property must not exceed the largest of the maximum loan amount limits prescribed for the property type or loan purpose.

(B) Required Investment

The Borrower is not required to contribute funds to the property improvement project. All money to fund the eligible improvements and allowable fees may be derived from the proceeds of the Title I insured Loan, and [other sources](#), as applicable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(C) Minimum Equity

The Borrower is not required to have equity in the Property.

ii. Loan Term

(A) Minimum Loan Term

The minimum loan term for all property types and purposes is six months.

(B) Maximum Loan Term

(1) New Property Improvement Loan

The maximum loan term for a new Title I Property Improvement Loan is based on property type and purpose.

Single Family and Multifamily Property Types		
Number of Units	Loan Term	
	Maximum	Minimum
One	20 years and 32 Days	6 months
Two		
Three		
Four		
Five or more units		
Manufactured Home classified as Real Property	15 years and 32 Days	
Manufactured Home classified as Chattel or Personal Property	12 years and 32 Days	

Other Property Types and Loan Purposes		
Type or Purpose	Maximum Loan Term	Minimum Loan Term
Nonresidential Property	20 years and 32 Days	6 Months
Historic Preservation for Residential Dwelling(s)	15 years and 32 Days	
Fire Safety Equipment Loans for Health Care Facility	20 years and 32 Days	

(2) Refinance of an Existing Title I Property Improvement Loan

A Property Improvement Loan may be refinanced for an extended period, in accordance with the following rules:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- the maximum term permitted for a Loan that refinances a Borrower's existing insured Property Improvement Loan must not exceed the [maximum term permitted for its property type](#) or loan purpose; and
- the total time period from the date of the original Loan to the final maturity of the refinanced Loan must not exceed the maximum term permitted for a new Loan plus 9 years and 11 months. This particular limitation applies to all property types and loan purposes.

iii. Loan Insurance Premium

FHA collects an annual insurance premium charge for eligible Loans originated under the FHA Title I Property Improvement Loan program.

The Title I Property Improvement Loan program does not require the payment of an Upfront Insurance Premium (UFIP).

(A) Annual Loan Insurance Premium

The annual loan insurance premium is an obligation of the Lender. The Lender may pass the premium charge on to the Borrower, provided that such charges are fully disclosed.

HUD collects the insurance premium in annual installments of 1 percent of the original loan amount.

The loan insurance premium must be paid for the full term of the Loan unless the Loan is prepaid in full or the Lender files a claim with FHA.

(B) Passing Loan Insurance Premium to Borrower

Lenders must disclose the loan insurance charges to be paid by the Borrower according to [required laws, and RESPA and TILA](#) as applicable. Additional or separate disclosure agreements for the fee is not required to be in the file.

c. Property Eligibility **(05/08/2025)**~~(05/09/2022)~~

i. Appraisals

An appraisal is not required for the origination of a Title I Property Improvement Loan.

An appraisal may be required in the event of a [Release or Substitution of Security](#).

ii. Eligible Improvements

(A) Standard

The loan proceeds must be used to finance eligible property improvements and [Financeable Fees and Charges](#).

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

The improvements must substantially protect or improve the basic livability or utility of the Property. In general, improvements must be permanent, hard wired or hard plumbed to the Property.

The Lender must carefully review the list of eligible improvements below to confirm that a proposed improvement is eligible.

The loan proceeds may only be used to finance improvements that are started after loan approval. If the Lender determines that emergency action was needed to repair damage resulting from a disaster in a major disaster area declared by the President, the Lender may grant an exception to the standard. Other emergency actions taken up to 30 days prior to the application will be eligible when necessary to protect the home from damage, such as furnace replacement, plumbing or roof leaks.

The improvements must not include any leased component, including any energy systems, not fully owned by the Borrower.

(B) Required Documentation

The improvements must be specified on ~~form HUD-56001~~ **the URLA (Fannie Mae Form 1003/Freddie Mac Form 65)**.

The Lender must obtain supporting documents to determine if all improvements are eligible for Title I financing and to determine the reasonableness of the cost for the material and labor described.

(C) Use of a Contractor

If the Borrower plans to use a contractor to complete the improvements, the Lender must obtain a copy of the proposal or contract that describes in detail the work to be performed and the estimated or actual cost.

(D) Borrower Acting as Own Contractor

If a Borrower is acting as their own contractor, the Lender must obtain a detailed written description of the work to be performed including the materials to be furnished and their estimated cost. A Loan may include financing for the cost of technical tradesmen or other subcontractors hired by the Borrower, but it may not include financing for the Borrower's labor. This documentation must be presented in the form of a budget and include:

- the quantity and cost of materials;
- the size, type, style, grade, color, etc. of materials; and
- the type and cost of subcontracted labor, if applicable.

The loan proceeds must not be used to compensate the Borrower for labor performed.

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(E) Eligible Property Improvements

Eligible Repairs and Improvements

- abutments
- acoustical tile
- additions to Structures
- air conditioning (central)
- alteration
- aluminum panels
- appliances, when part of an overall remodeling project that includes substantial changes or upgrades to the rooms in which the appliances are placed
- asphalt siding
- attic fans
- auditoriums
- awnings (aluminum, canvas, plastic, wood)
- back bars
- barns
- basements
- bathrooms (fixtures and connections)
- bathtubs (enclosures)
- bins (coal, grain, concrete)
- black topping
- blinds (venetian, vertical)
- blowers (furnace)
- boathouses
- boat slips
- boilers
- bookcases (built-in)
- brick shingles or siding
- built-in kitchen equipment
- bulkheads
- bunkhouses
- burglar alarms
- burglar bars/decorative bars
- burners (furnace, oil, gas)
- cabinets
- canopies
- carpet; wall-to-wall
- carports
- casements; window
- laundry chutes
- laundry tubs
- lightning rods
- meters, electric and water, gas (replacement only)
- molding
- painting
- paneling
- papering
- partitions
- patios
- pavers
- paving
- piers (not for common use)
- pillars
- plastering
- plumbing
- pole barns, permanent foundation
- porches
- pumps
- radiators, permanently installed (covers not eligible)
- railings
- registers, heat
- reservoirs (not for irrigation)
- resurfacing
- retaining walls
- roof coating
- roofing
- safes/vaults (permanently affixed)
- sandblasting
- sanding
- sashes
- screening
- seawalls (non-floating)
- security system, hardwired into electric system
- sewerage systems
- septic tank - replacement of existing

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

2. Property Improvement Loan Program

Eligible Repairs and Improvements

- ceilings
- cellar; storm, wine
- cesspools
- chimneys
- choir lofts
- churches (Structure only)
- chutes; coal, grain, laundry
- cleaning, steam, before painting
- cold storage rooms
- coating; roofing
- commercial buildings
- composition; flooring paneling, shingles, siding
- condominium, Single Family - \$25,000 (interior improvements or exterior improvements, provided they are not common area improvements and are part of the Property unit)
- converting; structural
- co-op, cooperative (inside improvements only – maximum loan amount is \$7,500)
- cottages
- curbing (Single Family Property only)
- decks, gazebos - not for hot tub use or around a swimming pool
- docks
- door chimes - not for common use
- doors (storm, screen, fire)
- downspouts
- drain fields – septic
- drilling; wells (must be a Structure on Property and previously had water supply)
- drive-in (Structure only, not trade fixtures or equipment)
- driveways
- ducts
- duplex (lot and both dwellings owned by same person = multifamily loan limits, \$24,000)
- electric garage door opener (hard wire)
- electric light fixtures, lines, poles
- electric light systems
- shingles
- shower doors
- shutters
- sidewalks (private)
- siding (cement, ceramic tile, brick, wood, aluminum)
- sills
- silo
- sinks
- slating
- smokestack
- solar and wind energy systems
- sunspace/solarium - permanently installed for use as a sun room, family room
- spa – permanently installed inside the Structure
- sprinkler systems, fire
- stairs
- stalls
- steam cleaning
- steeples
- stokers
- stone siding
- storm cellars
- storm panels
- stuccoing
- studding
- structural changes
- tanks; fuel (residential Property only, not commercial); milk, septic, storage, water
- tiles (ceiling, ceramic, cement, floor (permanently affixed, plastic, acoustical)
- termite control, with replacement of damage
- trees (diseased or damaged and hazard to Structure on Property)
- trestles
- troughs

II. ORIENTATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Eligible Repairs and Improvements

- elevators
- escalators
- exhaust fans
- exterior finishing work
- fans (permanently attached to Structure, non-window)
- fences (chain link, brick, wood, iron)
- finishing work
- fire escapes
- fireplaces (indoor)
- floodlight (non-display)
- flooring
- flour mills, sheds
- flues
- foundations
- fronts, commercial buildings or residential Structures
- furnaces; coal, floor, gas, oil
- garages
- garbage disposal units
- gas heating systems
- gazebo, on permanent foundation
- generators, permanently installed
- glass tinting
- grates, furnace
- guard rails
- guttering
- heat control devices
- incinerators
- insulation
- interior work
- ironing board, permanently installed
- Jacuzzi, inside bathroom
- jalousies
- lattice work
- utility building (sheds); permanent masonry /concrete foundation
- vaults
- venetian/mini blinds
- ventilation hoods
- ventilation systems
- vents
- verandas
- wall heaters
- wallboards
- walls
- warehouses
- washtubs
- water conditioners permanently installed in plumbing system (purifiers, softeners, sterilizers)
- water coolers (permanent)
- water heaters
- water systems
- water tower
- water wells (must have Structure on Property and previously had water supply)
- waterproofing
- weatherstripping
- wells (together with pumping and piping equipment)
- Special Energy System (e.g., solar, wind) (eligible only for furnishing power to residential Structure)
- windows (screen, storm, thermal)
- wiring; electric
- wood shingles (siding, paneling)

Other improvements that comply with the [Eligible Improvement Standards](#) are acceptable.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

iii. Ineligible Improvements

Ineligible Improvements refer to improvements or products that do not become a permanent part of the Real Property and improvements or products that are considered luxury items.

The following products and improvements are ineligible and **may not** be financed with a Title I Property Improvement Loan:

- air conditioner (placed in a window, and not permanently affixed to the Property)
- asbestos siding
- barbecue pits
- barn cleaners
- bath houses
- cabana room
- clothes lines and poles
- commonly owned elements of condominiums, apartments or cooperatives
- debt consolidation
- deck around swimming pool
- demolition (Structure must be replaced at the same time)
- dishwashers (portable), must be part of the sink
- docks, floating
- drills (equipment type)
- dumbwaiters
- equipment (industrially; farm or dairy)
- exterior hot tubs, saunas, spas, or whirlpools baths
- fire extinguishers
- flower boxes
- food mixers
- freezer (stand-alone)
- grandstands
- greenhouses (except commercial)
- hangars (airplane)
- hay dryers
- irrigations systems
- kennels
- landscaping
- lathes
- moving Structures (eligible if move is on the same lot)
- orchards
- outdoor fireplaces
- ovens (must be built in)
- penthouses (must be an existing penthouse for improvements to be eligible)
- photomurals
- satellite dishes

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- swimming pools
- swimming pool enclosures
- tree surgery/removal (eligible if tree is diseased and a hazard to the Structure)
- television antennae
- valance boards
- waterproofing (pumping or injecting any substance in the earth adjacent to or beneath the foundation or basement floor)

iv. Property Assessed Clean Energy

Properties which will remain encumbered with a Property Assessed Clean Energy (PACE) obligation are not eligible for Title I Property Improvement Loans.

d. Underwriting the Borrower **(05/08/2025)**~~(04/10/2025)~~

The Lender must evaluate the Borrower's ability and willingness to repay the Title I Property Improvement Loan. The Lender must exercise prudent underwriting practices when evaluating the creditworthiness of the Borrower in order to limit the risk of Default.

Title I Loans are not eligible for automated underwriting through the Technology Open To Approved Lenders (TOTAL) Scorecard.

Once it is determined that the Borrower is eligible, analysis of the Borrower's credit must be performed for final loan approval, including review and documentation of the following:

- credit requirements;
- liabilities;
- income requirements;
- evaluating liabilities and debt;
- asset requirements;
- debt ratio; and
- compensating factors.

i. Credit Requirements

(A) General Credit Requirements

FHA's general credit policy requires Lenders to analyze the Borrower's credit history, liabilities, and debts to determine creditworthiness.

The Lender must obtain a merged credit report from an independent consumer reporting agency.

The Lender must obtain a credit report for each Borrower who will be obligated on the loan Note. The Lender may obtain a joint report for individuals with joint accounts.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Before making a determination on the creditworthiness of an applicant, a Lender must conduct an interview to resolve any material discrepancies between the information on the loan application and information on the credit report to determine accurate and complete information.

The Lender is not required to obtain a credit report for non-credit qualifying [Streamline Refinance transactions](#).

(B) Types of Credit History

(1) Traditional Credit

Lenders must pull a credit report that draws information from at least one national credit bureau. If the Lender obtains credit information from more than one repository, the reports should be merged. Lenders are prohibited from developing non-traditional credit history to use in place of a traditional credit report.

If the credit report generates a credit score, the Lender must utilize traditional credit history.

(a) Requirements for the Credit Report

Credit reports must obtain all information from at least one credit repository pertaining to credit, residence history, and public records information; be in an easy to read and understandable format; and not require code translations. The credit report may not contain whiteouts, erasures, or alterations. The Lender must retain copies of all credit reports.

The credit report must include:

- the name of the Lender ordering the report;
- the name, address, and telephone number of the consumer reporting agency;
- the name and SSN of each Borrower; and
- the primary repository from which any particular information was pulled, for each account listed.

A truncated SSN is acceptable for FHA loan insurance purposes provided that the loan application captures the full nine-digit SSN.

The credit report must also include:

- all inquiries made within the last 90 Days;
- all credit and legal information not considered obsolete under the FCRA, including information for the last seven years regarding:
 - bankruptcies;
 - Judgments;
 - lawsuits;
 - foreclosures; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- tax liens; and
- for each Borrower debt listed:
 - the date the account was opened;
 - high credit amount;
 - required monthly payment amount;
 - unpaid balance; and
 - payment history.

(b) Updated Credit Report or Supplement to the Credit Report

The Lender must obtain an updated credit report or supplement if the underwriter identifies material inconsistencies between any information in the case binder and the original credit report.

(2) Non-traditional Credit

For Borrowers without a credit score, the Lender must develop the Borrower's credit history using the requirements outlined below.

(a) Independent Verification of Non-traditional Credit Providers

When the Lender uses non-traditional credit, the Lender must independently verify the Borrower's credit references by documenting the existence of the credit provider and that the provider extended credit to the Borrower.

To verify the existence of each credit provider, the Lender must review public records from the state, county, or city or other documents providing a similar level of objective information.

To verify credit information, the Lender must:

- use a published address or telephone number for the credit provider and not rely solely on information provided by the applicant; and
- obtain the most recent 12 months of canceled checks, or equivalent proof of payment, demonstrating the timing of payment to the credit provider.

To verify the Borrower's rental payment history, the Lender must obtain a rental reference from the appropriate rental management company, provided the Borrower is not renting from a Family Member, demonstrating the timing of payment for the most recent 12 months in lieu of 12 months of canceled checks or equivalent proof of payment.

(b) Sufficiency of Non-traditional Credit References

To be sufficient to establish the Borrower's credit, the non-traditional credit history must include three credit references, including at least one of the following:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- rental housing payments (subject to independent verification if the Borrower is a renter);
- telephone service; or
- utility company reference (if not included in the rental housing payment), including:
 - gas;
 - electricity;
 - water;
 - television service; or
 - internet service.

If the Lender cannot obtain all three credit references from the list above, the Lender may use the following sources of unreported recurring debt:

- insurance premiums not payroll deducted (e.g., medical, auto, life, renter's insurance);
- payment to child care providers made to businesses that provide such services;
- school tuition;
- retail store credit cards (e.g., from department, furniture, or appliance stores, or specialty stores);
- rent-to-own (e.g., furniture, appliances);
- payment of that part of medical bills not covered by insurance;
- a documented 12-month history of savings evidenced by regular deposits resulting in an increased balance to the account that:
 - were made at least quarterly;
 - were not payroll deducted; and
 - caused no Insufficient Funds (NSF) checks;
- an automobile lease;
- a personal loan from an individual with repayment terms in writing and supported by canceled checks to document the payments; or
- a documented 12-month history of payment by the Borrower on an account for which the Borrower is an authorized user.

(3) Minimum Decision Credit Score

(a) Definition

The Minimum Decision Credit Score (MDCS) refers to the credit score reported on the Borrower's credit report when all reported scores are the same. Where three differing scores are reported, the middle score is the MDCS. Where two differing scores are reported, the MDCS is the lowest score. Where only one score is reported, that score is the MDCS.

An MDCS is determined for each Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(b) Standard

HUD does not require a minimum credit score requirement for the Title I Property Improvement Loan program.

(c) Required Documentation/Data Entry

When credit scores are available, the Lender must report all scores in FHAC for each Borrower.

(C) Evaluating Credit History

(1) General Credit

The underwriter must examine the Borrower's overall pattern of credit behavior, not just isolated unsatisfactory or slow payments, to determine the Borrower's creditworthiness.

(2) Types of Payment Histories

The underwriter must evaluate the Borrower's payment histories in the following order: (1) previous housing expenses and related expenses, including utilities; (2) installment debts; and (3) revolving accounts.

(a) Satisfactory Credit

The underwriter may consider a Borrower to have an acceptable payment history if the Borrower has made all housing and installment debt payments on time for the previous 12 months and has no more than two 30-Day late Loan Payments or installment payments in the previous 24 months.

The underwriter may approve the Borrower with an acceptable payment history if the Borrower has no major derogatory credit on revolving accounts in the previous 12 months.

Major derogatory credit excludes medical collections. On revolving accounts, major derogatory credit must include any payments made more than 90 Days after the due date, or three or more payments more than 60 Days after the due date.

(b) Payment History Requiring Additional Analysis

If a Borrower's credit history does not reflect satisfactory credit as stated above, the Borrower's payment history requires additional analysis.

The Lender must analyze the Borrower's delinquent accounts to determine whether late payments were based on a disregard for financial obligations, an inability to manage debt, or extenuating circumstances. The Lender must

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

document this analysis in the case binder. Any explanation or documentation of delinquent accounts must be consistent with other information in the file.

The underwriter may only approve a Borrower with a credit history not meeting the satisfactory credit history above if the underwriter has documented the delinquency was related to extenuating circumstances.

(3) Payment History on Housing Obligations

The Lender must determine the Borrower's housing obligation payment history through:

- the credit report;
- verification of rent received directly from the landlord (for landlords with no Identity of Interest with the Borrower);
- verification of Loan Payments received directly from the loan Servicer; or
- a review of canceled checks that cover the most recent 12-month period.

The Lender must verify and document the previous 12 months of housing history. For Borrowers who indicate they are living rent-free, the Lender must obtain verification from the property owner where they are residing that the Borrower has been living rent-free and the amount of time the Borrower has been living rent-free.

A Loan that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments.

(4) Collection Accounts

(a) Definition

A Collection Account is a Borrower's loan or debt that has been submitted to a collection agency through a creditor.

(b) Standard

The Lender must determine if collection accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

(c) Required Documentation

The Lender must document reasons for approving a Loan when the Borrower has any collection accounts.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding collection account. The explanation and supporting documentation must be consistent with other credit information in the file.

(5) Charge Off Accounts

(a) Definition

Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

(b) Standard

The Lender must determine if Charge Off Accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

(c) Required Documentation

The Lender must document reasons for approving a Loan when the Borrower has any Charge Off Accounts.

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding Charge Off Account. The explanation and supporting documentation must be consistent with other credit information in the file.

(6) Disputed Derogatory Credit Accounts

(a) Definition

Disputed Derogatory Credit Account refers to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

(b) Standard

The Lender must analyze the documentation provided for consistency with other credit information to determine if the derogatory credit account should be considered in the underwriting analysis.

The following items may be excluded from consideration in the underwriting analysis:

- disputed medical accounts; and

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- disputed derogatory credit resulting from identity theft, credit card theft or unauthorized use provided the Lender includes a copy of the police report or other documentation from the creditor to support the status of the account in the case binder.

(c) Required Documentation

If the credit report indicates that the Borrower is disputing derogatory credit accounts, the Borrower must provide a letter of explanation and documentation supporting the basis of the dispute.

If the disputed derogatory credit resulted from identity theft, credit card theft or unauthorized use balances, the Lender must obtain a copy of the police report or other documentation from the creditor to support the status of the accounts.

(7) Judgments

(a) Definition

Judgment refers to any debt or monetary liability of the Borrower, and the Borrower's spouse in a community property state unless excluded by state law, created by a court, or other adjudicating body.

(b) Standard

The Lender must verify that court-ordered Judgments are resolved or paid off prior to or at closing.

Regardless of the amount of outstanding Judgments, the Lender must determine if the Judgment was a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

Exception

A Judgment is considered resolved if the Borrower has entered into a valid agreement with the creditor to make regular payments on the debt, the Borrower has made timely payments for at least three months of scheduled payments and the Judgment will not supersede the FHA-insured Loan lien. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Lender must include the payment amount in the agreement in the calculation of the Borrower's DTI ratio.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

The Lender must obtain a copy of the agreement and evidence that payments were made on time in accordance with the agreement.

(c) Required Documentation

The Lender must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with the creditor, if not paid prior to or at settlement, and a subordination agreement for any liens existing on title.

(8) Bankruptcy

(a) Standard: Chapter 7

A Chapter 7 bankruptcy (liquidation) does not disqualify a Borrower from obtaining an FHA-insured Loan if, at the time of case number assignment, at least two years have elapsed since the date of the bankruptcy discharge.

During the most recent two years, the Borrower must have:

- re-established good credit; or
- chosen not to incur new credit obligations.

An elapsed period of less than two years, but not less than 12 months, may be acceptable, if the Borrower:

- can show that the bankruptcy was caused by extenuating circumstances beyond the Borrower's control; and
- has since exhibited a documented ability to manage their financial affairs in a responsible manner.

(b) Standard: Chapter 13

A Chapter 13 bankruptcy does not disqualify a Borrower from obtaining an FHA-insured Loan, if at the time of case number assignment at least 12 months of the payout period under the bankruptcy has elapsed.

The Lender must determine that during the most recent 12 months, the Borrower's payment performance has been satisfactory and all required payments have been made on time, and the Borrower has received written permission from bankruptcy court to enter into the loan transaction.

(c) Required Documentation

If the credit report does not verify the discharge date or additional documentation is necessary to determine if any liabilities were discharged in the bankruptcy, the Lender must obtain the bankruptcy and discharge documents.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

The Lender must also document that the Borrower's current situation indicates that the events which led to the bankruptcy are not likely to recur.

(9) Foreclosure and Deed-in-Lieu of Foreclosure

(a) Standard

A Borrower is generally not eligible for a new FHA-insured Loan if the Borrower had a foreclosure or a Deed-in-Lieu (DIL) of Foreclosure in the three-year period prior to the date of case number assignment.

This three-year period begins on the date of the DIL or the date that the Borrower transferred ownership of the Property to the foreclosing entity/designee.

Exception

The Lender may grant an exception to the three-year requirement if the foreclosure was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has re-established good credit since the foreclosure.

Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time of the Borrower's divorce, the ex-spouse received the Property, and the Mortgage was later foreclosed.

The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

(b) Required Documentation

If the credit report does not indicate the date of the foreclosure or DIL of Foreclosure, the Lender must obtain the Settlement Statement, deed or other legal documents evidencing the date of property transfer.

If the foreclosure or DIL of Foreclosure was the result of a circumstance beyond the Borrower's control, the Lender must obtain an explanation of the circumstance and document that the circumstance was beyond the Borrower's control.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(10) Pre-Foreclosure Sales (Short Sales)

(a) Definition

Pre-Foreclosure Sales, also known as Short Sales, refer to the sales of real estate that generate proceeds that are less than the amount owed on the Property and the lien holders agree to release their liens and forgive the deficiency balance on the real estate.

(b) Standard

A Borrower is generally not eligible for a new FHA-insured Loan if they relinquished a Property through a Short Sale within three years from the date of case number assignment.

This three-year period begins on the date of transfer of title by Short Sale.

(i) Exception for Borrower Current at the Time of Short Sale

A Borrower is considered eligible for a new FHA-insured Loan if, from the date of case number assignment for the new Loan:

- all Mortgage Payments on the prior Mortgage were made within the month due for the 12-month period preceding the Short Sale; and
- installment debt payments for the same time period were also made within the month due.

(ii) Exception for Extenuating Circumstances

The Lender may grant an exception to the three-year requirement if the Short Sale was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has re-established good credit since the Short Sale.

Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time the Borrower's divorce, the ex-spouse received the Property, and there was a subsequent Short Sale.

The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(c) Required Documentation

If the credit report does not indicate the date of the Short Sale, the Lender must obtain the Settlement Statement, deed or other legal documents evidencing the date of property transfer.

If the Short Sale was the result of a circumstance beyond the Borrower's control, the Lender must obtain an explanation of the circumstance and document that the circumstance was beyond the Borrower's control.

(11) Credit Counseling/Payment Plan

Participating in a consumer credit counseling program does not disqualify a Borrower from obtaining an FHA-insured Loan, provided the Lender documents that:

- one year of the payout period has elapsed under the plan;
- the Borrower's payment performance has been satisfactory and all required payments have been made on time; and
- the Borrower has received written permission from the counseling agency to enter into the loan transaction.

(D) Evaluating Liabilities and Debt

(1) General Liabilities and Debt

(a) Standard

The Lender must determine the Borrower's monthly liabilities by reviewing all debts listed on the credit report, ~~form HUD-56004~~ **the URLA (Fannie Mac Form 1003/Freddie Mac Form 65)**, and required documentation.

All applicable monthly liabilities must be included in the qualifying ratio. Monthly liabilities do not have to be included if they will be paid off within 6 months.

Accounts for which the Borrower is an authorized user must be included in a Borrower's DTI ratio unless the Borrower provides written certification that they do not make payments, and are not expected by the account owner to make any payments.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset and these funds are not included in calculating

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

the Borrower's assets, do not require consideration of repayment for qualifying purposes.

(b) Required Documentation

The Lender must document that the funds used to pay off debts prior to closing came from an [acceptable source](#), and the Borrower did not incur new debts that were not included in the DTI ratio.

(2) Undisclosed Debt

When a debt or obligation is revealed during the application process or the interview with the Borrower that was not listed on the loan application and/or credit report, the Lender must:

- verify the actual monthly payment amount; and
- include the monthly payment amount in the agreement in the Borrower's liabilities and debt.

(3) Federal Debt

(a) Definition

Federal Debt refers to debt owed to the federal government for which regular payments are being made.

(b) Standard

The Lender must include the debt. The amount of the required payment must be included in the calculation of the Borrower's total DTI.

(c) Required Documentation

The Lender must include documentation from the federal agency evidencing the repayment agreement and verification of payments made, if applicable.

(4) Alimony, Child Support, and Other Maintenance

(a) Definition

Alimony, Child Support, and Other Maintenance are court-ordered or otherwise agreed upon payments.

(b) Standard

For alimony, if the Borrower's income was not reduced by the amount of the monthly alimony obligation in the Lender's calculation of the Borrower's gross income, the Lender must verify and include the monthly obligation in its calculation of the Borrower's debt.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

Child support and other maintenance are to be treated as a recurring liability and the Lender must include the monthly obligation in the Borrower's liabilities and debt.

(c) Required Documentation

The Lender must obtain the official signed divorce decree, separation agreement, maintenance agreement, or other legal order.

The Lender must also obtain two of the Borrower's pay stubs covering no less than 28 Days to verify whether the Borrower is subject to any order of garnishment relating to the alimony, child support, or other maintenance.

(d) Calculation of Monthly Obligation

The Lender must calculate the Borrower's monthly obligation from the greater of:

- the amount shown on the most recent decree or agreement establishing the Borrower's payment obligation; or
- the monthly amount of the garnishment.

(5) Deferred Obligations

(a) Definition

Deferred Obligations (excluding Student Loans) refer to liabilities that have been incurred but where payment is deferred or has not yet commenced, including accounts in forbearance.

(b) Standard

The Lender must include deferred obligations in the Borrower's liabilities.

(c) Required Documentation

The Lender must obtain written documentation of the deferral of the liability from the creditor and evidence of the outstanding balance and terms of the deferred liability. The Lender must obtain evidence of the actual monthly payment obligation, if available.

(d) Calculation of Monthly Obligation

The Lender must use the actual monthly payment to be paid on a deferred liability, whenever available.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

If the actual monthly payment is not available for installment debt, the Lender must utilize the terms of the debt or 5 percent of the outstanding balance to establish the monthly payment.

(6) Student Loans

(a) Definition

Student Loan refers to liabilities incurred for educational purposes.

(b) Standard

The Lender must include all Student Loans in the Borrower's liabilities, regardless of the payment type or status of payments.

(c) Required Documentation

If the payment used for the monthly obligation is less than the monthly payment reported on the Borrower's credit report, the Mortgagee must obtain written documentation of the actual monthly payment, the payment status, and evidence of the outstanding balance and terms from the creditor or student loan servicer.

The Mortgagee may exclude the payment from the Borrower's monthly debt calculation where written documentation from the student loan program, creditor, or student loan servicer indicates that the loan balance has been forgiven, canceled, discharged, or otherwise paid in full.

(d) Calculation of Monthly Obligation

For outstanding Student Loans, regardless of the payment status, the Mortgagee must use:

- the payment amount reported on the credit report or the actual documented payment, when the payment amount is above zero; or
- 0.5 percent of the outstanding loan balance, when the monthly payment reported on the Borrower's credit report is zero.

Exception

Where a student loan payment has been suspended in accordance with COVID-19 emergency relief, the Mortgagee may use the payment amount reported on the credit report or the actual documented payment prior to suspension, when that payment amount is above \$0.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(7) Installment Loans

(a) Definition

Installment Loans (excluding Student Loans) refer to loans, not secured by real estate, that require the periodic payment of Principal and Interest (P&I). A loan secured by an interest in a timeshare must be considered an Installment Loan.

(b) Standard

The Lender must include the monthly payment shown on the credit report to calculate the Borrower's liabilities.

If the credit report does not include a monthly payment for the Installment Loan, the Lender must use the amount of the monthly payment shown in the loan agreement or payment statement.

(c) Required Documentation

If the monthly payment shown on the credit report is utilized to calculate the monthly debts, no further documentation is required.

If the credit report does not include a monthly payment for the Installment Loan, or the payment reported on the credit report is greater than the payment on the loan agreement or payment statement, the Lender must use the loan agreement or payment statement to document the amount of the monthly payment. If the credit report, loan agreement or payment statement shows a deferred payment arrangement for an Installment Loan, refer to the [Deferred Obligations](#) section.

(8) Revolving Charge Accounts

(a) Definition

A Revolving Charge Account refers to a credit arrangement that requires the Borrower to make periodic payments but does not require full repayment by a specified point of time.

(b) Standard

The Lender must include the monthly payment shown on the credit report for the Revolving Charge Account. Where the credit report does not include a monthly payment for the account, the Lender must use the payment shown on the current account statement or 5 percent of the outstanding balance.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(c) Required Documentation

The Lender must use the credit report to document the terms, balance and payment amount on the account, if available.

Where the credit report does not reflect the necessary information on the charge account, the Lender must obtain a copy of the most recent charge account statement or use 5 percent of the outstanding balance to document the monthly payment.

(9) 30-Day Accounts

(a) Definition

30-Day Accounts refer to a credit arrangement that requires the Borrower to pay off the outstanding balance on the account every month.

(b) Standard

The Lender must verify the Borrower paid the outstanding balance in full on every 30-Day Account each month for the past 12 months. 30-Day Accounts that are paid monthly are not included in the Borrower's debt ratio. If the credit report reflects any late payments in the last 12 months, the Lender must utilize 5 percent of the outstanding balance as the Borrower's monthly debt to be included in the DTI.

(c) Required Documentation

The Lender must use the credit report to document that the Borrower has paid the balance on the account monthly for the previous 12 months or life of the account, if less than 12 months. The Lender must use the credit report to document the balance, and must document sufficient funds are available to pay off the balance after loan closing.

(10) Business Debt in Borrower's Name

(a) Definition

Business Debt in the Borrower's Name refers to liabilities reported on the Borrower's personal credit report, but payment for the debt is attributed to the Borrower's business.

(b) Standard

When business debt is reported on the Borrower's personal credit report, the debt must be included in the DTI calculation, unless the Lender can document that the debt is being paid by the Borrower's business.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(c) Required Documentation

When a self-employed Borrower states debt appearing on their personal credit report is being paid by their business, the Lender must obtain documentation that the debt is paid out of company funds, and the debt was considered in the cash flow analysis of the Borrower's business.

(11) Disputed Derogatory Credit Accounts

(a) Definition

Disputed Derogatory Credit Accounts refer to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

(b) Standard

If the Borrower has \$1,000 or more collectively in Disputed Derogatory Credit Accounts, the Lender must include a monthly payment in the Borrower's debt calculation.

The following items are excluded from the cumulative balance:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft or unauthorized use.

(12) Non-derogatory Disputed Accounts and Disputed Accounts Not Indicated on the Credit Report

(a) Definition

Non-Derogatory Disputed Accounts include the following types of accounts:

- disputed accounts with zero balance;
- disputed accounts with late payments aged 24 months or greater; or
- disputed accounts that are current and paid as agreed.

(b) Standard

If a Borrower is disputing non-derogatory accounts, or is disputing accounts which are not indicated on the credit report as being disputed, the Lender must analyze the effect of the disputed accounts on the Borrower's ability to repay the Loan. If the dispute results in the Borrower's monthly debt payments utilized in computing the DTI ratio being less than the amount indicated on the credit report, the Borrower must provide documentation of the lower payments.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(13) Contingent Liabilities

(a) Definition

A Contingent Liability is a liability that may result in the obligation to repay only where a specific event occurs. For example, a contingent liability exists when an individual can be held responsible for the repayment of a debt if another party defaults on the payment. Contingent liabilities may include co-signer liabilities and liabilities resulting from a loan assumption without release of liability.

(b) Standard

The Lender must include monthly payments on contingent liabilities in the calculation of the Borrower's monthly obligations unless the Lender verifies that there is no possibility that the debt holder will pursue debt collection against the Borrower, should the other party default, or the other party has made 12 months of timely payments.

(c) Required Documentation

(i) Mortgage Assumptions

The Lender must obtain the agreement creating the contingent liability or assumption agreement, and the deed showing transfer of title out of the Borrower's name.

(ii) Cosigned Liabilities

If the cosigned liability is not included in the monthly obligation, the Lender must obtain documentation to evidence that the other party to the debt has been making regular on-time payments during the previous 12 months.

(iii) Court-Ordered Divorce Decree

The Lender must obtain a copy of the divorce decree ordering the spouse to make payments.

(d) Calculation of Monthly Obligation

The Lender must calculate the monthly payment on the contingent liability based on the terms of the agreement creating the contingent liability.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(14) Collection Accounts

(a) Definition

A Collection Account refers to a Borrower's loan or debt that has been submitted to a collection agency by a creditor.

(b) Standard

If the credit reports used in the analysis show cumulative outstanding collection account balances of \$2,000 or greater, the Lender must:

- verify that the debt is paid in full at the time of or prior to settlement using an acceptable [source of funds](#);
- verify that the Borrower has made payment arrangements with the creditor; or
- if a payment arrangement is not available, calculate the monthly payment using 5 percent of the outstanding balance of each collection and include the monthly payment in the Borrower's DTI ratio.

(c) Required Documentation

The Lender must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with the creditor, if not paid prior to or at settlement.

If the Lender uses 5 percent of the outstanding balance no documentation is required.

(15) Charge Off Accounts

(a) Definition

A Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

(b) Standard

Charge Off Accounts do not need to be included in the Borrower's liabilities or debt.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(16) Private Savings Clubs

(a) Definition

Private Savings Clubs refer to non-traditional methods of saving by making deposits into a member-managed resource pool.

(b) Standard

If the Borrower is obligated to continue making ongoing contributions under the pooled savings agreement, this obligation must be counted in the Borrower's total debt.

The Lender must verify and document the establishment and duration of the Borrower's membership in the club and the amount of the Borrower's required contribution to the club.

(c) Required Documentation

The Lender must also obtain the club's account ledgers and receipts, and verification from the club treasurer that the club is still active.

(17) Obligations Not Considered Debt

Obligations not considered debt include:

- medical collections;
- federal, state, and local taxes, if not delinquent and no payments required;
- automatic deductions from savings, when not associated with another type of obligation;
- Federal Insurance Contributions Act (FICA) and other retirement contributions, such as 401(k) accounts;
- collateralized loans that secure cash, stock, or bond assets;
- utilities;
- child care;
- commuting costs;
- union dues;
- insurance, other than property insurance;
- open accounts with zero balances; and
- voluntary deductions, when not associated with another type of obligation.

E. Title I Insured Programs

2. Property Improvement Loan Program

ii. Income Requirements

(A) Definition of Effective Income

Effective Income refers to income that may be used to qualify a Borrower for a Loan. Effective Income must be reasonably likely to continue through at least the first three years of the Loan, and meet the specific requirements described below.

(B) General Income Requirements

The Lender must document the Borrower's income and employment history, verify the accuracy of the amounts of income being reported, and determine if the income can be considered as Effective Income in accordance with the requirements listed below.

The Lender may only consider income if it is legally derived and, when required, properly reported as income on the Borrower's Tax Returns.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

If FHA requires Tax Returns as required documentation for any type of Effective Income, the Lender must also analyze the Tax Returns in accordance with Appendix 2.0 – Analyzing IRS Forms.

If the income documents are not received in English, the Lender must provide a complete and accurate translation for each document.

(C) Employment Income

(1) Definition

Employment Income refers to income received as an employee of a business that is reported on IRS Form W-2.

(2) Standard

The Lender may use Employment Income as Effective Income in accordance with the standards provided for each type of Employment Income.

(3) Required Documentation

For all Employment Income, the Lender must verify the Borrower's most recent one year of employment and income, and document it using one of the following methods.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(a) Traditional Current Employment Documentation

The Lender must obtain one of the following to verify current employment:

- a written Verification of Employment (VOE) covering one year;
- direct verification by a TPV vendor covering one year, subject to the following requirements:
 - the Borrower has authorized the Lender to verify income and employment; and
 - the date of the data contained in the completed verification conforms with FHA requirements in Maximum Age of Mortgage Documents; or
- an electronic verification acceptable to FHA.

(b) Alternative Current Employment Documentation

If using alternative documentation, the Lender must:

- obtain a copy of the most recent pay stub that shows the Borrower's year-to-date earnings;
- obtain a copy of the IRS Form W-2 from the previous year, if the Borrower has been employed by the current employer for less than one year; and
- document current employment by telephone, sign and date the verification documentation, and note the name, title, and telephone number of the person with whom employment was verified.

(c) Past Employment Documentation

Direct verification of the Borrower's employment history for the previous two years is not required if *all* of the following conditions are met:

- the current employer confirms a two-year employment history, or a paystub reflects a hiring date;
- only base pay is used to qualify (no overtime, bonuses, or tips); and
- the Borrower executes [IRS Form 4506](#), *Request for Copy of Tax Return*, or [IRS Form 8821](#), *Tax Information Authorization*, for the previous two tax years.

If the applicant has not been employed with the same employer for the previous two years and/or not all conditions immediately above can be met, then the Lender must obtain one or a combination of the following for the most recent two years to verify the applicant's employment history:

- IRS Form W-2(s);
- VOE(s);
- electronic verification acceptable to FHA; and
- evidence supporting enrollment in school or the military during the most recent two full years.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(D) Primary Employment

(1) Definition

Primary Employment is the Borrower's principal employment, unless the income falls within a specific category identified below. Primary employment is generally full-time employment and may be either salaried or hourly.

(2) Standard

The Lender may use primary income as Effective Income.

(3) Calculation of Effective Income

(a) Salary

For employees who are salaried and whose income has been and will likely be consistently earned, the Lender must use the current salary to calculate Effective Income.

(b) Hourly

For employees who are paid hourly and whose hours do not vary, the Lender must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Lender must average the income over the previous two years. If the Lender can document an increase in pay rate the Lender may use the most recent 12-month average of hours at the current pay rate.

(E) Part-Time Employment

(1) Definition

Part-Time Employment refers to employment that is not the Borrower's primary employment and is generally performed for less than 40 hours per week.

(2) Standard

The Lender may use part-time income as Effective Income if the Borrower has worked a part-time job uninterrupted for the past two years and the current position is reasonably likely to continue.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(3) Calculation of Effective Income

The Lender must average the income over the previous two years. If the Lender can document an increase in pay rate the Lender may use a 12-month average of hours at the current pay rate.

(F) Overtime, Bonus, or Tip Income

(1) Definition

Overtime, Bonus, or Tip Income refers to income that the Borrower receives in addition to the Borrower's normal salary.

(2) Standard

The Lender may use Overtime, Bonus, or Tip Income as Effective Income if the Borrower has received this income for the past two years and it is reasonably likely to continue.

Periods of Overtime, Bonus, or Tip Income less than two years may be considered Effective Income if the Lender documents that the Overtime, Bonus, or Tip Income has been consistently earned over a period of not less than one year and is reasonably likely to continue.

(3) Calculation of Effective Income

For employees with Overtime, Bonus, or Tip Income, the Lender must average the income earned over the previous two years to calculate Effective Income. However, if the Overtime, Bonus, or Tip Income from the current year decreases by 20 percent or more from the previous year, the Lender must use the current year's income.

(G) Seasonal Employment

(1) Definition

Seasonal Employment refers to employment that is not year round, regardless of the number of hours per week the Borrower works on the job.

(2) Standard

The Lender may consider Seasonal Employment as Effective Income if the Borrower has worked the same line of work for the past two years and is reasonably likely to be rehired for the next season. The Lender may consider unemployment income as Effective Income for those with effective seasonal employment income.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(3) Required Documentation

For seasonal employees with unemployment income, the Lender must document the unemployment income for two full years and there must be reasonable assurance that this income will continue.

(4) Calculation of Effective Income

For employees with Employment Income from Seasonal Employment, the Lender must average the income earned over the previous two full years to calculate Effective Income.

(H) Employer Housing Subsidy

(1) Definition

Employer Housing Subsidy refers to employer-provided loan assistance.

(2) Standard

The Lender may utilize Employer Housing Subsidy as Effective Income.

(3) Required Documentation

The Lender must verify and document the existence and the amount of the housing subsidy.

(4) Calculation of Effective Income

For employees receiving an Employer Housing Subsidy, the Lender may add the Employer Housing Subsidy to the total Effective Income but may not use it to offset the Loan Payment.

(I) Employed by Family-Owned Business

(1) Definition

Family-Owned Business Income refers to Employment Income earned from a business owned by the Borrower's family, but in which the Borrower owns less than 25 percent.

(2) Standard

The Lender may consider Family-Owned Business Income as Effective Income if the Borrower is not an owner in the family-owned business.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(3) Required Documentation

The Lender must verify and document that the Borrower is not an owner in the family-owned business by using official business documents showing the ownership percentage.

Official business documents include corporate resolutions or other business organizational documents, business Tax Returns or [Schedule K-1 \(IRS Form 1065\)](#), *U.S. Return of Partnership Income*, or an official letter from a certified public accountant on their business letterhead.

In addition to traditional or alternative documentation requirements, the Lender must obtain copies of signed personal Tax Returns or tax transcripts.

(4) Calculation of Effective Income

(a) Salary

For employees who are salaried and whose income has been and will likely continue to be consistently earned, the Lender must use the current salary to calculate Effective Income.

(b) Hourly

For employees who are paid hourly and whose hours do not vary, the Lender must consider the Borrower's current hourly rate to calculate Effective Income.

For employees who are paid hourly and whose hours vary, the Lender must average the income over the previous two years. If the Lender can document an increase in pay rate the Lender may use the most recent 12-month average of hours at the current pay rate.

(J) Commission Income

(1) Definition

Commission Income refers to income that is paid contingent upon the conducting of a business transaction or the performance of a service.

(2) Standard

The Lender may use Commission Income as Effective Income if the Borrower earned the income for at least one year in the same or similar line of work and it is reasonably likely to continue.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(3) Required Documentation

For Commission Income less than or equal to 25 percent of the Borrower's total earnings, the Lender must use traditional or alternative employment documentation.

For Commission Income greater than 25 percent of the Borrower's total earnings, the Lender must obtain signed Tax Returns, including all applicable schedules, for the last two years. In lieu of signed Tax Returns from the Borrower, the Lender may obtain a signed [IRS Form 4506](#), [IRS Form 4506-C](#), *IVES Request for Transcript of Tax Return*, or [IRS Form 8821](#), and tax transcripts directly from the IRS.

(4) Calculation of Effective Income

The Lender must calculate Effective Income for commission by using the lesser of (a) the average net Commission Income earned over the previous two years, or the length of time Commission Income has been earned if less than two years; or (b) the average net Commission Income earned over the previous one year. The Lender must calculate net Commission Income by subtracting the unreimbursed business expenses from the gross Commission Income.

(5) Unreimbursed Expenses

The Lender must reduce the Effective Income by the amount of any unreimbursed employee business expenses, as shown on the Borrower's Schedule A. For information on analyzing the Borrower's IRS Form 1040, *U.S. Individual Income Tax Return*, review [Appendix 2.0 – Analyzing IRS Forms](#).

(K) Self-Employment Income

(1) Definition

Self-Employment Income refers to income generated by a business in which the Borrower has a 25 percent or greater ownership interest.

There are four basic types of business structures. They are:

- sole proprietorships;
- corporations;
- limited liability or "S" corporations; and
- partnerships.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(2) Standard

(a) Minimum Length of Self-Employment

The Lender may consider self-employed borrower income if the Borrower has been self-employed for at least two years.

If the Borrower has been self-employed between one and two years, the Lender may only consider the income as Effective Income if the Borrower was previously employed in the same line of work in which the Borrower is self-employed or in a related occupation for at least two years.

(b) Stability of Self-Employment Income

Income obtained from businesses with annual earnings that are stable or increasing is acceptable. If the income from businesses shows a greater than 20 percent decline in Effective Income over the analysis period, the Lender must document that the business income is now stable.

A Lender may consider income as stable after a 20 percent reduction if the Lender can document the reduction in income was the result of an extenuating circumstance, the Borrower can demonstrate the income has been stable or increasing for a minimum of 12 months, and the Borrower qualifies utilizing the reduced income.

(3) Required Documentation

(a) Individual and Business Tax Returns

The Lender must obtain complete individual and business Tax Returns for the most recent two years, including all schedules.

In lieu of signed individual or business Tax Returns from the Borrower, the Lender may obtain a signed [IRS Form 4506](#), [IRS Form 4506-C](#), or [IRS Form 8821](#) and tax transcripts directly from the IRS.

(b) Profit and Loss Statements and Balance Sheets

The Lender must obtain a year-to-date Profit and Loss (P&L) statement and balance sheet if more than a calendar quarter has elapsed since the date of the most recent calendar or fiscal year-end Tax Return was filed by the Borrower. A balance sheet is not required for self-employed Borrowers filing Schedule C income.

If income used to qualify the Borrower exceeds the two-year average of Tax Returns, an audited P&L or signed quarterly Tax Return must be obtained from the IRS.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

(c) Business Credit Reports

The Lender must obtain a business credit report for all corporations and “S” corporations.

(4) Calculation of Effective Income

The Lender must analyze the Borrower’s Tax Returns to determine gross Self-Employment Income. Requirements for analyzing self-employment documentation are found in [Appendix 2.0 – Analyzing IRS Forms](#).

The Lender must calculate gross Self-Employment Income by using the lesser of:

- the average gross Self-Employment Income earned over the previous two years; or
- the average gross Self-Employment Income earned over the previous one year.

(L) Additional Required Analysis of Stability of Employment Income

(1) Frequent Changes in Employment

If the Borrower has frequently changed jobs more than three times in the prior 12-month period, or has changed lines of work, the Lender must take additional steps to verify and document the stability of the Borrower’s Employment Income. The Lender must obtain:

- transcripts of training and education demonstrating qualification for a new position; or
- employment documentation evidencing continual increases in income and/or benefits.

(2) Addressing Gaps in Employment

For Borrowers with gaps in employment of six months or more (an extended absence), the Lender may consider the Borrower’s current income as Effective Income if it can verify and document that:

- the Borrower has been employed in the current job for at least six months at the time of case number assignment; and
- the Borrower has a two-year work history prior to the absence from employment using standard or alternative employment verification.

(3) Addressing Temporary Reduction in Income

(a) Standard

For Borrowers with a temporary reduction of income due to a short-term disability or similar temporary leave, the Lender may consider the Borrower’s current income as Effective Income, if it can verify and document that:

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

- the Borrower intends to return to work;
- the Borrower has the right to return to work; and
- the Borrower qualifies for the Loan, taking into account any reduction of income due to the circumstance.

For Borrowers returning to work before or at the time of the first Loan Payment due date, the Lender may use the Borrower's pre-leave income.

For Borrowers returning to work after the first Loan Payment due date, the Lender may use the Borrower's current income plus available surplus liquid asset Reserves, above and beyond any required Reserves, as an income supplement, up to the amount of the Borrower's pre-leave income. The amount of the monthly income supplement is the total amount of surplus Reserves divided by the number of months between the first payment due date and the Borrower's intended date of return to work.

(b) Required Documentation

The Lender must provide the following documentation for Borrowers on temporary leave:

- a written statement from the Borrower confirming the Borrower's intent to return to work, and the intended date of return;
- documentation generated by the current employer confirming the Borrower's eligibility to return to current employer at the same level of hours/earnings; and
- documentation of sufficient liquid assets, in accordance with [Sources of Funds](#), used to supplement the Borrower's income through the intended date of return to work with their current employer.

(M) Other Sources of Effective Income

(1) Disability Benefits

(a) Definition

Disability Benefits are benefits received from the Social Security Administration (SSA), Department of Veterans Affairs (VA), or a private disability insurance provider.

(b) Required Documentation

The Lender must verify and document the Borrower's receipt of benefits from the SSA, VA, or private disability insurance provider. The Lender must obtain documentation that establishes award benefits to the Borrower.

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

If any disability income is due to expire within three years from the date of loan application, the Lender should treat that income as a [temporary reduction in income](#).

If the Notice of Award or equivalent document does not have a defined expiration date, the Lender may consider the income effective and reasonably likely to continue. The Lender may not rely upon a pending or current re-evaluation of medical eligibility for benefit payments as evidence that the benefit payment is not reasonably likely to continue.

Under no circumstance may the Lender inquire into or request documentation concerning the nature of the disability or the medical condition of the Borrower.

(i) Social Security Disability

For Social Security Disability income, including Supplemental Security Income (SSI), the Lender must obtain a copy of the last Notice of Award letter, or an equivalent document that establishes award benefits to the Borrower, and one of the following documents:

- Tax Returns;
- the most recent bank statement evidencing receipt of income from the SSA;
- a Proof of Income Letter, also known as a “Budget Letter” or “Benefits Letter” that evidences income from the SSA; or
- a copy of the Borrower’s form [SSA-1099/1042S](#), *Social Security Benefit Statement*.

(ii) Department of Veterans Affairs Disability

For VA disability benefits, the Lender must obtain from the Borrower a copy of the veteran’s last Benefits Letter showing the amount of the assistance, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the VA.

If the Benefits Letter does not have a defined expiration date, the Lender may consider the income effective and reasonably likely to continue for at least three years.

(iii) Private Disability

For private disability benefits, the Lender must obtain documentation from the private disability insurance provider showing the amount of the

II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

E. Title I Insured Programs

2. Property Improvement Loan Program

assistance and the expiration date of the benefits, if any, and one of the following documents:

- Tax Returns; or
- the most recent bank statement evidencing receipt of income from the insurance provider.

(c) Calculation of Effective Income

The Lender must use the most recent amount of benefits received to calculate Effective Income.

(2) Alimony, Child Support, and/or Maintenance Income

(a) Definition

Alimony, Child Support, and/or Maintenance Income refers to income received from a former spouse or partner or from a noncustodial parent of the Borrower's minor dependent.

(b) Required Documentation

The Lender must obtain a copy of the Borrower's final divorce decree, legal separation agreement, court order, or voluntary payment agreement with documented receipt.

When using a final divorce decree, legal separation agreement or court order, the Lender must obtain evidence of receipt using deposits on bank statements, canceled checks, or documentation from the child support agency for the most recent three months that supports the amount used in qualifying.
